Foreword

Foreword

The Public Financial Management framework broadly entails budgeting, accounting, audit and reporting to the Legislature. The Comptroller and Auditor General of India holds a unique position in the federal and public financial management structure of our country, being entrusted with the audit of Union and State Governments, as well as being responsible for compilation of Accounts of most State Governments.

The Accountants General (A&E) prepare and compile Accounts of each State Government and in this process deal with large swathes of fiscal

and accounting information. The information is primary data and available from accounting system/records of the States. In a federal set-up, the availability of such vast amount of fiscal information needs to be leveraged for the benefit of policy makers, public financial managers, academia and researchers as well as universities and capacity building institutions interested in State Finances.

The Finance and Appropriation Accounts, State Finance Audit Reports and the Combined Finance and Revenue Accounts compiled by the Comptroller and Auditor General of India are for a financial year. This Publication, State Finances 2023-24 provides a single, consolidated fiscal overview of all 28 States together with audited State-level fiscal data, enabling an inter-State and inter-temporal analysis over a 10 year period from 2014-15 to 2023-24. Building on the strong response received on the first edition of State Finances 2022-23, this edition includes further detailed analysis of numerous fiscal parameters of States.

A persistent constraint in the comparative fiscal analysis has been the lack of uniformity in expenditure classification at the disaggregate Object Head level, with States following divergent practices in this respect. To address this systemic issue, the Comptroller and Auditor General of India has advised the rationalisation and harmonisation of Object Heads, across the Union and the States, for adoption latest by FY 2027-28. This will mark a significant reform in the national public expenditure architecture by addressing an issue that had been engaging the attention of numerous stakeholders.

The intent of the Publication on State Finances 2023-24 is to further enhance fiscal transparency, support evidence-based policymaking in the States and strengthen the public finance discourse in the country.

I would like to record my appreciation to the Government Accounts Wing, in the office of the Comptroller and Auditor General of India and the office of Principal Accountant General (A&E), Rajasthan, for the painstaking work done by them in the preparation of Publication on State Finances 2023-24.

Dated: 25 December 2025

Place: New Delhi

(K. Sanjay Murthy)

Comptroller and Auditor General of India

Preface

Preface

The *Publication on State Finances 2023-24* is the second edition of the annual series brought out by the CAG of India, presenting a consolidated and audited overview of the finances of all 28 States. The first edition of the Publication, State Finances 2022-23 was released by the CAG of India in September 2025 and it evoked considerable interest among stakeholders. Encouraging feedback was received, among others, from leading public finance research institutions, Universities, and Management Schools.

The feedback underscored the value of the Publication in providing an intertemporal fiscal overview of States together with audited State-level fiscal data

accessible in a consolidated and comparable form, thereby democratising public finance data and enabling deeper research and analysis in the field of public finance in the country.

Building on this response, the *Publication on State Finances 2023-24* provides an overview of the fiscal position of States for the Financial Year 2023-24 along with comparative analysis over a 10 year period from 2014-15 to 2023-24. In addition to macro fiscal aggregates relating to revenues, expenditure, public debt, public account liabilities, deficits and guarantees, this edition provides granular level fiscal data. Detailed analysis of States' Own Tax Revenue and its components, Subsidies, Committed Expenditure, Personal Deposit Accounts, Abstract Contingent Bills and the Ways and Means Advances position of the States has been added in this edition.

The Publication is organised into six Chapters covering receipts, expenditure, taxonomic classification of expenditure, public debt and public account liabilities, and fiscal responsibility indicators, supported by an expanded set of annexures presenting 10 year State-wise data on key fiscal parameters.

In the preparation of the *Publication on State Finances 2023-24*, I would like to especially record my appreciation for the work done by Ms Shefali Srivastava Andaleeb, Director General, in Government Accounts Wing in the office of CAG, together with Shri Jitendra Tiwari and Shri Kishore Reddy Polu, both Directors in the Government Accounts Wing. The other team members in the Government Accounts Wing of the CAG included Shri Ashok Kumar Shah, Sr. Audit Officer (Rtd.)/Consultant, Ms R Renuka, Senior Administrative Officer and Shri Bhavneet Singh Minhas, Assistant Administrative Officer. Additionally, officers from the office of Principal Accountant General (A&E), Rajasthan under the supervision of Shri Pravindra Yadav, Principal Accountant General (A&E) Rajasthan assisted in the preparation and detailed checks of the data in the Publication.

The *Publication on State Finances 2023-24*, along with interactive data visualisation and dashboards, is available on the website of the CAG of India. We look forward to the feedback from all stakeholders, with a view to further strengthening the Publication, so as to better serve the requirements of policy makers and other stakeholders.

(Jayant Sinha)

Deputy Comptroller and Auditor General (Government Accounts)

& Chairperson GASAB

Executive Summary

Executive Summary

Introductory

The Comptroller and Auditor General of India (CAG), under the constitutional and statutory provisions, prepares the State Government Accounts annually, which are the official, audited records of all financial transactions of a State Government during a financial year. These Accounts present fairly the State's receipts, expenditure, assets, liabilities, and cash balances. The accounts capture all flows of revenue and capital, including tax and non-tax receipts, grants from the Union Government, public debt, loans and advances, and expenditure on various sectors, schemes, and programmes. They are structured in a standardised format to ensure uniformity and comparability across States.

State accounts duly audited by the CAG, once laid before legislatures, serve as a critical source of fiscal information for the respective States, as well as stakeholders such as the Finance Commission, RBI, Union Government, and research institutions. These audited figures are widely used for budget analysis, government banking operations, national income estimation, GST compensation and transfers, State bifurcation apportionments, certification of scheme expenditures and grants, and externally aided projects.

The second edition of the Publication on State Finances 2023–24 provides a comprehensive analysis of the fiscal position of all 28 States using audited accounts. It presents macro-level and granular fiscal data for FY 2023–24, along with trend analysis covering a 10 year period from 2014–15 to 2023–24.

Receipts of the States

Fiscal capacity of the State Governments, i.e., their ability to raise resources is governed by the yields from State's own tax revenue (SOTR) and non-tax revenue (SNTR) resources. Under the constitutional framework of federal finances, a substantial portion of the States' revenue receipts are devolved from the Union Government, in the form of transfers from the shareable pool of Union Taxes and Duties, grants for the Centrally Sponsored Schemes (CSS), Finance Commission grants and central assistance.

In FY 2023-24, the total revenue receipts of the 28 States was of the order of ₹37.93 lakh crore, of which States' Own Tax Revenue (SOTR) constituted about 50 percent; share in Union Taxes and Duties 30 percent; Grants-in-aid about 12 percent and States' Non-Tax Revenue (SNTR) about 8 percent. During the decade between 2014-15 and 2023-24, for the States combined, SOTR was on average, at about 47 percent of their total revenue receipts; share in Union Taxes and Duties at about 28 percent; Grants-in-aid about 17 percent and SNTR about 8 percent.

States Own Tax Revenue

SOTR, which was 6.49 percent of GSDP, witnessed a buoyancy ratio of 0.92 in FY 2023-24 for the States combined. Inter-se comparison of the States' fiscal capacity indicated a diverse picture among States, since some States have large SOTR and SNTR bases vis-à-vis others. During FY 2023-24, the top six States whose SOTR contributed upto 60 percent of revenue

receipts were Haryana, Maharashtra, Karnataka, Telangana, Tamil Nadu and Gujarat. On the other hand, States of Arunachal Pradesh, Manipur, Meghalaya, Mizoram, Nagaland and Tripura had SOTR of less than 20 percent of their total revenue receipts. The average annual growth of SOTR of all the States combined during period 2013-14 to 2016-17 was 10.47 percent, in the three years period prior to introduction of GST, which increased to 11.70 percent during the period 2018-19 to 2023-24.

States Non-Tax Revenue

Similar to the varied SOTR of the States, the varied SNTR determine the non-tax revenue raising capacity of the States. States, that are mineral-rich and receive royalties and related revenues and those with profit-making Public Sector Undertakings (PSUs), raise more SNTR (e.g., dividends, interest, etc.) than others. In FY 2023-24, the share of the SNTR of all the States constituted 8.22 percent of their total revenue receipts and 1.08 percent of the combined GSDP. During the 10 year period of 2014-15 to 2023-24, the share of combined SNTR of all States as percentage of combined total revenue receipts had varied between the lowest of 6.81 percent in FY 2020-21 to the highest of 9.90 percent in FY 2019-20. Post-Covid, receipts from SNTR witnessed an upward trend and reached the level of 8.22 percent of combined revenue receipts in FY 2023-24.

Share in Union Taxes and Duties

In FY 2023-24, share of Union Taxes and Duties constituted 29.77 percent of the combined revenue receipts of the States and 3.90 percent of their combined GSDP. There has been a significant increase in devolution of States' share from the Union Taxes and Duties during the 10 year period of 2014-15 to 2023-24. The share of the States in devolution of taxes and duties, as percentage of the total combined revenue receipts, increased from 21.34 percent in FY 2014-15 to 29.77 percent in FY 2023-24.

Capital Receipts

On the capital receipts side, public debt receipts commanded the lion's share of total capital receipts of the States. In FY 2023-24, total public debt receipts of all States combined was to the tune of ₹17.87 lakh crore, which represented 98.72 percent of the total capital receipts and 6.17 percent of the combined GSDP. In the decade of 2014-15 to 2023-24, public debt receipts, as a percentage of total debt and non-debt capital receipts, have ranged between 94 to 99 percent.

Expenditure of the States

States are responsible for functions assigned under the State List of the Seventh Schedule of the Constitution and, where applicable, the Concurrent List. Fulfilling these responsibilities requires significant budgetary expenditure for governance and delivery of public goods and services. In addition, States implement Centrally Sponsored Schemes designed by the Union Government, which are funded jointly by the Union and the States. The cost-sharing pattern for these schemes varies based on State categories, such as general category States and those with special needs like border or hilly regions. In FY 2023–24, States' total budgetary expenditure of all States combined amounted to ₹46.81 lakh crore, representing 16.15 percent of their combined GSDP. In FY 2023-24, revenue expenditure was 83.25 percent of total expenditure and 13.45 percent of combined GSDP. During the same year, combined budgetary spending by the Union and States was ₹95.33 lakh crore, which taken together accounted for 31.30 percent

of national GDP. The decadal trend analysis over 2014-15 to 2023-24 shows that States' budgetary spending ranged between 16.15 percent and 17.49 percent of total combined GSDP. During the 10 year period of 2014-15 to 2023-24, revenue expenditure by the States constituted 80-87 percent of the total expenditure and as percentage of combined GSDP, it was about 13-15 percent.

Sectoral Expenditure

In FY 2023-24, the sectoral expenditure on General Sector, Social Sector and Economic Sector accounted for 29.83 percent, 37.86 percent and 29.81 percent respectively of the total expenditure of ₹46.81 lakh crore. The composition of expenditure across sectors shows that capital outlay accounted for 5.44 percent of spending in the General sector, 31.54 percent in the Social sector, and 62.62 percent in the Economic sector. This pattern highlights that the Economic sector-covering areas such as infrastructure, industry, and trade-attracts the bulk of capital investment, while the General sector, which includes administrative and fiscal functions, is predominantly revenue-oriented in nature. For the 10 year period of 2014-15 to 2023-24, the social and economic sectors expenditure of all the States has been in the range of 66.21 percent to 70.52 percent.

Capital Expenditure

In FY 2023-24, capital expenditure of ₹7.84 lakh crore constituted 16.75 percent of the total expenditure by the States, the remaining 83.25 percent being revenue expenditure. During the 10 year period, a spurt in share of capital expenditure was evident in FY 2015-16 and FY 2016-17. The rise in capital expenditure during these two financial years was mainly driven by States investing in the equity of power sector State Public Sector Undertakings and by extending of loans to power utilities, following the takeover of 75 percent of the debt of State-owned power distribution companies by 14 State Governments under the Ujwal DISCOM Assurance Yojana (UDAY).

On an average, capital expenditure of the States has remained in the range of 13-20 percent of the total budgetary spending in the 10 year period of 2014-15 to 2023-24; the highest being 19.68 percent in FY 2016-17 and the lowest of 13.27 percent in FY 2020-21.

Committed Expenditure, Subsidies and Grants-in-Aid Salaries

In FY 2023-24, revenue expenditure was 83.25 percent of total expenditure and 13.45 percent of combined GSDP. A large share of the revenue expenditure is committed. Salaries, pensions, and interest payments on public debt and liabilities, are treated as 'committed expenditure'. Committed Expenditure of States ranged from a high of 73 percent in Nagaland to 31 percent in Maharashtra of total revenue expenditure in FY 2023-24. In FY 2023-24, committed expenditure accounted for 43.28 percent of revenue expenditure, while subsidies constituted 8.48 percent. Together, these amounted to about ₹20.17 lakh crore, representing about 51.76 percent of the total revenue expenditure of ₹38.97 lakh crore. Additionally, States provided grants and assistance to autonomous bodies and other grantees for payment of employee salaries, classified as Grants-in-Aid Salary, which is similar in nature to committed expenditure. On account of these, in a number of States with sizeable Grants-in-Aid salary payments, the salary related commitments show a significant increase. Spending under this head stood at about ₹3.17 lakh crore, or 8.14 percent of revenue expenditure. Consequently, total outgo on committed expenditure, subsidies, and Grants-in-Aid Salary in FY 2023-24 reached

₹23.34 lakh crore, together accounting for 59.90 percent of revenue expenditure of all the States combined.

Subsidies

Subsidies, at ₹3.30 lakh crore, during FY 2023-24 is another major component of revenue expenditure in several States. The principal recipients of subsidy payments are energy utilities, and agriculture related activities. Energy and Agriculture & Allied Activities together accounted for around 73 percent of total subsidies disbursed by the States. Subsidies to the energy sector was the largest single component across States, aggregating to ₹1.45 lakh crore during FY 2023-24. The decadal trend during 2014-15 to 2023-24 shows that in most years the share of subsidy expenditure has been in the range of eight percent of the total revenue expenditure of all State combined.

Grants-in-Aid

During the 10 year period 2014-15 to 2023-24, Grants-in-Aid (GIA) constituted 30 percent to 32 percent of the revenue expenditure. As percent of GSDP, total GIA (salaries, general and capital) was 4.22 percent of the combined States' GSDP in FY 2023-24, compared with 4.32 percent in FY 2014-15. During the 10 year period, share of total GIA as percentage of GSDP has been consistently above four percent in every financial year.

Expenditure by Functional Category

If the nature of total expenditure (revenue and capital) is analysed in terms of the functional classification, it is seen that in FY 2023–24, nine key functions—Education, Sports, Art & Culture; Health & Family Welfare; Agriculture and Allied Activities; Energy; Housing and Urban Development; Transport; Rural Development; Police; and Social Welfare and Nutrition—together accounted for 58 percent of total expenditure. These functions also comprised 58 percent of overall revenue expenditure and 59 percent of capital expenditure. Further, capital spending on Irrigation and Flood Control and Water Supply and Sanitation was 17 percent and 11 percent respectively, and together these eleven functions absorbed 87 percent of total capital expenditure.

Expenditure by Economic Categories

A more granular picture of expenditure is revealed at the level of primary unit of appropriation, i.e. at the object head level. In FY 2023-24, expenditure under eight Object heads namely, three types of Grants-in-aid (General, Salary & Capital creation), Salaries, Pensionary Benefits, Interest, Subsidies and Major Works, together involving an expenditure of ₹36.93 lakh crore, constituted 78.90 percent of the total expenditure and 12.74 percent of the GSDP.

In December 2022, the Union Government notified revised list of object heads effective from FY 2023-24. The object head classification being followed in the States is at variance with the Union Government classification. In this Publication on State Finances 2023-24, the expenditure under object heads has been broadly aligned on the lines of new object classes notified by the Union Government. Further, to harmonise the object head level classification of expenditure at the Union and at States' levels, the CAG of India, under the mandate provided by Article 150 of the Constitution, has advised adoption of revised list of common Object Heads to be implemented by the Union Government and the State Governments, latest from FY

2027-28. This, will not only mark a significant reform in the national public expenditure architecture but will also help in going a long way in providing a comparative picture of how the public moneys are spent across the country at the disaggregate level of the object or purpose of expenditure.

The object head level expenditure is presented in an interstate comparative format in the State Finances 2023-24 Publication. It is seen that in FY 2023-24, expenditure patterns across States showed a wide variation. Salaries absorbed over 20 percent of total budgetary spending in 13 States, while four States spent less than 10 percent. Pension liabilities were significant, with seven States expending 15 percent or more of total expenditure on pensions and another 10 States spending 10-15 percent. Subsidy spending was concentrated in a few States, with five States spending over 10 percent -Punjab being the highest-while nine States spent less than 2 percent. Grants-in-aid (General & Salary) formed a substantial share of expenditure, accounting for 31-40 percent of total expenditure in six States and 20-30 percent in another eight States.

Ways and Means Advances

The State Government can obtain Ways and Means Advances (WMA), which are temporary advances provided by the RBI, to help in managing short-term mismatches between their receipts and payments. During FY 2023-24, 16 States availed WMA including overdraft of ₹5.66 lakh crore, out of which three States namely Rajasthan, Andhra Pradesh and Telangana availed 62 percent of the total WMA including overdraft. The duration of WMA/overdraft usage was 349 days in Telangana, 335 days in Andhra Pradesh, 329 days in Rajasthan and 323 days in Punjab, suggesting near-continuous dependence throughout the year. 12 States did not avail of any WMA in FY 2023-24.

Revenue and Fiscal Deficits

Budget balance indicators are important markers of the fiscal health of the States. During FY 2023-24, a total of 16 States were in Revenue Surplus, while 12 States were in Revenue deficit. As against the indicative benchmark of fiscal deficit of three percent of the GSDP recommended by the Fifteenth Finance Commission, in 18 States fiscal deficits was above the three percent threshold in FY 2023-24.

A decadal analysis of States' deficit parameters shows that States as a whole, during the period 2014-15 to 2023-24, remained in revenue and fiscal deficit. A substantial increase in revenue deficit took place in FY 2020-21, a year impacted by the Covid pandemic. There has been substantial increase in fiscal deficit in FY 2020-21, FY 2022-23 and FY 2023-24. The States, which witnessed a substantial increase in fiscal deficit in FY 2023-24 as compared to FY 2022-23, were Chhattisgarh, Karnataka, Maharashtra, Rajasthan, Telangana and Uttar Pradesh.

Public Debt and Total Liabilities

As of 31st March 2024, the total outstanding public debt stood at ₹67.87 lakh crore, which was about 179 percent of their total revenue receipts and about 178 percent of total non-debt receipts. Public debt consisted of ₹61.09 lakh crore of internal debt and ₹6.78 lakh crore of loans and advances from the Union Government. For all the States, combined public debt was 23.42 percent and total liabilities, inclusive of public accounts, were 28.28 percent of the combined GSDP in FY 2023-24. As on 31st March 2024, eight States had public debt liability of

more than 30 percent of their GSDP; six States had public debt liability of less than 20 percent of their GSDP and remaining 14 States had public debt liability between 20 to 30 percent of their respective GSDP in FY 2023-24. Considering the indicative debt ceiling target of 33.1 percent of GSDP, set by the Fifteenth Finance Commission for States' fiscal consolidation path by FY 2023-24, 13 States had total liabilities more than this ceiling. As on 31st March, 2024, total liability of States varied from as low as 16.66 percent of its GSDP in case of Odisha to 50.85 percent of its GSDP in case of Arunachal Pradesh.

Guarantees

During the period, 2014-15 to 2023-24, outstanding guarantees as on 31st March of the year varied from ₹4.2 lakh crore as on 31st March 2015 (3.66 percent of the GSDP in FY 2014-15) to ₹11.5 lakh crore as on 31st March 2024 (3.96 percent of the GSDP in FY 2023-24). Guarantee Redemption Fund has been established in most of the States other than the five States of Bihar, Himachal Pradesh, Jharkhand, Kerala and Punjab.

Conclusion

To summarise, the fiscal position of States presents a mixed picture in FY 2023-24. States' Own Tax Revenue (SOTR) is the largest component of revenue receipts, rising significantly in absolute terms and increasing its share from about 47 percent to nearly 50 percent, although its buoyancy weakened in FY 2023-24. The States' share in Union taxes grew markedly, reflecting higher tax devolution under the Fourteenth and Fifteenth Finance Commissions, while reliance on grants-in-aid and central assistance declined. Non-tax revenue increased in value but continued to contribute a modest share of total receipts. On the capital side, public debt receipts grew sharply over the period and constituted almost the entire capital receipts of the States in FY 2023-24.

Between 2014-15 and 2023-24, States' aggregate expenditure rose sharply by 146 percent, broadly keeping pace with economic growth. Revenue expenditure continued to dominate budgets, averaging over 83 percent of total spending, while capital expenditure increased in absolute terms but remained a relatively smaller share. Social and economic services together accounted for about two-thirds of total expenditure, reflecting States' focus on welfare and development. Committed expenditure and subsidies consistently absorbed more than half of revenue expenditure, reaching 51.76 percent in FY 2023-24, with subsidies growing particularly rapidly. Grants-in-aid also expanded significantly and continued to claim nearly one-third of revenue spending. At the disaggregate level, States' expenditure remained concentrated in eight object categories—including grants-in-aid, salaries, pensions, interest payments, subsidies and major works—accounting for nearly 79 percent of total spending and about 12.7 percent of combined GSDP. This reflects the continued dominance of committed and obligatory expenditures in State budgets.

Over the period 2014-15 to 2023-24, despite a substantial increase in total expenditure, the expenditure structure remained largely unchanged, with salaries, pensions, interest payments, subsidies and grants together absorbing a substantial share, indicating fiscal rigidity.

Total liabilities as on 31st March 2024 of States showed a wide variation from 16.66 percent of GSDP in case of Odisha to 50.85 percent of GSDP in case of Arunachal Pradesh. During the period 2014-15 to 2023-24, total liabilities of all States combined witnessed increase from ₹26.78 lakh crore to ₹81.94 lakh crore; as a percentage of GSDP, it increased from 23.06 percent to 28.28 percent over the 10 year period. As regards deficit indicators, in FY 2023-24, all States were in fiscal deficit ranging from 0.80 percent to 5.92 percent of their GSDP. On the other hand, 16 State were in revenue surplus and 12 were in revenue deficit.

Chapter 1

Introductory

Introductory

- 1.1 This Publication on *State Finances 2023-24* of the Comptroller and Auditor General of India presents data, information, analysis and trends on important and relevant fiscal parameters at macro level as well as granular level information on various aggregates with respect to the States. Analysis and insights on the fiscal position of States and parameters for FY 2023-24 is presented along with trend analysis for 10 year period of 2014-15 to 2023-24. To ensure completeness of data, all the 28 States have been covered in the Publication based on the Audited Accounts of the States.
- 1.2 Accounts of the States, laid in the respective Legislature, besides being important for legislative compliance and scrutiny, provide key fiscal information for multiple stakeholders like the Finance Commission, Reserve Bank of India (RBI), the Union Government as well as academic and research institutions. RBI uses the information of accounts for its annual analysis of budgets and for dealing with government banking matters with the States, including Reserve Bank Deposit issues; States and the Union Government use the audited accounting figures while preparing National Income estimates, dealing with apportionment issues on bifurcation of States, certification of GST related compensation and / or transfers, information on State finances, etc. and also matters related to certificates under schemes expenditure and grants. The audited accounting data is also used for certification of expenditures in the States with respect to externally-aided projects.
- 1.3 This is the second edition of CAG's Publication on State finances, which brings out an overview on State finances for all the States at one place and presents macro-fiscal information (sectoral, functional, programmatic) as well as disaggregate/ granular level (e.g., economic categories, schemes).
- 1.4 The analysis and fiscal trends would be useful for policy makers, public financial managers, budget makers as well as researchers and academia interested in State finances. Capacity building and training institutions dealing with Government officials, civil servants and in-service officers shall find this Publication useful in exploring the layers of State finances.
- 1.5 The data contained in the Publication is sourced mostly from the Finance Accounts of the States. Certain information has also been sourced from the CAG's State Financial Audit Reports (SFARs).
- 1.6 Though data for this Publication has been sourced from Finance Accounts and CAG's SFARs, the figures in some aspects may be at variance from those with the State Governments or the RBI. This is because of the following reasons:
 - a) The State Governments and the State AG Offices are required to reconcile the books for expenditure, receipts, loans and advances, etc. At times, cent percent reconciliation does not take place and this may lead to data gap.

- b) There are differences in figures in the books of the RBI and the State Accountants General (AsG), which remain as Reserve Bank Deposit Suspense in the books of the AG office, resulting in difference in the figures of the RBI and the State AG offices.
- c) For want of correct classification and / or accounting records, expenditure or receipts are kept in suspense, which do not constitute expenditure or receipts in the Accounts, while the controlling officers in the State may have taken them as expenditure/receipts.
- d) There are instances of the States classifying certain types of expenditure as capital expenditure, though they are revenue expenditure. The reverse may also be true. Such misclassifications affects the computation of certain fiscal aggregates.
- e) With respect to expenditure in terms of economic categories, the States do not currently classify expenditure at the object head level in an identical manner. Booking of expenditure on Salary and Allowances, for example, reveals varying approaches adopted by States. Similarly, there are different practices prevalent in depicting some of the major object heads of expenditure like grants-in-aid and pension related expenditure by the States. This issue will stand addressed from FY 2027-28 onwards with the adoption of uniform Object Heads by all States, as per the advice rendered by CAG under Article 150 of the Constitution, through an Office Memorandum dated 11.11.2025.
- 1.7 Data gaps, misclassification, variation in practices are being appropriately disclosed / commented upon by the CAG, both through the Accounts of the State Government and through SFARs of the concerned State.
- 1.8 The figures in this Publication on State Finances 2023-24 are taken from the respective Finance Accounts of the States. In respect of Manipur, for the financial year 2023-24 and West Bengal for the Financial Years 2021-22, 2022-23 and 2023-24, the figures relating to receipt, expenditure, liabilities, etc. have been sourced from the Annual Financial Statement and Budget Documents laid in the Legislature of the State, as the respective Finance Accounts are yet to be laid before the State Legislature.
- 1.9 The intent of the Publication on State finances 2023-24 is to provide stakeholders relevant and useful fiscal information across all the States, inter-temporally. The feedback from the stakeholders will enable us to strengthen and provide information on such other parameters, as articulated.
- 1.10 Apart from the information/data in the previous edition, this edition contains detailed analysis and trend with respect to States own tax revenue, Subsidies, Personal Deposit Accounts, Abstract Contingent Bills, Ways and Means advances. A glossary has also been included.

Chapter 2

Receipts of States

Receipts of States

Sources of States' Receipts

- 2.1 States' finances and their fiscal capacity¹ and fiscal space² can be best understood in the Constitutional scheme of the overall federal public finances. Many States depend substantially on the Union Government for resources in the form of tax devolution and grants as well as loan and advances, including back-to-back external loans. The share of the States in the Union Taxes and Duties and Grants for the Centrally Sponsored Schemes (CSSs) as well as Finance Commission grants and other Central Assistance³ are a major source of receipts of all the States. The quantum of share of the States in the Union Taxes and Duties is a function of the Finance Commissions' formula for vertical (between the Union and the States) and horizontal (between the States inter-se) devolution.
- 2.2 In addition to the tax devolution and grants from the Union Government, the States raise resources as States' Own Tax Revenue (SOTR) and States' Non-Tax Revenue (SNTR). Besides these, there are miscellaneous capital receipts on account of retirement of capital / disinvestment of equity, value of bonus share, proceeds of monetisation, etc.; capital receipts on account of recoveries of loans and advances given by the State Governments and debt capital receipts. *Annexures 1.1 and 1.2* bring out the State-wise 10 year details of total revenue receipts and non-debt capital receipts respectively.

Table 2.1: Receipts of the States – 2023-24 (Figures in ₹ crore)

Components	Amount	Percentage of Revenue Receipts	Percentage of GSDP	
Revenue Receipts				
States' Own Tax Revenue	18,79,708	49.55	6.49	
Non-Tax Revenue -Interest, Dividend s & Profits	34,663	0.91	0.12	
Non-Tax Revenue- Others	2,77,045	7.30	0.96	
Share in Union Taxes	11,29,397	29.77	3.90	
Grants-in-Aid - CSS	2,63,145	6.94	0.91	
Grants-in-Aid - Others	2,09,321	5.52	0.72	
Total Revenue Receipts	37,93,278	100.00	13.09	

Capacity of the States to realistically raise revenue from its own tax (SOTR) and non-tax (SNTR) sources and bases (*RBI's State Finances: A Study of the Budgets of 2023-24, page 1*). This can be done either by continuing with the existing tax rates and bases but bringing in tax reforms to stop leakage, making efficient collection and ensuring tax compliance by *discretionary* changes in rates and bases (tax buoyancy) and / or benefitting from the *automatic* response of tax revenue to changes in economic activity / GSDP (tax elasticity).

Fiscal space is a government's budgetary spending that allows it to provide resources for a desired purpose without jeopardizing the sustainability of its financial position or the stability of the economy. A government can create fiscal space by raising taxes, securing outside grants, cutting lower priority expenditure, borrowing resources. But it must do this without compromising macroeconomic stability and fiscal sustainability (Peter Heller: Fiscal Space, What It Is and How To Get It, Finance and Development, IMF, June 2005, Volume 42, No. 2).

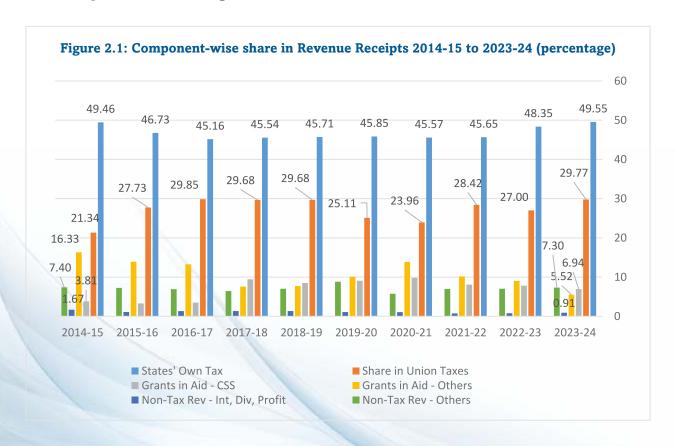

Transfers for road and infrastructure under the Central Road and Infrastructure Fund (CRIF), disaster and calamity related mitigation and relief under National Disaster Relief Fund (NDRF), State Disaster Response Fund (SDRF), State Disaster Mitigation Fund (SDMF), etc.

Components	Amount	Percentage of Capital Receipts	Percentage of GSDP		
Capital Receipts					
Retirement of Capital/Disinvestment of					
Equity, value of bonus share, proceeds of	235	0.01	0.00		
monetisation					
Recoveries of Loans and Advances	22,975	1.27	0.08		
Public Debt Capital Receipts*	17,87,237	98.72	6.17		
Total Capital Receipts	18,10,447	100.00	6.25		
Total Receipts	56,03,725		19.34		
GSDP**	2,89,77,861				

^{*}Figures of Public Debt Capital Receipts include receipts on account of Ways & Means Advances (WMA) availed during FY 2023-24.

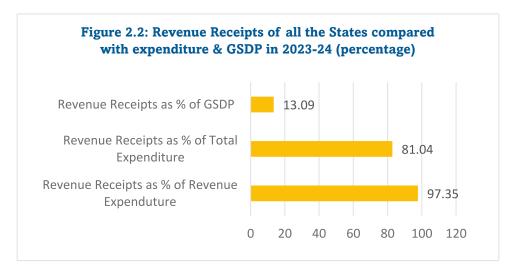

**Source: Directorate of Economics & Statistics of respective State Governments (Data as on 01 August 2025).

- 2.3 In FY 2023-24, States' Own Tax Revenue constituted about 50 percent of the total revenue receipts; Share in Union Taxes 30 percent, Grants-in-aid about 12 percent and Non-Tax Revenues about eight percent.
- 2.4 The revenue receipts of all States over the 10 year period of 2014-15 to 2023-24, on an average, comprised of SOTR at about 47 percent; Share in Union Taxes at about 28 percent; Grants-in-aid about 17 percent and SNTR about eight percent, as shown in Figure 2.1. Revenue receipts of all States, with the exception of Manipur, Andhra Pradesh and Sikkim, more than doubled during the 10 year period. Over the 10 year period, Odisha recorded the growth of 215 percent in revenue receipts. However, a large number of States recorded negative growth in revenue receipts owing to the impact of Covid during FY 2019-20 and FY 2020-21.

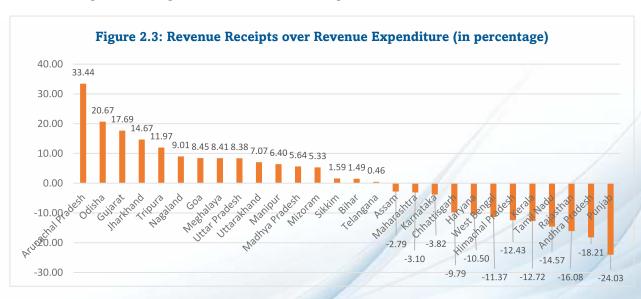

States' Revenue Receipts

In FY 2023-24, the combined revenue receipts of all the States⁴ from SOTR, SNTR, devolution of Central taxes and Central Grants/Assistance was ₹37,93,278 crore, which was 97.35 percent of their combined revenue expenditure of ₹38,96,647 crore; 81.04 percent of the total expenditure of ₹46,80,684 crore and 13.09 percent of their combined Gross State Domestic Product (GSDP) of ₹2,89,77,861 crore in FY 2023-24, as shown in Figure 2.2.

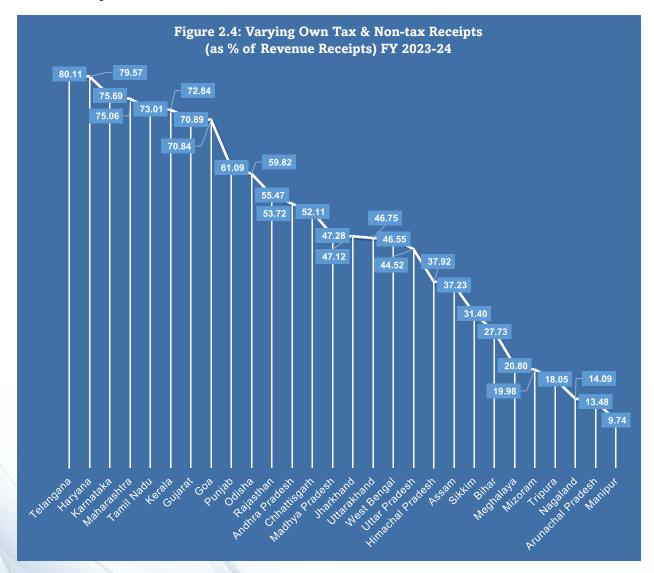

2.6 In FY 2023-24, revenue receipts of 16 States exceeded their revenue expenditure as depicted in Figure 2.3. There were 12 States, whose revenue expenditure exceeded their respective revenue receipts. The revenue deficits States were Punjab, Andhra Pradesh, Rajasthan, Tamil Nadu, Kerala, Himachal Pradesh, West Bengal, Haryana, Chhattisgarh, Karnataka, Maharashtra and Assam. In four States, namely Chhattisgarh, Karnataka, Maharashtra and Assam, revenue receipts were between 90-100 percent of their revenue expenditure. In seven States, namely Andhra Pradesh, Haryana, Himachal Pradesh, Kerala, Rajasthan, Tamil Nadu and West Bengal, revenue receipts were between 80-90 percent of the revenue expenditure. In Punjab, the revenue receipts were 76 percent of the revenue expenditure.

⁴ This Publication includes figures of all the 28 States and does not include figures of Union Territories with or without Legislature.

States' Own Tax Revenue and States' Non-Tax Revenue

2.7 Some States have large SOTR and SNTR bases while others have small bases of both SOTR and SNTR. SOTR and SNTR together constituted over 70 percent of the revenue receipts in Telangana, Haryana, Karnataka, Maharashtra, Tamil Nadu, Kerala, Gujarat, and Goa in FY 2023-24; 61 percent in Punjab; between 50 percent to 60 percent in Odisha, Rajasthan, Andhra Pradesh and Chhattisgarh; between 40 percent to 50 percent of revenue receipts in Madhya Pradesh, Jharkhand, Uttarakhand, West Bengal and Uttar Pradesh. On the other hand, share of SOTR and SNTR in revenue receipts of all eight States of the North-East, Bihar and Himachal Pradesh was below 40 percent. Figure 2.4 brings out the varying resource mobilisation capacity of each State during FY 2023-24. States own revenue raising capacities, thus, varied widely, from over 80 percent of revenue receipts in Telangana to under 10 percent in the case of Manipur in FY 2023-24.

2.8 Table 2.2 shows the variations in the SOTR and SNTR bases of States in FY 2023-24. States with large collection of States' Goods and Services Tax (SGST) under the GST framework, as well as more Value Added Tax (VAT) / Sales Tax / Excise Duty on alcoholic drinks, petroleum products and electricity (which are outside the GST framework) have higher percentage of SOTR to revenue receipts than the States with relatively smaller percentage.

Table 2.2: Varying bases of SOTR and SNTR of the States in FY 2023-24 (Figures in ₹ crore)

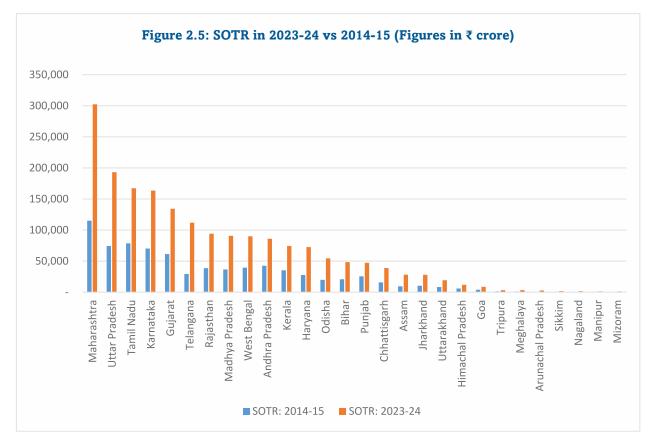

States	Total Revenue Receipts	SOTR	SOTR as percentage of (2)	SNTR (Interest, Dividend & Profit)	SNTR (Others)	SNTR as % of (2)	SOTR & SNTR as % of (2)
(1)	(2)	(3)	(4)	(5)	(6)	(7)	(8)
Telangana	1,69,293	1,11,798	66.04	144	23,676	14.07	80.11
Haryana	1,01,315	72,511	71.57	1,935	6,168	8.00	79.57

Uttar Pradesh	4,65,801	1,93,129	41.46	1,278	12,971	3.06	44.52
Himachal Pradesh	39,173	11,835	30.21	317	2,704	7.71	37.92
Assam	91,534	28,178	30.78	1,013	4,890	6.45	37.23
Sikkim	8,351	1,748	20.93	99	775	10.47	31.40
Bihar	1,93,347	48,361	25.01	907	4,351	2.72	27.73
Meghalaya	17,978	3,217	17.89	11	512	2.91	20.80
Mizoram	11,414	1,196	10.47	15	1,069	9.51	19.98
Tripura	20,538	3,287	16.01	35	386	2.05	18.05
Nagaland	16,155	1,598	9.89	21	657	4.20	14.09
Arunachal Pradesh	27,441	2,798	10.20	173	728	3.28	13.48
Manipur	14,706	1,224	8.32	5	204	1.43	9.74
Total	37,93,278	18,79,708	49.55	34,664*	2,77,046*	8.22	57.77

^{*}Total of SNTR may differ with Table 2.8 due to rounding in each State.

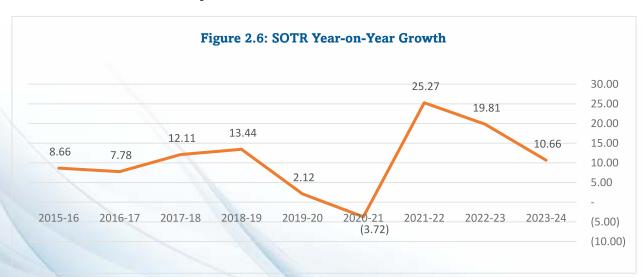

- 2.9 States, which are mineral rich, receive royalties and related revenues and have profit-making Public Sector Undertakings (PSUs) are likely to raise more SNTR by way of Dividends and Interest. States, which have created efficient service delivery entities in transport, power, drinking water supply, etc., are likely to raise more SNTR in the form of user charges.
- 2.10 Many States also impose cesses for financing specific and targeted activities, such as for creating educational infrastructure, ecological and environmental protection, protection of livestock, transport infrastructure and road development / safety, cultural purpose, health purpose, natural disaster and epidemic, social security, rural employment, public works, etc.

States' Own Tax Revenue

2.11 Figure 2.5 below shows the change in SOTR of the respective States in FY 2023-24 compared with FY 2014-15. Except for Himachal Pradesh and Punjab, the SOTR of all other States has at least doubled over the period. Some States recorded significantly higher growth in SOTR during the period, notably Arunachal Pradesh (6 times), Mizoram (4.48 times) and Nagaland (4.11 times).

2.12 Figure 2.6 shows the year-on-year growth of combined SOTR of all the States. In FY 2015-16, SOTR grew by 8.66 percent as compared to FY 2014-15 and by 10.66 percent in FY 2023-24 in comparison to FY 2022-23.

Components of States' Own Tax Revenue

- 2.13 SOTR comprises State GST (SGST), Taxes on Sales, Trade (VAT / Sales Tax) and duties including on alcoholic drinks, petroleum products and electricity (which are outside the GST framework), State Excise, Stamp Duty and Registration Fee, Taxes on Vehicles, Land Revenue and Other Taxes. SOTR have grown steadily over the decade, driven by GST stabilisation and rising economic activity. Though most States experienced a dip in collections during the pandemic years, the recovery thereafter has been robust, as SOTR of a number of States increased significantly.
- 2.14 In FY 2023-24, total SOTR of the States combined was ₹18,79,708 crore, which was 49.55 percent of their combined revenue receipts of ₹37,93,278 crore and 6.49 percent of their combined GSDP of ₹2,89,77,861 crore. The total SOTR of 18 States (excluding 10 States⁵ with small⁶ SOTR revenues) combined together was ₹18,24,835 crore, which was 48.11 percent of their combined total revenue receipts of ₹37,93,278 crore and 6.30 percent of their combined GSDP of ₹2,89,77,861 crore.

Table 2.3: Major Components of SOTR (Figures in ₹ crore)

Components	Amount	Percent of SOTR	Percentage of GSDP	
State Goods and Service Tax (SGST)	8,00,112	42.57	2.76	
State Excise	2,49,134	13.25	0.86	
Stamps and Registration Fees	2,20,193	11.71	0.76	
Motor Vehicle Tax	1,06,021	5.64	0.36	
Taxes on Sales, Trade etc.	3,97,467	21.15	1.37	
Others SOTR	1,06,781	5.68	0.37	
Total SOTR	18,79,708	100.00	6.49	
Revenue Receipts	37,93,278	SOTR as % of Revenue		
		Receipts - 49.55		
GSDP	2,89,77,861			

Annexure 2.2 brings out the State-wise 10 year details of components of SOTR.

2.15 In FY 2023-24, top six States, which had SOTR of 60 percent or more of their respective revenue receipts were Haryana (72 percent), Maharashtra (70 percent), Karnataka (70 percent), Telangana (66 percent), Tamil Nadu (63 percent) and Gujarat (60 percent). Of the 10 North-Eastern and Himalayan States, SOTR as a percentage of total revenue receipts was generally in the range of eight percent to 25 percent, except Uttarakhand (38 percent), Himachal Pradesh (30 percent) and Assam (31 percent).

⁵ 10 lowest SOTR States namely, Arunachal Pradesh, Goa, Himachal Pradesh, Manipur, Meghalaya, Mizoram, Nagaland, Sikkim, Tripura and Uttarakhand.

Constituting 1.45 percent of combined revenue receipts.

Table 2.4: Components of SOTR in FY 2023-24 - top six States with highest SOTR as a proportion of revenue receipts (Figures in ₹ crore)

Components	Haryana	Maharashtra	Karnataka	Telangana	Tamil Nadu	Gujarat
SGST	33,960	1,41,979	71,041	39,295	61,960	58,010
State Excise	11,326	23,322	34,629	20,299	10,774	200
Stamps and Registration Fees	10,529	50,824	20,147	14,296	19,013	15,334
Motor Vehicle Tax	4,904	12,969	11,287	7,095	9,375	5,568
Taxes on Sales, Trade etc.	11,331	53,380	20,811	29,990	60,200	33,127
Others	461	19,868	5,590	824	5,956	21,976
Total SOTR	72,511	3,02,343	1,63,505	1,11,798	1,67,278	1,34,214
Revenue Receipts	1,01,315	4,30,596	2,33,343	1,69,293	2,64,597	2,22,763
SOTR as % Revenue Receipts	71.57	70.22	70.07	66.04	63.22	60.25

2.16 The share of SGST in the six States in Table 2.4 constituted the largest components of SOTR in FY 2023-24 ranging from 35 percent to 47 percent. This was followed by receipts from Taxes on Sales/Trade, which ranged from 13 percent to 26 percent and Stamps and Registration Fees, which ranged from 11 percent to 17 percent. Receipts from State Excise in five States ranged from 6 percent to 21 percent. In Gujarat, this receipt was negligible on account of prohibition on liquor.

State Goods and Service Tax

2.17 A component-wise analysis shows that SGST is the single most important source of own tax revenues for the States⁷, constituting almost 43 percent of SOTR of all States in FY 2023-24. Taking FY 2018–19 as the full base year, SGST collections since the implementation of GST (July 2017) have shown remarkable growth across most of the States. In FY 2023-24, among the six States in Table 2.4 with the highest SOTR, contribution of SGST ranged from 35 percent to 47 percent of the SOTR. In the eight North-Eastern States and two Himalayan States Himachal Pradesh and Uttarakhand, the tax revenues from SGST were significantly higher ranging from 43 percent in Uttarakhand to 90 percent in Manipur of their respective SOTR. In the remaining 12 States, contribution of SGST ranged from 36 percent in Chhattisgarh to 57 percent in Bihar. The highest increase in SGST in the six years period from FY 2018-19 to FY 2023-24 has been observed in Arunachal Pradesh at 220 percent, followed by Sikkim at 138 percent. Nagaland and Meghalaya have also registered significant expansion, with increases of 126 percent and 114 percent respectively in their SGST collections during FY 2023-24.

State Excise

2.18 State excise duty is also a major component of SOTR accounting for 13.25 percent of SOTR of all States in FY 2023-24. It is levied by the State Governments on alcoholic liquor for human consumption and certain narcotic substances. In FY 2023-24, Uttar Pradesh registered the highest State excise receipts at ₹45,571 crore, followed by Maharashtra at ₹23,322 crore, Telangana at ₹20,299 crore, Andhra Pradesh at

Revenues from SGST in Bihar constituted 57 percent of its SOTR, as revenues from State Excise is almost nil.

- ₹15,998 crore, Madhya Pradesh at ₹13,524 crore, Rajasthan at ₹13,225 crore, Haryana at ₹11,326 crore and Tamil Nadu at ₹10,774 crore. In the eight North-Eastern and two Himalayan States, Uttarakhand recorded the highest excise receipts at ₹4,041 crore, while Mizoram reported the lowest at ₹3 crore.
- 2.19 Over the 10 year period from 2014–15 to 2023–24, excise collections of all States taken together increased by 177 percent. Telangana⁸ registered highest growth at 433 percent in FY 2023-24 over FY 2015-16. West Bengal and Andhra Pradesh also registered substantial growth in excise receipts, at 399 percent and 268 percent respectively during the 10 year period.
- 2.20 In Bihar, excise duty collections declined from ₹3,217 crore in FY 2014-15 to ₹30 crore in FY 2016-17 and further to ₹1 crore in FY 2023-24 due to State's total liquor prohibition policy, which came into force in April 2016. Nagaland and Mizoram had experienced significant decline in State excise revenues due to enforcement of Nagaland Liquor Total Prohibition Act 1989 and Mizoram Liquor (Prohibition) Act 2019 respectively.

Taxes on Sales, Trade, etc.

Taxes on Sales, Trade, etc. is a significant component of SOTR, constituting 21 percent of SOTR in FY 2023-24. 13 States had significant revenues of more than ₹10,000 crore from this component in FY 2023-24. These States were Tamil Nadu at ₹60,200 crore, Maharashtra at ₹53,380 crore, Gujarat at ₹33,127 crore, Uttar Pradesh at ₹31,126 crore, Telangana at ₹29,990 crore, Kerala at ₹27,690 crore, Rajasthan at ₹23,473 crore, Karnataka at ₹20,811 crore, Andhra Pradesh at ₹18,475 crore, Madhya Pradesh at ₹17,863 crore, Odisha at ₹12,714 crore, West Bengal at ₹11,811 crore and Haryana at ₹11,331 crore.

Stamps and Registration Fees

2.22 Revenues from Stamps and Registration Fees constituted 12 percent of SOTR in FY 2023-24. Eight States collected significant revenues of over ₹10,000 crore from this component in FY 2023-24. These were – Maharashtra at ₹50,824 crore, Uttar Pradesh at ₹26,961 crore, Karnataka at ₹20,147 crore, Tamil Nadu at ₹19,013 crore, Gujarat at ₹15,334 crore, Telangana at ₹14,296 crore, Haryana at ₹10,529 crore and Madhya Pradesh at ₹10,331 crore.

Taxes on Motor Vehicles

2.23 Revenues from Taxes on Motor Vehicles constituted six percent of SOTR in FY 2023-24. Three States collected revenues of more than ₹10,000 crore from this component in FY 2023-24. They were - Maharashtra at ₹12,969 crore, Karnataka at ₹11,287 crore and Uttar Pradesh at ₹11,205 crore.

Growth of SOTR in Pre-GST and Post-GST Period

2.24 With the introduction of Goods and Service Tax, a unified national tax system was put in place, replacing the multiple indirect taxes. Table 2.5 below presents the comparative analysis of SOTR of the individual States during pre-GST and post-GST period.

⁸ Collection from State Excise in Telangana in FY 2023-24 was ₹20,299 crore and in FY 2015-16 was ₹3,809 crore (first complete financial year from formation of State).

Table 2.5: Growth of SOTR in Pre GST and Post GST Period (Figures in ₹ crore / percentage)

State	SOTR 2013-14	SOTR 2016-17	Average Annual SOTR Growth (over 3 Yrs)	SOTR 2018-19	SGST 2018-19	SOTR 2023-24	SGST 2023-24	Average Annual SOTR Growth (over 5 Yrs)	Average Annual SGST Growth (over 5 Yrs)

Total	7,21,906	9,05,117	10.47#	11,51,127	4,76,816	18,79,708	8,00,112	11.70	13.17

[^] Andhra Pradesh and Telangana were bifurcated on 2 June 2014. Hence, for comparison of growth of SOTR, data for complete financial year 2015-16 has been adopted.

[#]Total average annual SOTR growth of all States for pre-GST period excludes Andhra Pradesh and Telangana. Annual average growth has been calculated by first computing the annual average growth for each State individually and then taking the simple average of these values across all 28 States.

- 2.25 The average annual growth of SOTR of all the States combined in the three years prior to introduction of GST, during the period 2013-14 to 2016-17 was 10 percent, which increased to 12 percent during the period 2018-19 to 2023-24. The average annual growth of SGST during the period 2018-19 to 2023-24 was higher at over 13 percent.
- 2.26 In terms of annual growth of SOTR in Pre GST and Post GST period, individually all States other than eight States, namely Andhra Pradesh, Himachal Pradesh, Kerala, Manipur, Mizoram, Nagaland, Telangana and Uttarakhand, recorded a higher growth in SOTR in the period post implementation of GST. Arunachal Pradesh registered the highest average year-on-year growth of 22 percent, followed by Sikkim at 15 percent and Goa, Jharkhand and Nagaland at 14 percent.
- 2.27 Likewise, post implementation of GST, from FY 2018-19, the average annual growth of revenues from SGST outpaced the average annual growth of SOTR in almost all States, except seven States, namely Assam, Chhattisgarh, Goa, Jharkhand, Kerala, Telangana and Tripura. In five of the eight North-Eastern States⁹ and Madhya Pradesh, the average rate of growth of SGST per annum was over 17 percent during the period 2018-19 to 2023-24. Arunachal Pradesh recorded an exceptionally high average annual growth of 27 percent in SGST during the period 2018-19 to 2023-24.

SOTR Buoyancy

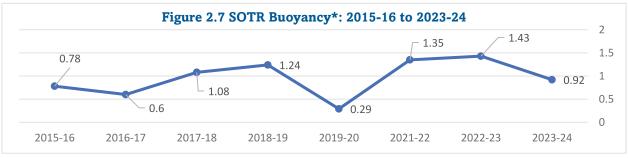

2.28 Buoyancy ratio is the degree of responsiveness of a fiscal variable (e.g., SOTR) corresponding to a given change in the base variable (e.g., GSDP). Buoyancy of the SOTR indicates the ratio of the rate of growth of SOTR vis-à-vis the rate of growth of GSDP. In FY 2023-24, buoyancy ratio of the SOTR of the States was 0.92. It was 0.96 in FY 2014-15 and has varied between 0.29 (2019-20) to 1.43 (2022-23). The figures for 2020-21 have been excluded, as there was decline in both SOTR and GSDP.

Table 2.6: Buoyancy of SOTR in FY 2023-24 (Figures in ₹ crore)

Components	SOTR (2022- 23)	SOTR (2023- 24)	Rate of growth of SOTR in 2023-24	GSDP (2022-23)	GSDP (2023-24)	Rate of growth of GSDP in 2023-24	SOTR buoyancy ratio
(a)	(b)	(c)	(d) =	(e)	(f)	(g) =	(h) =
			(c-b) / b*100			(f-e)/ e*100	(d/g)
SOTR	16,98,675	18,79,708	10.66	2,59,60,885	2,89,77,861	11.62	0.92

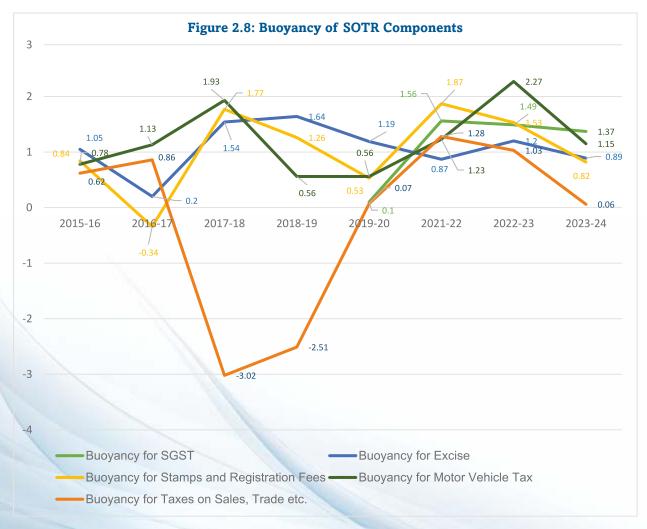

2.29 During the years 2015-16 to 2016-17, SOTR buoyancy was below one. Figure 2.7 shows that between FY 2017-18 and 2022-23, the SOTR buoyancy had been greater than one, except in FY 2019-20, when it was 0.29. In FY 2023-24, the buoyancy, however, declined to 0.92.

⁹ Arunachal Pradesh, Sikkim. Nagaland, Mizoram and Meghalaya

^{*} FY 2020-21 being Covid year has been excluded from SOTR buoyancy calculation.

2.30 Figure 2.8 depicts the trend of buoyancy with respect to key SOTR components. It varied across the major SOTR components during the period from 2015-16 to 2023-24. Since, SGST was implemented in the middle of 2017-18, the buoyancy has been analysed from 2018-19 onwards, excluding FY 2020-21 due to the Covid pandemic. SGST buoyancy, remained above one, but showed a declining trend in recent years, decreasing from 1.56 in FY 2021-22 to 1.49 in FY 2022-23 and further to 1.37 in FY 2023-24. Excise duty buoyancy fluctuated and remained above one in most years, except in FY 2016-17, FY 2021-22 and FY 2023-24. Stamps and Registration Fees largely recorded buoyancy above one during the period 2017-18 to 2022-23, barring FY 2019-20, but declined to 0.82 in FY 2023-24. Motor Vehicle Tax exhibited strong buoyancy in FY 2022-23 and remained above one in FY 2023-24. In contrast, Taxes on Sales, Trade etc. showed weak and volatile buoyancy, including negative values in some years, and remained well below one in FY 2023-24.

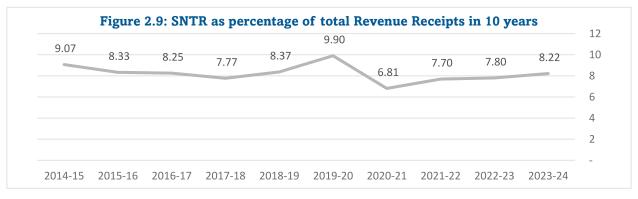

States' Non-Tax Revenue

- 2.31 States' Non-Tax Revenue (SNTR) comprises receipts from fiscal services such as from interest, dividends and profits; general services receipts such as fees and fines, rents, recovery of charges from works, irrigation, etc., sale of land and property, social services fees and receipts; economic services proceeds, such as from licenses, user charges, forest proceeds, irrigation and hydel project proceeds, mineral concession, fees, fines and royalties, unclaimed deposits etc.
- 2.32 In FY 2023-24, the share of the SNTR of all the States constituted 8.22 percent of their total revenue receipts and 1.08 percent of the combined GSDP. SNTR of eight States was over 10 percent of their revenue receipts. These states were Odisha at 29.52 percent, Goa at 23.09 percent, Jharkhand at 15.27 percent, Chhattisgarh at 14.63 percent, Telangana at 14.07 percent, Kerala at 13.13 percent, Gujarat at 10.64 percent and Sikkim at 10.47 percent. *Annexure 2.1* brings out State-wise SNTR position for the 10 year period.

Table 2.7: Component-wise SNTR 2023-24 (Figures in ₹ crore)

Components	Amount	Percentage of SNTR	Percentage of GSDP
Interest, Dividends & Profits	34,663	11.12	0.12
Mineral, Petroleum related	1,35,188	43.37	0.47
Receipts			
Other SNTR	1,41,856	45.51	0.49
Total SNTR	3,11,707	100.00	1.08
Total Revenue Receipts	37,93,278	SNTR as % of	f Revenue
_		Receipts - 8.2	2
GSDP	2,89,77,861		

2.33 During the 10 year period of 2014-15 and 2023-24, the share of combined SNTR of all States, as percentage of combined total revenue receipts, had varied between the lowest of 6.81 percent in FY 2020-21 to the highest of 9.90 percent in FY 2019-20, as shown in Figure 2.9. The lowest level of 6.81 percent in FY 2020-21 was due to Covid impact. Receipts from SNTR witnessed an upward trend and reached the level of 8.22 percent of combined revenue receipts in FY 2023-24. During the 10 year period, receipts from Interest and Dividends showed marginal increase, the Other Non-Tax revenues showed a steady increase from ₹1,15,623 crore in FY 2014-15 to ₹2,77,045 crore in FY 2023-24, primarily due to the spurt in receipts from mineral related activities.

- 2.34 As can be seen from Table 2.8, in general, for the top six States with largest share of SNTR, it accounted for 13 to 30 percent of their total revenue receipts. The key components of SNTR include proceeds from mining concessions; minerals and metallurgy; interest and dividends; employee insurance; guarantee fees; interest on unspent balances; receipts from forests and wildlife; irrigation projects (major, medium and minor); and various administrative services.
- 2.35 Table 2.8 highlights that Odisha recorded the largest receipts from mineral royalties at ₹46,400 crore, which alone constituted about 88 percent of its SNTR and 85 percent of its SOTR in FY 2023-24. Receipts from mineral royalties were also significant in Chhattisgarh (₹12,795 crore 84 percent of SNTR), Jharkhand (₹10,597 crore 79 percent of SNTR) and Telangana (₹12,795 crore 23 percent of SNTR). In addition to receipts from mineral royalties, Telangana received ₹16,478 crore (69 percent of SNTR) from sale of land and property and miscellaneous other receipts. In the SNTR basket of Kerala, the largest receipts of ₹12,531 crore from State lotteries constituted 77 percent of its SNTR. In Jharkhand and Chhattisgarh, SNTR also accrued from forestry, environment and wildlife, amounting to ₹816 crore (six percent of SNTR) and ₹811 crore (five percent of SNTR), respectively.

Table 2.8: Components of SNTR of top six States with SNTR above 10 percent of revenue receipts (2023-24) (Figures in ₹ crore)

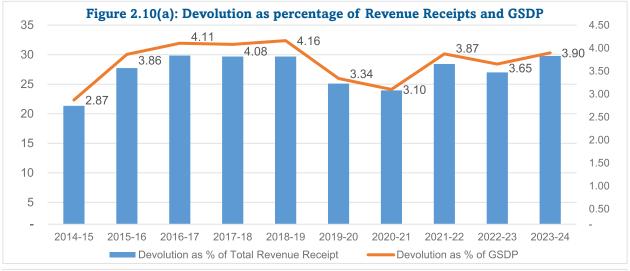

Components	Odisha	Goa	Jharkhand	Telangana	Chhattisgarh	Kerala

Share of the States in the Union Taxes and Duties

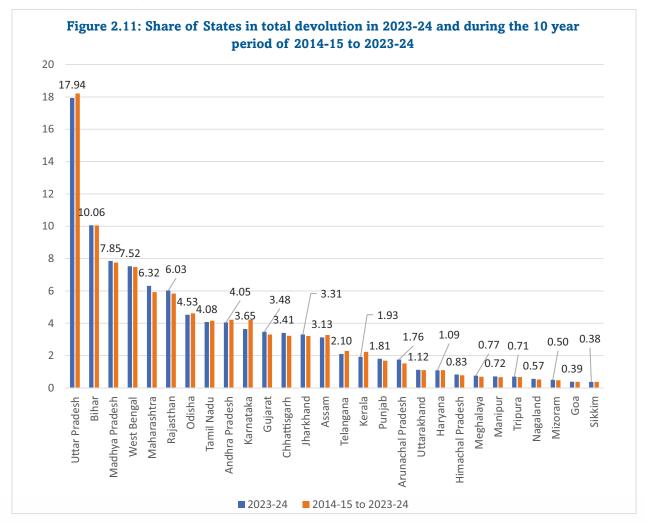

- **2.36** In FY 2023-24, share of Union Taxes and Duties constituted 29.77 percent of the combined revenue receipts of the States and 3.90 percent of their combined GSDP.
- 2.37 An analysis of the States' revenue receipts for the period 2014-15 to 2023-24 shows a distinct increase in devolution from the Union Government, especially with respect to the initial two years. The share of the States in devolution of taxes and duties, as percentage of the total combined revenue receipts of the States, increased from 21.34 percent in FY 2014-15 to 29.77 percent in FY 2023-24. The devolution, as percentage of combined GSDP, increased from 2.87 percent in FY 2014-15 to 3.90 percent in FY 2023-24, as brought out in Figure 2.10 (a).
- 2.38 In absolute terms, the States' share in Union Taxes and Duties showed a secular increase from ₹3,33,408 crore to ₹11,29,397 crore over the 10 year period. A dip in the amount was, however, noted in the years FY 2019-20 and FY 2020-21, years impacted by Covid as brought out in Figure 2.10 (b). Annexure 2.1 brings out the State-wise 10 year details.

Figure 2.10: Share of devolution as percentage of the total combined revenue receipts of the States, GSDP and Year-to-Year increase

2.39 In FY 2023-24, 10 States together, received 72 percent of States' share in Union Taxes and Duties, which are Uttar Pradesh (17.94 percent), Bihar (10.06 percent), Madhya Pradesh (7.85 percent), West Bengal (7.52 percent), Maharashtra (6.32 percent), Rajasthan (6.03 percent), Odisha (4.53 percent), Tamil Nadu (4.08 percent), Andhra Pradesh (4.05 percent) and Karnataka (3.65 percent). Out of the total devolution to the States during the period 2014-15 to 2023-24, a similar pattern of devolution was observed, where about 72 percent of the total devolution was received by these 10 States. Figure 2.11 brings out the pattern.

Central Grants and Assistance to the States

- 2.40 Grants and Central Assistance from the Union Government to the States comprise mainly, (i) Union Government's share for the Centrally Sponsored Schemes (CSSs), (ii) Finance Commission grants (Local Bodies, sectoral or function-specific and conditional grants), and (iii) Other Transfers/Grants, etc. The compensation for the loss of revenue arising out of the implementation of the GST regime is included in other transfers/grants.
- 2.41 In FY 2023-24, the total grants and assistance received by the States was 12.46 percent of their combined revenue receipts and 1.63 percent of their combined GSDP. Table 2.9 depicts the share of different components in the grants and assistance in FY 2023-24.

Table 2.9: Share of components in Central Grants and Assistance (2023-24) (Figures in ₹ crore)

Components	Amount of grants and central assistance	Percentage of combined revenue receipts	Percentage of combined GSDP
Grants-in-aid for CSS	2,63,145	6.94	0.91
Finance Commission Grants	1,44,959	3.82	0.50
Other Grants & Central Assistance	64,362	1.70	0.22
Total	4,72,466	12.46	1.63

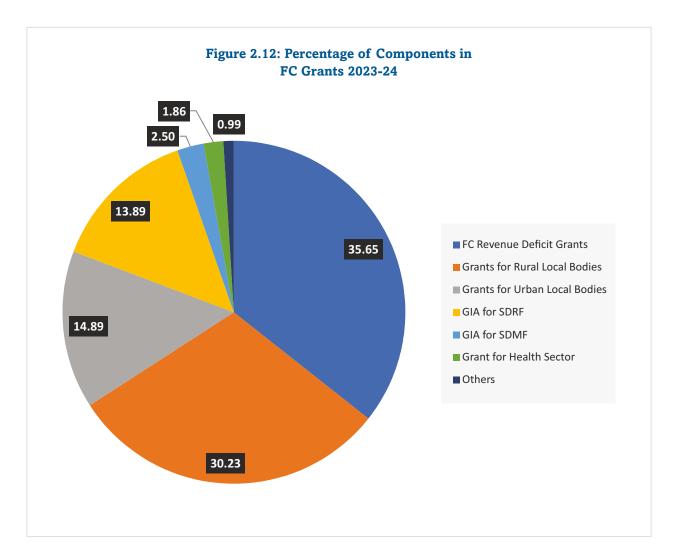

2.42 In FY 2023-24, 15 States together, received 81.49 percent of total grants and central assistance. These 15 States were Uttar Pradesh (11.81 percent), Maharashtra (7.63 percent), Madhya Pradesh (7.35 percent), Andhra Pradesh (7.34 percent), Bihar (5.53 percent), Gujarat (5.41 percent), Tamil Nadu (5.36 percent), Rajasthan (4.75 percent), Assam (4.68 percent), West Bengal (4.67 percent), Odisha (4.45 percent), Karnataka (3.29 percent), Himachal Pradesh (3.16 percent), Uttarakhand (3.03 percent) and Punjab (3.03 percent). The remaining 13 States received the rest. Out of the total grants and central assistance to the States from FY 2014-15 to FY 2023-24, a similar pattern was observed, where about 80.56 percent of the total grants and central assistance went to the same 15 States.

Finance Commission Grants

2.43 In FY 2023-24, the total Finance Commission grants under various categories were ₹1,44,959 crore compared to ₹1,72,849 crore in FY 2022-23. Out of this, the largest share of about 36 percent, was Revenue Deficit Grants, followed by Panchayati Raj Institution (PRI) Grants at 30 percent, Urban Local Bodies (ULB) Grants at 15 percent; State Disaster Response Fund (SDRF) and State Disaster Mitigation Fund (SDMF) related grants at 17 percent and grants to Health Sector and others at two percent, as brought out in Table 2.10.

Table 2.10: Finance Commission Grants to the States (Figures in ₹ crore)

Components	2023-24	Percentage of Total FC Grants
FC Revenue Deficit Grants	51,673	35.65
Grants for Rural Local Bodies	43,822	30.23
Grants for Urban Local Bodies	21,582	14.89
GIA for SDRF	20,131	13.89
GIA for SDMF	3,629	2.50
Grant for Health Sector	2,690	1.86
Others	1,432	0.99
Total	1,44,959	100.00

- 2.44 During the year FY 2023-24, 13 States received ₹51,673 crore of Revenue Deficit Grants which is 35.65 percent of the total Finance Commission grants. More than 95 percent of the revenue deficit grants went to 10 States, namely West Bengal at 16.17 percent, Himachal Pradesh at 15.59 percent, Uttarakhand at 12.04 percent, Punjab at 10.87 percent, Kerala at 9.19 percent, Nagaland at 8.61 percent, Tripura at 8.08 percent, Assam at 5.65 percent, Andhra Pradesh at 5.21 percent and Manipur at 4.07 percent.
- 2.45 In FY 2023-24, out of the 28 States, 16 States were in Revenue Surplus and 12 were in Revenue Deficit. Seven North-Eastern and Himalayan States, namely Manipur, Meghalaya, Mizoram, Nagaland, Sikkim, Tripura and Uttarakhand received Revenue Deficit Grants, as per the award of the Fifteenth Finance Commission. Table 2.11 brings out the comparative picture of Revenue Surplus and Revenue Deficit States and Revenue Deficit Grants received in FY 2023-24.

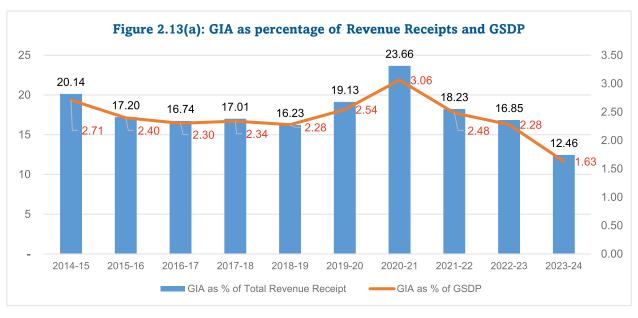

Table 2.11: FC Revenue Deficit Grants in FY 2023-24 (Figures in ₹ crore)

States	Revenue Deficit (-) / Revenue Surplus (+)	FC Revenue Deficit Grants
Andhra Pradesh	-38,683	2,691
Arunachal Pradesh	6,877	0
Assam	-2,628	2,918
Bihar	2,833	0
Chhattisgarh	-11,233	0
Goa	1,423	0
Gujarat	33,477	0
Haryana	-11,881	0
Himachal Pradesh	-5,559	8,058
Jharkhand	11,252	0
Karnataka	-9,272	0
Kerala	-18,140	4,749
Madhya Pradesh	12,488	0
Maharashtra	-13,754	0
Manipur	884	2,104
Meghalaya	1,394	715
Mizoram	577	1,474
Nagaland	1,335	4,447
Odisha	30,761	0

Sikkim	131	149
Tamil Nadu	-45,121	0
Telangana	779	0
Tripura	2,196	4,174
Uttar Pradesh	36,013	0
Uttarakhand	3,341	6,223
West Bengal	-25,692	8,353
	Total	51,673

- **2.46** Finance Commission grants increased from ₹76,336 crore in FY 2017-18 to ₹1,44,959 crore in FY 2023-24, marking an overall rise of 90 percent during the seven-year period. A major outlier in the trend was FY 2021-22, when total grants spiked to ₹2,07,315 crore, due to higher component of Revenue Deficit Grants. Grants for Rural Local Bodies remained broadly stable, increasing by 31 percent from FY 2017-18 to FY 2023-24, while Urban Local Body grants rose by 128 percent. Assistance for SDRF increased moderately by 114 percent over the seven-year span. *Annexure 4* brings out the seven years details on the Finance Commission Grants.
- 2.47 Out of the total central grants / assistance of ₹4,72,466 crore, nine States, namely Uttar Pradesh at 11.81 percent, Maharashtra at 7.63 percent, Madhya Pradesh at 7.35 percent, Andhra Pradesh at 7.34 percent, Bihar at 5.53 percent, Gujarat at 5.41 percent, Tamil Nadu at 5.36 percent, Rajasthan at 4.75 percent and Assam at 4.68 percent received about 60 percent of the total amount.

Share of grants and central assistance in the Revenue Receipts of States

An analysis of the States' revenue receipts for the period 2014-15 to 2023-24 indicates wide fluctuations in the share of grants and central assistance from the Union. The share of these transfers in the combined revenue receipts of the States increased from 20.14 percent in FY 2014-15 to a peak of 23.66 percent in FY 2020-21, but subsequently declined to 12.46 percent in 2023-24. In absolute terms, grants and central assistance rose from ₹3,14,655 crore in FY 2014-15 to ₹4,72,466 crore in FY 2023-24. However, as a percentage of the combined Gross State Domestic Product (GSDP), these transfers declined from 2.71 percent to 1.63 percent during the same period, reflecting a slower growth of Union transfers relative to the expansion of States' economies. Figures 2.13 (a) and 2.13 (b) depict the trend. *Annexure 2.1* provides State-wise details of grants and central assistance during the period 2014-15 to 2023-24.

States' Capital Receipts

- 2.49 States' capital receipts comprise three sources of debt and non-debt segments, namely, miscellaneous capital receipts i.e., proceeds of divestment of equity, value of bonus share, proceeds of asset monetisation / retirement of capital; recoveries of loans and advances given by the State Governments; and public debt receipts. Public debt receipts include internal debt from market borrowings and loans and advances from the Government of India. *Annexure 3* brings out the State-wise details of Capital receipts for the period 2014-15 to 2023-24.
- 2.50 In FY 2023-24, total Capital receipts were ₹18,10,447 crore for all the States. Component-wise details are brought out in Table 2.12. As evident, debt capital receipts comprised 98.72 percent of the total capital receipts.

Capital Receipts	Amount	Percentage of the Total Capital Receipts	Percentage of GSDP
Miscellaneous Capital Receipts	235	0.01	0.001
Recoveries of Loans & Advances	22,975	1.27	0.08
Loans & Advances from Central Govt.	1,42,486	7.87	0.49
Internal Debt Receipts	16,44,751	90.85	5.68
Total	18,10,447		6.25
GSDP	2,89,77,861		

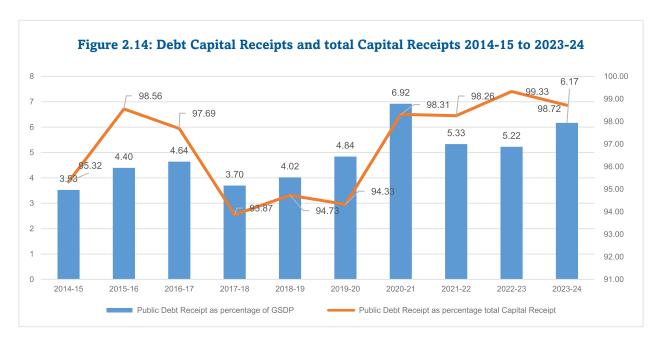

2.51 Miscellaneous capital receipts in FY 2023-24 were negligible compared with the total receipts. This was also the case in previous years in most States. During the period 2014-15 to 2023-24, miscellaneous capital receipts has been a low of ₹174 crore in FY 2017-18 and a maximum of ₹10,147 crore in FY 2020-21. Gujarat and Haryana were two States where miscellaneous capital receipts were observed in a number of years during the 10 year period. Table 2.13 gives a snapshot of the quantum of miscellaneous capital receipts arising from retirement of capital / disinvestment of equity, value of bonus share, proceeds of monetisation, etc.

Table 2.13: Share of major States in Capital Receipts (2014-15 to 2023-24) (Figures in ₹ crore)

Year	Total Misc. Capital Receipts (MCR)	Major Share (Top two States)		% of total Misc. Capital Receipts (MCR)
2023-24	235	Haryana	115	48.94
		Kerala	48	20.43
2022-23	711	Nagaland	450	63.29
		Haryana	74	10.41
2021-22	1,773	Madhya Pradesh	1,598	90.13
		Haryana	67	3.78
2020-21	10,147	Gujarat	9,968	98.24
		Haryana	63	0.62
2019-20 274	274	Gujarat	106	38.69
		Haryana	54	19.71
2018-19	894	West Bengal	692	77.40
		Gujarat	65	7.27
2017-18	174	Haryana	40	22.99
		Himachal Pradesh	35	20.11
2016-17	379	Gujarat	240	63.32
		Kerala	30	7.92
2015-16	1,134	West Bengal	653	57.58
		Karnataka	352	31.04
2014-15	1,146	Himachal Pradesh	650	56.72
		Gujarat	241	21.03

Debt Receipts of the State

- 2.52 In FY 2023-24, total public debt receipts of ₹17,87,237 crore of all the States combined were 98.72 percent of the total capital receipts and 6.17 percent of the combined GSDP.
- 2.53 During the period 2014-15 to 2023-24, public debt receipts, as a percentage of total debt and non-debt capital receipts, have ranged between 94 to 99 percent. As percentage of combined GSDP, the total public debt receipt ranged between four percent in FY 2014-15 to seven percent in FY 2020-21 during the period 2014-15 to 2023-24. Receipts from Internal Debt rose steadily from ₹3,97,673 crore in FY 2014-15 to ₹16,44,751 crore in FY 2023-24. Receipts as Loans and Advances from the Central Government witnessed a sharp increase in four-year period, beginning FY 2020-21 as shown in Figure 2.14, mainly on account of Back-to-Back Loans to States/UTs in lieu of GST Compensation Shortfall and Special Assistance as Loan to States for Capital Expenditure.

Conclusion

- 2.54 Receipts of the States during the period 2014-15 to 2023-24 witnessed a steady expansion in the overall resource base of the States, accompanied by changes in the composition of receipts. States' Own Tax Revenue (SOTR) remained the dominant component of revenue receipts throughout the period, increasing from ₹7.73 lakh crore in FY 2014-15 to ₹18.80 lakh crore in FY 2023-24, though its buoyancy at 0.92 in FY 2023-24 was a reduction from 1.43 in FY 2022-23. The share of States' SOTR in total revenue receipts has shown a steady increase during the period 2015-16 to 2023-24.
- 2.55 The share of the States in Union Taxes and Duties registered a significant increase from 21.34 percent of combined revenue receipts in FY 2014-15 to 29.77 percent in FY 2023-24, reflecting the impact of enhanced devolution following the recommendations of the Fourteenth and Fifteenth Finance Commissions. In contrast, the share of grants-in-aid and central assistance declined from 20.14 percent in FY 2014-15 to 12.46 percent in FY 2023-24, indicating a shift towards greater reliance on own-revenue mobilisation and tax devolution.
- 2.56 States' Non-Tax Revenue (SNTR), increased in absolute terms from ₹1.42 lakh crore in FY 2014-15 to ₹3.12 lakh crore in FY 2023-24. However, its share in the total revenue receipts declined from 9.07 percent to 8.22 percent over the same period. The trend varied substantially across States, influenced primarily by natural resource endowments and the effectiveness of revenue administration. On the capital side, public debt receipts rose sharply from ₹4.10 lakh crore in FY 2014-15 to ₹17.87 lakh crore in FY 2023-24, accounting for more than 98 percent of total capital receipts in FY 2023-24.

Chapter 3

Expenditure of States

Expenditure of States

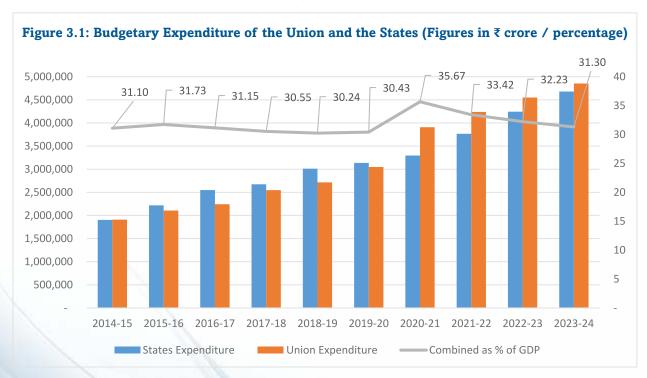

Overview of Expenditure by States

- 3.1 In the federal structure, the States are responsible for functions assigned to them by the Constitution of India under the State List of the Seventh Schedule. They are also responsible for areas, as relevant, under the Concurrent List. Delivery of goods and services and governance functions of the State require budgetary expenditure. The States also execute the Centrally Sponsored Schemes (CSSs), conceptualized, and designed by the Union Government with shared funding pattern, between the Union and the States, through their agencies. The sharing pattern of the CSSs is based on understanding of the States as general category States and other States (e.g., border and hilly areas or with specific requirements).
- Revenue expenditure of the States comprises revenue expenditure and capital expenditure. Revenue expenditure relates to charges on maintenance, repair, upkeep and working expenses, which are required to maintain the assets in a running order as also all other expenses incurred for the day to day running of the organisation, including establishment and administrative expenses. Capital expenditure includes significant expenditure incurred with the object of acquiring tangible assets of a permanent nature for use in the organisation and not for sale in the ordinary course of business or enhancing the utility of existing assets and for repayment of debt and extending loans and advances. Both, revenue expenditure and capital expenditure, are classified as per the functions falling under general services, social services, and economic services. All expenditure under the three categories of services is classified as per functions (functional classification), programmes, schemes, and object of expenditure (economic classification).
- 3.3 Budgetary spending including Revenue and Capital Expenditure¹⁰ of the States in FY 2023-24 amounted to ₹46,80,684 crore, constituting 16.15 percent of their combined GSDP of ₹2,89,77,861 crore. The combined budgetary spending of the Union and the States during the year stood at ₹ 95,33,257 crore, which was 31.30 percent of the national GDP of ₹3,04,57,109 crore. *Annexure 5* depicts the Revenue and Capital expenditure of the States for the 10 year period 2014-15 to 2023-24.
- 3.4 During the period 2014-15 and 2023-24, the share of States' budgetary spending averaged between a low of 16.15 percent of the combined GSDP in FY 2023-24 and a high of 17.49 percent in FY 2016-17. During the same period, the combined budgetary spending of the Union and the States ranged from 30.24 percent of GDP in FY 2018-19 to 35.67 percent in FY 2020-21.

¹⁰ Excludes repayment of Public Debt

Table :	3.1: Budg	etary Ex	penditure	e of Gove	rnments	(2014-15	i to 2023-	·24) (Figu	res in ₹ c	erore)
Year	2014-15	2015-16	2016-17	2017-18	2018-19	2019-20	2020-21	2021-22	2022-23	2023-24
States Expenditure	19,04,272	22,18,024	25,48,788	26,74,809	30,12,218	31,35,956	32,94,708	37,65,774	42,43,920	46,80,684
GSDP	1,16,15,510	1,28,96,832	1,45,73,168	1,62,01,897	1,79,57,451	1,92,78,563	1,91,92,024	2,27,94,133	2,59,60,885	2,89,77,861
States Expenditure as % of GSDP	16.39	17.20	17.49	16.51	16.77	16.27	17.17	16.52	16.35	16.15
Union Expenditure	19,09,144	21,05,667	22,42,501	25,47,336	27,15,761	30,48,206	39,07,646	42,38,533	45,50,514	48,52,572
Total Expenditure (Union & States)	38,13,416	43,23,691	47,91,289	52,22,145	57,27,980	61,84,162	72,02,354	80,04,307	87,94,434	95,33,257
GDP	1,22,63,280	1,36,26,727	1,53,82,936	1,70,95,870	1,89,39,013	2,03,25,762	2,01,88,996	2,39,50,666	2,72,87,270	3,04,57,109
Total Expenditure of Union & States as % of GDP	31.10	31.73	31.15	30.55	30.24	30.43	35.67	33.42	32.23	31.30

3.5 Figure 3.1 brings out the budgetary spending of the Union and the State Governments for the 10 year period from 2014-15 to 2023-24. It is seen that the decadal trend of combined spending of the State Governments, is broadly of similar magnitude as that of Union Government¹¹ spending in this period. The combined expenditure of the Union Government and the State Governments has been hovering around a third of the GDP over the 10 year period, was at 31.10 percent in FY 2014-15 and 31.30 percent of GDP in FY 2023-24, the highest being 35.67 percent of GDP in the FY 2020-21.

Sectoral Expenditure

3.6 Revenue and capital expenditure under General, Social and Economic services as well as Grants-in-Aid are shown in the figure below:

Spending of the Union Government also includes grants and transfers to States, which are also used for spending by the States, and that if netted, would reduce the figure of spending of the one, either the Union or the States.

General services include functions of fiscal nature (interest payment, expenditure of tax administration), organs of the State (legislature, governor, ministers, elections, judiciary), administrative nature (policing, public work, administration), pension payment

Social services include education, health and family welfare, water supply, housing, social welfare, nutrition, employment, etc.

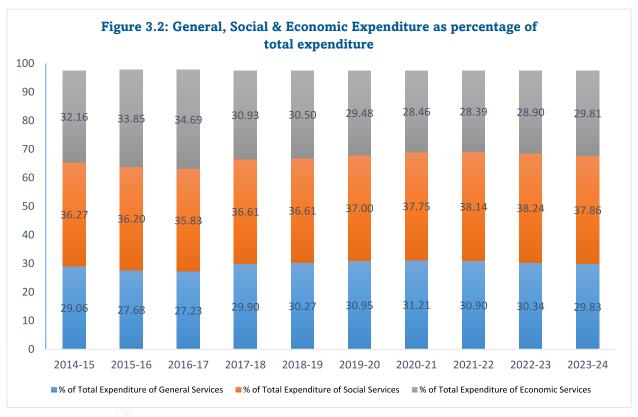

Economic services include rural development and special areas programme, irrigation and flood control, energy, industry and minerals, transport, science and technology, tourism, civil supplies, etc.
Grants in aid is the fourth category of expenditure.

3.7 In FY 2023-24, the combined expenditure (revenue and capital) of the States was ₹46,80,684 crore. Sectoral expenditure, revenue and capital, in FY 2023-24 was as follows.

Table 3.2: Sectoral Expenditure of the States in FY 2023-24 (Figures in ₹ crore)

States' expenditure	General Sector	Social Sector	Economic Sector	Others (Compensation & Assignment, Grants-in-aid, and Loans & Advances to others)	Total
Sectoral Revenue Expenditure	13,53,580	15,24,598	9,04,179	1,14,291	38,96,647
Sectoral Capital Expenditure	42,644	2,47,285	4,90,973	3,136	7,84,037
Total	13,96,224	17,71,883	13,95,152	1,17,427	46,80,684
Sectoral Revenue expenditure as % of Revenue Expenditure	34.74	39.13	23.2	2.93	100
expenditure as % of Capital Expenditure	5.44	31.54	62.62	0.40	100
Total Sectoral expenditure as % of Total Expenditure	29.83	37.86	29.81	2.51	100
Sectoral Revenue Expenditure as % of GSDP	4.67	5.26	3.12	0.39	13.45
Sectoral Capital Expenditure as % of GSDP	0.15	0.85	1.69	0.01	2.71

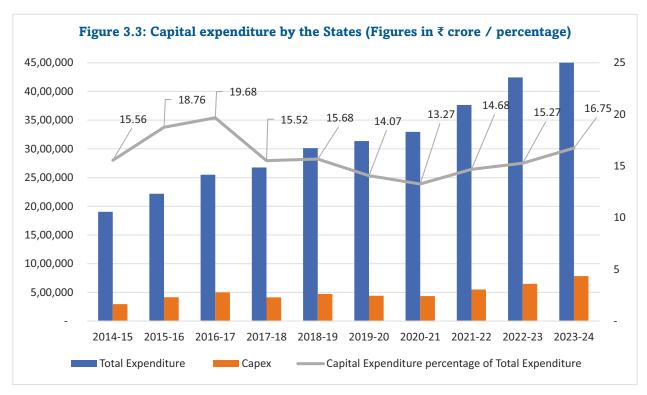

- 3.8 In FY 2023-24, the expenditure on General Sector, Social Sector and Economic Sector accounted for 29.83 percent, 37.86 percent and 29.81 percent respectively of the total expenditure of ₹46,80,684 crore¹². The inter-se composition of expenditure reveals that Capital expenditure, as a percentage of sectoral expenditure, was 5.44 percent, 31.54 percent and 62.62 percent in General, Social and Economic Sectors respectively. This composition of expenditure indicates that economic sector involving infrastructure, industry and trade receive larger capital infusion. On the other hand, general sector including administration, fiscal related expenditure is essentially of revenue nature.
- 3.9 The total social and economic sectors expenditure (revenue and capital of ₹31,67,035 crore) was 67.66 percent of the total expenditure of ₹46,80,684 crore for all the States in FY 2023-24. For the 10 year period of 2014-15 to 2023-24, the social and economic sectors expenditure of all the States has been in the range of 66.21 percent in FY 2020-21 to 70.52 percent in FY 2016-17 of the combined total expenditure. *Annexure 6, 7 and 8* bring out the State-wise 10 year details of Sectoral Revenue, Sectoral Capital and total Sectoral expenditure respectively.

Capital Expenditure

3.10 In FY 2023-24, capital expenditure of ₹7,84,037 crore constituted 16.75 percent of the total expenditure by the States, the remaining 83.25 percent being revenue expenditure. During the 10 year period, a spurt in share of capital expenditure was evident in FY 2015-16 and FY 2016-17. The increase in capital expenditure in these two financial years is attributable to investments by the States in equity of power sector State Public Sector Undertakings and also advancing of loans to power sector undertakings, on taking over 75 percent of debts of State-owned Power Distribution Companies under Ujwal DISCOM Assurance Yojana (UDAY) scheme by 14 State Governments.

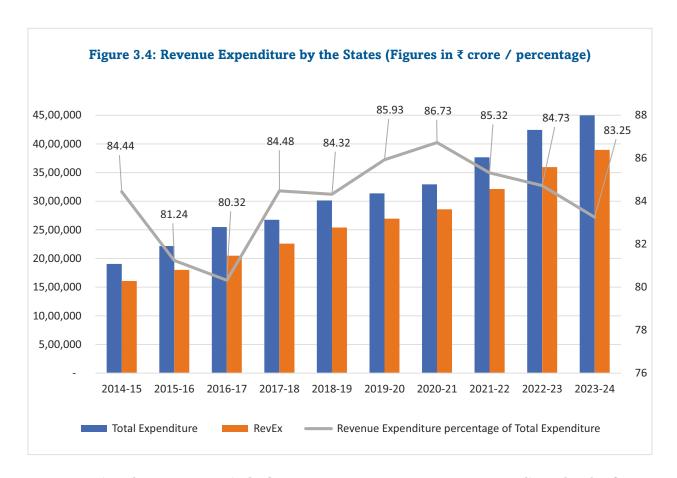

¹² Remaining 2.50 percent being on grants-in-aid and other loans not falling under any specific sector.

- 3.11 On an average, capital expenditure of the States has remained in the range of 13 20 percent of the total budgetary spending in the 10 year period of 2014-15 to 2023-24; the highest being 19.68 percent in FY 2016-17 and the lowest of 13.27 percent in FY 2020-21. A comparison of the total budgetary spending and the share of capital spending in FY 2023-24 over FY 2014-15 suggests that the increase in the volume of budgetary spending by 146 percent in FY 2023-24 over FY 2014-15 was lower than the growth in capital spending, which increased by 165 percent during the period. Annexure 5 brings out the State-wise trend in Revenue and Capital expenditure during the 10 year period.
- 3.12 Government of India started providing special assistance to States in the form of 50 year interest free loan under 'Scheme for special assistance as loan to States for capital expenditure' since FY 2020-21. Total transfers for capital expenditure up to FY 2023-24 was ₹2,16,765 crore, of which ₹1,09,554 crore was in FY 2023-24 as compared to ₹81,195 crore in FY 2022-23, constituting an increase of 35 percent. States' overall capital expenditure increased from ₹6,48,184 crore in FY 2022-23 to ₹7,84,037 crore in FY 2023-24, marking an annual increase of 21 percent. This increase in capital expenditure by the States in FY 2023-24 was partially financed from assistance received as loans from the Government of India.

Revenue Expenditure: Composition and Nature

3.13 In FY 2023-24, revenue expenditure was 83.25 percent of total expenditure and 13.45 percent of combined GSDP. A large share of the revenue expenditure is committed. Salaries, pensions, and interest payments on public debt and liabilities, are treated as 'committed expenditure'. In FY 2023-24, out of the total revenue expenditure of ₹38,96,647 crore, the committed expenditure was ₹16,86,393 crore and expenditure on subsidies was of the order of ₹3,30,269 crore. These two components accounted for an expenditure of ₹20,16,662 crore, which together constituted more than 51 percent of total revenue expenditure.

3.14 During the 10 year period of 2014-15 to 2023-24, revenue expenditure by the States constituted 80-87 percent of the total expenditure and as percentage of combined GSDP, it ranged between 13-15 percent. Figure 3.4 depicts the trend in revenue expenditure over the 10 year period.

Misclassification of Expenditure between Revenue and Capital

3.15 Analysis of the expenditure data for FY 2023-24 indicates instances of misclassification between revenue and capital heads in several States, adversely affecting the integrity of some fiscal indicators. A total amount of ₹27,289 crore of expenditure, which was revenue expenditure, was booked under capital heads, while ₹173 crore of capital expenditure was classified under revenue heads during FY 2023-24. Such misclassification leads to understatement of revenue expenditure and an overstatement of capital expenditure, thereby resulting in an understatement of the revenue deficit or overstatement of the revenue surplus.

Table 3.3: Details of Misclassification of Expenditure for the FY 2023-24 (Figures in ₹ crore)

States	Revenue expenditure misclassified as Capital expenditure	Capital expenditure misclassified as Revenue expenditure
Andhra Pradesh	54	0
Arunachal		
Pradesh	27	0
Assam	5,755	11
Bihar	23	0
Chhattisgarh	3,657	39

States	Revenue expenditure misclassified as Capital expenditure	Capital expenditure misclassified as Revenue expenditure		
Jharkhand	4,536	0		
Karnataka	1	0		
Madhya Pradesh	1,575	4		
Maharashtra	3,545	0		
Meghalaya	1	0		
Nagaland	1	14		
Odisha	4,565	0		
Rajasthan	5	0		
Telangana	259	42		
Tripura	1,489	0		
Uttar Pradesh	283	0		
Uttarakhand	606	63		
West Bengal	908	0		
Total	27,289	173		

Source: Respective Notes to Finance Accounts.

3.16 Significant instances of revenue expenditure booked under capital heads were observed: ₹5,755 crore in Assam, ₹4,565 crore in Odisha, ₹4,536 crore in Jharkhand, ₹3,657 crore in Chhattisgarh, and ₹3,545 crore in Maharashtra. These five States together accounted for more than 80 percent of the total misclassified revenue expenditure. Smaller but noteworthy cases were also observed: ₹1,489 crore in Tripura, ₹1,575 crore in Madhya Pradesh, and ₹54 crore in Andhra Pradesh.

Some Factors impacting completeness of expenditure

3.17 While Budgetary spending (Revenue and Capital Expenditure) of the States in FY 2023-24 amounted to ₹46,80,684 crore, the completeness of expended amounts as reported in the audited accounts has been impacted due to two important reasons, namely, the operation of Personal Ledger Accounts, also known as Personal Deposit (PD) Accounts and drawal of sums on Advance Contingency (AC) Bills, which remained unadjusted at the end of FY 2023-24 in a few States.

Personal Deposit Accounts

- 3.18 Personal Deposit (PD) Accounts are maintained in the Treasury by the competent authority permitted under State Financial Rules. PD Accounts are non-interest-bearing deposits classified under 8443–Civil Deposits–106–Personal Deposits in the Public Account. Functioning much like bank accounts within State treasuries, they are used to manage specific government funds mostly scheme-related monies so that these amounts remain distinct from the government's general revenues. The primary objective is to ensure that money is used strictly for the purpose for which it was deposited.
- **3.19** Funds are transferred after necessary approval to PD Accounts from the Consolidated Fund of the State (CFS). PD Accounts created for a defined purpose and intended for use within a financial year are usually required to be closed at year-end, with any unutilised balances remitted back to the CFS. Generally, retention of large unspent

balances beyond the close of the financial year, without their reversion to the CFS would not conform to legislative intent. At the end of FY 2023-24 while most States reported nil or negligible outstanding balances in PD Accounts, sizeable unutilised balances in the PD Accounts were reported in Karnataka, Rajasthan, Maharashtra, Andhra Pradesh, and Odisha¹³. As a percentage of total expenditure, the balances outstanding in PD accounts of these States ranged from about five percent in the States of Rajasthan, Maharashtra, Andhra Pradesh and Odisha to about 11 percent in Karnataka¹⁴.

- 3.20 For all the States combined, aggregate balances in PD Accounts at the year-end rose significantly over the last decade, increasing from ₹29,132 crore in FY 2014-15 to ₹1,07,596 crore in FY 2023-24. This represents a cumulative increase of about ₹78,464 crore, or 269 percent. Over the years, most States have either closed such accounts or refrained from operating them altogether, in line with reform measures aimed at promoting direct fund transfers and reducing reliance on intermediary deposit accounts. State-wise details of PD Accounts over the 10 year period are presented in *Annexure 9*.
- **3.21** Uttar Pradesh Government has notably discontinued the practice of transfer of funds from Consolidated Fund to the PD Account from March 2018, with exception of funds established under any Act/Rules and MLA Fund. This is indeed a good practice that may be considered for adoption by other States.
- 3.22 The regulatory framework governing the continuation and closure of PD Accounts differs considerably across States. While some require unspent balances to be transferred back to the Consolidated Fund of the State within one to five years, others do not prescribe any specific timeline or provision for closure. These divergences point to the need for standardised norms across States for the continuation or closure of PD Accounts beyond the financial year together with a minimal operation of PD Accounts, as in the case in many States.

Abstract Contingent Bills

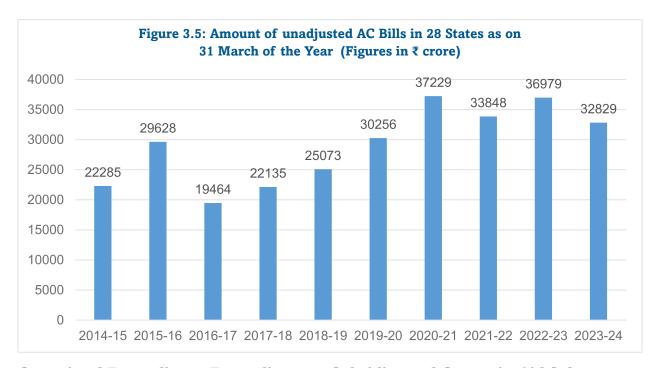

3.23 Abstract Contingent (AC) Bills enable advances from the Consolidated Fund of the State for meeting specific contingent expenses, which must be regularised within a prescribed timeframe¹⁵ through submission of Detailed Contingency (DC) Bills supported by vouchers. Failure to adjust AC bills by year-end reflects weaknesses in expenditure control, may indicate budgetary drawals made merely to utilise allocations, and carries risks of misappropriation. Prolonged non-submission of DC bills also undermines legislative intent and means that the expenditure reported in the Finance Accounts to that extent is not fully verified. Over the period of 2014-15 to 2023-24, the amounts involved in unadjusted AC Bills, increased from ₹22,285 crore to ₹32,829 crore, as brought out in Figure 3.5.

Karnataka: ₹32,835 crore; Rajasthan: ₹13,763 crore; Maharashtra: ₹16,382 crore; Andhra Pradesh: ₹11,492 crore; Odisha: ₹11,526 crore.

Balances outstanding in PD Accounts in Karnataka rose by ₹30,407 crore (from ₹2,428 crore in 2014-15 to ₹32,835 crore in FY 2023-24). The increase was mainly on account of inclusion of PD Accounts of the Managing Director, Karnataka Mining Environment Restoration Corporation, on the directions of Hon'ble Supreme Court, which was at ₹26,192 crore at the end of FY 2023-24.

Date of submission of DC bill for adjustment of AC bills, varies across the States ranging from 15 days to 12 months from the date of drawal of AC bills.

- 3.24 In FY 2023-24, five States having the highest incidence of unadjusted AC bills at the end of the financial year were Bihar at ₹9,206 crore, Manipur at ₹7,380 crore, Jharkhand at ₹4,892 crore, Maharashtra at ₹3,675 crore, and Punjab at ₹2,805 crore, a persistent trend seen in these States over the last decade. In Manipur, the value of pending AC Bills at the end of FY 2023-24, was approximately 45 percent of the combined Revenue and Capital Expenditure incurred from the CFS during FY 2023-24.
- **3.25** Some States like Bihar, Haryana, Maharashtra and Manipur exhibited significant increase in unadjusted AC Bills over the decade. On the other hand, States such as Arunachal Pradesh, Uttar Pradesh, Tripura, Karnataka, and Chhattisgarh have shown substantial reduction in their unadjusted balances. Details of the unadjusted AC bills in the States is shown in *Annexure 10*.

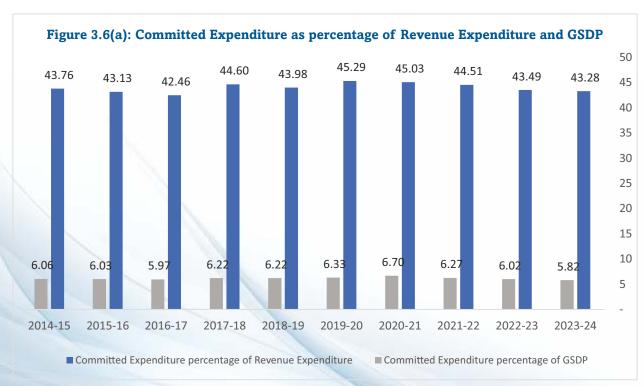

Committed Expenditure, Expenditure on Subsidies and Grants-in-Aid Salary

3.26 In FY 2023-24, committed expenditure, as percentage of the revenue expenditure of the States, was 43.28 percent and expenditure on subsidy was 8.48 percent. Out of the total revenue expenditure of ₹ 38,96,647 crore, their combined share was ₹ 20,16,662 crore, which was about 51.76 percent of revenue expenditure. In addition, grants/assistance are also given by the State Government to autonomous bodies/organisations for disbursement of salaries to their employees and this expenditure is classified as Grants-in-Aid Salary, which is akin to committed expenditure. The total expenditure on Grants-in-Aid Salary during FY 2023-24 was ₹3,17,265 crore and constituted 8.14 percent of total revenue expenditure. Thus, total spending on committed expenditure, Subsidies and Grants-in-Aid Salary in FY 2023-24 was of the order of ₹23,33,927 crore, which together was 59.90 percent of total revenue expenditure.

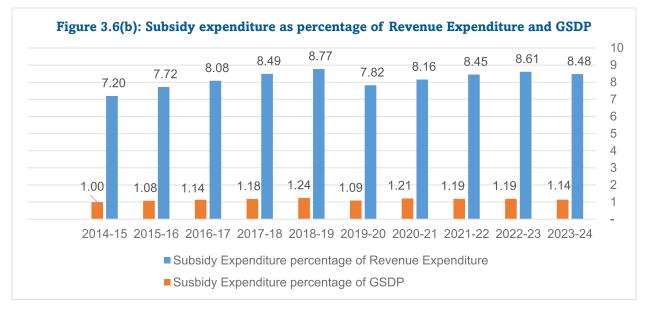

Table 3.4: Share of Committed expenditure, Subsidies and GIA Salary in FY 2023-24 (Figures in ₹ crore)

2023-24	
Revenue Expenditure	38,96,647
Committed expenditure, Subsidies & GIA Salary	23,33,927
(1) Committed Expenditure	16,86,393
Salaries	7,13,756
Pensions	4,79,248
Interest	4,93,389
Percentage of Revenue Expenditure	43.28
(2) Expenditure on Subsidies	3,30,269
Subsidies	3,30,269
Percentage of Revenue Expenditure	8.48
(3) Expenditure on Grants-in-Aid Salary	3,17,265
Grant-in-Aid Salary	3,17,265
Percentage of Revenue Expenditure	8.14
Committed Expenditure, Subsidies & GIA Salary as percentage of Revenue Expenditure	59.90

3.27 During the period from 2014-15 to 2023-24, the share of committed expenditure remained above 42 percent of the revenue expenditure. As percentage of the GSDP, it remained above 6 percent in all years, except in the years FY 2016-17 and FY 2023-24, as depicted in Figure 3.6(a).

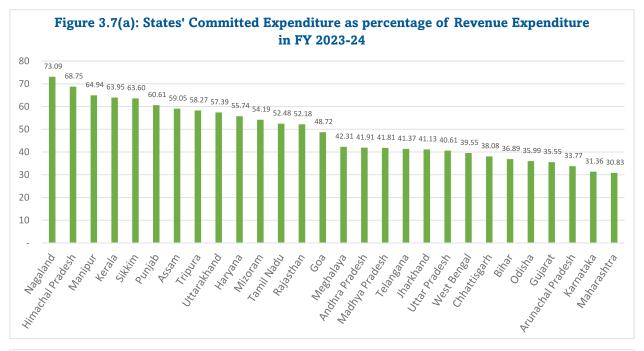

3.28 During the period 2014-15 to 2023-24, the share of subsidy expenditure has remained above eight percent of the revenue expenditure except in FY 2014-15 at 7.20 percent, FY 2015-16 at 7.72 percent and FY 2019-20 at 7.82 percent, and above one percent of the GSDP since FY 2014-15, as depicted in Figure 3.6(b).

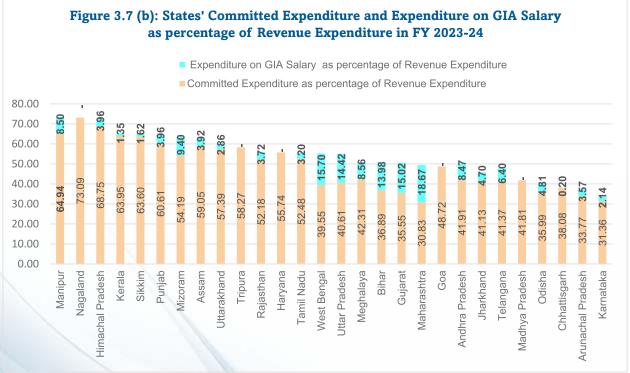

- **3.29** Committed expenditure involving salaries, pensions and interest payment was ₹7,03,718 crore in FY 2014-15 for all the States, which went up to ₹16,86,393 crore in FY 2023-24. Expenditure on subsidy, which was ₹1,15,729 crore in FY 2014-15 for all the States increased to ₹3,30,269 crore for the States in FY 2023-24. Over the period 2014-15 to 2023-24, revenue expenditure increased by 143 percent, committed expenditure increased by 140 percent, and subsidy increased by 185 percent. *Annexure 11* brings out the State-wise details of each component of Committed Expenditure for the 10 year period of 2014-15 to 2023-24.
- 3.30 Akin to expenditure on Salaries is Grants-in-Aid Salary¹6, which involves disbursement by State Governments to grantee institutions, local bodies, universities, and other organisations to meet expenditure on the salaries of their employees. During FY 2023-24, States disbursed ₹3,17,265 crore as Grants-in-Aid for Salary out of the total Grants-in-Aid of ₹12,22,422 crore, accounting for 25.95 percent of total grants released. If this expenditure is added to the Salary Expenditure of the States amounting to ₹7,13,756 crore, the combined outgo towards salary-related commitments aggregates ₹10,31,021 crore, constituting 26.46 percent of revenue expenditure. Grants-in-Aid Salary added to the committed expenditure of ₹16,86,393 crore works out to a total outgo of ₹20,03,658 crore, which taken along with expenditure on subsidies will entail a total expenditure of ₹23,33,927 crore, constituting 59.90 percent of revenue expenditure. The 10 year expenditure figure on Grants-in-Aid Salary of States operating this head is given in *Annexure 12*.
- 3.31 As brought out in Figure 3.7(a), in FY 2023-24, committed expenditure alone, as percentage of revenue expenditure of the respective State, varied from being as high as 73 percent for Nagaland to 31 percent for Maharashtra. In 13 States, committed expenditure was over 50 percent of their revenue expenditure in FY 2023-24. In seven

State Governments of Goa, Haryana, Madhya Pradesh, Nagaland and Tripura do not operate separate Object head for Grant-in-Aid Salaries.

States, committed expenditure was over 40 percent but less than 50 percent of their revenue expenditure and in eight States committed expenditure was below 40 percent of their revenue expenditure in FY 2023-24. If expenditure on Grants-in-Aid Salary is added to the 'committed' expenditure, the picture of overall commitment, inclusive of Grants-in-Aid Salary expenditure alters significantly in some States in FY 2023-24, as brought out in the Table 3.5 and Figure 3.7 (b).

Note: Government of Karnataka has disbursed total GIA of ₹66,039 crore in FY 2023-24. Out of this, ₹22,487 crore released as GIA to Districts (Bengaluru, Belur, Kolar, Mangaluru, Mysuru, Raichur etc.) which includes GIA Salaries and Others. GIA-Salary under these Object Heads cannot be determined. Thus, the expenditure on GIA-Salary in case of Karnataka is understated.

With the inclusion of Grants-in-Aid Salary, the overall spending on committed expenditure and GIA Salary put together totals to 50 percent or above, of Revenue expenditure in 18 States, as depicted in Figure 3.7(b).

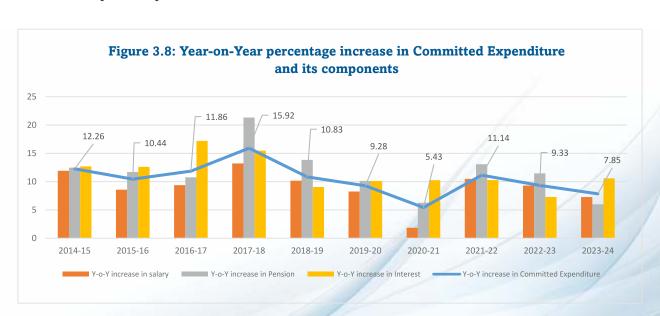

Table 3.5: Committed Expenditure and expenditure on GIA Salary in selected States in FY 2023-24 (Figures in ₹ crore)

States	Committed Ex	kpenditure	Expenditure of Aid Salary	on Grants-in-	Committed Expenditure and Grants-in-Aid Salary		
	Amount	% of RE	Amount	% of RE	Amount	% of RE	
Bihar	70,283	36.89	26,627	13.98	96,910	50.87	
Gujarat	67,283	35.55	28,440	15.02	95,723	50.57	
Maharashtra	1,37,005	30.83	82,969	18.67	2,19,974	49.50	
Uttar Pradesh	1,74,539	40.61	61,981	14.42	2,36,520	55.03	
West Bengal	89,360	39.55	35,476	15.70	1,24,836	55.25	

RE: Revenue Expenditure

As seen from Table 3.5, the substantial outgo in Grants-in-Aid Salary in the five large States of Bihar, Gujarat, Maharashtra, Uttar Pradesh and West Bengal significantly changed the position of the respective States' Salary related commitments from a maximum of 40 percent to over 55 percent of their total revenue expenditure.

- 3.32 Within committed expenditure, Salaries constituted the largest component, followed by interest expenditure and then, pensionary expenditure. In 12 States, interest payment was higher than pensionary expenditure (Andhra Pradesh, Gujarat, Haryana, Karnataka, Kerala, Madhya Pradesh, Maharashtra, Punjab, Rajasthan, Tamil Nadu, Telangana and West Bengal) indicating relatively higher debt servicing requirements, while in the remaining States, the pensionary expenditure was higher than interest payments. During the 10 year period from 2014-15 to 2023-24, in all years the interest payment was the second largest component of the committed expenditure after Salaries, except in FY 2022-23.
- 3.33 Committed expenditure, combining the three components (salaries, interest payments and pensions), increased on an average, by 10.43 percent year-on-year, highest being 15.92 percent in FY 2017-18 due to sharper increase in expenditure on Pensions and Salary in that year.

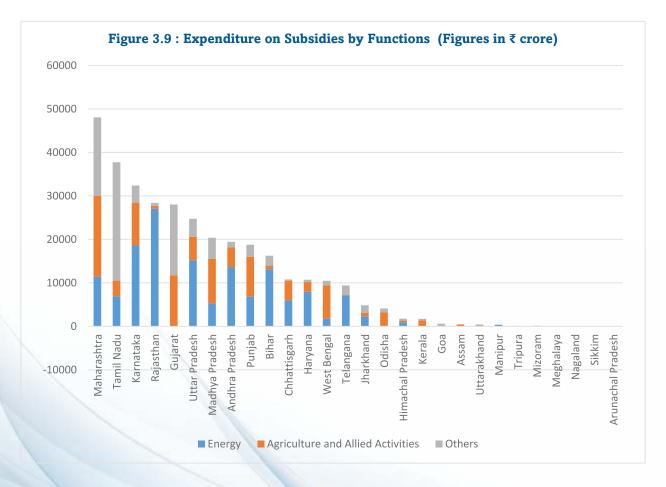

Expenditure on Subsidies by Major Functions

3.34 Subsidy outgo at ₹3,30,269 crore in FY 2023-24 is another major component of revenue expenditure in several States. The principal recipients of subsidy payments are energy utilities, and agriculture related activities.

Table 3.6: Subsidies provided by States on Major Functions in 2023-24 (Figures in ₹ crore)

Function	Amount	Percentage of Total Subsidy
Energy	1,44,817	43.85
Agriculture & Allied Activities	95,596	28.94
Other Sectors ¹⁷	89,856	27.21
(Food, Civil Supplies, Transport, Industries,		
Education, Social Welfare etc.)		
Total	3,30,269	100

3.35 As evident from Table 3.6, Energy and Agriculture & Allied Activities together accounted for around 73 percent of total subsidies disbursed by the States. Energy subsidies mainly represent financial support to electricity utilities for supply of power to domestic and agricultural consumers at subsidised rates, adjustment of revenue gaps, and waiver of arrears. Agricultural subsidies include price support, input subsidies for fertilizers, seeds, irrigation, farm machinery, and relief schemes implemented through agriculture departments or co-operative institutions.

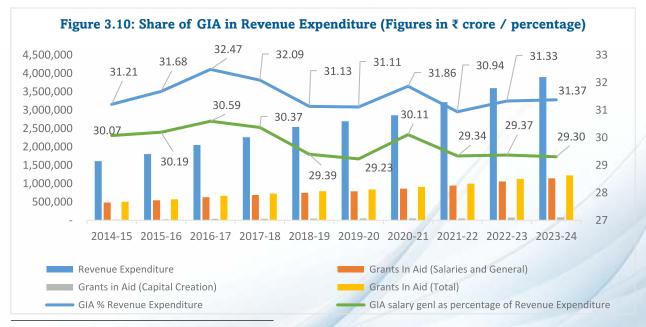

Details of the functions in the States for which Subsidy is given during FY 2023-24 is shown in *Annexure 13*.

- 3.36 As seen from the Figure 3.9 and *Annexure 13*, during FY 2023-24, in terms of disbursement of subsidies amounting to ₹48,053 crore in Maharashtra, ₹37,749 crore in Tamil Nadu, ₹32,390 crore Karnataka, ₹28,402 crore in Rajasthan and ₹28,033 crore in Gujarat placed them as the top five States, together accounting for ₹1,74,627 crore, about 53 percent of the total reported by all States. These States have extensive power and irrigation networks and operate large-scale farm and consumer welfare schemes, resulting in higher subsidy expenditure.
- 3.37 Subsidies to the energy sector was the largest single component across States, aggregating to ₹1.45 lakh crore during FY 2023-24. These primarily cover electricity tariff support, in alignment with power distribution companies, and targeted schemes for domestic/agricultural consumers. Rajasthan (₹27,038 crore) was the highest spender on energy subsidies, followed by Karnataka (₹18,615 crore), Uttar Pradesh (₹15,081 crore), Andhra Pradesh (₹13,641 crore) and Bihar (₹13,161 crore).
- **3.38** Expenditure on agriculture-related subsidies totalled ₹95,596 crore during FY 2023-24, comprising input support and sector-specific incentives. Maharashtra (₹18,599 crore) ranked highest, followed by Gujarat (₹11,706 crore), Madhya Pradesh (₹10,181 crore), Karnataka (₹9,839 crore) and Punjab (₹9,159 crore).

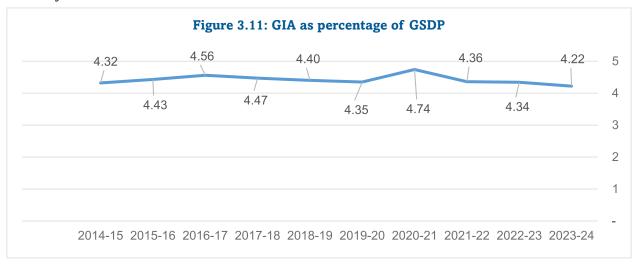

Grants-in-Aid in Revenue Expenditure of the States

3.39 Grants-in-aid (GIA) are given by the States, among others, to Local Bodies, Public Sector Undertakings, Autonomous Bodies and other State parastatals, NGOs etc. In FY 2023-24, total grants given by the States were ₹12,22,422 crore (₹11,41,811 crore for salary and general purpose and ₹80,611 crore for capital creation purpose), which was 31.37 percent of the total revenue expenditure in FY 2023-24. During the period 2014-15 to 2023-24, GIA constituted 30 to 32 percent of the total revenue expenditure. It increased from ₹5,01,798 crore in FY 2014-15 to ₹12,22,422 crore in FY 2023-24; i.e. by 144 percent, outpacing the increase in revenue expenditure of 142 percent during the same period. In the 10 year period, GIA for general and salaries purposes ranged between 93 percent and 96 percent of the total grants.

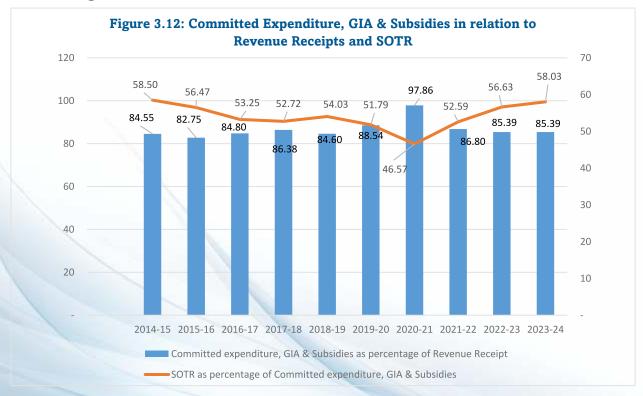

¹⁸ Some States operate one grants-in-aid head for all type of grants whereas some States operate separate grants-in-aid heads for general, grants-in-aid salaries and grants-in-aid for capital creation.

3.40 Total GIA (salaries, general and capital) was 4.22 percent of the combined GSDP in FY 2023-24, compared with 4.32 percent in FY 2014-15. During the 10 year period, share of total GIA as percentage of GSDP has been consistently above four percent in every year.

Committed Expenditure, Grants-in-aid, Subsidies and Revenue Receipts

3.41 Committed expenditure, grants-in-aid (GIA) and subsidies are recurring expenditure of the States. It is important to examine whether the States have resource-capacity to absorb the expenditure, both in terms of their Own Tax Revenue (SOTR) as well as within the envelope of the total revenue receipts. A comparison of the total outgo, on account of committed expenditure, all types of GIA and subsidies, shows that the combined expenditure, on an average, was about 87 percent of the States total Revenue Receipts during the 10 year period of 2014-15 to 2023-24, highest being 97.86 percent in FY 2020-21. SOTR of the States could meet about 54 percent requirement of expenditure on these counts during the 10 year period of 2014-15 to 2023-24, as shown in Figure 3.12.

Expenditure by Functional Category

- 3.42 Classification of transactions by the Governments at the functional level follows Classification of Functions of the Government (COFOG), which applies uniformly to the Union and the States. As such, functions and activities relating to Education, Health and Family Welfare, Social Security and Welfare, Policing, Public Works, Forestry and Wildlife, Irrigation, Public Health and Sanitation, etc. should bear the same nomenclature across the Governments. A two-dimensional view of the expenditure of the States can show the functions, which account for most of the revenue and capital expenditure and the purpose for which they are being spent within the function.
- 3.43 The major share of 58 percent in the overall expenditure in FY 2023-24 was on nine functions namely, Education, Sports, Art & Culture; Health & Family Welfare; Agriculture and Allied activities; Energy; Housing & Urban Development; Transport; Rural Development; Police and Social Welfare & Nutrition. Their corresponding share in revenue expenditure was 58 percent of the total revenue expenditure and 59 percent in total capital expenditure. If capital expenditure under Irrigation & Flood Control (17 percent) and Water Supply & Sanitation (11 percent) is added, total share of 11 functions was 87 percent of the capital expenditure. In sectoral terms, social sector and economic sector revenue expenditure was about 62 percent of the total revenue expenditure, while social sector and economic sector capital expenditure was about 94 percent of the total capital expenditure. The dominant purposes within the functions on which most of the revenue expenditure is incurred include salary and pension payment (across most of the functions), cash transfers and subsides (e.g., functions focusing on welfare, social security and targeted groups including housing schemes, transport concessions, subsidised power, drinking water, food and provisions), employment generation and grants to local bodies (e.g., rural development – grants to PRIs/ULBs/ MGNREGA Scheme).
- 3.44 In FY 2023-24, the following 18 functions, excluding residuary functions named 'Others', accounted for about 72 percent of the total expenditure (68 percent of the total revenue expenditure and 95 percent of the total capital expenditure) of the States. Table 3.7 depicts the percentage of share of top spending functions in revenue and capital expenditure. *Annexure 14 and 15* bring out the State-wise 10 year details of function-wise Revenue and Capital Expenditure respectively.

Table 3.7: Share of different functions in expenditure in FY 2023-24 (Figures in ₹ crore / percentage)

Functions	Share in Revenue Expenditure	% share in Revenue Expenditure	Share in Capital Expenditure (including loans & advances)	% share in Capital Expenditure (including loans & advances)	Total Share	Percentage share in Total Expenditure
Police	1,78,997	4.59	10,236	1.31	1,89,233	4.04
Public Works	12,403	0.32	22,410	2.86	34,813	0.74
Education, Sports, Art & Culture	6,53,918	16.78	37,169	4.74	6,91,088	14.76
Health & Family Welfare	2,34,379	6.01	34,200	4.36	2,68,579	5.74
Water Supply and Sanitation	42,087	1.08	85,241	10.87	1,27,328	2.72
Housing & Urban Development	1,43,105	3.67	71,422	9.11	2,14,527	4.58
Social Welfare & Nutrition	2,69,570	6.92	3043	0.39	2,72,613	5.82
Welfare of SCs. / STs / OBCs / Minorities	1,16,173	2.98	12,809	1.63	1,28,983	2.76
Agriculture & Allied Activities	2,62,426	6.73	29,516	3.76	2,91,942	6.24
Rural Development	1,75,785	4.51	43,752	5.58	2,19,537	4.69
Irrigation & Flood Control	38,829	1.00	1,35,230	17.25	1,74,059	3.72
Energy	2,48,792	6.38	49,102	6.26	2,97,894	6.36
Industry & Minerals	47,934	1.23	19,710	2.51	67,644	1.45
Transport	81,575	2.09	1,84,792	23.57	2,66,367	5.69
Ecology & Environment	1665	0.04	0	0.00	1665	0.04
Tourism	3602	0.09	4660	0.59	8262	0.18
Civil Supplies	19,669	0.50	0	0.00	19,669	0.42
Grants/Assignments / Compensation to Local Bodies	1,14,349	2.93	0	0.00	1,14,349	2.44
Others	12,51,389	32.11	40,744	5.20	12,92,134	27.61
Total	38,96,647	100.00	7,84,037	100.00	46,80,684	100.00

Conclusion

- 3.45 An analysis of the expenditure of the States over the period 2014-15 to 2023-24 indicates a steady increase in aggregate spending accompanied by persistent structural characteristics in its composition. Total expenditure of the States increased from ₹19.04 lakh crore in FY 2014-15 to ₹46.81 lakh crore in FY 2023-24, marking an increase of 146 percent. As a percentage of combined GSDP, States' expenditure remained broadly stable, ranging between 16.15 percent and 17.49 percent, signifying that growth in expenditure largely kept pace with economic expansion.
- 3.46 Revenue expenditure continued to be predominant, averaging over 83 percent of total expenditure during the decade, while capital expenditure, though increasing in absolute terms from ₹2.95 lakh crore in FY 2014-15 to ₹7.84 lakh crore in FY 2023-24, ranged

- between 13 to 20 percent of total spending. The composition of sectoral spending shows that social and economic services together accounted for nearly 68 percent of total expenditure, indicating the States' continuing focus on welfare, infrastructure, and development functions.
- 3.47 Committed expenditure on salaries, pensions and interest payments, along with subsidies, together accounted for more than half of the revenue expenditure throughout the period. In FY 2023-24, these components amounted to ₹20.17 lakh crore, constituting 51.75 percent of total revenue expenditure. Between FY 2014-15 and FY 2023-24, revenue expenditure increased by 142 percent, while committed expenditure and subsidies rose by 140 percent and 185 percent respectively, pointing to sustained fiscal pressure from fixed and non-discretionary items. Grants-in-aid given by the States also increased 144 percent during the same period, continuing to absorb nearly one-third of the revenue expenditure. Misclassification of expenditure and the accumulation of unadjusted Abstract Contingent bills in several States point to continuing challenges in expenditure quality and financial reporting.
- 3.48 While the States' budgetary expenditure in FY 2023-24 amounted to ₹46.81 lakh crore, the completeness of expenditure, as reflected in the audited accounts, may be affected by the continued operation of Personal Deposit (PD) Accounts and the persistence of unadjusted Abstract Contingent (AC) Bills in a few States. Although most States have either discontinued or minimised the use of PD Accounts in line with reforms promoting direct fund transfers, sizeable unutilised balances in few States, potentially result in overstating expenditure and diluting legislative control. Similarly, the sustained growth in unadjusted AC Bills over the past decade, and their high incidence in certain States, is symptomatic of weak controls over expenditure management, risks to financial propriety, and limitations in the finality of expenditure reported in the Finance Accounts.

Chapter 4

Taxonomic Classification of Expenditure of the States

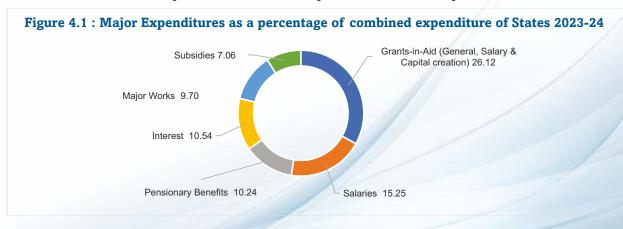

Taxonomic Classification of Expenditure of the States

Taxonomic Classification of Expenditure

4.1 At the granular disaggregate level, expenditure of the State Governments can be presented taxonomically to depict the expenditure by Object Heads [also referred to as Primary Unit of Appropriation (PUA)]. The taxonomic presentation offers depiction of the expenditure grouped or classified in certain categories. The Object Head-wise expenditure could be grouped into Revenue and Capital Expenditure and further into Object Classes such as Compensation to Employees, Social Security of Employees, Goods and Services, Aid and Assistance, Non-Financial and Financial Assets, etc.

Expenditure of the States by Economic Categories

- 4.2 Government transactions are classified at both the functional and economic levels. Economic categories present expenditure figures at the lowest level of disaggregation and specify the purpose or object for which the expenditure has been made or identify the nature of expenses based on the economic processes involved. Salaries and Wages, Goods and Services, Social Security and Grants, Interest Payments and Acquisition of Assets, for instance, are economic classification. Under the economic classification, government transactions are further categorised into revenue, capital, and accounting adjustments, providing a comprehensive view of financial activities and ensuring transparency and accountability in the budgeting and financial reporting process. Economic categories or objects of expenditure are classified as per the object head of expenditure or the Primary Unit of Appropriation (PUA) for the purpose of budgeting and seeking broader legislative authorisation. This level of classification provides sanctity to budgetary control, as budget rules prescribe re-appropriation conditions in case of several PUA. Total expenditure of ₹46,80,684 crore in FY 2023-24 by the States is the aggregation of expenditure classified under several PUA. Annexure 16 provides details of taxonomic analysis of total expenditure by Economic categories.
- 4.3 In FY 2023-24, expenditure under eight Object Heads namely, three types of Grants-in-aid (General, Salary & Capital creation), Salaries, Pensionary Benefits, Interest, Subsidies and Major Works, together involving an expenditure of ₹36,92,900 crore, constituted 78.90 percent of the total expenditure and 12.74 percent of the GSDP.

Taxonomic depiction of the Expenditure by Economic Categories

- 4.4 The Union Government notified on 16 December 2022 revised list of 61 Object Heads effective from FY 2023-24, which grouped the object of expenditure under eight Object Classes. 37 Object Heads under first five Object Classes were categorised under Revenue Expenditure, 17 Object Heads under two Object Class under Capital Expenditure and remaining seven Object Heads pertaining to the Object Class Accounting Adjustments. The Object Head classification in States is at variance with the Union Government classification. Few States have adopted the pattern/classification structure, enunciated by the Government of India, on the advice of the CAG of India.
- 4.5 In this Publication on State Finances FY 2023-24, the expenditure under Object Heads is presented taxonomically¹⁹. For purpose of comparison, in light of inter-state variance, in Table 4.1, the Object Heads operated by the States have been broadly grouped on the lines of new Object Classes notified by the Union Government.

Table 4.1: Expenditure as per economic classification taxonomy in FY 2023-24 (Figures in ₹ crore)

S. No.	Object Head	Amount	Percentage of Total Expenditure	Total / Sub-total	Percentage of GSDP
		38,96,647			
		Capital Expe	nditure (Assets)	7,84,037	
Object	ct Class 1 - Compensation to Employ	ees		7,45,682	2.57
1	Salaries*	7,13,756	15.25		
2	Wages	25,955	0.55		
3	Medical Treatment	5,091	0.11		
4	Training Expenses	880	0.02		
Objec	ct Class II -Social Security of Employe	ees		4,79,248	1.65
5	Pensionary Charges	4,79,248	10.24		
Objec	ct Class III - Goods and Services			2,16,678	0.75
6	Travel Expenses	4,803	0.10		
7	Office Expenses	17,878	0.38		
8	Rent, Rates and Taxes on Buildings	2,895	0.06		
9	Advertising, Printing and Publication	7,609	0.16		
10	Material and Supplies	41,196	0.88		
11	Cost of Ration	10,570	0.23		
12	Arms & Ammunition	598	0.01		
13	Fuels & Lubricants	3,881	0.08		
14	Minor Works (Civil & Electrical)	36,982	0.79		
15	Repair & Maintenance	31,996	0.68		
16	Scholarship, Stipend & Prof Services	58,268	1.24		
Objec	ct Class IV - Aid and Assistance			15,52,691	5.36
17	Grants -in-aid (General and Salary)	11,41,811	24.39		
18	Grants -in-aid (Capital Assets)	80,611	1.72		
19	Subsidies	3,30,269	7.06		
Objec	ct Class V - Misc. Revenue Expenditur	re		4,93,389	1.70
20	Interest Payments	4,93,389	10.54		

The categorisation reflected in Table 4.1 is based on the expenditure reflected in the Finance Accounts. In the light of variation in Object Head structure among States, including absence of some of Object Heads in some States, the nature of booking may not be identical in some Object Heads.

S No.	Object Head	Amount (₹Crore)	Percentage of Total Expenditure	Total / Sub-total	Percentage of GSDP
Obje	ct Class -VI-Non-Financial Assets (Fi	xed and Intangib	le Assets)	4,69,251	1.62

GSD	P	2,89,77,861			

^{*}Allowances and LTC are part of salaries.

Recent initiative on taxonomic classification by Comptroller and Auditor General of India

4.6 To address the wide variation amongst States in the operation of expenditure at the disaggregate sixth tier of expenditure, viz. Primary Unit of Appropriation/Object Head, which impacts inter-temporal and inter-State comparisons as well as those with the Union Government, the CAG through an Office Memorandum dated 11th November 2025 has advised adoption of a uniform Object Head structure applicable to both the Union Government and all the State Governments. The revised list of common Object Heads, is to be implemented by the Union Government and the State Governments, latest from Financial Year 2027-28. Adoption of the common and standard economic classification structure of expenditure would harmonise the budgeting and accounting practices across the Union Government and all the State Governments at the disaggregate level and would make available transparent and comparable fiscal information relating to the expenditure incurred by the Governments. The Office Memorandum, containing the advice, tendered by the CAG under Article 150 of the Constitution, is placed at *Annexure 20*.

Expenditure of States by individual Economic Category

Salaries²⁰

4.7 Generally, Salaries include pay and allowances of Government personnel, together with expenditure on items like honorarium and leave encashment on LTC. In FY 2023-24, 13 States, Nagaland, Manipur, Himachal Pradesh, Tripura, Sikkim, Mizoram, Assam, Uttarakhand, Kerala, Rajasthan, Punjab, Chhattisgarh, and Haryana spent more than 20 percent of their total budgetary spending (revenue and capital) on Salaries. In four States namely, Gujarat, Karnataka, West Bengal and Maharashtra, expenditure on Salaries was less than 10 percent of their respective total expenditure.

^{**} Repayment of debt has not been included

[^]The expenditure under Object heads is on gross basis. The deduct recoveries of all Object heads have been depicted separately at Sl. No 27.

²⁰ Salaries booked in Object Head Grants-in-Aid Salaries are not included here.

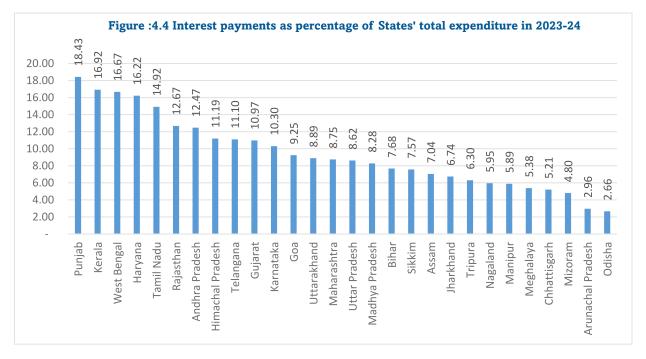

Pensions

4.8 Pension charges generally include all pensionary benefits such as pensions and gratuity for Government employees, Members of Legislative Assemblies and freedom fighters, contributions to service and contributory provident funds, leave encashment on retirement, death or termination, and Government's contribution under the National Pension System (NPS)/Unified Pension Scheme (UPS). In FY 2023-24, seven States namely, Himachal Pradesh, Nagaland, Mizoram, Punjab, Kerala, Manipur and Assam spent 15 percent or more of their respective total expenditure on pension. In 10 States namely, Tripura, Uttarakhand, Sikkim, Uttar Pradesh, Goa, Bihar, Tamil Nadu, Odisha, Haryana, and Rajasthan, expenditure on pension payments was between 10 - 15 percent of their total expenditure.

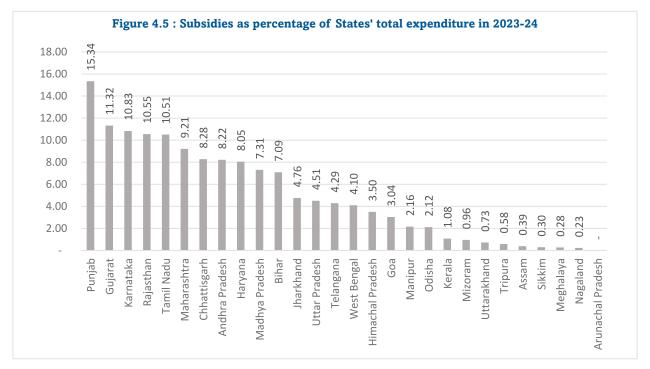

Interest Payments

4.9 Generally, Interest payments include payment of interest on borrowings and other liabilities of the State Governments. In FY 2023-24, 11 States, Punjab, Kerala, West Bengal, Haryana, Tamil Nadu, Rajasthan, Andhra Pradesh, Himachal Pradesh, Telangana, Gujarat and Karnataka spent more than 10 percent of their respective total expenditure on interest payment. In Mizoram, Arunachal Pradesh and Odisha, interest payment was less than 5 percent of their total expenditure.

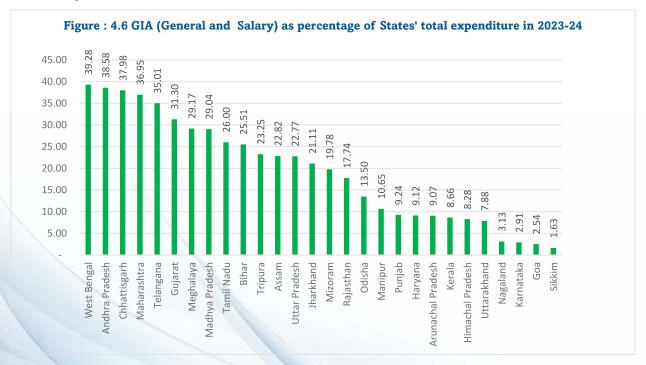

Subsidies

- **4.10** Subsidies are fiscal transfers made by the Government to individuals or institutions in order to offset part or whole of the costs of production or consumption of goods and services, with a view to promoting economic and social objectives. It represents the expenditure incurred by the State Governments to make available certain goods and services to the public at concessional rates or to support specific economic activities such as agriculture, power supply, food distribution, transport, etc.
- **4.11** In FY 2023-24, five States, Punjab, Gujarat, Karnataka, Rajasthan, and Tamil Nadu spent more than 10 percent of their total expenditure on Subsidies; highest being 15.34 percent by Punjab. In nine States namely, Kerala, Mizoram, Uttarakhand, Tripura, Assam, Sikkim, Meghalaya, Nagaland, and Arunachal Pradesh, expenditure on Subsidies was less than 2 percent of their respective total expenditure. Arunachal Pradesh reported no expenditure on subsidy. The relatively low subsidy levels in these States is attributable to smaller consumer bases, limited industrial and irrigation activity. In these States, Subsidies are primarily directed towards transport, food, and social-sector support rather than energy or agriculture.

Grants-in-Aid (General and Salary)

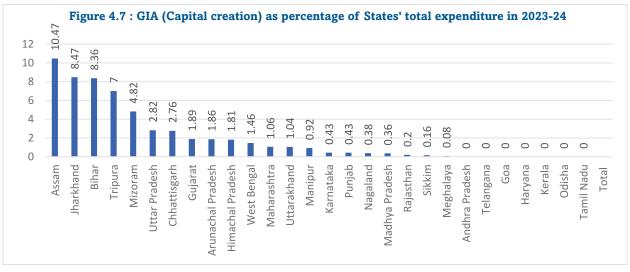

4.12 In FY 2023-24, the expenditure includes Grants-in-Aid (GIA) for payment of salaries to employees of grantee bodies and all other type of grants, excluding grants for creation of Capital assets. Six States namely, West Bengal, Andhra Pradesh, Chhattisgarh, Maharashtra, Telangana, and Gujarat spent 31-40 percent of their total expenditure on Grants-in-aid (General and Salary). In another eight States namely, Meghalaya, Madhya Pradesh, Tamil Nadu, Bihar, Tripura, Assam, Uttar Pradesh and Jharkhand, GIA (General and Salary) constituted about 20-30 percent of their respective total expenditure.

Government of Karnataka has disbursed total GIA of ₹66,039 crore in FY 2023-24. Out of this, ₹22,487 crore was released as GIA to Districts (Bengaluru, Belur, Kolar, Mangaluru, Mysuru, Raichur etc.) which includes GIA Salaries and Others. GIA-Salary under these Object Heads cannot be determined. Thus, the expenditure on GIA-Salary in case of Karnataka is understated

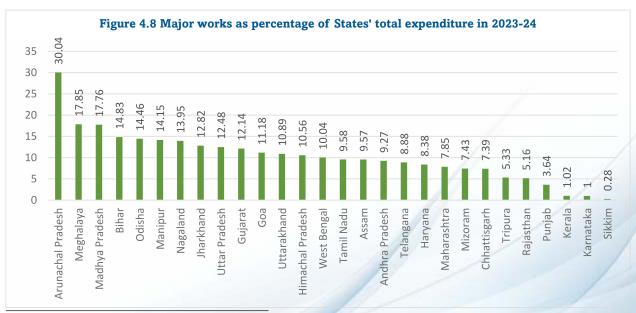

Grants-in-Aid (Capital creation)²²

4.13 Generally, it includes Grants-in-aid disbursed for creation of capital assets, including viability gap funding on projects. Only four States namely, Assam (10.47 percent), Jharkhand (8.47 percent), Bihar (8.36 percent) and Tripura (7 percent) spent five percent or more of their total expenditure on grants for capital creation. Goa, Haryana, Kerala, Odisha and Tamil Nadu did not operate the Grants-in-Aid (Capital creation) object head during the FY 2023-24.

Major Works

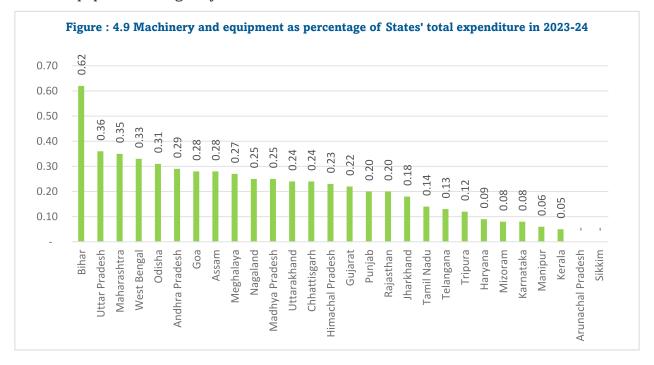

4.14 Generally, this head will include expenditure incurred with reference to financial limits of classification of major works prescribed in Public Works Account Code, including costs of acquisition of land and structures. Spending on Major Works was 9.70 percent of the total expenditure in FY 2023-24. Notably, Arunachal Pradesh spent about 30 percent of its total expenditure on Major Works. 13 other States namely, Meghalaya, Madhya Pradesh, Bihar, Odisha, Manipur, Nagaland, Jharkhand, Uttar Pradesh, Gujarat, Goa, Uttarakhand, Himachal Pradesh and West Bengal spent more than 10 percent of their total expenditure on Major Works.

In Tamil Nadu, Odisha, Kerala, Haryana and Goa, the expenditure on grants for creation of capital assets is included in the object head Grants-in-Aid (General and Salary).

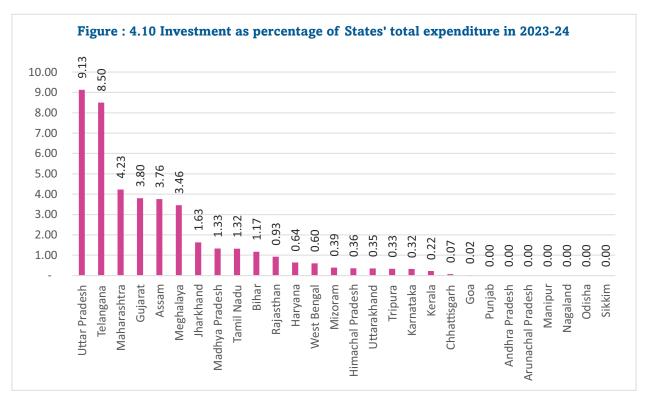

Machinery and Equipment

4.15 It generally includes procurement of machinery and equipment, apparatus, etc., other than those required for the running of an office and special tools and plants acquired for specific works. In FY 2023-24, an amount of ₹11,815 crore or 0.25 percent of the total expenditure was on Machinery and Equipment. Only three States namely, Bihar (₹1,414 crore), Uttar Pradesh (₹1954 crore), Maharashtra (₹1805 crore), spent more than ₹1,000 crore on this head; 14 States, namely, Telangana, Karnataka, Punjab, Jharkhand, Uttarakhand, Haryana, Himachal Pradesh, Kerala, Goa, Meghalaya, Nagaland, Tripura, Manipur and Mizoram spent less than ₹300 crore. Two other States, namely Arunachal Pradesh and Sikkim did not incur any expenditure on Machinery and Equipment during the year.

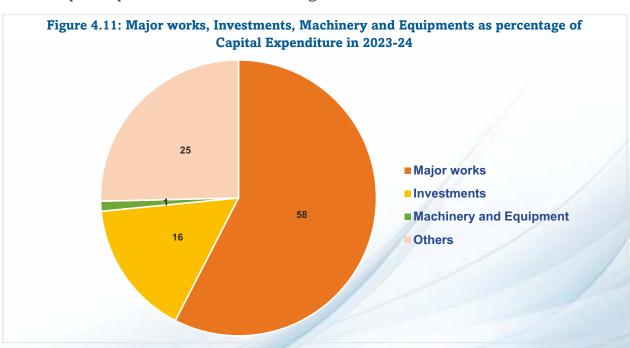

Investment

4.16 Generally, it includes investments made by the Government on purchase of shares and equity, investment in securities, investment in fixed and term deposits, and other investment. In FY 2023-24, States made an investment of ₹1,24,886 crore, of which substantial amount was spent by Uttar Pradesh (₹50,070 crore), Telangana (₹18,631 crore) Maharashtra (₹22,086 crore), and Gujarat (₹9,405 crore).

Investments and Major works as percent of Total Capital Expenditure

4.17 Of the total capital expenditure of ₹7,84,037 crore incurred in 28 States during FY 2023-24, the major component across States categorised in terms of capital nature Object Heads was on Major Works amounting to ₹4,51,396 crore. This Object Head alone constituted 58 percent of total capital expenditure. Investments at ₹1,24,538 crore, constituted 16 percent of total capital expenditure and Machinery and Equipment at ₹9,143 crore, constituted one percent of total capital expenditure. The remaining portion of capital expenditure was booked under various other Object Heads, involving expenditure primarily on purchase of land, minor works, upgradation of assets, and others. Figure 4.11 depicts the principal Object Heads under which Capital expenditure was incurred during FY 2023-24.

4.18 In nine States—Uttar Pradesh, Meghalaya, Arunachal Pradesh, Himachal Pradesh, Bihar, Madhya Pradesh, West Bengal, Andhra Pradesh and Punjab—Major Works and Investments together constituted more than 90 percent of total capital expenditure in FY 2023-24. Major Works constituted a significant portion of total capital expenditure of more than 90 percent in Arunachal Pradesh, Himachal Pradesh, Andhra Pradesh and Punjab. Investment constituted a significant portion of total capital expenditure of more than 30 percent in Uttar Pradesh and Telangana.

Conclusion

- 4.19 The taxonomic analysis of expenditure of the States for FY 2023-24 reveals that a substantial portion of total spending is concentrated in a few major economic categories. Expenditure under eight object heads—three types of Grants-in-Aid (General, Salary and Capital Creation), Salaries, Pensionary Benefits, Interest Payments, Subsidies, and Major Works aggregated ₹36.93 lakh crore, accounting for 78.90 percent of the total expenditure of ₹46.81 lakh crore and 12.74 percent of the combined GSDP. This composition indicates a persistently high share of committed and obligatory expenditure components in States' overall budgets.
- 4.20 A comparative analysis during the period 2014-15 to 2023-24 reveals that, while total expenditure increased by 146 percent, the structural profile has remained broadly unchanged, with Salaries, Pensions, and Interest together continuing to absorb a large part of the States' resources. In FY 2023-24, expenditure on Salaries constituted about 15 percent, Pensions 10 percent, and Interest Payments 11 percent of the total expenditure, indicating continuing fiscal rigidity. Expenditure on Grants-in-Aid (General and Salary) remained significant at around one-fourth of the total expenditure by the States, while subsidies, amounting to ₹3.30 lakh crore i.e. 7.06 percent of total expenditure, was also another large component of expenditure by States.
- **4.21** On the capital side, expenditure on Major Works accounted for 9.7 percent of total expenditure, reflecting States' continuing focus on asset creation and infrastructure. However, spending on other capital heads such as Machinery, Equipment and Investments remained relatively small. The taxonomic disaggregation, thus, underscores that the composition of States' expenditure remains heavily skewed towards revenue and obligatory components, limiting the fiscal flexibility in most States.

Chapter 5

Public Debt and Public Account Liabilities

Public Debt and Public Account Liabilities

Public Debt and Public Account Liabilities

- The Consolidated Fund of a State, being the primary account of Government's money, 5.1 bears liability towards public debt and other liabilities of the State. State Governments raise funds from domestic market, banks and financial institutions. This includes loans raised from open market through securities / treasury bills / bonds, etc., loans from State Bank of India and other Banks, Ways and Means Advances (WMA) from Reserve Bank of India and loans from financial institutions, such as Life Insurance Corporation of India (LIC), National Bank for Agriculture and Rural Development (NABARD), National Cooperative Development Corporation (NCDC), Housing Development Finance Corporation (HDFC), National Housing Bank (NHB), Housing and Urban Development Corporation (HUDCO), etc. The State Governments receive loans and advances, including Back-to-Back external loans and loans from the National Small Saving Fund (NSSF) from the Government of India, to be repaid as per the terms and conditions. This creates public debt with twin liability of repayment of the debt and payment of interest thereon. Both are charged on the Consolidated Fund of the State. While the open market debt is an internal debt of the State Government, loans and advances from the Government of India are intra-government liability, i.e., liability of the State towards the Union Government.
- Public Account of a State is a fund to which all other public moneys received by or on behalf of the Government is credited. Public Account liability arises on account of Small Savings and Provident Funds, Reserve Funds bearing Interest, Reserve Funds not bearing Interest, Deposits bearing Interest, Deposits not bearing Interest and other balances.
- Reporting of debt and liability may vary in different jurisdictions. For example, debt / liability may be reported as net of Cash Balance²³ or net of intra-governmental liability.²⁴ State Governments report debt stock as aggregate without any netting. The public debt of the Government of India²⁵ and the State Governments is reported at Face Value.

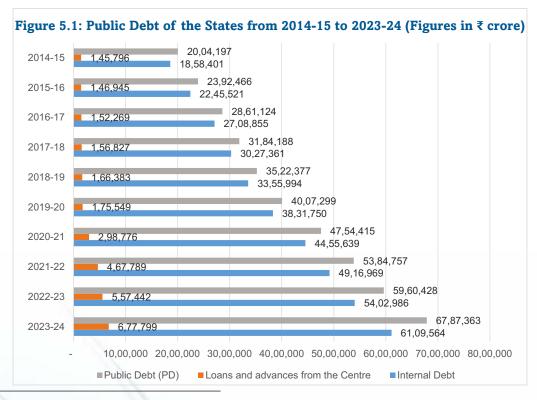

²³ As is done by the Government of India for fiscal responsibility purpose. CAG's Report No. 1 of 2024 for the year 2021-22, Compliance of FRBM Act, 2003, page 5.

²⁴ For example, USA federal government under its 'Debt-To-The-Penny' daily debt reporting, reports public debt and also, intra-governmental holdings (https://fiscaldata.treasury.gov/datasets/debt-to-the-penny/debt-to-the-penny). On the other hand, Government of the Philippines reports both aggregate debt as well as debt net of intra-governmental holdings (Nandini Vijayaraghavan: India's effective sovereign debt overstated, Financial Express, October 22, 2024)

²⁵ Government of India discloses external debt valued at exchange rate at the closing day of the financial year.

Public Debt

- Total Public Debt²⁶ (Internal Debt²⁷ and Loans and Advances from the Government of India) of all the 28 State Governments²⁸ was ₹67,87,363 crore at the end of FY 2023-24, which was 23.42 percent of their combined GSDP²⁹ of ₹2,89,77,861 crore. If the Intra-Governmental borrowings of the States (Loans and Advances from the Government of India) of ₹6,77,799 crore is shown separately, then internal debt was 21.08 percent of the GSDP and Loans and Advances from the Government of India were 2.34 percent of the GSDP.
- The total Public Debt of the States has increased by 239 percent, rising from ₹20,04,197 crore in FY 2014-15 to ₹67,87,363 crore in FY 2023-24. During this period, the total public debt as a percentage of GSDP increased from 17.25 percent to 23.42 percent. Loans and advances from the Government of India have ranged between 0.91 percent of GSDP (FY 2019-20) to 2.34 percent of the GSDP (FY 2023-24). The marked increase in Loans and Advances from the Centre during FY 2020-21 to FY 2023-24, was mainly on account of (i) Back- to-Back Loans to States/UTs in lieu of GST Compensation Shortfall amounting to ₹2,69,208 crore³⁰, and (ii) Special Assistance as Loan to States for Capital Expenditure amounting to ₹1,07,211 crore. *Annexure 17* brings out the Statewise trend of public debt with respect to internal debt and Loans and advances from the Centre during the 10 year period.

The Public Debt does not include off budget borrowings of the State.

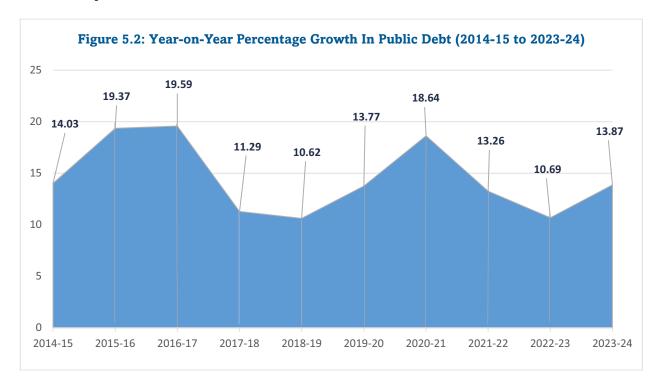

Includes outstanding Ways and Means Advances (Manipur - ₹453.65 crore and Nagaland - ₹222.03 crore) taken from RBI, which has not been repaid during the financial year.

The un-apportioned debt with regard to the States, which were re-organized (Andhra and Telangana, UP and Uttarakhand, MP and Chhattisgarh) have been included in the erstwhile parent State.

²⁹ States total debt in 2023-24 was 22.28 percent of GDP of ₹3,04,57,109 crore.

Out of ₹2,69,208 crore, ₹2,49,194.55 crore pertains to 28 States and ₹20,013.45 crore pertain to UTs of Delhi, Jammu and Kashmir and Puducherry. The release of Back-to-Back loans to States/UTs to meet GST compensation shortfall has been considered over and above the yearly net borrowing ceiling of the States fixed on the basis of recommendation of the Finance commission and would not be counted under the norms prescribed by the Finance Commission. In FY 2023-24, loan of ₹72,054 crore has been repaid by the Union Government out of GST Compensation Cess, but the loan amount has been adjusted/reduced from the liability of the State Government in FY 2024-25.

5.6 Between 2014-15 and 2023-24, there was no uniform pattern in the year-on-year growth of public debt of the States. It ranged between 10.62 percent and 19.59 percent during this period.

- 5.7 Internal Debt remains the largest component of State borrowings. Between 2014–15 and 2023–24, Internal Debt of all States put together has increased by 229 percent, from ₹18,58,401 crore to ₹61,09,564 crore. However, the increase of Internal Debt of the States is uneven across the country. Assam (428 percent), Chhattisgarh (423 percent), Telangana (376 percent) and Sikkim (364 percent) reported the highest increases in Internal Debt over the period, whereas Gujarat (115 percent), Jharkhand (116 percent) and West Bengal (127 percent) reported the lowest increases.
- 5.8 Between 2014–15 and 2023–24, Loans and Advances from the Government of India had increased by 365 percent, from ₹1,45,796 crore to ₹6,77,799 crore. However, the increase of Loans and Advances is very uneven across the States. Uttarakhand (2,114 percent), Meghalaya (1,974 percent), Arunachal Pradesh (1,513 percent) and Sikkim (1,484 percent) recorded very large increase in the Loans and Advances received from Government of India. In contrast, Telangana (143 percent), West Bengal (169 percent) and Andhra Pradesh (196 percent) recorded relatively lower increase on this count.

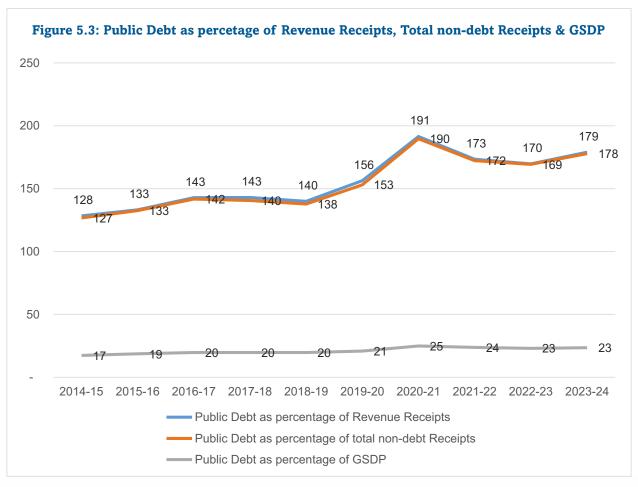

Table 5.1: Growth percentage of Internal Debt and Loans and Advances from FY 2014-15 to FY 2023-24

State	Internal Debt growth as percentage from FY 2014-15 to FY 2023-24	State	Loans and Advances growth as percentage from FY 2014-15 to FY 2023-24
Assam	428	Uttarakhand	2114
Chhattisgarh	423	Meghalaya	1974
Telangana	376	Arunachal Pradesh	1513
Sikkim	364	Sikkim	1484
Karnataka	349	Chhattisgarh	911
Rajasthan	328	Assam	853
Tamil Nadu	323	Nagaland	812
Madhya Pradesh	309	Himachal Pradesh	734
Haryana	308	Jharkhand	674
Andhra Pradesh	293	Haryana	644
Bihar	259	Tripura	602
Arunachal Pradesh	247	Punjab	594
Meghalaya	246	Rajasthan	565
Punjab	238	Maharashtra	546
Uttar Pradesh	236	Mizoram	451
Mizoram	225	Gujarat	432
Manipur	209	Bihar	403
Kerala	189	Tamil Nadu	376
Goa	163	Madhya Pradesh	370
Odisha	158	Manipur	323
Himachal Pradesh	149	Karnataka	321
Maharashtra	146	Goa	275
Nagaland	145	Uttar Pradesh	262
Tripura	139	Kerala	259
Uttarakhand	134	Odisha	206
West Bengal	127	Andhra Pradesh	196
Jharkhand	116	West Bengal	169
Gujarat	115	Telangana	143

Public Debt and Revenue and Non-debt Receipts

5.9 In FY 2023-24, total public debt of the States at ₹67,87,363 was 179 percent of their total revenue receipts of ₹37,93,278 crore and 178 percent of non-debt receipts of ₹38,16,488 crore. During the period, FY 2014-15 to FY 2023-24, comparison of the public debt of the States with their revenue receipts as well as non-debt total receipts and GSDP suggests that public debt as percentage of revenue receipts has ranged between 128 percent (FY 2014-15) to 191 percent (FY 2020-21) and as percentage of

total non-debt receipts has ranged between 127 to 190 percent for the same period. On an average, public debt of the States has been about 155 percent of their revenue receipts / total non-debt receipts. Similarly, public debt has ranged between 17 - 25 percent of the GSDP and on an average, 21 percent of the GSDP. The marked increase of 4 percent, from 21 percent of GSDP in FY 2019-20 to 25 per in FY 2020-21 is attributable to decrease in GSDP in FY 2020-21 being Covid year. The increase in loans from the Union Government during the period 2020-21 to 2023-24 was on account of Back-to-Back Loans in lieu of GST Compensation Shortfall and Special Assistance as Loan to States for Capital Expenditure.

Capital Expenditure and Net Receipts of Public Debt

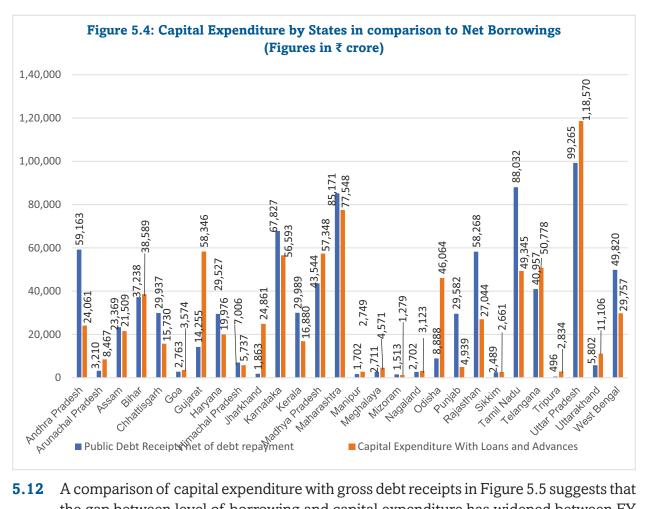

5.10 The Golden Rule of Borrowing suggests that a government should borrow only to invest or capitalise and not to meet its operating cost/current spending. Net borrowings during a year reflect the difference between gross borrowings and repayments made. A comparison of the capital expenditure and net receipts of public debt by the States in FY 2023-24, as given in table 5.2, shows that in 13 States (Andhra Pradesh, Assam, Chhattisgarh, Haryana, Himachal Pradesh, Karnataka, Kerala, Maharashtra, Mizoram, Punjab, Rajasthan, Tamil Nadu, and West Bengal), capital expenditure was less than the net public debt receipts. This could be due to part of debt receipts meeting the revenue deficit. In the case of Andhra Pradesh and Punjab, capital expenditure was as low as 41 percent and 17 percent respectively of the net borrowings and in the case of Chhattisgarh and Rajasthan, about 53 percent and 46 percent respectively.

Revenue receipts, miscellaneous capital receipts and recovery of loan and advances.

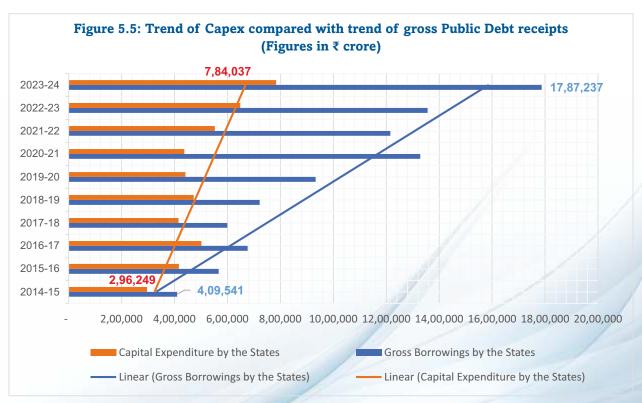

Table 5.2: Capital Expenditure as percentage of Public Debt Receipts, Net of Repayment in 2023-24 (Figures in ₹crore)

States	Public Debt Receipts net of debt repayment	Capital Expenditure inclusive of Loans and Advances (Capex)	Capital Expenditure without Loans and Advances (CE)	Capex (Column 3) as percentage of Public Debt Receipts Column (2) 3 ÷ 2	CE (Column 4) as percentage of Public Debt Receipts 4 ÷ 2
1	2	3	4	5	6
Andhra Pradesh	59,163	24,061	23,330	40.67	39.43

West Bengal	49,820	29,757	28,963	59.73	58.13
Total	8,27,089	7,84,039	7,27,928	-	-

5.11 Figure 5.4 depicts the gap between net borrowings and capital expenditure. In the case of 15 States namely, Arunachal Pradesh, Bihar, Goa, Gujarat, Jharkhand, Madhya Pradesh, Manipur, Meghalaya, Nagaland, Odisha, Sikkim, Telangana, Tripura, Uttar Pradesh and Uttarakhand, capital expenditure was more than the net borrowing, indicating borrowings are being applied for capital expenditure. In the remaining States, the chart indicated that the borrowing is being used for Revenue Expenditure.

5.12 A comparison of capital expenditure with gross debt receipts in Figure 5.5 suggests that the gap between level of borrowing and capital expenditure has widened between FY 2014-15 to FY 2023-24, because debt receipts were used for financing revenue deficit also by the States, since many States finances continued to remain in revenue deficit during the 10 year period.

Debt Receipts, Repayments and Net Borrowing

5.13 IIn FY 2023-24, total public debt receipts were ₹17,87,237 crore. Total public debt repayment was ₹9,60,146 crore by all the States, which means public debt receipts, net of debt repayment, were ₹8,27,091 crore. 12 States were in revenue deficit. The net public debt receipts, minus revenue deficit for deficit States of ₹5,77,959 crore, were available with the States. Table 5.3 depicts the position.

Table 5.3: Debt Receipts, Repayments & Net Borrowing available (Figures in ₹ crore)

States	Revenue Deficit (-) / Surplus (+)	Public Debt Receipts	Public Debt Repayment	Net Public Debt Receipts (after repayment)	Net Public Debt Receipts after adjusting Revenue Deficit
1	2	3	4	5(3-4)	6(5-2) *
Andhra Pradesh	-38,683	1,93,642	1,34,479	59,163	20,481

West Bengal	-25,692	80,171	30,351	49,820	24,128
Total		17,87,237	9,60,146	8,27,091	5,77,959

^{*} Only in case of deficit.

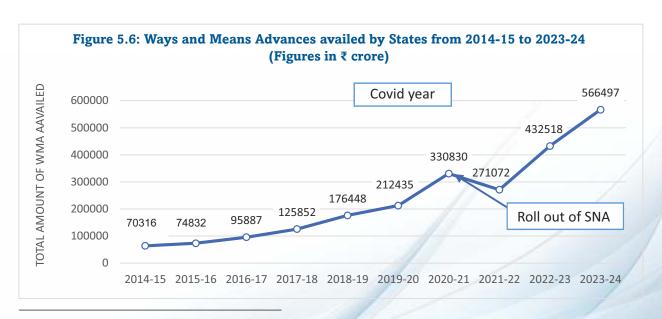

5.14 At the aggregate level, about one-third of the net public debt receipts were used to finance revenue deficits. Among the States, Tamil Nadu, Rajasthan, Andhra Pradesh, Punjab, Kerala and Himachal Pradesh absorbed between 40 percent and 95 percent of their net borrowings for this purpose, with Punjab recording the highest utilisation at 95 percent. In contrast, revenue-surplus States such as Gujarat, Odisha, Jharkhand, Arunachal Pradesh, Uttar Pradesh and several North-Eastern States retained their entire net borrowings for capital expenditure.

Ways and Means Advances availed by States - Cash Management

- 5.15 The State Governments obtain Ways and Means Advances (WMA)³², which are temporary advances provided by the RBI, to help in managing short-term mismatches between their receipts and payments. There are two types of WMAs normal and special. Normal WMAs are clean advances, while special WMAs, also known as Special Drawing Facility (SDF), are secured advances provided against the collateral of government securities held by the State Government. If a State Government, even after availing the full limits of both SDF and normal WMA, still requires additional financial accommodation or faces a shortfall in the agreed minimum Cash Balance, it can avail an Overdraft facility from the RBI, which carries a higher interest rate.
- **5.16** WMA is a short-term borrowing in the Consolidated Fund of State. For repayment of WMA from Consolidated Fund, budgetary provision is obtained from the legislature.

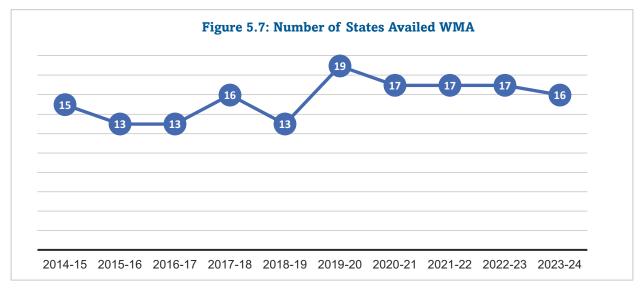

Ways and Means Advances availed by States in FY 2023-24

- 5.17 16 States (Andhra Pradesh, Assam, Chhattisgarh, Goa, Haryana, Himachal Pradesh, Kerala, Maharashtra, Manipur, Meghalaya, Mizoram, Nagaland, Punjab, Rajasthan, Telangana and Uttarakhand) availed WMA (including overdraft) of ₹5,66,497 crore during FY 2023-24. Out of these, three States namely Rajasthan at ₹1,35,112 crore, Andhra Pradesh at ₹1,18,027 crore, and Telangana at ₹98,097 crore availed 62 percent of the total WMA including overdraft. The duration of WMA/overdraft usage was 349 days in Telangana, 335 days in Andhra Pradesh, 329 days in Rajasthan and 323 days in Punjab, suggesting near-continuous dependence throughout the year. 12 States (Arunachal Pradesh, Bihar, Gujarat, Jharkhand, Karnataka, Madhya Pradesh, Odisha, Sikkim, Tamil Nadu, Tripura, Uttar Pradesh and West Bengal) did not avail any WMA during FY 2023-24. *Annexure 18* brings out the State-wise 10 year details of WMA.
- 5.18 State Government of Goa, Telangana and Uttarakhand were in revenue surplus during FY 2023-24, yet they availed WMA during the financial year, indicating mismatch between inflows and outflows of receipts, leading to reliance on WMA.

The amount of total WMA availed and the number of days on which WMA was availed are captured in the Finance Accounts of the respective States. Each State is required to maintain a minimum cash balance with the Reserve Bank of India (RBI), and the overall limit for WMA for each State is fixed by the RBI from time to time.

- **5.19** The aggregate WMA availed by all States rose from ₹70,316 crore in FY 2014–15 to ₹2.12 lakh crore in FY 2019–20 and thereafter, witnessed a sharp escalation to ₹5.66 lakh crore in FY 2023–24.
- 5.20 The number of States availing WMA increased from a range of 13–16 States during the period 2014-15 to 2018-19, to 16–19 States during the period 2019-20 to 2023-24, indicating a clear increase in dependence on WMA in the latter period.

- 5.21 Four States (Bihar, Gujarat, Sikkim and Tamil Nadu) did not avail any WMA in any year during the 10 year period 2014-15 to 2023-24. In contrast, seven States (Uttarakhand, Punjab, Nagaland, Kerala, Himachal Pradesh, Goa and Andhra Pradesh) availed WMA during each of FY, from 2014-15 to 2023-24. The remaining States have availed WMA intermittently over the 10 year period, indicating varying levels of reliance on short-term borrowings to manage their cash flows.
- 5.22 The Covid pandemic placed severe fiscal strain on State Governments, characterised by sharp decline in revenue and heightened expenditure commitments. To bridge the resulting fiscal gap and ensure continuity of essential public services, many States appeared to have increasingly relied on WMA from the Reserve Bank of India, as evidenced by the marked rise in WMA utilisation during FY 2019-20 and FY 2020-21.
- 5.23 The implementation of the SNA framework in 2021 has altered the way States manage the flow of CSS funds. Under the revised system, releases are closely aligned with the transfer of the Central share and with achieving 75 percent utilisation of earlier tranches. As a result, the flexibility available to States in timing CSS-related fund flows has reduced, which has also limited the scope for using these balances to meet short-term financing needs.

Public Account Liability

5.24 Public Account liability is the fiduciary liability in the form of reserve funds and deposits in the Public Account kept by the Government itself as earmarked funds or deposits or by a third party (employees' provident fund, deposits of public sector financial institutions, public sector undertakings, etc.) with the Government. The total Public Account liability of the States was ₹14,06,402 crore as on 31st March 2024, which was 4.85 percent of combined GSDP. Out of the total Public Account liability of

100

- ₹14,06,402 crore, ₹3,38,727 crore has been invested from the earmarked funds such as State Disaster Relief Fund, State Disaster Mitigation Fund and Sinking Fund.
- 5.25 Table 5.4 brings out the quantum and composition of Public Account liabilities of the States as on 31st March 2024. Small Savings and State Provident Funds, comprising of provident funds and insurance funds of the State Government employees, constitute around 43.99 percent of the Public Account Liability. Reserve Funds constitute around 12.81 percent of the Public Account Liability, created mostly from revenues for meeting expenditure on renewals and replacement of assets and mitigation/rehabilitation on disasters. Deposits constitute around 43.20 percent of Public Account Liability, comprising of moneys deposited with the State Governments by companies, corporations, autonomous institutions, courts, security deposits, etc.

Components	2023-24	Percentage composition
Small Savings & State Provident Funds	6,18,643	43.99
Reserve Funds bearing Interest	1,02,112	7.26
Reserve Funds Not bearing Interest	78,092	5.55
Deposits bearing Interest	1,53,616	10.92
Deposits Not bearing Interest	4,53,939	32.28

Total Public Account Liability

Table 5.4: Public Account Liability in FY 2023-24 (Figures in ₹ crore)

5.26 The total Public Account liabilities of the States have increased by 109 percent, from ₹6,74,166 crore in FY 2014-15 to ₹14,06,402 crore in FY 2023-24. The trend varies considerably across States, ranging from a decline of 17 percent in Mizoram and 9 percent in Uttar Pradesh to very large increase of 1,987 percent in Telangana, 368 percent in Jharkhand and 190 percent in Kerala.

14,06,402

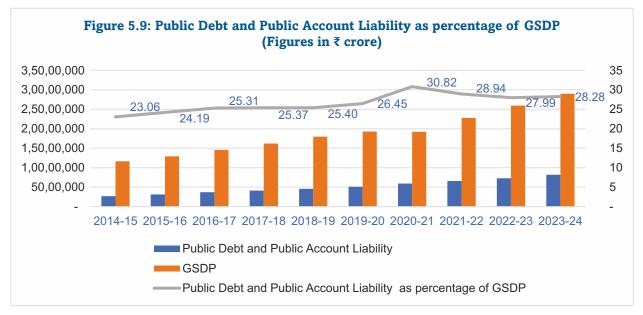

5.27 In terms of GSDP, public account liability was 5.80 percent of GSDP in FY 2014-15 and has gone down to 4.85 percent of GSDP in FY 2023-24. Figure 5.8 shows the trend of Public Account liability³³ during the period 2014-15 and 2023-24. The increase in Public Account liability to GSDP in FY 2020-21 at 6.05 percent was due to decrease in GSDP due to Covid. In subsequent years, the percentage of Public Account liability to GSDP came down below 6 percent level.

The un-apportioned Public Account liability with regard to the States which were reorganized (Andhra and Telangana, UP and Uttarakhand, MP and Chhattisgarh) have been included in the erstwhile parent State.

States' Total Liability

5.28 As on 31st March 2024, together the stock of liability of the States was ₹81,93,766 crore; Public Debt liability of ₹67,87,363 crore, constituting 83 percent and Public Account liability of ₹14,06,402 crore, constituting 17 percent. Public Debt liability was 23 percent of the combined GSDP and Public Account liability was 4.85 percent of the GSDP. Together, the total liability of the States was 28 percent of their GSDP in FY 2023-24. *Annexure 17* brings out the State-wise trend of total liabilities during the 10 year period.

5.29 From FY 2014-15 to FY 2023-24, total combined liabilities of all States increased by 206 percent, though the extent of change varied significantly across them. State-level increases ranged from 84 percent in Mizoram to 405 percent in Telangana. Sikkim (336 percent), Chhattisgarh (330 percent) and Assam (317 percent) recorded increases above the all-States average, while Gujarat (116 percent), Nagaland (129 percent), West Bengal (132 percent), Maharashtra (137 percent), Goa (137 percent) and Tripura (141 percent) remained below the average.

Conclusion

5.30 The review of States' Public Debt and Public Account liabilities during the period 2014-15 to 2023-24 highlights a sustained rise in total liabilities alongside growing dependence on borrowings to finance budgetary requirements. Public Debt increased more than three-fold, reaching 23 percent of combined GSDP in FY 2023-24, with several States increasingly utilising debt receipts to fund revenue expenditure rather than capital creation. Public Account liabilities also expanded, though their relative share in GSDP declined, indicating stability in fiduciary obligations despite rising volumes. Continued reliance on Ways and Means Advances by many States, including those in revenue surplus, points to cash-flow management challenges. In many States, the trend underscores persistent fiscal pressures, narrowing flexibility within State budgets, and the need for prudent debt management practices to ensure long-term sustainability.

Chapter 6

Fiscal Responsibility
Indicators of the States

Fiscal Responsibility Indicators of the States

Revenue and Fiscal Deficits

- 6.1 With the enactment of the States' Fiscal Responsibility Laws and the notification of corresponding Rules, State Governments have fixed quantitative targets for key macrofiscal indicators such as revenue deficit, borrowings/debt, and the stock of guarantees. Odisha has gone a step further by prescribing fiscal rules at a more granular level. Under the Odisha FRBM Act, specific ceilings have been set on components of expenditure: salary payments are capped at 80 percent of the State's Own Tax Revenue (SOTR), while interest payments are capped at 15 percent of Revenue Receipts.
- 6.2 Successive Finance Commissions consider pre-devolution revenue deficit and post-devolution revenue deficit while recommending revenue deficit grant for the States. Fifteenth Finance Commission had recommended revenue deficit grant of ₹51,673 crore to the States in FY 2023-24. Fifteenth Finance Commission's fiscal consolidation path for the States is generally premised on the principle that with revenue deficit grant, the States shall glide into either revenue surplus or be at zero revenue deficit, so that borrowing / fiscal deficit would only be for capital expenditure. Fifteenth Finance Commission indicated Revenue Surplus of 1.2 percent, Fiscal Deficit of 3.0 percent and Total Liabilities of 33.1 percent of the GSDP for the States for the FY 2023-24. Generally, after the Finance Commission's report, the States make amendments in their FRBM Act to incorporate the fiscal consolidation path indicated by the Commission.

Revenue Deficit/Revenue Surplus

6.3 In FY 2023-24, 12 States were in Revenue Deficit while the rest 16 States were in Revenue Surplus. As can be seen from the Table 6.1, a total of 12 States targeted revenue surplus, nine States targeted revenue deficit and seven targeted zero revenue deficit in FY 2023-24. Out of 12 States that targeted revenue surplus, while nine States achieved the target of revenue surplus, three States, viz. Chhattisgarh, Himachal Pradesh, and Kerala ended up in revenue deficit in FY 2023-24. Six States targeted revenue deficits of less than or equal to three percent of GSDP, viz. 3.00 percent in case of Andhra Pradesh, 0.48 percent Assam, 1.20 percent Haryana, 0.49 percent Karnataka, 0.79 percent Maharashtra, 3.52 percent Punjab and 1.80 percent West Bengal. Out of them Andhra Pradesh, Assam, Haryana, Karnataka, Maharashtra, and West Bengal remained within the revenue deficit target while Punjab breached the revenue deficit target. Seven States namely Goa, Jharkhand, Rajasthan, Tamil Nadu, Telangana, Tripura, and Uttar Pradesh targeted a zero-revenue deficit. Among them, Goa, Jharkhand, Telangana, Tripura, and Uttar Pradesh achieved a revenue surplus, whereas Rajasthan and Tamil Nadu ended the year with a revenue deficit. Out of the 12 States that were in revenue deficit in FY 2023-24, six States, namely, Andhra Pradesh, Assam, Himachal Pradesh, Kerala, Punjab and West Bengal received Finance Commission revenue deficit grants in FY 2023-24.

Fifteenth Finance Commission Report, 2021-26, Chapter 12, Table 12.4, page 373, Vol. I.

Fiscal Deficit

6.4 If the indicative fiscal deficit target of 3.0 percent of the GSDP fixed by the Fifteenth Finance Commission for FY 2023-24 for States fiscal consolidation path is considered, then in FY 2023-24, 18 States were above the 3.0 percent fiscal deficit level set out. These States were Andhra Pradesh (-4.41 percent), Arunachal Pradesh (-4.11 percent), Assam (-3.66 percent), Bihar (-4.07 percent), Chhattisgarh (-5.26 percent), Himachal Pradesh (-5.31 percent), Kerala (-3.02 percent), Madhya Pradesh (-3.29 percent), Manipur (-4.29 percent), Meghalaya (-5.92 percent), Nagaland (-4.33 percent), Punjab (-4.29 percent), Rajasthan (-4.31 percent), Sikkim (-5.27 percent), Tamil Nadu (-3.36 percent), Telangana (-3.42 percent), Uttar Pradesh (-3.05 percent) and West Bengal (-3.27 percent).

^{*}States in Orange targeted revenue surplus or zero revenue deficit in their budget but ended up in revenue deficit / higher revenue deficit #States in green exceeded 3.0 percent fiscal deficit to GSDP path set out by the Fifteenth Finance Commission

[^]States in blue exceeded 33.1 percent total liabilities to GSDP path set out by the Fifteenth Finance Commission

^{II} Source of FRBM target is FRBM Act of the State, State Finances Audit Report of 2023-24

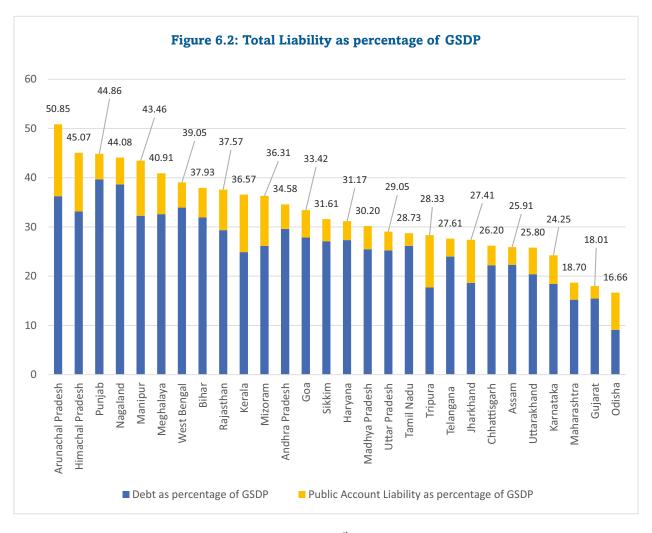

- In FY 2023-24, the aggregate Revenue Deficit of the 12 revenue-deficit States, without netting the States in revenue surplus, stood at ₹2,49,132 crore. The Fifteenth Finance Commission released Revenue Deficit Grants amounting to ₹51,673 crore during the year, which constituted 21 percent of the combined Revenue Deficit of these States. The Revenue Deficit of the 12 States was 0.86 percent of their combined GSDP, while the FC Revenue Deficit Grant accounted for 0.18 percent of the combined GSDP in FY 2023-24.
- 6.6 A decadal analysis of States' deficit parameters as brought out in Figure 6.1 shows that States as a whole, during the period 2014-15 to 2023-24, remained in revenue and fiscal deficit. A substantial increase in revenue deficit took place in FY 2020-21, a year impacted by the Covid pandemic. There has been substantial increase in fiscal deficit in FY 2020-21, FY 2022-23 and FY 2023-24. The States that witnessed an upsurge in fiscal deficit in FY 2023-24, vis-à-vis FY 2022-23 were Chhattisgarh, Karnataka, Maharashtra, Rajasthan, Telangana and Uttar Pradesh as reflected in Figure 6.1. *Annexure 19* brings out the State-wise trend with respect to the deficit indicators during the 10-year period.

Total Liabilities

6.7 For all the States, combined public debt was 23.42 percent and total liabilities inclusive of public debt were 28.28 percent of the combined GSDP in FY 2023-24. If the indicative target of 33.1 percent of total liabilities to GSDP, as worked out by the Fifteenth Finance Commission for FY 2023-24 for States' fiscal consolidation path, is considered with respect to debt ceiling, 13 States³⁵ had total liabilities in excess of this ceiling. As on 31st March, 2024, total liability of States varied from as low as 16.66 percent of its GSDP in case of Odisha to 50.85 percent of its GSDP in case of Arunachal Pradesh. Arunachal Pradesh, in fact, recorded a significant increase in its total liabilities as on 31st March 2024 of over 6.19 percent from 44.66 percent of its GSDP as on 31st March 2023 in the previous year.

Andhra Pradesh, Arunachal Pradesh, Bihar, Goa, Himachal Pradesh, Kerala, Manipur, Meghalaya, Mizoram, Nagaland, Punjab, Rajasthan, West Bengal

6.8 As can be seen from Table 6.2, as on 31st March 2024, eight States had public debt liability of more than 30 percent of their GSDP; six States had public debt liability of less than 20 percent of their GSDP and remaining 14 States had public debt liability between 20 to 30 percent of their respective GSDP in FY 2023-24.

Table 6.2: Public Debt stock of the States as on 31st March 2024 (Figures in ₹ crore)

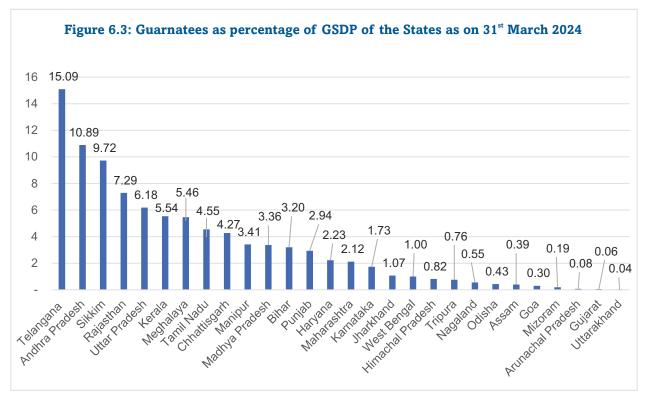

State	Public Debt as Percentage of GSDP	Public Debt as on 31 st March 2024	GSDP 2023-24
Punjab	39.66	3,06,041	7,71,744
Nagaland	38.64	15,944	41,258
Arunachal Pradesh	36.23	13,974	38,565
West Bengal	33.95	5,60,583	16,51,374
Himachal Pradesh	33.17	70,369	2,12,169
Meghalaya	32.59	17,348	53,223
Manipur	32.27	14,015	43,425
Bihar	31.93	2,80,084	8,77,197
Andhra Pradesh	29.62	4,21,201	14,22,094
Rajasthan	29.36	4,46,652	15,21,510

State	Public Debt as Percentage of GSDP	Public Debt as on 31st March 2024	GSDP 2023-24
Goa	27.84	27,383	98,344
Haryana	27.32	2,96,597	10,85,510
Sikkim	27.12	13,012	47,988
Tamil Nadu	26.18	7,03,926	26,88,963
Mizoram	26.15	8,703	33,277
Madhya Pradesh	25.47	3,44,770	13,53,809
Uttar Pradesh	25.24	6,67,106	26,42,877
Kerala	24.88	2,82,495	11,35,372
Telangana	23.98	3,50,520	14,61,836
Assam	22.33	1,27,144	5,69,287
Chhattisgarh	22.24	1,13,888	5,12,107
Uttarakhand	20.41	67,961	3,32,998
Jharkhand	18.64	86,807	4,65,638
Karnataka	18.41	4,70,860	25,57,241
Tripura	17.74	14,092	79,434
Gujarat	15.46	3,74,980	24,25,804
Maharashtra	15.24	6,18,113	40,55,847
Odisha	9.11	72,793	7,98,969
Aggregate	26.11	67,87,363	2,89,77,861

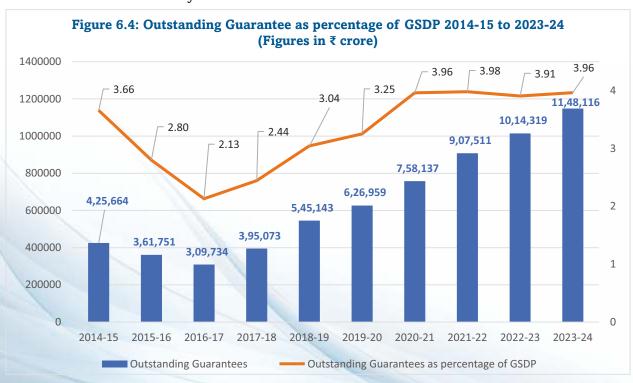

Among the States, Arunachal Pradesh recorded a sharp increase in public debt, as percentage of GSDP, from 30.72 percent as on 31st March 2023 to 36.23 percent as on 31st March, 2024.

Guarantees

Guarantees are given by the Government to public sector undertakings, special purpose vehicles, State parastatals, etc. for securing loans and borrowing from market and financial institutions. Guarantee is contingent liability because of the uncertainty of amount and uncertainty of timing in occurrence of the liability. However, guarantees once invoked, are liable to be paid. The State Governments have varied limits on guarantees, in terms of both annual stock and as-on-date stock of guarantee. As on 31st March 2024, guarantees of all the States combined was ₹11,48,116 crore, which was 3.96 percent of the combined GSDP.

- 6.10 F6.10 Figure 6.3 brings out the State-wise incidence of Guarantees given at the end of FY 2023-24. The outstanding guarantees were over 10 percent of GSDP in Telangana (₹2,20,607 crore) and Andhra Pradesh (₹1,54,797 crore). Odisha, Assam, Goa, Mizoram, Arunachal Pradesh, Gujarat and Uttarakhand had outstanding guarantees of less than 0.50 percent of their respective GSDP.
- 6.11 During the period, FY 2014-15 to FY 2023-24, outstanding guarantees as on 31st March of the year have increased from ₹4,25,664 crore as on 31st March 2015 (3.66 percent of the GSDP in FY 2014-15) to ₹11,48,116 crore as on 31st March 2024 (3.96 percent of the GSDP in FY 2023-24). Figure 6.4 brings out the position of outstanding guarantees as on 31st March of the year for all the 28 States.

6.12 In FY 2016-17, decrease of 0.67 percent of outstanding guarantees, as percentage of GSDP, was attributable to decrease in the outstanding guarantees mainly in the States of Haryana, Punjab and Tamil Nadu. From FY 2016-17 onwards, the outstanding guarantees increased gradually, to the level of 3.98 percent of GSDP in FY 2021-22, on account of increased guarantees given by the States of Andhra Pradesh, Karnataka, Kerala, Maharashtra, Rajasthan, Telangana and Uttar Pradesh. *Annexure 19* brings out the State-wise position of outstanding guarantees over the 10-year period.

Guarantee Redemption Fund

- 6.13 The outstanding guarantees of State governments have shown a steady rising trend from ₹3,09,734 crore in FY 2016-17 to ₹11,48,116 crore in FY 2023-24. The contingent liabilities do not directly form a part of the debt burden of the States, but the States will be required to meet the debt service obligations in the event of default by the borrowing entity for which the State Government has stood as guarantor.
- 6.14 In order to provide for sudden discharge of the States' obligations on guarantees, the Twelfth Finance Commission had recommended that States set up Guarantee Redemption Fund by making contributions from their revenues towards such a Fund. At present, there are varying criteria or benchmarks to determine the amount of contributions to be made to the Guarantee Redemption Fund by the State Governments.
- **6.15** Guarantee Redemption Fund has been established in most States, other than in five States, viz. Bihar, Himachal Pradesh, Jharkhand, Kerala and Punjab. These five States had a combined outstanding guarantee of ₹1,20,343 crore as of 31st March 2024.

Conclusion

6.16 An examination of fiscal responsibility indicators for the period 2014–15 to 2023–24 reveals a varied picture. In FY 2023–24, 16 States reported revenue surplus while 12 recorded revenue deficit. The combined revenue deficit of the States amounted to ₹2,49,132 crore. Revenue Deficit Grants of ₹51,673 crore were released as per recommendations of the Fifteenth Finance Commission. Fiscal deficit levels varied across States, with 18 States recording fiscal deficit above 3 percent of GSDP. As on 31st March 2024, total liabilities of all States together amounted to ₹81.94 lakh crore, constituting 28.28 percent of combined GSDP; in 13 States total liabilities exceeded 33.1 percent of their GSDP. Outstanding guarantees of all States stood at ₹11.48 lakh crore in FY 2023–24, equivalent to 3.96 percent of GSDP, with two States reporting guarantees above 10 percent of GSDP.

Government of Karnataka has given total GI of ₹66,039 crore in FY 2023-24. Out of this, ₹22,487 crore has been booked as Grants-in-Aid to Districts (Bengaluru, Belur, Kolar, Mangaluru, Mysuru, Raichur etc.) which includes GIA Salaries and Others. GIA-Salary under these Object Heads cannot be determined. Thus the expenditure on GIA-Salary in case of Karnataka is understated.

*The release of Back-to-Back loans to States to meet GST compensation shortfall has been considered over and above the yearly net borrowing ceiling of the States fixed on the basis of recommendation of the Finance Commission and would not be counted under the norms prescribed by the Finance Commission. In FY 2023-24 loan of ₹72,054 crore has been repaid by the Union Government out of GST Compensation Cess, but the loan amount has been adjusted/reduced from the liability of the State Government in FY 2024-25.

Annexure 20: Office Memorandum on Harmonisation and Rationalisation of Primary Unit of Appropriation/Object Heads

No.GA-87/2025/1606 Office of the Comptroller and Auditor General of India 10, Bahadur Shah Zafar Marg New Delhi (Government Accounts Wing)

Date: 11th November, 2025

OFFICE MEMORANDUM

Subject: Harmonisation of Primary Unit of Appropriation (Object Heads) in the Union Government and all the State Governments.

The wide variation amongst States in the operation of expenditure at the disaggregate sixth tier of expenditure, viz. Primary Unit of Appropriation/Object Head, has been engaging the attention of this office as well as other stakeholders, including Finance Commission. Such wide variation in the depiction of expenditure of economic nature at the disaggregate level impacts inter-temporal and inter-State comparisons as well as those with the Union Government. Accordingly, a need for standardisation of classification of expenditure of the Union Government and the State Government at the disaggregate sixth tier level of expenditure was felt.

- 2. As part of the exercise initiated by the office of the Comptroller and Auditor General of India, a Working Group consisting of officers from the CAG, some State Governments, Controller General of Accounts and Controller General of Defence Accounts was constituted. Based on the recommendations of the Working Group and engagement with the Ministry of Finance, Department of Expenditure, Government of India on the issue, it has been decided that a uniform object head structure applicable to both the Union Government and all the State Governments may be implemented. The Object Heads, together with description of the nature of expenditure that each object head will capture, are enclosed for notification appropriately by the Union Government and the State Governments.
- The revised list of common Object Heads, to be implemented by the Union Government and the State Governments, may be adopted keeping in view the level of preparedness but preferably effective from Financial Year 2027-28.
- For transparency and uniform representation, the States' specific practices, e.g. booking of State specific allowances, payment and decretal charges, etc., may be captured at sub-Object Head level below the relevant Object Head.

 The above may be treated as advice under Article 150 of the Constitution. This advice will supersede the advice given by the CAG, as contained in Note 1 to Rule 26 of the Government Accounting Rules 1990.

Encl: As above.

(Shefali S. Andaleeb) Director General

To:

- Secretary, Department of Expenditure, Ministry of Finance, Government of India, New Delhi.
- Chief Secretary of all the State Governments and Union Territory Governments (with Legislature).
- Finance Secretary of all the State Governments and Union Territory Governments (with Legislature).

Statement on Object Heads

SL No.	Object Head Code	Object Head Name	Description/Definitions				
(1)	(2)	(3)	(4)				
			(A) Revenue Expenditure				
	0.4		Class I – Compensation to Employees				
1.	01	Salaries	It will include pay of the Government employees as defined under FR 9(21)/relevant rules, honorarium to Government Servant and stipend to interns.
