

### Glossary of terms and abbreviations used in the Report

Terms	Description
GSDP	GSDP is defined as the total income of the Union Territory or the market value of goods and services produced using labour and all other factors of production at current prices.
Buoyancy ratio	Buoyancy ratio indicates the elasticity or degree of responsiveness of a fiscal variable with respect to a given change in the base variable. For instance, revenue buoyancy at 0.6 implies that revenue receipts tend to increase by 0.6 percentage points, if the GSDP increases by one <i>per cent</i> .
Core Public Goods and Merit goods	Core public goods are goods which all citizens enjoy in common in the sense that each individual's consumption of such a good leads to no subtractions from any other individual's consumption of that good, e.g., enforcement of law and order, security and protection of rights, pollution free air and other environmental goods, road infrastructure etc., Merit goods are commodities that the public sector provides free or at subsidised rates because an individual or society should have them on the basis of some concept of need, rather than the ability and willingness to pay to the Government and therefore wishes to encourage their consumption. Examples of such goods include the provision of free or subsidised food for the poor to support nutrition, delivery of health services to improve quality of life and reduce morbidity, providing basic education to all, drinking water and sanitation etc.
Development expenditure	Broadly, the Social and Economic Services constitute development expenditure, while expenditure on General Services is treated as non-development expenditure.

Terms	Description
Average interest rate	Average interest rate is defined as the percentage of interest payment made to average financial liabilities of the State during the year i.e., (sum of opening and closing balances of fiscal liabilities /2) x 100
Debt sustainability	Debt sustainability is defined as the ability of the Union Territory to maintain a constant debt-GSDP ratio over a period of time and also embodies the concern about the ability to service its debt. It also refers to the sufficiency of liquid assets to meet current or committed obligations and the capacity to keep a balance between the costs of additional borrowings and the returns from such borrowings.
Primary expenditure	Primary expenditure of the State, defined as the total expenditure net of the interest payments, indicates the expenditure incurred on the transactions undertaken during the year.

<b>Abbreviations</b>	<b>Full form</b>
