|                                                                                   | Executive Summary                                                                | vii  |
| <b>CHAPTER I: INTRODUCTION AND AUDIT FRAMEWORK</b>                                |                                                                                  |      |
| 1.1                                                                               | Introduction                                                                     | 1    |
| 1.2                                                                               | Consideration of coverage of households under <i>HGNJ</i> resolve                | 3    |
| 1.3                                                                               | Organisational set-up                                                            | 3    |
| 1.4                                                                               | Audit objectives                                                                 | 5    |
| 1.5                                                                               | Audit criteria                                                                   | 5    |
| 1.6                                                                               | Audit scope and methodology                                                      | 5    |
| 1.7                                                                               | Acknowledgement and limitations                                                  | 6    |
| 1.8                                                                               | Non-production of records                                                        | 6    |
| <b>CHAPTER II: PLANNING AND FINANCES OF THE SCHEMES</b>                           |                                                                                  |      |
| 2.1                                                                               | Planning for <i>HGNJ yojana</i>                                                  | 9    |
| 2.1.1                                                                             | Scope for coverage of rural wards                                                | 9    |
| 2.1.2                                                                             | Baseline survey for coverage of rural wards                                      | 12   |
| 2.1.3                                                                             | Scope for coverage of urban wards                                                | 15   |
| 2.1.4                                                                             | Baseline survey for coverage of urban wards                                      | 15   |
| 2.1.5                                                                             | Planning of important components of scheme in rural area                         | 16   |
| 2.1.6                                                                             | Planning of requisite scheme components in urban area                            | 18   |
| 2.1.7                                                                             | Delay in commencement of <i>HGNJ yojana</i>                                      | 19   |
| 2.2                                                                               | Financial Management of <i>HGNJ yojana</i>                                       | 21   |
| 2.2.1                                                                             | Funding of <i>HGNJ yojana</i> schemes in rural area                              | 22   |
| 2.2.2                                                                             | Funding of <i>HGNJ yojana</i> Schemes in urban area                              | 28   |
| <b>CHAPTER III: EXECUTION AND MAINTENANCE OF SCHEMES UNDER <i>HGNJ YOJANA</i></b> |                                                                                  |      |
| 3.                                                                                | Execution of schemes under <i>HGNJ yojana</i>                                    | 31   |
| 3.1                                                                               | Unrealistic reporting of coverage of wards in rural areas                        | 32   |
| 3.2                                                                               | Unrealistic reporting of coverage of wards in urban areas                        | 34   |
| 3.3                                                                               | Execution of <i>HGNJ yojana</i> in rural and urban wards                         | 34   |
| 3.3.1                                                                             | Augmentation of existing piped water supply scheme without survey in rural areas | 36   |
| 3.3.2                                                                             | Construction of new piped water supply schemes                                   | 39   |
| 3.3.3                                                                             | Non-functional schemes under <i>HGNJ yojana</i> in rural and urban areas         | 44   |
| 3.3.4                                                                             | Contract Management under <i>HGNJ yojana</i>                                     | 45   |
| 3.4                                                                               | Operation & Maintenance                                                          | 51   |

| Paragraph                                                                  | Particulars                                                          | Page |
|----------------------------------------------------------------------------|----------------------------------------------------------------------|------|
| 3.4.1                                                                      | O&M of schemes under PHED                                            | 51   |
| 3.4.2                                                                      | Inadequate provision of funds under O&M in PRD                       | 53   |
| 3.4.3                                                                      | Status of O&M in ULBs                                                | 55   |
| <b>CHAPTER IV: WATER QUALITY MANAGEMENT &amp; SERVICE LEVEL BENCHMARKS</b> |                                                                      |      |
| 4.1                                                                        | Water quality management under <i>HGNJ yojana</i>                    | 59   |
| 4.1.1                                                                      | Coverage of quality affected rural wards                             | 59   |
| 4.1.2                                                                      | Coverage of quality affected urban wards                             | 64   |
| 4.1.3                                                                      | Water quality tests and functioning of water testing laboratory      | 65   |
| 4.1.4                                                                      | Other irregularities                                                 | 71   |
| 4.2                                                                        | Achievement of service level benchmarks in water supply              | 72   |
| 4.2.1                                                                      | Coverage of water supply connections                                 | 72   |
| 4.2.2                                                                      | Per capita supply of water                                           | 74   |
| 4.2.3                                                                      | Continuity of water supply                                           | 75   |
| <b>CHAPTER V: EVALUATION AND MONITORING MECHANISM</b>                      |                                                                      |      |
| 5.1                                                                        | Monitoring of water supply infrastructure in rural areas             | 77   |
| 5.1.1                                                                      | Implementation and Monitoring Cell at PRD (State level)              | 77   |
| 5.1.2                                                                      | Inadequate manpower at PH divisions for O&M                          | 78   |
| 5.1.3                                                                      | Reporting of Physical Status of Schemes                              | 79   |
| 5.1.4                                                                      | Awareness activities in quality affected rural areas                 | 80   |
| 5.1.5                                                                      | Third party inspection for quality control                           | 81   |
| 5.2                                                                        | Monitoring of the <i>HGNJ yojana</i> in urban areas                  | 82   |
| 5.3                                                                        | Survey and Surveillance                                              | 82   |
| 5.3.1                                                                      | Non-standardisation of cost of installation of IoT by the Department | 83   |
| 5.3.2                                                                      | Non-functioning of IoTs in test-checked WIMCs and PH divisions       | 84   |
| 5.4                                                                        | Public Grievance                                                     | 85   |

|          |                                                                                                                              | Paragraph(s) | Page |
| 1.1      | Statement showing non-production of vouchers by WIMCs                                                                        | 1.8          | 89   |
| 1.2      | Statement showing non-production of Measurement books by PH Divisions                                                        | 1.8          | 90   |
| 2.1      | Details of quality affected wards covered by the WIMCs (PRD) instead of PHED                                                 | 2.1.1.1      | 91   |
| 2.2      | Non-execution of schemes in WIMC wards either by the PHED or PRD                                                             | 2.1.1.1      | 93   |
| 2.3      | Avoidable expenditure on installation of FRP by PHED in non-quality wards                                                    | 2.1.1.2      | 94   |
| 2.4      | Financial status of HGNJ (PRD) in test-checked GPs for the period 2017-18 to 2022-23                                         | 2.2.1.1      | 95   |
| 2.5      | Detail showing allotment and expenditure for HGNJ scheme in test-checked PH Division                                         | 2.2.1.2      | 97   |
| 2.6      | Detail showing non-submission of demand of funds for completion of incomplete/FIR lodged schemes in Aurangabad District      | 2.2.1.3      | 100  |
| 2.7      | Detail showing unspent amounts not returned by the WIMCs to GPs                                                              | 2.2.1.3      | 102  |
| 2.8      | Detail showing transfer of insufficient funds to WIMCs by the GPs alongwith delayed transfer of funds                        | 2.2.1.4      | 106  |
| 2.9      | Detail showing excess amount withdrawal by the WIMCs                                                                         | 2.2.1.5      | 107  |
| 2.10     | Detail showing allotment and expenditure on HGNJ by the test-checked ULBs                                                    | 2.2.2.1      | 109  |
| 3.1      | List of incomplete works in test-checked PH Divisions                                                                        | 3.1          | 112  |
| 3.2      | Details regarding revision of estimates under existing PWS scheme in test-checked PH Divisions                               | 3.3.1        | 115  |
| 3.3      | Details of incomplete wards as per test-checked agreements in test-checked divisions due to left over work by the contractor | 3.3.2.1      | 118  |
| 3.4      | Details of expenditure on incomplete schemes in five wards of difficult terrain                                              | 3.3.2.1      | 120  |
| 3.5      | Details of expenditure on incomplete schemes in 16 wards of difficult terrain                                                | 3.3.2.1      | 121  |
| 3.6      | Details of incomplete HGNJ scheme executed by the PRD                                                                        | 3.3.2.2      | 122  |
| 3.7      | Details of incomplete schemes/wards in urban areas                                                                           | 3.3.2.3      | 127  |
| 3.8      | Details of non-functional PRD wards                                                                                          | 3.3.3        | 130  |
| 3.9      | Details of payment made without execution of work                                                                            | 3.3.4.2      | 134  |
| 3.10     | Details of test-checked schemes where O&M was not paid                                                                       | 3.4.1.1      | 135  |

| Appendix | Particulars                                                                                                                                       | Reference to |      |
|----------|---------------------------------------------------------------------------------------------------------------------------------------------------|--------------|------|
|          |                                                                                                                                                   | Paragraph(s) | Page |
| 3.11     | Details of agreements where O&M cost not paid despite taking measurement                                                                          | 3.4.1.1      | 136  |
| 3.12     | Details of irregular payment for the cost of fortnightly water test                                                                               | 3.4.1.2      | 139  |
| 3.13     | Details of schemes not put under O&M in ULBs                                                                                                      | 3.4.3.1      | 145  |
| 3.14     | Details of non-realisation of user charges                                                                                                        | 3.4.3.3      | 147  |
| 4.1      | List of fluoride affected wards of Sherghati                                                                                                      | 4.1.1.3      | 150  |
| 4.2      | Fluoride affected wards of PH Division Jamui where FRP not installed                                                                              | 4.1.1.3      | 151  |
| 4.3      | Presence of fluoride in water more than the acceptable limit in Aurangabad                                                                        | 4.1.1.3      | 152  |
| 4.4      | Short provision of capacity of Fluoride Removal plants                                                                                            | 4.1.1.4      | 154  |
| 4.5      | Status of WTP installed in quality affected wards of test checked ULBs                                                                            | 4.1.2.1      | 155  |
| 4.6      | Less capacity of laboratories in districts to conduct minimum required water quality test                                                         | 4.1.3.1      | 156  |
| 4.7      | Sanctioned strength and Men in position of Chemist and Lab-Assistant in laboratories of test checked Divisions                                    | 4.1.3.2      | 158  |
| 4.8      | Status of instruments in test checked divisions                                                                                                   | 4.1.3.3      | 159  |
| 4.9      | Details of unutilised FTKs and H2S vials                                                                                                          | 4.1.3.5      | 160  |
| 4.10     | Details of coverage of households as per PHED report and test-checked agreements in test-checked districts                                        | 4.2.1.1      | 161  |
| 4.11     | Details of coverage of households of test-checked Panchayats as per PRD <i>Nischaysoft</i> report and records provided by test-checked Panchayats | 4.2.1.2      | 162  |
| 4.12     | Inadequate provision of water tank for continuous supply of water                                                                                 | 4.2.3        | 163  |
| 4.13     | Inadequate provision of water tank in ULBs schemes                                                                                                | 4.2.3        | 164  |
| 5.1      | Statement showing work load of JE/AE of PH Divisions                                                                                              | 5.1.2        | 165  |
| 5.2      | Details of non-functional schemes shown functional on <i>Nischaysoft</i>                                                                          | 5.1.3.1      | 166  |
| 5.3      | Details of non-functional schemes not reflected on <i>Nischaysoft</i>                                                                             | 5.1.3.1      | 167  |
| 5.4      | Statement showing pipes laid before quality test                                                                                                  | 5.1.5.1      | 168  |
| 5.5      | Details of excess payment in comparison to minimum cost of IoTs in test-checked districts                                                         | 5.3.1        | 169  |
