Press Brief

This Annual Technical Inspection Report on Local Bodies, relating to Government of Bihar for the year ended 31 March 2019 covering the period 2017-19 was presented to the Bihar Legislature on 16 December, 2022.

This Report of the Accountant General (Audit), Bihar for the year ended 31 March 2019 includes findings on the Functioning, Accountability Mechanism and Financial Reporting issues of Panchayati Raj Institutions (PRIs) and Urban Local Bodies (ULBs). It also contains findings relating to Compliance Audit of PRIs & ULBs. A summary of important audit findings is given below.

1. An Overview of the Functioning, Accountability Mechanism and Financial Reporting issues of Panchayati Raj Institutions

❖ Audit arrangements

Thirteenth Finance Commission (13th FC) and Fourteenth Finance Commission (FFC) had recommended that the CAG must be entrusted with the Technical Guidance and Support (TGS) over the audit of all the Local Bodies (LBs) at every tier/category and its Annual Technical Inspection Report (ATIR) as well as Annual Report of Director of Local Fund Audit (DLFA) must be placed before the State Legislature. Audit of the accounts of LBs under TGS was commenced in the State from January 2017 after acceptance of the Standard Terms and Conditions by the GoB and since then the Directorate of Local Fund Audit started performing the role of primary external auditor for audit of the LBs.

The DLFA had conducted audit of the accounts of 1,255 PRI units during 2014-19 which was only 14.04 *per cent* of the total PRIs in the State. Further, out of the aforesaid 1,255 audited PRI units, Inspection Reports (IRs) of only 289 units (23 *per cent*) were issued. The DLFA stated that due to lack of infrastructures, the issuance of IRs got delayed.

(Paragraph 1.5)

❖ Devolution of functions, funds and functionaries

Twenty Departments of the GoB transferred their respective functions to the PRIs in September 2001 and prepared tier-wise activity mapping of functions/sub-functions but provisions regarding devolution of functions and responsibilities to be performed by the three tiers of Panchayats were not made clear and devolution of functions could not be implemented effectively.

The PRIs were unable to levy and collect taxes due to non-framing of Bihar Panchayat (Gram Panchayat, Audit, Budget and Taxation) Rules despite recommendation of the State Finance Commissions and relevant provisions in the BPRA, 2006.

The PRIs in the State did not have adequate staff to discharge the devolved functions. At GP level, 4,751 posts (56 *per cent* of the sanctioned strength) of the Panchayat Secretary were vacant whereas 455 posts of Block Panchayati Raj Officer (BPRO) (64 *per cent* of the total sanctioned strength of BPRO) were vacant at the Block level.

(Paragraph 1.3.3)

❖ **Utilisation of funds**

As of November 2019, Utilisation Certificates of only ₹ 13,695.45 crore (46.71 per cent) were submitted by the PRIs against total grants of ₹ 29,319.83 crore released during the period up to 2017-18.

(Paragraph 1.7.3)

2. Compliance Audit of PRIs

❖ **Unfruitful expenditure on incomplete works**

Construction of 42 Aanganwadi Centres remained incomplete for a period ranging from four to eight years resulting in an unfruitful expenditure of ₹ 1.27 crore.

(Paragraph 2.1)

3. An Overview of the Functioning, Accountability Mechanism and Financial Reporting issues of ULBs in Bihar

❖ **Devolution of functions, funds and functionaries**

Of the total 18 subjects referred to in the Twelfth Schedule of the 74th Constitutional Amendment Act, functions relating to 17 subjects (except fire services) were devolved to ULBs through provisions made in the BM Act, 2007. Out of these 17 subjects, functions relating to 12 subjects were carried out directly by the ULBs and functions relating to remaining five subjects were performed by the functional departments/ Parastatal Bodies of the Government of Bihar.

The Central/State Government had provided funds under different heads such as Central Finance Commission, State Finance Commission and Sate Plan etc.to carry out the mandated functions of ULBs. The ULBs were not able to meet its establishment expenditure from own source of revenue.

(Paragraph 3.3.2)

❖ **Functioning of District Planning Committee (DPC)**

The DPC was constituted with delays in February 2018 and did not exist during the period between 2016 and 2017. As a result, the Annual Plans for execution of development works approved by the Municipalities could not be consolidated at District level and therefore, a consolidated District Development Plan was not prepared and submitted to the Departments.

(Paragraph 3.4.2)

❖ **Poor response to IRs issued by AG (Audit)**

Out of total 7,740 audit paragraphs contained in 271 Inspection Reports, only 2,004 audit paragraphs (26 per cent) were settled and 5,709 audit paragraphs involving ₹ 2,122.12 crore remained outstanding for settlement as of October 2019.

(Paragraph 3.6.1)

❖ **Utilisation Certificates**
