

CHAPTER-1

OVERVIEW

Chapter 1: Overview

1.1 Profile of the State

Mizoram is situated in the North-Eastern Region (NER) of India bordering three of the eight states in the NER¹ and shares an international border with Myanmar and Bangladesh. It is the fifth smallest State of India in terms of geographical area (21,081 sq.km.) and second least populated State in the country. The population of the State increased from 8,88,573 in 2001 to 10,97,206 in 2011 at a decadal growth rate of 23.48 *per cent* which was higher than the National decadal growth rate of 12.30 *per cent*. The projected population as of March 2022 was 13,83,703.

The State has eleven districts and three Autonomous District Councils (ADCs). The per capita GSDP (advance estimates) of the State at current prices was ₹ 2,03,170.19 during 2021-22, which was more than the North Eastern and Himalayan States' average of ₹ 1,57,332.21 and all India average of ₹ 1,72,912.92. General and financial data relating to the State are given in *Appendix I*.

1.1.1 Gross State Domestic Product of the State

Gross State Domestic Product (GSDP) is the value of all the goods and services produced within the boundaries of the State in a given period of time. Growth of GSDP is an important indicator of the State's economy, as it denotes the extent of changes in the level of economic development of the State over a period of time.

Change in sectoral contribution to the GSDP is also important to understand the changing structure of economy. The economic activity is generally divided into Primary, Secondary and Tertiary sectors, which correspond to the Agriculture and Allied Activities, Industry and Service sectors. **Table 1.1** provides a comparison of GDP and GSDP for the period 2017-18 to 2021-22.

Table 1.1 : Trends in GSDP compared to GDP

Year	2017-18	2018-19 ²	2019-20 ³	2020-21 ⁴	2021-22 ⁵
GDP at current price	1,70,90,042	1,88,99,668	2,00,74,856	1,98,00,914	2,36,64,637
Growth rate of GDP over previous year (in per cent)	11.03	10.59	6.22	-1.36	19.51
GSDP at current prices	19,385	21,912	24,990	24,712	24,807
Growth rate of GSDP over previous year (in per cent)	12.76	13.03	14.04	-1.11	0.38

¹ Assam, Manipur and Tripura

² 3rd Revised Estimate

³ 2nd Revised Estimate

⁴ 1st Revised Estimate

⁵ Provisional Estimates

As can be seen from the preceding table, GSDP grew at a higher rate during the period from 2017-18 to 2021-22 compared to GDP except in the last two years. GSDP of Mizoram registered growth of 0.38 per cent during 2021-22.

Chart 1.1 reveals that during the five-year period from 2017-18 to 2021-22, there has been a significant decrease in the growth rate of the Agriculture sector in GSDP, declining from 13.38 per cent in 2017-18 to 7.48 per cent in 2021-22. The growth rate of the Industry sector fell from 17.03 per cent in 2017-18 to 12.17 per cent in 2021-22. The growth rate of the Services sector ranged between 9.62 per cent in 2019-20 to 5.95 per cent in 2021-22 during the period.

1.2 Basis and Approach to State Finances Audit Report

In terms of Article 151 (2) of the Constitution of India, the Reports of the Comptroller and Auditor General of India (CAG) relating to the accounts of a State are to be submitted to

the Governor of the State, who shall cause them to be laid before the State Legislature. The State Finances Audit Report (SFAR) is prepared and submitted under Article 151 (2) of the Constitution of India.

Accounts Wing of the Office of the Principal Accountant General, Mizoram prepares Finance Accounts and Appropriation Accounts of Government of Mizoram (GoM) annually, from the vouchers, challans and initial and subsidiary accounts rendered by the treasuries, State Government offices and Departments responsible for keeping of such accounts as well as statements received from the Reserve Bank of India. These accounts are audited independently by the Audit Wing of the Office of the Principal Accountant General, and certified by the CAG.

Finance Accounts and Appropriation Accounts of the State constitute the core data for this Report. Other sources include the following:

- Budget of the State: for assessing the fiscal parameters and allocative priorities *vis-à-vis* projections, as well as for evaluating the effectiveness of its implementation and compliance with the relevant rules and prescribed procedures;
- Results of audit carried out by the Office of the Pr. Accountant General (Audit);
- Other data with Departmental Authorities and Treasuries (accounting as well as Management Information System),
- GSDP data and other State related statistics; and
- Various Audit Reports of the CAG of India.

The analysis is also carried out in the context of recommendations of the XV Finance Commission (FC), the State Financial Responsibility and Budget Management Act, best practices and guidelines of Government of India.

1.3 Report Structure

The SFAR is structured into the following four Chapters:

Chapter - 1	Overview This Chapter describes the basis and approach to the Report and the underlying data, provides an overview of structure of government accounts, budgetary processes, macro-fiscal analysis of key indices and State's fiscal position including the deficits/ surplus.
Chapter - 2	Finances of the State This Chapter provides a broad perspective of the finances of the State, analyses the critical changes in major fiscal aggregates relative to the previous year, overall trends during the period from 2017-18 to 2021-22, debt profile of the State and key Public Account transactions, based on the Finance Accounts of the State.
Chapter - 3	Budgetary Management This Chapter is based on the Appropriation Accounts of the State and reviews the appropriations and allocative priorities of the State Government and reports on deviations from Constitutional provisions relating to budgetary management.

Chapter - 4	Quality of Accounts & Financial Reporting Practices This Chapter comments on the quality of accounts rendered by various authorities of the State Government and issues of non-compliance with prescribed financial rules and regulations by various departmental officials of the State Government.
--------------------	--

1.4 Overview of Government Accounts' Structure and Budgetary Processes

The Accounts of the State Government are kept in three parts:

1. Consolidated Fund of the State (Article 266(1) of the Constitution of India)

This Fund comprises all revenues received by the State Government, all loans raised by the State Government (market loans, bonds, loans from the Central Government, loans from Financial Institutions, Special Securities issued to National Small Savings Fund, etc.), Ways and Means Advances extended by the Reserve Bank of India and all moneys received by the State Government in repayment of loans. No moneys can be appropriated from this Fund except in accordance with law and for the purposes and in the manner provided by the Constitution of India. Certain categories of expenditure (e.g., salaries of Constitutional authorities, loan repayments etc.), constitute a charge on the Consolidated Fund of the State (Charged expenditure) and are not subject to vote by the Legislature. All other expenditures (Voted expenditure) are voted by the Legislature.

2. Contingency Fund of the State (Article 267 (2) of the Constitution of India)

This Fund is in the nature of an imprest, which is established by the State Legislature by law, and is placed at the disposal of the Governor to enable advances to be made for meeting unforeseen expenditure pending authorisation of such expenditure by the State Legislature. The fund is recouped by debiting the expenditure to the concerned functional major head relating to the Consolidated Fund of the State.

3. Public Account of the State (Article 266(2) of the Constitution)

Apart from the above, all other public moneys received by or on behalf of the Government, where the Government acts as a banker or trustee, are credited to the Public Account. The Public Account includes repayables like Small Savings and Provident Funds, Deposits (bearing interest and not bearing interest), Advances, Reserve Funds (bearing interest and not bearing interest), Remittances and Suspense heads (both of which are transitory heads, pending final booking). The net cash balance available with the Government is also included under the Public Account. The Public Account is not subject to the vote of the Legislature.

There is a constitutional requirement in India (Article 202) to present before the House or Houses of the Legislature of the State, a statement of estimated receipts and expenditure of the government in respect of every financial year. This 'Annual Financial Statement' constitutes the main budget document. Further, the budget must distinguish expenditure on the revenue account from other expenditures.

Revenue Receipts consists of Own Tax Revenue (OTR), Non-Tax Revenue (NTR), share of Union Taxes/ Duties, and Grants-in-Aid (GIA) from Government of India.

Revenue Expenditure consists of all those expenditure of the Government, which do not result in creation of physical or financial assets. It relates to those expenses incurred for the normal functioning of the government departments and various services, interest payments on debt incurred by the government, and grants given to various institutions (even though some of the grants may be meant for creation of assets).

The **Capital Receipts** consists of:

- **Debt Receipts:** Market Loans, Bonds, Loans from financial institutions, Net transaction under Ways and Means Advances, Loans and Advances from Central Government, etc.;
- **Non-debt Receipts:** Proceeds from disinvestment, Recoveries of loans and advances;

Capital Expenditure includes expenditure on the acquisition of land, buildings, machinery, equipment, investment in shares and loans and advances by the Government to PSUs and other parties.

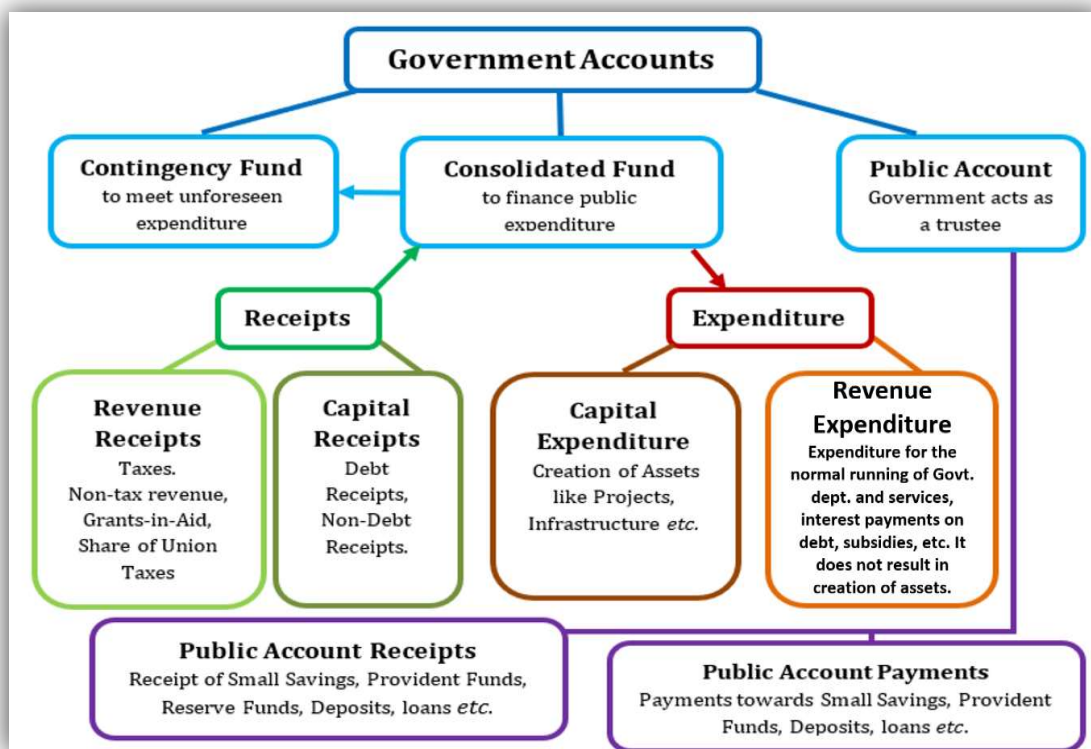

At present, we have an accounting classification system in government that is both functional and economic.

Table 1.2 : Classification of Accounts

	Attribute of transaction	Classification
Standardised in LMMH by CGA	Function- Education, Health, etc. /Department	Major Head under Grants (4-digits)
	Sub-Function	Sub Major head (2-digits)
	Programme	Minor Head (3-digits)
Flexibility left for States	Scheme	Sub-Head (2-digits)
	Sub scheme	Detailed Head (2-digits)
	Economic nature/Activity	Object Head-salary, minor works, etc. (2-digits)

The functional classification gives information about the department, function, scheme or programme, and object of the expenditure. Economic classification helps organise these payments as revenue, capital, debt, etc. Economic classification is achieved by the numbering logic embedded in the first digit of 4-digit Major Heads. For instance, 0 and 1 is for revenue receipts, 2 and 3 for revenue expenditure, and 4 and 5 for capital expenditure, etc. Economic classification is also achieved by an inherent definition and distribution of some object heads. For instance, generally “salary” object head is revenue expenditure, “construction” object head is capital expenditure. Object head is the primary unit of appropriation in the budget documents.

Chart 1.3 : Structure of Government Accounts

Budgetary Processes

In terms of Article 202 of the Constitution of India, the Governor of Mizoram causes to be laid before the State Legislature, a statement of the estimated receipts and expenditure of the State for the year 2021-22, in the form of an **Annual Financial Statement**. In terms of Article 203, the statement is submitted to the State Legislature in the form of Demands for Grants/ Appropriations and after approval of these, the Appropriation Bill is passed by the Legislature under Article 204 to provide for appropriation of the required money out of the Consolidated Fund.

The State Budget Manual details the budget formulation process and guides the State Government in preparing its budgetary estimates and monitoring its expenditure activities. Results of audit scrutiny of budget and implementation of other budgetary initiatives of the State Government are detailed in **Chapter 3** of this Report.

1.4.1 Snapshot of Finances

The following table provides the details of the financial actuals *vis-a-vis* the Budget Estimates for the year 2021-22 and the actuals of 2020-21.

Table 1.3 : Details of financial results for the year 2021-22

(₹ in crore)

Sl. No.	Components	2020-21 (Actuals)	2021-22		Percentage of Actuals to BEs	Percentage of Actuals to GSDP
			(Budget Estimates)	(Actuals)		
1	Tax Revenue	3,658.11	4,047.38	5,076.80	125.43	20.47
	(i) Own Tax Revenue	647.56	719.56	853.94	118.68	3.44
	(ii) Share of Union Taxes/ Duties ^a	3,010.55	3,327.82	4,222.86	126.90	17.02
2	Non-Tax Revenue	561.76	852.26	622.12	73.00	2.51
3	Grants-in-aid and Contributions	3,520.80	4,896.17	3,460.82	70.68	13.95
4	Revenue Receipts (1+2+3)	7,740.67	9,795.81	9,159.74	93.51	36.92
5	Recovery of Loans and Advances	33.69	27.56	32.18	116.76	0.13

9	Total Receipts (4+8)	10,385.68	11,148.89	13,752.20	123.35	55.44
10	Revenue Expenditure	8,514.80	9,398.38	8,557.49	91.05	34.50
11	Interest payments	400.99	383.94	450.64	117.37	1.82
12	Capital Expenditure (13+14)	1,128.87	1,418.05	1,006.96	71.01	4.06
13	Capital outlay	1,125.97	1,417.45	1,004.38	70.86	4.05
14	Loans and advances	2.90	0.60	2.58	430.00	0.01
15	Total Expenditure (10+12)	9,643.67	10,816.43	9,564.45	88.43	38.56
16	Revenue Surplus (+)/ Deficit (-) (4-10)	-774.13	397.43	602.25	151.54	2.43
17	Fiscal Deficit {(4+5+6)-15}	-1,869.31	-993.06	-372.53	37.51	-1.50
18	Primary Surplus(+)/ Deficit (-) (17-11)	-1,468.32	-609.12	78.11	12.82	0.31

Source: Finance Accounts

(a) Includes State's share of Union Taxes.

(b) Borrowings and other Liabilities: Net (Receipts-Disbursements) of Public Debt + Net of Contingency Fund + Net (Receipts - Disbursements) of Public Account + Net of Opening and Closing Cash Balance.

(c) Expenditure on Capital Account includes Capital Expenditure and Loans and Advances disbursed

During 2021-22, Revenue Receipts (₹ 9,159.74 crore) fell short of the estimates (₹ 9,795.81 crore), which was compensated by Debt-Capital Receipts (₹ 4,592.46 crore) in excess of estimates (₹ 1,353.08 crore). As a result, total receipts for the year exceeded budget estimates by about 23.35 per cent. Both Revenue and Capital Expenditure fell short of estimates for the year by ₹ 840.89 crore and ₹ 411.09 crore respectively. As a result, total expenditure (₹ 9,564.45 crore) was 88.43 per cent of budget estimates (₹ 10,816.43 crore) for the year.

An analysis of the Own Tax Revenues (OTR) of Mizoram *vis a vis* those of the eight North Eastern (NE) states (Arunachal Pradesh, Assam, Manipur, Meghalaya, Mizoram, Nagaland, Sikkim and Tripura) during 2020-21 and 2021-22 revealed the following:

- In terms of the absolute OTR, Mizoram generated the lowest revenue in both years with ₹ 647.56 crore in 2020-21 and ₹ 853.94 crore in 2021-22. Assam generated the highest OTR of ₹ 17,133.61 crore 2020-21 and ₹ 19,533.10 crore in 2021-22. The average OTR of NE states during this period was ₹ 3,362.65 crore and ₹ 3,893.52 crore respectively.
- In terms of percentage of OTR to total Tax revenue, Mizoram was the second poorest performing state in the region with 17.70 per cent and 16.82 per cent respectively. The average of NE states was 34.59 per cent and 29.67 per cent for the two years in the period.

The State had a Revenue Surplus of ₹ 602.25 crore exceeding the estimated ₹ 397.43 crore for the year and Fiscal Deficit stood at ₹ 372.53 crore *vis-à-vis* target of ₹ 993.06 crore. However, instead of the targeted Primary Deficit of ₹ 609.12 crore there was a Primary Surplus of ₹ 78.11 crore during the year.

With respect to GSDP, Revenue and Capital Receipts contributed 36.92 per cent and 18.51 per cent respectively to the GSDP for the year.

1.4.2 Snapshot of Assets and Liabilities of the Government

Government accounts capture the financial liabilities of the Government and the assets created out of the expenditure incurred, though comprehensive accounting of fixed assets like land and buildings owned by the Government is not done in the existing Government accounting system. The liabilities consist mainly of internal borrowings, loans and advances from Government of India (GoI), receipts into public account and reserve funds, and the assets comprise mainly the capital outlay and loans and advances given by the State Government and cash balances.

Table 1.4 shows summarised position of Assets and Liabilities for Government of Mizoram as on 31 March 2022 *vis-a-vis* the position as on 31 March 2021.

Table 1.4 : Summarised position of Assets and Liabilities

₹ in crore)

As on 31.03.21	Liabilities	As on 31.03.22	As on 31.03.21	Assets	As on 31.03.22
Consolidated Fund of the State					
4,527.09	Internal Debt	5,002.62	16,510.92	Gross Capital Outlay on Fixed Assets	17,515.30

2,223.68	Deposits	1,844.17	9.08	Cash Balance	-167.14
619.17	Reserve Funds	680.96	385.54	Investment out of Reserve Fund	432.69
1,252.97	Suspense and Miscellaneous	909.49			
84.36	Remittance Balances	0			
5,583.10	Surplus on Government Account	6,185.35			
17,178.17	Total	18,089.57	17,178.17	Total	18,089.57

Source: Statement No. 1 of Finance Accounts

As can be seen from the table above, during 2021-22, assets and liabilities (excluding surplus on Government Accounts) both increased by ₹ 911.40 crore and ₹ 309.15 crore respectively. Further, the growth rate of assets decreased from 5.71 per cent in 2020-21 to 5.31 per cent in 2021-22 and the growth rate of liabilities excluding surplus on Government Accounts, decreased from 17.21 per cent in 2020-21 to 2.67 per cent in 2021-22.

1.5 Fiscal Balance: Achievement of Deficit and total Debt targets

When a government spends more than it collects by way of revenue, it incurs a deficit. There are various measures that capture government deficit.

Revenue Deficit/ Surplus (Revenue Expenditure – Revenue Receipts)	<p><i>It refers to the difference between revenue expenditure and revenue receipts.</i></p> <ul style="list-style-type: none"> • When the government incurs a revenue deficit, it implies that the government is dissaving and is using up the savings of the other sectors of the economy to finance a part of its consumption expenditure. • Existence of revenue deficit is a cause of concern as it indicates that revenue receipts were not able to meet even the revenue expenditure. Moreover, part of capital receipts was utilised to meet revenue expenditure, reducing availability of capital resources to that extent for creation of capital assets. • This situation means that the government have to borrow not only to finance its investment but also its consumption requirements. This leads to a build-up of stock of debt and interest liabilities and forces the government, eventually, to cut expenditure. • If major part of revenue expenditure is committed expenditure (interest liabilities, salaries, pensions), the government reduces productive expenditure or welfare expenditure. This would mean lower growth and adverse welfare implications.
---	---

<p>Fiscal Deficit/ Surplus {Total expenditure – (Revenue receipts + Non-debt creating capital receipts)}</p>	<p><i>It is the difference between the Revenue Receipts plus Non-debt Capital Receipts (NDCR) and the total expenditure. Fiscal Deficit is reflective of the total borrowing requirements of Government.</i></p> <ul style="list-style-type: none"> • Fiscal deficit is the difference between the government’s total expenditure and its total receipts excluding borrowing. • Non-debt creating capital receipts are those receipts, which are not borrowings, and, therefore, do not give rise to debt. Examples are recovery of loans and the proceeds from the sale of shares of PSUs. • The fiscal deficit will have to be financed through borrowing. Thus, it indicates the total borrowing requirements of the government from all sources. <p>Governments usually run fiscal deficits and borrow funds for capital/ assets formation or for creation of economic and social infrastructure, so that assets created through borrowings could pay for themselves by generating an income stream. Thus, it is desirable to fully utilise borrowed funds for the creation of capital assets and to use revenue receipts for the repayment of principal and interest.</p>
<p>Primary Deficit/ (Gross fiscal deficit – Net Interest liabilities)</p>	<p><i>It refers to the fiscal deficit minus the interest payments.</i></p> <ul style="list-style-type: none"> • Net interest liabilities consist of interest payments minus interest receipts by the government on net domestic lending. • The borrowing requirement of the government includes interest obligations on accumulated debt. To obtain an estimate of borrowing because of current expenditures exceeding revenues, we need to calculate the primary deficit.

Deficits must be financed by borrowing giving rise to government debt. The concepts of deficits and debt are closely related. Deficits can be thought of as a flow which add to the stock of debt. If the government continues to borrow year after year, it leads to the accumulation of debt and the government has to pay more and more by way of interest. These interest payments themselves contribute to the debt.

By borrowing, the government transfers the burden of reduced consumption on future generations. This is because it borrows by issuing bonds to the people living at present but may decide to pay off the bonds some twenty years later by raising taxes or reducing expenditure. Also, government borrowing from the people reduces the savings available to the private sector. To the extent that this reduces capital formation and growth, debt acts as a ‘burden’ on future generations.

However, if government deficits succeed in their goal of raising production, there will be more income and, therefore, more savings. In this case, both government and industry can borrow more. Also, if the government invests in infrastructure, future generations may be better off, provided the return on such investments is greater than the rate of interest. The actual debt could be paid off by the growth in output. The debt should not then be considered burdensome. The growth in debt will have to be judged by the growth of the economy as a whole.

Government deficit can be reduced by an increase in taxes or reduction in expenditure. There has also been an attempt to raise receipts through the sale of shares in PSUs. However, the major thrust has been towards reduction in government expenditure. This could be achieved through making government activities more efficient through better planning of programmes and better administration.

The Central and State Governments have passed Fiscal Responsibility and Budget Management Act (FRBM) with the objective of ensuring prudence in fiscal management by eliminating revenue deficits, reducing fiscal deficits and keeping overall/ outstanding debt to acceptable levels, establishing improved debt management and improving transparency in a medium term framework. In this context, the Act provides quantitative targets to be adhered to by the state with regard to deficit measures and debt level.

Government of Mizoram enacted the Mizoram Fiscal Responsibility and Budget Management (MZFRBM) Act, 2006 in line with the Union FRBM Act, 2003, to ensure stability and sustainability, improve efficiency and transparency in management of public finances, enhance the availability of resources by achieving sufficient revenue surplus, reduce fiscal deficit and remove impediments to effective conduct of fiscal policy and prudent debt management.

In line with the recommendations of Finance Commissions, the MZFRBM Act was amended thrice, with the latest amendment being in September 2020.

As per the provisions of the MZFRBM Act, 2006 the State Government is required to prepare every year, a Medium Term Fiscal Policy Statement⁶ (MTFPS) showing the rolling fiscal targets, in addition to the Fiscal Correction Path (FCP). Due to this, the fiscal targets set by XIV FC have been adopted in the MTFPS laid before the Mizoram Legislative Assembly.

The period of the Fourteenth Finance Commission has ended and the Fifteenth Finance Commission (XV FC) was constituted by the President of India on 27 November 2017. The XV FC was initially expected to submit its reports by November 2019. However, with the creation of two new Union Territories by the Jammu and Kashmir Reorganisation Act, 2019, the Commission submitted an interim Report for the year 2020-21 which was substantially accepted by Government of India. The XV FC in its report for 2021-22 to 2025-26 did not recommend any significant change in fiscal reformation thereby implying that the architecture introduced by XIV FC is still relevant.

The status of achievement *vis-à-vis* projections set during the period 2017-18 to 2021-22 is given in **Table 1.5**.

⁶ As required under Section 5(1)(a) of MZFRBM Act, 2006.

Table 1.5 : Compliance with provisions of State FRBM Act

Fiscal Parameters	Fiscal Targets	Achievement ⁷				
		2017-18	2018-19	2019-20	2020-21	2021-22
Revenue Deficit (-) / Surplus (+) (₹ in crore)	Revenue Surplus (Abolition of Revenue Deficit)	1,699.43	1,533.91	204.31	-774.13	602.25
		✓	✓	✓	✗	✓
Fiscal Deficit (-) / Surplus (+) (as percentage of GSDP)	Targets (below): 2017-18 - 3 per cent 2018-19 - 3 per cent 2019-20 - 8.34 per cent ⁸ 2020-21 - 6.40 per cent 2021-22 - 5.20 ⁹ per cent	-320.23	-352.92	-1,224.29	-1,869.31	-372.53
		1.65	1.61	4.90	7.56	1.50
		✓	✓	✓	✗	✓
Ratio of total outstanding debt to GSDP (in per cent)	Projections (below): 2017-18 - 40.87 per cent 2018-19 - 34.19 per cent 2019-20 - 32.66 per cent 2020-21 - 27.85 per cent 2021-22 - 27.63 per cent	37.65	33.39	34.73	39.98	42.61
		✓	✓	✗	✗	✗

The State Government recovered from the previous year's Revenue Deficit and achieved Revenue Surplus of ₹ 602.25 crore in 2021-22. However, although the target of Fiscal Deficit-GSDP ratio at 1.50 per cent of GSDP set under MZFRBM Act as amended in October 2020 was achieved, the Debt-GSDP ratio at 42.61 per cent did not achieve the target of 27.63 per cent set under the Fiscal Policy Strategy Statement¹⁰.

Similarly, the Medium Term Fiscal Plan (MTFP) has set forth a five-year rolling target for the prescribed fiscal indicators. **Table 1.6** indicates the variation between projections made for 2021-22 and actual achievement.

Table 1.6 : Actuals vis-à-vis projections in MTFP for 2021-22

Sl. No.	Fiscal Variables	Projection as per MTFP	Actuals		Variation (in per cent)
			(2021-22)	(₹ in crore)	
1	Own Tax Revenue	719.56	853.94	18.68	
2	Non-Tax Revenue	852.26	622.12	-27.00	
3	Share of Central Taxes	3,327.82	4,222.86	26.90	
4	Grants-in-aid from GoI	4,896.16	3,460.82	-29.32	
5	Revenue Receipts (1+2+3+4)	9,795.80	9,159.74	-6.49	
6	Revenue Expenditure	9,216.38	8,557.49	-7.15	
7	Revenue Surplus (+)/ Revenue Deficit (-)(5-6)	581.01	602.25	3.66	
8	Fiscal Deficit	-812.66	-372.53	-54.16	
9	Debt-GSDP ratio (per cent)	27.63	42.61	54.22	
10	GSDP growth rate at current prices (per cent)	21.56	0.38	-98.24	

As can be seen from the table above, the projections made in MTFP relating to key fiscal variables showed significant variation from the projections made for 2021-22.

⁷ ✓ denotes targets achieved and ✗ denotes targets not achieved

⁸ Targets set as per latest amendment (September 2020) of the MZFRBM Act.

⁹ Targets set as per latest amendment (September 2020) of the MZFRBM Act.

¹⁰ As required under Section 5(1)(b) of MZFRBM Act, 2006.

The trend of deficit parameters over the five-year period from 2017-18 to 2021-22 is depicted in **Chart 1.4**.

Chart 1.4 : Trends in deficit parameters

Source: Finance Accounts

The XV FC had projected a Revenue Deficit (RD) of ₹ 1,790 crore for the State of Mizoram, however, Mizoram had a Revenue Surplus of ₹ 602.25 crore. Fiscal Deficit (FD) stood at ₹ 372.53 crore during 2021-22.

Chart 1.5 depicts the trends in surplus/ deficit relative to GSDP over the five-year period 2017-18 to 2021-22.

Chart 1.5 : Trends in Surplus/ Deficit relative to GSDP

Source: Finance Accounts

Improvement in the status of deficits/ surpluses compared to the previous two years could be clearly seen from the trend shown in the chart. This resulted from the increased economic prosperity of the state due to the resumption of normal economic activity after the COVID-19 pandemic.

Total outstanding liabilities (TOL) for the year was ₹ 10,570.93 crore which as a percentage of GSDP at 42.61 per cent failed to meet the target of 27.63 per cent set under the MTFP. **Chart 1.6** depicts the trends in fiscal liabilities relative to GSDP.

Chart 1.6 : Trends in Fiscal Liabilities and GSDP

Source: Finance Accounts

Internal Debt and Loans from GoI increased by ₹ 475.53 crore and ₹ 286.80 crore respectively while Public Account Liabilities decreased by ₹ 72.49 crore for the current year.

1.6 Implementation of State Finance Commission recommendations

With a view to provide greater decentralisation and autonomy to local bodies the Constitution of India empowered the States to establish State Finance Commissions (SFC), to be appointed after every 5 years, to recommend devolution of funds from the State Government to Local Bodies and suggest measures for augmenting their own resources.

In keeping with these provisions, the 1st Mizoram Finance Commission (I MFC) was constituted on September 30, 2011, in pursuance of sub-section (1) of section 3 of the Mizoram Finance Commission Act, 2010. The Commission was to submit its report by 31 October 2014. The term of the Commission was subsequently extended twice upto 31 March, 2015. The Report of the commission was submitted on 19 February 2015 and covered a period of five years commencing on 1 April 2015 *i.e.* 2015-16 to 2019-20.

Further, the Second Finance Commission had also been established in the State through the revalidation of the posts created for the Mizoram Finance Commission by order of the Governor of Mizoram on 26 November 2021. As of November 2022, the Commission is yet to submit its report to the Government.

1.6.1 Terms of Reference of State Finance Commission

As per their Terms of Reference (ToR), the I MFC was to submit its recommendations on the following matters:

1. The principles which should govern-
 - i. The distribution between the state and the Village Councils, Aizawl Municipal Council and the Autonomous District Councils (ADC) of the net proceeds of the taxes, duties, tolls, and fees leviable by the State, which may be divided between them to enable these bodies to perform the functions assigned, and which may be assigned to it under any laws in force or orders, and the allocation between the Village Councils, Aizawl Municipal Council and the Autonomous District Councils at all levels of their respective shares of such proceeds;
 - ii. The determination of the taxes, duties, tolls and fees which may be assigned to, or appropriated by, the Village Councils, Aizawl Municipal Council and the Autonomous District Councils;
 - iii. The grant-in-aid to the Village Councils, Aizawl Municipal Council and the Autonomous District Councils from the Consolidated Fund of Mizoram;
2. The measures needed to improve the financial position of the Village Councils, Aizawl Municipal Council and the Autonomous District Councils.

1.6.2 State Government's compliance to 1st MFC Report

In its report, the 1st MFC made 94 separate recommendations as per the ToR. These topics included functioning and finances of local bodies and ADCs, State Finances, devolution and deficit financing and various other relevant issues. At the time of preparation of this Report (November 2022) the State Government had accepted the report of the Commission but had only implemented the recommendations regarding fiscal devolution to local bodies and ADCs. Therefore, as per the recommended procedure, 15 *per cent* of the State's Own Tax revenue devolved to local bodies during the period up to 2019-20. However, the State did not implement the Commission's recommendation to give local bodies revenue raising power in the areas indicated by the activity mapping proposed in the report.

In light of the above, the State Government may take necessary action to fully implement the recommendations of the 1st MFC to enable the realisation of the benefits envisaged under the Constitution.

1.7 Deficits and Total Debt after examination in Audit

In order to present a better picture of State Finances, there is a tendency to classify revenue expenditure as capital expenditure and to conduct off-budget fiscal operations.

1.7.1 Post audit - Deficits

Misclassification of revenue expenditure as capital and off budget fiscal operations impact the deficit figures. Besides, deferment of clear cut liabilities, not depositing cess/royalty to Consolidated Fund, short contribution to New Pension Scheme, sinking and redemption

funds, etc. also impacts the revenue and fiscal deficit figures. In order to arrive at actual deficit figures, the impact of such irregularities needs to be reversed.

The impact on Revenue Surplus and Fiscal Deficit of the State Government as per the findings of audit is given in the following table:

Table 1.7 : Impact of Misclassification and Deferment of Expenditure on Revenue Surplus and Fiscal Deficit

(₹ in crore)

Particulars	Impact on Revenue Surplus		Impact on Fiscal Deficit	
	Understatement	Overstatement	Understatement	Overstatement
Short payment of Interest adjustment	-	9.02	9.02	-
Short transfer into State Disaster Response Fund (State Share ₹0.68 crore and Central Share ₹18.80 crore)	-	19.48	19.48	-
Non-contribution to Consolidated Sinking Fund	-	4.26	4.26	-
Net Impact	-	32.76	32.76	-

Source: Finance Accounts and Audit Analysis

It may be seen from the preceding table that the State Government overstated Revenue Surplus and understated Fiscal Deficit by ₹ 32.76 crore through short payment of interest adjustment (₹ 9.02 crore), short transfer into State Disaster Response Fund (₹ 19.48 crore) and non-contribution to Consolidated Sinking Fund (₹ 4.26 crore).

1.8 Conclusion

The growth rate of GSDP at current prices, during 2017-22 ranged between 12.76 per cent (2017-18) to -1.11 per cent (2020-21). During 2021-22, the GSDP (Advance Estimates) at current price was ₹ 24,807 crore, up from ₹ 24,712 crore in 2020-21, representing meagre growth of 0.38 per cent. During the last five-year period from 2017-18 to 2021-22, there was a significant decrease in the growth rate of the Agriculture sector in GSDP, declining from 13.38 per cent in 2017-18 to 7.48 per cent in 2021-22. During the same period growth in the Industry sector also declined steadily from 17.03 per cent in 2017-18 to 12.17 per cent in 2021-22. The Services sector continued to be the largest contributor to the GSDP (43.91 per cent).

The State Government recovered from the previous year's Revenue Deficit and achieved Revenue Surplus of ₹ 602.25 crore during 2021-22. However, although the Fiscal Deficit-GSDP ratio at 1.50 per cent of GSDP was within the target, the Debt-GSDP ratio at 42.61 per cent did not achieve the target of 27.63 per cent set under Mizoram Fiscal responsibility and Budget Management (MZFRBM) Act as amended in October 2020.

The XV FC had projected a Revenue Deficit (RD) of ₹ 1,790 crore for the State of Mizoram, however, Mizoram had a Revenue Surplus of ₹ 602.25 crore. Fiscal Deficit (FD) stood at ₹ 372.53 crore during 2021-22.

Internal Debt and Loans and Advances from Government of India (GoI) increased by ₹ 475.53 crore and ₹ 286.80 crore respectively while Public Account Liabilities increased by ₹ 286.80 crore for the current year.

Out of the 94 recommendations of the 1st MFC accepted by the State Government, only one recommendation was implemented (December 2022).

The State Government overstated Revenue Surplus and understated Fiscal Deficit by ₹ 32.76 crore due to non-provision of interests and non-contribution to designated Funds.

1.9 Recommendations

- *The Government may adhere to the targets of Mizoram Fiscal responsibility and Budget Management (MZFRBM) Act set for ratio of total outstanding debt to Gross State Domestic Product..*
- *The Government needs to fully implement the recommendations of the 1st MFC.*
