| 14 | 5. Payment Terms | Page 12 | ii. Post Implementation one year warranty support payment as per agreed quoted cost implication. | In BoQ, asked for combined cost for development and one year warranty support. What will be the payment bi-furcation for development and warranty support. Either Warranty support cost should be taken separately or may be CAG can ask for %age for warranty support. Kindly reply. | Combined cost for development one year warranty support to be given in the BOQ publish. The firm selected after bidding process will have to submit the summary of cost for Component A & B as prescribed in Form 12A & 12B of RFP. The payment of Post implementation warranty support shall be made as per Clause-5 of Section-II of RFP. |
| 15 | Section - III: Scope of Work and Deliverables, Proposed Strategy for shared services | Page 20 | 4. a.) Phase-I: TA bills, LTC/HTC claims, medical claims, education allowances, staff loans and advances and all other employee related payments | Is there any further Phases in this project? We assume under this RPF only one phase development as per scope will be consider. Any further phase development will be there then that will be considered under Change Request or separately. | The entire project is to be completed in only one phase development. |
| 16 | Section - III: Scope of Work and Deliverables, Proposed Strategy for shared services | Page 20 | 5. The proposed system does not take away the administrative powers vested with various officials in the existing system. For instance, in case of LTC, the approval for performing the LTC would continue to be accorded by the Competent Authority as per the existing codal provisions. Once the LTC is approved, the employee will have to scan a copy of the approval and upload it as a supporting document while entering details of the LTC claims. Similarly, approval of purchase and award of contract would vest with the various offices as in the present system. Only the processing of payments will be made centrally at the SSC. | We understand administrative approval for allowances will not be the part of system workflow, after offline/existing mode of approval only employees will upload claim here on the application with approval copy. Please confirm. | Initial admin approval is not part of approval. However during processing of the claim admin approval workflow will be part of the system. |
| Clause-S | Page 20 | The proposed system does not take away the administrative powers vested with various officials in the existing system. For instance, in case of LTC, the approval for performing the LTC would continue to be accorded by the Competent Authority as per the existing codal provisions. Once the LTC is approved, the employee will have to scan a copy of the approval and upload it as a supporting document while entering details of the LTC claims. Similarly, approval of purchase and award of contract would vest with the various offices as in the present system. Only the processing of payments will be made centrally at the SSC.

Note:- No administrative approval for allowance will be the part of the system workflow. After the approval is done two level authorization that is required for the allowances. | We understand that the authority for granting approval for execution of LTC by employee will remain 'as-is' in present/existing system. However, for raising claims, an interface has to be provided in the envisaged system to the employees for entering claim amount against various heads for approval/rejection at Branch &/or field offices and finally at SSC.

Please validate our assessment. | Yes |
| Section - III: Scope of Work and Deliverables, Phase: Employee Related Claim | Page 20 | 9. In case of salary/arrears etc., concerned field office/head office will send the basic documents to the SSC and the SSC will authorize payments to be credited to the employees' bank accounts. In all other cases, based on the information entered by the employees and after checking the supporting documents, SSC will process the claims and authorize payment to be credited to the employees’ bank account. | Will salary/arrear process will be the part of system, or this system is for bills/claims processing? Please reply. | System is for bills / claims processing only. Salary/Pay arrear is not part of the application. The basic document of salary/Pay arrear will be sent to SSC through the system and after two level authorisation the payment is made through PAO. However, Leave/Suspension period (no of days salary not to be paid) effecting regular pay will be communicated to SSC i.e Recovery of Pay may be communicated to SSC. |

| Section - III: Scope of Work and Deliverables, Proposed Strategy for shared services | Page 20-21 | There will not be any integration like digital signature, payment gateway etc. other than Single Sign On, Email/SMS. Please reply in case of any please share list. Also in case any 3rd party application integration (internal/external), CAG will share required APIs for integration to the selected bidder. Please reply. | No integration is required at present only approval through SMS / email requires | |

<p>| Clause-6 | Page 20 | The system also does not aim to alter the budget allotment and expenditure control system, which could continue to remain in its present form. The proposed model only envisages centralizing the processing part of the payment of employee claims and entitlements. Note for sl.no. 5 &amp; 6: Budget allotment and monitoring will be through existing system. However, facility may be kept in this system to data entry the allotted funds. We understand that by processing it is meant automating a workflow for approval/rejection of claims and not disbursement of funds. Please validate our assessment. If budget allotment and monitoring will be through the existing system, please explain the rationale for entering the allotted funds under various heads. Also, please elaborate the scope of work for allotment and monitoring of funds. | Yes | Headwise allotment is to be fed in the system during the Financial year. Subsequently, system must control over expenditure for each heads of account of claims of the employee for the financial year. No |
| 21 | Section - III: Scope of Work and Deliverables, Phase: Employee Related Claim | Page 20 | In case of salary/arrears etc., concerned field office/head office will send the basic documents to the SSC and the SSC will authorize payments to be credited to the employees’ bank accounts. Please reply. | System is for bills / claims processing only. |
| 22 | Clause-3 | Page 20 | It is now planned to develop a web-based application for Management of payroll and other employee entitlement work in O/o the Director General of Audit, Defence Services, New Delhi so that these services can be managed centrally from a Shared Services Centre (SSC). On successful implementation of the project at the said office, the roll out of the same can be considered for other field offices within I&amp;AD including headquarters. | Please elaborate what is meant by Payroll Management. Do we have to make develop entire payroll process or is that only relevant authorities at branch/field offices will upload voucher (or other supporting documents) into the system (for salary/arrears expenses) for viewing/downloading the same at SSC premises and granting form level approval for funds disbursement into the bank acct. of employees. Please validate our assessment and confirm that payment gateway integration will be out of scope of this system. | NO |</p>

| 25 | Clause-8 | Page 20 | It must be remembered that the Business Rules relating to various payments need not be automated in the proposed IT solution, as the processing of claims will be carried out manually and only claims is to be processed through the system. The main reasons for not hardcoding the Business Rules are due to (a) the existence of large number of rules relating to various claims and (b) the fact that these Rules are prone to frequent changes. Payment transaction will be out of this system, payment will be processes as per current process only. | It is understood that by processing it is meant that only movement of claim form is envisaged and no calculations have to be performed in the system for arriving at approved claim amount. The max. entitled claim amount under different heads for different employees (designation-wise) would not need to be ported into the system and only actual claim amount has to be entered by employee in the form. | The employee will fill the amount of claim he/she incurred. Which will further process by the SSC. The data of approved amount of all the employees needs to be displayed as authenticated data for budget. |
| 26 | Section – III SCOPE OF WORK AND DELIVERABLES | 21 | <strong>Phase I: Employee related claims</strong> 11. The various employee-related claims to be processed in the proposed system are as follows:  - Leave Travel Concession (LTC)  - Travel Allowance (TA) on Transfer  - TA on Retirement  - TA on tour  - Children Education Allowance/Hostel Subsidy  - Medical Reimbursement  - News Paper Reimbursement  - House Building Advance  - TA Advance on transfer  - TA Advance on retirement 22  - TA Advance on tour  - GPF Advance  - GPF part/final payment  - Medical Advance  - Leave Encashment on LTC  - Computer Advance  - Miscellaneous payment (Telephone bill, Office Bag, Local Conveyance Bill and Honorarium) | 1.
