

PRESS RELEASE

The Office of the Comptroller & Auditor General of India observes **Audit Diwas on 16th of November** every year, followed by an **Audit Awareness Week** across the Country. It serves as an opportunity to reach out to our stakeholders, raise awareness, and reinforce the organisation's role in promoting accountability and transparency in public administration.

This year, both the AG(Audit) and AG (Accounts & Entitlement) offices are organising a series of Outreach Activities and External Workshops as part of the Audit Awareness Week.

1. Outreach Programme on Public Entitlement Functions.

An outreach programme aimed at raising awareness and assisting the public on various entitlement-related matters—including pension and related queries (ROP), GPF (including online GPF Statement), missing credits/debits, payslips, pay fixation and options under FR 22 I(a)(i), and final leave encashment—will be conducted at the **DC Conference Hall, DC Office Wokha, Nagaland on 21-11-2025 from 11:00 AM to 1:00 PM.**

During the programme, the office will also personally hand over the **Pension Payment Orders (PPOs)** to pensioners of the district. Pensioners and State Government employees are invited to attend the programme for grievance redressal and necessary clarifications, if any.

2. Workshop on the CAG Connect Portal

A workshop on the use of the **CAG Connect Portal (OIOS) for the State Government Departments** will be conducted on **26-11-2025 from 11:00 AM to 1:00 PM** at the Conference Hall of this office. This transformative digital initiative is designed to streamline the audit process and enhance ease of interaction between audit and audit entities. The portal will enable Departments to view pending Audit observations and paras and submit replies online.

3. Workshop for Divisional Accountants

A workshop to enhance the accounting knowledge and skills of **Divisional Accountants** will be held on **26-11-2025 from 1:30 PM to 4:30 PM** at the Conference Hall of this office. The workshop will focus on accounting rules, regulations, and procedures to ensure quality and accuracy of accounts maintained by Divisional Accountants in the State.

Sr. Accounts Officer (Administration)
