EXECUTIVE SUMMARY

EXECUTIVE SUMMARY

Background

This Report on the Finances of the Government of Sikkim is being brought out with a view to assess objectively the financial performance of the State during the year 2016-17. The aim of this Report is to provide the State Government with timely inputs based on actual data so that there is a better insight into both well performing as well as ill performing schemes/programmes of the Government. In order to give a perspective to the analysis, an effort has been made to compare the normative assessment made by the XIV Finance Commission (XIV FC). A comparison has been made to see whether the State has given adequate fiscal priority to the developmental as well as Social Sector and Capital Expenditure and whether the expenditure has been effectively absorbed by the intended beneficiaries.

The Report

Based on the audited accounts of the Government of Sikkim for the year ended March 2017, this Report provides an analytical review of the annual accounts of the State Government. The Report is structured in three Chapters.

Chapter I is based on the audit of Finance Accounts and makes an assessment of the Government of Sikkim's fiscal position as on 31 March 2017. It provides an insight into trends in committed expenditure, borrowing pattern and a brief account of Central funds transferred directly to the State implementing agencies through off Budget route.

Chapter II is based on audit of Appropriation Accounts and gives the grant-by-grant description of appropriations and the manner in which the allocated resources were managed by the service delivery departments.

Chapter III is an inventory of Government of Sikkim's compliance with various reporting requirements and financial rules.

The Report also has an appendage of additional data collated from several sources in support of the findings.

Audit findings and recommendations

Finances of the State Government

The fiscal position of the State viewed in terms of key fiscal parameters-revenue surplus, fiscal deficit, primary deficit, etc., indicated that the State had been able to maintain revenue surplus during the last five years and achieved fiscal surplus during 2016-17. Revenue surplus recorded increase (₹ 682.51 crore) during the year as compared to the previous year. This was due to increase in Revenue Receipts by 21.83 *per cent* (₹ 826.01 crore) and increase in Revenue Expenditure of only 3.94 *per cent* (₹ 143.50 crore) during 2016-17 as

compared to 2015-16. Further, fiscal deficit of ₹ 519.92 crore during 2015-16 turned to fiscal surplus of ₹ 86.30 crore during 2016-17.

Revenue Receipts

Revenue Receipts increased by ₹ 826.01 crore (21.83 *per cent*) from ₹ 3,784.29 crore in 2015-16 to ₹ 4,610.30 crore in 2016-17. During 2016-17, 76.05 *per cent* of the Revenue Receipts were from Government of India as Central transfers in the form of State's share of taxes and grants-in-aid contributions while only 23.95 *per cent* revenue was collected from State's own sources (i.e. Tax and Non-Tax Revenue). The Tax Revenue Receipts at ₹ 652.56 crore was lower by ₹ 223.44 crore than the projection made by XIV FC. However, Non-Tax Revenue was higher by ₹ 158.64 crore.

Expenditure

During 2016-17, the Total Expenditure increased by 5.10 *per cent* from ₹ 4,305.59 crore in 2015-16 to ₹ 4,525.37 crore during 2016-17. Revenue Expenditure constituted 83.71 *per cent*, Capital Expenditure constituted 15.92 *per cent* and loans and advances constituted 0.37 *per cent* of Total Expenditure during 2016-17. The expenditure on Social and Economic Sectors, which are considered as Development Expenditure, accounted for 65.80 *per cent* in 2016-17. Capital Expenditure increased by 14 *per cent* (₹ 86.31 crore) over the previous year.

Fiscal Correction Path

Revenue surplus was higher than budget proposal and the target fixed by XIV FC. There was Fiscal surplus during the current year. Ratio of total outstanding debt of the Government to GSDP was, however, higher than the target fixed by XIV FC and budget proposal.

Fiscal Liabilities

Fiscal liabilities of the State increased by ₹ 626.25 crore (12.86 *per cent*) from ₹ 4,869.20 crore in 2015-16 to ₹ 5,495.45 crore in 2016-17. The growth rate of outstanding fiscal liabilities which was 17.00 *per cent* in 2015-16 decreased to 12.86 *per cent* in 2016-17. The buoyancy of the liabilities with respect to Gross State Domestic Product during the year was 1.15 indicating that for each one *per cent* increase in Gross State Domestic Product, fiscal liabilities grew by 1.15 *per cent*. The Debt- Gross State Domestic Product Ratio for the year was higher than the recommended target of XIV FC.

Investment and Returns

The return from investments was 2.06 *per cent*. However, some of the Companies/Corporations were incurring recurring loss.

State Government may review the working of the units which were incurring losses and take appropriate action to avoid further financial burden on the Government.

Financial Management and Budgetary Control

The State Government had not brought out a Budget Manual detailing the procedures for preparation of budget estimates, realisation of revenue, control over expenditure, etc.

Against the total provision of ₹ 6,569.09 crore during 2016-17, an expenditure of ₹ 4,772.15 crore was incurred. This resulted in an unspent provision of ₹ 1,796.94 crore (27.35 per cent). Excess expenditure of ₹ 83.99 crore during 2010-11 to 2015-16 required regularisation under Article 205 of the Constitution. While supplementary provision of ₹ 374.18 crore in 31 cases was unnecessary. In 75 cases, ₹ 627.15 crore was surrendered on the last two working days of the financial year. An amount of ₹ 66.31 crore drawn during 2012-17 as advances remained unsettled distorting the amount of expenditure being shown as such.

A Budget Manual should be prepared immediately enumerating detailed procedures for better financial management.

The Budget should be more realistic and cases of persistent non-utilisation of funds, excessive provision of funds should be avoided.

Financial Reporting

During the year 2016-17, all the Controlling Officers reconciled the Government receipts and expenditure with the figures in the books of the Accountant General.

However, the practice of not furnishing Utilisation Certificates in time against grants received, not furnishing of detailed information about financial assistance given to various Institutions and not submitting of accounts by 31 Autonomous Bodies/Authorities in time indicated that financial rules were not complied with. There were also delays in placement of Separate Audit Reports to Legislature.

There is a need to ensure that the Audit Reports of the Autonomous Bodies are placed in the Legislature on time and Utilisation Certificates are submitted by recipient of grants within the prescribed time.

CHAPTER-I: FINANCES OF THE STATE GOVERNMENT

CHAPTER I

FINANCES OF THE STATE GOVERNMENT

Profile of Sikkim

Sikkim is a sparsely populated State situated in the Eastern Himalayas. It became a part of the Indian Union on 16 May 1975. The State is categorised as a Special Category State (SCS) on account of which certain special privileges are given by Government of India (GoI) viz. 90 per cent grants and 10 per cent State share against 70 per cent grants and 30 per cent State share to General Category States in all the Centrally Sponsored Schemes. It has a total area of 7,096 sq. km which constitutes 0.22 per cent of the total geographical area of India. Sikkim being landlocked, National Highway 10 is the only lifeline which connects the State with the rest of the country. Sikkim has four districts and nine sub-divisions and has also been included in the North Eastern Council (NEC) since December 2002.

According to the Census of India-2011, the population of Sikkim stood at 6.11 lakh and the percentage of rural population of the State (75 per cent) was more than the all India average (69 per cent). The percentage of population below the poverty line at 8.2¹ per cent is lower than the all India average of 21.9 per cent. The literacy rate of Sikkim was 81.40² per cent as against the all India literacy rate of 73 per cent. Per capita Gross State Domestic Product (GSDP) for the year 2016-17 was ₹ 2,89,583 (Appendix 1.1-Part A).

Gross State Domestic Product

The growth of GSDP of the State is an important indicator of the State's economy. A trend analysis of growth of Gross Domestic Product (GDP) for a period of five years (base year 2011-12) at current prices indicates the performance of the Government in the fiscal management of the State. The growth rate of GSDP for the period 2012-17 compared with the GDP is presented in the table below:

Annual growth rate of GDP and GSDP at current prices

(₹ in crore)

Year	2012-13	2013-14	2014-15	2015-16	2016-17
GSDP	12,338.42	13,861.90	15,406.72*	16,953.38*	18,851.83*

* Provisional Figures

The quantum of GDP and GSDP is measured in terms of constant and current prices and as per their respective arithmetical calculation, these figures differ from each other every year. For comparison between GDP and GSDP, the GDP figure calculated on the basis of current price at factor cost with base year 2011-12 has been taken.

1.1 Introduction

The annual accounts of the State Government consist of Finance Accounts and Appropriation Accounts. The Finance Accounts has been divided into two Volumes: Volume I and II. Volume I represents the financial statements of the Government in a summarised form while Volume II represents detailed financial statements.

This chapter provides a broad perspective of the Finances of the State Government during 2016-17. It analyses important changes in the major fiscal indicators compared to the previous year keeping in view the overall trends during the last five years. The analysis is based on the Finance Accounts and information obtained from the State Government. The structure of the Government Accounts and the layout of the Finance Accounts have been explained in **Appendix 1.1-Parts B and C. Appendix 1.2** presents the time series data on key fiscal variables/parameters and fiscal ratios relating to the State Government finances for the period 2012-17.

1.2 Summary of fiscal transactions

Table 1.1 and **Appendix 1.3** present the summary of the fiscal transactions of the State Government and provide details of Receipts and Disbursements as well as the overall fiscal position respectively during 2016-17 vis-à-vis the previous year.

³ Gross Public Accounts Receipts during the year.

⁴ Gross Public Accounts Disbursement during the year.

The following are the significant changes during 2016-17 over the previous year:

Revenue Receipts increased by ₹ 826.01 crore (22 *per cent*) over the previous year mainly due to increase in grants from GoI by ₹ 502.71 crore, share of Union taxes and duties by ₹ 198.91 crore, Tax Revenue by ₹ 85.74 crore and Non-Tax Revenue by ₹ 38.65 crore as compared to previous year.

Revenue Expenditure increased by ₹ 143.50 crore (4 *per cent*) over the previous year as a result of increase in expenditure in General Services (₹ 176.97 crore), Social Services (₹ 98.88 crore), Grants-in-aid (₹ 16.83 crore) offset by decrease in Economic Services (₹ 149.18 crore).

Capital Expenditure increased by ₹ 86.31 crore (14 *per cent*) over the previous year.

Public Debt Receipts increased by ₹ 128.46 crore (20 *per cent*) and its repayment increased by ₹ 50.13 crore (26 *per cent*) over the previous year.

The total inflow and outflow of the Government during the year 2016-17 was ₹ 11,730.07 crore and ₹ 11,017.81 crore respectively leading to increase in cash balance by ₹ 712.26 crore.

1.3 Fiscal reforms path in Sikkim

The State Government enacted the Fiscal Responsibility and Budget Management (FRBM) Act in September 2010 and the Rules under the FRBM Act had been notified in March 2011. The Act aims to ensure fiscal stability and sustainability through maintenance of balance in revenue account and planned reduction of fiscal deficit and prudent and sustainable debt management consistent with fiscal stability through limits on State Government borrowings, including off-budget borrowings and achieving greater transparency in fiscal operations of the Government and conduct of fiscal policy in a medium term fiscal framework. To give effect to the fiscal management principles, the FRBM Act prescribed the following fiscal targets for the State Government:

- (a) Maintain revenue surplus from 2010 onwards;
- (b) Reduce the fiscal deficit to 3.50 *per cent* of the estimated GSDP in each of the financial years starting from 2011-12 and reduce the fiscal deficit to not more than three *per cent* of the estimated GSDP at the end of 31 March 2014 and adhere to it thereafter;
- (c) Cap the total outstanding guarantees within the specific limit under the Sikkim Ceiling on Government Guarantees Act, 2000;
- (d) Ensure that the outstanding debt-GSDP ratio follows a sustainable path emanating from the above targets of the deficit as specified by the Government beginning from the fiscal year 2011-12.

Revenue deficit and fiscal deficit may exceed the limits specified under the section on the ground or grounds of unforeseen demands on the finances of the Government due to national security or natural calamity subject to the condition that the excess beyond limits

arising due to natural calamities does not exceed the actual fiscal cost. Provided further that the ground or grounds specified in the above proviso shall be placed before the Legislative Assembly as soon as may be, after it becomes likely that such deficit amount may exceed the aforesaid limit, with an accompanying report stating the likely extent of excess.

Major fiscal variables provided in the budget based on recommendations of the XIV Finance Commission (XIV FC) and as targeted in the FRBM Act of the State are depicted in **Table 1.2** as given below:

Table 1.2: Details of fiscal variables

Fiscal variables	2016-17				Actual

Source: Information furnished by Finance, Revenue and Expenditure Department (FRED).

*Budget estimate, **Fiscal surplus during current year.

Revenue surplus was higher than the target fixed by XIV FC and budget proposal. There was fiscal surplus during the year. Ratio of total outstanding debt of the Government to GSDP was higher than the target fixed by XIV FC, budget proposal and projected in Five-year Fiscal Plan/MTFP.

1.3.1 Migration to New Pension Scheme

GoI introduced (1 April 2004) a defined contribution based New Pension Scheme (NPS) to cover all new entrants to Government service. According to the terms of the Scheme, Government and employee each contribute 10 per cent of basic pay and dearness allowances and the entire amount is transferred to the designated fund manager through the National Securities Depository Limited (NSDL)/Trustee Bank.

The actual amount payable by employees and the matching Government contribution had not been estimated.

During the year, the Government of Sikkim deposited ₹ 66.17 crore under Major Head 8342-117 Defined Contribution Pension Scheme (employees' contribution of ₹ 33.10 crore, matching Government contribution of ₹ 33.07 crore) and there was an opening balance of ₹ 23.46 crore. During the year, the Government transferred ₹ 61.11 crore to NSDL/Trustee Bank, leaving a balance of ₹ 28.52 crore in the Fund as on 31 March 2017.

1.3.2 Power Sector-Financial support by the State Government

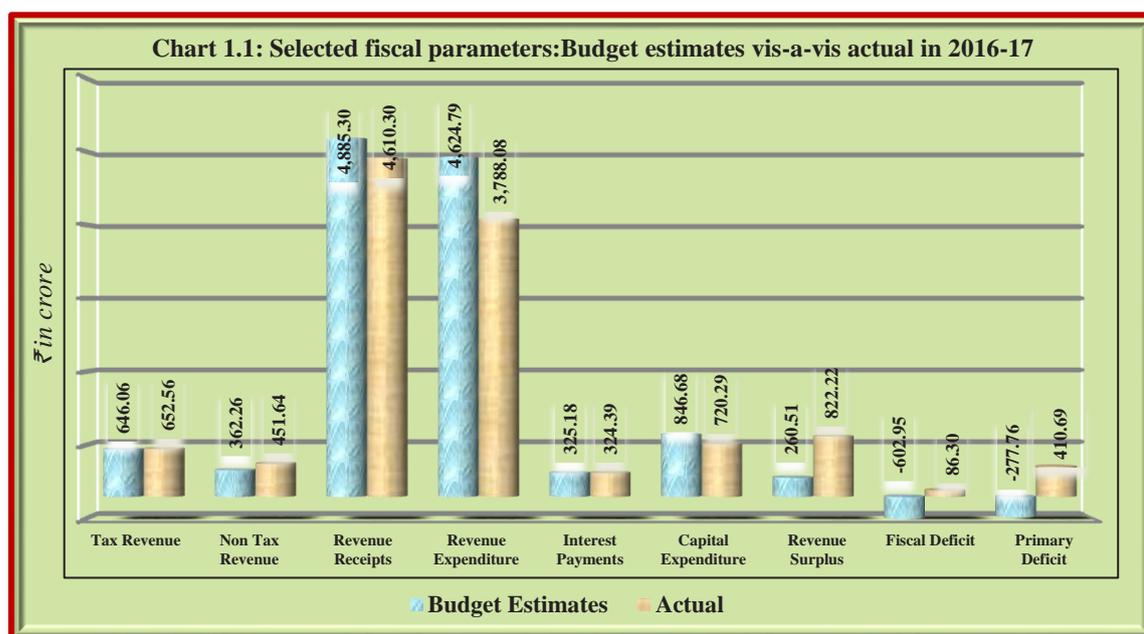

No financial support had been extended during the year by State Government to PSUs under power sector.

1.4 Budget 2016-17

1.4.1 Actual vis-à-vis budget estimates

Budget papers presented by the State Government provide estimation of revenue and expenditure for a particular fiscal year. The importance of accuracy in estimation of revenue and expenditure is widely accepted in the context of effective implementation of fiscal policies for overall economic management.

Chart 1.1 presents the budget estimates and actual of some important fiscal parameters for the year 2016-17.

Source: Finance Accounts, Estimate of receipts and Explanatory memorandum to the Annual Budget 2017-18

The Tax Revenue exceeded the budget provision by 1.01 per cent (₹ 6.50 crore) and Non-Tax Revenue also exceeded the budget provision by 24.67 per cent (₹ 89.38 crore).

Revenue Receipts was lower than budget provision by 5.63 per cent (₹ 275 crore) and Revenue Expenditure was also lower than budget provision by 18.09 per cent (₹ 836.71 crore). As against an estimated revenue surplus of ₹ 260.51 crore, the financial year ended with revenue surplus of ₹ 822.22 crore, an increase of 215.62 per cent over the budget provision. Capital Expenditure was less than the budget estimate by 14.93 per cent.

Sikkim's Own Tax Revenue increased by 15.13 per cent from ₹ 566.82 crore in 2015-16 to ₹ 652.56 crore in 2016-17. The revenue from sales tax contributed the major share of Tax Revenue (55.91 per cent) which increased by ₹ 39.10 crore. State excise duty which contributed 23.94 per cent to the Own Tax Revenue increased by ₹ 14.16 crore, taxes on vehicles increased by ₹ 2.54 crore, stamps and registration fees increased by ₹ 4.06 crore Land Revenue increased by ₹ 4.54 crore and other taxes, which consists of entertainment tax, receipts from cess etc., increased by ₹ 21.44 crore whereas taxes on income other than corporation tax decreased by ₹ 0.10 crore.

The State's share of Union taxes and duties stood at ₹ 2,069.19 crore, an increase of ₹ 198.91 crore over the previous year due to increase in corporation tax by ₹ 46.05 crore (7.77 per cent), taxes on income other than corporation tax by ₹ 52.51 crore (12.65 per cent), Union excise duties by ₹ 106.56 crore (43.45 per cent), service tax by ₹ 4.86 crore (1.53 per cent) and wealth tax by ₹ 0.55 crore (785.71 per cent). However, there was decrease in taxes on customs by ₹ 10.72 crore (3.59 per cent), taxes and duties on commodities and services by ₹ 0.90 crore (100 per cent).

Grants-in-aid from Centre to the State, a discretionary component of Central transfers, is considered an integral element of the Revenue Receipts of the State, which has an impact on the consolidated revenue deficit of the State. Grants-in-aid from GoI increased from ₹ 934.20 crore in 2015-16 to ₹ 1,436.91 crore in 2016-17.

Capital Expenditure assumes importance as it has a lasting impact on growth as compared to Revenue Expenditure. If spent efficiently, it also ensures a more productive economy and enhances the Government's net worth arising from augmented revenues. During 2016-17, the Capital Expenditure of the State was ₹ 720.29 crore and there was an increase of ₹ 86.31 crore in Capital Outlay in 2016-17 as compared to previous year which was due to increase in expenditure in Economic Service (₹ 36.68 crore), Social Service (₹ 42.41 crore) and General Service (₹ 7.22 crore).

1.4.2 Gender Budget

The Constitution of India has mandated equality for every citizen of the country as a Fundamental Right. GoI has made international commitments in (i) The Convention on the Elimination of All Forms of Discrimination Against Women in 1980; (ii) World Conference on Human Rights in Vienna in 1993; (iii) International Conference on Population and Development in Cairo in 1994; (iv) Fourth World Conference of Women in Beijing in 1995 and (v) Commonwealth Plan of Action on Gender and Development in 1995 about the action to be taken for improvement in the life of women.

One of the tools that can be used to promote women's equality and empowerment is gender-responsive budgeting or Gender Budget as it is more commonly known in India.

Among others, Gender Budget serves in (i) identifying the felt needs of women and reprioritising and/or increasing expenditure to meet those needs; (ii) supporting gender mainstreaming in macroeconomics; (iii) strengthening civil society participation in economics; (iv) enhancing the linkages between economic and social policy outcomes; (v) tracking public expenditure against gender and development policy commitments and (vi) contributing to the attainment of the Millennium Development Goals.

However, it was seen that Gender Budget in Sikkim had never been formulated.

1.5 Resources of the State

1.5.1 Resources of the State as per Finance Accounts

The progress of the Government's programmes depends upon its resources and the quantum of resources in any particular financial year determines the expenditure

threshold of the Government. The components and sub-components of State's receipts have been categorised in **Chart 1.2**.

Chart 1.2: Components and sub-components of resources

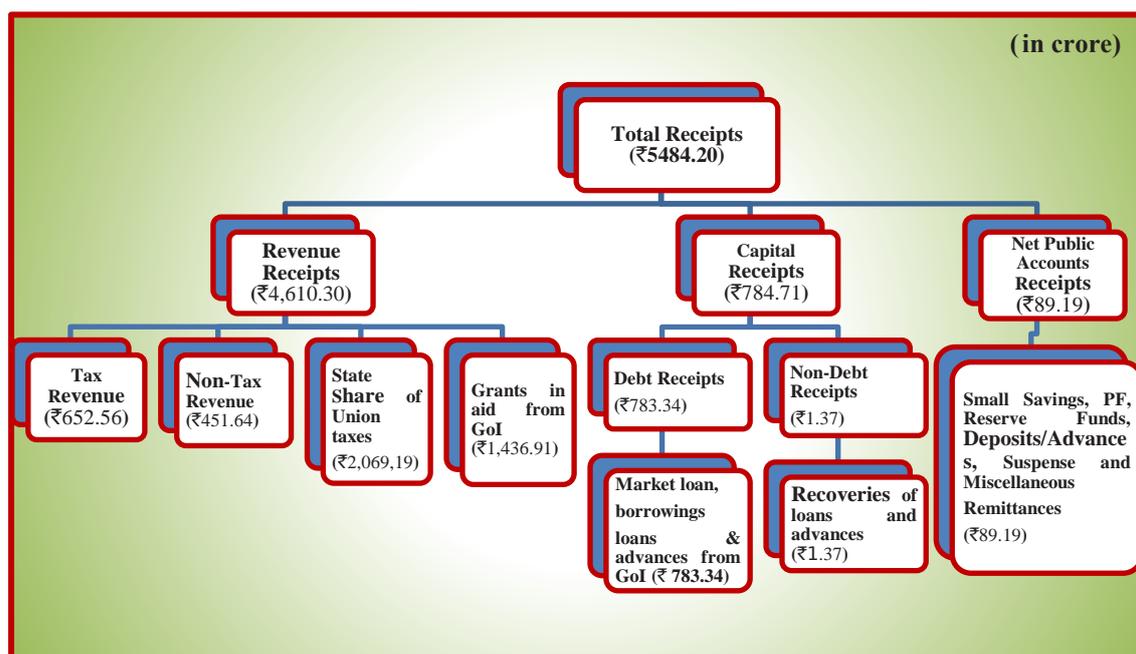

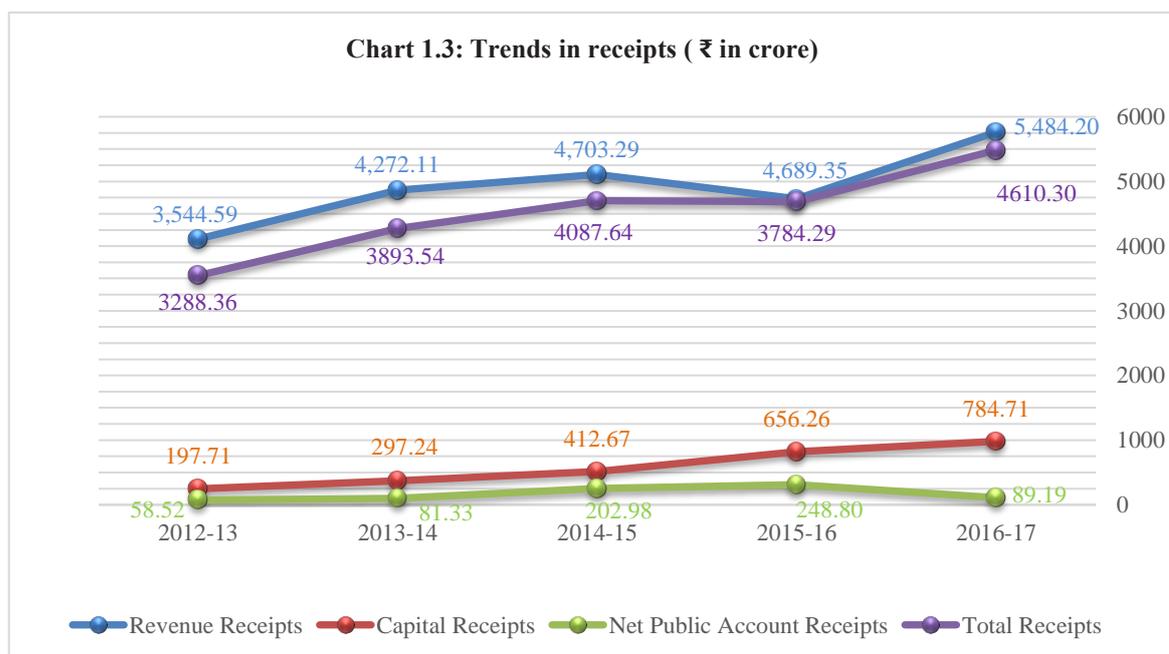

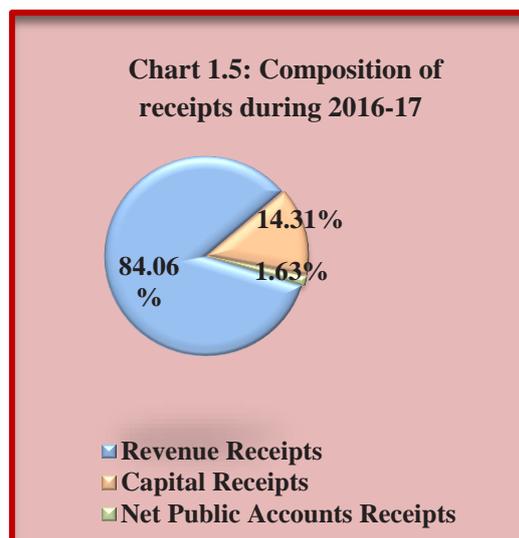

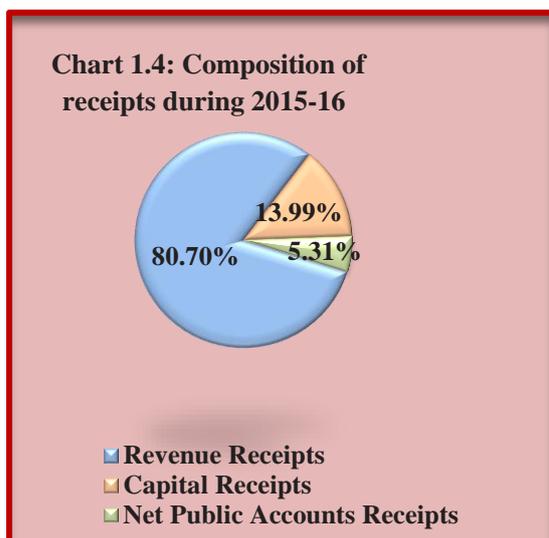

Chart 1.3 depicts the trends in components of receipts during 2012-17.

Source: Finance Accounts

Total receipts increased by 54.72 per cent from ₹ 3,544.59 crore in 2012-13 to ₹ 5,484.20 crore in 2016-17. There was also increase of total receipts over the previous year by ₹ 794.85 crore (16.95 per cent).

Chart 1.4 and **Chart 1.5** depict the composition of receipts during 2015-16 and 2016-17 respectively.

The share of Revenue Receipts in total receipts, which was 80.70 *per cent* in 2015-16, increased to 84.06 *per cent* in 2016-17. Capital Receipts, constituting of Debt Receipts and Non-Debt Receipts such as recovery of loans and advances, increased from 13.99 *per cent* in 2015-16 to 14.31 *per cent* in 2016-17. Debt Receipts constituted 99.83 *per cent* of Capital Receipts and Non-Debt Receipts constituted 0.17 *per cent* during 2016-17. Debt Receipts increased by ₹ 128.56 crore from ₹ 654.88 crore during 2015-16 to ₹ 783.34 crore during 2016-17 and Non-Debt Receipts decreased by ₹ 0.01 crore from ₹ 1.38 crore during 2015-16 to ₹ 1.37 crore during 2016-17.

Public Accounts Receipts refer to those receipts for which the Government acts as a banker/trustee for the public money. Net Public Account Receipts constituted 1.63 *per cent* of total receipts during 2016-17 as against 5.31 *per cent* during 2015-16.

1.5.2 Funds transferred by Central Government to the State implementing agencies outside the State budget

The Central Government had been transferring a sizeable quantum of funds directly to the State Implementing Agencies (SIA)⁵ for implementation of various schemes/programmes in Social and Economic Sectors up to 2013-14. These funds were not being routed through the State budget/State Treasury System and hence, did not find mention in the Finance Accounts of the State due to which the Finance Accounts of the State was not providing a complete picture of the total funds received in the State. GoI decision to release all assistance directly to the State Government and not to the implementing agencies had reduced the direct transfer of funds from ₹ 24.48 crore in 2014-15 to ₹ 16.09 crore during 2015-16 and to ₹ 13.31 crore during 2016-17.

Out of ₹ 13.31 crore, ₹ 7.50 crore (56.35 *per cent* of the total funds transferred) was transferred under Member of Parliament Local Area Development Schemes, ₹ 2.05 crore (15.39 *per cent* of the total funds transferred) under Statutory Institutions to State Forest Development Agency, Sikkim and ₹ 1.80 crore (13.53 *per cent* of the total funds

⁵ State Implementing Agencies include Organisations/Institutions including Non-Governmental Organisation which are authorised by the State Government to receive the funds from the GoI for implementing specific programmes in the State.

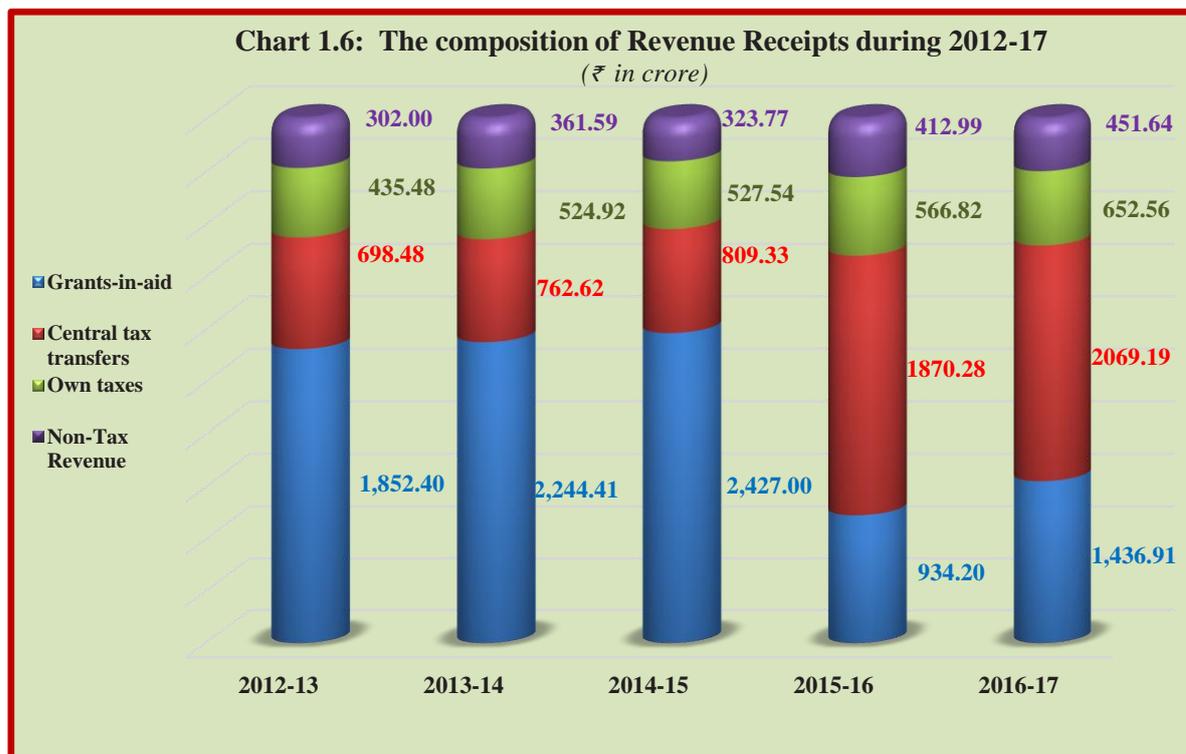

transferred) was given to National Mission for Justice Delivery and Legal Reforms. The details in this regard are shown in **Appendix 1.4**. With the release of these funds directly to the Implementing Agencies in the State, the resources of the State during the year 2016-17 stood at ₹ 11,743.38 crore (including the net receipt of ₹ 11,730.07 crore in the State) as on 31 March 2017.

1.6 Revenue Receipts

The composition and trends of Revenue Receipts over the period 2012-17 are presented in **Appendix 1.5** and are also depicted in **Charts 1.6** and **1.7** respectively.

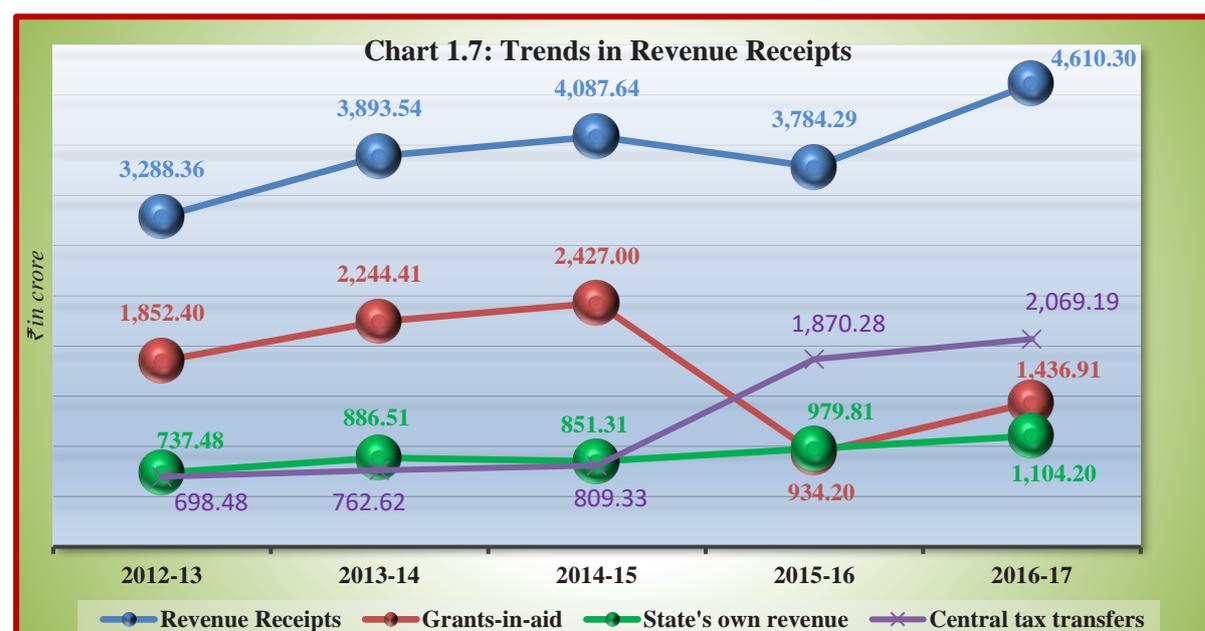

Revenue Receipts increased by ₹ 826.01 crore (21.83 *per cent*) from ₹ 3,784.29 crore in 2015-16 to ₹ 4,610.30 crore in 2016-17. The State's own resources, both Tax and Non-Tax Revenue contributed 23.95 *per cent* (₹ 1104.20 crore) in the Revenue Receipts of the State during 2016-17. The balance was transferred from GoI in the form of State's share of taxes and Grants-in-aid contributions.

State's own resources consist of Tax Revenue and Non-Tax Revenue. The share of Tax Revenue in Revenue Receipts was 14.15 *per cent* (₹ 652.56 crore) and Non-Tax Revenue was 9.80 *per cent* (₹ 451.64 crore) during the year. Tax Revenue and Non-Tax Revenue both increased in 2016-17 compared to previous year. The compositions of Revenue Receipts during 2012-17 are depicted in **Chart 1.6**.

Trends in Revenue Receipts during 2012-17 are depicted in **Chart 1.7**.

The trends in Revenue Receipts relating to GSDP are as reflected in Table below:

Table 1.3: Trends in Revenue Receipts relative to GSDP

	(₹ in crore)

State's Own Tax buoyancy wrt GSDP	4.58	1.66	0.05	0.71	1.35
Revenue buoyancy wrt State's Own taxes	0.3	0.9	9.99	(-)1	1.44

Source: Finance Accounts.

The Revenue Receipts exhibited buoyancy vis-à-vis GSDP more than one during 2016-17 due to significantly high growth rate of Revenue Receipts in comparison to the growth rate of GSDP during the years.

Growth rate in respect of Revenue Receipts for Sikkim for the period 2015-16 to 2016-17 was 21.83 *per cent*. It was 11.52 *per cent* for General Category States and 14.44 *per cent* for Special Category States.

⁶ Buoyancy ratio indicates the elasticity or degree of responsiveness of a fiscal variable with respect to a given change in the base variable. For instance, revenue buoyancy at 0.7 implies that Revenue Receipts tend to increase by 0.7 percentage points, if the GSDP increases by one per cent.

1.6.1 State's own resources

As the State's share in Central taxes and Grants-in-aid are determined on the basis of recommendations of the Finance Commission, the State's performance in mobilisation of additional resources should be assessed in terms of revenue from its Own Tax and Non-Tax sources. Though the Tax and Non-Tax Revenue formed a major part of the States resources, the performance of the State in mobilisation of Tax and Non-Tax is important in the long run for attaining self-sufficiency or reduced dependency on GoI.

The State's actual Tax and Non-Tax receipts for the year 2016-17 vis-à-vis assessment made by XIV FC are given in **Table 1.4**.

Table 1.4: XIV FC recommendations and budget estimates vis-à-vis the actual

	XIV FC projection	Budget estimates	Actual
Tax Revenue	876	646.06	652.56
Non-Tax Revenue	293	362.26	451.64

(₹ in crore)

The State exceeded the target set by XIV FC in respect of Non-Tax Revenue by ₹ 158.64 crore but fell short of target in respect of Tax Revenue by ₹ 223.44 crore in 2016-17. Further, the State succeeded in achieving the target set as per budget estimates in respect of Tax Revenue and Non-Tax Revenue.

Tax Revenue

The main sources of State's Tax Revenue was taxes on sales, trade, etc. with a contribution of 7.91 per cent in Revenue Receipts of the State followed by State excise (3.39 per cent), Other Taxes (1.73 per cent), taxes on vehicles (0.54 per cent), stamps and registration fees (0.27 per cent), land revenue (0.14 per cent) and taxes on income other than corporation tax (0.17 per cent). The trends in the major constituents of Tax Revenue during the period 2012-17 are shown in **Table 1.5**.

(₹ in crore)

Source: Finance Accounts. Figures in brackets indicate rate of growth in per cent.

Taxes on sales, trade, etc., increased by 12 per cent (₹ 39.10 crore) during 2016-17 as compared to previous year due to increase in receipts under Trade tax (VAT) and State sales tax. The growth rate of State excise was 9.97 per cent (₹ 14.16 crore) due to increase in collection pertaining to foreign liquors and spirits and medicinal and toilet preparations containing Alcohol, Opium etc.

Taxes on vehicles had increased by 11.36 per cent due to increase in receipts under the motor vehicles.

Other tax had increased by 32.19 *per cent* due to increase in receipts from cess under other Acts.

Growth rate in respect of Tax Revenue of Sikkim for the period 2015-16 to 2016-17 was 15.13 *per cent*. It was 13.50 *per cent* for General Category State and 4.99 *per cent* for Special Category States. Therefore, growth of Tax Revenue in Sikkim was higher than that of General Category and Special Category States.

Non-Tax Revenue

The Non-Tax Revenue, which constituted 9.80 *per cent* of total Revenue Receipts, had increased by ₹ 38.65 crore from ₹ 412.99 crore in 2015-16 to ₹ 451.64 crore in 2016-17 and was also higher than the budget projection by ₹ 89.38 crore. The main components which resulted in noticeable increase were 'Miscellaneous General Service' (₹ 25.23 crore), due to increase in state lotteries, 'Power' (₹ 22.36 crore) due to increase in other receipts under Hydel Generation.

The main components of Non-Tax Revenue raised in the State during 2012-13 to 2016-17 are given in **Table 1.6**.

Table 1.6: Composition of Non-Tax Revenue

TOTAL	302.00	361.59	323.77	412.99	451.64

Source: Finance Accounts. Figures in brackets indicate percentage to total Revenue Receipts.

During 2012-17, on an average, interest receipts contributed 1.60 *per cent* in the total receipts of the State. Similarly, dividends and profits contributed 0.09 *per cent* while 7.35 *per cent* came from other Non-Tax Receipts.

During 2012-17, the Non-Tax Revenue constantly increased except during 2014-15.

The ratio of Non-Tax Revenue to Non-Plan Revenue Expenditure is considered as an indicator of cost recovery from Socio-Economic Services. The details of recovery of current cost as ratio of Non-Tax Revenue Receipts to Non-Plan Revenue Expenditure in respect of Education, Health and Family Welfare, Water Supply and Sanitation and Irrigation during 2016-17 are given in **Table 1.7**.

Cost recovery in respect of Education, Sports, Art and Culture during the year was 0.47 *per cent* being the lowest and the highest was 20.51 *per cent* pertaining to Water Supply

and Sanitation. In respect of Health and Family Welfare and Irrigation, the cost recovery was at 2.30 per cent and 10.17 per cent respectively.

1.6.2 Grants-in-aid from GoI

Grants-in-aid from GoI increased from ₹ 934.20 crore in 2015-16 to ₹ 1,436.91 crore in 2016-17 as shown in **Table 1.8**.

Grants-in-aid from GoI increased by ₹ 502.71 crore during 2016-17 over the previous year due to increase in Grants for State Plan Schemes (₹ 363.07 crore), Centrally Sponsored Plan Schemes (CSS) (₹ 150.81 crore) and other Grants (₹ 6.72 crore). However, there was decrease in Non-Plan Grants (₹ 9.77 crore), Grants for Special Plan Schemes (₹ 5.80 crore) and Grants for Central Plan Schemes (₹ 2.32 crore).

1.6.3 Central tax transfers

There was an increase in the State's Share of Union taxes and duties in all cases, as compared to the previous year except share of net proceeds on customs and other taxes and duties on commodities and services. The Central tax transfers consist of corporation tax (₹ 638.61 crore), taxes on income other than corporation tax (₹ 467.69 crore), customs (₹ 287.79 crore), Union excise duties (₹ 351.79 crore), service tax (₹ 322.69 crore) and wealth tax (₹ 0.62 crore).

1.6.4 XIV Finance Commission grants

The core mandate of the Finance Commission, as laid out in Article 280 of the Constitution, is to make recommendations regarding the distribution between the Union and the States of the net proceeds of taxes and the principles which should govern the Grants-in-aid of the revenues of the States out of the Consolidated Fund of India. The XIV FC was constituted by the President under Article 280 of the Constitution on 2 January 2013 to make recommendations for the period 2015-20 and the XIV FC has made

its recommendations for the period 2015-16 to 2019-20. Comparative statement of award of XIII Finance Commission (XIII FC) and XIV FC in respect of Sikkim are given in **Table 1.10**.

Table 1.10: Statement of release of award of XIII FC and XIVFC

Source: Information furnished by Finance, Revenue and Expenditure Department (FRED)

As seen from the above table, there was a huge increase in the State's Share of Union taxes and duties during 2015-16 and 2016-17 as compared to 2014-15. However, there was decrease in Finance Commission grants during the same periods. The increase was due to the recommendation of XIV FC to raise the tax devolution by 10 percentage points from 32 per cent to 42 per cent of the divisible taxes and duties. The objective was to increase the flow of unconditional transfers to States and this would give greater autonomy to States in prioritising their expenditure through untied funds. Decrease in XIV FC grant was due to not making any recommendation by the XIV FC regarding the State specific grants unlike the XIII FC.

Actual release of State's share of Union taxes and duties increased by ₹ 1,060.95 crore (131.09 per cent) during 2015-16 and by ₹ 1,259.86 crore (155.67 per cent) during 2016-17 as compared to release during 2014-15. However, this release was offset by the decrease in release of Grants in aid from GoI as Grants for State Plan Schemes, Centrally Sponsored Plan Schemes etc. compared to 2014-15 which decreased by ₹ 1492.80 crore (61.51 per cent) during 2015-16 and by ₹ 990.09 crore (40.79 per cent) during 2016-17. During 2014-15, 79.17 per cent of the Revenue Receipts was from GoI as Central transfers in the form of State's share of taxes and Grants-in-aid contributions and during 2015-16 and 2016-17 it was 74.11 per cent and 76.06 per cent respectively. Overall effect of XIV FC had a decrease of ₹ 431.85 crore during 2015-16 and increase of ₹ 269.77 crore during 2016-17 as compared to Central transfers from GoI in the form of State's share of taxes and Grants-in-aid contributions during 2014-15.

1.6.5 Capital Receipts

The Capital Receipts showed constant increase during 2012-13 to 2016-17. It increased by ₹ 128.45 crore in 2016-17 over the previous year. Public Debt Receipts recorded significant increase during current year. Trend in growth and composition of Capital Receipts is depicted in **Table 1.11** below:

1.6.6 Public Account Receipts

Receipts and disbursements in respect of certain transactions such as small savings, provident funds, reserve funds, deposits, suspense, remittances etc. which do not form part of the Consolidated Fund, are kept in the Public Accounts set up under Article 266 (2) of the Constitution of India and are not subject to vote by the State Legislature. Here, the Government acts as a banker. The balance after disbursements is the fund available with the Government for use.

1.7 Application of resources

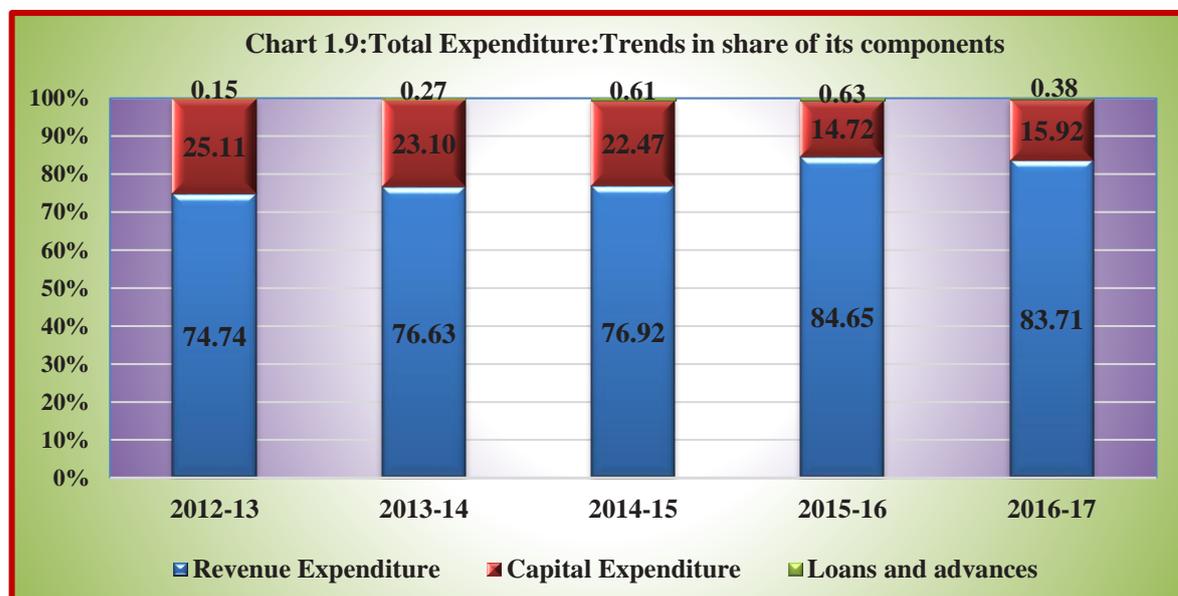

Analysis of the allocation of expenditure at the State Government level assumes significance as it is an important aspect of fiscal policy to achieve developmental goals. Within the framework of fiscal responsibility legislation, there are budgetary constraints in raising public expenditure financed by deficit or borrowings. At the same time, it is important to ensure that the ongoing fiscal correction and consolidation process at the State level is not at the cost of vital expenditure, especially expenditure directed towards Development and Social Sectors.

1.7.1 Growth and composition of expenditure

Chart 1.8 presents the trends in Total Expenditure under revenue, capital and loans and advances, while Chart 1.9 exhibits the share of these components in Total Expenditure.

Source: Finance Accounts

Total Expenditure increased by 34.89 per cent (₹ 1,170.52 crore) from ₹ 3,354.85 crore in 2012-13 to ₹ 4,525.37 crore in 2016-17. Similarly, the Total Expenditure during 2016-17 increased by 5.10 per cent over the previous year.

During the period 2012-17, on an average, 79.33 per cent of the Total Expenditure was Revenue Expenditure. The share of Revenue Expenditure in the Total Expenditure constantly increased during the last four years. However, its share decreased to 83.71 per cent in 2016-17 from 84.65 per cent during 2015-16.

The share of Capital Expenditure in the Total Expenditure decreased from 25.11 *per cent* in 2012-13 to 23.10 *per cent* in 2013-14, 22.47 *per cent* in 2014-15 and further decreased to 14.72 *per cent* in 2015-16. However, it increased to 15.92 *per cent* in 2016-17.

Growth rate in respect of Total Expenditure for the State for the period 2015-16 to 2016-17 was 5.10 *per cent*. It was 15.31 *per cent* for General Category States and 18.78 *per cent* for Special Category States:

During the period 2012-17, the growth rate of Total Expenditure was highest (17.66 *per cent*) in 2013-14 and lowest (-1.34 *per cent*) in 2015-16.

In 2016-17, Total Expenditure was 0.98 times of the Revenue Receipts. The buoyancy ratio of Total Expenditure to Revenue Receipts was 0.23 *per cent*.

The growth rate of Total Expenditure (5.10 *per cent*) in 2016-17 was lower than the growth rate of GSDP (11.20 *per cent*). The buoyancy of Total Expenditure to GSDP was 0.46 *per cent* in 2016-17. Revenue Receipts as a percentage of Total Expenditure stood at 101.88 *per cent* in 2016-17.

Buoyancy of Revenue Expenditure

The growth in Revenue Receipts was higher than the growth of Revenue Expenditure in 2016-17. The growth of Revenue Expenditure (3.94 *per cent*) was lower than the growth

of GSDP (11.20 *per cent*). However, growth of Revenue Receipts (21.83 *per cent*) was more than the growth of GSDP. For every one *per cent* growth in GSDP, Revenue Expenditure grew by 0.35 *per cent*.

Buoyancy of Capital Expenditure

During 2016-17, the Capital Expenditure increased by 13.61 *per cent* as compared to previous year which was higher than the GSDP growth. For every one *per cent* growth in GSDP, Capital Expenditure grew by 1.22 *per cent*.

1.7.3 Plan and Non-Plan Expenditure

Finance Accounts provide a further classification of expenditure into Plan and Non-Plan. Plan Expenditure normally related to incremental developmental expenditure on new projects or schemes and involved both Revenue and Capital Expenditure. In order to maintain the level of services already achieved, Non-Plan Expenditure is normally utilised. **Table 1.14** presents the growth and composition of Plan and Non-Plan Expenditure over the last five years.

Table 1.14: Growth in Plan and Non-Plan Expenditure

During the period 2012-17, while the Plan Revenue Expenditure increased by 53.78 *per cent* from ₹ 813.47 crore in 2012-13 to ₹ 1,250.98 crore in 2016-17, Non-Plan Revenue Expenditure (NPRE) increased by 49.78 *per cent* from ₹ 1,693.92 crore to ₹ 2,537.10 crore.

The NPRE increased by ₹ 163.20 crore (6.87 *per cent*) as compared to the previous year. The increase was mainly on General Services by ₹ 159.21 crore and Grants-in-aid by ₹ 16.83 crore with a decrease in Economic Services by ₹ 11.70 crore and Social Services by ₹ 1.14 crore. The salary expenditure during 2016-17 under Social Services was ₹ 600.67 crore, Economic Services was ₹ 392.76 crore and General Services was ₹ 430.04 crore which worked out to 44.99 *per cent*, 40.22 *per cent* and 30.27 *per cent* of Revenue Expenditure under each services respectively.

1.7.4 Trends in expenditure by activities

In terms of activities, Total Expenditure could be considered as being composed of expenditure on General Services (including interest payments), Social Services, Economic Services, Grants-in-aid and loans and advances. Relative shares of these components in Total Expenditure (including loans and advances) are indicated in **Chart 1.10**.

Source: Finance Accounts

The expenditure on General Services and interest together contributed 32.97 per cent in 2016-17 as against 30.37 per cent in 2015-16. On the other hand, expenditure on Social and Economic Services together accounted for 65.43 per cent in 2016-17 as against 68.10 per cent in 2015-16. The Grants-in-aid and loans and advances contributed 1.60 per cent during 2016-17 as against 1.53 per cent during 2015-16.

During 2016-17, expenditure on General Service and Social Services increased by ₹ 184.18 crore and ₹ 141.29 crore respectively. However, expenditure on Economic Service decreased by ₹ 112.50 crore, Grants-in-aid increased by ₹ 16.83 crore and Loans and advances decreased by ₹ 10.03 crore over the previous year.

Some of the significant increase and decrease in expenditure during 2016-17 are highlighted below:

- General Services: Increase in the services was mainly due to increase in expenditure under interest payment (₹ 62.32 crore) and there was decrease in expenditure on Police (₹ 11.77 crore).
- Social Services: Increase in the services was mainly due to increase in expenditure under housing (₹ 62.04 crore).
- Economic Services: The decrease was mainly due to decrease in Secretariat-Economic Service (₹ 218.06 crore).

1.7.5 Incidence of Revenue Expenditure

The bulk of Total Expenditure goes towards Revenue Expenditure. Revenue Expenditure is incurred to maintain the current level of services and to make payment for past

obligations and as such it does not result in any addition to the State's infrastructure and services network.

Revenue Expenditure increased by 51.08 *per cent* from ₹ 2,507.39 crore in 2012-13 to ₹ 3,788.08 crore in 2016-17 and it increased by 3.94 *per cent* from ₹ 3,644.58 crore in 2015-16 to ₹ 3,788.08 crore in 2016-17. The NPRE increased by ₹ 163.20 crore over the previous year. The Plan Revenue Expenditure (PRE) decreased by ₹ 19.71 crore from ₹ 1,270.68 crore in 2015-16 to ₹ 1250.97 crore in 2016-17.

NPRE was a major component (66.98 *per cent*) of Revenue Expenditure during 2016-17. Only 33.02 *per cent* of Revenue Expenditure was PRE.

1.7.6 Committed expenditure

Committed expenditure of the State Government on revenue account mainly consisted of interest payments, expenditure on salaries, pension and subsidies. **Table 1.15** presents the trends in the expenditure on these components during 2012-17.

Table 1.15: Committed expenditure

Figures in the brackets indicate percentage to Non-Plan Revenue Expenditure.

* Plan head also includes the salaries and wages paid under Centrally Sponsored Schemes.

Expenditure on salaries

Salaries alone accounted for 30.88 *per cent* of Revenue Receipts of the State during 2016-17. Salaries increased by 4.85 *per cent* from ₹ 1,357.66 crore in 2015-16 to ₹ 1423.47 crore in 2016-17. During 2016-17, the expenditure on salaries was 37.58 *per cent* of the Revenue Expenditure.

Pension payments

Pension payments increased by 10.96 *per cent* from ₹ 402.35 crore in 2015-16 to ₹ 446.43 crore in 2016-17. Pension payment accounted for 9.68 *per cent* of the Revenue Receipts and 11.79 *per cent* of Revenue Expenditure.

Interest payments

Interest payments increased by 23.78 *per cent* from ₹ 262.07 crore in 2015-16 to ₹ 324.39 crore in 2016-17. Interest payments of ₹ 324.39 crore in 2016-17 consisted of internal debt and market loans (₹ 241.66 crore), small savings, provident fund, etc. (₹ 71.25 crore) and loans received from GoI (₹ 11.48 crore). The interest payments during 2016-17 exceeded the assessment of XIV FC (₹ 318 crore).

Subsidies

In any welfare State, it is not uncommon to provide subsidies/subventions to the disadvantaged sections of the society. Subsidies are dispensed not only explicitly but also implicitly by providing subsidised public service to the people. Budgetary support to financial institutions, inadequate returns on investments and poor recovery of user charges from Social and Economic Services provided by the Government fall in the category of implicit subsidies.

Table 1.15 shows that expenditure on payment of subsidies decreased by 72.10 *per cent* from ₹ 8.03 crore in 2015-16 to ₹ 2.24 crore during 2016-17. It constituted 0.06 *per cent* of Revenue Expenditure.

During 2016-17, out of total subsidies of ₹ 2.24 crore, ₹ 2.09 crore was granted under Food, Storage and Warehousing to meet the subsidy on rice, ₹ 0.10 crore was granted as Transport Subsidies and ₹ 0.05 crore was granted for Science Centre at Marchak.

1.7.7 Financial assistance to local bodies and others

The quantum of assistance provided by way of grants to local bodies and others during 2016-17, relating to the previous five years, is presented in **Table 1.16**.

Table 1.16: Financial assistance to local bodies and other institutions

Source: Finance Accounts

The total assistance during 2016-17 decreased by 4.05 *per cent* over the previous year mainly due to decrease in assistance to Zilla Parishads (ZPs), Other Panchayati Raj Institutions (PRI).

1.7.8 Local bodies

The position regarding major issues relating to local bodies, i.e., Panchayati Raj Institutions (PRI) are summarised in the following paragraph.

Panchayati Raj Institutions

The Sikkim Panchayat Act, 1993 was enacted to establish a two tier PRI system at village and district levels in the State following the 73rd Constitutional Amendment. The system envisaged elected bodies at village (Gram Panchayats (GPs)) and district level (Zilla Panchayat (ZP)). As of March 2017, there were 4 ZPs and 176 GPs in the State.

The PRIs are solely funded by the Government through grants-in-aid from Central and State Governments for general administration as well as development activities. Funds are initially reflected in the State budget against the outlay of various administrative departments under grant-in-aid. Individual departments thereafter transfer the funds to Sachiva, Zilla Panchayats for Zilla Panchayat and Additional District Collector (Development) for GPs as grants-in-aid. The ZPs and GPs in turn, deposit their funds in the savings account maintained with the nationalised banks.

Audit of the PRIs during 2016-17 revealed the following:

- Although the State Government delineated the role and responsibilities of each tier of PRIs by transferring 29 subjects for devolution of all the functions listed in the 11th schedule of the Constitution to the PRIs, only 15 subjects were actually transferred to PRIs.
- Scrutiny of records in 88 GPs revealed that GPs had neither prepared Balance Sheet during the period under report nor maintained basic records and registers properly as required under Sikkim Panchayat Rules, 2004.
- The GPs had not initiated adequate steps to augment their revenue base despite having enabling provisions in Sikkim Panchayat Act, 1993 and recommendation of successive State Finance Commissions accepted by State Government.
- The Internal Control in the GPs were not robust to ensure preparation of budget, maintenance of accounts in appropriate format. Internal audit by Director, Local Fund Audit, supervision by Sachiva and Zilla Panchayat were also inadequate.

Urban Local Bodies

Government of Sikkim enacted the Sikkim Municipalities Act, 2007 empowering the Urban Local Bodies (ULBs) to function as institutions of self-government to accelerate economic development in urban areas in the State following 74th Constitutional Amendments. The ULBs were formed only in 2010-11 having three tier structure viz. Municipal Corporation, Municipal Councils and Nagar Panchayats. As of March 2017, there was one Municipal Corporation, three Municipal Councils and three Nagar Panchayats.

The ULBs are largely funded through grants-in-aid from Central and State Governments for general administration as well as development activities. The ULBs in turn, deposit their funds in the savings account maintained with the nationalised banks.

Audit of the ULBs during 2016-17 revealed the following:

- Out of 18 functions listed in the XII Schedule of the Constitution, only three functions were partially transferred by the State Government to the ULBs as of March 2017.
- The State Government had not set up Property Tax Board as of March 2017 for realisation of property tax.

1.8 Quality of expenditure

The availability of better social and physical infrastructure in the State generally reflects the quality of its expenditure. The improvement in the quality of expenditure basically involves three aspects, viz., adequacy of the expenditure (i.e., adequate provision for providing public services); efficiency of expenditure and the effectiveness of expenditure.

1.8.1 Adequacy of public expenditure

The expenditure responsibilities relating to Social Sector and Economic infrastructure assigned to the State Governments are largely State subjects. Enhancing human development levels requires the States to step up their expenditure on key Social Services like education, health, etc. Low fiscal priority (ratio of expenditure category to aggregate expenditure) can be stated to have been attached to a particular sector if the priority given to that particular head of expenditure is decreasing over the years.

Table 1.17 analyses the fiscal priority of the State Government with regard to Development Expenditure, Social Expenditure and Capital Expenditure in 2012-13, 2015-16 and the current year 2016-17.

Table 1.17: Fiscal priority of the State in 2012-13, 2015-16 and 2016-17

AE: Aggregate Expenditure, DE: Development Expenditure, SSE: Social Sector Expenditure, ESE: Economic Sector Expenditure, CE Capital Expenditure., Development expenditure includes Development Revenue Expenditure, Development Capital Expenditure and loans and advances disbursed. GSDP: Figures available on CSO website as on 1 August 2017, except Arunachal Pradesh, Assam, Jammu & Kashmir, Manipur, Meghalaya, Mizoram, Nagaland and Tripura where the figures have been provided by respective PAsG/AsG.

Table 1.17 shows the fiscal priority given by the State Government to various expenditure heads during 2012-13, 2015-16 and 2016-17, which is summarised below:

- The AE/GSDP ratio of the State Government in 2016-17 had decreased by 3.19 per cent as compared to 2012-13. AE/GSDP ratio in the State was higher than the SCS' in two years (2012-13 and 2015-16) but lower during 2016-17.
- The ratio of DE as a proportion to AE decreased by 4.77 per cent in 2016-17 as compared to 2012-13 which indicated that the State had given less priority to this

category of expenditure during 2016-17. However, DE as a proportion of AE was higher in the State compared to the Special Category States' average during all three years.

- In Social Sector, expenditure as a percentage of AE had decreased by 4.41 *per cent* in the year 2016-17 as compared to 2012-13. Expenditure on Social Sector as a proportion of AE was higher than the Special Category States' average during 2012-13 and 2016-17. However, during 2015-16, it was lower than SCS.
- In Economic Sector, expenditure as a percentage of AE had decreased from 33.50 *per cent* in the year 2012-13 to 30.88 *per cent* in the year 2016-17. Expenditure on Economic Sector as a proportion of AE was higher than the SCS' average during all the three years.
- The expenditure on capital sector had decreased by 9.19 *per cent* in 2016-17 as compared to 2012-13 indicating that the State Government had given less emphasis to CE during the year. However, expenditure on capital sector as a proportion of AE was higher than the SCS' average during all the three years.
- The expenditure on education as a percentage of AE had increased from 17.75 *per cent* in the year 2012-13 to 18.06 *per cent* in the year 2016-17 and the percentage of expenditure on health had decreased from 7.27 *per cent* in 2012-13 to 6.23 *per cent* in 2016-17. Expenditure on education as a proportion of AE was higher than the SCS' average during 2016-17 but it was lower than Special Category States during 2012-13 and 2015-16. Expenditure on health as a proportion of AE was higher than the SCS' average during all the three years.

1.8.2 Efficiency of expenditure use

In view of the importance of public expenditure on development heads for social and economic development, it is imperative for the State Governments to take appropriate expenditure rationalisation measures and lay emphasis on provision of core public and merit goods⁷. Apart from improving the allocation towards Development Expenditure⁸, particularly in view of the fiscal space being created on account of decline in debt servicing in recent years, the efficiency of expenditure use is also reflected by the ratio of Capital Expenditure to Total Expenditure and proportion of Revenue Expenditure being

7 *Core public goods are those which all citizens enjoy in common in the sense that each individual's consumption of such goods leads to no subtractions from any other individual's consumption of those goods, e.g., enforcement of law and order, security and protection of citizen's rights, pollution free air and other environmental goods and road infrastructure, etc.*

Merit goods are commodities that the public sector provides free or at subsidised rates because an individual or society should have them based on some concept of need, rather than ability and willingness to pay the Government and therefore wishes to encourage their consumption. Examples of such goods include the provision of free or subsidised food for the poor to support nutrition, delivery of health services to improve quality of life and reduce mortality, providing basic education to all, drinking water and sanitation, etc.

8 *The analysis of expenditure is segregated into Development and Non-Development Expenditure. All expenditure relating to revenue account, Capital Outlay and loans and advances is categorised into Social, Economic and General Services. Broadly, the Social and Economic Services constitute Development Expenditure, while expenditure on General Services is treated as Non-Development Expenditure.*

spent on operation and maintenance of the existing Social and Economic Services. The higher the ratio of Social and Economic Services to Total Expenditure, the better would be the quality of expenditure. **Table 1.18** presents the trends in Development Expenditure relating to the aggregate of the State during 2016-17 vis-à-vis the previous years.

Development Expenditure comprising Revenue Expenditure, Capital Outlay and loans and advances on Socio-Economic Services increased from ₹ 3,354.85 crore in 2012-13 to ₹ 4,525.37 crore in 2016-17 and also increased as compared to 2015-16. As a percentage of Total Expenditure, it decreased from 70.57 per cent in 2012-13 to 65.80 per cent in 2016-17. On an average, 73 per cent of the Development Expenditure was on revenue account while Capital Expenditure including loans and advances accounted for balance 27 per cent during the years.

In 2016-17, Development Revenue Expenditure included, *inter alia* expenditure on salary (₹ 993.43 crore), subsidy (₹ 2.08 crore) and financial assistance to local bodies and other institutions (₹ 304.90 crore).

The efficiency of Government expenditure on selected parameters in some major areas under Social and Economic Services is depicted in **Table 1.19**.

Expenditure on Social Services

Capital Expenditure on Social Services increased from ₹ 200.80 crore in 2015-16 to ₹ 243.21 crore in 2016-17. There was increase in ratio of capital to Total Expenditure on Social Services by 1.42 *per cent* as compared to the previous year.

The share of salary expenditure under Social Services in Revenue Expenditure was 45.91 *per cent* in 2015-16, which slightly decreased to 44.99 *per cent* in 2016-17.

Expenditure on Economic Services

Capital Expenditure on Economic Services increased from ₹ 369.21 crore in 2015-16 to ₹ 405.89 crore in 2016-17. There was increase in ratio of capital to Total Expenditure on Economic Services by 4.34 *per cent*.

The share of salary expenditure under Economic Services which was 31.37 *per cent* during 2015-16 had increased to 40.22 *per cent* of Revenue Expenditure in 2016-17.

1.9 Financial analysis of Government expenditure and investments

In the post-Mid Term Fiscal Plan (MTFP) framework, the Government is expected to keep its fiscal deficit (borrowing) not only at low levels but also meet its capital expenditure/investment (including loans and advances) requirements. In addition, the State Government needs to initiate measures to earn adequate return on its investments and recover cost of borrowed funds rather than bearing the same in its budget in the form of implicit subsidy and also needs to take requisite steps to infuse transparency in financial operations. This section presents the broad financial analysis of investments and other Capital Expenditure undertaken by the Government during 2016-17 vis-à-vis previous years.

1.9.1 Incomplete projects

The department-wise information pertaining to incomplete projects as on 31 March 2017 is given in **Table 1.20**.

As per information received from the State Government, there were 413 incomplete projects (estimated cost ₹ 1,404.81 crore) as on 31 March 2017 in which an expenditure amounting to ₹ 717.78 crore had been incurred. Out of 413 incomplete projects, 353 projects were due to be completed by 31 March 2017 and in case of 26⁹ works target date of completion were not furnished by the Departments. Due to not completing of works in scheduled time, benefits of the projects did not reach the intended beneficiaries.

Information from Food, Civil Supplies and Consumer Affairs Department, Department of Tourism and Civil Aviation, Rural Management and Development Department and Roads and Bridges Department were awaited (November 2017).

1.9.2 Investment and returns

As of March 2017, Government had invested ₹ 97.42 crore in Statutory Corporations, Banks, Joint Stock Companies and Co-operatives as detailed in succeeding paragraphs. The return during 2016-17 was 2.06 per cent as detailed in **Table 1.21** below:

Under a resolution passed in the year 1968-69, the State Bank of Sikkim was vested with the responsibility by the State Government for receiving money on behalf of Government and making all Government payments and keeping custody of the balances of Government in current account as well as fixed deposits which could be made through the branches of the Bank. The State Government's cash balances of ₹ 2,436.83 crore at the end of 2016-17 showed an increase by 41.30 per cent (₹ 712.26 crore) over the previous year. The State Government had earned an interest of ₹ 68.79 crore from the cash balance investments during 2016-17.

As per the Finance Accounts of 2016-17, there was a balance of ₹ 59.34 crore with the State Bank of Sikkim as on 31 March 2017. However, as per the records of the State Bank of Sikkim, the cash balance of the State Government stood at ₹ 39.91 crore leaving an un-reconciled balance of ₹ 19.43 crore.

Outstanding balances under the head 'Cheques and Bills'

The head is an intermediate account for initial record of transactions which are to be cleared eventually. Outstanding balance under the major head 8670-Cheques and Bills represents the amount of un-encashed cheques. Under this head as on 1 April 2016, there was an opening balance of ₹ 254.69 crore. Further, during the year, cheques worth ₹ 3,727.55 crore were issued and cheques worth ₹ 3,798.89 crore were encashed leaving a closing balance of ₹ 183.35 crore as on 31 March 2017.

1.10 Assets and liabilities

1.10.1 Growth and composition of assets and liabilities

In the existing Government accounting system, comprehensive accounting of fixed assets like land and buildings owned by the Government is not done. However, the Government accounts do capture the financial liabilities of the Government and the assets created out of the expenditure incurred. **Appendix 1.3** gives an abstract of such assets and liabilities as on 31 March 2017 compared with the corresponding position as on 31 March 2016.

Total liabilities, as defined are the liabilities under the Consolidated Fund and the Public Accounts of the State. Consolidated Fund liabilities consist of Internal Debt and loans and advances from GoI.

The growth rate of components of assets and liabilities are summarised in the **Table 1.26**.

Fiscal liabilities of the State increased by ₹ 626.25 crore (12.86 per cent) from ₹ 4,869.20 crore in 2015-16 to ₹ 5,495.45 crore in 2016-17 comprising Public Account Liabilities of ₹ 1,989.32 crore (36 per cent), Internal Debt of ₹ 3,395.68 crore (62 per cent) and loans and advances of ₹ 110.45 crore (2 per cent).

The percentage of fiscal liabilities to GSDP stood at 29.15 per cent at the end of 2016-17. The growth rate of outstanding fiscal liabilities which was 17 per cent in 2015-16 decreased to 12.86 per cent in 2016-17. The buoyancy of the liabilities with respect to GSDP during the year was 1.15 indicating that for each one per cent increase in GSDP fiscal liabilities grew by 1.15 per cent.

1.10.3 Transactions under Reserve Funds

Reserve and Reserve Funds are created for specific and well defined purposes in the accounts of the State Government. These funds are fed by contributions or grants from the Consolidated Fund of India or State or from outside agencies. The contributions are treated as expenditure under the Consolidated Fund. The expenditure relating to the funds are initially accounted for under the Consolidated Fund itself for which the vote of the Legislature is obtained. At the end of the year, at the time of closure of accounts, the

expenditure relating to the funds are transferred to the Public Accounts Fund through an operation of deduct entry in accounts. The funds may be further classified as 'funds carrying interest' and 'funds not carrying interest'. Generally, the Reserve Funds are classified under the following three categories based on the sources from which they are fed:

- Funds accumulated from grants made by another Government and at times aided by public subscriptions.
- Funds accumulated from sums set aside by the Union/State from the Consolidated Fund of India or Consolidated Fund of State, as the case may be, to provide reserves for expenditure to be incurred by them for particular purposes.
- Funds accumulated from contributions made by outside agencies to the State Government.

Analysis of transaction of reserve funds are enumerated in the subsequent paragraphs:

Consolidated Sinking Fund:

The State Government constituted a Consolidated Sinking Fund for redemption of the open market loans of the Government commencing from 2004-05. As per guidelines, the Government is required to contribute to the fund at the rate of 1 to 3 *per cent* of the outstanding open market loans as at the end of the previous year. The scope of this fund has been extended to cover all outstanding liabilities of the Government through a notification issued on 18 August 2007 on the basis of recommendations of the XII FC. The State Government had not adopted the recommendations of Reserve Bank of India (RBI) for minimum annual contribution of 0.5 *per cent* of outstanding liabilities. For the year 2016-17, the requirement for annual contribution was ₹ 19.81 crore (0.5 *per cent* of outstanding liabilities of ₹ 3,961.14 crore) in terms of the guidelines of the RBI and ₹ 23.00 crore (at 1 *per cent* of outstanding open market loans of ₹ 2,299.70 crore) in terms of the guidelines of the State Government. During the year Government transferred ₹ 12.00 crore to the fund against the minimum contribution of ₹ 23.00 crore, as per its own guidelines, resulting in short contribution of ₹ 11.00 crore. Similarly, the shortfall in contribution as per the RBI guidelines worked out to ₹ 7.81 crore. As on 31 March 2017, the fund had a balance of ₹ 350.56 crore (including ₹ 28.64 crore as accrued interest), which had been invested in fixed deposits in nationalised banks as per the directions of the RBI.

State Disaster Response Fund:

The State Government replaced the Calamity Relief Fund with the State Disaster Response Fund (SDRF) in 2010-11 as per the recommendations of the XIII FC. In terms of the guidelines of the fund, the Centre, and Special Category States like Sikkim, are required to contribute to the fund in the proportion of 90:10. Further, if the State does not have adequate balance under SDRF, the GoI provides additional assistance from the National Disaster Response Fund (NDRF). At the beginning of 2016-17, the fund had a corpus of ₹ 17.26 crore, out of which, ₹ 14.00 crore was invested. During the year 2016-17, the State Government transferred ₹ 35.20 crore to the SDRF (Central share: ₹ 29.70

crore and State share of ₹ 3.30 crore and accrued interest of ₹ 2.20 crore). After meeting the expenditure of ₹ 27.51 crore during the year, the fund had a closing balance of ₹ 24.95 crore as on 31 March 2017.

Guarantee Redemption Fund

The State Government constituted a Guarantee Redemption Fund in the year 2005 for meeting the payment obligations arising out of the guarantees issued by the Government in respect of bonds issued and other borrowings by the State Undertakings or other bodies which stand invoked. The Government is required to contribute an amount equal to at least one-fifth of the outstanding invoked guarantees plus an amount likely to be invoked as a result of the incremental guarantees issued during the year. However, it is open to the Government to increase contribution to the fund at its discretion. During 2016-17, the State Government transferred ₹ 2 crore to the Guarantee Redemption Fund along with accrued interest of ₹ 3.45 crore. No guarantee was invoked during the year. The fund had a corpus of ₹ 41.99 crore at the end of the year, out of which, ₹ 41.72 crore was invested leaving a balance of ₹ 0.27 crore in the Fund as on 31 March 2017.

The detailed account of the fund as on 31 March 2017 is given below:

1.10.4 Contingent liabilities

Status of guarantees

Guarantees are contingent liabilities on the Consolidated Fund of the State in case of default by the borrower for whom the guarantee was extended. The details for the last five years are given in **Table 1.29**.

Table 1.29: Guarantees given by the State Government

	(₹ in crore)

Source: Finance Accounts

During 2016-17, State Government extended guarantees of ₹ 361 crore. However, commission against this guarantee was not received by the Government. According to the Sikkim Government Guarantee Act, 2000 (Act No. 21 of 2000), the ceiling on the

total outstanding Government Guarantees as on the first day of April shall not exceed thrice the State's tax receipt of the second preceding year which was within the limit in the State.

Off-budget borrowings

The borrowings of the State Government are governed by Article 293(1) of the Constitution of India. In addition to the contingent liabilities, the State Government also extended guarantees against loans availed of by Government Companies/Corporations. These Companies/Corporations borrowed funds from the market/financial institutions for implementation of various State plan programmes envisaged from outside the State budget. Funds for those programmes were to be met out of resources mobilised by those Companies/Corporations outside the State budget but in reality the borrowings of those concerns ultimately turn out to be the liabilities of the State Government termed 'off-budget borrowings' and the Government had to repay the loans availed of by those Companies/Corporations including interest through regular budget provision under capital account.

State Government had not resorted to any off-budget borrowings during 2016-17.

1.10.5 Analysis of Borrowings of Government

Analysis of borrowings of the Government revealed that as on 1 April 2016, an amount of ₹ 3,716.91 crore was outstanding towards various loans and advances. Further, during the year 2016-17, there was an addition of ₹ 1,088.02 crore and payment/discharge of ₹ 467.65 crore with closing balance of ₹ 4337.28 crore as on 31 March 2017. The increase in total outstanding loans and advances at the end of the year was 16.69 per cent. An interest of ₹ 308.90 crore was also paid by the Government on various loans and advances. Details are given below:

1.10.6 Inoperative Reserve Funds

As mentioned under Paragraph 1.10.3, the Government was maintaining reserve funds. However, no reserve fund was found inoperative.

1.11 Debt management

Efficient debt management is an essential part of cash management. Inefficiencies either way can lead to higher interest costs, whether it is accumulation of cash due to unnecessary borrowings or availing of ways and means advances. With reduced fiscal deficit, it is essential that State follows the practice of borrowing on requirement rather than on availability.

Apart from the magnitude of the debt of the State Government, it is important to analyse various indicators that determine the debt sustainability of the State. The debt sustainability is defined as the ability of the State to maintain a constant debt-GDP ratio over a period of time and also embodies the concern about the ability to service its debt. Sustainability of debt, therefore, also refers to sufficiency of liquid assets to meet current or committed obligations and the capacity to keep a balance between costs of additional borrowings and returns from such borrowings. It means that rise in fiscal deficit should match the increase in capacity to service the debt.

Debt sustainability

Debt sustainability is generally measured in terms of level of debt, primary deficit and interest cost in relation to nominal GSDP. The ratio of interest payment to Revenue

Receipts is also used to measure debt sustainability. In this section, assessment of the sustainability of public debt is made using observation variables.

1.11.1 Debt-GSDP Ratio

The trend in the debt-GSDP Ratio is an important indicator which signifies sustainability of the Public Debt. In the State, debt-GSDP Ratio increased from 22.60 *per cent* during 2014-15 to 24.78 *per cent* during 2016-17. Debt-GSDP Ratio for the year 2016-17 was higher than the recommended target (20.09 *per cent*) of XIV FC as shown in **Table 1.31**.

Table 1.31: Debt-GSDP Ratio

Year	Total debt*	GSDP	XIV FC recommendation (%)		Debt-GSDP (%)
	(₹ in crore)		All States	Sikkim	
2014-15	3,481.44	15,406.71	24.30	21.29	22.60
2015-16	3,961.14	16,953.83	21.90	20.63	23.36
2016-17	4,671.18	18,851.83	22.06	20.09	24.78

* Total debt includes Public debt, Small Saving, Provident Fund, Reserved Fund and Deposit.

1.11.2 Interest payment

The trend in the interest payment (IP)-Revenue Receipts (RR) ratio is another important indicator which measures sustainability of the Public Debt. In the State, IP-RR ratio was 6.05 *per cent* during 2012-13 which increased to 7.04 *per cent* during 2016-17.

Table 1.32: Ratio of interest payment to Revenue Receipts

Year	Revenue Receipts (RR) (₹ in crore)	Growth over previous year (%)	Interest payment(IP) (₹ in crore)	Growth over previous year (%)	IP/RR (%)
2012-13	3,288.36	14.49	198.92	4.24	6.05
2013-14	3,893.54	18.40	209.16	5.15	5.37
2014-15	4,087.64	4.99	239.55	14.53	5.86
2015-16	3,784.29	(-) 7.42	262.07	9.4	6.93
2016-17	4,610.30	21.83	324.39	23.78	7.04

1.11.3 Buoyancy of assets to liabilities

The ratio of assets to aggregate fiscal liabilities could be considered a surrogate measure of quality of its application of borrowed funds. **Table 1.33** shows the buoyancy of assets with respect to liabilities.

Table 1.33: Buoyancy of Assets to Liabilities

(₹ in crore)

Year	Aggregate fiscal Liabilities	Aggregate Assets	Ratio of Assets to Liabilities	Annual Growth of Liabilities	Annual Growth of Assets	Buoyancy of Assets to Liabilities
2012-13	3,344.97	7,584.26	2.27	5.83	14.58	2.50
2013-14	3,633.88	8,741.65	2.41	8.64	15.26	1.77
2014-15	4,161.62	10,000.39	2.40	14.52	14.40	0.99
2015-16	4,869.20	10,847.67	2.23	17.00	8.47	0.50
2016-17	5,495.45	12,296.15	2.24	12.86	13.35	1.04

The growth rate of assets was higher than growth rate of liabilities during 2012-13 to 2013-14 and during 2016-17. However, it was lower during 2014-15 and 2015-16.

1.11.4 Sufficiency of incremental non-debt receipts

Another indicator of debt sustainability is the adequacy of incremental non-debt receipts of the State to cover the incremental interest liabilities and incremental primary expenditure. Debt sustainability could be facilitated if the incremental Non-Debt Receipts could meet the incremental interest burden and the incremental primary expenditure. Negative resource gap indicates non-sustainability of debt while positive resource gap indicates sustainability of debt. The details for the last five years have been indicated in **Table 1.34**.

Table 1.34: Indicator of incremental Non-Debt Receipts

(₹ in crore)						
Sl. No.		2012-13	2013-14	2014-15	2015-16	2016-17
1	Incremental Non-Debt Receipts	374.87	605.20	194.06	(-)302.85	826.00
2	Incremental Interest Payments	8.09	10.24	30.39	22.52	62.32
3	Incremental Primary Expenditure	252.22	582.31	386.13	(-)80.85	157.46
	<i>Resource gap</i>	114.56	12.65	(-)222.46	(-)244.52	606.22

Source: Finance Accounts

The resource gap had remained positive during 2010-14 but during 2014-15 and 2015-16, it became negative but it became positive again during 2016-17.

1.11.5 Net availability of borrowed funds

Debt sustainability also depends on the ratio of debt redemption (principal plus interest payments) to total debt receipts and application of available borrowed funds. The ratio of debt redemption to debt receipts indicates the extent to which the debt receipts are used in debt redemption indicating the net availability of borrowed funds. The net availability of borrowed funds during 2016-17 was positive and funds were available for meeting productive expenditure.

1.11.6 Maturity profile

The maturity profile of outstanding stock as on 31 March 2017 showed that 39.82 per cent of the loans were in the maturity bucket of less than seven years as shown in **Table 1.35**.

Table 1.35: Maturity profile

Maturity profile of State Public Debt (in years)	Year of maturity	Amount (₹ in crore)	Percentage

The Public Debt of the State Government as on 1 April 2016 was ₹ 2,969.05 crore with addition during the year 2016-17 of ₹ 783.34 crore. After discharging/re-payment of loan amount of ₹ 246.26 crore during the year (excluding an interest payment of ₹ 253.14 crore), there was a closing balance of ₹ 3,506.13 crore as on 31 March 2017. Details of the same are summarised in the table below:

Source: Finance Accounts

The State Government had been contributing ₹ 12 crore per annum to the Sinking Fund (**Paragraph 1.10.3**) which had a balance of ₹ 350.56 crore at the end of March 2017. It was, therefore, evident that the funds shall be insufficient to clear the future liabilities. State Government may consider enhancing its contribution to the fund to enable them to clear future liabilities.

1.11.7 Cost of Borrowings

Cost of borrowings means interest and other costs incurred by an enterprise in connection with the borrowing of funds which *prima-facie* also includes cost of establishment which is deployed exclusively for borrowing of funds and their repayments.

The Finance, Revenue and Expenditure Department (FRED) was responsible for obtaining borrowings for State Government and their repayments. Though FRED was having a separate loans Wing which had been dealing with all loans and advances taken by the Government as well as by the employees of the State Government, FRED was not maintaining any record regarding the cost of establishment of borrowings taken for the Government. However, interest paid on various Public Debt of the State Government during the period 2014-15 to 2016-17 was as under:

Table 1.37: Trends of Public Debt of the State Government

(₹ in crore)

Sl. No.	Description of the debt	2014-15		2015-16		2016-17

	TOTAL (1+2)	2,510.30	185.33	2,969.06	67.89	3,506.13	253.14

Source: Finance Accounts

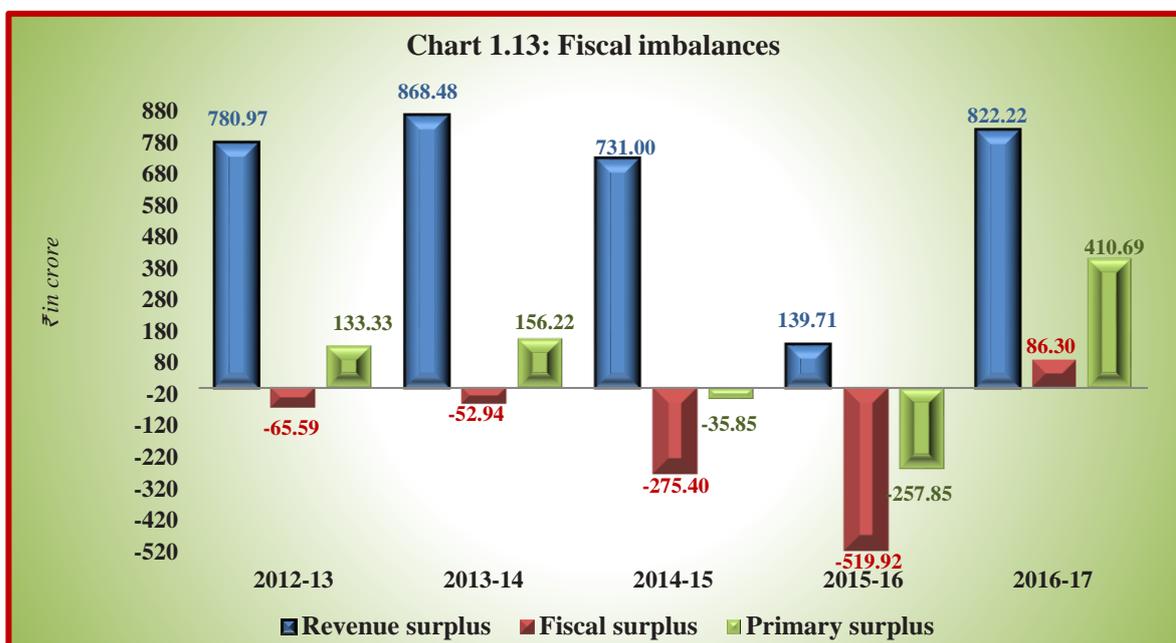

From the above table it can be seen that at the end of the year 2014-15, Public Debt of the State Government was ₹ 2,510.30 crore which increased to ₹ 3,506.13 crore at the end of the year 2016-17. The cost of borrowings in terms of interest payment for the year 2014-15 was ₹ 185.33 crore which increased to ₹ 253.14 crore during the year 2016-17 with average cost of borrowings of ₹ 168.79 crore during the period 2014-17.

1.12 Fiscal imbalances

Three key fiscal parameters –Revenue, Fiscal and Primary Deficits- indicate the extent of overall fiscal imbalances in the finances of the State Government during a specified period. The nature and quantum of deficit is an indicator of the prudence of fiscal management of the Government. Further, the ways in which the deficit is financed and the resources raised and applied are important pointers to fiscal health. This section presents the trends, nature, magnitude and the manner of financing these deficits and also the assessment of actual levels of revenue and fiscal deficit vis-à-vis targets set for the financial year 2016-17.

1.12.1 Trends in deficit

Charts 1.13 presents the trends in deficit indicators over the period 2012-17.

Revenue surplus

Revenue surplus represents the difference between Revenue Receipts and Revenue Expenditure. Revenue surplus helps to decrease borrowings.

The State continued to attain revenue surplus during all the years, i.e., from 2012-13 to 2016-17 with fluctuating trends. Revenue surplus increased by ₹ 682.51 crore (488.52 per cent) during 2016-17 as compared to the previous year.

Fiscal deficit

Fiscal deficit normally represents the net incremental liabilities of the Government or its additional borrowings. The shortfall could be met either by additional Public Debt (internal or external) or by the use of surplus funds from Public Accounts. Fiscal deficit trends along with the trends of the deficit relating to key components are indicated in **Table 1.38**.

Table 1.38: Fiscal deficit and its parameters

Source: Finance Accounts

There was Fiscal surplus during 2016-17.

Primary deficit

While fiscal deficit represents the need for additional resources in general, a part of such resources may be needed to finance interest payments. Interest payments represent the expenditure of past obligations and are independent of current allocative priorities. To look at the imbalances of the current nature, these payments need to be separated and deducted from the total imbalances. The primary deficit and its parameters for the last five years are indicated in **Table 1.39**.

Table 1.39: Primary deficit and its parameters

There were primary surplus during 2012-13 and 2013-14 and primary deficit was recorded during 2014-15 and 2015-16 and again there was primary surplus during 2016-17.

1.12.2 Components of fiscal deficit and its financing pattern

The financing pattern of fiscal deficit has undergone a compositional shift as reflected in **Table 1.40**. Decomposition of fiscal deficit reveals the extent of various borrowings resorted to by the State to meet its requirement of funds over and above Revenue and Non-Debt Receipts.

Table 1.40: Components of fiscal deficit and its financing pattern

The components of fiscal deficit are revenue surplus, net Capital Expenditure and net loans and advances, The State had been attaining revenue surplus, which financed the fiscal deficit till 2015-16 along with market borrowing, loans from GoI etc. The Fiscal deficit of ₹ 519.92 crore in 2015-16 turned to fiscal surplus of ₹ 86.30 crore in 2016-17.

The entire Capital Expenditure could be financed by revenue surplus during 2016-17.

1.12.3 Quality of deficit/surplus

The ratio of revenue deficit to fiscal deficit and the decomposition of primary deficit into primary revenue and Capital Expenditure (including loans and advances) indicate the quality of deficit in the State's finances. The ratio of revenue deficit to fiscal deficit indicates the extent to which borrowed funds are used for current consumption. Further, persistently high ratio of revenue deficit to fiscal deficit also indicates that the asset base of the State is continuously shrinking and a part of borrowings (fiscal liabilities) are not

having any asset backup. The bifurcation of the primary deficit (**Table 1.41**) indicates the extent to which the deficit was on account of enhancement in Capital Expenditure which might be desirable to improve the productive capacity of the State's economy.

Table 1.41: Primary deficit/surplus-Bifurcation of factors

Non-Debt Receipts of the State were enough to meet the primary expenditure requirements in the revenue account. But, the Non-Debt Receipts were not enough to meet the expenditure requirements under capital account resulting in primary deficit during 2014-16.

1.13 Follow up

The preparation of Standalone Report of the State Finances started in 2008-09 and the Reports for the years 2009-10 and 2010-11 had been discussed by the Public Accounts Committee (PAC). PAC recommended to follow the recommendations as contained in the report of the Comptroller and Auditor General of India on State Finances for 2009-10. In the case of the report for the year 2010-11 the PAC stated that it would appreciate prudent financial management mechanism and persistent planning may be required wherever there is need to do so.

1.14 Conclusion and Recommendations

Surplus/deficit

The fiscal position of the State viewed in terms of key fiscal parameters-revenue surplus, fiscal deficit, primary deficit, etc., indicated that the State had been able to maintain revenue surplus during the last five years and fiscal surplus during 2016-17. Revenue surplus recorded increase (₹ 682.51 crore) during the year as compared to the previous year. This was due to increase in Revenue Receipts by 21.83 per cent (₹ 826.01 crore) and increase in Revenue Expenditure by 3.94 per cent (₹ 143.50 crore) during 2016-17 as compared to 2015-16. Further, fiscal deficit of ₹ 519.92 crore during 2015-16 turned to fiscal surplus of ₹ 86.30 crore during 2016-17.

Revenue Receipts

Revenue Receipts increased by ₹ 826.01 crore (21.83 per cent) from ₹ 3,784.29 crore in 2015-16 to ₹ 4,610.30 crore in 2016-17. During 2016-17, 76.05 per cent of the Revenue Receipts was from GoI as Central transfers in the form of State's share of taxes and

Grants-in-aid contributions while only 23.95 *per cent* revenue was collected from State's own sources (i.e. Tax and Non-Tax Revenue).

The State exceeded the target set by XIV FC in respect of Non-Tax Revenue by ₹ 154.64 crore but fell short of target in respect of Tax Revenue by ₹ 223.44 crore in 2016-17. Further, the State succeeded in achieving the target set as per budget estimates in respect of Tax Revenue and Non-Tax Revenue.

Expenditure

During 2016-17 the Total Expenditure increased by 5.10 *per cent* from ₹ 4,305.59 crore in 2015-16 to ₹ 4,525.37 crore during 2016-17. Revenue Expenditure constituted 83.71 *per cent*, Capital Expenditure constituted 15.92 *per cent* and loans and advances constituted 0.37 *per cent* of Total Expenditure during 2016-17. The expenditure on Social and Economic Sectors, which are considered as Development Expenditure, accounted for 65.80 *per cent* in 2016-17. Capital Expenditure increased by ₹ 86.31 crore (14 *per cent*) over the previous year.

There were 413 incomplete projects (estimated cost ₹ 1,404.81 crore) as on 31 March 2017 in which an expenditure amounting to ₹ 717.78 crore had been incurred, out of which 353 works were due to be completed by 31 March 2017.

Though Capital Expenditure increased, the State needs to ensure effective implementation of the schemes/works and devise effective monitoring mechanism to avoid the incidences of time over run.

Fiscal Correction Path

Revenue surplus was higher than budget proposal and the target fixed by XIV FC. There was Fiscal surplus during 2016-17. Ratio of total outstanding debt of the Government to GSDP was, however, higher than the target fixed by XIV FC and budget proposal.

Fiscal Liabilities

Fiscal liabilities of the State increased by ₹ 626.25 crore (12.86 *per cent*) from ₹ 4869.22 crore in 2015-16 to ₹ 5495.45 crore in 2016-17. The growth rate of outstanding fiscal liabilities which was 17.00 *per cent* in 2015-16 decreased to 12.86 *per cent* in 2016-17. The buoyancy of the liabilities with respect to GSDP during the year was 1.15 indicating that for each one *per cent* increase in GSDP fiscal liabilities grew by 1.15 *per cent*. The debt-GSDP Ratio for the year was higher than the recommended target of XIV FC.

Investment and Returns

The return from investments was only 2.06 *per cent* during 2016-17 and some of the Companies/Corporations were incurring recurring loss.

State Government may review the working of the units which were incurring losses and take appropriate action to avoid further financial burden on the Government.

CHAPTER-II: FINANCIAL MANAGEMENT AND BUDGETARY CONTROL

CHAPTER II FINANCIAL MANAGEMENT AND BUDGETARY CONTROL

2.1 Introduction

2.1.1 Appropriation Accounts are accounts of the expenditure, voted and charged, of the Government for each financial year compared with the amounts of the voted grants and appropriations charged for different purposes as specified in the schedules appended to the Appropriation Acts, passed by the Legislature. These accounts list the original budget estimates, supplementary grants, surrenders and re-appropriations distinctly and indicate actual Capital and Revenue expenditure on various specified services *vis-à-vis* those authorised by the Appropriation Act in respect of both charged and voted items of the budget. The Appropriation Accounts, thus, facilitate management of finances and monitoring of budgetary provisions and are, therefore, supplementary to Finance Accounts. In Sikkim, no Budget Manual containing the procedures for preparation of the estimates of budget, subsequent action in respect of the budget communication, distribution of grants, watching the progress of revenue and control over expenditure, etc. had been laid down.

2.1.2 Audit of appropriation by the Comptroller and Auditor General of India (CAG) seeks to ascertain whether expenditure actually incurred under various grants was within the authorisation given under the Appropriation Act and that the expenditure required to be charged under the provisions of the Constitution of India was so charged. It also ascertained whether the expenditure so incurred was in conformity with law, relevant rules, regulations and instructions.

2.2 Summary of Appropriation Accounts

2.2.1 Summarised position of expenditure and provision

The summarised position of actual expenditure during the year 2016-17 against 47 grants/appropriations is given in **Table 2.1**.

Table 2.1: Summarised position of actual expenditure vis-à-vis Original/Supplementary provision

There were overall savings of ₹ 1,796.94 crore in 45 grants and two appropriations. However, there were no excess under Capital/Revenue Section.

The savings/excess were intimated (07 July 2017) to the Controlling Officers requesting them to explain the significant variations. Out of 298 sub-heads, explanations in respect of only 17 savings and nil excess were received upto 31 July 2017 and the balance 281 were received after 31 July 2017.

2.3 Financial accountability and budget management

2.3.1 Excess over provision relating to previous years requiring regularisation

As per Article 205 of the Constitution of India, it is mandatory for a State Government to get the excess over a grant/appropriation regularised by the State Legislature. Although no time limit for regularisation of expenditure had been prescribed under the Article, the regularisation of excess expenditure is done after the completion of discussion of the Appropriation Accounts by the Public Accounts Committee (PAC). Appropriation Accounts upto 2010-11 had been discussed by the PAC. However, excess expenditure amounting to ₹ 83.99 crore for the years 2010-2016 had not been regularised (March 2017). The year-wise amount of excess expenditure pending regularisation for grants/appropriations is summarised in **Table 2.2**.

2.3.2 Appropriation vis-à-vis allocative priorities

The outcome of the appropriation audit revealed that in 32 cases, savings exceeded ₹ one crore in each case and also by more than 20 per cent of total provision (**Appendix 2.1**). Against the total savings of ₹ 1,796.94 crore in the State, savings of ₹ 1,040.23 crore (57.89 per cent)¹ occurred in 7 cases relating to 7 grants as indicated in **Table 2.3**.

Savings were mainly due to i) Non surrender of funds by the implementing departments, (ii) Non-receipt of funds from Government of India (GoI), iii) Less release of Central Fund, and iv) Non-approval of scheme by GoI.

2.3.3 Persistent savings

In eleven cases, during the last five years, there were persistent savings of more than ₹ one crore in each case and also by 10 per cent or more of the total grant (Table 2.4).

Savings were mainly due to (i) Delay in implementation of schemes (ii) Non-release of funds by GoI and (iii) Progress of work not achieved.

2.3.4 Rush of expenditure

According to the Sikkim Financial Rule (SFR), rush of expenditure in the closing month of the financial year should be avoided. Contrary to this, the State Government incurred an expenditure of ₹ 1,062.25 crore (i.e., 22.26 per cent of the total expenditure) in March 2017, out of which, ₹ 352.16 crore (7.38 per cent of the total expenditure of the year) was spent on the last day i.e., 31 March 2017.

In 28 Major Heads under 19 grants/appropriation, an expenditure of ₹ 410.71 crore during the month of March 2017 ranged between 50 and 100 per cent of the total expenditure as given in **Appendix 2.2**. In eleven cases, 100 per cent of the total provision for the year 2016-17 was incurred in March, which was contrary to the aforesaid provision.

2.3.5 Unnecessary supplementary provision

Supplementary provision aggregating ₹ 374.18 crore obtained in 31 cases (20 revenue grants and 11 capital grants) (₹ 10 lakh or more in each case) during the year proved unnecessary as the expenditure did not come up to the level of original provision as detailed in **Appendix 2.3**.

2.3.6 Substantial surrenders

Substantial surrenders (the cases where more than 50 per cent of total provision was surrendered) were made in respect of 81 sub-heads on account of either delay in implementation of schemes/programmes or non-receipt of funds from GoI. Out of the total provision amounting to ₹ 1,087.11 crore in those 81 sub-heads, ₹ 910.29 crore (83.73 per cent) constituting 13.86 per cent of total budget provision (₹ 6,569.09 crore) were surrendered, which included 100 per cent surrender in 28 sub-heads (₹ 94.96 crore). The details of such cases are given in **Appendix 2.4**.

2.3.7 Anticipated savings not surrendered

As per SFR, the spending departments are required to surrender the grants/appropriations or portion thereof to the FRED as and when the savings are anticipated. At the close of the year 2016-17, there were, however, three grants/appropriations in which savings occurred but no part of which had been surrendered by the concerned departments. The amount involved in those cases was ₹ 17.72 crore (0.99 per cent of the total savings) as indicated in **Table 2.5**.

Table 2.5: Details of anticipated savings not surrendered

(₹ in lakh)			
Sl. No.	Grant No.	Name of grant/appropriation	Savings
1	18	Information Technology	1,563.00
2	26	Motor Vehicles	37.26
3	37	Sikkim Nationalised Transport	172.02
Total			1,772.28

Further, in 12 grants/appropriations (with savings of ₹ one crore and above in each case), out of total savings of ₹ 627.66 crore, only ₹ 425.65 crore were surrendered leaving ₹ 202.01 crore (47.46 per cent) un-surrendered, details of which are given in **Appendix 2.5**. Besides, in 75 cases, (surrender of funds in excess of ₹ one crore or more), ₹ 627.15

crore (**Appendix 2.6**) was surrendered (major departments involved were Development, Planning, Economic Reforms and North Eastern Council; Social Justice, Empowerment and Welfare; Rural Management and Development and Land Revenue and Disaster Management) on the last two working days of March 2017 indicating inadequate financial controls and also the fact that those funds could not be utilised for other development purposes.

2.3.8 Pendency in submission of Detailed Contingent (DC) Bills against Abstract Contingent (AC) Bills

As per SFR, every drawing and disbursing officer has to certify in each abstract contingent bill that detailed bills for all contingent charges drawn by him prior to the first of the current month have been forwarded to the respective controlling officers for countersignature and transmission to the Accountant General. The total amount of DC bills received during the period 2012-17 was ₹ 240.53 crore against the amount of AC bills of ₹ 306.84 crore (₹ 144.23 crore (OB) + ₹ 162.61 crore) leading to an outstanding balance of DC bills of ₹ 66.31 crore as on 31 March 2017 as given in the following table:

Table 2.6: Details of AC Bills

(₹ in crore)

Year	Opening Balance	Addition during the year	Total amount of AC bills	Amount of adjustment (DC bills)	DC bills as percentage to AC bills	Outstanding AC bills

Total		162.61		240.53		

Source: Voucher Level Computerisation data of Office of the Sr. Deputy Accountant General (Accounts & Entitlement).

Department-wise pending DC bills for the years up to 2016-17 are detailed in **Appendix 2.7**. As would be seen from the Appendix, the main defaulting departments were Social Justice, Empowerment and Welfare (₹ 6.03 crore); Food Security and Agriculture Development (₹ 4.52 crore); Health Care, Human Services and Family Welfare (₹ 2.73 crore); Home (₹ 2.87 crore); Labour (₹ 4.86 crore); Horticulture and Cash Crops Development, (₹ 7.33 crore); Police (₹ 3.09 crore) and Personnel, Administrative Reforms, Training, Public Grievances, Career Options and Employment Skill Development and Chief Minister's Self Employment Schemes (₹ 5.19 crore).

Non-submission of DC bills for long periods after drawing the AC bills is fraught with the risk of misappropriation and, therefore, needs to be monitored closely. It may also be mentioned that the expenditure, having already been booked as such in the books of accounts, distorts the magnitude of expenditure. Besides, quality of the same also remained unascertained.

2.3.9 Review on pendency in submission of DC bills in Horticulture and Cash Crops Development Department

An examination by audit of the advances granted and their subsequent adjustment in respect of Drawing and Disbursing Officer (DDO) of the Horticulture and Cash Crops

Development Department as per the voucher level computerisation data maintained by the Office of the Senior Deputy Accountant General (Accounts & Entitlement), Sikkim showed that ₹ 7.33 crore drawn towards various advances, viz. Contingency and Medical were lying unadjusted for prolonged period. However, the figure as provided by the Department showed only ₹ 5.97 crore as of March 2017. The year wise pendency of advances is given in the following table:

Table 2.7: Details of Advances

Year	Contingency Advance for Supply/implementation of Scheme (Amount in ₹)	Medical Advance/ Travelling allowance advance(Amount in ₹)	Total (Amount in ₹)

Source: Departmental figures

Test check of records of DDO of Horticulture and Cash Crops Development Department revealed the following:

- i) Sub-Para 7.16 and 7.17 of Para 7 below Rule 227 of SFR states that ‘The Controlling Officer/DDO of the Department/Office shall obtain the copy of statement regularly from PAO and should verify from his records kept in the Advance Register and reconcile with the PAO monthly and Office of the Accountant General, Sikkim at the time of reconciliation of accounts or dates fixed by that office’ and ‘After reconciliation with the Office of the Accountant General, Sikkim, a certificate of reconciliation and adjustment effected is to be obtained by the Department for record and references’.

In spite of the above rule provision, advances were lying un-adjusted for long periods without any reasons on record.

Besides, the following irregularity was also noticed:

- The outstanding advances shown in the records of the Senior Deputy Accountant General (Accounts & Entitlement), Sikkim was ₹ 7.33 crore as of March 2017, however, this did not match with the amount of ₹ 5.97 crore reflected in the departmental records leading to a difference of ₹ 1.36 crore.
- ii) Rule 20 (5) of Sikkim Services (Medical Facilities) Amendment Rules, 2007 states that ‘The amount of advance should be adjusted against the claim for reimbursement of expenditure as admissible under these rules and the balance, if any, recovered from the pay of the Government Servant concerned in ten equal monthly instalments’.

- It was observed in audit that the Department neither initiated any action to adjust the advances nor did the Government servant submit the final bills to adjust the medical advances amounting to ₹ 4.00 lakh pertaining to the years 2015-16 and 2016-17 till the date of audit (September 2017).
- iii) Sub-Para 7.6 of Para 7 below Rule 227 of SFR, 1979 stipulates ‘The Advance Register should be reviewed by the Head of Department/Office at frequent intervals to ensure that the advances do not remain outstanding for more than the period stipulated for settlement. The Controlling Officer should ensure that every effort is made to get the work done or supplies completed against the advances expeditiously’.
- However, it was observed in audit that the Advance Register was never examined by the Head of the Department/Office to ensure that the advances do not remain outstanding for more than the period stipulated for settlement and to monitor the submission of detailed bills there-against. Further, the Department had produced Advance Registers to Audit only from 2009-10 onwards. Hence, in the absence of Advance Register prior to the period 2009-10, the possibility of settlement of an unrecorded outstanding advance is remote.
- During 2014-15 the Department had drawn advances amounting to ₹ 4.32 crore ranging from 77 to 94 *per cent* of the total provision on 31st March i.e., the last day of the financial year to prevent the lapse of budget so that it may be utilised in the succeeding years. The details are given in the **Table 2.8** below:

Table 2.8: Advances drawn on 31st March

Sl.no	Name of the Scheme	Budget Provision (in ₹)	Voucher no /Date	Amount (in ₹)	Percentage of Expenditure
1	Cymbidium orchid distribution at 18 constituencies	3,40,00,000	6146/31.3.2015	3,21,21,000	94 %
2	Water Harvesting and Irrigation in Sikkim Mandarin (NEC)	1,45,00,000	6254/31.3.2015	1,11,22,380	77%
			Total	4,32,43,380	

Source: Departmental figure

The payment of advances on the last day/month of any financial year to avoid the lapse of budgetary provision is highly irregular. This is not only in violation of the provisions of the Sikkim Financial Rule 28 but also against the prudent practice of accounting.

Thus, non-adherence of the Rule, non-compliance with instructions and certification of bill without due diligence and lack of follow-up action by the DDO concerned and also by the Head of Department had resulted in accumulation of outstanding advances amounting to ₹ 7.33 crore. Not settling of advances within the scheduled of period indicate deficient financial management and lack of effective control over expenditure by the Controlling Officers.

2.4 Contingency Fund

The Contingency Fund of the State had been established under the Contingency Fund Act, 1957 in terms of provision of Articles 267(2) and 283(2) of the Constitution of India. Advances from the fund are to be made only for meeting expenditure of an unforeseen and emergent character, postponement of which till its authorisation by the Legislature would be undesirable. The fund is in the nature of an imprest and its corpus is ₹ one crore. Funds drawn out of Contingency Fund are subsequently recouped to the fund through supplementary provisions.

During the financial year 2016-17, an amount of ₹ 31.00 lakh was given to the Election Department out of the fund which had not been recouped during the current financial year.

2.5 Outcome of review of selected grants

2.5.1 Grant No. 16 – Commerce and Industries Department

An audit examination of the budgetary procedure and control over expenditure for the period 2012-13 to 2016-17 in respect of Grant No. 16–Commerce and Industries Department, Government of Sikkim was conducted. Audit findings are given below:

2.5.1.1 Summarised position

The summarised position of actual expenditure against grants during 2012-13 to 2016-17 in respect of Grant No. 16 – Commerce and Industries Department is given in **Table 2.9**.

Figures in brackets indicate percentage of savings/excess to total provision

The analysis of actual expenditure against the grants received revealed the following:

2.5.1.2 Unnecessary/excessive supplementary provision

Savings in a grant or appropriation indicate that the expenditure could not be incurred as estimated and planned. It was noticed that supplementary grants of ₹ 5.50 lakh (2014-15), ₹ 78.26 lakh (2015-16) and ₹ 29.88 lakh (2016-17) under the Revenue Head were unnecessary as the final expenditure under these heads were within the original provision.

2.5.1.3 Persistent savings

Persistent savings in the grants were indicative of inaccurate budget estimation and a tendency of the concerned department to overestimate the requirement of funds. Persistent and substantial savings during 2014-15 to 2016-17 ranging from 15 to 37 per cent of the provision were noticed under Revenue Heads and percentage ranging from 01 to 26 under Capital Heads during the entire review period from 2012-13 to 2016-17 except 2015 -16 as detailed in the table above.

2.5.1.4 Surrender of fund less than actual saving

During the years 2014-15 and 2016-17 under Revenue Head, the amount surrendered was less than actual savings indicating lack of or inadequate budgetary control. As against savings of ₹ 3,365.43 lakh, the amount surrendered was ₹ 2,996.94 lakh, however, balance amount of ₹ 368.49 lakh was not surrendered indicating inadequate financial control.

2.5.1.5 Anticipated savings not surrendered

In terms of SFR, the spending departments are required to surrender the grants/appropriation or portion thereof to the FRED as and when the savings are anticipated. Audit analysis of Grant No- 16 revealed that despite the savings, no fund was surrendered in the following cases (**Table 2.10**):

2.5.1.6 Substantial savings

Budget is prepared based on the activities to be undertaken for a year and the provision of funds is made to discharge the payment thereto. Analysis of budget provision and actual expenditure for the period 2012-13 to 2016-17 covered under review revealed that in eight cases there were substantial savings (50 per cent and above) as detailed below (**Table 2.11**):

Table 2.11: Details of substantial savings

(₹ in lakh)

Year	Name of the scheme	Total grant	Actual expenditure	Savings	% of savings
2012-13	National Mission on Food Processing (NMFP) (CSS)	127.50	15.00	112.50	88
2013-14	Handmade paper unit at Melli – Other charges	8.86	00	8.86	100
2014-15	Production and Training Centre for Soft Toys	32.47	10.00	22.47	69

2016-17	Modernisation & Expansion of Govt. Food Pres. Fact – Major Works	10.00	00	10.00	100

The reasons for the savings were not on record.

2.5.1.7 Non-utilisation of funds

The estimates of expenditure should be as accurate as possible, an avoidable excess in an estimate is as much a financial irregularity as an excess in actual expenditure. Test check of sub-heads for detailed analysis revealed that the Department did not utilise the entire budget provision (more than ₹ one crore) and surrendered the budget allotment. Audit analysis on the review of the grant revealed that an amount of ₹ 348.62 lakh provided for various activities were not utilised as indicated below (**Table 2.12**):

Table 2.12: Details of non-utilisation of funds

(₹ in lakh)

Year	MH affecting the grant	Amount of grant
2013-14	Handmade paper unit at Melli	8.86

2016-17	Modernisation & Expansion of Govt. Food Pres.Fact – Major Works	10.00
	Total	348.62

Source: Detailed Appropriation Accounts

Reasons for non-utilisation of funds were neither on record nor furnished by the Department.

2.5.1.8 Excess over provision

Total excess amounting to ₹ 498.12 Lakh over authorisation from the Consolidated Fund of State during 2012-13 and 2013-14 is detailed below (**Table 2.13**):

Table 2.13: Details of Excess over provision

2.5.1.9 Rush of expenditure

As per Note 3 under Rule 84 of SFR, rush of expenditure, particularly in the closing month of the financial year, is to be regarded as a breach of financial propriety and should be avoided. Contrary to this, rush of expenditure during the closing month of the financial year was noticed in the grant under review as shown below (**Table 2.14**):

Table 2.14: Statement showing the rush of expenditure

Particular	(<i>₹ in crore</i>)				
	2012-13	2013-14	2014-15	2015-16	2016-17
Expenditure during April to December	18.52	20.96	31.44	32.02	32.24
Expenditure during January to February	5.20	2.22	5.69	3.97	7.14
Expenditure during March	3.71	4.83	7.86	15.12	6.38
(Percentage of Expenditure during March)	13.53	17.24	17.47	29.58	13.94
Total	27.43	28.01	44.99	51.11	45.76

Source: Departmental Figures

It can be seen from the above table that during the month of March the expenditure incurred by the Department ranged from 13.53 to 29.58 per cent.

2.6 Conclusion and Recommendations

The State Government had not brought out a Budget Manual detailing the procedures for preparation of budget estimates, realisation of revenue, control over expenditure etc. Against the total provision of ₹ 6,569.09 crore during 2016-17, an expenditure of ₹ 4,772.15 crore was incurred. This resulted in an unspent provision of ₹ 1,796.94 crore (27.35 per cent). Excess expenditure of ₹ 83.99 crore during 2010-11 to 2015-16 required regularisation under Article 205 of the Constitution of India. While supplementary provision of ₹ 374.18 crore in 31 cases was unnecessary, in 75 cases, ₹ 627.15 crore was surrendered on the last two working days of the financial year. An amount of ₹ 66.31 crore drawn during 2012-17 as advances remained unsettled distorting the amount of expenditure being shown as such.

A Budget Manual should be prepared immediately enumerating detailed procedures for better financial management.

The budget should be more realistic and cases of persistent non-utilisation of funds, excessive provision of funds should be avoided.

CHAPTER-III: FINANCIAL REPORTING

CHAPTER III FINANCIAL REPORTING

A sound internal financial reporting system based on compliance with financial rules is one of the attributes of good governance. The chapter provides an overview and status of compliance of the departments of the State Government with various financial rules, procedures and directives during the current year.

3.1 Failure to submit Utilisation Certificate

Rule 116 (1) of the Sikkim Financial Rules (SFR) stipulates that every grant made for a specific object is subject to implied condition: (i) that the grant shall be spent upon the object within a reasonable time of one year from the date of issue of the letter sanctioning grant and (ii) that any portion of the amount which is not ultimately required for expenditure upon that object shall be duly surrendered to Government. Utilisation Certificates (UCs) outstanding beyond the specified periods indicates absence of assurance on utilisation of the grants for needed purposes and the expenditure shown in the accounts to that extent cannot be treated as final. The status of outstanding UCs as per the records of the Accountant General (AG), Sikkim is given below:

Table 3.1: Outstanding Utilisation Certificates

Year	Number of UCs awaited	Amount (₹ in crore)
Upto 2014-15	2,923	224.76
2015-16	182	112.02
2016-17	344	141.64
Total	3449	478.42

Source: Finance Accounts

It can be seen from the above table that there were 3,449 UCs amounting to ₹ 478.42 crore as on 31st March 2017. Out of this, 3,105 UCs for ₹ 336.78 crore were outstanding as 344 UCs for ₹ 141.64 crore pertaining to 2016-17 were not due as per Rule 116 (1) (i) of the SFR mentioned above.

Through the instrument of UCs, the Grantor obtains assurance about proper utilisation of the funds placed at the disposal of the Grantee for the sanctioned purpose and gets a certificate from the Grantee for the sanctioned purpose and also gets a certificate from the Grantee that the intended list of works have been executed, the details of which are available with him/her. Any delay in furnishing UCs to the Grantor or an inaccuracy in such reporting essentially undermines the control mechanism designed to prevent the diversion and proper utilisation of grants.

3.1.1 Review of Grants-in-aid

A detailed review on utilisation of Grants-in-aid in Cultural Affairs and Heritage Department for the period 2012-13 to 2016-17 revealed the following:

3.1.1.1 Pendency in submission of Utilisation Certificates

Sikkim Financial Rules 110 to 116 lay down various procedures to be followed at the time of sanctioning grants-in-aid to any authority or body which *inter alia* including that while sanctioning grants the specific terms and conditions for utilisation of such grant should be indicated. Thereafter it is incumbent upon the grantor Department to watch over the utilisation of grants so released by obtaining utilisation certificates.

Utilisation Certificates (UCs) pending in respect of Cultural Affairs and Heritage Department were 104 valuing ₹ 130.90 lakh as on 31st March 2017. However, as per the records of the Office of the Senior Deputy Accountant General Sikkim (A&E), the position of outstanding UCs was 155 amounting to ₹ 182.00 lakh as on 31st March 2017. Hence, there was a difference of 51 UCs amounting to ₹ 51.91 lakh. Prima facie it appeared that the Department had not forwarded the UCs amounting to ₹ 51.91 lakh to the Office of the Senior Deputy Accountant General Sikkim (A&E) as illustrated below:

Table 3.2: Statement showing pending utilisation certificates

(₹ In lakh)

Sl. No.	Year	Total Grants released		Utilisation Certificates outstanding (Departmental figures)		Utilisation Certificates outstanding (A&E Office figure)		Difference

	Total	1314	1227.10	104	130.90	155	182.00	51	51.1

Sources: Department and Sr. DAG (A & E) Office

The pendency of submission of UCs was mainly due to non-adherence to the instructions as stipulated in the Sikkim Financial Rules and lack of follow-up action to be taken by the Department.

Test check of records (June 2017) relating to pendency in submission of UCs of Cultural Affairs and Heritage Department, Government of Sikkim, Gangtok revealed the following irregularities:

Rule 111 (1) of the SFR states that ‘unless in any case Government directs otherwise, every order sanctioning a grant shall indicate whether it is recurring or non-recurring in nature and specify the object for which it is given and the conditions, if any, attached to the grants.

Test check of records revealed that the grants were neither indicated as recurring nor as non-recurring in nature. The Department had not imposed any condition on the Grantee for utilisation of the funds and the grants were released without any forwarding letter laying down any conditions attached thereto for timely submission of the UC, and purpose for which it was released. The receipts of the cheque for grants were simply obtained in a payment voucher.

Notification No. 10/CA & HD dated 8 October 2012 of Cultural Affairs and Heritage Department, Government of Sikkim in respect of Grants-in-aid stipulates that (i) Utilisation Certificate should be submitted within three months from the date of issue of Cheque and no future grant shall be released without obtaining the UCs for the grant so received in cases of grants for recurring festivals. (ii) Grants-in-aid shall be granted only to Registered Organisations/Clubs/Religious Institutions recognised by the Government of Sikkim and to those individuals excelling in the field of Art and Cultural activities. A copy of the Memorandum and Articles of Association and necessary credential in case of individual applicant should be submitted to the Department.

Test check of records revealed that 12 grantee units submitted their 12 UCs after a lapse of six months to two years from the date of receipt of grants during 2014-15 to 2016-17. Besides, the Department released 68 Grants-in Aid valuing ₹ 19,33,100 to 61 unregistered Organisations/Clubs/Religious Institutions during 2014-15 to 2016-17, out of which, Department had released grants to seven unregistered Organisations twice during 2014-15 and 2015-16.

Watch Register is an important register to keep a watch and control on release of grants and their utilisation. The Department had maintained the said register from 2017-18 (September 2017) only. However, the Watch Register did not have the column for due date for submission of UCs. Consequently, the Department could not keep a watch on the UCs.

3.2 Non-submission/delay in submission of accounts

In order to identify new institutions which attract audit under Sections 14 and 15 of the Comptroller and Auditor General’s (Duties, Powers and Conditions of Service) Act 1971, the State Government/Heads of the Departments are required to furnish to Audit every year detailed information about the financial assistance given to various institutions, the

purpose of assistance granted and the total expenditure of the institutions. None of the departments could submit the same though specifically called for.

The substantially funded Autonomous Bodies/Authorities are required to submit their annual accounts for audit by the CAG under the provision *ibid*. A total of 67 annual accounts of 31 Autonomous Bodies/Authorities for the period from 2009-10 to 2016-17 had not been received by the AG till September 2017 as detailed in **Appendix 3.1**. The age-wise delay in years is detailed in the table below:

Table 3.3: Statement showing age-wise non-furnishing of accounts

Sl. No.	Range of delays in number of years	Total number of accounts
1	5 and above	14
2	3-5	16
3	1-3	24
4	0-1	13
	Total	67

In the absence of finalisation of accounts and their subsequent audit, it could not be ensured whether the grants and expenditure have been properly accounted for and whether the purpose for which the grants were provided have actually been achieved.

3.3 Status of submission of accounts of autonomous bodies/Statutory Corporations and placement of Audit Reports before the State Legislature

The audit of accounts of five¹ bodies in the State has been entrusted to the CAG. Those are audited with regard to their transactions, operational activities and accounts by conducting regulatory/compliance audit, review of internal management and financial controls, and review of systems and procedures.

Out of the five bodies, one had not submitted its accounts for the period ranging from 2013-14 to 2016-17 and two for the period from 2015-16 to 2016-17 as detailed in **Appendix 3.2**.

The audit of accounts of two bodies in the State has been entrusted to the CAG for which Separate Audit Report (SARs) are prepared for placement before the Legislature.

¹ (i) Sikkim Legal Services Authority (SLSA)
(ii) Sikkim Housing and Development Board
(iii) Sikkim State Electricity Regulatory Commission (SSERC)
(iv) Sikkim Milk Union
(v) Sikkim State Co-operative Supply and Marketing Federation (SIMFED)

SARs upto 2012-13 of State Legal Services Authority (SLSA) had been placed before the State Legislature while the SARs for 2014-15 and 2015-16 were issued on 11 December 2016 and 16 December 2016 respectively to the Government they had not been placed in the State Legislature.

SAR of Sikkim State Electricity Regulatory Commission (SSERC) for the year 2015-16 was issued to Government on 12 April 2017 but has not yet been placed before the Legislature. The details in this regard are given in **Appendix 3.3**.

3.4 Departmental Commercial Undertakings

The Departmental Undertakings of certain Government departments performing activities of commercial and quasi-commercial nature are required to prepare pro forma accounts annually in the prescribed format showing the working results of financial operations so that the Government can assess their working. The finalised accounts of departmentally managed commercial and quasi-commercial undertakings reflect their overall financial health and efficiency in conducting their business. In the absence of timely finalisation of accounts, the investment of the Government remained outside the scrutiny of the Audit/State Legislature. Consequently, corrective measures, if any required, for ensuring accountability and improving efficiency cannot be taken up in time. Besides, the delay may also open the system to risk of fraud and leakage of public money.

The Heads of departments in the Government are to ensure that the undertakings prepare and submit such accounts to the AG for audit within a specified timeframe. The position of arrears in preparation of proforma accounts by the two undertakings are given below:

Table 3.4: Arrears in finalisation of proforma accounts and Government investment in departmentally managed commercial and quasi-commercial Undertakings

Sl. No	Name of the Undertakings	Accounts finalised upto	Investment as per the last accounts finalised (₹ in crore)
1	Government Fruit Preservation Factory (GFPF), Singtam	2010-11	1.48 ¹

1. As on 31 March 2011, Operational fund ₹ 29239900 + Fixed Assets Fund ₹ 881951 + Local fund ₹ 100000 - Profit and Loss Accounts ₹ 15425583

2. As on 31 March 2014, General fund ₹ 6623531 + Revolving fund ₹ 15667563 + Plan fund ₹ 4000000 + Fund payable to GoS ₹ 15582712

3.5 Misappropriation, losses, etc.

There were four cases of misappropriation involving Government money amounting to ₹ 10,26,340 in respect of Transport Department at the end of 2016-17 where the final action was pending. The break-up of pending cases and age-wise analysis of misappropriation are as under:

Table 3.5: Profile of pending cases of misappropriation, loss, defalcation, etc

Age –profile of the pending cases			Status

3.6 Reconciliation of expenditure and receipts

To enable the controlling officers to exercise effective control over expenditure and to keep the expenditure within the budget grants and ensure accuracy of their accounts, expenditure recorded in their books have to be reconciled every month during the financial year with those recorded in the books of the AG.

Reconciliation had been completed for all Revenue and Capital Expenditure heads (₹ 4508.37) and Revenue Receipt heads (₹ 4610.30 crore) during 2016-17.

3.7 Conclusion and Recommendations

During the year 2016-17, all the COs reconciled the Government receipts and expenditure with the figures in the books of the AG.

However, the practice of not furnishing UCs in a timely manner against grants received, not furnishing of detailed information about financial assistance given to various institutions and not submitting of accounts by 31 Autonomous Bodies/Authorities as per time lines indicated that financial rules were not complied with. There were also delays in placement of SARs to Legislature.

There is a need to ensure that the Audit Reports of the Autonomous Bodies are placed in the Legislature on time and UCs are submitted by the recipient of grants within the prescribed time.

Structure of Government Accounts

(Reference: Paragraph 1.1)

The accounts of the State Government are kept in three parts viz., Consolidated Fund, Contingency Fund and Public Account

Part I: Consolidated Fund: All revenues received by the State Government, all loans raised by issue of treasury bills, internal loans and all moneys received by the Government in repayment of loans shall form one Consolidated Fund entitled the Consolidated Fund of the State established under Article 266 (1) of the Constitution of India.

Part II: Contingency Fund: Contingency Fund of the State established under Article 267(2) of the Constitution is in the nature of an impress placed at the disposal of the Governor to enable him to make advances to meet urgent unforeseen expenditure, pending authorisation by the Legislature. Approval of the Legislature for such expenditure and for withdrawal of an equivalent amount from the Consolidated Fund is subsequently obtained, whereupon the advances from the Contingency Fund are recouped to the fund.

Part III: Public Account: Receipts and disbursements in respect of certain transaction such as small savings, provident funds, reserve funds, deposits, suspense, remittances etc., which do not form part of the Consolidated Fund, are kept in the Public Account set up under Article 266(2) of the Constitution and are not subject to vote by the State Legislature.

List of terms used in Chapter I and basis for their calculation

Terms	Basis of calculation
Buoyancy of a parameter	
Buoyancy of a parameter (X) with respect to another parameter	Rate of Growth of the parameter (X)/Rate of Growth of the parameter (Y).
Rate of Growth (ROG)	$(\text{Current year Amount}/\text{Previous year Amount} - 1)*100.$
Average	Trend of growth over a period of 5 years
Share shift/Shift rate of a parameter	Trend of percentage shares, over a period of 5 years, of the parameter in Revenue or Expenditure as the case may be.
Development expenditure	Social Services+ Economic Services
Interest received <i>as per cent</i> to loans outstanding	$\text{Interest received}/[(\text{opening balance} + \text{closing balance of loans and advances})/2]*100.$
Revenue deficit	Revenue receipt - revenue expenditure.
Fiscal deficit	Revenue Expenditure + Capital Expenditure + Net Loans and Advances - Revenue Receipts - Miscellaneous Capital Receipts.
Primary deficit	Fiscal deficit - Interest payments.
Balance from current revenue (BCR)	Revenue receipts <i>minus</i> plan grants and non-plan revenue expenditure excluding debits under 2048 - Appropriation for reduction or avoidance of debt.
Compound Annual Growth Rate (CAGR)	The compound annual growth rate is calculated by taking the n th root of the total percentage growth rate, where n is the number of years in the period being considered. $\text{CAGR} = [\text{Ending Value}/\text{Beginning Value}]^{(1/\text{no. of years})} - 1$
GSDP	GSDP is defined as the total income of the State or the market value of goods and services produced using labour and all other factors of production at current prices.
Buoyancy ratio	Buoyancy ratio indicates the elasticity or degree of responsiveness of a fiscal variable with respect to a given change in the base variable. For instance, revenue buoyancy at 0.7 implies that revenue receipts tend to increase by 0.7 percentage points, if the GSDP increases by one <i>percent</i> .

Terms	Basis of calculation
Core Public and Merit goods	<p>Core public goods are which all citizens enjoy in common in the sense that each individual's consumption of such goods lead to no subtractions from any other individual's consumption of that goods, e.g. enforcement of law and order, security and protection of our rights; pollution free air, other environmental good, road infrastructure etc. Merit goods are commodities that the public sector provides free or at subsidised rates because an individual or society should have them on the basis of some concept of need, rather than ability and willingness to pay the Government and therefore wishes to encourage their consumption. Examples of such goods include the provision of free or subsidised food for the poor to support nutrition, delivery of health services to improve quality of life and reduce morbidity, providing basic education to all, drinking water and sanitation, etc.</p> <p>"The analysis of expenditure data is disaggregated into developmental and non-developmental expenditure. All expenditure relating to Revenue Account, Capital Outlay and Loans and Advances is categorised into social services, economic services and general services. Broadly, the social and economic services constitute developmental expenditure, while expenditure on general services is treated as non-developmental expenditure</p>
Debt Sustainability	<p>The Debt sustainability is defined as the ability of the State to maintain a constant debt- GSDP ratio over a period of time and also embodies the concern about the ability to service its debt. Sustainability of debt therefore also refers to sufficiency of liquid assets to meet current or committed obligations and the capacity to keep balance between costs of additional borrowings with returns from such borrowings. It means that rise in fiscal deficit should match with the increase in capacity to service the debt.</p>
Non-debt receipts	<p>Adequacy of incremental non-debt receipts of the State to cover the incremental interest liabilities and incremental primary expenditure. The debt sustainability could be significantly facilitated if the incremental non-debt receipts could meet the incremental interest burden and the incremental primary expenditure.</p>
Net availability of borrowed funds	<p>Defined as the ratio of the debt redemption (principal+ interest payments) to total debt receipts and indicates the extent to which the debt receipts are used in debt redemption indicating the net availability of borrowed funds.</p>
