

PREFACE

This Report for the year ended 31 March 2010 has been prepared for submission to the President under Article 151 of the Constitution. The results of test audit of the financial transactions of the Central autonomous bodies under the various provisions of the Comptroller and Auditor General's (Duties, Powers and Conditions of Service) Act, 1971 are set out in this Report. This Report includes 34 paragraphs.

The audited organisations are autonomous bodies of varying character and discipline. These organisations are intended to perform certain specified services of public utility or to execute certain programmes and policies of the Government, essentially out of financial assistance from the Government. Such bodies and authorities include, Major Port Trusts, educational institutions and Prasar Bharati.

The cases mentioned in this Report came to notice in the course of test audit during the year 2009-2010.

OVERVIEW

General

Annual accounts of autonomous bodies

In 2009-10, there were 315 central autonomous bodies whose accounts were to be certified under Section 19(2) and 20(1) of the CAG's (DPC) Act 1971. Government of India released ₹ 35073.03 crore towards grants/loans to 262 central autonomous bodies during 2009-10. Information in respect of 11 central autonomous bodies was not furnished by the concerned ministries. Accounts for 2008-09 for 292 central autonomous bodies were to be made available for audit by 30 June 2009 and audited accounts were to be placed before the Parliament by 31 December 2009. Of these, accounts of 109 central autonomous bodies were submitted for audit within the stipulated time. The accounts of two central autonomous bodies were not submitted for audit by the concerned organisation as of December 2010.

(Paragraph 1.1)

Ministry of External Affairs

Indian Council for Cultural Relations (ICCR)

ICCR awarded the work of inaugural ceremony of “Festival of Russia in India” to a contractor at a cost of ₹ 55.05 lakh without following tendering process. The action of the Council thus resulted in undue favour to the contractor.

(Paragraph 2.1)

ICCR obtained approval of competent authority by including misleading information in the proposal submitted for approval for the publication of its journal, ‘Africa Quarterly’ resulting in irregular expenditure of ₹ 37 lakh during the period from February 2006 to December 2009.

(Paragraph 2.2)

Ministry of Health and Family Welfare

Department of Health

All India Institute of Medical Sciences (AIIMS)

AIIMS delayed due payment of ground rent for the land allotted to it by Land and Development Office on two occasions. This resulted in avoidable expenditure of ₹ 38.31 lakh towards interest paid due to belated payment of ground rent.

(Paragraph 3.1)

Ministry of Human Resource Development

Department of Higher Education

University of Hyderabad

University of Hyderabad suffered a loss of ₹ 2.21 crore due to extending undue benefit to the contractor by treating different works under one agreement as a composite project.

(Paragraph 4.4)

Department of School Education and Literacy

National Council of Educational Research and Training (NCERT)

NCERT failed to dispose of obsolete books within the stipulated time as per its weeding out policy. This resulted in incurring an extra expenditure of ₹ 1.41 crore by NCERT on hiring charges of godown space for the storage of these books.

(Paragraph 4.5)

Ministry of Information and Broadcasting

Prasar Bharati

Doordarshan failed to allot two vacant slots available under “Direct To Home” service of Doordarshan despite 38 requests pending from private channel providers. This led to a revenue loss of ₹ 1.80 crore.

(Paragraph 5.1)

Prasar Bharati failed to obtain the sanction of required staff before incurring expenditure on infrastructure for setting up of a local Radio Station at Dharampuri and this resulted in unfruitful expenditure of ₹ 82.20 lakh besides non-achievement of intended objective of broadcasting programmes of local events.

(Paragraph 5.2)

Prasar Bharati failed to timely re-invest fixed deposits amounting ₹ 1350 crore on maturity in five cases. This resulted in loss of interest of ₹ 51.09 lakh.

(Paragraph 5.3)

Ministry of Labour and Employment

Employees Provident Fund Organisation (EPFO)

The EPFO paid fixed medical allowance at enhanced rates to its pensioners in contravention of the Government's orders. This resulted in an excess expenditure of ₹ 24.48 lakh.

(Paragraph 6.1)

Ministry of Micro, Small and Medium Enterprises

Indian Institute of Entrepreneurship

Government money of ₹ 24.51 lakh was withdrawn fraudulently by withdrawing excess money over and above the sanctioned amount by altering the figures of passed bills during 2005-06 and 2006-07 due to lack of effective internal control mechanism in the Indian Institute of Entrepreneurship.

(Paragraph 7.1)

Khadi and Village Industries Commission (KVIC)

KVIC did not pursue recovery of loan of ₹ 2.02 crore outstanding for nine years resulted in blockage of funds besides postponement of recovery of interest of ₹ 90.89 lakh.

(Paragraph 7.2)

Ministry of Shipping

Chennai Port Trust (ChPT) and Visakhapatnam Port Trust (VPT)

ChPT and VPT incurred irregular expenditure of ₹ 7.56 crore on distribution of mementos to their employees, pensioners and others violating the instructions of the Government.

(Paragraph 8.1)

Chennai Port Trust (ChPT)

ChPT did not execute agreement with Dredging Corporation of India for engaging its floating crane for salvage operation and belatedly raised claim for hire charges of ₹ 3.07 crore resulting in non-realisation of revenue for more than three years and loss of interest of ₹ 80.59 lakh thereon.

(Paragraph 8.2)

Cochin Port Trust (CPT)

Cochin Port Trust failed to include the pre-stage operations conducted at the additional land allotted to the licensee as a part of project facilities and

services under existing license agreement. This resulted in loss of revenue of ₹ 2.53 crore due to non sharing of revenue earned by the licensee through pre-stage operations.

(*Paragraph 8.4*)

Jawaharlal Nehru Port Trust (JNPT)

JNPT constructed two incomplete road embankments at a cost of ₹ 5.32 crore before constructing the connecting evacuation road which did not serve the intended objective of easing traffic congestion at “Y” junction of the port. Improper planning resulted in an idle investment of ₹ 5.32 crore.

(*Paragraph 8.5*)

Kolkata Port Trust (KoPT)

The unjustified delays led to award of the work of replacing two existing Stacker-cum-Reclaimer tracks to the same contractor after 22 months due to which KoPT had to incur an avoidable cost escalation of ₹ 2.05 crore

(*Paragraph 8.6*)

Mumbai Port Trust (MbPT)

Despite authorization from Municipal Corporation of Greater Mumbai on the basis of three *per cent* commission on gross collection, MbPT failed to act as an agent of Municipal Corporation of Greater Mumbai for the collection and remittance of Octroi on the import of goods cleared through them, resulted in avoidable loss of revenue of ₹ 64.07 crore.

(*Paragraph 8.8*)

Ministry of Youth Affairs & Sports

Rajiv Gandhi National Institute of Youth Development

Rajiv Gandhi National Institute of Youth Development continued to pay House Rent Allowance and City Compensatory Allowance to its employees at Chennai rates even after the Institute was shifted to Sriperumbudur, an unclassified town which resulted in irregular excess expenditure of ₹ 67.11 lakh.

(*Paragraph 9.1*)

CHAPTER I : GENERAL

1.1 Annual accounts of autonomous bodies

1.1.1 Grants and loans released to Central autonomous bodies

Bodies established by or under law made by the Parliament and containing specific provisions for audit by the Comptroller and Auditor General of India are statutorily taken up for audit under Section 19(2) of the Comptroller and Auditor General's (Duties, Powers and Conditions of Service) Act 1971 (Act). Audit of other organisations (corporations or societies) is entrusted to the Comptroller and Auditor General of India in public interest under section 20(1) of the Act ibid. The nature of audit conducted under these provisions is certification of annual accounts as well as value for money audit. Besides, Central autonomous bodies, which are substantially financed by grants/loans from the Union Government, are audited by the Comptroller and Auditor General of India under the provisions of Section 14(1) and 14(2) of the Act ibid. Audit under these provisions is in the nature of value for money audit.

During 2009-10, the Ministries of the Union Government released grants/loans aggregating ₹ 40645.71 crore to 487 autonomous bodies. Of these, the Comptroller and Auditor General of India was the sole auditor in respect of 262 autonomous bodies to whom grants/loans aggregating ₹ 35073.03 crore were released during 2009-10. The details are given in **Appendix – I**. The Comptroller and Auditor General was also the sole auditor of another 42 Central autonomous bodies to whom no grant or loan was released during 2009-10. Information in respect of 11 bodies was not furnished by the concerned Ministries (**Marked at * in Appendix - I**).

As per the information furnished by various Ministries, grants/loans aggregating ₹ 5572.68 crore were released to 225 bodies during 2009-10 whose financial/certification audit was entrusted to private auditors. The details are given in **Appendix – II**. The compliance and performance audits of these bodies are the responsibility of the Comptroller and Auditor General of India.

The share of total central assistance released to all Central autonomous bodies in the form of the grant-in-aid out of the gross budgetary support made to the civil ministries /departments ranged from 0.55 *per cent* to 1.06 *per cent* during the last five years ending 31 March 2010 as shown in the table below:

Year	Amount of total central assistance to CAB during the year <i>(Rupees in crore)</i>	Gross Budgetary Support ¹ <i>(Rupees in crore)</i>	Percentage of central assistance to CABs with reference to gross budgetary support
2005-06	16189.34	1523189.46	1.06
2006-07	11500.49	2085164.02	0.55
2007-08	20057.54	2445865.08	0.82
2008-09	28397.88	3220867.31	0.88
2009-10	40495.41	4356312.43	0.93

It may be seen from the above table that while the amount of Central assistance to Central autonomous bodies as a percentage of the total gross budgetary support recorded a considerable decrease from 1.06 *per cent* in the year 2005-06 to 0.55 *per cent* in the year 2006-07, it registered an increasing trend in the years 2007-08 to 2009-10 when it increased from 0.82 *per cent* in the year 2007-08 to 0.93 *per cent* in the year 2009-2010.

Further analysis of the central assistance released to the Central autonomous bodies during the last five years, revealed that five Central autonomous bodies received grants of five *per cent* or more in each case of the total central assistance to all Central autonomous bodies as given in the following table:

Year	Total central assistance to all Central Autonomous Bodies <i>(Rupees in crore)</i>	Amount of Central assistance to the Central Autonomous Body <i>(Rupees in crore)</i>					Percentage of assistance to the Body with reference to the total central assistance to all Central Autonomous Bodies				
		ICAR	UGC	PB	CSIR	NVS	ICAR	UGC	PB	CSIR	NVS
2005-06	16189.34	1839.00	1176.61	1078.02	1453.49	721.85	11.36	7.28	6.66	8.98	4.46
2006-07	11500.49	2174.59	1321.33	1133.68	1522.82	8.19	18.91	11.49	9.86	13.24	0.07
2007-08	20057.54	2230.43	1836.34	1093.27	1863.70	1104.80	11.12	9.16	5.45	9.29	5.51
2008-09	28397.88	2870.47	2514.00	1218.94	2356.20	1549.87	10.11	8.85	4.29	8.30	5.46
2009-10	40495.41	3242.32	3195.91	1440.71	2666.44	1676.20	8.00	7.89	3.56	6.58	4.14
Total	116640.66	12356.81	10044.19	5964.62	9862.65	5060.91	37.11				
Grand Total											
Percentage of total assistance to five ABs with reference to the total central assistance to all ABs											

It may be seen from the table that the aforesaid five Central autonomous bodies alone had availed 37.11 *per cent* of the total central assistance to all the Central autonomous bodies during the last five years ending 31 March 2010.

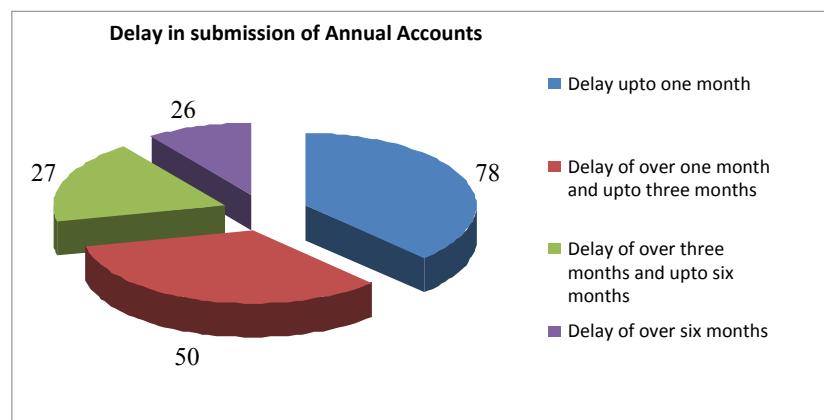

¹ Source: Appropriation accounts – Union Government (Civil) for the respective years

It was further observed that out of the total grant of ₹ 43289.18 crore during the years 2005-06 to 2009-10, the unspent balance at the end of the respective years was ranging from ₹ 48.50 crore to ₹ 584.07 crore.

1.1.2 Delay in submission of accounts by Central autonomous bodies

The Committee on Papers Laid on the Table of the House recommended in its First Report (5th Lok Sabha) 1975-76 that after the close of the accounting year every autonomous body should complete its accounts within a period of three months and make them available for audit and that the Reports and the audited accounts should be laid before the Parliament within nine months of the close of the accounting year.

For the year 2008-09, audit of accounts of 292 Central autonomous bodies was to be conducted by the Comptroller and Auditor General of India. Out of these, the accounts of 109 autonomous bodies only, were made available for audit within the prescribed time after the close of the financial year. While the accounts of two autonomous bodies were not submitted as of December 2010, the accounts of 181 autonomous bodies were furnished after the due date as indicated in the following chart:

The details of autonomous bodies whose accounts were delayed beyond three months and those in respect of which accounts were not received as of December 2010 are given in **Appendix - III**.

1.1.3 Arrears in submission of accounts

Two autonomous bodies have not submitted their accounts for several years ranging between four and twenty years (**Appendix - IV**).

Due to non-submission of accounts and audit, it would not be possible to provide reasonable assurance as to whether:

- Grants received, if any were utilized in accordance with the prescribed rules for the intended purpose;
- receipts were correctly assessed, received and accounted for;
- a proper system was in place for investment of surplus funds and unspent balances;
- creation of liabilities was legitimate and provisions were made for all known liabilities and losses;
- assets and other resources were in existence; and
- accounting records were accurate and complete.

This would indicate lack of financial reporting system and lack of control over these autonomous bodies.

Thus, non-submission of accounts by the autonomous bodies not only contravened the provisions of the Act but was also fraught with the possibility of fraud and mismanagement.

1.2 Delay in presentation of audited accounts of Central autonomous bodies before both the Houses of Parliament

The audited accounts of Central autonomous bodies audited by the Comptroller and Auditor General of India are required to be presented to Parliament within nine months i.e. by 31 December of the following financial year. The Committee on Papers Laid on the table of the House, in its First Report (1975-76), had recommended that the audited accounts of the autonomous bodies be laid before the Parliament within nine months of the close of the accounting year.

Review of the status of laying of the audited accounts before the Parliament disclosed as under:

Year of account	Total number of bodies for which audited accounts were issued but not presented to Parliament	Total number of audited accounts presented after due date
2008-09	12*	29**
2009-10	80	2

* includes 1 case of 2006-07 and 4 cases of 2007-08

**includes 2 cases of 2006-07 and 8 cases of 2007-08

It would, thus, be seen that a large number of audited accounts had not been placed before the Parliament within the prescribed time.

Statements containing the names of autonomous bodies, whose audited accounts had not been laid/laid after due dates before Parliament are included in **Appendix – V** and **Appendix – VI**.

1.3 Utilisation Certificates

As per Financial Rules, certificates of utilization of grants in respect of grants released to statutory bodies/organizations are required to be furnished within 12 months from the closure of the financial year by the bodies/organizations concerned. Ministry/Department-wise details indicating the position of the total number of 31243 outstanding utilization certificates involving an amount of ₹ 25272.94 crore in respect of grants released up to March 2009 due by March 2010 (after 12 months of the financial year in which the grants were released) are given in **Appendix - VII**. Ministry of External Affairs, Ministry of Social Justice and Empowerment, Ministry of Railways, Ministry of Culture, Ministry of Home Affairs, Ministry of Women and Child Development, Ministry of Development of North-Eastern Region and Dadar & Nagar Haveli Administration did not furnish the information of outstanding utilization certificates.

Out of the total number of 11623 utilisation Certificates amounting to ₹ 20767.57 crore awaited from 10 major Ministries /Department at the end of March 2010, 7855 certificates amounting to ₹ 6591.29 crore related to grants released up to March 2008 as shown below:

Utilisation Certificates outstanding as on 31 March 2010

(Rupees in crore)

Sl. No.	Ministry/Department	For the period ending March 2009		For the period ending March 2008	
		Number	Amount	Number	Amount
1.	Family Welfare	1767	6751.10	1407	2540.55
2.	Health	2508	3496.42	1630	1301.10

1.4 Results of certification of audit

Separate Audit Reports for each of the autonomous bodies audited under Section 19(2) and 20(1) of the Comptroller and Auditor General's (Duties, Powers and Conditions of Service) Act, 1971 are appended to the certified final accounts required to be tabled by Ministries in the Parliament. Some of the important comments which were issued to the central autonomous bodies/ Ministries concerned are stated below:

1.4.1 General comments:

- (a) Internal audit of 58 autonomous bodies as per **Annexure - I** was not conducted for the year 2009-2010.
- (b) Physical verification of the Fixed Assets of 83 autonomous bodies as per **Annexure - II** has not been conducted during the year 2009-2010.
- (c) Physical verification of the inventories of 62 autonomous bodies as per **Annexure - III** has not been conducted during the year 2009-2010.
- (d) 28 autonomous bodies as per **Annexure - IV** have not made investment of provident fund balances as per the pattern of investment prescribed by the Ministry of Finance.
- (e) 18 autonomous bodies as per **Annexure - V** are accounting for the grants on realization/cash basis which is inconsistent with the common format of accounts prescribed by the Ministry of Finance.
- (f) 41 autonomous bodies as per **Annexure - VI** have not accounted for gratuity and other retirement benefits on actuarial valuation basis
- (g) No Depreciation on fixed Assets has been provided by 22 autonomous bodies as per **Annexure - VII**.
- (h) 18 autonomous bodies have revised their accounts as a result of audit as per **Annexure - VIII**.

1.4.2 Significant observation on the accounts of individual central autonomous bodies

(a) Chennai Port Trust

Statutory Reserve - ₹ 911.62 crore

- (i) The Government had directed the Port to set up two statutory reserves viz. Capital Asset Replacement Reserve and Reserve for Development, Repayment of Loans & Contingencies with a minimum contribution of three *per cent* of Capital Employed in each reserve. The three *per cent* of the Capital

Employed for the year works out to ₹ 57.62 crore where as the amount transferred to the statutory reserves was ₹ 45.00 crore each which had resulted in short provisions of ₹ 25.24 crore (₹ 12.62 crore x 2) to the above statutory reserves.

Current liabilities & Provisions - ₹ 2185.62 crore

- (ii) As per actuarial valuation, the Gratuity Fund Corpus should be ₹ 207.38 crore against which Port has provided a liability of ₹ 136.07 crore as on 31 March 2010. This has resulted in understatement of Gratuity Fund and overstatement of Profit by ₹ 71.31 crore.
- (iii) Port has not got done the actuarial valuation of the earned leave encashment liability in contravention of Accounting Standard 15.

Income

Port and Dock Charges - ₹ 195.97 crore

- (iv) The above is understated by ₹ 4.54 crore due to non-transfer of port and dock charges (including pilotage) to Income account from “Deposits from Merchants, Contractors and Others” on accrual basis though the services to that extent have been completed before 31 March 2010 and the vessels were sailed out before that date and the final bills were prepared before approval of the Balance Sheet by the Board. This has resulted in overstatement of Deposits from Merchants, Contractors and Others by ₹ 4.54 crore and understatement of Profit before tax to that extent.

(b) Cochin Port Trust

Capital Work in Progress - ₹ 128.38 crore

- (i) This is overstated by ₹ 15.66 crore due to non-capitalization of works which had been completed and put to use two to four years back. Non capitalization also resulted in short provision for depreciation for the year ₹ 72.45 lakh and accumulated depreciation by ₹ 2.75 crore with resultant understatement of loss for the year and accumulated loss by ₹ 72.45 lakh and ₹ 2.75 crore respectively.

Loan and Advances – ₹ 164.60 crore

- (ii) This included ₹ 2.54 crore representing aggregate of advances granted to various Heads of Department for procuring materials/for specific activities and remaining unadjusted for more than 15 years for which no details are

available. Suitable adjustment should have been made to charge off the amount as expenditure under relevant heads of account.

(c) Kandla Port Trust

Fixed Assets - ₹ 729.73 crore

Fixed assets were overstated by ₹ 6.14 crore due to non-adjustment of cost of assets which have outlived their life and declared unserviceable.

(d) Kolkata Port Trust

Sundry Debtors - ₹ 1649.10 crore

(i) An amount of ₹ 3.49 crore was lying unadjusted in the head DPR fish harbour project at Roychowk under current assets for more than five years. This amount is stated to be recoverable from the Ministry of Agriculture, Govt. of India. However, Ministry of Agriculture had denied the liability. This amount should have been written off from the accounts. This has resulted in overstatement of sundry debtors by ₹ 3.49 crore and overstatement of profits to the same extent.

Expenditure - ₹ 1057.97 crore

(ii) An expenditure of ₹ 4.33 crore incurred for items of normal repairs has been shown as capital expenditure instead of revenue expenditure. This has resulted in understatement of revenue expenditure and overstatement of capital expenditure by ₹ 4.33 crore each.

(e) Mumbai Port Trust

Operating Income - ₹ 895.14 crore

The above did not include welfare charges amounting to ₹ 5.36 crore receivable from Hindustan Petroleum Corporation Limited (HPCL) relating to the period 2009-10. This had resulted into understatement of sundry debtors as well as Operating Income for the year by ₹ 5.36 crore.

(f) New Mangalore Port Trust

Pension Fund - ₹ 2.99 crore

According to the actuarial valuation done by the Life Insurance Corporation of India, there was a deficit of ₹ 4.34 crore in the Pension Fund as on 31 March 2010. As per AS-15, the entire deficit should have been provided in the books of account. This violation had resulted in short provision of ₹ 4.34 crore and

understatement of Finance and Miscellaneous expenditure and overstatement of net Surplus to the same extent.

(g) Tuticorin Port Trust

Expenditure

Contribution to Pension Fund and Gratuity Fund - ₹ 15.00 crore

The above head is under stated by ₹ 73.36 crore due to contribution of lesser amount than the actuarial valuation to Pension Fund (₹ 72.01 crore) and Gratuity Fund (₹ 1.354 crore). This has resulted in over statement of Net surplus before tax by ₹ 73.36 crore.

(h) Visakhapatnam Port Trust, Visakhapatnam

Sundry Creditors – ₹ 2.98 crore

(i) The Port had transferred an amount of ₹ 4.86 crore to Miscellaneous Receipts from Sundry Creditors inflating the income on the plea that these amounts represent incorrect DRRs which remained unclaimed for three years. The transfer was not supported by adequate evidence linking to original transactions. But for this injudicious transfer the port accounts would have depicted a net loss of over ₹ 3.00 crore instead of net profit.

Cargo Handling and Storage Charges - ₹ 132.62 crore

(ii) A Capital expenditure on design, manufacture, supply, erection and commissioning of one set of Apron Feeder for wagon tippler-150 at IOHP amounting to ₹ 1.65 crore was booked as revenue expenditure resulted in overstatement of above head, understatement of Fixed Assets and understatement of Net Surplus by ₹ 1.65 crore. Depreciation is understated by ₹ 8.23 lakh with corresponding overstatement of Net Surplus by equal amount.

(i) Insurance Regulatory and Development Authority

IRDA Fund - ₹ 8.93 lakh

The Insurance Regulatory and Development Authority Act, 1999 provides that all Government grants, fees and charges received by the Authority be credited to the Insurance Regulatory and Development Authority (IRDA) Fund after meeting its day-to-day expenses. The Authority showed surplus accumulated balances of ₹ 550.57 crore under the head “Surplus and Funds” instead of “IRDA Fund”. This resulted in understatement of IRDA Fund to the extent of ₹ 550.57 crore and overstatement of Surplus and Funds.

(j) Employees State Insurance Corporation

Medical Benefit –₹ 1626.93 crore

(i) This included ₹ 18.07 crore on account of purchase of medical equipment, inspection charges for establishment of its own medical colleges and related expenditure. This expenditure was of capital nature and the same should have been capitalized. This has resulted in understatement of Fixed Assets and overstatement of revenue expenditure by ₹ 18.07 crore.

(ii) The above also included ₹ 3.78 crore being cost of computers, furniture, office equipment etc. purchased during the year. Since this expenditure is of capital nature the same should have been capitalized. This has resulted into overstatement of administrative expenditure and understatement of fixed assets by ₹ 3.78 crore each.

(k) The Jute Manufactures Development Council

Current Assets - ₹ 41.77 crore

The Council under the project of JTM had incurred an expenditure of ₹ 7.64 crore as Working capital (*75 per cent* of the total working capital as per agreement) for establishment of Centre of Jute Machinery Development (CJMD), for a private company through Public Private Partnership. As per the agreement working capital would be recovered from the sale for the machinery developed. Since the amount was recoverable it should have been shown as Loan or Advance. However, the Council booked whole expenditure under the head ‘Expenditure under JTM Scheme-Machinery Development’. This had resulted in understatement of Current Assets and as well as Capital Funds by ₹ 7.64 crore.

(l) Employees Provident Fund Organization

Interest suspense Account (Schedule VI) - ₹ 16998.78 crore

(i) The above include total amount of ₹ 4671.83 crore available for crediting into EPF subscribers accounts as on 31 March 2010. However, it was observed that interest on 4.72 crore members’ accounts were yet to be credited and were pending as on 31 March 2010. The actual interest liability on 4.72 crore pending accounts was not ascertainable. In the absence of the same the adequacy of above balance of ₹ 4671.83 crore to meet the future interest liability for pending accounts cannot be verified in audit.

Annual valuation:

(ii) As per paragraph 32 of Employees Pension Scheme 1995, the Union Government is required to get annual valuation of the Employees' Pension Fund conducted by a Valuer appointed by it. The valuation report as on 31 March 2006 received from Valuing Actuary had not yet been adopted by the Central Board/Central Government and the annual valuation for the year 2007-08, 2008-09 and 2009-10 was yet to be conducted.

(m) Maulana Azad National Urdu University

Fixed Assets - ₹ 46.88 crore

Building worth ₹ 16.54 crore completed by CPWD and handed over to University was not capitalized pending receipt of final cost incurred by CPWD despite the fact that they were put to use before 31 March 2010.

(n) Export Inspection Agency

General

A mention was made in the Separate Audit Report for the year 2008-09 that EIA, Kolkata was incurring more than its income which has resulted in accumulation of Excess of Expenditure over Income amounting to ₹ 61.87 crore. The process by which this amount would be written off had neither been decided nor the fact thereof disclosed in the Accounts. Though the accumulation of excess of expenditure over income amounting to ₹ 67.58 crore was shown in the year 2009-10, the Agency neither took any action, by declaring the process by which this amount would be written off, nor disclosed the fact in the Accounts.

CHAPTER II : MINISTRY OF EXTERNAL AFFAIRS

Indian Council for Cultural Relations

2.1 Undue favour to contractor

The Indian Council for Cultural Relations awarded the work of inaugural ceremony of “Festival of Russia in India” to a contractor at a cost of ₹ 55.05 lakh without following tendering process.

The Indian Council for Cultural Relations (Council) organized (February 2008) an inaugural ceremony of “Festival of Russia in India” at the Purana Quila in Delhi. The work of stage set up, hiring of water tank, providing general lighting etc. for the ceremony was verbally awarded to M/s Modern Stage Services Pvt. Ltd. (Contractor) at a cost of ₹ 55.05 lakh. The Contractor started the work (February 2008) as per directions of the Council and demanded 50 *per cent* as advance payment. The Council paid ₹ 14.70 lakh as advance payment to the Contractor in February 2008 and the remaining amount was paid in March 2008.

Audit scrutiny revealed the following irregularities :

- I. The Council awarded the work without following tendering process which was in contravention to General Financial Rules (GFR).
- II. The Council did not execute a formal contract agreement with the Contractor clearly specifying its requirements, terms and conditions as stipulated in GFR.
- III. The Council paid ₹ 14.70 lakh to the Contractor as advance without taking precaution to safeguard government money in the form of bank guarantee from the Contractor as required under GFR.
- IV. The Council released final payment to the Contractor despite objections raised by the Finance & Accounts wing of the Council. The Finance & Accounts wing of the Council observed irregularities in the matter and advised the Council to seek the concurrence of the Additional Secretary (FA) of the Ministry. However, the Council made payment to the Contractor without referring the matter to the AS (FA).
- V. The invoice did not contain details of the material/services provided by the Contractor and rates charged there against. In the absence of item-

wise rates the reasonableness of the amount charged by the Contractor could not be ascertained in audit.

The Council stated (February 2009) that “Festival of Russia in India” was a very highly prestigious event and M/s. Modern Stage Services Pvt. Ltd. was the only agency empanelled and doing such big events for the Council. It further stated that there was no basis for referring the matter to AS (FA) as the Council is an autonomous institution and payment was within delegation of financial powers.

The reply is not acceptable as awarding work on the basis of past experience is not in consonance with GFR which stipulates that all government purchases should be made in a transparent, competitive and fair manner to secure best value for money. Further, AS (FA) of the Ministry happens to be the Financial Advisor of the Council and there was no question of breach of autonomy of the Council in obtaining his advice.

The matter was reported to the Ministry in November 2010; their reply was awaited as of February 2011.

2.2 Irregular expenditure

Indian Council for Cultural Relations obtained approval of competent authority by including misleading information in the proposal for work of publication of its journal, ‘Africa Quarterly’ to a private firm resulting in irregular expenditure of ₹ 37 lakh during the period from February 2006 to December 2009.

Indian Council for Cultural Relations (Council) signed (September 2005) a Memorandum of Understanding (MOU) with a private firm for generation of content, design and publication of ‘Africa Quarterly’, a premier publication brought out by Council at a cost of ₹ 10 lakh *per annum*. As per the proposal of Director General of the Council submitted (May 2005) to Vice-President of the Council for approval, the publisher was to generate revenue through mobilisation of advertisements for the journal and sale. It was proposed that the firm would lift 50 *per cent* of the printed copies at an introductory price of ₹ 50 per copy. The revenue earned was to be shared equally between the Council and the firm.

Audit scrutiny revealed that the terms and conditions relating to mobilization of revenue through advertisements and sale of journal were not included in the MOU signed with the firm. Non-inclusion of such terms and conditions resulted in not only financial loss to the Council but undue benefit to the firm

also. Further, the Council signed the MOU for a period of three years in contravention of the decision taken by Foreign Secretary/Vice-President of the Council (June 2005) wherein it was stipulated that the proposal would be for a trial period of one year and advised to review the situation after a year. However, the Council continued the MOU with the firm and a payment of ₹ 37 lakh had been made during the period from February 2006 to December 2009 on this account.

While admitting the discrepancy, the Management stated (August 2009) that the initial proposal for sharing the revenue and marketing the publication, as originally envisaged, was never implemented since no formal proposal was made by the firm. The proposal to include advertisement as well as to market the journal on a commercial basis and to share revenue was discussed verbally by the firm with the Council. It further stated that the services of the firm were continued as the Council was satisfied with the quality of the publication.

The reply of the Management is not acceptable as including the terms and conditions regarding mobilising advertisement, sale of journal and sharing the revenue in the proposal for approval without formal proposal from the firm, misled the competent authority. Obtaining the approval of competent authority on misleading information and non-implementation of approved proposal in toto has rendered the approval as void. Thus, incurring expenditure of ₹ 37 lakh by the Council against such approval resulted in irregular expenditure.

The matter was reported to the Ministry in November 2010; their reply was awaited as of February 2011.

**CHAPTER III : MINISTRY OF HEALTH AND FAMILY
WELFARE**

Department of Health

All India Institute of Medical Sciences

3.1 Avoidable payment of interest

All India Institute of Medical Sciences delayed payment of ground rent for the land allotted to it, which resulted in avoidable expenditure of ₹ 38.31 lakh towards interest.

The Land and Development office (LDO), Ministry of Works and Housing (now Ministry of Urban Development) allotted (August 1985) 16.5 acre of land to the Ministry of Health and Family Welfare for setting up a centralised accident and trauma centre under the aegis of All India Institute of Medical Sciences (AIIMS). Possession of 14.41 acres of land was handed over to the Ministry in January 1986 which was subsequently transferred in the name of AIIMS in November 1993. Consequent to transfer of land to AIIMS, LDO demanded (November 1993) annual ground rent of ₹ 7.25 lakh. AIIMS agreed to the demand of the LDO and deposited (December 1993) ₹ 7.25 lakh towards ground rent for the year 1993-94.

Audit observed that after 1993, AIIMS did not pay the ground rent. Consequently, the LDO raised (December 2001) a demand of ground rent amounting to ₹ 50.72 lakh for last seven years and the same was paid by AIIMS in December 2001. Thereafter, AIIMS again defaulted in making payment of ground rent on time. Consequently, the LDO raised (October 2002 and June 2009) demands for interest also for belated payment of ground rent. Though, AIIMS requested (October 2002) the LDO for waiver of interest on the grounds of non-availability of terms and conditions/lease agreement which was not agreed to and it had to pay (February 2010) an amount of ₹ 38.31 lakh towards interest for belated payment of ground rent. This resulted in avoidable expenditure on account of payment of interest.

AIIMS stated (December 2010) that the amount demanded by the LDO was deposited as per the direction of the Ministry.

The reply is not acceptable as the land was transferred in the name of AIIMS on the condition of payment of annual ground rent which was duly agreed by it. Had the timely payment of committed liability been made by AIIMS payment of interest of ₹ 38.31 lakh could have been avoided.

The matter was reported to the Ministry in November 2010; their reply was awaited as of February 2011.

**CHAPTER IV : MINISTRY OF HUMAN RESOURCE
DEVELOPMENT**

Department of Higher Education

Dr. B.R. Ambedkar National Institute of Technology, Jalandhar

4.1 Avoidable expenditure

Dr. B. R. Ambedkar National Institute of Technology, Jalandhar had been paying electricity duty to Punjab State Electricity Board despite its exemption on account of it being an establishment of the Central Government. The Institute paid ₹ 37.78 lakh during April 2004 to October 2009 on this account which was avoidable.

According to Article 287 of the Constitution of India, no law of a State should impose or authorize the imposition of tax on the consumption or sale of electricity (whether produced by a Government or other persons) which is consumed by the Government of India or sold to the Government of India for consumption by that Government. Further, Section 3(3)(a) and (b) of the Punjab Electricity Duty Act, 1958 also provides that offices and works of Central Government are exempted from the levy of electricity duty.

Audit scrutiny (January 2009) revealed that the Punjab State Electricity Board had been charging electricity duty (duty) on the electricity consumed by Dr. B.R. Ambedkar National Institute of Technology, Jalandhar. Though the Institute was exempted to pay the duty being an establishment of the Central Government, the Management failed to check the correctness of bills and paid electricity bills, including the duty which could be avoided. A test check of records revealed that the Institute paid ₹ 37.78 lakh to the Punjab State Electricity Board during April 2004 to October 2009 on account of electricity duty which was avoidable.

On this being pointed out by audit, the Institute took up (October 2009) the matter with the Punjab State Electricity Board for exemption of the duty.

The Institute stated (December 2010) that it had been exempted from payment of the duty from September 2009 and refund of the duty already paid prior to that period was yet to be received.

The matter was reported to the Ministry in August 2009; their reply was awaited as of February 2011.

Jamia Millia Islamia University

4.2 Under-recovery of medical contribution

Non-adoption of CGHS rates of medical contribution effective from 1 June 2009, for recovery of medical contribution from its beneficiary employees as per Jamia Medical Attendance Rules, Jamia Millia Islamia (JMI) suffered a revenue loss of ₹ 44.95 lakh due to under-recovery of medical contribution.

Jamia Medical Attendance Rules provides medical contribution by the beneficiary employees at par with the rates being charged by Central Government Health Scheme (CGHS) from the Central Government Employees from time to time for availing medical facilities. Accordingly, JMI was charging medical contribution from its beneficiary employees applicable as per Government of India's orders dated 20 May 1994. After implementation of the sixth pay commission, the Government of India revised the rates of monthly contribution for availing CGHS facilities by Central Government Employees effective from 1 June 2009.

Audit scrutiny revealed that despite upward revision of rates for medical contribution, JMI was charging the medical contribution from its 1676 beneficiary employees at old rates. Although, the issue was deliberated by the Academic Council of JMI in their Resolution No. 7 on 5 April 2010 wherein it was decided to obtain information from other sister universities in Delhi regarding the rates being charged by them, it, however, continued to charge medical contribution from its employees at old rates. As such, against the total contribution of ₹ 84.53 lakh recoverable at revised rates from these beneficiary employees during the period June 2009 to November 2010, JMI recovered ₹ 39.58 lakh at old rates resulting in under-recovery of medical contribution by ₹ 44.95 lakh.

Thus, due to non-implementation of the revised rates of medical contribution, JMI, not only suffered a loss of ₹ 44.95 lakh on account of under-recovery of medical contribution, but also deviated from the provisions of its own Medical Attendance Rules.

While accepting the audit observation (June 2010), JMI stated (December 2010) that the matter was under consideration of their Executive Council.

The matter was referred to the Ministry in August 2010; their reply was awaited as of February 2011.

National Book Trust

4.3 Penalty due to inaccurate assessment and delayed payment of licence fee

National Book Trust paid penalty of ₹ 30.51 lakh to Indian Trade Promotion Organisation due to improper planning and non-adherence to the terms and conditions of allotment of space for holding 18th New Delhi World Book Fair in February 2008.

In order to organize the 18th New Delhi World Book Fair, a regular biennial mega international event, proposed to be held on 2 to 10 February 2008, National Book Trust (NBT) requested (July 2005) India Trade Fair Organisation (ITPO) to reserve an approximate space of 40000 sq mtrs in Hall Nos. 1 to 14 of the Pragati Maidan along with related facilities for the period from 29 January to 11 February 2008. Accordingly, ITPO earmarked (January 2006) space of about 47810 sq mtrs in Hall Nos. 1 to 14 at the rates ranging from ₹ 72 to ₹ 171 per sq mtr per day. Against the total invoice value of ₹ 10.44 crore, ITPO demanded an advance licence fee of ₹ 52 lakh (*five per cent*) by 15 January 2006 which the NBT deposited on 31 March 2006. NBT finally hired a total space measuring 45692.70 sq mtrs for a period ranging from 9-14 days.

As per terms of booking, the licence fee was to be paid as per schedule¹, failing which an additional three *per cent* service charge was to be levied on the due amount for the period from due date and the actual date of payment. For cancellation/surrender of booked space, a penalty in the range of two to 100 *per cent* (depending upon the notice period calculated from the commencement of tenancy period) was leviable.

Audit examination revealed that NBT failed to adhere to the time schedule and made delayed payments due to which ITPO levied penalty of ₹ 20.98 lakh². Besides, NBT also reduced tenancy periods from two to three days in Hall Nos. 7 to 14 and surrendered Mezz of Hall Nos. 2 and 5 subsequently due to inaccurate assessment of requirement of space for which it had to pay penalty amounting to ₹ 9.53 lakh.

NBT stated (May 2009) that it had projected budgetary support of ₹ 3.50 crore in the non-plan budget of 2007-08 for the book fair but there was a delay in

¹(i) three *per cent* of total licence fee on allotment, (ii) five *per cent* of total licence fee - 12 months before the event, (iii) 22 *per cent* – six months before the event, (iv) 20 *per cent* – three months before the event and (v) 50 *per cent* – seven days before the event.

for facilities and services, payment to be made seven days in advance of tenancy

² (i) ₹ 89470 on ₹ 2982325 being due on 30.1.2006, (ii) ₹ 82586 on ₹ 2752867 being due on 30.1.2007, (iii) ₹ 154952 on ₹ 5165062 due on 30.7.2007, (iv) ₹ 677472 on ₹ 22582390 due on 30.10.2007 and (v) ₹ 1093676 on ₹ 36455857 due on 22.1.2008

release of funds by the Ministry which resulted in delayed payments. It further stated that though it wrote for surrender of Hall 7 C, it was, however, fully in possession and use by NBT during 29 January to 11 February 2008.

The reply is not acceptable as for an expenditure identified and committed in January and June 2006 respectively, the terms and conditions of payment of which was crystallized in December 2006, NBT sought additional funds of ₹ 3.50 crore from the Ministry in April 2007 followed by reminders after a gap of six months in June 2007 and thereafter again with a gap of another six months in January 2008. This indicated lack of pursuance despite being aware of the penal clauses for non-payment as per schedule. Further, requesting for cancellation of booking of Hall No. 7C on 22 January 2008 (just about seven days before the event) establishes the fact that the space was not required and the NBT had to keep it without requirement otherwise it had also to pay 100 *per cent* licence fee as penalty.

Thus, inaccurate assessment of the requirement of the space and lack of pursuance in seeking funds led to avoidable payment of penalty amounting to ₹ 30.51 lakh.

The matter was reported to the Ministry in August 2010; their reply was awaited as of February 2011.

University of Hyderabad

4.4 Undue favour to the contractor

University of Hyderabad suffered a loss of ₹ 2.21 crore due to extending undue benefit to the contractor by treating different works under one agreement as a composite project.

University of Hyderabad (UOH) awarded (March 2008) a work order to M/s RAMKY INFRASTRUCTURE LTD of Hyderabad for carrying out six different building works within the university campus. As per conditions of the tender documents forming part of the agreement, the compensation for price escalation was not allowed for a work with the stipulated period of completion of 18 months or less. Of the six works awarded under the agreement, the completion period of only one work was within 19 months whereas all the remaining five works were to be completed within a period of five to nine months commencing from fifteenth day of the date of issue of the work order.

It was noticed (March 2010) in audit that in contravention of the provisions of the agreement/tender documents, UOH allowed price escalation amounting to ₹ 2.21 crore on five works also, the stipulated period of completion of which

was in the range of five to nine months treating all different works as one project.

The UOH stated (August 2010) that the contractor wanted to withdraw after getting the work order due to increase in the price of steel and cement and that the Building Committee also recommended (February 2008 and February 2010) that escalation clause was applicable for the total value of the agreement. It, therefore, treated all the works as a composite project and concluded a single agreement.

The reply has, however, overlooked the fact that neither the Notice inviting Tender, nor the work order and the agreement mentioned the whole work as a composite project. All set of the above documents mentioned these works as six separate independent works with separate period of completion for each work. As such, signing single agreement for different works may not construe all works as a composite project. Moreover the provisions of the agreement/work order was also in consonance with the provisions of CPWD Manual which inter-alia stipulates that price escalation will not be applicable on contracts where completion period is 18 months or less.

Thus, UOH had suffered a loss of ₹ 2.21 crore due to extending undue benefit to the contractor by treating all the works under the agreement as a composite project and thereby allowing price escalation on works with completion period for less than 18 months in contravention of the provisions of CPWD Manual and also deviating with the terms of their own work order and tender documents.

The matter was referred to the Ministry in October 2010; their reply was awaited as of February 2011.

Department of School Education and Literacy

National Council of Educational Research and Training

4.5 Avoidable extra expenditure on storage of obsolete books

Due to non-disposal of obsolete books within the stipulated time as per its weeding out policy, National Council of Educational Research and Training had to incur an extra expenditure of ₹ 1.41 crore on hiring charges of godown space for the storage of these books.

National Council of Educational Research and Training (NCERT) is engaged in the process of publishing text books for children, guides for teachers and journals. In order to store these printed materials, it also hires godown space

from Central Warehousing Corporation (CWC) across the country. With the revision of curriculum the pre-revised printed materials becomes obsolete and accumulates at various godowns. According to the weeding out policy of NCERT, priced publications are required to be weeded out two years after the date of release and un-priced publications one year after the date of release.

Audit noticed that NCERT failed to dispose the obsolete printed material as per its own policy, the specific instances of which are given below:

- ⇒ executive committee of NCERT, on the recommendations of the publication division, declared (October 2004) text books worth ₹. 2.18 crore as obsolete. The Finance Committee being the competent authority for disposal of obsolete books approved the disposal of these books after a delay of more than four years in May 2009. Though NCERT invited tenders (October 2009) for disposal of obsolete books worth ₹ 1.71 crore³, the process of disposal was put on hold in March 2010 due to an internal enquiry regarding physical verification of the stock of books.
- ⇒ another lot of textbooks, teacher's guides and journals worth ₹ 16.75 crore was recommended (April 2008) for being declared as obsolete by a committee of Publication Department of NCERT. No follow up action was found to have been taken by NCERT as of date.

Of the total 12498.76 sq. mtrs storage space rented by NCERT in various CWC godowns across the country for the storage of its printed material, space measuring 2065 sq. mtrs. (16.52 *per cent*) was occupied by these obsolete books awaiting disposal. Rental charges for the period 2005-06 to 2009-10 for space occupied by these obsolete printed materials worked out to ₹ 1.41 crore which NCERT had to incur during the above period.

While confirming the facts, the management stated (October 2010) that (i) for the printed material declared obsolete in October 2004, shortfall noticed during verification of stocks had been referred to an enquiry committee for probing the incident of theft that took place on 19 May 2009 and the Finance Committee recommended (May 2010) deferment of the disposal of stock till the enquiry committee submit its report and (ii) for the second lot recommended in April 2008 for being declared as obsolete, the proposal for

³ Out of the obsolete books worth ₹ 2.18 crore, books worth ₹ 47 lakh were sold during 2004- to 2009

obtaining approval of Finance Committee for disposal of this lot was under process.

Thus, the fact remained that due to failure of the management to dispose of the obsolete printed material in timely manner as per weeding out policy, NCERT had to incur an avoidable extra expenditure of ₹ 1.41 crore on hire charges of the space occupied by these obsolete material during the period 2005-06 to 2009-10.

The matter was referred to the Ministry in November 2010; their reply was awaited as of February 2011.

4.6 Avoidable extra expenditure of ₹ 26.92 lakh

National Council of Educational Research and Training (NCERT) did not assign the work of transportation of books to its existing contractor and invited fresh tender which resulted in avoidable extra expenditure of ₹ 26.92 lakh.

NCERT was required to transfer a consignment of 7500 MT (approx.) of books from its existing rented godown located at sector 16 Noida to another godown located at sector 68 Noida as the former was acquired by Noida Authorities for handing over to Delhi Metro Rail Corporation. Accordingly, NCERT invited quotations through limited tenders and awarded (December 2009) the work to M/s Delhi Assam Roadways Corp. Ltd, New Delhi at a cost of ₹ 49.27 lakh for a quantity of 7500 MT (approx.) which worked out to ₹ 657 per MT.

Audit scrutiny (June 2010) revealed that NCERT maintained contracts with various transporters for its transportation requirements for different stations. Out of them, NCERT entered (May 2008) into an agreement with M/s Avneet Road Careers, Delhi for transportation of books and papers within Noida at a rate of ₹ 298⁴ per MT which was valid up to May 2010. But, NCERT did not ask M/s Avneet Road Careers, Delhi to carry out this job who was designated transporter for the job. However, NCERT approached another transporter, M/s New Navrang Roadways, New Delhi (not designated for transportation jobs within Noida) who was stated not to be in favour to accept the job in view of increased cost of diesel and labour. Thus, NCERT incurred extra avoidable expenditure of ₹ 26.92⁵ lakh by not assigning the job to the existing

⁴ ₹ 298 = ₹ 2684/ 9 MT

⁵ ₹ 26.92 lakh = 7500MT X (₹ 657 - ₹ 298)

contractor. Further, NCERT made payment of ₹ 49.27 lakh to the transporter without ascertaining the actual quantity of books transported.

NCERT stated (October 2010) that in the existing contract the delivery period in NCR⁶ was the same day and trucks of nine MT capacity were required whereas in the fresh tender the books were to be shifted immediately and more labourers were required for packing, loading, unloading and stacking of books. It further stated that the work of shifting of books from one godown to another was not a routine job and was a time bound job as the godown was to be handed over to Delhi Metro rail authorities. It also stated that the conditions of the tender documents were different.

The reply of the department is not acceptable as the nature of work relating to loading, unloading and stacking of books under both the contracts was identical and the existing agreement did not impose any restriction on number/capacity of trucks or labourers to be hired for carrying out the job. Further, despite knowledge of the work in November 2009, NCERT did not plan and schedule the job in advance by issuing the work order on existing contractor as per agreement. Thus, the decision of NCERT awarding the work at higher rates obtained through fresh tender despite existing agreement with lower rates resulted in avoidable expenditure of ₹ 26.92 lakh.

The matter was reported to the Ministry in November 2010; their reply was awaited as of February 2011.

⁶ National Capital Territory

CHAPTER V : MINISTRY OF INFORMATION AND BROADCASTING

Prasar Bharati

5.1 Loss of revenue of ₹ 1.80 crore

Due to non-allotment of two vacant slots available under “DTH” service of Doordarshan despite 38 requests pending from private channel providers, Prasar Bharati suffered a revenue loss of revenue of ₹ 1.80 crore.

Prasar Bharati operates direct to home (DTH) service by the name “DD Direct Plus” which is being used as a platform for broadcasting free to air television channels. Prasar Bharati allots slots to private channel providers for placing their channels on “DD Direct Plus” at an annual charge of ₹ 67.42 lakh¹ per slot.

Audit examination revealed that of the 40 slots available with Prasar Bharati for allotment to private channels, two slots remained vacant since December 2008 despite request from 38 private channel providers were pending with Prasar Bharati on that date. Of the two slots, one was later allotted (November 2009) to a private channel provider “Russia Today” whereas the second vacant slot was placed (September 2010) on DTH HDTV² channel.

Prasar Bharati, thus, suffered a revenue loss of revenue of ₹ 1.80 crore due to keeping their one slot vacant for a period of one year and another slot vacant for a period of 20 months by not allotting them in December 2008 despite 38 pending requests from the private channel providers as on that date. Reasons for keeping these slots vacant for the aforesaid periods were neither found on record nor provided by the management despite specific requests.

The matter was referred to the Ministry in September 2010; their reply was awaited as of February 2011.

5.2 Unfruitful expenditure

Infrastructure created at a cost of ₹ 82.20 lakh at Local Radio Station Dharmapuri remained unutilised for more than seven years due to non-posting of staff.

The concept of Local Radio Station (LRS) is to take radio programmes involving local events to the masses of local area and to function as the

¹ Carriage fee ₹ 60.00 lakh + service tax ₹ 7.42 lakh

² High Definition TV

mouthpiece of local community. Accordingly, the Director General, All India Radio (DG, AIR), New Delhi proposed (September 1997) to establish an LRS at Dharmapuri which included, *inter alia*, a multi-purpose studio, a 10 Kilowatt FM³ transmitter and staff quarters (10 numbers). Ministry approved the proposal in November 1997.

Administrative approval with expenditure sanction was accorded (January and June 1999) for construction of buildings and procurement of equipments at a cost of ₹ 4.50 crore⁴. DG (AIR) sent (December 2001) a proposal to Ministry seeking sanction of 48 posts for operation and maintenance (O&M) for LRS Dharmapuri. The project was completed at a cost of ₹ 3.27 crore⁵ and LRS Dharmapuri was technically made ready in January 2003.

The LRS, however, was not commissioned as the required O&M staff was not posted and, as an interim arrangement, to utilise the facilities and prevent deterioration of equipment, the station was commissioned as a relay station in October 2007 by diverting four persons from other stations. Since the station was functioning only as a relay station, the studio with its equipment costing ₹ 39.86 lakh⁶ could not be utilised and in addition to it ten staff quarters constructed at a cost of ₹ 42.34 lakh also remained vacant.

The Ministry stated in their reply (November 2010) that though the LRS was technically ready in January 2003, it could not be commissioned into regular service for want of O&M staff and the staff sanction was still awaited from the Ministry of Finance. The Ministry added that after full complement of O&M staff was sanctioned, the LRS would become fully operational and staff quarters would be occupied.

The reply is not acceptable. The Ministry had approved the proposal to establish the LRS in November 1997 itself and administrative approval with expenditure sanction was also obtained as early as in January 1999. The Department should, therefore, have initiated action in 1997 itself to obtain sanction of O&M staff before commencement of capital work in July 1999. The DG (AIR) had, however, sent proposal for sanction of O&M staff only in December 2001 after civil works were completed⁷.

³ Frequency Modulation

⁴ Construction of buildings for ₹ 159.14 lakh and procurement of transmitter and studio equipment for ₹ 290.80 lakh

⁵ Buildings : ₹ 127.49 lakh (including staff quarters ₹ 42.34 lakh and multi-purpose studio ₹ 23.29 lakh) and transmitter/ studio equipment: ₹ 199.25 lakh

⁶ Construction cost ₹ 23.29 lakh and equipment cost ₹ 16.57 lakh

⁷ Civil works completed in July 2001.

Thus, due to failure of the Department to obtain the sanction of required staff before incurring expenditure on infrastructure, the expenditure of ₹ 82.20 lakh was rendered unfruitful besides non-achievement of intended objective of broadcasting programmes of local events.

5.3 Loss of interest due to delay in investment

Failure of Prasar Bharati in timely re-investing the amount of fixed deposits matured resulted in loss of interest of ₹ 51.09 lakh.

Prasar Bharati invests surplus funds in fixed deposits with different banks as per the Prasar Bharati (Broadcasting Corporation of India) Investment of Moneys Rules, 2007. Rules provide that the decision on investment of surplus funds shall be taken by an Investment Committee, consisting of the Executive Member, Member (Finance) and Member (Personnel).

Audit scrutiny of fixed deposits made by Prasar Bharati during 2007-08 to 2009-10 revealed that it failed in timely re-investing the amount of fixed deposits after maturity in five cases. The delay in re-investing ranged from 1-10 days as detailed below:

Sl. No.	FDR amount (₹ in crore)	Date of maturity	Date of re-investment	Delay (in days) excluding holidays	Loss of interest (₹ in lakh)
1.	100	25 September 2007	5 October 2007	10	5.48
2.	150	29 September 2007	5 October 2007	6	4.93
3.	300	11 November 2007	13 November 2007	1	6.16
4.	300	14 June 2008	19 June 2008	3	22.19
5.	500	8 March 2009	12 March 2009	4	12.33
	1350		Total		51.09

The failure of timely re-investing the amount resulted in loss of interest of ₹ 51.09 lakh indicating inadequate monitoring by the Investment Committee of Prasar Bharati.

While accepting the delay Prasar Bharati stated (December 2010) that the delay in first two cases was due to non-holding the meeting of Investment Committee in the absence of its Chairman and the maturity of other three cases was on holidays. It further stated that the proposals are being processed well in advance to avoid such delays.

The reply is not acceptable as the Prasar Bharati failed to take action in advance to re-invest the amount from the next working day.

The matter was reported to the Ministry in August 2010; their reply was awaited as of February 2011.

5.4 Avoidable payments to contractors

Doordarshan did not enforce the clause of discount on monthly charges in the renewed period of the contract resulting in avoidable payment of ₹ 21.67 lakh. Further, delay in finalizing the contract resulted in avoidable payment of ₹ 29.20 lakh.

Doordarshan invited (November 2006) open tenders for hiring of Optical Fibre Connectivity (OFC) for Doordarshan News, between the different locations in New Delhi, using four different links.

In response, three firms submitted bids. After technical and commercial evaluation entered into contracts (September 2007) with M/s Bharti Airtel Ltd. for hiring of OFC link –I at the rate of ₹ 78.56 lakh per year and with M/s Spectranet A for Link II, III and IV at the rate of ₹ 29.43 lakh, ₹ 27.03 lakh and ₹ 62.23 lakh per year respectively for a period of one year up to September 2008.

The terms of the contract provided that in the case of renewal, beyond the initial one year period, per month charges would be provided at a discount of 10 *per cent* on the contracted amounts.

Audit noted that after completion of the contract in September 2008, Doordarshan, while initiating the process of fresh tendering, extended the existing contracts upto 31st October, 2009.

The fresh tenders for hiring these four OFC links were floated in February 2009 and the commercial bids were opened in June 2009.

M/s Spectranet emerged as the lowest bidder for all the four links at the rate of ₹ 82.92 lakh (Link I-₹ 36.51 lakh, Link II-₹ 13.25 lakh, Link III-₹ 12.17 lakh and Link IV -₹ 28.01 lakh) per year and was awarded the work with effect from 1 November 2009.

Doordarshan did not enforce the provision of discount of 10 *per cent* allowable on the extended period i.e. from October 2008 to October 2009. The payments made to M/s Bharti Airtel and M/s Spectra Net during the extended period worked out ₹ 84.08 lakh and ₹ 1.29 crore respectively.

Thus, the failure of Doordarshan to enforce the discount provision resulted in avoidable payment of ₹ 21.67 lakh⁸ to the contractors.

The Management replied (December 2010) that though the proposal for getting 10 *per cent* discount during the extended period was submitted to Directorate Doordarshan, however, the same was not approved and hence the extension was given to the firms on the same terms and conditions.

The reply of the department is not tenable as the provision of 10 *per cent* discount during the extended period of contract was an integral part of an already approved agreement.

In addition to above, Doordarshan took four months after the bids were opened in June 2009 and finalized the contract in November, 2009, inspite of the fact, that the rate quoted by the lowest bidder was ₹ 1.07 crore which was lower (about 54 *per cent*) than the rates existing under the extended contracts. The delay in finalization resulted in avoidable payment of ₹ 29.20 lakh⁹ during that period.

The matter was referred to the Ministry in September 2010; their reply was awaited as of February 2011.

5.5 Avoidable payment of property tax

Despite exemption available, Prasar Bharati made payment of ₹ 45.34 lakh against property tax for its properties in Delhi resulting in avoidable payment.

The Hon'ble High Court of Rajasthan while allowing (August 2007) the petition of Prasar Bharati seeking waiver of land and building tax on properties in its occupation at Bikaner and Udaipur held that as the properties stood in the name of Union of India these were therefore exempted from state tax liability. Consequently, the Prasar Bharati advised (October 2007) all the heads of All India Radio installations to take appropriate action with regard to payment of property tax in light of the fact that the concerned land and property installations of AIR still belonged to Government of India and had not been transferred in the name of Prasar Bharati.

Audit scrutiny revealed (April and July 2010) that two units¹⁰ of Prasar Bharati at New Delhi had paid property tax of ₹ 45.34 lakh for the period

⁸ 10 *per cent* of (₹ 84.08 lakh plus ₹ 128.58 lakh)

⁹ Worked out after providing discount of 10 *per cent*.

¹⁰ i) Chief Engineer (R&D) AIR and Doordarshan; ii) Director General (Doordarshan)

2007-08 to 2009-10 in respect of its three properties namely i) Research and Development Building, I.P. Estate, New Delhi; ii) Receiving Centre, AIR, Todapur, New Delhi and iii) Doordarshan Bhawan, Copernicus Marg, New Delhi without taking cognizance of the advise issued in this regard. Since, these properties stood in the name of Government of India were, therefore, exempted for payment of property tax. This resulted in avoidable payment of ₹ 45.34 lakh towards property tax.

Upon this being pointed out by audit, Chief Engineer (R&D) AIR and Doordarshan took up (May 2010) the matter with Municipal Corporation of Delhi for waiver and refund of property tax paid. However, Director General (Doordarshan) stated (September 2010) that it had not received the decision of Hon'ble High Court of Rajasthan.

The above instances indicated lack of coordination among various units of Prasar Bharati and monitoring at the apex level. Therefore, Prasar Bharati needs to conduct a review of property tax paid by its various units in respect of properties standing in the name of Union of India and obtain suitable refunds from the concerned authorities.

The matter was reported to the Ministry in November 2010; their reply was awaited as of February 2011.

CHAPTER VI : MINISTRY OF LABOUR AND EMPLOYMENT

Employees Provident Fund Organisation

6.1 Unauthorised payment of enhanced Fixed Medical Allowance to pensioners

The Employees' Provident Fund Organisation paid Fixed Medical Allowance at enhanced rates to its pensioners in contravention of the Government's orders resulting in excess expenditure of ₹ 24.48 lakh.

Employees' Provident Funds and Miscellaneous Provisions Act, 1952 (EPF&MP Act) stipulates that the method of recruitment, salary & allowances and conditions of service of the employees of Employees' Provident Fund Organisation (EPFO) shall be in accordance with the rules and orders applicable to the employees of the Central Government. Any departure from the said rules and orders shall be taken only after obtaining prior approval of the Central Government.

Employees of EPFO in select cities¹ are covered under Central Government Health Scheme (CGHS). Employees in other cities are being paid Fixed Medical Allowance (FMA) in lieu of this facility for outdoor medical treatment available under CS (MA) Rules. These benefits were, however, not extended to the retired employees of the EPFO. EPFO granted FMA @ ₹ 100 per month effective from December 1997 to all its pensioners/ family pensioners (irrespective of the place of their residence) for meeting day to day medical expenses that do not require hospitalization. This was done on the analogy of Government of India orders of December 1997² applicable for Central Government pensioners residing in non-CGHS areas.

Audit observed that EPF Pensioner's Association moved CAT³ for enhancement of FMA from ₹ 100 to ₹ 250 per month which was being paid to the serving employees of EPFO from January, 2003. In its decision of October 2004 the Tribunal directed the Central Board of Trustees of EPFO to consider the grant of enhanced FMA to its pensioners. Ministry of Labour and Employment conveyed its approval in October 2005 for the grant of FMA @ ₹ 250 per month to the pensioners of EPFO with retrospective effect from January 2003. The action of the Ministry of Labour and Employment was

¹ Like Delhi, Jaipur and Chandigarh

² Government of India Department of Pension and pension welfare O.M No:45/57/97-P & PW(C) dated 19.12.1997 under which Central Govt pensioners residing in non-CGHS areas are getting FMA of ₹ 100 for outdoor treatment.

³ Central Administrative Tribunal, Ernakulum Bench

inconsistent with the Government of India orders which prescribe payment of FMA @ ₹ 100 only (enhanced to ₹ 300 with effect from September 2008). The Executive Committee of EPFO further raised the rates of FMA to ₹ 600 in January 2007⁴ and ₹ 1200 in January 2010⁵ without the mandatory approval of the Government of India.

EPFO paid FMA of ₹ 35.01 lakh at enhanced rate of ₹ 600/₹1200 to pensioners/ family pensioners without the approval of Government of India as against the amount of ₹ 10.53 lakh which was due to them @ ₹ 100 and ₹ 300 per month during January 2006 to March 2010. The action of the EPFO contravened provisions of the Act ibid and resulted in unauthorised excess expenditure of ₹ 24.48 lakh.

Further the pensioners were also allowed indoor treatment in CGHS recognized hospitals/ Government hospitals under CS (MA) Rules from October 2006 onwards. The scheme was introduced on the analogy of CGHS, yet, EPFO did not provide for either charging a monthly contribution or a one time contribution equivalent to ten years contribution, as applicable in case of CGHS beneficiaries. The amount recoverable on the basis of one time contribution based on the basic pension works out to ₹ 50.04 lakh for 125 pensioners provided with this facility.

EPFO stated (August 2010) that in accordance with the provisions of the Act, approval of Central Government was obtained for providing FMA to EPF pensioners and that the allowance was revised keeping in view the escalating cost of medical treatments and as per demand of pensioners. It further stated that EPF pensioners were not extended CGHS facility and any question of charging contribution from them did not arise. EPFO also stated that it was not a grantee organization and its expenditure had no bearing over Consolidated Fund of India.

The reply does not address the basic issue of failure of the EPFO to obtain prior approval of the Central Government before revising the rates of FMA (w.e.f. January 2006) as required under the EPF&MP Act. EPFO, which granted FMA and indoor medical facility on the analogy of the CS (MA) /CGHS rules also, ought to have recovered appropriate contribution from its pensioners. The fact that it is not a grantee organization now does not allow it to override the provisions of the Act under which EPFO was constituted.

⁴ With effect from 1.1.2006

⁵ With effect from 1.1.2009, however the payment of FMA at this rate has not been made yet.

The matter was reported to the Ministry in October 2010; their reply was awaited as of February 2011.

CHAPTER VII : MINISTRY OF MICRO, SMALL AND MEDIUM ENTERPRISES

Indian Institute of Entrepreneurship, Guwahati

7.1 Fraudulent withdrawal of government money

A practice of withdrawing excess money over and above the sanctioned amount by altering the figures of passed bills was prevailing in the Indian Institute of Entrepreneurship, Guwahati. A test check of vouchers revealed that Government money of ₹ 24.51 lakh was withdrawn fraudulently during 2005-06 and 2006-07 due to lack of effective internal control mechanism in the Institute.

Internal control is an integral process that is affected by an entity's management and is designed to address risk and to provide reasonable assurance that in pursuit of the entity's mission, the general objectives are achieved. One of the objectives of internal control is to safeguard resources against loss, misuse and damage.

During the audit (May 2010) of the Indian Institute of Entrepreneurship, Guwahati, it was observed that alteration of figures by tampering original figures in summary sheets/bills for travelling allowances, medical reimbursement, canteen expenditure, programme expenditure etc. was a regular practice. These alterations were not attested by the competent authority. A test check of vouchers for 2005-06 and 2006-07 revealed that an amount of ₹ 24.51 lakh (involving 440 vouchers) was withdrawn in excess of actual expenditure resulting in fraudulent withdrawal of Government money facilitated by weak internal control mechanism in the Institute.

The Institute stated (August 2010) that a Chartered Accountant firm had been appointed for having an independent view on the audit observations. The Chartered Accountant firm confirmed the audit observations in its report. The Institute, further stated (December 2010) that two responsible officials had been placed under suspension and departmental proceedings had been contemplated.

However the reply of the Institute was silent about the action taken to strengthen the internal control mechanism to avoid such lapses in future.

The matter was reported to the Ministry in February 2011; their reply was awaited as of date.

Khadi and Village Industries Commission

7.2 Failure to pursue recovery of loan with interest

Failure of Khadi and Village Industries Commission to compute surplus funds correctly and pursue recovery of outstanding loan as per terms and conditions resulted in non-recovery of loan of ₹ 2.02 crore along with interest of ₹ 90.89 lakh.

The Khadi and Village Industries Commission (KVIC), Mumbai provides interest free working capital loans to institutions engaged in development of khadi. According to the terms and conditions governing khadi loans and subsequent instructions issued by Standing Finance Committee surplus working fund with the Institutions should be identified. If surplus working fund is identified with the Institution and the same is held continuously for two years, the surplus fund so held at the end of the second year is treated as overdue and recovery thereof shall be effected along with interest at five *per cent per annum* from the date of ending of the two year period. The availability of surplus fund in each year is computed by KVIC by deducting the working fund from the gross eligibility of that year.

Audit scrutiny revealed (November 2008) that a loan of ₹ 2.02 crore was outstanding from Mumbai Khadi and Village Industries Association, Mumbai, a society registered under the Societies Registration Act 1960, as on March 1998. The examination of Association's balance sheets revealed that it had own fund of ₹ 1.66 crore as on March 1999, ₹ 2.59 crore as on March 2000 and ₹ 3.74 crore as on March 2001. Accordingly, the surplus fund worked out to ₹ 1.41 crore as on March 1999, ₹ 2.71 crore as on March 2000 and ₹ 3.67 crore as on March 2001. Since surplus fund was available in two consecutive years, the Khadi working capital loan became repayable immediately by March 2001. However, while computing the working fund availability of the Association, KVIC did not consider own fund which resulted in non-identification of surplus fund with the Association. Thus, improper computation of working fund resulted in non-recovery of loan of ₹ 2.02 crore along with interest amounting to ₹ 90.89 lakh¹.

While accepting the audit observation, KVIC stated (December 2008) that the institution was being pursued for recovery. However, it had not intimated any recovery so far.

The matter was reported to the Ministry in July 2010; their reply was awaited as of February 2011.

¹ Interest has been calculated at a rate of five *per cent per annum* for the period from April 2001 to March 2010.

CHAPTER VIII : MINISTRY OF SHIPPING

Chennai Port Trust and Visakhapatnam Port Trust

8.1 Irregular expenditure on distribution of mementoes

Chennai Port Trust and Visakhapatnam Port Trust incurred irregular expenditure of ₹ 7.56 crore on distribution of mementos to their employees, pensioners and others violating the instructions of the Government.

As per the Ministry's instructions (January 2006), the Board of Trustees of Major Ports may decide to distribute gifts/mementos to permanent employees of the Port on completion of 15th /25th /50th /75th and centenary celebrations etc. subject to the following conditions:

- (i) The value of mementos to an individual employee should not exceed ₹ 3000 in each case.
- (ii) The total expenditure on mementos should not exceed one *per cent* of net surplus of last financial year.
- (iii) The Port Trust should have earned/reported net surplus(s) during the last three preceding financial years.

Audit scrutiny revealed that Chennai Port Trust (ChPT) procured (October/November 2006) 8,680 gold medallions of five grams each at a cost of ₹ 4.02 crore and 26000 wrist watches at a cost of ₹ 2.84 crore for distribution to its regular employees, pensioners and employees of other organisations connected to ChPT on the occasion of 125th year celebrations of Chennai Port which were held during 17-24 January 2007. Since, the net surplus of ChPT for the year 2005-06 was ₹ 158.36 crore, the ceiling for the expenditure worked out to ₹ 1.58 crore only. ChPT, thus, in violation of Ministry's instructions, incurred an irregular expenditure of ₹ 3.41 crore (₹ 4.99¹ crore - ₹ 1.58 crore) on distribution of gold medallions and wrist watches to its regular employees bursting the prescribed ceiling. Further, as per the instructions mementos can be given to permanent employees of the Port only, hence, whole the expenditure of ₹ 1.87 crore incurred on distribution of wrist watches to the pensioners and employees of other organisations connected to ChPT was also irregular.

¹ Includes ₹ 6 lakh , cost of undistributed mementos

Similarly, Visakhapatnam Port Trust (VPT) procured (February/March 2009) 6,300 gold medallions of three grams each at a cost of ₹ 2.72 crore for distribution to its regular employees and 13,000 silver medallions of 20 grams each at a cost of ₹ 0.67 crore for distribution to the pensioners on the occasion of its Platinum Jubilee celebrations. Since, the net surplus of VPT for the year 2007-08 was ₹ 111.44 crore, the ceiling for the expenditure worked out to ₹ 1.11 crore only. VPT, thus, in violation of Ministry's instructions, incurred an irregular expenditure of ₹ 1.61 crore (₹ 2.72 crore - ₹ 1.11 crore) on distribution of gold medallions to its regular employees bursting the prescribed ceiling. Further, as per the instructions mementos can be given to permanent employees of the Port only, hence, whole the expenditure of ₹ 0.67 crore incurred on distribution of silver medallions to the pensioners was also irregular.

The Port Management stated (June 2010) that considering the surplus of ₹ 286.09 crore during the year 2007-08 the excess expenditure was equivalent to 0.15 *per cent* only. It further stated that the amount of each memento was decided in the Board and the amount was spent consciously knowing the rule.

The reply is not acceptable as the net surplus for 2007-08 was ₹ 111.44 crore and not ₹ 286.09 crore and thus, the ceiling for the expenditure worked out to ₹ 1.11 crore only. Further, the whole amount incurred on distribution of silver medallions to pensioners was irregular as the same was not admissible as per guidelines of the Ministry.

In the case of ChPT, the Ministry accepted (September 2010) the audit findings and directed the port to recoup the excess expenditure besides fixing responsibility for exceeding the prescribed limit, whereas in the case of VPT, the matter was reported to the Ministry in May 2010; their reply was awaited as of February 2011.

As such both ChPT and VPT incurred irregular expenditure of ₹ 7.56 crore on distribution of mementos in contravention of the Ministry's instructions.

Chennai Port Trust

8.2 Non-realisation of revenue

Chennai Port Trust failure to execute agreement and delay in raising of claim of ₹ 3.07 crore for engaging floating crane in salvage operation resulted in non-realisation of hire charges from Dredging Corporation of India for more than three years and loss of interest of ₹ 80.59 lakh thereon.

Chennai Port Trust (ChPT) was having a floating crane 'Thangam' (FCT) with 150 ton lifting capacity for its port users. Dredging Corporation of India (DCI)

requested (27 December 2006) ChPT to spare FCT to recover broken spuds of a DCI dredger from the seabed near Adam's bridge, Rameswaram. ChPT agreed to spare the FCT subject to execution of agreement subsequently and also communicated the rate of charges² (10 January 2007) which, *inter alia*, included voyage charges for the FCT at ₹ 2.60 lakh per day and payment of ₹ 64 lakh as mobilization advance. DCI agreed to the rates offered subject to the condition that these rates were in line with ChPT's schedule of rates (SOR). ChPT allowed the FCT to be towed to the salvage area on the same day pending execution of agreement. DCI made payment of ₹ 64 lakh as mobilization advance on 22 January 2007 and FCT was engaged in the salvage operation from the next day.

During the salvage operation FCT was got damaged (25 January 2007) and returned to Chennai (16 February 2007) for repairs after abandoning the salvage operation. ChPT had not entered into agreement with DCI as proposed earlier.

ChPT, after delay of two years, raised (February 2009) a demand for ₹ 3.07 crore (Total demand ₹ 3.71 crore less ₹ 0.64 crore mobilization advance). DCI has not made the payment as of December 2010. Audit scrutiny reveals the following:

1. ChPT should have entered into agreement to safeguard its financial interest immediately after allowing FCT to DCI.
2. ChPT raised demand for hire charges (February 2009) of ₹ 7.59 lakh per day for voyage period which was three times higher than the rate of ₹ 2.6 lakh per day originally intimated to DCI in January 2007.
3. As per Accounts Manual of the Port Trust, ChPT could render service on prepayment basis to non-port users. In the instant case ChPT took advance payment of ₹ 64 lakh only instead of insisting for the entire tentative cost of operation.
4. Due to delay in raising of demand and non realization of revenue (as on December 2010), the ChPT incurred a loss of interest of ₹ 80.59 lakh³ for the period from April 2007 to December 2010.

² Charges for i. Voyage period ₹ 2.6 lakh per day; ii. Salvage operation ₹ 7.5 lakh per day; iii. Idle time ₹ 3.5 lakh/per day; iv. Insurance ₹ 10.59 lakh; v. Risk/overtime allowance for the crew ₹ 2 lakh per day.

³ ₹ 3.07 crore for 45 months @ 7 per cent rate of interest.

ChPT while accepting the long period taken to arrive at the final claim stated (June 2009) that the delay in raising the claim was due to delay in working out the repair charges of FCT and clarifications required among different departments. It further stated that due to urgent nature of operation, the agreement could not be executed in time.

The contention of the ChPT that delay in raising the claim to delay in working out the repair charges is not tenable as the repair charges were not included even in the demand raised in February 2009. Hence the fact remains that due to delay in raising of claim and not entering into agreement resulted into non realization of claim of ₹ 3.07 crore and loss of interest of ₹ 80.59 lakh.

The matter was reported to the Ministry in June 2010; their reply was awaited as of February 2011.

8.3 Loss of revenue of ₹ 73.88 lakh

Waiver of penal demurrage charges in disregard to guidelines resulted in loss of revenue amounting to ₹ 73.88 lakh to Chennai Port Trust and undue benefit to a private firm.

Chennai Port Trust (ChPT) allows 30 days for keeping export cargo at port area free of charge and if cargo is not cleared within free days, it levies penal demurrage at a rate of ₹ 79.20 per unit per day from 31st day onwards. Waiver of demurrage can be granted by the Port Trust Board in exceptional and special circumstances in accordance with the guidelines issued by the then Ministry of Surface Transport (Ports Wing), Government of India in 1992.

Spices Trading Corporation Limited (STCL), a Government of India Undertaking, moved 5000 MT of maize during the period 16 - 30 October 2007 to Chennai Port for subsequent export to Vietnam. But, STCL could not remove the cargo within free days. ChPT intimated STCL in advance (9 November 2007) to clear the cargo before the expiry of free days, failing which penal demurrage would be imposed. STCL, however, requested (15 November 2007) ChPT to charge normal demurrage charges and not to impose penal demurrage charges stating that it was a Government of India Undertaking and inspite of its best efforts it was unable to get a vessel for shipment. Chairman, ChPT considered (5 December 2007) the request of STCL and allowed the delivery of cargo pending ratification of waiver of penal demurrage by the Port Trust Board. STCL completed the clearance of cargo by 16 December 2007 and paid an amount of ₹ 3.93 lakh for normal demurrage charges on 3 July 2008. The Port Trust Board ratified the decision

of Chairman in its meeting held on 30 August 2008 on the ground that STCL was a Government of India Undertaking and non-availability of a vessel was a valid reason. The penal demurrage waived was worked out to ₹ 73.88 lakh.

Audit scrutiny revealed the following:-

- Though the export of maize to Vietnam was done in the name of STCL, direct involvement of a private firm in export of maize was noticed from the export documents available with ChPT.
- Agreement entered between STCL and the private firm disclosed that STCL was only acting as a facilitator for which it would receive 1.25 *per cent* on the value of maize as margin of profit from the firm. It was the responsibility of the private firm to bear the expenses related to loading/unloading, transportation, storage, any penalties etc. Thus, the private firm, being the real trader, was benefited by the waiver.
- As per the guidelines, prior concurrence of FA&CAO of ChPT was required for remission of demurrage. However, FA&CAO did not concur with the proposal of remission.
- The Port Trust Board waived penal demurrage as per para 10 of guidelines which stated that the Board ‘may consider an application for waiver of demurrage charges in special circumstances, if it is not covered under para (2) of the guidelines’. However, the reason of non-availability of vessel could not be termed as special circumstances. The FA&CAO also observed that the reasons indicated by the Party and recommended by the Traffic Department did not satisfy the condition under which the waiver should be considered as per the Government directions. Further, ChPT did not consider the request of waiver of penal demurrage charges on the same grounds from another Government of India Undertaking in the same period.

ChPT stated (June and July 2010) that they were not aware of agreement between STCL and the private firm. The reply is not acceptable as the documents like invoice-cum-packing list and shipping bill check list filed with ChPT indicated involvement of the private firm in the export.

Thus, the waiver of penal demurrage charges without following the prescribed guidelines and verification of facts resulted in loss of revenue to ChPT and undue benefit to a private firm by ₹ 73.88 lakh.

The matter was reported to the Ministry in August 2010; their reply was awaited as of February 2011.

Cochin Port Trust

8.4 Loss of revenue

Cochin Port Trust failed to include the pre-stage operations conducted at the additional land allotted to the licensee as a part of project facilities and services under existing license agreement. This resulted in loss of revenue of ₹ 2.53 crore due to non sharing of revenue earned by the licensee through pre-stage operations.

Cochin Port Trust (CoPT) licensed (January 2005) its existing Rajiv Gandhi Container Terminal (RGCT) to M/s India Gateway Terminal Private Limited (IGTPL) for operation and management including necessary developments, modifications and augmentation of facilities commensurate with traffic for a maximum of eight years and six months from the date of commercial operations. As per agreement the licensee (IGTPL) was to pay the Licenser (CoPT) royalty per month equivalent to 33.3 *per cent* of the gross revenue earned by the licensee from the operations of the project facilities and services comprised in the project by levy of Tariff during the month in addition to the annual license fee. The licensee was entitled to levy and recover Tariff from the users of project facilities and services as per Scale of Rates approved and notified from time to time by the Tariff Authority for Major Port Trusts (TAMP) or any other competent authority as applicable.

The agreement provided that the licensee may request for additional land for development of additional project facilities and services. Accordingly, on the request of the licensee CoPT allotted (March 2005) an additional land measuring 17830 sq. m. outside the project facilities to IGTPL for staging export and import cargo for Customs clearance/processing named as ‘Pre-stage operations’ and to operate the area as a Customs Bond Yard for a period of 11 months on temporary license basis on a monthly rent which was being renewed from time to time.

Audit scrutiny revealed that the licensee (IGTPL) had been charging a Tariff of ₹ 75 to ₹ 500 per container depending on the size and type of container from the users for these pre-stage operations and earned ₹ 7.59 crore during the period 2005-06 to 2008-09 but the same was not included in the shareable revenue for the purpose of royalty on the apprehension that the additional land allotted was outside the project facilities. Thus, CoPT’s failure to include these pre-stage operations in the project facilities and services as defined in the

license agreement for RGCT at the time of allotment of additional land resulted in loss of revenue of ₹ 2.53 crore (i.e. 33.3 *per cent* of ₹ 7.59 crore). It was further observed that the Tariff being charged by the licensee for these pre-stage operations had not been approved by TAMP or any other competent authority.

The management stated (October 2009) that the Port's eligibility for revenue share was restricted to the income earned by the licensee from the project facilities and services. Since the additional land was not covered by the project facilities and services revenue earned by the licensee was not sharable with the CoPT. It further stated that the matter was taken up with the licensee but the licensee declined the demand on the grounds that the pre-stage operations were happening outside the area defined under project facilities and TAMP's jurisdiction.

The reply of Management was not acceptable as the additional land was allotted under the provisions of existing license agreement only and the revenue earned by the licensee from pre-stage operations at additional land should have been treated as an integral part of project facilities and services and the revenue earned be shared. Further, the Tariff being charged by the licensee needed to be approved by TAMP or by any other competent authority as per license agreement. Hence, the fact remained that CoPT suffered revenue loss of ₹ 2.53 crore.

The matter was reported to the Ministry in August 2010; their reply is awaited as of February 2011.

Jawaharlal Nehru Port Trust

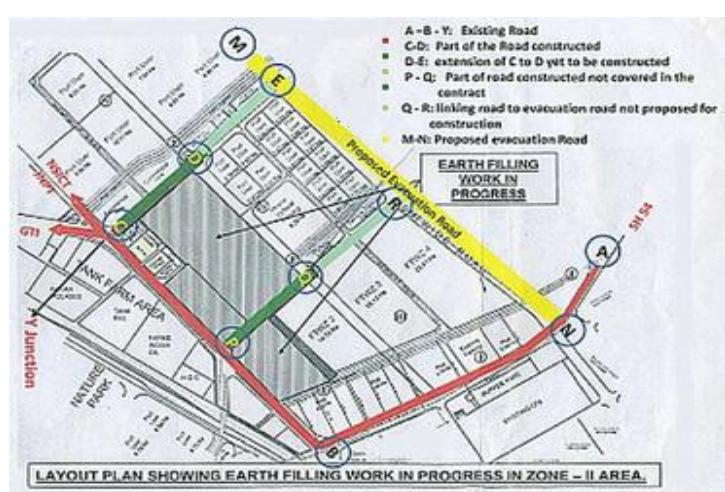

8.5 Improper planning in construction of road embankment resulted in idle investment

Jawaharlal Nehru Port Trust constructed two road embankments at a cost of ₹ 5.32 crore before constructing the connecting evacuation road. Further, both the road embankments were constructed up to half lengths which resulted in idle investment.

The traffic going to Gateway Terminals India, Jawaharlal Nehru Port Trust (JNPT) and Nhava Sheva International Container Terminal takes route A-B-C (as depicted in the drawing given below). In order to ease to and fro traffic movement and congestion at the 'Y' Junction, the Chairman, JNPT approved (October 2007) the proposal of construction of road embankment measuring

approximately 1300m of length between 'Y' Junction and point 'E' on proposed evacuation road ('M' to 'N') at an estimated cost of ₹ 4.55 crore.

Accordingly, the work was awarded (March 2008) to a private agency at a price of ₹ 4.96 crore. The contractor started the work at point ‘C’ and completed about 40 *per cent* work in the stretch of about 700m, the work was stopped (May 2008) at point ‘D’ on the apprehension of execution of work near the mangroves as advised by the Revenue Officer of Government of Maharashtra. Subsequently, it was decided (June 2008) not to proceed further in that stretch for time being and constructing another road embankment of a

length of about 650m from point 'P' i.e. parallel to the earlier road. The same contractor was allowed to execute the work up to balance cost (including permissible

variation limits) under the existing contract. Both the works were declared completed in February 2009 with a cost of ₹ 5.32 crore.

Audit observed that the decision of the Management to construct road embankment before constructing evacuation road was not proper as the road embankment could not be used in the absence of connecting road. Further, both the road embankments were constructed to half length. Hence, the intended objective of decongesting ‘Y’ Junction and smooth movement of traffic remained unfulfilled. Thus, improper planning by the Management was not in the financial interest of the Port and resulted in idle investment of ₹ 5.32 crore in construction of road embankments.

The Management stated (August 2010) that the site was free from mangroves at the time of preparation of proposal, except at natural streams crossing, where it was planned to provide pipe culvert so that the mangroves should not be disturbed and the tidal water could flow freely. It further stated that embankments constructed are proposed to be used for Port Operational activities in near future.

The reply is not acceptable as the Management did not approach the concerned authorities for clearance before constructing the road embankment despite knowing that mangroves were there at the site. Further, the use of these embankments in near future is very remote as construction of proposed evacuation road is also uncertain due to development of mangroves at some stretches in the alignment.

The matter was reported to the Ministry (July 2010); their reply was awaited as of February 2011.

Kolkata Port Trust

8.6 Time and cost overrun due to delay in decision

Delay in evaluation and indecision on finalisation of a tender led to time overrun of 22 months and cost overrun of ₹ 2.05 crore.

Manual for Civil Engineering Works of Kolkata Port Trust (KoPT) recommended time frame to minimize the chances of delay to decide the award of the work. A time frame of 15 days should be observed in evaluation followed by 7 days for financial scrutiny, 21 days for organizing Tender Committee Meeting / finalization of tender and 14 days for placement of the order.

In March 2005, the Kolkata Port Trust (KoPT) decided to replace two existing Stacker-cum-Reclaimer tracks at the estimated cost of ₹ 3.12 crore each. The work was planned to be taken up in two phases so that iron ore handling operation at the port could go on uninterrupted. The first phase of work was completed at a cost of ₹ 3.22 crore.

The tender for the second phase was invited with same terms and conditions in May 2007 at a revised estimated cost of ₹ 3.61 crore. Among the three respondents, two ('A' & 'B'⁴) had qualified in the first phase as well. After opening of techno-commercial bid in June 2007, it was held by the convenor of the Tender Committee (KoPT) that the bidders lacked pre-qualification credentials.

Audit observed that:

There was delay of more than four months in organising Tender Committee Meeting.

⁴ M/s Premco Rail Engineers Limited

There was unjustified delay in issue of notices to the bidders (10 August 2007) and to obtain (16 October 2007) valid credentials of the firms ‘A’ and ‘B’. (In spite of the fact that these contractors had already qualified in the first phase itself and the credential submitted by firm ‘A’ was a certificate issued by the port for the first phase of the work and in case of ‘B’ it was the documents on the basis of which the firm became qualified earlier).

The Tender Committee could meet for the first time only after six months from closing of the tender in December 2007, when validity of all offers had expired. The bidders, however, agreed to extend the validity of their offers upto 31 January 2008.

The third bidder, however, could not submit the requisite documents and was disqualified (14 January 2008) and the Tender Committee recommended for extension of tender by 10 days followed by another 10 days, although the validity of offers would expire during that period.

The firm ‘A’ declined to extend the validity of their offer beyond 31 January 2008 as such the tender had to be discharged in March 2008.

The work was re-tendered in August 2008 at a revised estimated cost of ₹ 5.97 crore. Among the three offers received, firm ‘A’, being L1, was awarded the work (August 2009) at a cost of ₹ 5.66 crore.

These unjustified delays which were not supported by provisions led to award of the work to the same contractor after 22 months along with avoidable cost escalation of ₹ 2.05 crore.

In reply KoPT stated(October,2010) that two qualified bidders of the 1st phase of the work were not considered to be automatically qualified in the 2nd phase of the work as they did not submit their requisite documents along with the bid, and each tender and contract is considered as a separate tender. Delay was solely due to following tendering procedure and also for encouraging more participation and competition. KoPT further stated that as the Tender Committee was virtually left with only one valid offer in the extended period, it was decided to discharge the tender.

The reply was not tenable as the credentials qualifying the bidders in first phase of the work should have been considered valid for the second phase of the same project also. The delay in meeting of the tender committee and the extension of date of submission of tender after opening of technical bids was

irregular and had resulted in discharge of the tender leading to cost and time run over.

The matter was reported (June 2010) to the Ministry; their reply has not been received as of February 2011.

8.7 Avoidable extra expenditure

Kolkata Port Trust failed to issue work order on lowest bidder in initial tender and the work was awarded at higher rate in re-tender which resulted in avoidable extra expenditure of ₹ 70.24 lakh.

As per Central Vigilance Commission guidelines there should be no post-tender negotiation with the lowest bidder except in exceptional situations. Further, the manual for civil engineering works of Kolkata Port Trust (KoPT) provided that work order should be placed within 14 days from the date of finalization of tender by the tender committee.

KoPT decided (April 2007) to undertake thorough maintenance of a road network⁵ with an estimated cost of ₹ 27.57 lakh. Accordingly, KoPT invited (July 2007) tender and three bidders qualified in techno-commercial part. The firm ‘A’⁶ offered rate of ₹ 29.17 lakh which was found lowest in price bids opened on 1 October 2007. The rate offered by the lowest bidder was valid up to 9 December 2007. The tender committee adjudged the offer of lowest bidder as reasonable and recommended (9 October 2007) for acceptance.

Audit observed that inspite of clear recommendation of tender committee to accept the offer and in contravention of the guidelines issued by Central Vigilance Commission, KoPT decided (30 November 2007) to negotiate the rate with the lowest bidder. However the bidder, during the discussion held on 6 December 2007, did not agree to reduce the rate. Meantime, KoPT requested (5 December 2007) the lowest bidder to extend the validity of his offer but the same was not agreed to by the later expressing his inability to execute the work due to increase in cost of material. Finally, the present tender was discharged in March 2008 and a fresh tender was invited (April 2008) with a revised estimated cost of ₹ 74.05 lakh (including a new item of work valuing ₹ 7.91 lakh). The work was awarded (September 2008) to the firm ‘B’⁷ at ₹ 1.11 crore being the lowest bidder and completed at a cost of ₹ 1.12 crore.

⁵ Road between Makhan Babur Bazar to Superlor Petrol Pump, Vidyasagar park to Anchorage Camp Bus shed, Haldia Bhaban road and road from Hindustan market to Central School at Haldia township, Haldia Dock Complex.

⁶ M/s Kanu Binod Giri

⁷ M/s Kamal Krishna Ghosh and Associates

Thus failure of KoPT in issuing work order on the lowest bidder in initial tender resulted in avoidable extra expenditure of ₹ 70.24 lakh on account of increased rate and quantity in addition to delay in completion of work.

KoPT stated (October 2010) that as the rate quoted by lowest bidder was nine *per cent* above the estimated cost (based on PWD Schedule of Rates, 2002) and the revised estimates based PWD Schedule of Rates effective from 2007 worked out to be 24 *per cent* above the original. It was considered necessary to discuss the issue with the lowest bidder regarding the reasonability of the rates as rates quoted by bidders differed considerably. Moreover, disinclination of the lowest bidder to extend the validity of his offer was ample indication that the bidder might fail to execute the work at his quoted rates and abandon the work midway. KoPT, further, stated that the enhanced cost was mainly due to extended scope of work due to natural wear and tear of roads and revised schedule of rates.

The reply was not acceptable as the tender committee was aware of the fact that estimates had been prepared based on PWD Schedule of Rates, 2002 and increase in cost of materials as well as revised estimates. The tender committee observed that lowest offer was reasonable and workable compared to the present market rate and recommended to accept the offer. However, the Finance wing of KoPT, instead of giving its concurrence to the proposal for issue of work order on the lowest bidder, took a long time and recommended to negotiate the rates with the lowest bidder which led to expiry of validity of offer. Further, reasons for increase in cost of work were mainly attributable to enhanced cost of labour and material coupled with the increased quantity of work due to deterioration of the road during the intervening period. Moreover, the recommendation of the General Manager (Ops.) to fix responsibility for lapses occurred in this respect also strengthened the audit observation.

Had the timely action been taken by KoPT, the loss on account of extra expenditure of ₹ 70.24 lakh could have been avoided.

The matter was reported to the Ministry in July 2010; their reply was awaited as of February 2011.

Mumbai Port Trust

8.8 Loss of revenue

Failure of Mumbai Port Trust to avail opportunity of collecting octroi on behalf of Municipal Corporation of Greater Mumbai on goods imported by certain public sector undertakings and earning commission of three *per cent* on gross collection resulted in loss of ₹ 64.07 crore during the year 2007-08 to 2009-10.

For the purpose of collection of town duty in respect of goods imported into the City of Bombay, the Municipal Corporation of Greater Mumbai (MCGM) the then Bombay Municipal Corporation authorized (1869 renewed in 1898) Bombay (Mumbai) Port Trust (MbPT), Central and Western Railways as agents to collect the duty on the basis of three *per cent* commission on gross collection. Initially no agreement was signed by either of the agents with MCGM, Central Railways, subsequently, pursued the matter with MCGM and got an agreement signed (May 1956) in this regard. MbPT, however, did not raise the issue of the written agreement and continued with the arrangement without any agreement in this regard. Under the above arrangement, MbPT was recovering octroi on the goods imported into the City.

Test check of the records of the port for the years 2007-08 to 2009-10 revealed that MbPT collected octroi amounting to ₹ 2028.50 crore on the goods imported by Bharat Petroleum Corporation Limited (BPCL) and earned three *per cent* commission amounting to ₹ 60.86 crore thereon, whereas octroi amounting to ₹ 2135.74 crore on the goods imported by Oil and Natural Gas Commission (ONGC), Hindustan Petroleum Corporation Limited (HPCL) and Indian Oil Corporation Limited (IOCL) was not collected by MbPT and these companies paid octroi directly to MCGM without routing through MbPT. This resulted in loss of revenue of ₹ 64.07 crore during the above period only. Reasons for (i) non-collection of octroi on goods imported by ONGC, HPCL and IOCL and (ii) not pursuing with MCGM for the written agreement in line with Central Railways were not found on record.

This loss could have been avoided had MbPT collected octroi on the goods imported by the remaining three public sector companies also by enforcing proper arrangement on holistic basis instead of partially collecting octroi on goods imported by some companies and leaving the others to pay directly to MCGM.

The matter was reported to the Management in May 2010 and to the Ministry in July 2010; their reply was awaited as of February 2011.

8.9 Recovery at the instance of audit

On being pointed out by audit, Mumbai Port Trust recovered an amount of ₹ 17.02 crore on account of wharfage charges from a customer.

Mumbai Port Trust (MbPT) provides cargo related services to the public sector oil companies. These companies maintain Personal Deposit Accounts (PDA) with MbPT for the purpose of wharfage charges on the cargo cleared by them. As per procedure laid down by MbPT, before arrival or within seven days of the sailing of vessels chartered by them, the companies are required to come forward with provisional payment advice showing quantity scheduled to be handled on their account and with request to debit the wharfage charges to their PDA. Subsequently, these companies are required to produce advice for final payment with Customs attested Outturn Report/Ullage Report Intake Certificate. Based on these reports, charges towards actual quantity handled are to be billed and the final payment is adjusted by debiting their PDA.

Audit scrutiny revealed (March 2010) that Hindustan Petroleum Corporation Limited (HPCL) did not submit the required documents for a quantity of 3533716.69 MT of oil cargo handled during 2005-06 to 2009-10. Consequently, MbPT neither debited the PDA account of HPCL nor did it raise the bills. Persistent failure on the part of MbPT to collect the relevant documents required for raising of provisional/final bills and also non monitoring of existing system by management resulted in accumulation and non-realisation of wharfage charges to the tune of ₹ 20.11 crore.

On being pointed out by Audit, MbPT raised provisional bills for ₹ 28.03 crore (including service tax of ₹ 2.35 crore and interest of ₹ 5.56 crore for delayed payments) on HPCL in September 2010 and recovered ₹ 17.02 crore till November 2010.

The Ministry stated (November 2010) that the necessary corrective action would be taken to avoid accumulation of outstanding dues after a review of present practice. However, the reply was silent about recovery of interest.

8.10 Recovery at the instance of audit

On being pointed out by audit, Mumbai Port Trust recovered an amount of ₹ 84.99 lakh on account of grant in aid receivable from the Government of India for maintenance of its lighthouses.

The Mumbai Port Trust (MbPT) was entitled to grant in aid from Government of India through Director General of Lighthouses and Lightships (DGLL)

equal to 25 per cent of the annual operating expenses incurred by it on its Kanhoji Angre Lighthouse.

Audit scrutiny (May 2009) revealed that MbPT had been receiving the grant in aid up to 1995-96 regularly but against its claim for 1996-97 and 1997-98, DGLL expressed (January 2000) difficulty in recommending sanction of grant in aid to the Government of India as the total annual expenditure being incurred by them (DGLL) for a similar lighthouse was much less than the operational maintenance cost billed by MbPT. DGLL further suggested (February 2000) that either MbPT hand over the lighthouse to them for maintenance and upkeep or itself maintain the same without calling for any contribution from them. Thereafter, the issue of management of the lighthouses was under correspondence between MbPT and DGLL.

MbPT approached (August 2002) the Ministry with a request to intervene in the matter. Since the impasse regarding the grant in aid remained unresolved, MbPT again requested (April 2007) the Ministry for its intervention and issue of suitable instruction to DGLL for an amicable settlement. The Ministry conveyed (September 2007) its decision that MbPT would transfer the lighthouse along with its other lighthouse to DGLL unconditionally by October 2007 as a matter of uniform policy and in the interest of their more efficient operation under DGLL. The Ministry also decided that the claim of MbPT towards settlement of outstanding dues with DGLL would be enquired into by its Additional Secretary and Financial Advisor. Accordingly, MbPT handed over its two lighthouses to DGLL in October 2007 but the matter of settlement of outstanding dues amounting to ₹ 94.97 lakh was still pending as of May 2009 for want of effective pursuance.

On this being pointed out, the Ministry stated (August 2010) that based on the proposal of MbPT DGLL had been directed to disburse the sum of ₹ 86.96 lakh in favour of MbPT as full and final settlement of the claim.

Finally, DGLL released ₹ 84.99 lakh net of TDS in December 2010.

8.11 Under-recovery of labour charges

Failure of Mumbai Port Trust to correctly charge the rate of labour charges in the bills raised on the port users for the services provided, resulted in under-recovery of ₹ 28.61 lakh in respect of 535 bills test checked in audit.

Mumbai Port Trust (MbPT) through its Chief Mechanical Engineer (CME) and Chief Engineer (CE) provides various services like slipway, electricity to

the port users and to its staff for marriages and similar community functions, repairs of its property etc. In addition to charges for the utilities provided, CME and CE were required to recover charges on account of supply of labour at the manhour rates prescribed by accounts department of MbPT from time to time. The accounts department of MbPT intimated (February 2007) to add 20 *per cent* to the labour charges (manhour rate) in respect of Miscellaneous Trade (MT) Account jobs/estimates with effect from January 2007 in order to cover additional liability on account of general pay revision of class III and IV employees. The accounts department again revised (October 2008) manhour rates by merging 50 *per cent* of dearness allowance in basic pay and instructed to continue the additional levy of 20 *per cent* to cover the likely liability on account of pay revision.

Audit scrutiny revealed (March 2009) that i) CME did not add 20 *per cent* to the labour charges as instructed by the accounts department in the bills raised for MT Account jobs; ii) further the CME and CE departments did not raise the bills as per revised man-hour rates effective from October 2008. This failure resulted in under-recovery of ₹ 28.61 lakh (excluding service tax) in respect of 535 bills raised during the period from April 2007 to May 2009 randomly selected by audit. This exhibited lack of an effective internal control mechanism in MbPT.

While accepting the audit observation the Ministry stated (October 2010) that suitable corrective action for billing against short claims and to strengthen the internal control mechanism has been taken. However, the reply was silent about the recovery made so far.

CHAPTER IX : MINISTRY OF YOUTH AFFAIRS AND SPORTS

Rajiv Gandhi National Institute of Youth Development

9.1 Irregular expenditure

Rajiv Gandhi National Institute of Youth Development had been paying House Rent Allowance and City Compensatory Allowance to its employees at Chennai rates even after shifting its headquarters from Chennai to Sriperumbudur resulting in irregular expenditure of ₹ 67.11 lakh during the period from February 1999 to October 2010.

Rajiv Gandhi National Institute of Youth Development was set up in April 1993 as an autonomous body registered under Societies Act. The Service by-Laws of the Institute provide that House Rent Allowance (HRA) and City Compensatory Allowance (CCA) will be admissible to the employees of the Institute at the same rates and conditions as are admissible to employees of Government of India from time to time or as are sanctioned by Government of India for the Institute. The Institute was initially functioning at Chennai and shifted to Sriperumbudur, a town nearby Chennai in November 1998.

Audit scrutiny (April 2010) revealed that the Institute continued payment of HRA and CCA to its employees at rates applicable to Chennai (UA) city¹ even after shifting to Sriperumbudur which was included under unclassified category of cities² for the purpose of payment of these allowances. This resulted in irregular expenditure of ₹ 67.11 lakh for the period from February 1999³ to October 2010 and this still continued as of December 2010.

On being pointed out by audit, the Institute stated (July 2010) that the Executive Council of the Institute decided (May 1999) to pay HRA and CCA at Chennai city rates on the following grounds:

- The employees were reluctant to shift to the new place owing to the lack of accommodation and transportation.
- The employees were forced to stay at Chennai on account of study of their children and other facilities.

¹ Rate of HRA for Chennai (A-1 city) was 30 *per cent* of basic pay. The rate of CCA ranged from ₹ 90 to ₹ 300 per month according to basic pay which was abolished w.e.f. 1 September 2008.

² The rate of HRA for unclassified cities was five *per cent* of basic pay up to 31 August 2008 which has been enhanced to 10 *per cent* w.e.f. 1 September 2008 and no CCA was allowed.

³ Though the Institute started functioning at Sriperumbudur from November 1998, the irregular expenditure has been worked out from February 1999 for want of records.

It further stated that as the Union Minister for Youth Affairs is the President of the Executive Council and Secretary, Joint Secretary and Financial Adviser of Ministry are the members of the Council, the decision of the Executive Council was as good as the decision of the Ministry.

However, while accepting the audit observation, the Ministry stated (August 2010) that the reply of the institute conveying that the benefits of HRA and CCA was extended as a special case resulting out of the decision of the Executive Council did not hold good as all benefits extended to any Government of India officials were subject to rules and regulations of the Government framed from time to time. Thus, the benefit to the staff of Rajiv Gandhi National Institute of Youth Development was irregular.

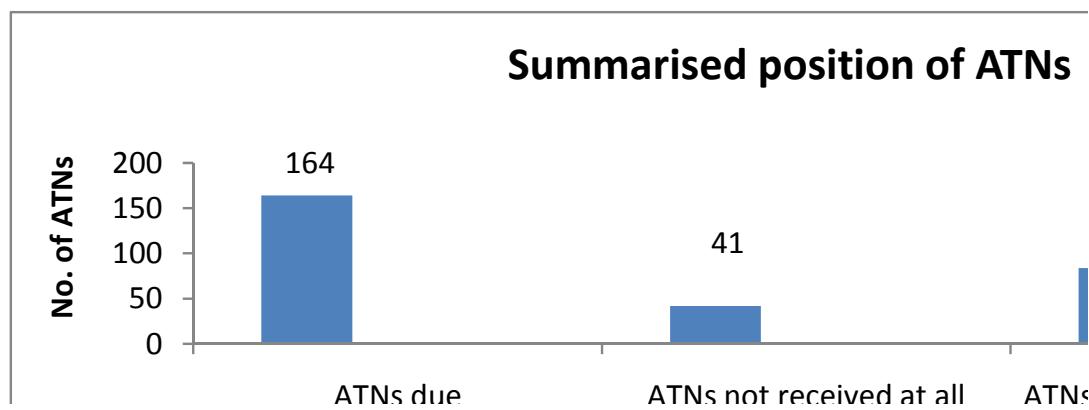

CHAPTER X

10.1 Follow-up action on Audit Reports-Summarised Position

The Lok Sabha Secretariat issued instructions in April 1982 to all Ministries to furnish notes to the Ministry of Finance (Department of Expenditure), indicating remedial/ corrective action taken on various paragraphs contained in the Audit Reports, soon after these were laid on the Table of the House.

In their Ninth Report (Eleventh Lok Sabha) presented to the Parliament on 22 April 1997, the Public Accounts Committee desired that submission of pending Action Taken Notes (ATNs) pertaining to Audit Reports for the years ended March 1994 and 1995 should be completed within a period of three months and recommended that ATNs on all paragraphs pertaining to the Audit Reports for the year ended March 1996 onwards be submitted to them duly vetted by Audit, within four months from the laying of the Reports in Parliament.

A review of the position of receipt of ATNs on paragraphs included in Audit Reports (Autonomous Bodies) up to the period ended 31 March 2009 (Appendix-VIII) revealed that the Ministries did not submit remedial/corrective ATNs in respect of a large number of paragraphs inspite of the above instructions. Out of 164 paragraphs on which ATNs were required to be sent, ATNs in respect of 41 paragraphs had not been received at all as shown in the chart given below:

Out of these 41 paragraphs two paragraphs pertained to Reports up to the year ended March 1993. The final ATNs in respect of 123 paragraphs, which were under correspondence, were pending at various stages.
