# Foreword

The Public Financial Management framework broadly entails budgeting, accounting, audit and reporting to the Legislature. The Comptroller and Auditor General of India holds a unique position in the federal and the public financial management structure of our country, being entrusted with the audit of Union and State Governments, as well as being responsible for compilation of Accounts of most State Governments.

The Accountants General (A&E) prepare and compile Accounts of each State Government and in this process deal with large swathes of fiscal and accounting information. The data/information is primary data and available from accounting system/records of the States. In a federal set-up, the availability of such vast amount of fiscal information needs to be leveraged for the benefit of policy makers, public financial managers, academia and researchers as well as universities and capacity building institutions interested in State Finances.

Currently, Accounts of the State Government and the State Financial Audit Report for each financial year is prepared and placed in the State Legislature. The Combined Finance and Revenue Accounts, which consolidates the financial position of the Union Government and the States in one place is also prepared annually. But, no compilation of the CAG currently captures inter-temporal and inter-state fiscal information and the need to fill this gap has been expressed by multiple stakeholders.

Towards this end, in a first of its kind initiative, the Government Accounts Wing of my office has prepared this Publication on State Finances for Financial Year 2022-23, which covers the fiscal position of States in terms of key fiscal indicators relating to receipts, expenditure, debt and liabilities, deficits, etc. The ten year comparative data provided in this Publication for the financial years 2013-14 to 2022-23 charts out a trend with respect to the fiscal parameters State-wise and will provide useful insights to policy makers and other stakeholders involved in the public finance space.

I would like to record my appreciation to the Government Accounts Wing in the office of the CAG and the office of Principal Accountant General (A&E), Rajasthan for the painstaking work done by them in the preparation of Publication on State Finances 2022-23.

A handwritten signature in black ink, appearing to read "K. Sanjay Murthy".

(K. Sanjay Murthy)

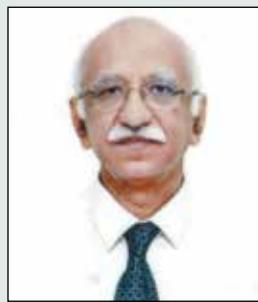

Comptroller and Auditor General of India

Dated: 4<sup>th</sup> September 2025

Place: New Delhi

# PREFACE

The Publication on State Finances 2022-23, the first of its kind by the Comptroller and Auditor General of India provides an overview of finances of 28 States for the Financial Year 2022-23, together with fiscal data and analysis relating to the ten year period from FY 2013-14. The Publication provides a wealth of fiscal data with respect to numerous parameters relating to revenues, expenditure, public debt & liabilities, deficit indicators and guarantees. This includes a comparative position at both the macro level and at a granular level, so as to bring out the picture of the State finances through varied lenses.

In addition to the macro-fiscal aggregates of each State relating to revenues, expenditure, debt and deficits, granular information on economic categories of expenditure has been brought out in the Publication. The information on economic categories of expenditure, which categorise the object of expenditure, are being presented in a certain classificatory and taxonomic scheme. Sector-wise and function-wise expenditure, together with analysis of Capital and Revenue aspects of expenditure across States, has been brought out.

The Publication is divided into six Chapters, which in addition to the Introductory also deals with receipts, expenditure, taxonomic classification of expenditure of States, public debt/public account liabilities, deficit and fiscal responsibility indicators of the States. 12 Annexures in the Publication provides ten year data for each State, on a variety of fiscal parameters, at aggregate as well as disaggregate level.

In the preparation of the Publication on State Finances 2022-23, I would like to record my appreciation for the work done especially by Shri H. Abbas who served as Director General, Government Accounts in Government Accounts Wing in the office of CAG, together with Shri Jitendra Tiwari and Shri Masroor Ahmad, both Directors in the Government Accounts Wing. The other team members in the Government Accounts Wing of the CAG included Shri Ashok Kumar Shah, Sr. Audit Officer (Rtd.)/Consultant, Shri Ram Bir Singh, Senior Administrative Officer and Shri Bhavneet Singh Minhas, Assistant Administrative Officer. Additionally, officers from the office of Principal Accountant General (A&E), Rajasthan under the supervision of Shri Pravindra Yadav, Principal Accountant General (A&E) Rajasthan assisted in the preparation and detailed check of the data in the Publication.

The Publication on State Finances 2022-23, along with data visualisation facility, will be available on CAG's website <https://cag.gov.in>. I look forward to comments and feedback on this first time exercise, with a view to further strengthening and improving upon the Publication in the future years, so as to serve the requirements of policy makers and other stakeholders.

A handwritten signature in black ink, appearing to read "J. Sinha".

(Jayant Sinha)

Deputy Comptroller and Auditor General  
(Government Accounts)  
& Chairperson GASAB

Place: New Delhi

# Executive Summary

# Executive Summary

States' finances, their fiscal capacity and fiscal space, alongwith their ability to deliver public goods and services, can be best understood in the overall setting of the federal public finances. In addition to their own revenues - tax & non-tax, many States depend substantially, on the Union Government for resources in the form of tax devolution, i.e., the share of the States in the Union Taxes and Duties and Grants for Centrally Sponsored Schemes (CSSs), Finance Commission grants and other Central Assistance. The quantum of share of the States in the Union Taxes and Duties is mainly a function of the Finance Commissions' formula for vertical (between the Union and the States) and horizontal (between the States inter-se) devolution. The States also implement the CSSs, with shared funding pattern between the Union and the States. The sharing pattern of the CSSs is by and large standard for all the States, with concessional sharing pattern in case of States in hilly and border areas.

During the 10 year period of 2013-14 to 2022-23, the budgetary spending of the 28 States has been between 15 -18 percent of their combined Gross State Domestic Product (GSDP). For the 10 year period, the combined budgetary spending of the Union and the States has been between 30 – 36 percent in terms of the country's GDP.

During FY 2022-23, the total revenue receipts of the 28 States was of the order of ₹35,13,095 crore. States' Own Tax Revenue (SOTR) constituted about 48 percent; share in Union Taxes 27 percent; grants-in-aid about 17 percent and States' Non-Tax Revenue (SNTR) about 8 percent. SOTR, which was 6.54 percent of GSDP, witnessed a buoyancy ratio of 1.40 percent in FY 2022-23 for the States combined. In terms of inter-se comparison between the States, there are wide variations in the SOTR and SNTR bases. Some States have large SOTR and SNTR bases and others have small bases of both SOTR and SNTR. States, which have large consumption bases of goods and services collect more States' Goods and Services Tax (SGST) under the GST framework as well as more Value Added Tax (VAT) / Sales Tax on Liquor and Fuel than those with relatively smaller bases. Similarly, States that are mineral-rich and receive royalties and related revenues and those with profit-making Public Sector Undertakings (PSUs) raise more SNTR (e.g., dividends, interest, etc.) than others.

In FY 2022-23, six States, Haryana, Maharashtra, Telangana, Karnataka, Gujarat and Tamil Nadu had SOTR of more than 60 percent of their total revenue receipts. On the other hand, States of Arunachal Pradesh, Manipur, Meghalaya, Mizoram, Nagaland, Sikkim and Tripura had SOTR of less than 20 percent of their total revenue receipts.

SNTR constitutes a very small portion of revenue receipts; it was 7.80 percent of the revenue receipts in FY 2022-23. However, for States such as Chhattisgarh, Jharkhand, Odisha, Rajasthan and Telangana, mineral and metallurgy related receipts provide a substantial share

of SNTR. The share in Union Taxes and grants-in-aid and central assistance, including Finance Commission grants, constituted 27 percent and about 17 percent respectively of the States revenue receipts. States received a total of ₹1,72,849 crore as Finance Commission grants, of which ₹86,201 crore was revenue deficit grants.

The total expenditure by all the 28 States in FY 2022-23 was ₹42,43,920 crore, which was about 16 percent of the States' combined GSDP. The share of revenue expenditure was 85 percent and capital expenditure was 15 percent. States' spending profile presents a varying mix, wherein the expenditure ranges from high revenue and capital expenditure to high revenue but low capital expenditure, and low revenue and capital expenditure. Committed expenditure on salaries, interest and pension was about 43.49 percent of the revenue expenditure and expenditure on subsidies was 8.61 percent of the revenue expenditure. Grants-in-aid given by the Governments at ₹11,26,486 crore (General & Salaries: ₹10,55,918 crore and Capital creation: ₹70,568 crore), constituted about 31 percent of the total revenue expenditure. Committed expenditure, as percentage of revenue expenditure of the respective State, varied from being 74 percent for Nagaland to 32 percent for Maharashtra. Salaries constituted the largest component of committed expenditure. During the FY 2022-23, the salaries component as a percentage of total revenue expenditure has been high in hilly States, ranging from 27 percent in Meghalaya to 46 percent for Nagaland. On the other hand, in West Bengal, Karnataka and Gujarat, the same was less than 10 percent.

In terms of sectoral expenditure, General Sector, Social Sector and Economic Sector in FY 2022-23 accounted for 30.34 percent, 38.24 percent and 28.90 percent respectively of the total expenditure; remaining 2.52 percent being on grants-in-aid and other loans not falling under any specific sector. Social sector and economic sector revenue expenditure was about 62 percent of the total revenue expenditure and social sector and economic sector capital expenditure was about 95 percent of the total capital expenditure. The composition of expenditure indicates that economic sector involving infrastructure, industry and trade received larger capital infusion.

In terms of expenditure by functions, over 58 percent of total expenditure was on nine functions namely, Education, Sports, Art & Culture; Health & Family Welfare; Agriculture and Allied activities; Energy; Housing and Urban Development; Transport; Rural Development; Police; and Social Welfare & Nutrition. Their share in total revenue expenditure was over 57 percent and over 61 percent of total capital expenditure.

In the overall expenditure of States, an important component involves expenditure on Centrally Sponsored Schemes (CSSs) in the spirit of cooperative federalism. In these schemes, majority fund sharing is from the Union Government and a minority share from the States. These are primarily aimed at welfare, developmental and social security objectives.

In addition to States generating their own resources and receiving States' share of Union Taxes and Duties, grants and central assistance, they also raise funds through market borrowings and loans from banks, financial institutions and the Reserve Bank of India (RBI). As on 31<sup>st</sup> March 2023, the total public debt was ₹59,60,428 crore, comprising the total internal debt

stock of ₹54,02,986 crore and loans and advances from the Union Government of ₹5,57,442 crore. Public debt was about 23 percent of the combined GSDP of the States in FY 2022-23. In FY 2022-23, in eight States viz. Punjab (over 40 percent), Nagaland, West Bengal, Himachal Pradesh, Bihar, Meghalaya, Manipur and Arunachal Pradesh, Public debt was more than 30 percent of their respective GSDP. On the other hand, in Rajasthan, Andhra Pradesh, Haryana, Goa, Tamil Nadu, Uttar Pradesh, Kerala, Sikkim, Madhya Pradesh, Telangana, Mizoram, Assam, Uttarakhand and Jharkhand, Public Debt ranged from 20 percent to 29 percent of their respective GSDP. In the remaining six States, Public debt was less than 20 percent of their respective GSDP.

The Government transactions are conducted through the Consolidated Fund, Contingency Fund and Public Account; the first is Government's own fund, the second a reserve for contingency and emergency purposes and the third, to which all other public moneys received by or on behalf of the Government is credited. The balances in the Public Account on account of small saving and provident fund, reserve funds, deposits, etc. are liability to be paid when required. As on 31<sup>st</sup> March 2023, the States put together had a Public Account liability of ₹13,05,623 crore, constituting over 5 percent of the combined GSDP.

In terms of fiscal responsibility and fiscal consolidation path, as per the XV Finance Commission, the States are to have either zero-revenue deficit or should become revenue surplus during FY 2022-23. As on 31<sup>st</sup> March 2023, 16 States, out of the total 28 States, were revenue surplus and 12 were in revenue deficit. The combined revenue deficit of the 12 deficit States was ₹2,22,648 crore. Finance Commission grant for bridging revenue deficits of the States in FY 2022-23 was ₹86,201 crore, which was 39 percent of the aggregate revenue deficit. As part of the fiscal consolidation path indicated by the XV Finance Commission, the States needed to achieve fiscal deficit of 3.5 percent of GSDP in FY 2022-23. In terms of this parameter, 12 States had fiscal deficit of more than 3.5 percent in FY 2022-23. In case of total liabilities as a percentage of GSDP, against the indicative 33.3 percent of GSDP set by the XV Finance Commission, in 11 States (Punjab, Himachal Pradesh, Arunachal Pradesh, Nagaland, Manipur, Meghalaya, Bihar, West Bengal, Kerala, Rajasthan and Mizoram) total liabilities to GSDP ratio was more than 33.3 percent. The stock of outstanding guarantees as on 31<sup>st</sup> March 2023 was ₹10,14,319 crore for the States. This was 3.91 percent of the combined GSDP of States.

The fiscal position of States presents a mixed picture in FY 2022-23. While overall Own Tax Revenue (SOTR) generation of States was 48 percent of the total revenue receipts, there were wide inter-state disparities, being as high as 70 percent in Haryana and as low as 9 percent in Arunachal Pradesh. The rest of their revenue came from Union tax shares, Grants-in-aid and Central Assistance, and Non-Tax Revenue (SNTR). Of the total expenditure of States, 85 percent was revenue expenditure, of which a substantial component of almost 44 percent was of committed nature on Salaries, Pension, and Interest. Wide variation in share of committed expenditure to revenue expenditure was observed among States and it ranged from 32 percent in Maharashtra to 74 percent in Nagaland. As of 31<sup>st</sup> March 2023, the total liabilities of States were 28 percent of the combined GSDP. Total liabilities to GSDP also varied widely - from over 45 percent in Punjab to less than 15 percent in Odisha, reflecting varying level of indebtedness

and debt servicing cost. For the year 2022-23, all 28 States were in fiscal deficit ranging from 0.76 percent in Gujarat to 6.46 percent of GSDP in the case of Himachal Pradesh. On the other hand, in FY 2022-23, 16 States were in revenue surplus and 12 States were in revenue deficit, ranging from 0.05 percent in Maharashtra to 3.80 percent of GSDP in the case of Punjab.

# Chapter 1

## Introductory

# Introductory

- 1.1** This publication on State Finances: 2022-23 of the Comptroller and Auditor General of India is a first of its kind. It presents data, information, analysis and trends on important and relevant fiscal parameters at macro level as well as granular level information on various aggregates with respect to the States. Analysis and insights into the fiscal position and parameters for FY 2022-23 is presented along with trend analysis for 10 year period of 2013-14 to 2022-23. To ensure completeness of data, all the 28 States have been covered in the publication based on the audited Accounts of the States.
- 1.2** Accounts of the States, laid in the respective Legislature, besides being important for legislative compliance and scrutiny, provide key fiscal information for multiple stakeholders like the Finance Commission, Reserve Bank of India (RBI), the Union Government as well as academic and research institutions. RBI uses the information of accounts for its annual analysis of budgets and for dealing with government banking matters with the States, including Reserve Bank Deposit issues; States and the Union Government use the audited accounting figures while preparing National Income estimates, dealing with apportionment issues on bifurcation of States, certification of GST related compensation and / or transfers, information on State finances, etc. and also matters related to certificates under schemes expenditure and grants. The audited accounting data is also used for certification of expenditures in the States with respect to externally-aided projects.
- 1.3** This is the first CAG's annual publication on State finances, which brings out information on State finances for all the States at one place and presents macro-fiscal information (sectoral, functional, programmatic) as well as disaggregate/ granular level (e.g., economic categories, schemes) information. A comparative picture of State finances as per audited data, inter temporarily, is currently not available. This publication would fill this gap.
- 1.4** The information, analysis and trends would be useful for policy makers, public financial managers, budget makers as well as researchers and academia interested in State finances. Capacity building and training institutions dealing with Government officials, civil servants and in-service officers shall find this publication useful in exploring the layers of State finances.
- 1.5** The information presented in the publication is sourced mostly from the Finance Accounts of the States. Certain information has also been sourced from the CAG's State Financial Audit Reports (SFARs).
- 1.6** Though data for this publication has been sourced from Finance Accounts and CAG's SFARs, the figures in some aspects may be at variance from those with the State Governments or the RBI. This is because of the following reasons:

- a) The State Governments and the State Accountant General (AG) Offices are required to reconcile the books for expenditure, receipts, loans and advances, etc. At times, cent percent reconciliation does not take place and this may lead to data gap.
- b) There are differences in figures in the books of the RBI and the State AG, which remain as Reserve Bank Deposit Suspense in the books of the AG office, resulting in difference in the figures of the RBI and the State AG offices.
- c) For want of correct classification and / or accounting records, expenditure or receipts are kept in suspense, which do not constitute expenditure or receipt in the Accounts, while the controlling officers in the State may have taken them as expenditure/receipt.
- d) There are instances of the States classifying certain types of expenditure as capital expenditure, though they are revenue expenditure. The reverse may also be true. Such misclassification affects the computation of certain fiscal aggregates.
- e) With respect to expenditure in terms of economic categories, the States do not currently classify expenditure at the object head level in an identical manner. Booking of expenditure on Salaries & Allowances for example reveals varying approaches adopted by States. Similarly, there are different practices prevalent in depicting some of the major object heads of expenditure like grants-in-aid and pension related expenditure by the States.

- 1.7** Data gaps, misclassification, variation in practices are being appropriately disclosed / commented upon by the CAG, both through the Accounts of the State Government and through SFARs of the concerned State.
- 1.8** The figures in this publication on State Finances 2022-23 are taken from the respective Finance Accounts of the States. In respect of West Bengal for the Financial Years 2021-22 and 2022-23, the figures relating to receipt, expenditure, liabilities, etc. have been sourced from the Annual Financial Statement and Budget Documents laid in the Legislature of the State. The Finance Accounts of West Bengal for the Financial Years 2021-22 and 2022-23 are yet to be laid before the State Legislature.
- 1.9** The intent of the publication on State finances 2022-23 is to provide stakeholders relevant and useful fiscal information across all the States, inter-temporally. The feedback from the stakeholders on this first of its kind initiative by the CAG will enable us to strengthen and provide information on such other parameters, as articulated.

# Chapter 2

Receipts of the States

# Receipts of the States

## Sources of States' Resources

- 2.1** States' finances and their fiscal capacity<sup>1</sup> and fiscal space<sup>2</sup> can be best understood in the Constitutional scheme of the overall federal public finances. Many States depend substantially, on the Union Government for resources in the form of tax devolution and grants as well as loans and advances, including back-to-back external loans. The share of the States in the Union Taxes and Duties and Grants for the Centrally Sponsored Schemes (CSSs) as well as Finance Commission grants and other Central Assistance<sup>3</sup> are a major source of revenue of all the States. The quantum of share of the States in the Union Taxes and Duties is a function of the Finance Commissions' formula for vertical (between the Union and the States) and horizontal (between the States inter-se) devolution.
- 2.2** In addition to the tax devolution and grants from the Union Government, the States raise resources as States' Own Tax Revenue (SOTR) and States' Non-Tax Revenue (SNTR). Besides these, there are miscellaneous capital receipts on account of retirement of capital/ disinvestment of equity, value of bonus share, proceeds of monetisation, etc., capital receipts on account of recoveries of loans and advances given by the State Governments and debt capital receipts. *Annexure 1.1* and *1.2* bring out the State-wise 10 year details of total Revenue receipts and Non-Debt capital receipts respectively.

**Table 2.1: Resources of the States – 2022-23**

Components	Amount (` crore)	Percentage of Revenue Receipts	Percentage of GSDP
<b>Revenue Receipts</b>			
States' Own Tax Revenue	16,98,675	48.35	6.54
Share in Union Taxes	9,48,590	27.00	3.65
Grants-in-Aid - CSS	2,74,365	7.81	1.06
Grants-in-Aid - Others	3,17,464	9.04	1.22
Non-Tax Revenue-Interest, Dividends & Profit	27,373	0.78	0.11
Non-Tax Revenue- Others	2,46,627	7.02	0.95
<b>Total Revenue Receipts</b>	<b>35,13,095</b>	<b>100.00</b>	<b>13.53</b>

<sup>1</sup> Capacity of the States to realistically raise revenue from its own tax (SOTR) and non-tax (SNTR) sources and bases (*RBI's State Finances: A Study of the Budgets of 2023-24, page 1*). This can be done either by continuing with the existing tax rates and bases but bringing in tax reforms to stop leakage, make efficient collection and ensure tax compliance by *discretionary* changes in rates and bases (tax buoyancy) and / or benefitting from the *automatic* response of tax revenue to changes in economic activity / GSDP (tax elasticity).

<sup>2</sup> Fiscal space is a government's budgetary spending that allows it to provide resources for a desired purpose without jeopardizing the sustainability of its financial position or the stability of the economy. A government can create fiscal space by raising taxes, securing outside grants, cutting lower priority expenditure, borrowing resources. But it must do this without compromising macroeconomic stability and fiscal sustainability (*Peter Heller: Fiscal Space, What It Is and How To Get It, Finance and Development, IMF, June 2005, Volume 42, No. 2*).

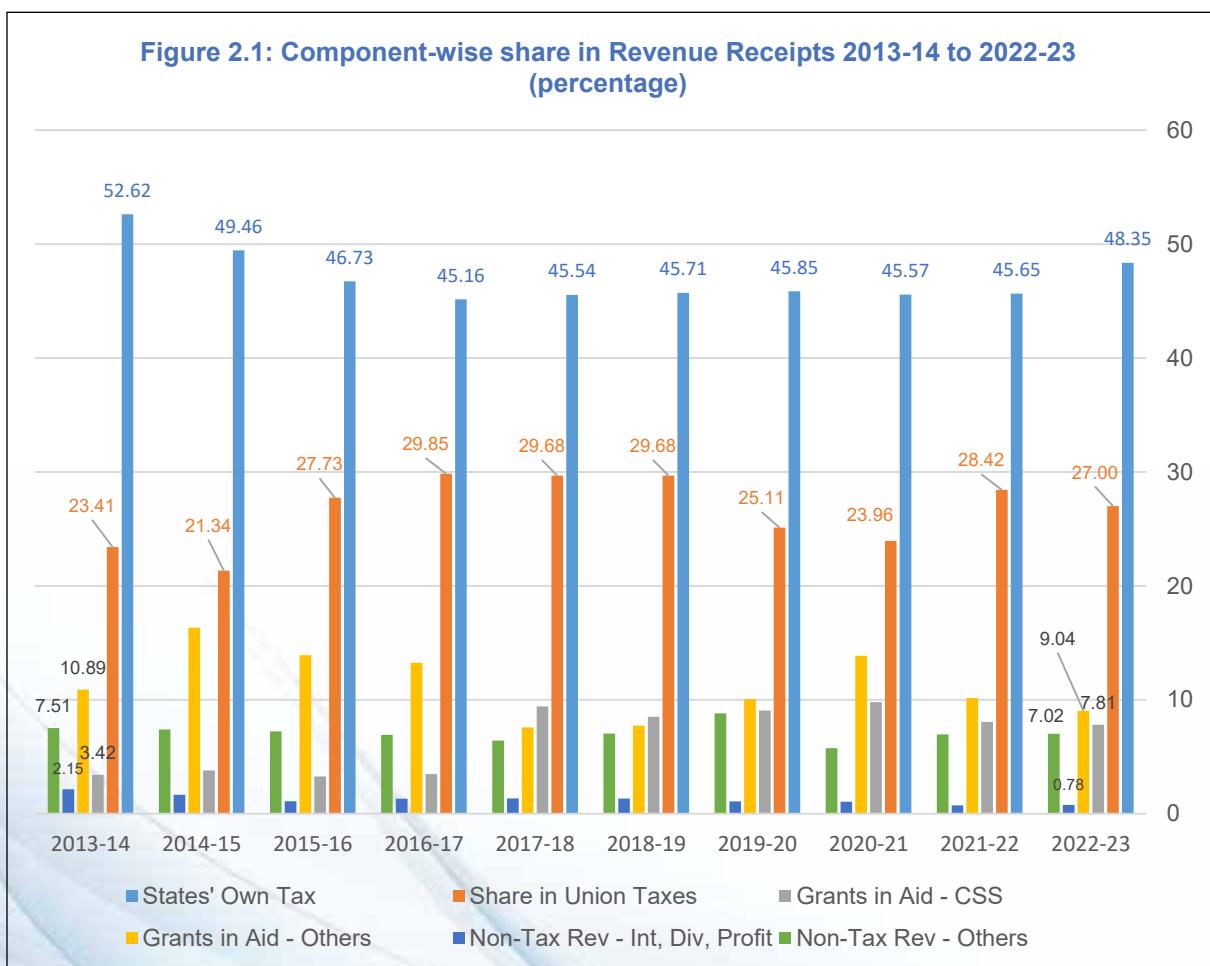

<sup>3</sup> Transfers for road and infrastructure under the Central Road and Infrastructure Fund (CRIF), disaster and calamity related mitigation and relief under National Disaster Relief Fund (NDRF), State Disaster Response Fund (SDRF), State Disaster Mitigation Fund (SDMF), etc.

Components	Amount ₹ crore)	Percentage of Capital Receipts	Percentage of GSDP
<b>Capital Receipts</b>			
Retirement of Capital/Disinvestment of Equity, value of bonus share, proceeds of monetisation	711	0.05	0.00
Recoveries of Loans and Advances	8,442	0.62	0.03
Public Debt Capital Receipts*	13,56,297	99.33	5.23
<b>Total Capital Receipts</b>	<b>13,65,450</b>	<b>100.00</b>	<b>5.26</b>
<b>Total Receipts</b>	<b>48,78,545</b>		<b>18.79</b>
<b>GSDP**</b>	<b>2,59,57,705</b>		

\*Figures of Public Debt Capital Receipts include receipts on account of Ways and Means Advances (WMA) availed during 2022-23.

\*\*Source: Directorate of Economics & Statistics of respective State Governments (Data as on 17 March 2025)

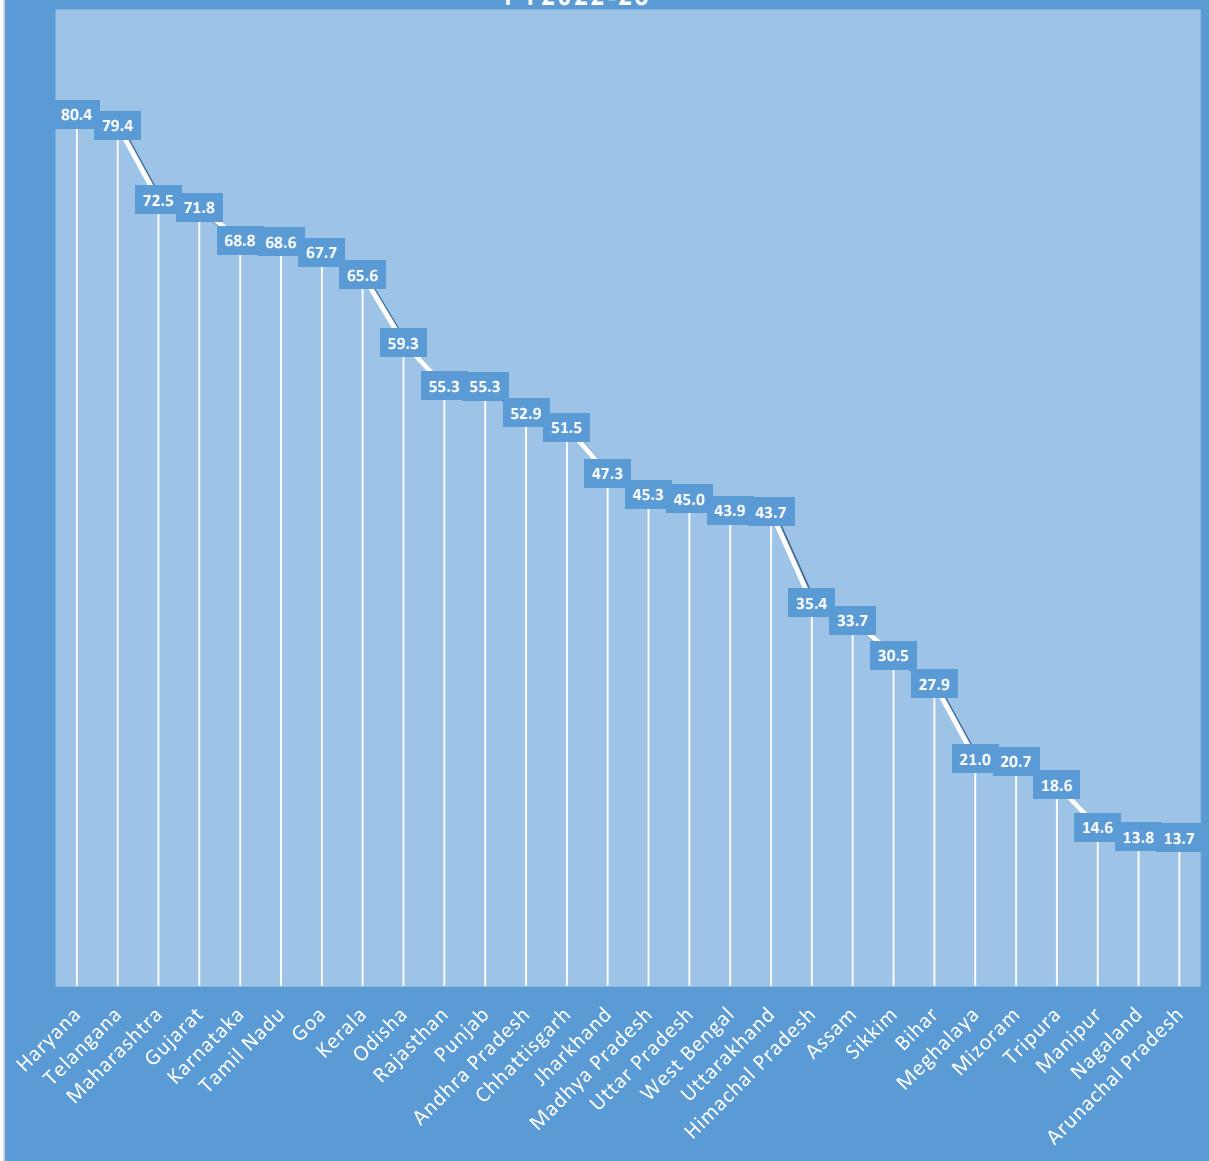

**2.3** In FY 2022-23, States' Own Tax Revenue (SOTR) constituted about 48 percent of the total revenue receipts; share in Union Taxes, 27 percent; grants – in – aid, about 17 percent and Non-Tax Revenue, about 8 percent. During the 10 year period 2013-14 to 2022-23, on an average, States' SOTR has constituted about 47 percent of the revenue receipts; share in Union Taxes, about 27 percent; grants-in-aid, about 18 percent and Non-Tax Revenue, about 8 percent.

## States' Own Tax Revenue (SOTR) and States' Non-Tax Revenue (SNTR)

**2.4** Some States have large SOTR and SNTR bases while others have small bases of both SOTR and SNTR. SOTR and SNTR together constituted between 70 to 80 percent of the revenue receipts of Haryana, Telangana, Maharashtra and Gujarat in FY 2022-23; between 60 to 70 percent of revenue receipts of Karnataka, Tamil Nadu, Goa and Kerala; between 50 percent to 60 percent of Odisha, Andhra Pradesh, Rajasthan, Punjab and Chhattisgarh; between 40 percent to 50 percent of revenue receipts of Jharkhand, Madhya Pradesh, Uttar Pradesh, West Bengal and Uttarakhand. On the other hand, share of SOTR and SNTR in revenue receipts of all 8 States of the North-East, Bihar and Himachal Pradesh was below 40 percent. Figure 2.2 brings out the varying resource mobilisation capacity of each State.

**FIGURE 2.2: VARIATION IN SOTR & SNTR MOBILISATION IN FY2022-23**

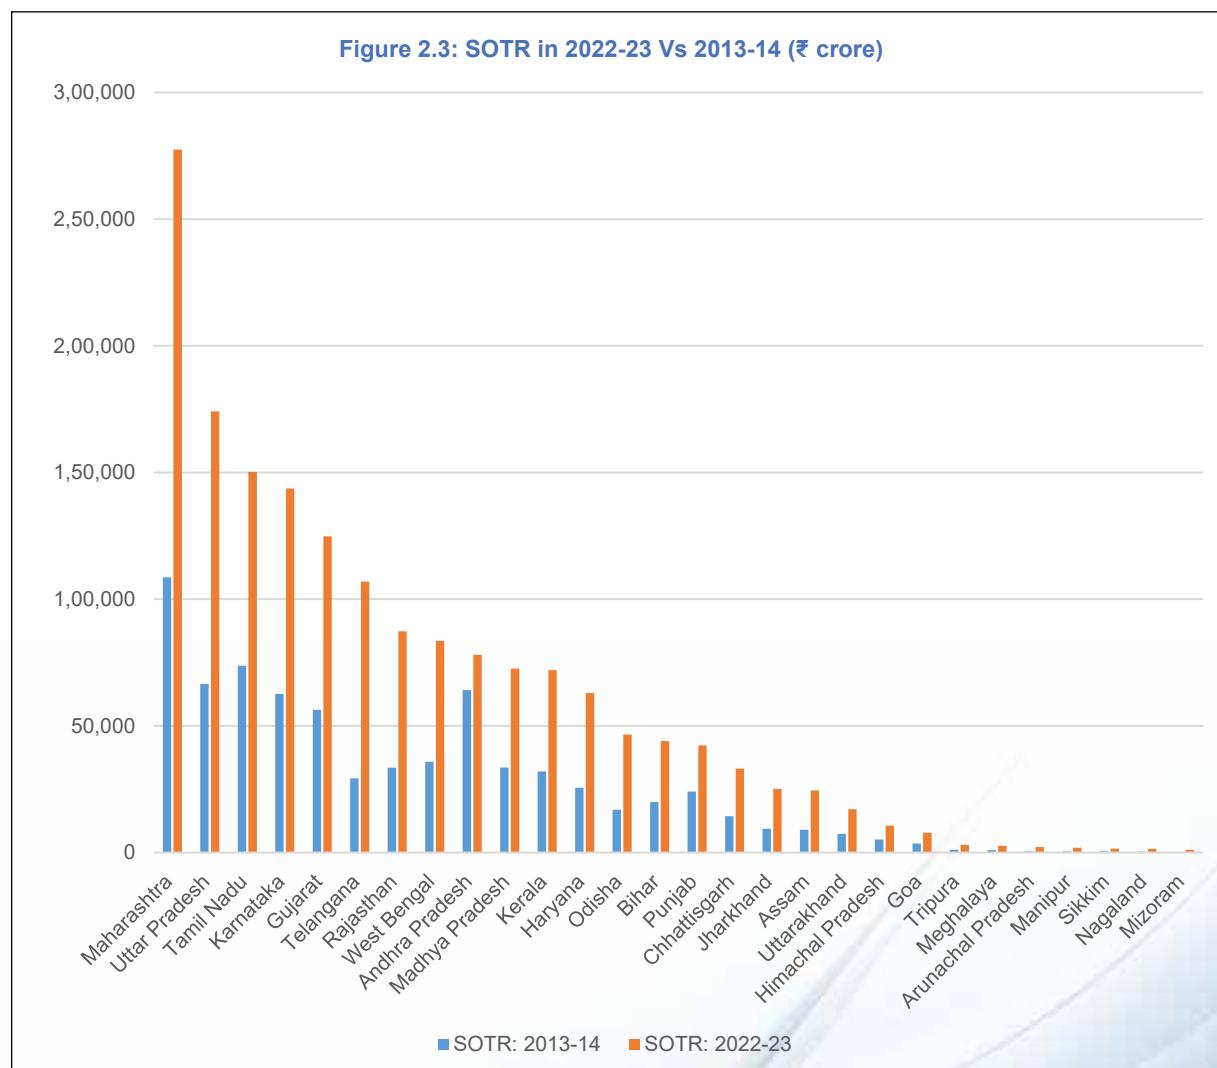

**2.5** Table 2.2 shows the variations in the SOTR and SNTR bases of States in FY 2022-23. States with large collection of States' Goods and Services Tax (SGST) under the GST framework, as well as more Value Added Tax (VAT) / Sales Tax / Excise Duty on alcoholic drinks, petroleum products and electricity (which are outside the GST framework) have higher percentage of SOTR to revenue receipts than the States with relatively smaller percentage.

**Table 2.2: Varying bases of SOTR and SNTR of the States – 2022-23 (₹ crore)**

States	Total Revenue Receipts	SOTR	SOTR as percentage of (2)	SNTR (Interest, Dividends & Profit)	SNTR (Others)	SNTR as % of (2)	SOTR & SNTR as % of (2)
(1)	(2)	(3)	(4)	(5)	(6)	(7)	(8)
Haryana	89,195	62,961	70.59	1,656	7,087	9.80	80.39
Telangana	1,59,350	1,06,949	67.12	346	19,208	12.27	79.39
Maharashtra	4,05,678	2,77,486	68.40	2,466	14,310	4.14	72.54
Gujarat	1,99,408	1,24,810	62.59	1,365	17,069	9.24	71.83
Karnataka	2,29,080	1,43,702	62.73	1,805	12,109	6.07	68.80
Tamil Nadu	2,43,749	1,50,223	61.63	5,048	12,013	7.00	68.63
Goa	17,284	7,827	45.29	50	3,818	22.38	67.67
Kerala	1,32,725	71,968	54.22	221	14,897	11.39	65.61
Odisha	1,50,462	46,554	30.94	2,241	40,479	28.39	59.33
Rajasthan	1,94,988	87,346	44.80	2,059	18,505	10.55	55.34

Arunachal Pradesh	23,788	2,237	9.41	93	925	4.28	13.68

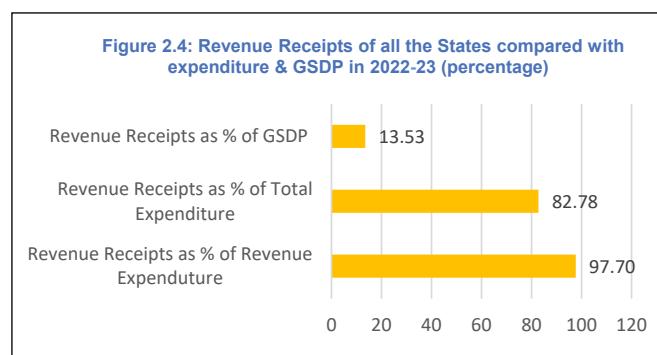

- 2.6** States that are mineral rich and receive royalties and related revenues and those having profit-making Public Sector Undertakings (PSUs) may raise more SNTR (e.g., dividends, interest, etc.) than others. States, which have created efficient service delivery entities in transport, power, drinking water supply, etc., are likely to raise more user charges / dividends and profits.
- 2.7** Many States are also imposing cesses for financing specific and targeted activities, such as for creating educational infrastructure, ecological and environmental protection, protection of livestock, transport infrastructure and road development / safety, cultural purpose, health purpose, natural disaster and epidemic, social security, rural employment, public works, etc.
- 2.8** Figure 2.3 depicts the change in SOTR of the respective States in FY 2022-23 compared with FY 2013-14 (2014-15 for Telangana<sup>4</sup>). Except Andhra Pradesh and Punjab, SOTR of all the States at least doubled in FY 2022-23 over FY 2013-14. In case of Punjab, SOTR increased by 1.75 times, while the increase was 1.22 times in case of Andhra Pradesh.

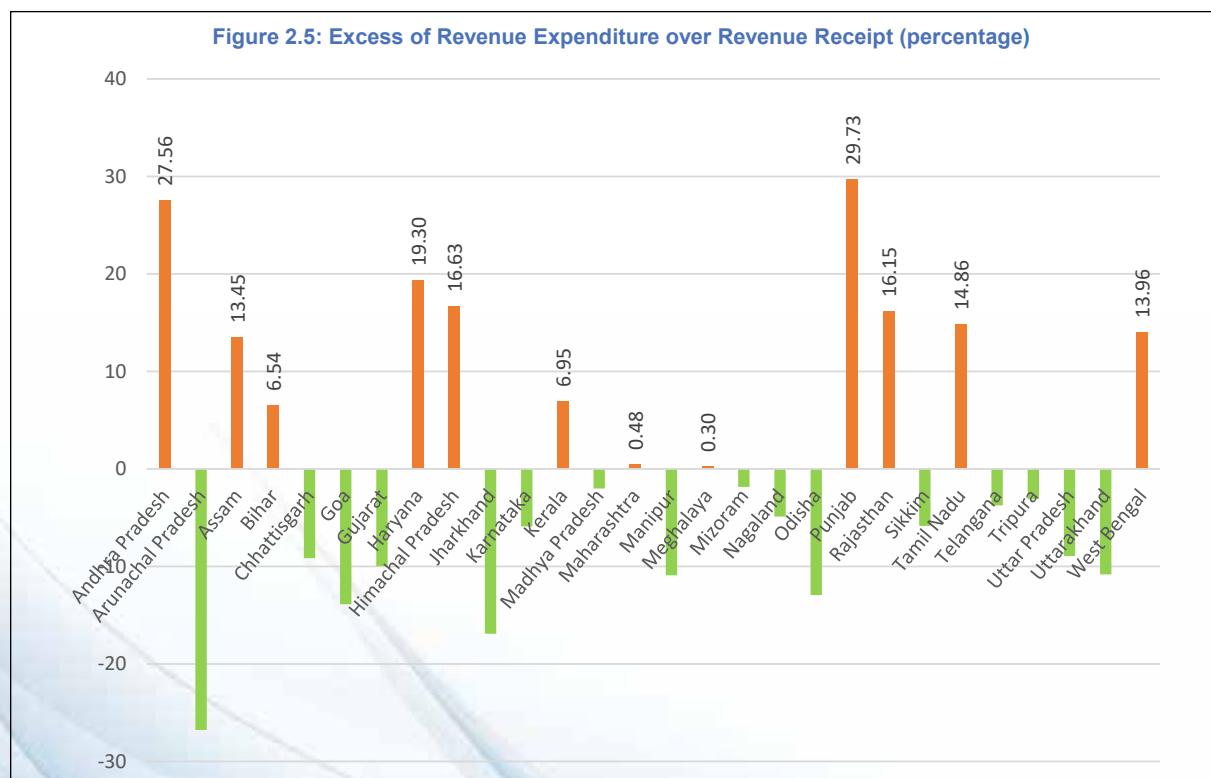

<sup>4</sup> In terms of Andhra Pradesh Reorganisation Act 2014, new State of Telangana was formed with effect from 02 June 2014.

## States' Revenue Receipts

- 2.9** In FY 2022-23, the combined revenue receipts of all the States<sup>5</sup> from SOTR, SNTR, devolution and Central Grants and Central Assistance was ₹ 35,13,095 crore, which was 97.70 percent of their combined revenue expenditure of ₹35,95,736 crore; and 82.78 percent of the total expenditure of ₹42,43,920 crore and 13.53 percent of their combined total Gross State Domestic Product (GSDP) of ₹ 2,59,57,705 crore in FY 2022-23.

- 2.10** In FY 2022-23, revenue receipts of 16 States exceeded their revenue expenditure and they were revenue surplus States, as depicted in the figure 2.5. There were 12 States, whose revenue expenditure exceeded their respective revenue receipts. These revenue deficits States include Andhra Pradesh, Assam, Bihar, Haryana, Himachal Pradesh, Kerala, Maharashtra, Meghalaya, Punjab, Rajasthan, Tamil Nadu and West Bengal. In four States namely, Bihar, Kerala, Meghalaya and Maharashtra, revenue receipts were between 90-100 percent of the revenue expenditure. In six States namely, Assam, Haryana, Himachal Pradesh, Rajasthan, Tamil Nadu and West Bengal, revenue receipts were between 80-90 percent of the revenue expenditure. In two States namely, Andhra Pradesh and Punjab, the revenue receipts were between 75-80 percent of the revenue expenditure.

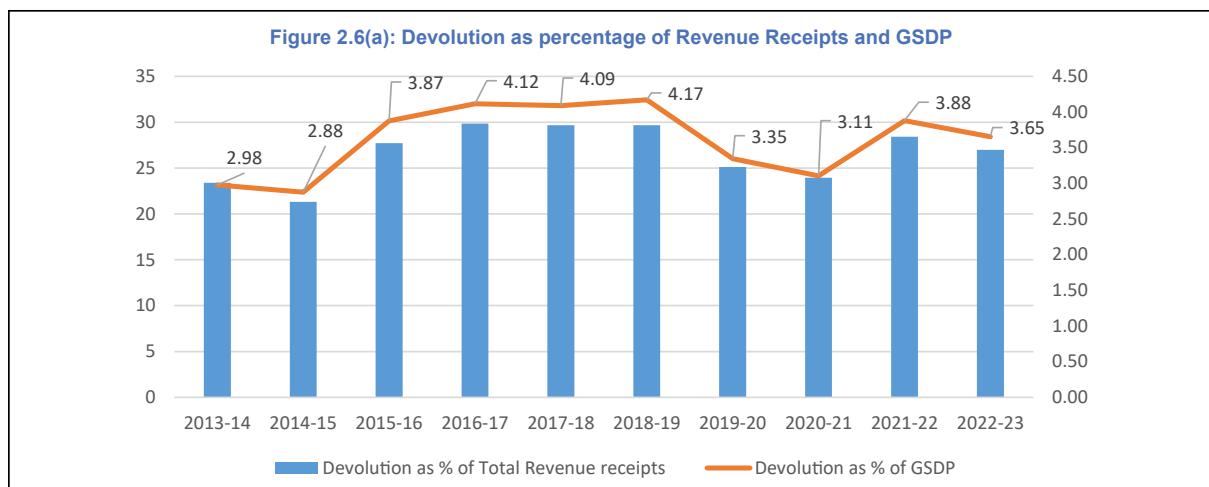

<sup>5</sup> This Publication includes figures for all the 28 States and does not include figures of UT with or without Legislature.

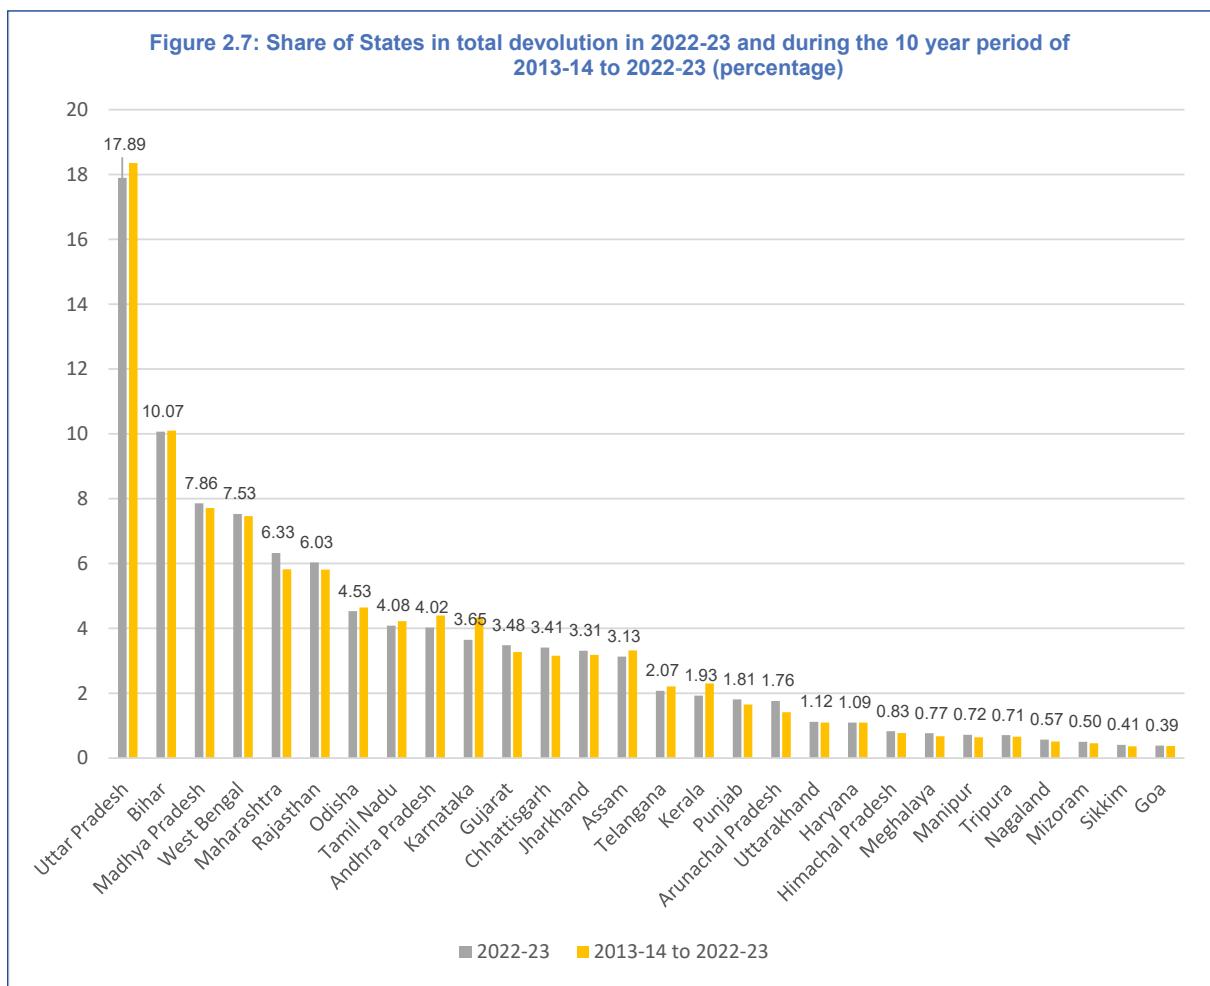

## Share of the States in the Union Taxes and Duties

**2.11** In FY 2022-23, the total share of the States in the Union Taxes and Duties was 27 percent of their combined revenue receipts and 3.65 percent of their combined GSDP. An analysis of the States' revenue for the period 2013-14 to 2022-23 shows a distinct increase in devolution from the Union, especially with respect to the initial two years. The share of the States in devolution of taxes and duties, as percentage of the total combined revenue receipts of the States, increased from 23.41 percent in FY 2013-14 to 27 percent in FY 2022-23. The devolution as percentage of combined Gross State Domestic Product (GSDP) increased from 2.98 percent in FY 2013-14 to 3.65 percent in FY 2022-23. Figures 2.6 (a) and 2.6 (b) depict the trend. In absolute terms, the States' share in Union Taxes and Duties showed a secular increase from ₹3,14,131 crore to ₹9,48,590 crore. A dip in the amount was, however, noted in the years 2019-20 and 2020-21, years impacted by COVID. *Annexure 2* brings out the State-wise 10 year details.

**Figure 2.6: Share of devolution as percentage of the total combined revenue receipts of the States, GSDP and Year-to-Year (YoY) increase**

**2.12** In FY 2022-23, 10 States together received 72 percent of States' share in Union Taxes and Duties. Uttar Pradesh (17.89%), Bihar (10.07%), Madhya Pradesh (7.86%), West Bengal (7.53%), Maharashtra (6.33%), Rajasthan (6.03%), Odisha (4.53%), Tamil Nadu (4.08%), Andhra Pradesh (4.02%) and Karnataka (3.65%). Out of the total devolution to the States between 2013-14 to 2022-23, a similar pattern of devolution is observed, where about 73 percent of the total devolution was received by these 10 States as in FY 2022-23. Figure 2.7 brings out the pattern.

### Central Grants and Assistance to the States

**2.13** Grants and Central Assistance from the Union Government to the States comprise mainly, (i) Union Government's share for the Centrally Sponsored Schemes (CSSs), (ii) Finance Commission grants (Local Bodies, sectoral or function-specific and conditional grants), and (iii) Other Transfers/Grants, etc. The compensation for the loss of revenue arising out of the implementation of the GST regime is included in other transfers/grants. However, Back-to-back loans given by the Union Government from FY 2020-21, in lieu of the compensation for the loss of revenue arising out of the implementation of the GST regime, is not included as grants, but is taken as loan to the States.

**2.14** In FY 2022-23, the total grants and assistance received by the States was 16.85 percent of their combined revenue receipts and 2.28 percent of their combined GSDP. Table 2.3 depicts the share of different components in the grants and assistance in FY 2022-23.

**Table 2.3: Share of components in Central Grants and Assistance (2022-23) (₹ crore)**

Components	Amount of grants and central assistance	Percentage of combined revenue receipts	Percentage of combined GSDP
Grants-in-aid: CSS	2,74,365	7.81	1.06
Grants-in-aid: Finance Commission	1,72,849	4.92	0.67
Other Grants & Central Assistance	1,44,616	4.12	0.56
<b>Total</b>	<b>5,91,830</b>	<b>16.85</b>	<b>2.28</b>

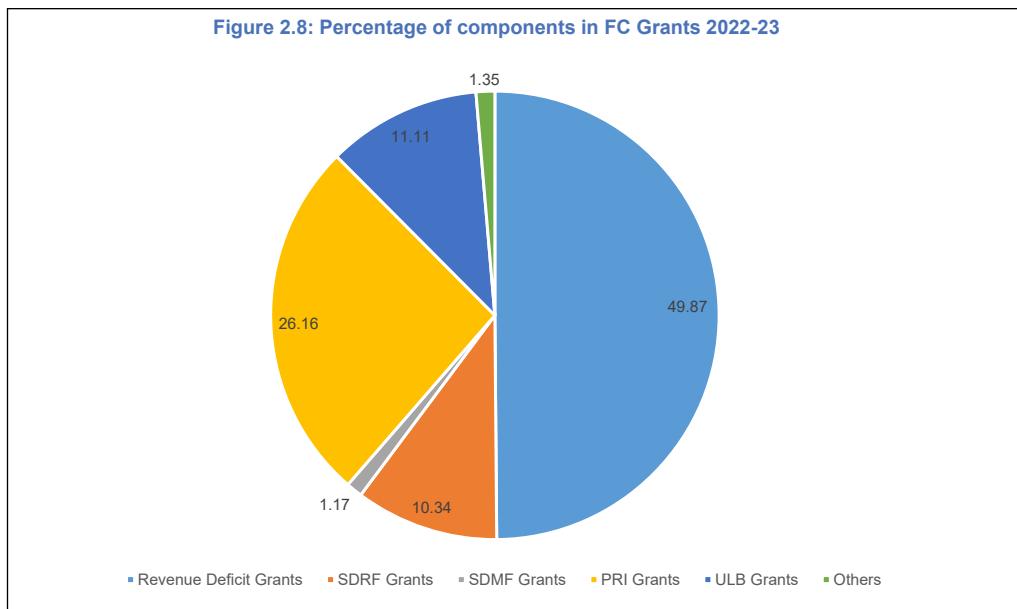

**2.15** In FY 2022-23, 14 States together, received about 81 percent of total grants and central assistance. These 14 States were Uttar Pradesh (10.12%), Maharashtra (8.69%), West Bengal (6.47%), Tamil Nadu (6.38%), Madhya Pradesh (6.24%), Karnataka (6.23%), Andhra Pradesh (6.11%), Rajasthan (5.04%), Assam (5.03%), Bihar (4.90%), Kerala (4.63%), Gujarat (3.91%), Punjab (3.71%) and Odisha (3.08%). The remaining 14 States received the rest. Out of the total grants and central assistance to the States between 2013-14 to 2022-23, a similar pattern is observed, where about 78 percent of the total grants and central assistance went to the same 14 States as in FY 2022-23.

### Finance Commission Grants

**2.16** For FY 2022-23, the total Finance Commission grants under various categories, including certain grants for health sector, etc., was ₹1,72,849 crore. The largest share of the total, about 50 percent, was Revenue Deficit Grants, followed by 26 percent Panchayati Raj Institution (PRI) Grants, 11 percent Urban Local Bodies (ULB) Grants, 10 percent State Disaster Response Fund (SDRF) and one percent State Disaster Mitigation Fund (SDMF), as depicted in Table 2.4.

**Table 2.4: Finance Commission Grants to the States (₹ crore)**

Components	2022-23
FC Revenue Deficit Grants	86,201
SDRF Grants	17,870
SDMF Grants	2,028
PRI Grants	45,211
ULB Grants	19,202
Others	2,337
<b>Total</b>	<b>1,72,849</b>

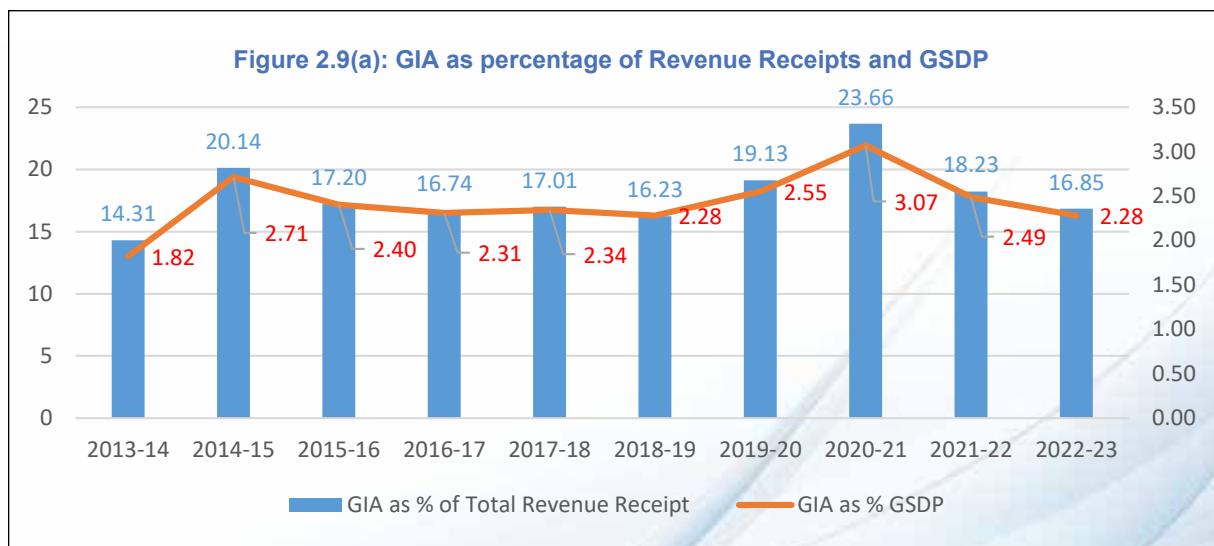

**2.17** Revenue Deficit Grants in FY 2022-23 was 50 percent of the total Finance Commission grants to the States. The largest share of the revenue deficit grant went to West Bengal (15.76 percent), Kerala (15.28 percent), Andhra Pradesh (12.24 percent), Himachal Pradesh (10.88 percent), Punjab (9.60 percent), Uttarakhand (8.28 percent), Assam (5.67 percent), Rajasthan (5.64 percent), Nagaland (5.26 percent) and Tripura (5.13 percent). These 10 States received about 94 percent of the total FC Revenue Deficit Grants. In FY 2022-23, out of the 28 States, 16 States were in Revenue Surplus and 12 were in Revenue Deficit. Table 2.5 bring out the comparative picture of Revenue Surplus and Revenue Deficit States and FC Revenue Deficit Grants received in FY 2022-23.

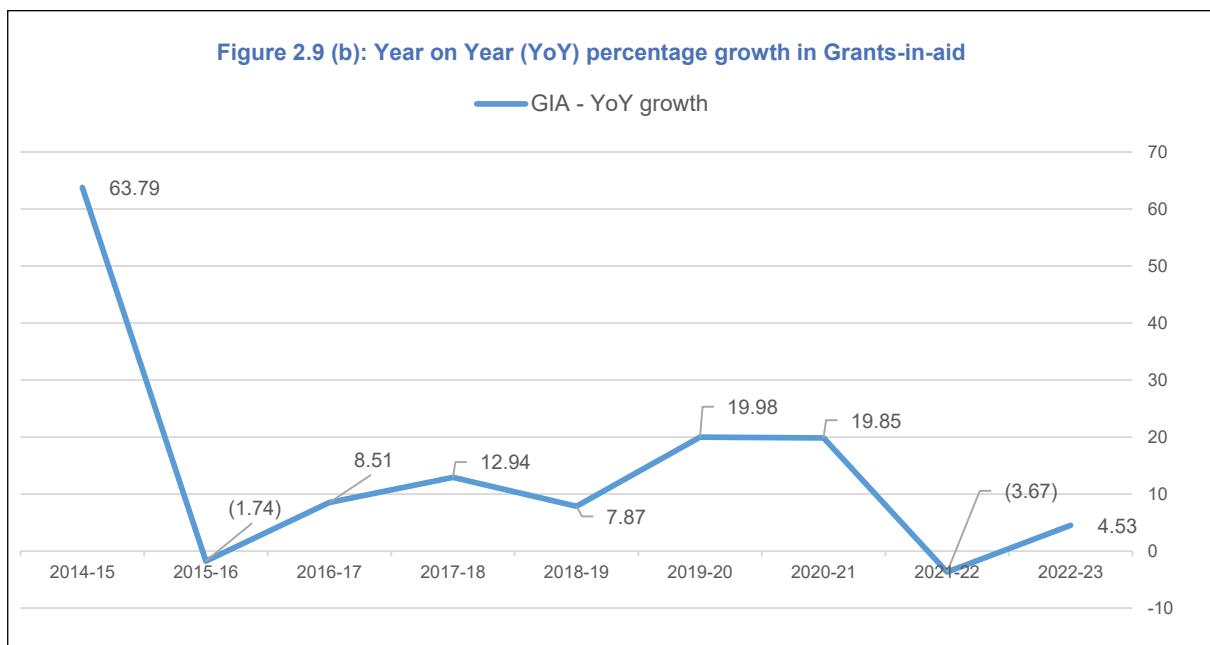

**Table 2.5: FC Revenue Deficit Grants in FY 2022-23 (₹ crore)**

States	Revenue Deficit (-) / Revenue Surplus (+)	FC Revenue Deficit Grants
Andhra Pradesh	-43,488	10,549
Arunachal Pradesh	6,370	0
Assam	-12,072	4,890
Bihar	-11,288	0
Chhattisgarh	8,592	0
Goa	2,399	0
Gujarat	19,865	0
Haryana	-17,212	0
Himachal Pradesh	-6,336	9,377
Jharkhand	13,564	0
Karnataka	13,496	0
Kerala	-9,226	13,174
Madhya Pradesh	4,091	0
Maharashtra	-1,936	0

States	Revenue Deficit (-) / Revenue Surplus (+)	FC Revenue Deficit Grants
Manipur	1,734	2,310
Meghalaya	-44	1,033
Mizoram	190	1,615
Nagaland	689	4,530
Odisha	19,456	0
Punjab	-26,045	8,274
Rajasthan	-31,491	4,862
Sikkim	473	440
Tamil Nadu	-36,215	0
Telangana	5,944	0
Tripura	570	4,423
Uttar Pradesh	37,263	0
Uttarakhand	5,310	7,137
West Bengal	-27,295	13,587
<b>Total</b>	<b>86,201</b>	

**2.18** An analysis of the States' revenue for the period 2013-14 to 2022-23 shows an increasing trend of grants and central assistance from the Union. The share of the States in grants and central assistance, as percent of the combined revenue receipts of the States, increased from 14.31 percent in 2013-14 to a highest of 23.66 percent in FY 2020-21 and decreased to 16.85 percent in FY 2022-23. The grants and central assistance, as percent of combined Gross State Domestic Product (GSDP), increased from 1.82 percent in FY 2013-14 to 2.28 percent in FY 2022-23. Figure 2.9 (a) and 2.9 (b) depicts the trend. In absolute terms, the grants and central assistance increased from ₹1,92,109 crore in FY 2013-14 to ₹5,91,830 crore in FY 2022-23. *Annexure 2* brings out the State-wise 10 year details.

**2.19** In FY 2022-23, top six States namely, Uttar Pradesh (17.89%), Bihar (10.07%), Madhya Pradesh (7.86%), West Bengal (7.53%), Maharashtra (6.33%) and Rajasthan (6.03%) received about 56 percent of the total net proceeds of the Union Taxes and Duties of ₹9,48,590 crore. Nine States, namely Uttar Pradesh (10.12%), Maharashtra (8.69%), West Bengal (6.47%), Tamil Nadu (6.38%), Madhya Pradesh (6.24%), Karnataka (6.23%), Andhra Pradesh (6.11%), Rajasthan (5.04%) and Assam (5.03%) received about 60 percent of the total central grants / assistance of ₹5,91,830 crore.

**2.20** In FY 2022-23, the States' share in the net proceeds of the Union Taxes and Duties per capita<sup>6</sup> ranged between less than ₹10,000 for certain States to more than ₹20,000 for certain other States. States with special requirements (hilly and mountainous, border areas, etc.) such as Arunachal Pradesh, Himachal Pradesh, Manipur, Mizoram, Nagaland and Sikkim received more than ₹20,000 per capita share in devolution and grants. The average per capita net proceeds of the Union Taxes and Duties was ₹15,939<sup>7</sup>.

### States' Own Tax Revenue (SOTR)

**2.21** SOTR comprises State GST (SGST), Taxes on Sales, Trade (VAT / Sales Tax) and duties including on alcoholic drinks, petroleum products and electricity (which are outside the GST framework), State Excise, Stamp Duty and Registration Fee, Taxes on Vehicles, Land Revenue and Other Taxes. In FY 2022-23, total SOTR of the States combined was ₹16,98,675 crore, which was 48.35 percent of their combined revenue receipts of ₹35,13,095 crore and 6.54 percent of their combined GSDP of ₹2,59,57,705 crore. If 10 States<sup>8</sup> with relatively smaller SOTR base (constituting 1.40 percent of combined revenue receipts) are excluded, the total SOTR of the rest of the 18 States combined

<sup>6</sup> Population figure source: Report of Technical Group on Population Projections for India and States 2011-2036 by National Commission on Population, Ministry of Health and Family Welfare

<sup>7</sup> Average per capita Net Proceeds of the Union Taxes and Duties is computed as: Total of per capita share of net proceeds of each State/28.

<sup>8</sup> Ten lowest SOTR States namely, Arunachal Pradesh, Goa, Himachal Pradesh, Manipur, Meghalaya, Mizoram, Nagaland, Sikkim, Tripura and Uttarakhand.

together was ₹16,49,333 crore, which was 46.95 percent of their combined total revenue receipts of ₹35,13,095 crore and 6.35 percent of their combined GSDP of ₹2,59,57,705 crore.

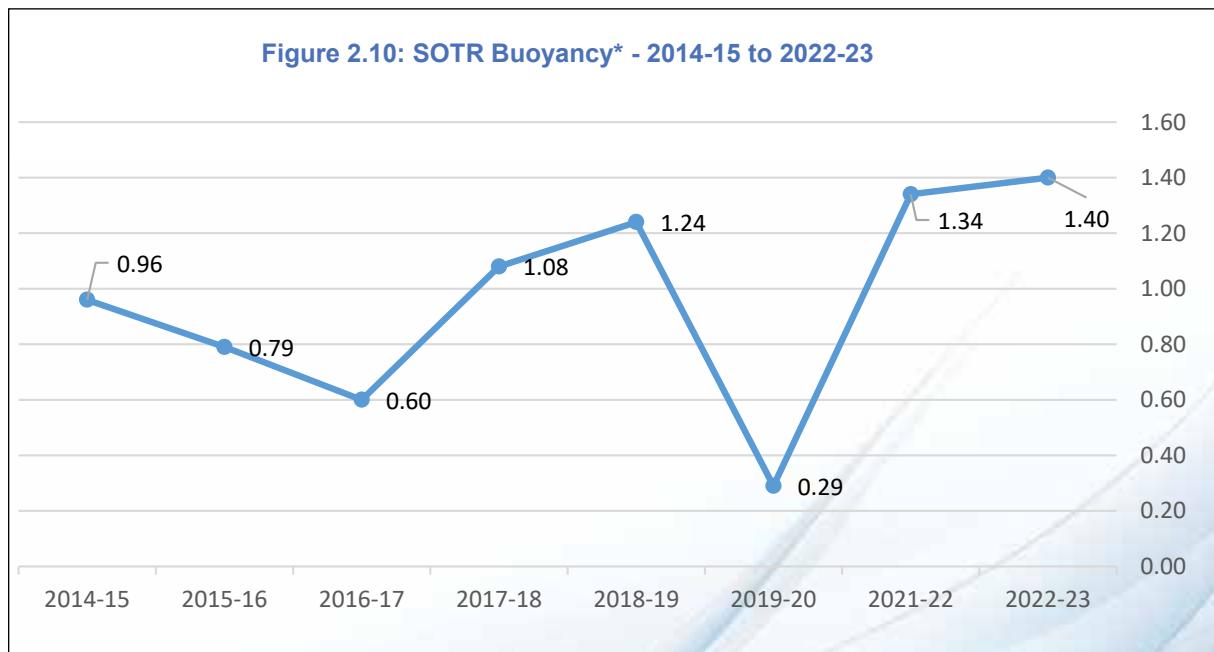

**2.22** In FY 2022-23, top seven States, which had SOTR of 50 percent or more of their respective revenue receipts included Haryana (71%), Maharashtra (68%), Telangana (67%), Karnataka (63%), Gujarat (63%), Tamil Nadu (62%) and Kerala (54%). SOTR of lowest seven States of Arunachal Pradesh, Manipur, Meghalaya, Mizoram, Nagaland, Sikkim and Tripura was less than 20 percent of their total revenue receipts.

**2.23** Buoyancy ratio is the degree of responsiveness of a fiscal variable (e.g., SOTR), corresponding to a given change in the base variable (e.g., GSDP). Buoyancy of the SOTR indicates the ratio of the rate of growth of SOTR vis-à-vis the rate of growth of GSDP. In 2022-23, buoyancy ratio of the SOTR of the States was 1.40. It was 0.96 in FY 2014-15, and has varied between 0.29 (2019-20) to 1.40 (2022-23). The figure for 2020-21 has been excluded, as there was decline in both SOTR and GSDP.

**Table 2.6: Buoyancy of SOTR in FY 2022-23 (₹ crore)**

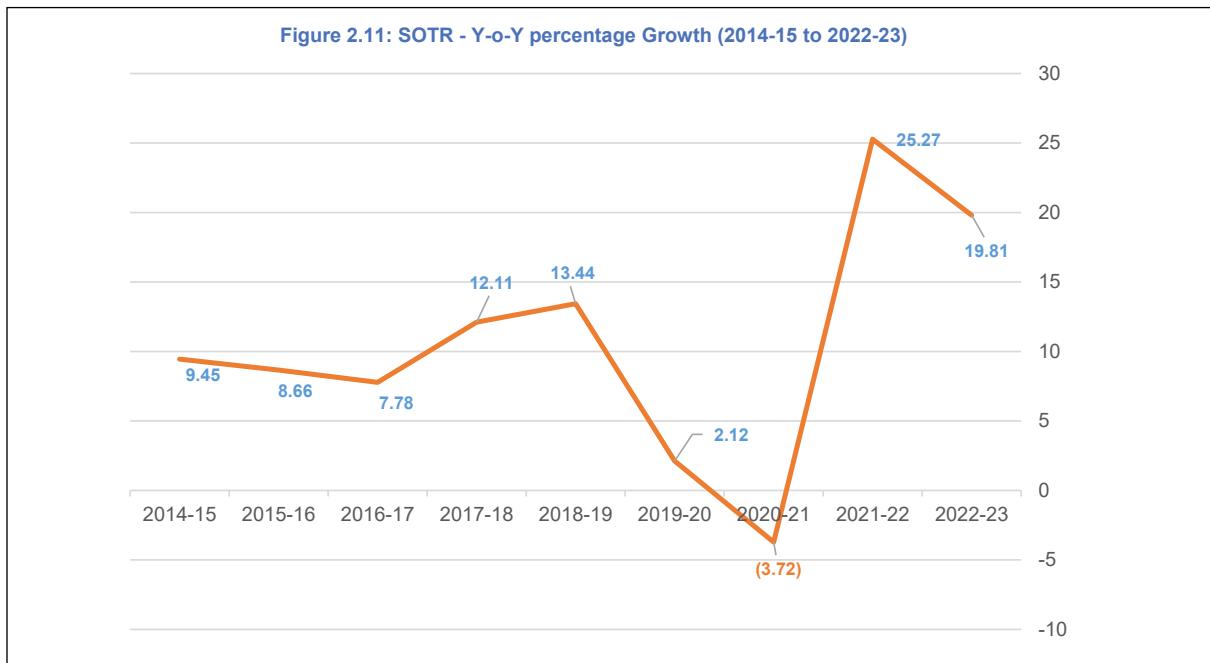

Components	SOTR (2021-22)	SOTR (2022-23)	Rate of growth of SOTR in 2022-23	GSDP (2021-22)	GSDP (2022-23)	Rate of growth of GSDP in 2022-23	SOTR buoyancy ratio
a	b	c	d (c-b) / b*100	e	f	g (f-e) / e*100	h (d/g)
SOTR	14,17,820	16,98,675	19.81	2,27,47,753	2,59,57,705	14.11	1.40

**2.24** During the year 2014-15 to 2016-17, SOTR buoyancy was below one. Between FY 2017-18 and 2022-23, it has been greater than one, except in the year 2019-20, when it was 0.29.

\*FY 2020-21 being COVID year has been excluded from SOTR Buoyancy calculation.

**2.25** SOTR grew by 9.45 percent in FY 2014-15 compared with FY 2013-14 and by 19.81 percent in FY 2022-23 compared with FY 2021-22.

### States' Non-Tax Revenue (SNTR)

**2.26** States' Non-Tax Revenue (SNTR) comprises receipts from fiscal services such as from interest, dividends and profits; general services receipts such as fees and fines, rents, recovery of charges from works, irrigation, etc., sale of land and property, social services fees and receipts; economic services proceeds, such as from licenses, user charges, forest proceeds, irrigation and hydel project proceeds, mineral concession, fees, fines and royalties, unclaimed deposits, etc.

**2.27** In FY 2022-23, the share of the SNTR of all the States constituted 7.80 percent of their total revenue receipts and 1.06 percent of the combined GSDP. SNTR of only eight States namely, Odisha (28.39%), Goa (22.38%), Chhattisgarh (16.24%), Jharkhand (15.99%), Telangana (12.27%), Sikkim (12.05%), Kerala (11.39%) and Rajasthan (10.55%) was over 10 percent of their revenue receipts.

**Table 2.7: Share of components in SNTR (2022-23) (₹ crore)**

<b>States' Non Tax Revenue: 2022-23</b>			
<b>Description</b>	<b>Amount</b>	<b>Percentage of Total Receipts</b>	<b>Percentage of GSDP</b>
Interest, Dividends & Profit	27,373	0.78	0.11
Mineral, Petroleum related Receipts	1,23,209	3.51	0.47
Other SNTR	1,23,418	3.51	0.48
Total SNTR	2,74,000	7.80	1.06
<b>Total Revenue Receipts</b>	<b>35,13,095</b>		
<b>GSDP</b>	<b>2,59,57,705</b>		

**2.28** As can be seen from the Table 2.8, in general, for the top six States with SNTR contributing 10 to 28 percent in their total revenue receipts, major components of SNTR are proceeds from mining concession, minerals and metallurgy, interest and dividends, employee insurance, guarantee fee, interest on unspent balances with grantees, fees, etc., proceeds from forest and wildlife, irrigation projects (major, medium and minor projects). An analysis of the top six States with highest share of SNTR in the total receipts in 2022-23 shows that for Odisha, Chhattisgarh, Jharkhand, Telangana and Rajasthan, proceeds of mineral concessions, mining royalties, fees and fines is the major contributor. In the case of Odisha, Royalty, etc. receipts from Minerals at ₹38,078 crore in FY 2022-23 contributed to 89.13 percent of its SNTR and 81.79 percent of SOTR. In addition, interest and dividends, irrigation and forest proceeds also contributed to SNTR. Further, while Rajasthan received ₹4,889 crore as petroleum royalty and ₹718 crore from police and public works; Kerala's SNTR in 2022-23 of ₹11,893 crore was largely from State lotteries; Telangana received ₹9,800 crore from sale of land and miscellaneous receipts and ₹343 crore from education, sports, art and culture functions.

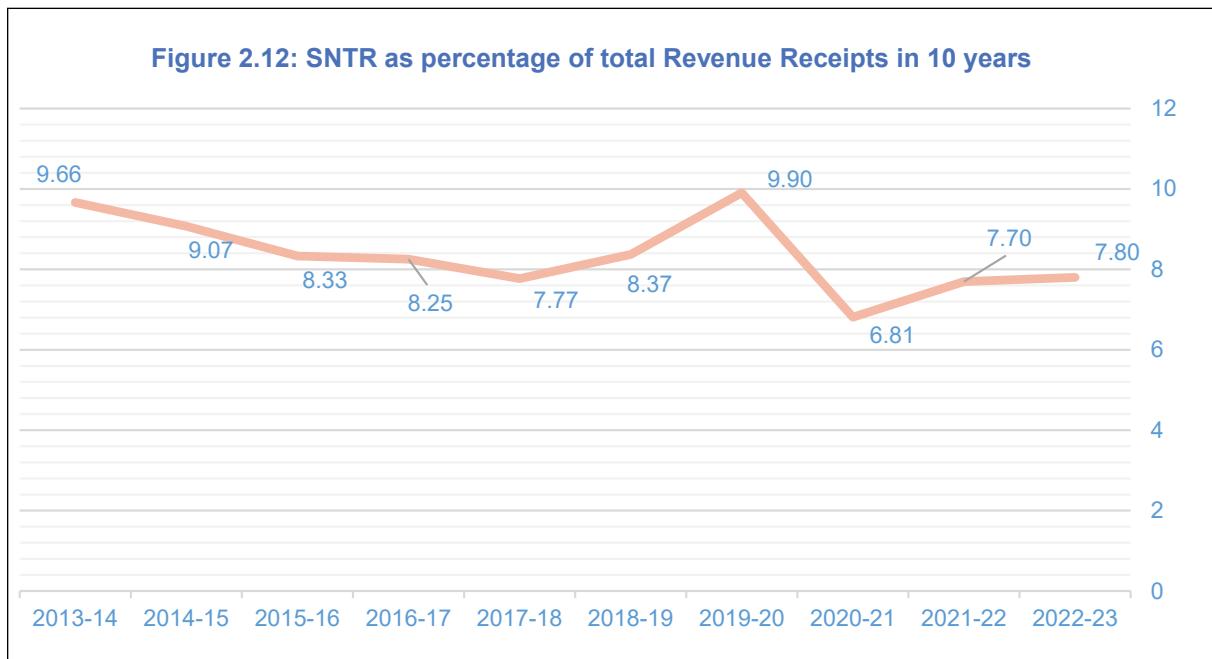

**Table 2.8: Share of components in SNTR of top six States with SNTR above 10 percent or more of total revenue receipts (2022-23) (₹ crore)**

Components	Odisha	Chhattisgarh	Jharkhand	Telangana	Kerala	Rajasthan
Interest & Dividends	2,241	207	282	346	221	2,059
Employee State Insurance	73	11	86	227	249	104
Water Supply & Sanitation	71	1	10	2	0	156
Misc. Receipts (Guarantee fee, interest on unspent balances, sale of land, fees)	571	83	1,172	9,800^	339	2,971
Forestry, Environment & Wildlife	24	856	638	305	291	173
Irrigation	924	731	84	149	84	196
Royalties etc. from Minerals/ Metallurgy & Petroleum	38,078	12,941	10,036	7,494	341	12,102*
State Lotteries	0	0	0	0	11,893	0
Education, Sports, Art and Culture	67	29	6	343	282	130
Ports	195	0	0	0	16	0
Police, Public Work etc.	208	63	62	182	247	718
Total of components (1)	42,451	14,922	12,374	18,847	13,962	18,610
<b>Total SNTR of the State (2)</b>	<b>42,720</b>	<b>15,248</b>	<b>12,830</b>	<b>19,554</b>	<b>15,118</b>	<b>20,564</b>
SNTR as percentage of total revenue receipts of the State	28.39	16.24	15.99	12.27	11.39	10.55
(1) as percentage of (2)	99.37	97.86	96.45	96.38	92.35	90.50

^ Telangana received ₹9,800 crore from sale of land and miscellaneous receipts

\* Rajasthan received ₹4,889 crore as petroleum royalty

**2.29** During the period of 2013-14 and 2022-23, the share of SNTR as percentage of the total revenue receipts of the year has varied between the lowest of 6.81 percent in FY 2020-21 to the highest of 9.90 percent in FY 2019-20. During the same period, receipts from Interest and Dividends showed no increase in real terms, pointing to a decline. Other Non-Tax revenues showed a steady increase from ₹1,00,852 crore in FY 2013-14 to ₹2,46,627 crore in FY 2022-23, primarily due to the spurt in receipts from Minerals. *Annexure 2* brings out the State-wise 10 year details.

### States' Capital Receipts

**2.30** States' capital receipts comprise three sources of debt and non-debt segments, namely, miscellaneous capital receipts i.e., proceeds of divestment of equity, value of bonus share, proceeds of asset monetisation / retirement of capital; recoveries of loans and advances given by the State Governments and public debt receipts. Public debt receipts include internal debt of market borrowings and loans and advances from the Government of India. *Annexure 3* brings out the State-wise 10 year details of Capital receipts.

**2.31** In FY 2022-23, total capital receipts of ₹13,65,450 crore of all the States from different components is brought out in Table 2.9. As evident, debt capital receipts comprised 99.33 percent of the total capital receipts.

**Table 2.9: Capital Receipts of the States in 2022-23 (₹ crore)**

Capital Receipts	Amount	Percentage of the Total Capital Receipts	Percentage of GSDP
Miscellaneous Capital Receipts	711	0.05	0.003
Recoveries of Loans & Advances	8,442	0.62	0.03
Loans & Advances from Central Govt.	1,09,422	8.01	0.42
Internal Debt Receipts	12,46,875	91.32	4.80
<b>Total</b>	<b>13,65,450</b>		<b>5.26</b>
<b>GSDP</b>	<b>2,59,57,705</b>		

**2.32** Miscellaneous capital receipts in FY 2022-23 was negligible compared with the total receipts. This was also the case in previous years in most States. During the period 2013-14 to 2022-23, miscellaneous capital receipts has been a low of ₹174 crore in 2017-18 and a high of ₹10,147 crore in FY 2020-21. Table 2.10 gives a snapshot of the quantum of miscellaneous capital receipts arising from retirement of capital / disinvestment of Equity, value of bonus share, proceeds of monetisation, etc.

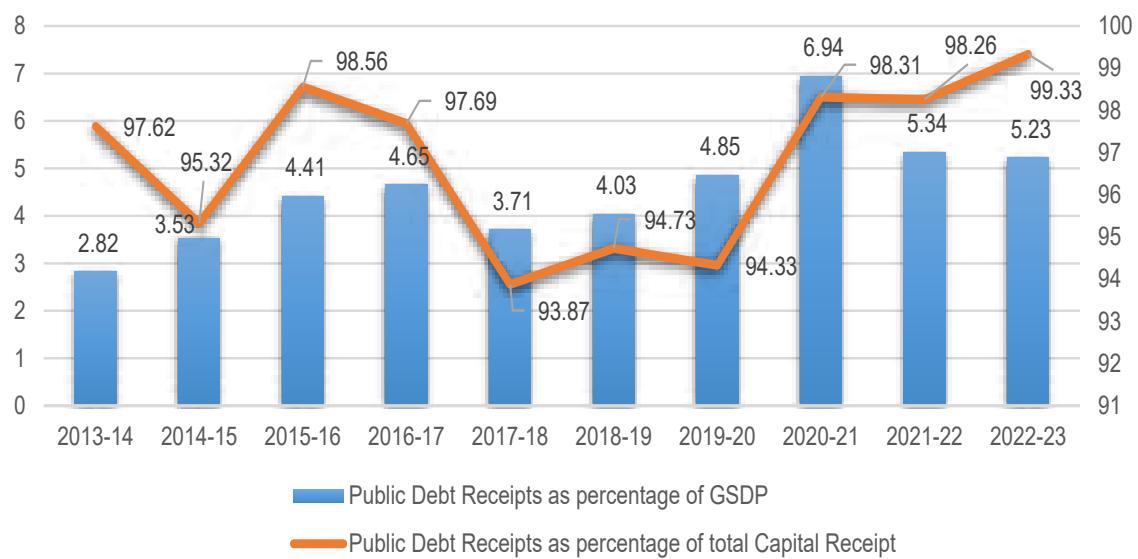

**Table 2.10: Share of major States in Capital Receipts (2013-14 to 2022-23) (₹ crore)**

Year	Total Misc. Capital Receipts (MCR)	Major Share (Top two States)		% of total MCR
2022-23	711	Nagaland	450	63.29
		Haryana	74	10.41
2021-22	1,773	Madhya Pradesh	1,598	90.13
		Haryana	67	3.78
2020-21	10,147	Gujarat	9,968	98.24
		Haryana	63	0.62
2019-20	274	Gujarat	106	38.69
		Haryana	54	19.71
2018-19	894	West Bengal	692	77.40
		Gujarat	65	7.27
2017-18	174	Haryana	40	22.99
		Himachal Pradesh	35	20.11
2016-17	379	Gujarat	240	63.32
		Kerala	30	7.92
2015-16	1,134	West Bengal	653	57.58
		Karnataka	352	31.04
2014-15	1,146	Himachal Pradesh	650	56.72
		Gujarat	241	21.03

		Karnataka	88	24.44

### Debt Receipts of the State

**2.33** Total public debt receipts of ₹13,56,297 crore of the States in FY 2022-23 were 99.33 percent of the total debt and non-debt capital receipts of the States and 5.23 percent of the combined GSDP. During 2013-14 to 2022-23, public debt capital receipts, as a percentage of total debt and non-debt capital receipts, have ranged between 94 to 99 percent. As percentage of combined GSDP, the total public debt receipts ranged between three (in FY 2013-14) to seven (in FY 2020-21) percent during the same period. During the period, Internal Debt Receipts rose steadily from ₹ 2,87,259 crore in FY 2013-14 to ₹ 12,46,875 crore in FY 2022-23. Loans & Advances to States from the Centre witnessed a sharp increase in three year period beginning FY 2020-21 mainly on account of Back-to-Back Loans to States/UTs in lieu of GST Compensation Shortfall and Special Assistance as Loan to States for Capital Expenditure.

**Figure 2.13: Debt Capital Receipts and total Capital Receipts 2013-14 to 2022-23**

# Chapter 3

## Expenditure of the States

# Expenditure of the States

## Overview of Expenditure by States

- 3.1** Between 2013-14 to 2022-23, the share of budgetary spending, revenue and capital expenditure<sup>9</sup> of the States, on an average, ranged between a low of 15.10 percent of the combined GSDP in FY 2013-14 to a high of 17.54 percent in FY 2016-17; and was 16.35 percent of GSDP in FY 2022-23. In the federal structure, the States are responsible for functions assigned to them by the Constitution of India under the State List of the Seventh Schedule. They are also responsible for areas, as relevant, under the Concurrent List. Delivery of goods and services and governance functions of the State require budgetary expenditure. The States also execute the Centrally Sponsored Schemes (CSSs), conceptualized and designed by the Union Government with shared funding pattern, between the Union and the States, through their agencies. The sharing pattern of the CSSs is based on understanding of the States as general category States and other States (e.g., border and hilly areas or with specific requirements).
- 3.2** The combined budgetary spending of the States and Union Government (revenue and capital expenditure) of the Union and the States during the period 2013-14 to 2022-23 was in the range of 29.98 percent (2013-14) to 36.28 percent of the GDP (2020-21); being 32.70 percent of the GDP in FY 2022-23.

**Table 3.1: Budgetary Expenditure of Governments (2013-14 to 2022-23)**

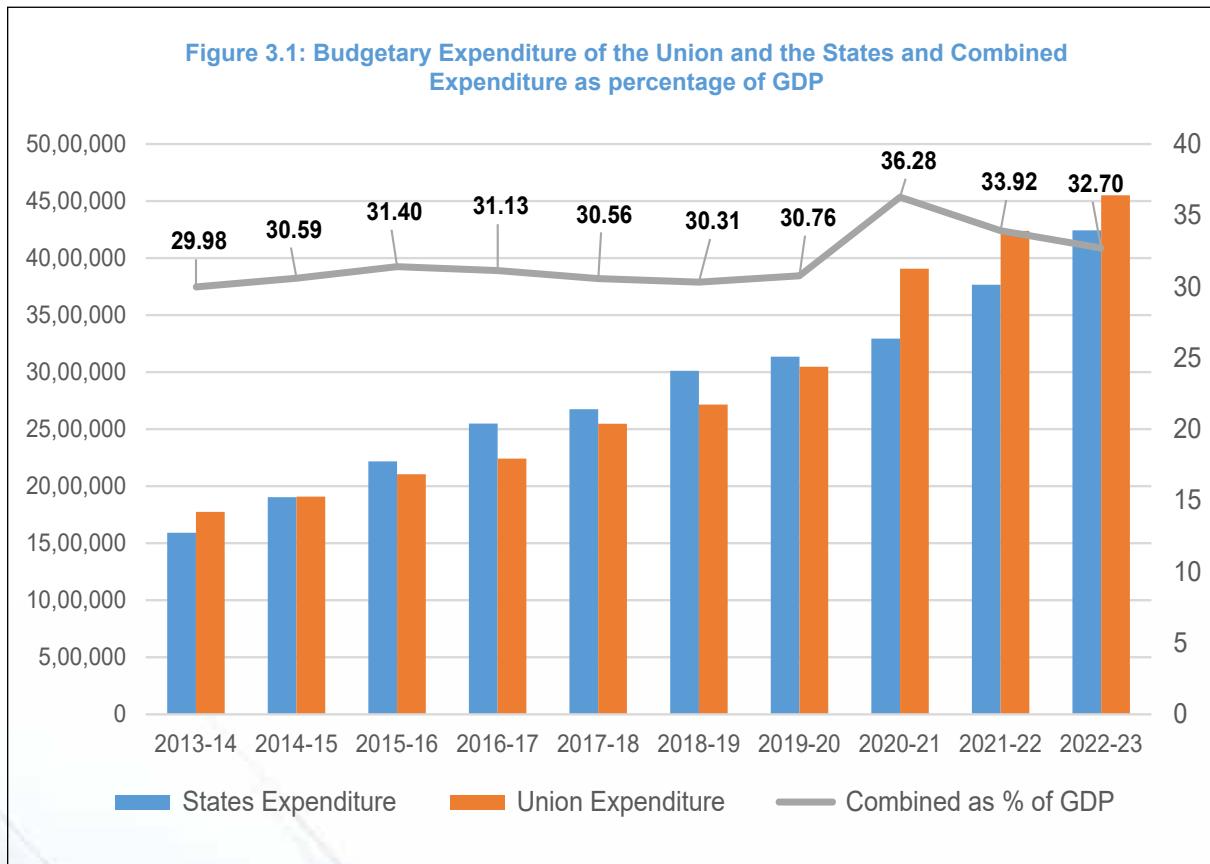

(₹ crore)	2013-14	2014-15	2015-16	2016-17	2017-18	2018-19	2019-20	2020-21	2021-22	2022-23
States Expenditure	15,92,642	19,04,272	22,18,024	25,48,788	26,74,809	30,12,218	31,35,956	32,94,708	37,65,774	42,43,920
GSDP	1,05,49,037	1,15,90,365	1,28,62,410	1,45,32,004	1,61,65,448	1,79,17,905	1,92,33,493	1,91,49,179	2,27,47,753	2,59,57,705
States Expenditure as % of GSDP	15.10	16.43	17.24	17.54	16.55	16.81	16.30	17.21	16.55	16.35
Union Expenditure	17,74,941	19,09,144	21,05,667	22,42,501	25,47,336	27,15,761	30,48,206	39,07,646	42,38,533	45,50,514
Total Expenditure (Union & States)	33,67,583	38,13,416	43,23,691	47,91,289	52,22,145	57,27,979	61,84,162	72,02,354	80,04,307	87,94,434
GDP	1,12,33,522	1,24,67,959	1,37,71,874	1,53,91,669	1,70,90,042	1,88,99,668	2,01,03,593	1,98,54,096	2,35,97,399	2,68,90,473
Total Expenditure of Union & States as % of GDP	29.98	30.59	31.40	31.13	30.56	30.31	30.76	36.28	33.92	32.70

- 3.3** The expenditure of the States comprises revenue expenditure and capital expenditure. Revenue expenditure relates to charges on maintenance, repair, upkeep and working expenses, which are required to maintain the assets in a running order as also all other expenses incurred for the day to day running of the organisation, including establishment

<sup>9</sup> Capital expenditure here excludes spending on debt repayment but includes disbursement of loans and advances by the States.

and administrative expenses. Capital expenditure includes significant expenditure incurred with the object of acquiring tangible assets of a permanent nature for use in the organisation and not for sale in the ordinary course of business or enhancing the utility of existing assets and for repayment of debt and extending loans and advances. Both, revenue expenditure and capital expenditure, are classified as per the functions falling under general services, social services and economic services. All expenditure under the three categories of services are classified as per functions (functional classification), programmes, schemes and object of expenditure (economic classification).

- 3.4** Figure 3.1 brings out the pattern of the budgetary spending of the Union and the State Governments for 10 year period (2013-14 to 2022-23). It shows that the combined spending of the State Governments, more or less, remains close to the spending of the Union Government<sup>10</sup>. The combined expenditure of the Union Government and the State Governments has been hovering around a third of the GDP over the 10 year period (29.98 percent in FY 2013-14 and 32.70 percent of GDP in FY 2022-23; highest being 36.28 percent of GDP, possibly due to decline in the GDP in the COVID year of 2020-21).

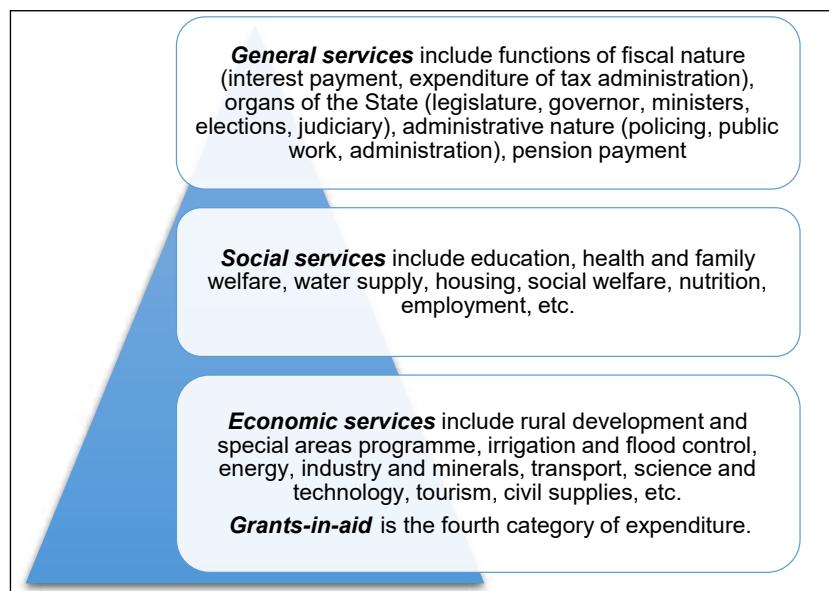

## Sectoral Expenditure

- 3.5** Revenue and capital expenditure under General, Social and Economic services as well as

<sup>10</sup> Spending of the Union Government also includes grants and transfers to States, which are also used for spending by the States, and that if netted, would reduce the figure of spending of the one, either the Union or the States.

Grants-in-Aid are shown in the figure below:

- 3.6** In FY 2022-23, the combined expenditure (revenue and capital) of the States was ₹42,43,920 crore. Sectoral expenditure, revenue and capital, in FY 2022-23 was as follows.

**Table 3.2: Sectoral Expenditure of the States in FY 2022-23 (₹ crore)**

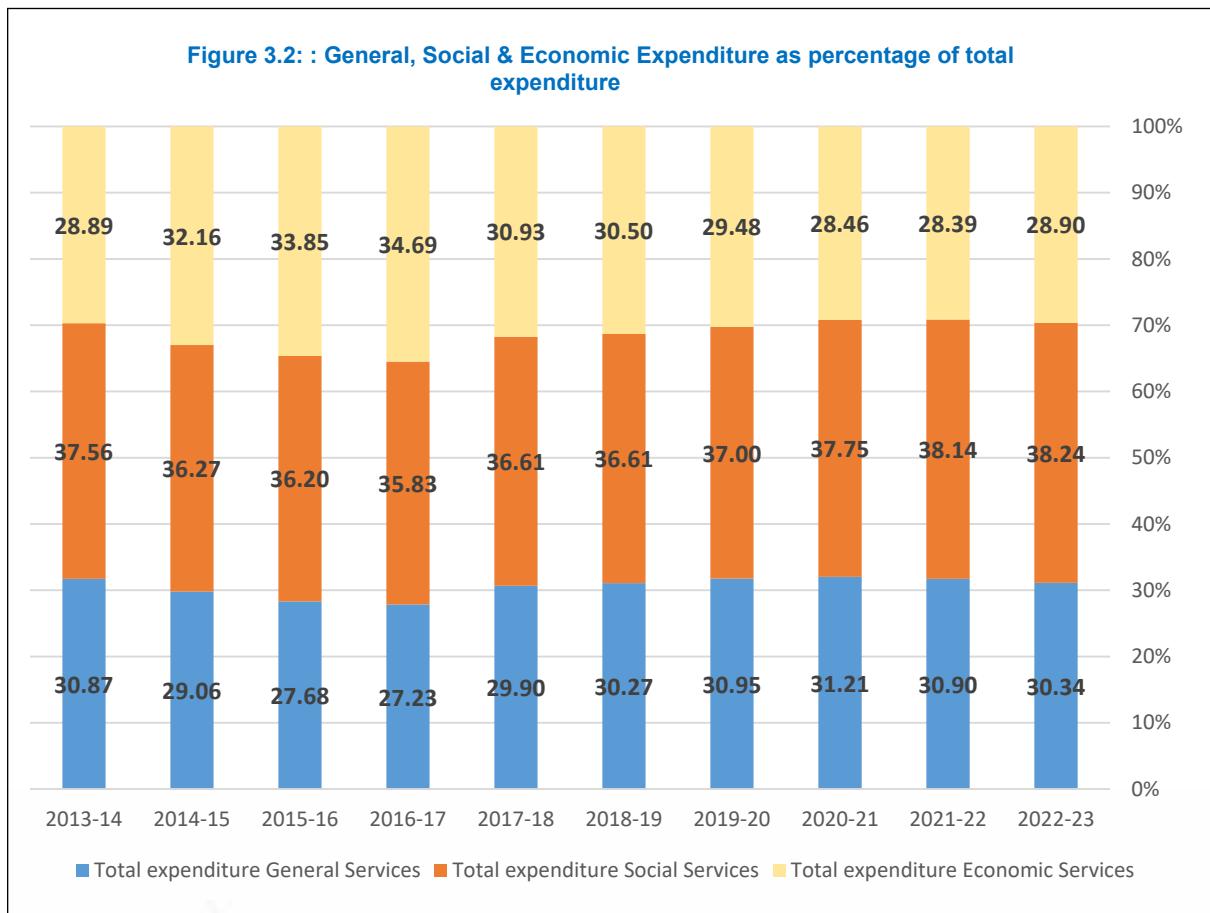

States' expenditure	General Sector	Combined		Others (Compensation & Assignment, Grants-in-aid, and Loans & Advances to others)	Total
		Social Sector	Economic Sector		
Sectoral Revenue Expenditure	12,54,668	14,31,121	8,05,256	1,04,691	35,95,736
Sectoral Capital Expenditure	32,728	1,91,764	4,21,447	2,245	6,48,184
Total	12,87,396	16,22,885	12,26,703	1,06,936	42,43,920
Sectoral Revenue expenditure as % of Revenue Expenditure	34.89	39.80	22.39	2.91	100
Sectoral Capital expenditure as % of Capital Expenditure	5.05	29.58	65.02	0.35	100
Sectoral Revenue Expenditure as % of GSDP	4.83	5.51	3.10	0.40	13.85
Sectoral Capital Expenditure as % of GSDP	0.13	0.74	1.62	0.01	2.50

- 3.7** In FY 2022-23, the total expenditure on General Sector, Social Sector and Economic Sector accounted for 30.34 percent, 38.24 percent and 28.90 percent respectively of the total expenditure of ₹42,43,920 crore<sup>11</sup>. The inter-se composition of expenditure reveals a marked variation. Capital expenditure, as a percentage of each sector's expenditure,

<sup>11</sup> Remaining 2.52 percent being on grants-in-aid and other loans not falling under any specific sector.

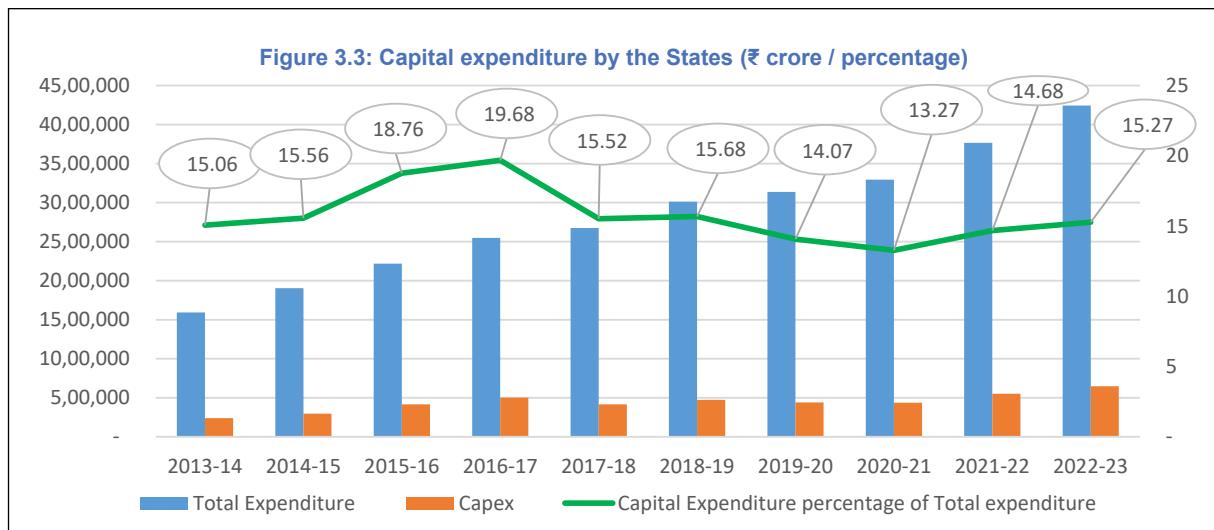

was 5.05 percent, 29.58 percent and 65.02 percent in General, Social and Economic Sectors respectively. This composition of expenditure indicates that economic sector involving infrastructure, industry and trade receive larger capital infusion. On the other hand, general sector including administration, fiscal related expenditure is essentially of revenue nature.

The total social and economic sectors expenditure (revenue and capital of ₹28,49,588 crore) was 67 percent of the total expenditure of ₹42,43,920 crore for all the States in FY 2022-23. For the 10 year period of 2013-14 to 2022-23, the social and economic sectors expenditure of all the States has been in the range of 66 percent to 71 percent of the combined total expenditure. *Annexure 6* and *7* bring out the State-wise 10 year details of Sectoral Revenue and Capital Expenditure respectively.

## Capital Expenditure

- 3.8** In FY 2022-23, capital expenditure was 15.27 percent of the total expenditure by the States, the remaining 84.73 percent being revenue expenditure. During the 10 year period, a spurt in share of capital expenditure was evident in FY 2015-16 and 2016-17. The increase in capital expenditure in these two financial years is attributable to investments by the States in equity of power sector State Public Sector Undertakings and also advancing of loans to power sector undertakings, on taking over 75 percent of debts of State-owned Power Distribution Companies under Ujwal DISCOM Assurance Yojana (UDAY) scheme by 14 State Governments.

**3.9** On an average, capital expenditure of the States has remained in the range of 13 – 20 percent of the total budgetary spending in the 10 year period of 2013-14 to 2022-23; the highest being 19.68 percent in FY 2016-17 and the lowest of 13.27 percent in FY 2020-21. A comparison of the total budgetary spending and the share of capital spending in FY 2022-23 over FY 2013-14 suggests that the increase in the volume of budgetary spending by 2.66 times in FY 2022-23 over FY 2013-14 almost followed the same for the capital spending, which increased by 2.70 times. This indicates some linearity in the expenditure outturns. *Annexure 4* brings out the State-wise trend in capital expenditure during the 10 year period.

**3.10** Government of India provided special assistance as loan to States for capital expenditure since FY 2020-21. Total capex transfers up to FY 2022-23 were ₹1,07,211 crore; of which ₹81,195 crore were in FY 2022-23. States' capital expenditure in FY 2021-22 was ₹5,52,637 crore and in FY 2022-23, ₹6,48,184 crore; an increase of ₹95,547 crore in capex in FY 2022-23 over FY 2021-22. Augmentation in capex by the States in FY 2022-23 from its own resources was ₹14,352 crore only, if central loans of ₹81,195 crore for capex are excluded.

### Expenditure by Functional Category

**3.11** Classification of transactions by the Governments in India at the functional level follows Classification of Functions of the Government (COFOG), which applies uniformly at the Union and the States. As such, functions and activities relating to, for example, Education, Health and Family Welfare, Social Security and Welfare, Policing, Public Works, Forestry and Wild Life, Irrigation, Public Health and Sanitation, etc. should bear the same nomenclature across the Governments. A two-dimensional view of the expenditure of the States can show the functions, which are consuming most of the revenue and capital expenditure and the purpose for which they are being spent within the function.

The major share (58.41 percent) in the overall expenditure in FY 2022-23 was on nine functions namely, Education, Sports, Art and Culture; Health & Family Welfare; Agriculture and Allied activities; Energy; Housing & Urban Development; Transport;

Rural Development; Police and Social Welfare & Nutrition. Their corresponding share in revenue expenditure was 57.83 percent of the total revenue expenditure and 61.64 percent in total capital expenditure. If capital expenditure under Irrigation & Flood Control (16.40 per cent) and Water Supply & Sanitation (8.19 percent) is added, total share of 11 functions was 86.23 percent of the capital expenditure. In sectoral terms, social sector and economic sector revenue expenditure was about 62 percent of the total revenue expenditure, while social sector and economic sector capital expenditure was about 95 percent of the total capital expenditure. The dominant purposes within the functions on which most of the revenue expenditure is incurred include salary and pension payments (across most of the functions), cash transfers and subsides (e.g., functions focussing on welfare, social security and targeted groups including housing schemes, transport concessions, subsidised power, drinking water, food and provisions), employment generation and grants to local bodies (e.g., rural development – grants to PRIs/ULBs, / MGNREGA Scheme).

**3.12** In FY 2022-23, the following 18 functions, excluding residuary functions named ‘Others’, accounted for about 72 percent of the total expenditure (68 percent of the total revenue expenditure and 95 percent of the total capital expenditure) of the States. Table 3.3 depicts the percentage of share of top spending functions in revenue and capital expenditure. *Annexure 8* and *9* bring out the State-wise 10 year details of function-wise Revenue and Capital Expenditure respectively.

**Table 3.3: Share of different functions in expenditure in FY 2022-23 (percentage of respective expenditure category) (₹ crore)**

Functions	Share in Revenue Expenditure	% share in Revenue Expenditure	Share in Capital Expenditure (including loans & advances)	% share in Capital Expenditure (including loans & advances)	Total Share	Percentage share in Total Expenditure
Police	1,65,433	4.60	8,488	1.31	1,73,921	4.10
Public Works	12,544	0.35	16,785	2.59	29,329	0.69
Education, Sports, Art & Culture	6,20,856	17.27	24,467	3.77	6,45,323	15.21

Others	11,58,450	32.22	32,523	5.02	11,90,973	28.06
<b>Total</b>	<b>35,95,736</b>	<b>100</b>	<b>6,48,184</b>	<b>100</b>	<b>42,43,920</b>	<b>100</b>

## Revenue Expenditure: Composition & Nature

**3.13** During the 10 year period of 2013-14 to 2022-23, revenue expenditure by the States constituted 80-87 percent of the total expenditure and as percentage of combined GSDP, it was about 13-15 percent. In FY 2022-23, revenue expenditure was 84.73 percent of total expenditure and 13.85 percent of combined GSDP. A large share of the revenue expenditure is either committed or tied up. Salaries, pensions, and interest payments on public debt and liabilities, are treated as ‘committed expenditure’. In FY 2022-23, out of the total revenue expenditure of ₹ 35,95,736 crore, the committed expenditure was ₹15,63,649 crore; it was ₹3,09,625 crore on subsidies and ₹11,26,486 crore on grants-in-aid. These three components totalling ₹29,99,760 crore together constituted more than 83% of total revenue expenditure.

## Committed Expenditure and Subsidies

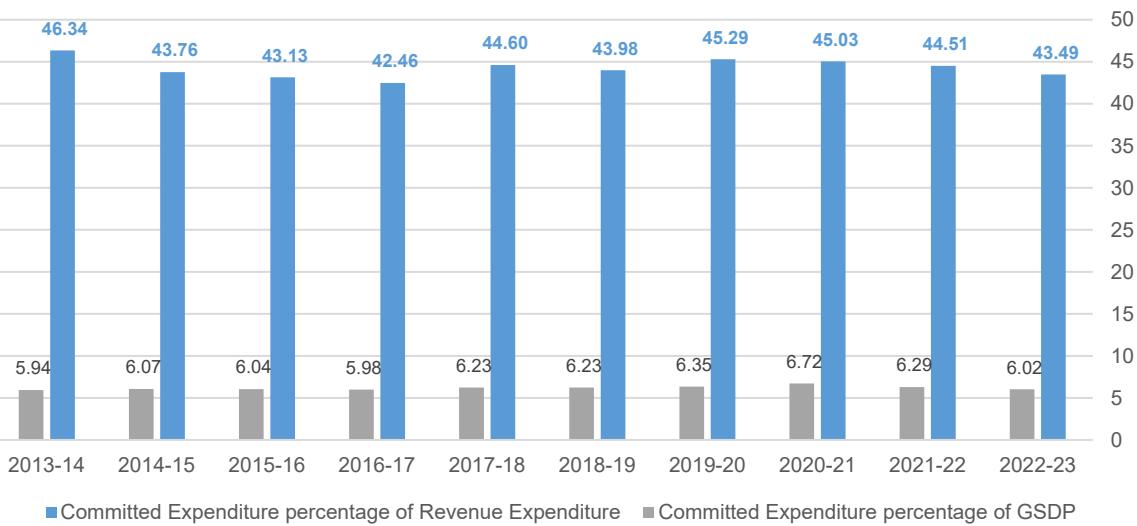

**3.14** Committed expenditure and subsidy in the 10 year period of 2013-14 to 2022-23, on an average constituted 52 percent of the revenue expenditure; with a low of 50.55 percent in FY 2016-17 to a high of 53.47 percent in FY 2013-14. In FY 2022-23, committed expenditure, as percentage of the revenue expenditure, was 43.49 percent and expenditure on subsidy was 8.61 percent. Out of the total revenue expenditure of ₹ 35,95,736 crore, their share was ₹ 18,73,274 crore; or about 52.10 percent of revenue expenditure.

**Table 3.4: Share of Committed Expenditure and Subsidies in FY 2022-23 (₹ crore)**

2022-23	
Revenue Expenditure	35,95,736
Committed Expenditure & Subsidies	18,73,274
(1) Committed Expenditure	15,63,649
<i>Salaries</i>	6,65,351
<i>Pensions</i>	4,52,100
<i>Interest</i>	4,46,198
<i>Percentage of Revenue Expenditure</i>	43.49
(2) Expenditure on Subsidies	3,09,625
<i>Subsidies</i>	3,09,625
<i>Percentage of Revenue Expenditure</i>	8.61
<i>Committed Expenditure &amp; Subsidies as % of Revenue Expenditure</i>	52.10

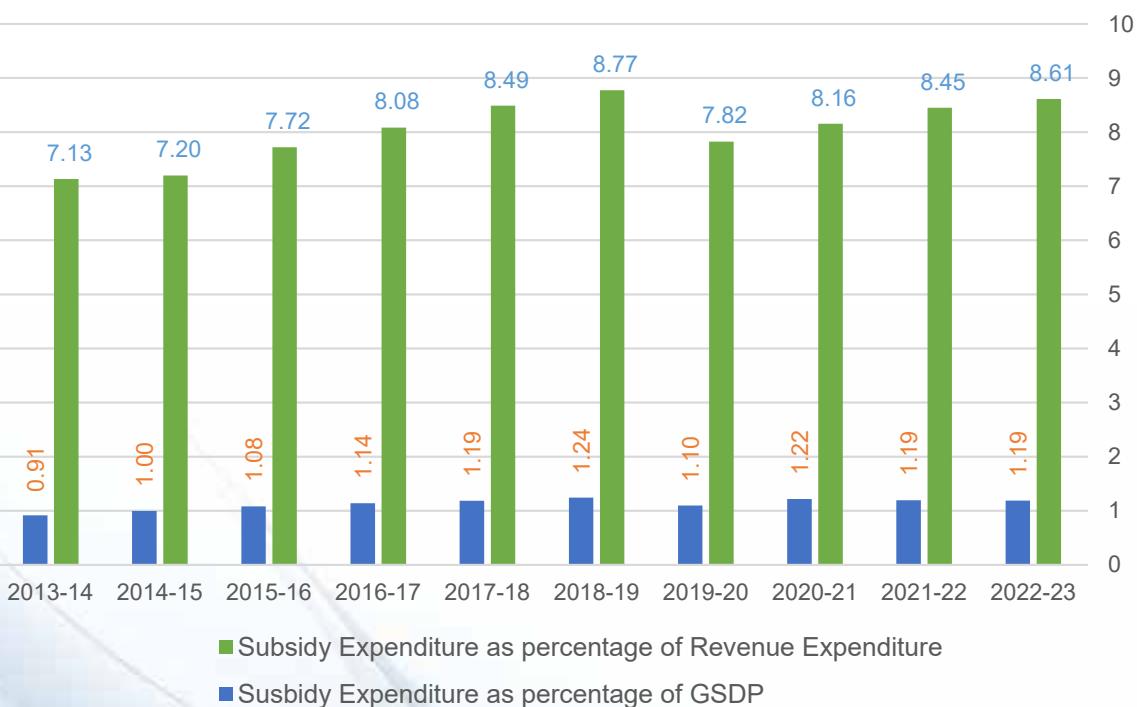

**3.15** During the period 2013-14 to 2022-23, the share of committed expenditure has remained above 42 percent of the revenue expenditure and above 6 percent of the GSDP (except in 2013-14 and 2016-17).

**Figure 3.4: Committed Expenditure as percentage of Revenue Expenditure and GSDP**

**3.16** During the period 2016-17 to 2022-23, the share of subsidy expenditure has remained above eight percent of the revenue expenditure except in FY 2019-20 (7.82) and above one percent of the GSDP since FY 2015-16.

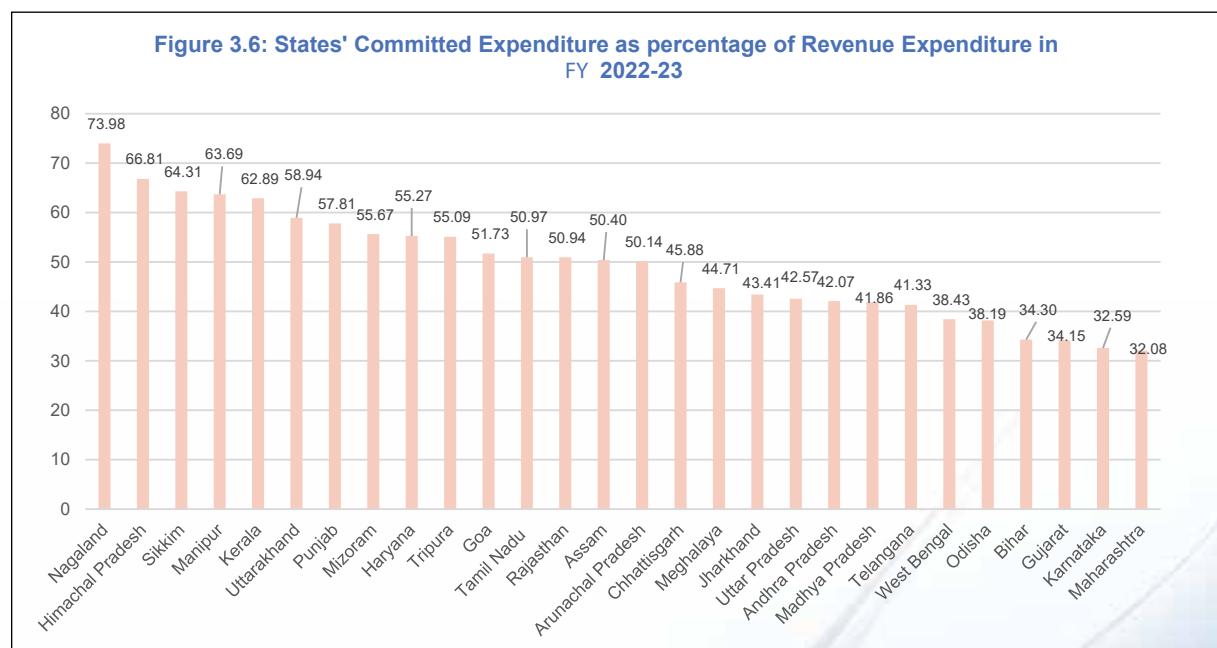

**Figure 3.5: Subsidy expenditure as percentage of Revenue Expenditure and GSDP**

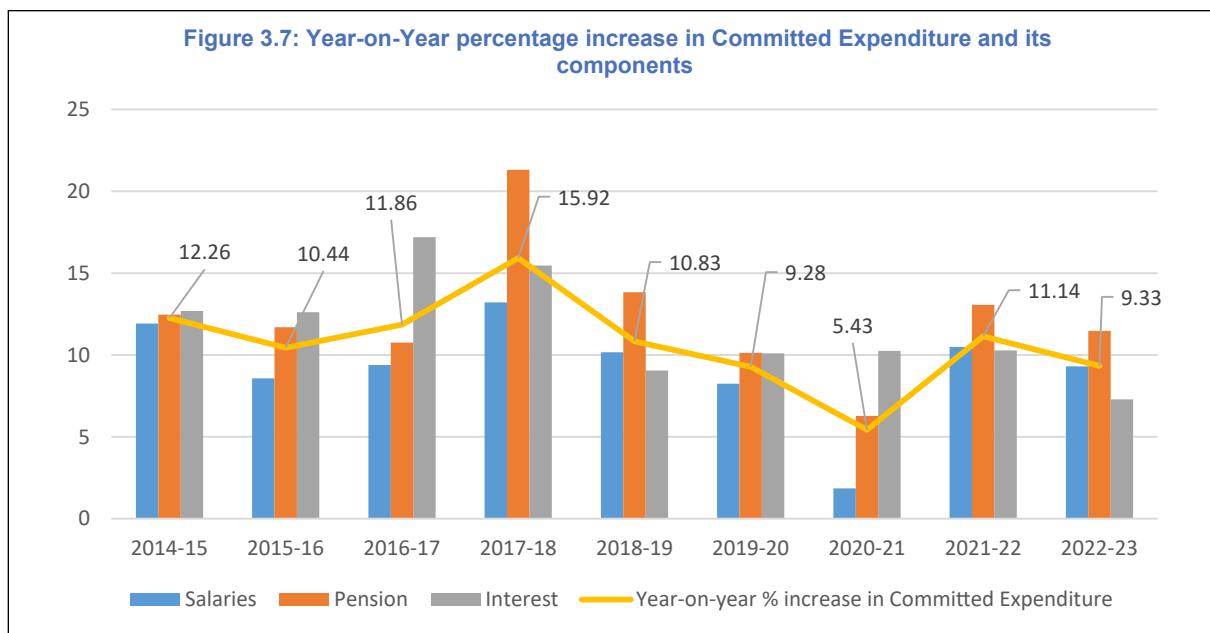

**3.17** Committed expenditure on salaries, pensions and interest payment was ₹6,26,849 crore in FY 2013-14 for all the States, which went up to ₹15,63,649 crore in FY 2022-23. Expenditure on subsidy, which was ₹96,479 crore in FY 2013-14 for all the States went up to ₹3,09,625 crore for the States in FY 2022-23. Over the period 2013-14 to 2022-23, revenue expenditure increased by 2.66 times, committed expenditure increased by 2.49 times, and subsidy increased by 3.21 times. *Annexure 5* brings out the State-wise details of each component of Committed Expenditure for the 10 year period of 2013-14 to 2022-23.

**3.18** As depicted in Figure 3.6, in FY 2022-23, committed expenditure as percentage of revenue expenditure of the respective State varied from being as high as 74 percent for Nagaland to 32 percent for Maharashtra. In 15 States, committed expenditure was over 50 percent of their revenue expenditure in FY 2022-23. In seven States, committed expenditure was over 40 percent but less than 50 percent of their revenue expenditure and in six States committed expenditure was below 40 percent of their revenue expenditure in FY 2022-23.

**3.19** Salaries constituted the largest component, followed by pensionary expenditure and then, by interest payment. This was the case in 2022-23 for 19 States. In nine States, however, interest payment was higher than pensionary expenditure (Andhra Pradesh, Gujarat, Haryana, Karnataka, Punjab, Rajasthan, Tamil Nadu, Telangana and West Bengal) indicating relatively higher debt servicing requirements. However, during the previous nine year period from FY 2013-14 to 2021-22, the interest payment was the second largest component of the committed expenditure after salaries.

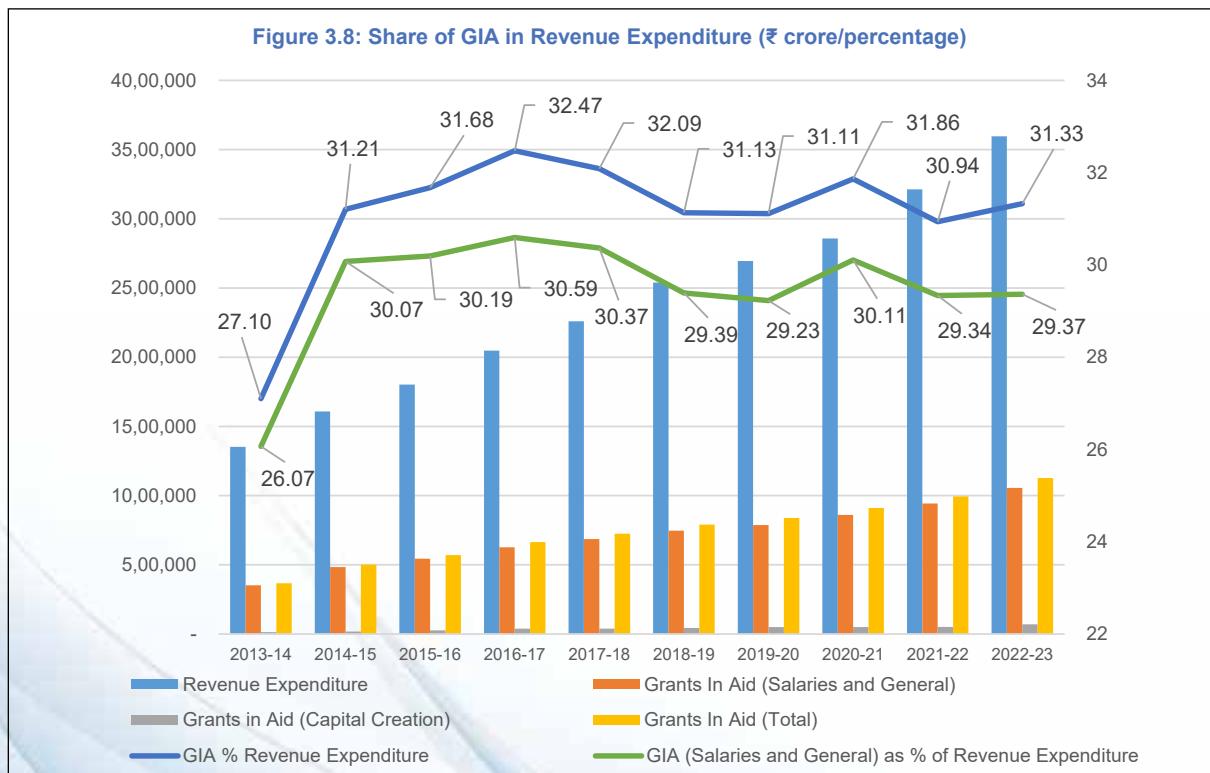

**3.20** Committed expenditure, combining the three components, increased on an average, by 10.72 percent year on year (Y-o-Y), highest being 15.92 percent in FY 2017-18 due to sharper increase in expenditure on Pensions and Salaries in that year.

### Share of Grants-in-Aid by the States in Revenue Expenditure

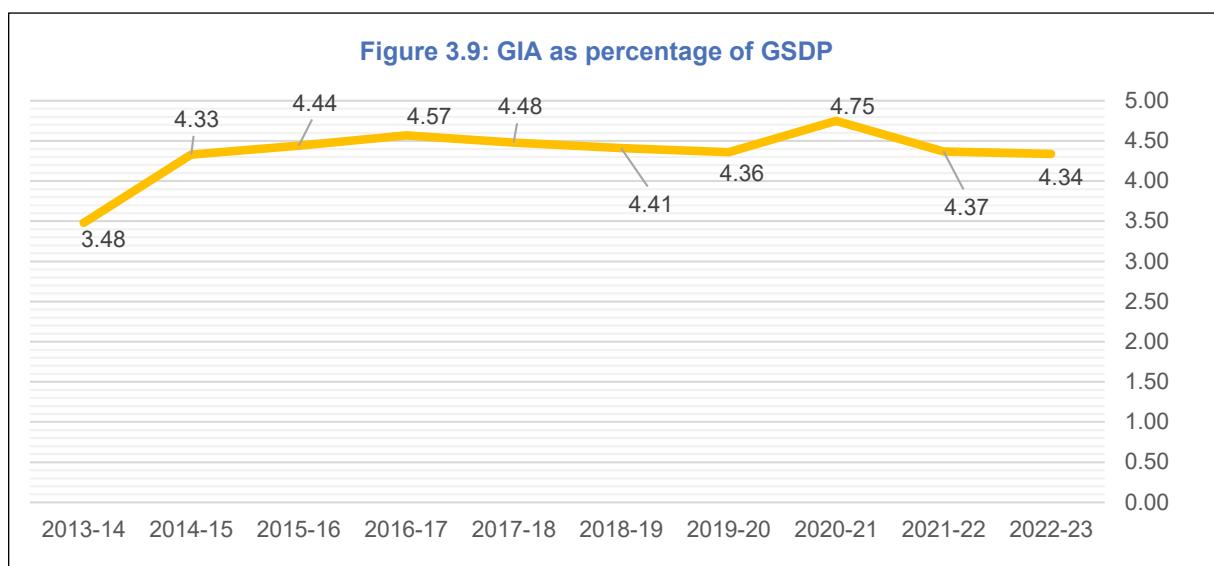

**3.21** Grants-in-aid are given by the States, among other, to Local Bodies, Public Sector Undertakings, Autonomous Bodies, other State parastatals, NGOs, etc. In FY 2022-23, total grants given by the States were ₹11,26,486 crore (₹10,55,918 crore for salary<sup>12</sup> and general purpose and ₹70,568 crore for capital purpose), which was 31.33 percent of the total revenue expenditure in FY 2022-23. Between 2013-14 to 2022-23, GIA constituted

12 Some States operate one grants-in-aid head for all type of grants. Some operate grants-in-aid for general, grants-in-aid salaries and grants-in-aid for capital creation, while some States identify grants for salaries, general purpose and capital creation separately.

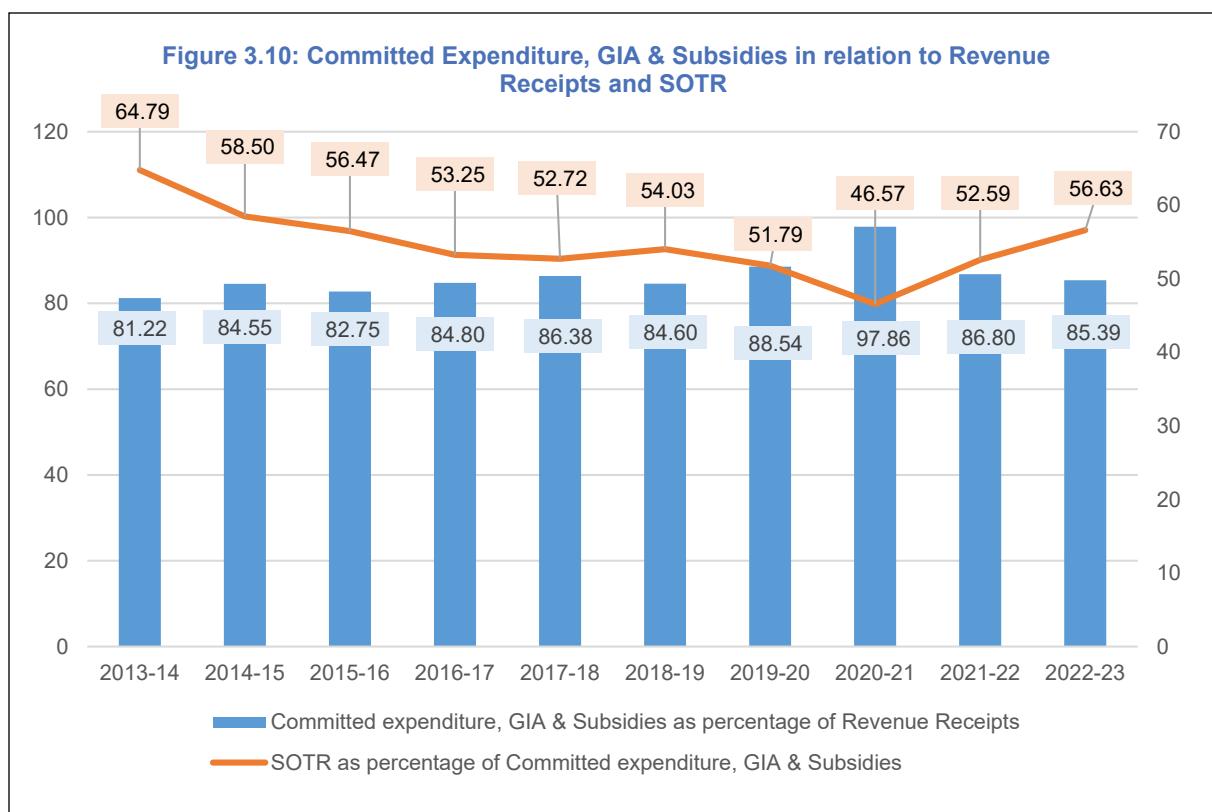

between 27 percent to 32 percent of the revenue expenditure. It increased from ₹3,66,628 crore in size in FY 2013-14 to ₹11,26,486 crore in FY 2022-23; 3.07 times, outpacing the increase in revenue expenditure of 2.66 times for the same period. In the 10 year period, grants-in-aid for general and salaries purposes ranged between 93 percent to 96 percent of the total grants.

- 3.22** Total GIA (salaries, general and capital) was 4.34 percent of the combined GSDP in FY 2022-23, compared with 3.48 percent in FY 2013-14. During the 10 year period, share of total GIA as percentage of GSDP has been above four percent in every year except in FY 2013-14.

### Committed Expenditure, Grants-in-aid, Subsidies & Revenue Receipts

- 3.23** Committed expenditure, grants-in-aid (GIA) and subsidies are recurring expenditure of the States. It is important to examine whether the States have resource-capacity to absorb the expenditure, both in terms of their Own Tax Revenue (SOTR) as well as within the envelope of the total revenue receipts. A comparison of the total outgo, on account of committed expenditure, all types of GIA and subsidies, shows that the combined expenditure, on an average, was about 86 percent of the States total Revenue Receipts during the 10 year period of 2013 -14 to 2022-23, highest being 97.86 percent in 2020-21. SOTR of the States could meet only about 55 percent requirement of expenditure on these counts for 10 year period of 2013-14- to 2022-23. Committed expenditure and subsidies alone ranged between 102 percent (2013-14) to 134 percent (2020-21) of the SOTR in the 10 year period.

# Chapter 4

Taxonomic Classification  
of Expenditure of the States

# Taxonomic Classification of Expenditure of the States

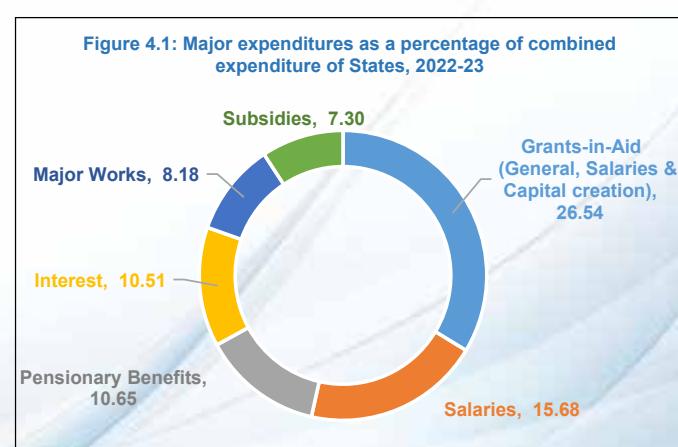

## Taxonomic Classification of Expenditure

**4.1** At the granular disaggregate level, expenditure of the State Governments can be presented taxonomically to depict the expenditure by Object Heads [also referred to as Primary Unit of Appropriation (PUA)]. The taxonomic presentation offers presentation of the expenditure grouped or classified in certain categories. The Object Head-wise expenditure could be grouped into Revenue and Capital Expenditure and further into Object Classes such as Compensation to Employees, Social Security of Employees, Goods and Services, Aid and Assistance, Non-Financial and Financial Assets, etc.

## Expenditure of the States by Economic Categories

**4.2** Government transactions are classified at both the functional and economic levels. Economic categories present expenditure figures at the lowest level of disaggregation and specify the purpose or object for which the expenditure has been made or identify the nature of expenses based on the economic processes involved. Salaries & Wages, Goods and Services, Social Security & Grants, Interest Payments and Acquisition of Assets, for instance, are economic classification. Under the economic classification, government transactions are further categorised into revenue, capital, and accounting adjustments, providing a comprehensive view of financial activities and ensuring transparency and accountability in the budgeting and financial reporting process. Economic categories or objects of expenditure are classified as per the object head of expenditure or the Primary Unit of Appropriation (PUA) for the purpose of budgeting and seeking legislative appropriation. This level of classification provides sanctity to budgetary control, as budget rules prescribe re-appropriation conditions in case of several PUA. Total expenditure of ₹42,43,920 crore in FY 2022-23 by the States is aggregation of expenditure classified under several PUA. *Annexure 10* provides details of taxonomic analysis of expenditure on Economic categories.

**4.3** In FY 2022-23, expenditure under eight object heads namely, three types of grants-in-aid (General, Salaries & Capital creation), Salaries, Pensionary Benefits, Interest, Subsidies and Major Works, together involving an expenditure of ₹ 33,47,037 crore constituted 79 percent of the total expenditure and 12.89 percent of the GSDP.

## Taxonomic depiction of the Expenditure by Economic Categories

- 4.4** The Union Government notified revised list of 61 object heads, which grouped the object of expenditure under eight Object Classes. 37 object heads under first five Object Classes were categorised under Revenue Expenditure, 17 object heads under two Object Class under Capital Expenditure and remaining seven object heads pertaining to the Object Class Accounting Adjustments. The object head classification in States is at variance with the Union Government classification notified on 16 December 2022 and effective from FY 2023-24. Few States have adopted the pattern/classification structure, enunciated by the Government of India, on the advice of the CAG of India.
- 4.5** In this publication on State Finances 2022-23, the expenditure under object heads is presented taxonomically<sup>13</sup>. For the purpose of comparison, in light of inter-state variance, in Table 4.1, the object heads operated by the States have been broadly grouped on the lines of new object classes notified by the Union Government.

**Table 4.1: Expenditure as per economic classification taxonomy in FY 2022-23  
(`₹ crore)**

#	Object Head	Amount <sup>^</sup> (`₹ crore)	Percentage of Total Expenditure	Total / Sub-total	Percentage of GSDP
<b>Total Revenue Expenditure</b>			<b>35,95,736</b>		
<b>Total Capital expenditure</b>			<b>6,48,184</b>		
<b>Object Class I- Compensation to Employees</b>				<b>6,93,957</b>	<b>2.67</b>
1	Salaries*	6,65,351	15.68		
2	Wages	24,473	0.58		
3	Medical Treatment	3,406	0.08

			<b>Total**</b>	<b>42,43,920</b>	
			<b>GSDP</b>	<b>2,59,57,705</b>	

\*\* Repayment of debt has not been included

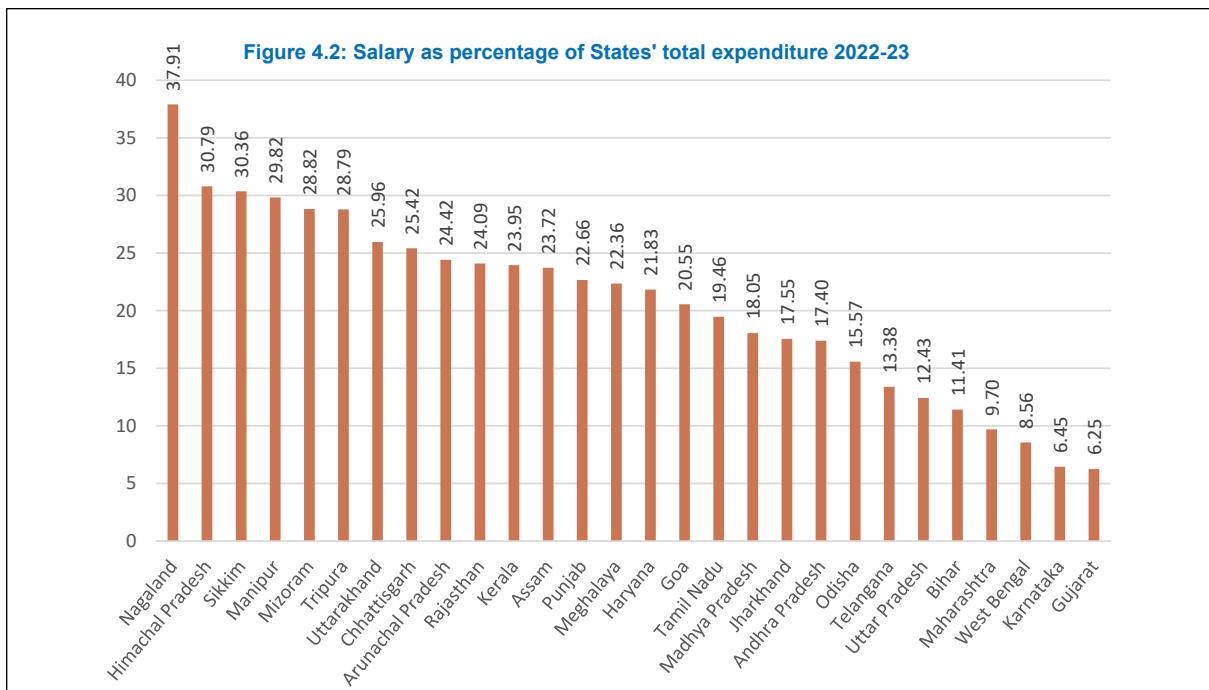

<sup>^</sup>The expenditure under Object heads is on gross basis. The deduct recoveries of all Object heads have been depicted separately at Sl No 27.

## Expenditure of States by individual Economic Category

### Salaries<sup>14</sup>

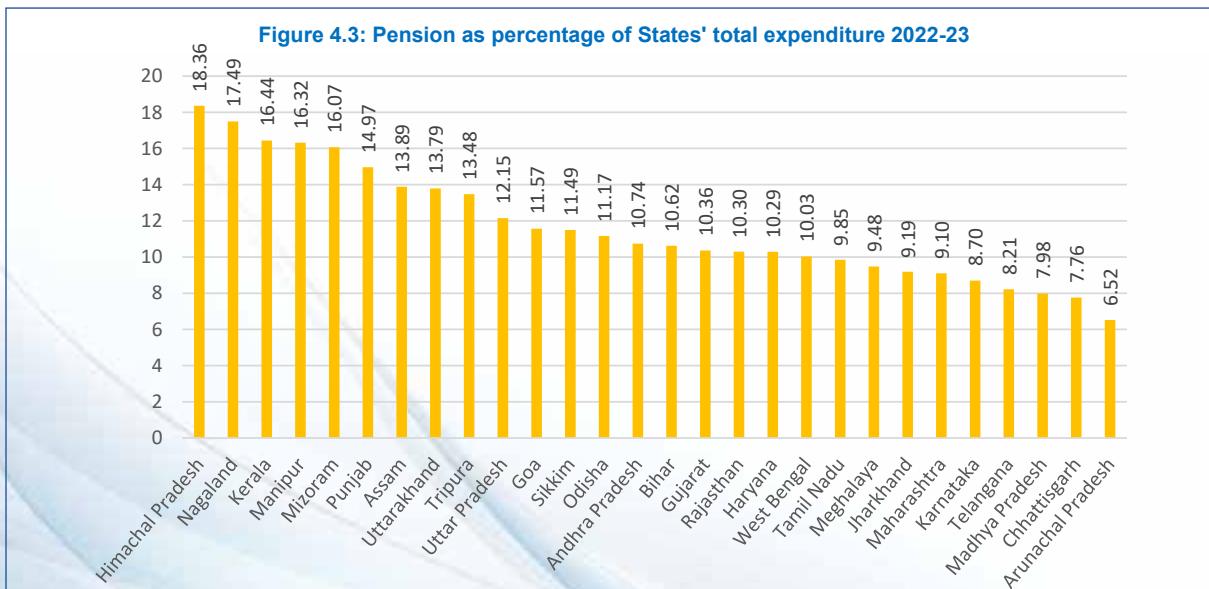

**4.6** Generally, salaries include pay and allowances of Government personnel, together with expenditure on items like honorarium and leave encashment on LTC. In FY 2022-23, 16 States, Nagaland, Himachal Pradesh, Sikkim, Manipur, Mizoram, Tripura, Uttarakhand, Chhattisgarh, Arunachal Pradesh, Rajasthan, Kerala, Assam, Punjab, Meghalaya, Haryana, and Goa spent more than 20 percent of their total budgetary spending (revenue and capital) on salaries. In four States namely, Gujarat, Karnataka, West Bengal and Maharashtra, expenditure on salaries was less than 10 percent of their respective total expenditure.

<sup>14</sup> Salaries booked in object head Grants-in-aid (Salaries) is not included here.

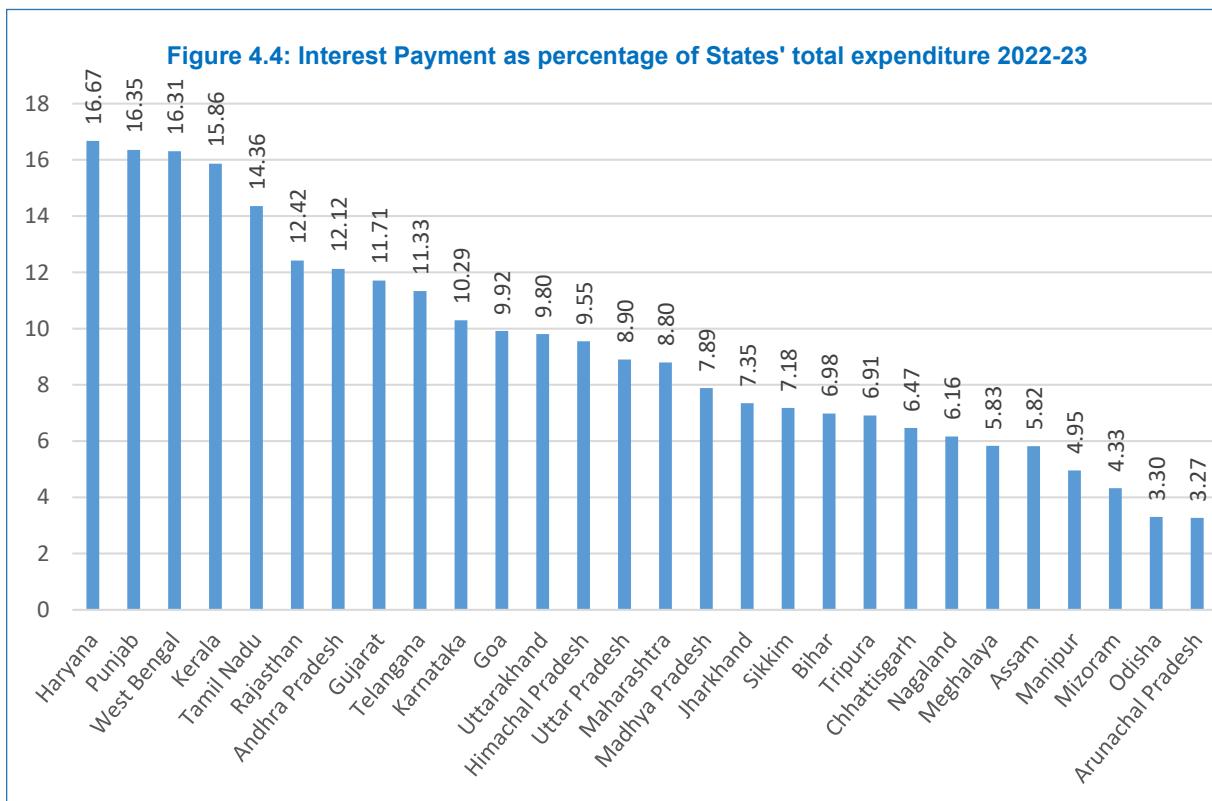

## Pension

**4.7** Pension charges generally include all pensionary benefits such as pensions and gratuity for Government employees, Members of Legislative Assemblies and freedom fighters, contributions to service and contributory provident funds, leave encashment on retirement, death or termination, and Government's contribution under the National Pension System (NPS)/Unified Pension Scheme (UPS). In FY 2022-23, five States namely, Himachal Pradesh, Nagaland, Kerala, Manipur, and Mizoram spent 15 percent or more of their respective total expenditure on pension. In 14 States namely, Punjab, Assam, Uttarakhand, Tripura, Uttar Pradesh, Goa, Sikkim, Odisha, Andhra Pradesh, Bihar, Gujarat, Rajasthan, Haryana, and West Bengal, expenditure on pension payments was between 10 - 15 percent of their total expenditure.

## Interest Payment

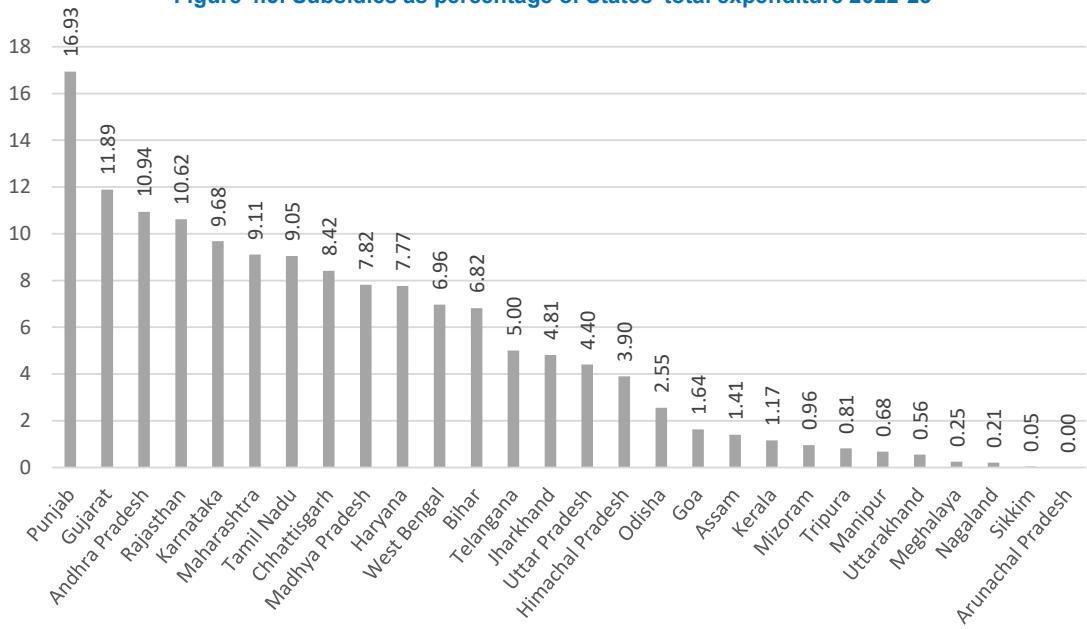

- 4.8** Generally, Interest payments include payment of interest on borrowings and other liabilities of the State Governments. In FY 2022-23, 10 States, Haryana, Punjab, West Bengal, Kerala, Tamil Nadu, Rajasthan, Andhra Pradesh, Gujarat, Telangana, and Karnataka spent more than 10 percent of their respective total expenditure on interest payment. In Arunachal Pradesh, Odisha, Mizoram, and Manipur, interest payment was less than five percent of their total expenditure.

## Subsidies

- 4.9** This generally includes subsidies released under various schemes of the State Governments. In FY 2022-23, four States, Punjab, Gujarat, Andhra Pradesh, and Rajasthan spent more than 10 percent of their total expenditure on subsidies; highest being 17 percent by Punjab. In 10 States namely, Sikkim, Nagaland, Meghalaya, Uttarakhand, Manipur, Tripura, Mizoram, Kerala, Assam, and Goa expenditure on subsidy was less than two percent of their respective total expenditure. Arunachal Pradesh reported no expenditure on subsidy.

**Figure 4.5: Subsidies as percentage of States' total expenditure 2022-23**

### Grants-in-Aid (General & Salaries)

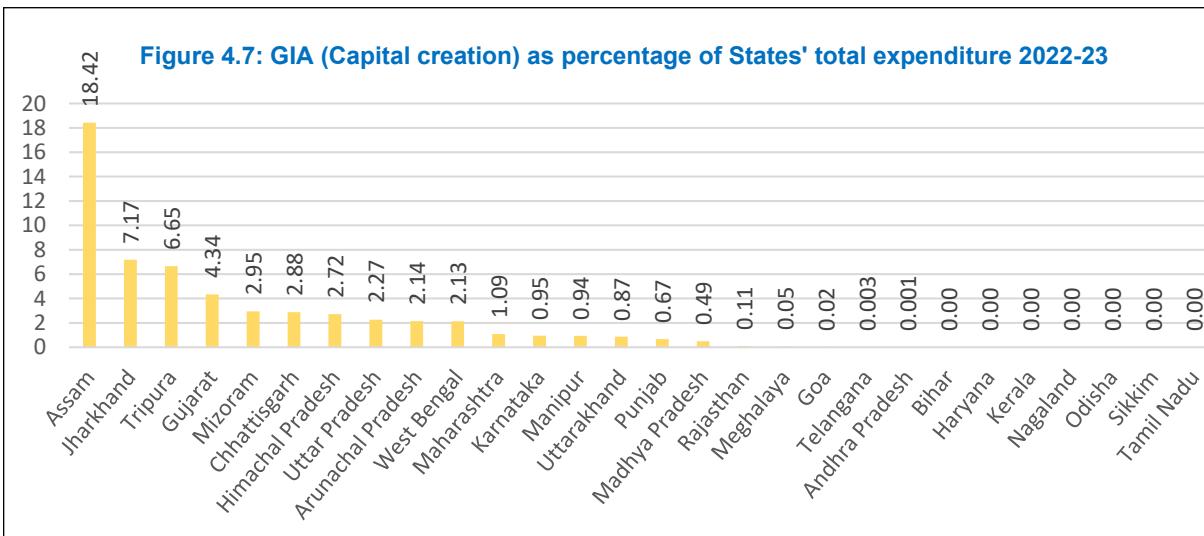

**4.10** The expenditure includes Grants-in-Aid (GIA) for payment of salaries to employees of grantee bodies and all other type of grants, excluding grants for creation of Capital assets. Six States namely, West Bengal, Andhra Pradesh, Bihar, Maharashtra, Telangana, and Gujarat spent 31-40 percent of their total expenditure on grants-in-aid (General & Salaries). In another seven States, namely, Madhya Pradesh, Meghalaya, Chhattisgarh, Tamil Nadu, Tripura, Assam, and Uttar Pradesh, GIA (General & Salaries) constituted about 20-30 percent of their respective total expenditure.

**Figure 4.6: GIA (General & Salaries) as percentage of States' total expenditure 2022-23**

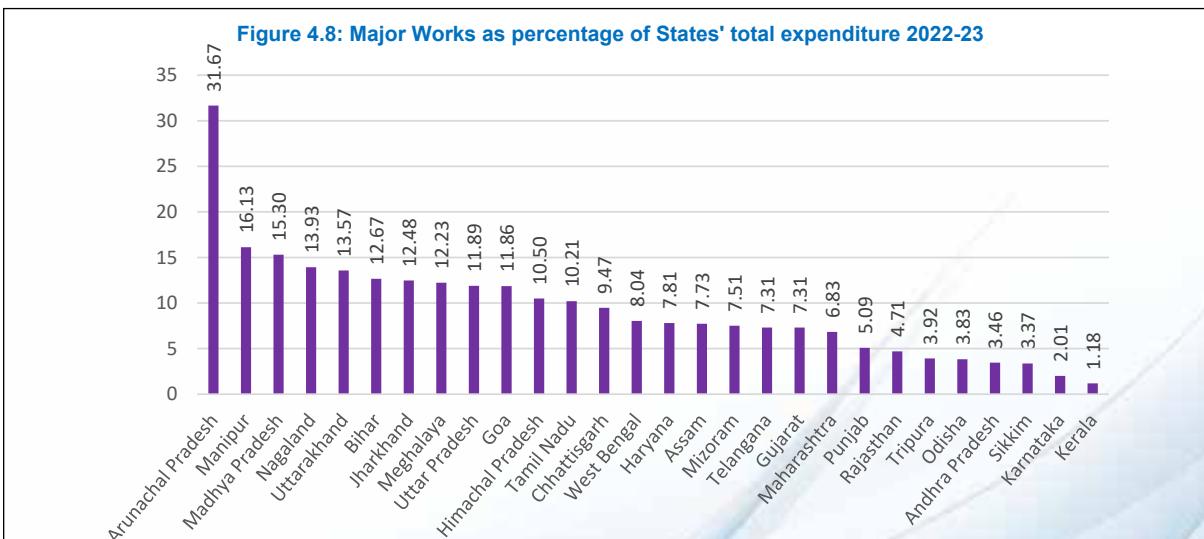

## Grants-in-Aid (Capital creation)<sup>15</sup>

**4.11** Generally, it includes Grants-in-aid released for creation of capital assets, including viability gap funding on projects. Only three States namely, Assam (18.42 percent), Jharkhand (7.17 percent) and Tripura (6.65 percent) spent five percent or more of their expenditure on grants for capital creation. Sikkim did not operate the Grants-in-Aid (Capital creation) object head during the FY 2022-23.

## Major Works

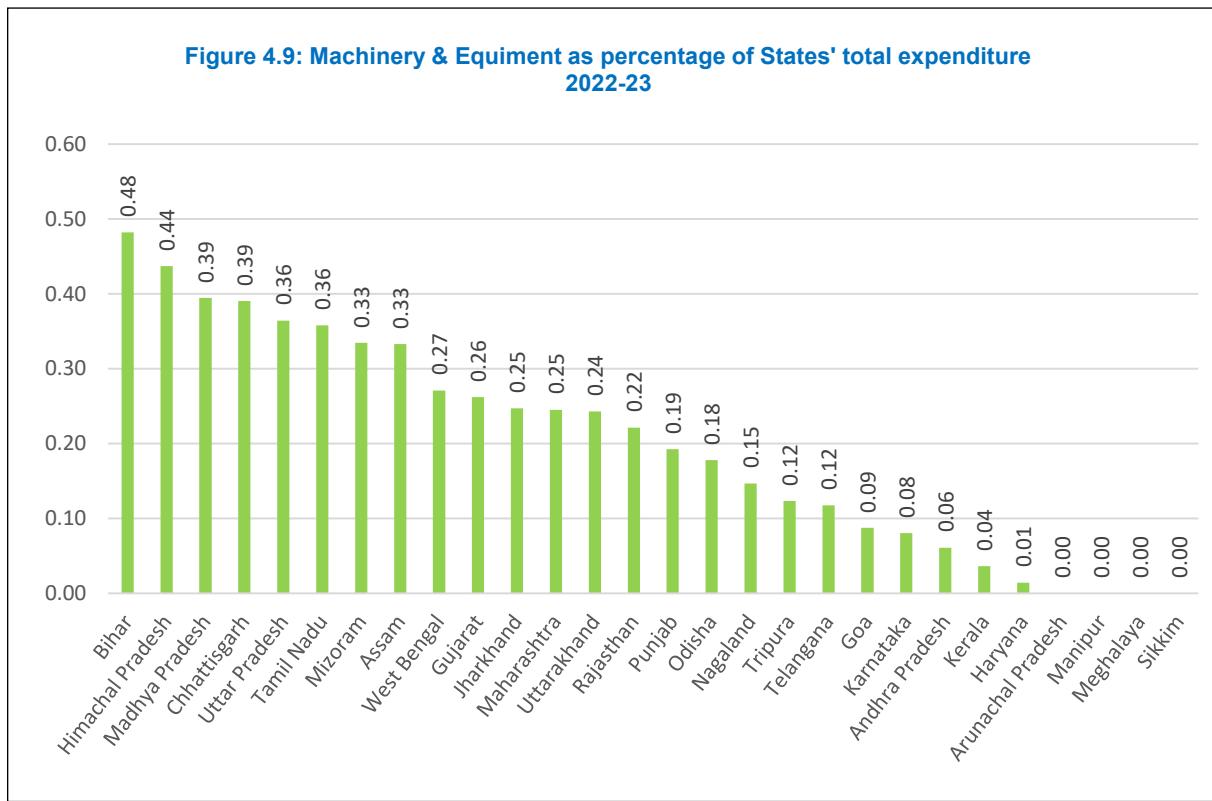

**4.12** Generally, this head includes expenditure incurred with reference to financial limits of classification of major works prescribed in Public Works Account Code, including costs of acquisition of land and structures. Spending on Major Works was 8.18 percent of the total expenditure in FY 2022-23. Arunachal Pradesh spent about 32 percent of its total expenditure on Major Works. 11 other States namely, Manipur, Madhya Pradesh, Nagaland, Uttarakhand, Bihar, Jharkhand, Meghalaya, Uttar Pradesh, Goa, Himachal Pradesh, and Tamil Nadu spent more than 10 percent on Major Works.

<sup>15</sup> In Tamil Nadu, Odisha, Nagaland, Kerala, Haryana and Bihar, the expenditure on grants for creation of capital assets is included in the object head Grants-in-Aid (General & Salaries).

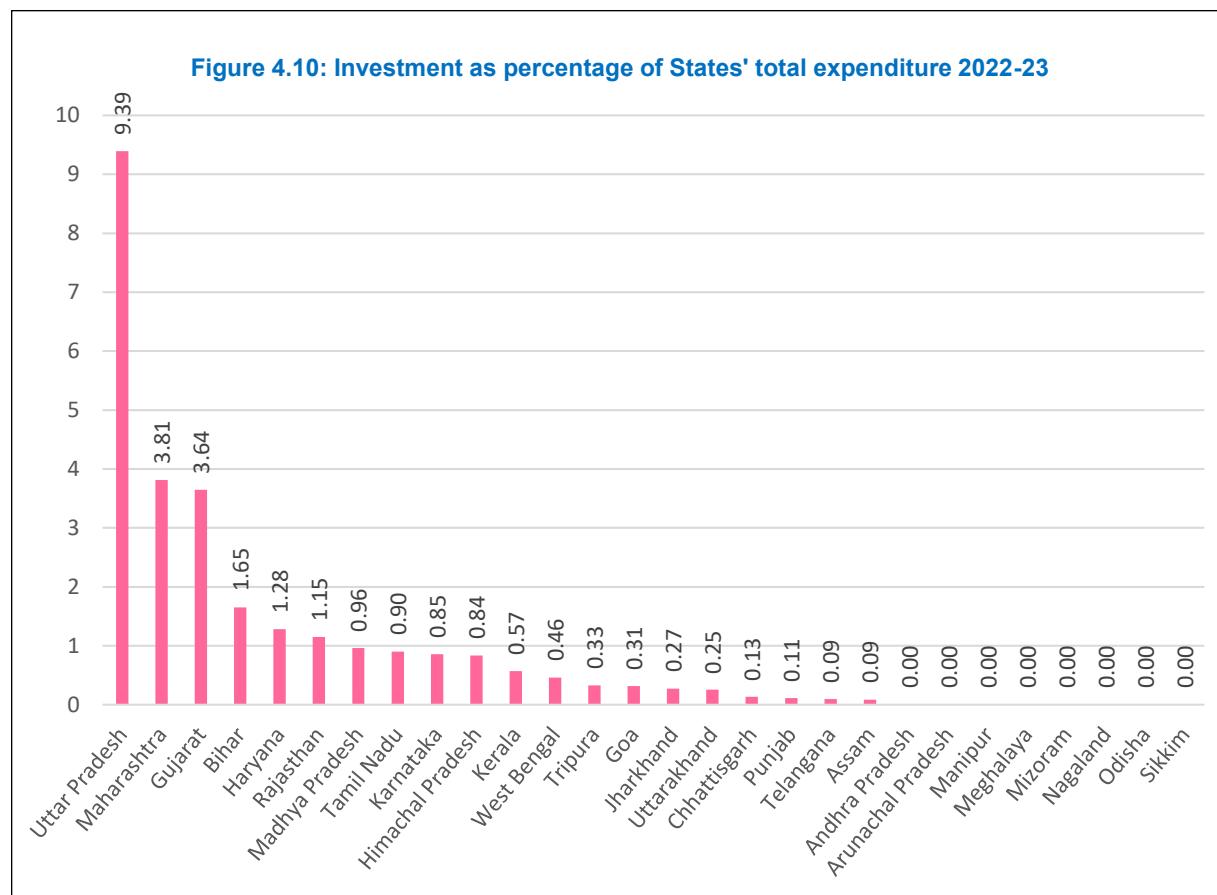

## Machinery and Equipment

**4.13** It generally includes procurement of machinery and equipment, apparatus, etc., other than those required for the running of an office and special tools & plants acquired for specific works. In FY 2022-23, an amount of ₹10,510 crore or 0.25 percent of the total expenditure was on Machinery and Equipment. Only four States namely, Bihar (₹1,049 crore), Maharashtra (₹1,162 crore), Tamil Nadu (₹1,169 crore) and Uttar Pradesh (₹1,760 crore) spent more than ₹1,000 crore on this head; 14 States, namely Odisha, Punjab, Telangana, Karnataka, Himachal Pradesh, Jharkhand, Andhra Pradesh, Uttarakhand, Kerala, Mizoram, Tripura, Nagaland, Haryana, and Goa spent less than ₹300 crore. Four States, namely Arunachal Pradesh, Manipur, Meghalaya and Sikkim did not incur any expenditure on Machinery and Equipment during the year.

## Investment

**4.14** Generally, it includes investments made by the Government on purchase of shares and equity, investment in securities, investment in fixed and term deposits, and other investment. In FY 2022-23, States made an investment of ₹90,471 crore, of which substantial amount was spent by Uttar Pradesh (₹45,379 crore), Maharashtra (₹18,067 crore), and Gujarat (₹7,891 crore).

# Chapter 5

Public Debt and  
Public Account Liabilities

# Public Debt and Public Account Liabilities

## Public Debt and Public Account Liabilities

- 5.1** The Consolidated Fund of a State, being the primary account of Government's money, bears liability towards public debt and other liabilities of the State. State Governments raise funds from domestic market, banks and financial institutions. This includes loans raised from open market through securities / treasury bills / bonds, etc., loans from State Bank of India and other Banks, Ways and Means Advances (WMA) from Reserve Bank of India and loans from financial institutions, such as Life Insurance Corporation of India (LIC), National Bank for Agriculture and Rural Development (NABARD), National Cooperative Development Corporation (NCDC), Housing Development Finance Corporation (HDFC), National Housing Bank (NHB), Housing and Urban Development Corporation (HUDCO), etc. The State Governments receive loans and advances, including back-to-back external loans and loans from the National Small Saving Fund (NSSF) from the Government of India, to be repaid as per the terms and conditions. This creates public debt with twin liability of repayment of the debt and payment of interest thereon. Both are charged on the Consolidated Fund of the State. While the open market debt is an internal debt of the State Government, loans and advances from the Government of India are intra-governmental liability, i.e., liability of the State towards the Union Government.
- 5.2** Public Account of a State is a fund to which all other public moneys received by or on behalf of the Government is credited. Public Account liability arises on account of Small Savings and Provident Funds, Reserve Funds bearing Interest, Reserve Funds not bearing Interest, Deposits bearing Interest, Deposits not bearing Interest, and other balances. The Consolidated Fund of a State is liable to pay interest on Reserve Funds and Deposits, as applicable.
- 5.3** Reporting of debt and liability may vary in different jurisdictions. For example, debt / liability may be reported net of Cash Balance<sup>16</sup> or net of intra-governmental liability<sup>17</sup>. State Governments report debt stock as aggregate without any netting. The public debt of the Government of India<sup>18</sup> and the State Governments is reported at Face Value. The State Governments do not have the risk of debt variation on account of exchange rate variation.

<sup>16</sup> As is done by the Government of India for fiscal responsibility purpose. CAG's Report No. 1 of 2024 for the year 2021-22, Compliance of FRBM Act, 2003, page 5.

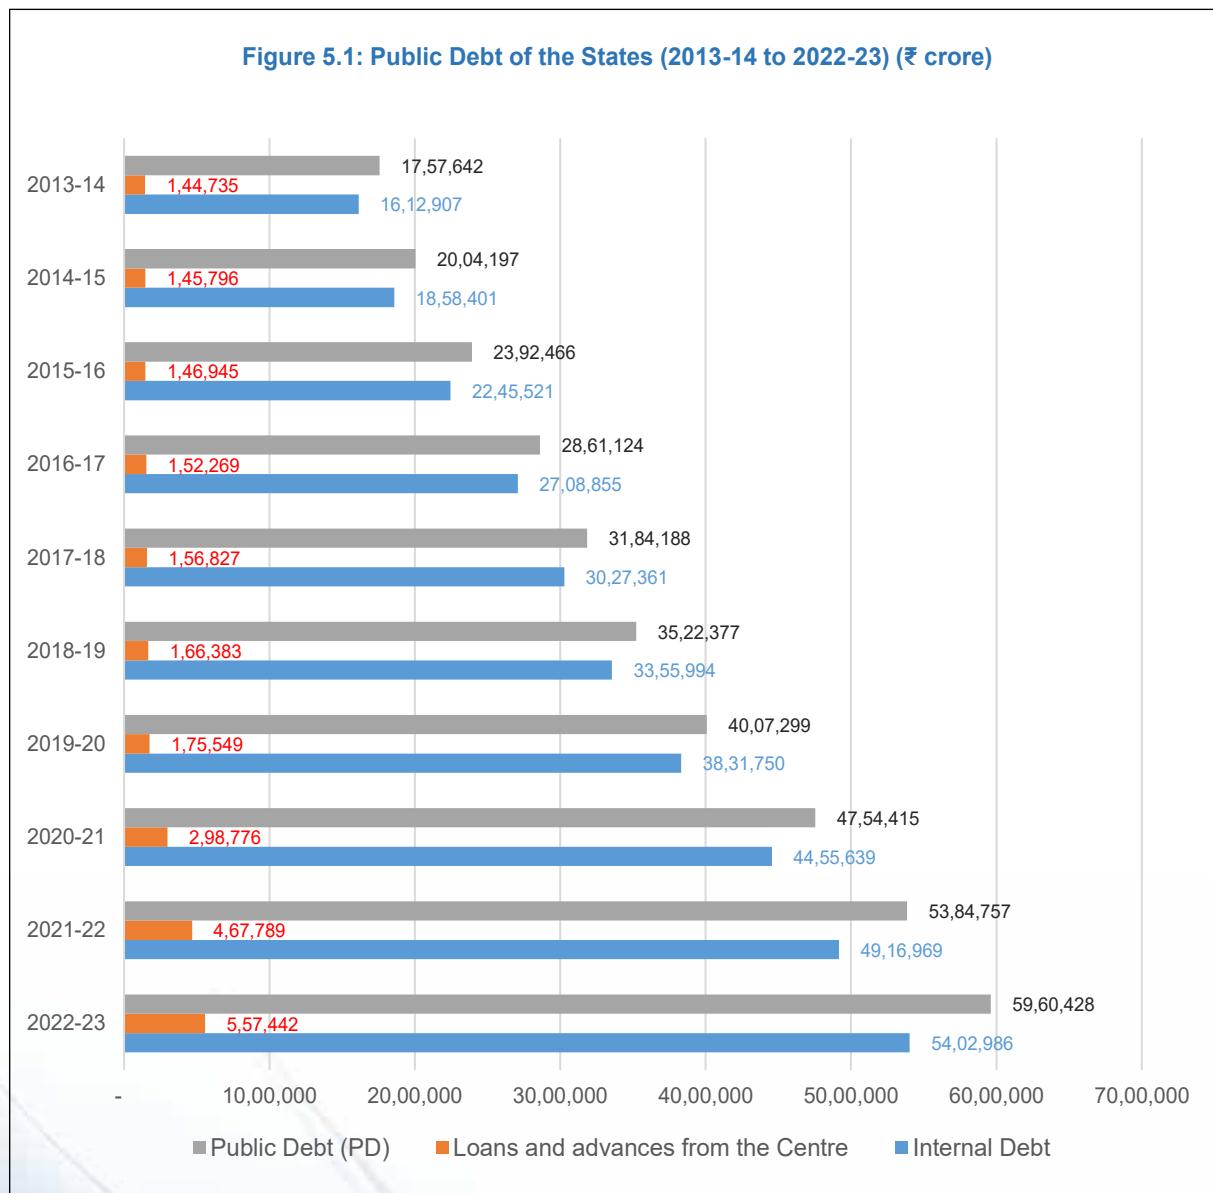

<sup>17</sup> For example, USA federal government under its 'Debt-To-The-Penny' daily debt reporting, reports public debt and also, intra-governmental holdings (<https://fiscaldatabase.treasury.gov/datasets/debt-to-the-penny/debt-to-the-penny>). On the other hand, Government of the Philippines reports both aggregate debt as well as debt net of intra-governmental holdings (Nandini Vijayaraghavan: India's effective sovereign debt overstated, Financial Express, October 22, 2024)

<sup>18</sup> Government of India discloses debt valued at exchange rate at the closing day of the financial year.

## Public Debt

**5.4** Total Public Debt (Internal Debt<sup>19</sup> and Loans and Advances from the Government of India) of all the 28 State Governments<sup>20</sup> was ₹59,60,428 crore at the end of FY 2022-23, which was 22.96 percent of their combined GSDP<sup>21</sup> of ₹ 2,59,57,705 crore. If the Intra-Governmental borrowings of the States (loans and advances from the Government of India) of ₹5,57,442 crore is shown separately, then internal debt was 20.81 percent of the GSDP and loans and advances from the Government of India were 2.15 percent of the GSDP. Compared with the total public debt of the States in 2013-14 of ₹17,57,642 crore, debt in FY 2022-23 has increased by 3.39 times and from 16.66 percent of GSDP to

Figure 5.1: Public Debt of the States (2013-14 to 2022-23) (₹ crore)

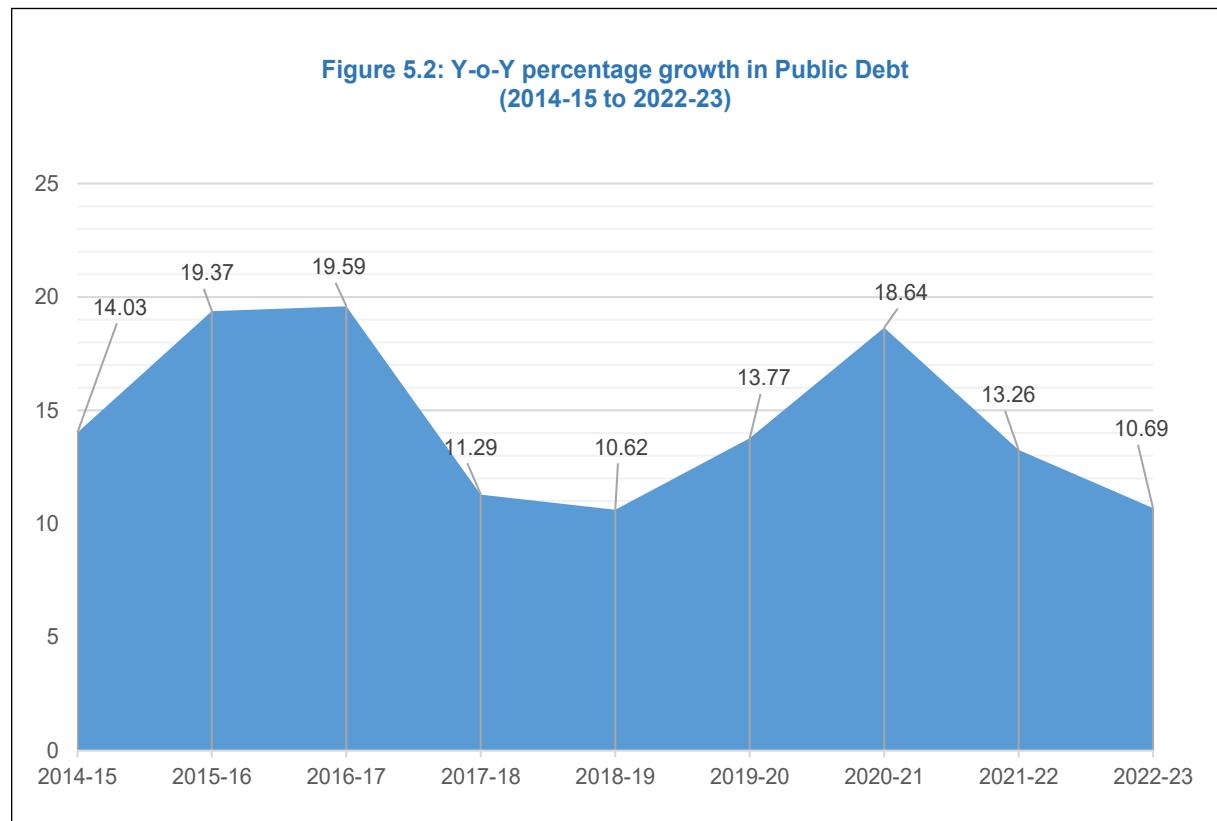

19 Includes outstanding Ways and Means Advances (Manipur - ₹453.65 crore and Nagaland - ₹222.03 crore) taken from RBI, which requires to be repaid during the same financial year.

20 The un-apportioned debt with regard to the States, which were re-organized (Andhra and Telangana, UP and Uttarakhand, MP and Chhattisgarh) have been included in the erstwhile parent State. The debt also includes back-to-back loans received by the States, which are in lieu of the GST compensation and States are not liable to repay, as this is met from the GST Compensation Cess / Fund. Loans and advances from the Centre would be less by that amount. However, the Public Debt does not include off budget borrowings of the State.

21 States total debt in 2022-23 was 22.17 percent of GDP of ₹2,68,90,473 crore

22.96 percent of GSDP Loans and advances from the Government of India have ranged between 0.91 percent of GSDP (FY 2019-20) to 2.15 percent of the GSDP (FY 2022-23). The marked increase in Loans and Advances from the Centre during FYs 2020-21 to 2022-23, was mainly on account of (i) Back- to-Back Loans to States/UTs in lieu of GST Compensation Shortfall amounting to ₹2,69,208 crore, and (ii) Special Assistance as Loan to States for Capital Expenditure amounting to ₹1,07,211 crore. *Annexure 11* brings out the State-wise trend of Public Debt and Public Account Liability during the 10 year period.

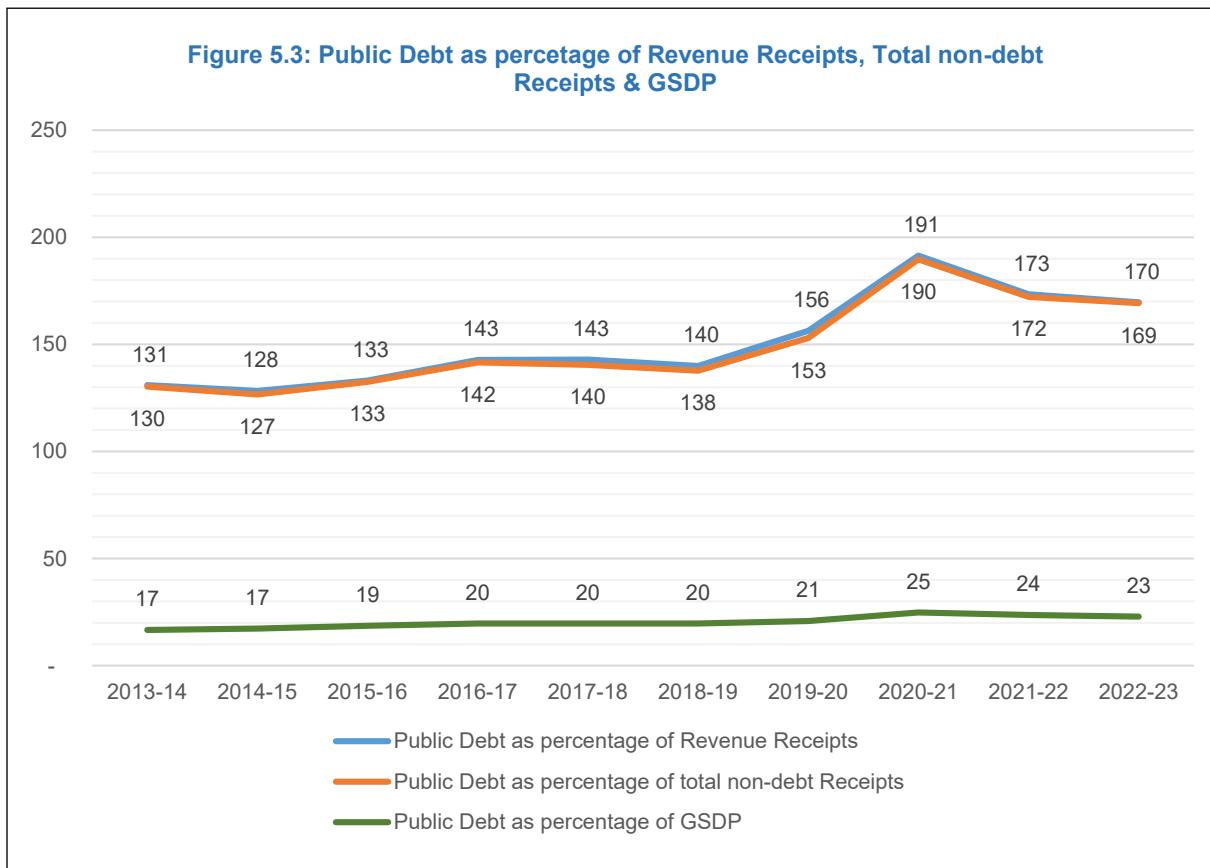

- 5.5** Between 2013-14 to 2022-23, there is no uniform pattern in Y-o-Y growth of public debt of the States. In some years, the growth was around 11 percent, as in FY 2022-23 and in some other years, about 19 percent, as in FY 2015-16, FY 2016-17 and FY 2020-21.

- 5.6** A comparison of the public debt of the States with their revenue receipts as well as non-debt total receipts and GSDP suggests that public debt as percentage of revenue receipts has ranged between 128 percent (FY 2014-15) to 191 percent (FY 2020-21) and as percentage of total non-debt receipts<sup>22</sup> has ranged between 127 to 190 percent for the same period. On an average, public debt of the States has been about 150 percent of their revenue receipts / total non-debt receipts. Similarly, public debt has ranged between 17 - 25 percent of the GSDP and on an average, 20 percent of the GSDP. The marked increase of 4 percent, from 21 percent of GSDP in FY 2019-20 to 25 percent in

<sup>22</sup> Revenue receipts, miscellaneous capital receipts and recovery of loans and advances.

FY 2020-21 is attributable to decrease in GSDP in FY 2020-21 being COVID year. The increase in loans from the Union Government during the period 2020-21 to 2022-23 was on account of Back-to-Back Loans in lieu of GST Compensation Shortfall and Special Assistance as Loan to States for Capital Expenditure.

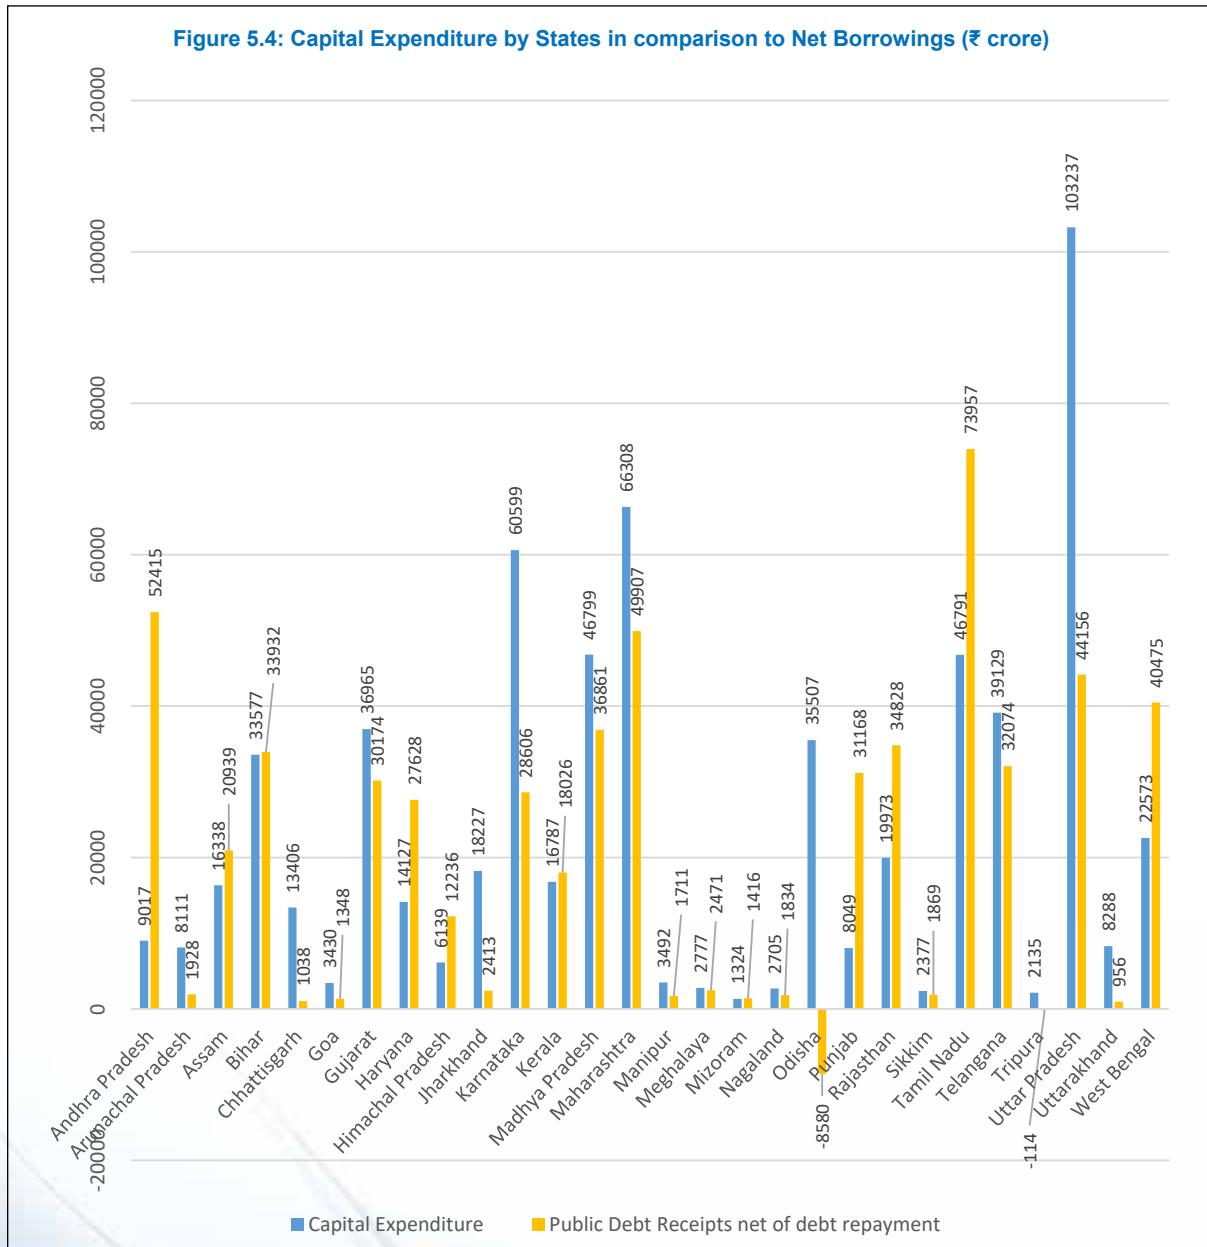

- 5.7** The Golden Rule of Borrowing suggests that a Government should borrow only to invest or capitalise and not to meet its operating cost/current spending. Net borrowings during a year reflect the difference between gross borrowings and repayments made. A comparison of the capital expenditure and net receipt of public debt by the States in FY 2022-23 suggests that in 11 States (Andhra Pradesh, Assam, Bihar, Haryana, Himachal Pradesh, Kerala, Mizoram, Punjab, Rajasthan, Tamil Nadu, and West Bengal), capital expenditure was less than the net public debt receipts. This could be due to part of debt receipts meeting the revenue deficit. In the case of Andhra Pradesh and Punjab, capital expenditure was as low as 17 percent and 26 percent of the net borrowings and in the case of Haryana and Himachal Pradesh, about 50 percent.

**Table 5.1: Capital Expenditure as percentage of Public Debt Receipts, Net of Repayment (₹ crore): 2022-23**

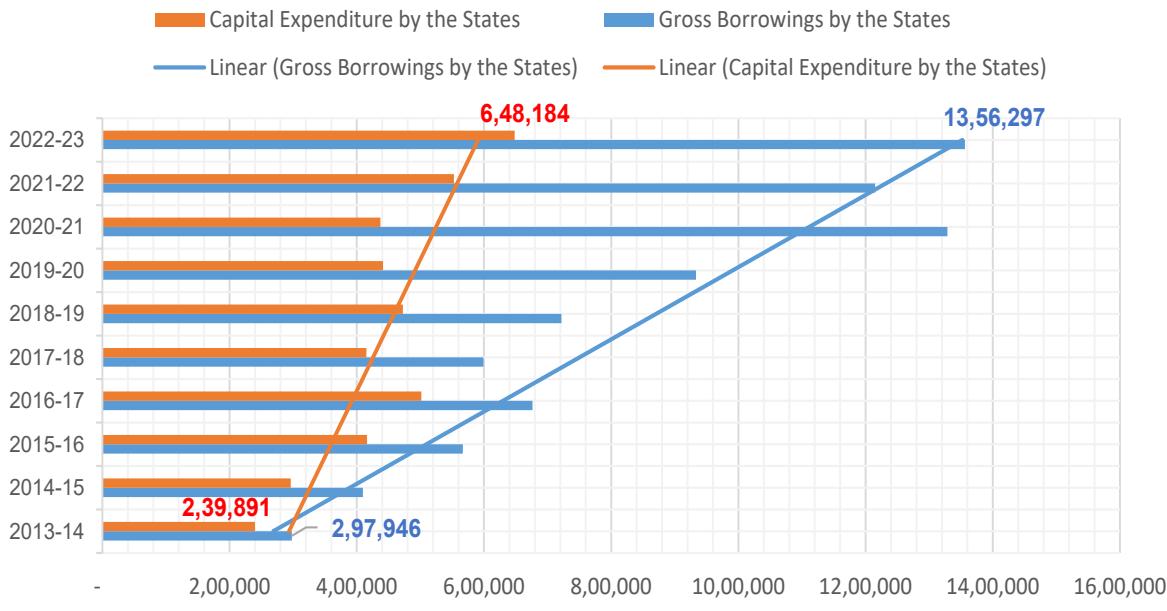

States	Public Debt Receipts net of repayment	Capital Expenditure inclusive of Loans and Advances (Capex)	Capital Expenditure without Loans and Advances (CE)	Capex (Column 3) as percentage of Column (2)	CE (Column 4) as percentage of Column (2)
1	2	3	4	5	6
Andhra Pradesh	52,415	9,017	7,244	17.20	13.82
Arunachal Pradesh	1,928	8,111	8,107	420.58	420.41
Assam	20,939	16,338	15,998	78.02	76.40
Bihar	33,932	33,577	31,520	98.95	92.89
Chhattisgarh	1,038	13,406	13,320	1291.52	1,283.24
Goa	1,348	3,430	3,425	254.36	254.04
Gujarat	30,174	36,965	35,499	122.51	117.65
Haryana	27,628	14,127	11,665	51.13	42.22
Himachal Pradesh	12,236	6,139	6,029	50.18	49.27
Jharkhand	2,413	18,227	14,016	755.41	580.88
Karnataka	28,606	60,599	57,348	211.84	200.47
Kerala	18,026	16,787	13,997	93.13	77.64
Madhya Pradesh	36,861	46,799	44,438	126.96	120.56
Maharashtra	49,907	66,308	61,644	132.86	123.52
Manipur	1,711	3,492	3,484	204.09	203.65
Meghalaya	2,471	2,777	2,742	112.37	110.97
Mizoram	1,416	1,324	1,322	93.49	93.34
Nagaland	1,834	2,705	2,704	147.44	147.42
Odisha	(-) 8,580	35,507	33,349	-	-
Punjab	31,168	8,049	6,667	25.82	21.39
Rajasthan	34,828	19,973	19,798	57.35	56.85
Sikkim	1,869	2,377	2,377	127.17	127.15
Tamil Nadu	73,957	46,791	39,530	63.27	53.45
Telangana	32,074	39,129	17,881	122.00	55.75
Tripura	(-)114	2,135	2,025	-	-
Uttar Pradesh	44,156	1,03,237	93,028	233.80	210.68
Uttarakhand	956	8,288	8,195	866.69	856.90
West Bengal	40,475	22,573	22,009	55.77	54.38

- 5.8** Figure 5.4 depicts the gap between net borrowings and capital expenditure in the case of Andhra Pradesh, Punjab, Haryana and Himachal Pradesh. Odisha and Tripura borrowed less than their repayment of debt and they incurred capital expenditure from their own resources also. In the case of 15 States namely, Arunachal Pradesh, Chhattisgarh, Goa, Gujarat, Jharkhand, Karnataka, Madhya Pradesh, Maharashtra, Manipur, Meghalaya, Nagaland, Sikkim, Telangana, Uttar Pradesh and Uttarakhand, capital expenditure was more than the net borrowing, indicating borrowings are being applied for capital expenditure.

- 5.9** A comparison of capital expenditure with gross debt receipts in Figure 5.5 suggests that the gap between level of borrowing and capital expenditure has widened between 2013-14 to 2022-23, because debt receipts were used for financing revenue deficit also by the States, since many of the States finances continued to remain in revenue deficit during the 10 years period.

**Figure 5.5: Trend of Capex compared with trend of gross Public Debt receipts  
₹ crore)**

**5.10** In FY 2022-23, total public debt receipts were ₹13,56,297 crore. Total public debt repayment was ₹7,80,621 crore by all the States, which means public debt receipts, net of debt repayment, were ₹5,84,370 crore. 12 States were in revenue deficit. Among 16 revenue surplus States, Odisha and Tripura made part repayment of debt from their own revenues, as their borrowings in FY 2022-23 were less than their repayment. The net public debt receipts, minus revenue deficit for deficit States (excluding Odisha and Tripura) of ₹3,61,722 crore, were available with the States. Table 5.2 depicts the position.

**Table 5.2: Debt Receipts, Repayments & Net Borrowing available (₹ crore)**

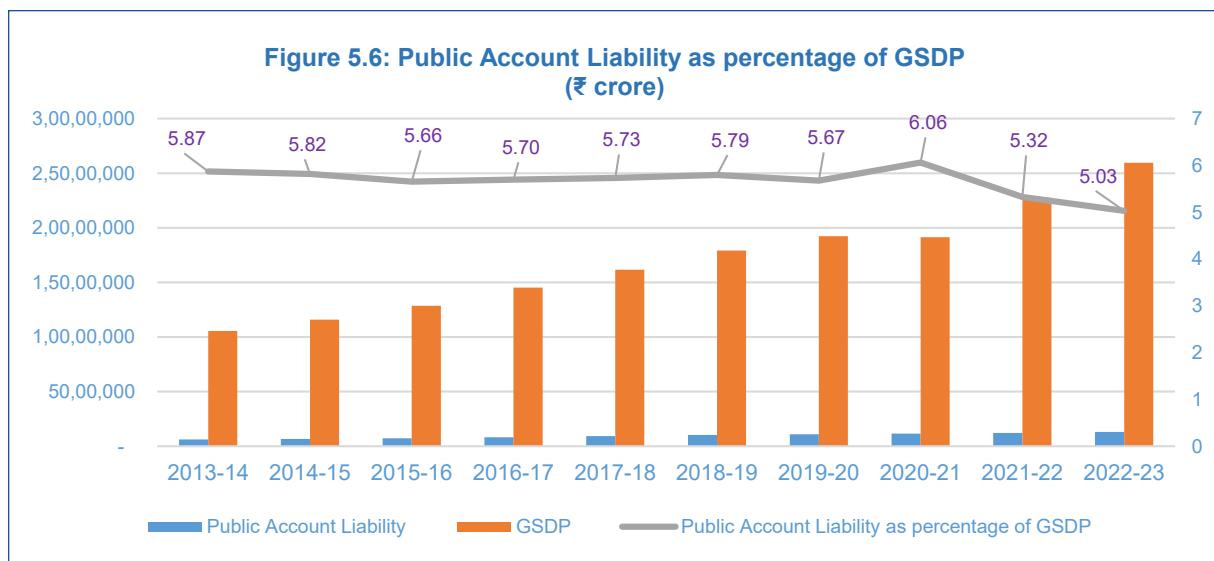

States	Revenue Deficit (-) / Surplus (+)	Public Debt Receipts	Public Debt Repayment	Public Debt Receipts, net of repayment	Net Public Debt Receipts, net of Revenue Deficit
1	2	3	4	5(3-4)	6(5-2)

### Public Account Liability

**5.11** Public Account liability is the liability of the Consolidated Fund of the State to meet the fiduciary liability of reserve funds and deposits in the Public Account kept by the Government itself as earmarked funds or deposits or by a third party (employees' provident fund, deposits of public sector financial institutions, public sector undertakings, etc.) with the Government. The total Public Account liability of the States was ₹6,19,267 crore in FY 2013-14, which has gone up to ₹13,05,623 crore in FY 2022-23. In terms of GSDP, it was 5.87 percent of GSDP in FY 2013-14 and has gone down to 5.03 percent of GSDP in FY 2022-23. Out of the total Public Account liability of ₹13,05,623 crore in FY 2022-23, ₹2,98,663 crore has been invested from the earmarked funds. Figure 5.6 shows the trend of Public Account liability<sup>23</sup> during the period 2013-14 and 2022-23. The increase in Public Account liability to GSDP in 2020-21 at 6.06 percent was due to decrease in GSDP due to COVID. In subsequent years, the percentage of Public Account liability to GSDP came down below 6 percent level.

<sup>23</sup> The un-apportioned Public Account liability with regard to the States which were reorganized (Andhra and Telangana, UP and Uttarakhand, MP and Chhattisgarh) have been included in the erstwhile parent State.

**5.12** Table 5.3 brings out the quantum and composition of Public Account liabilities of the States as on 31<sup>st</sup> March 2023.

**Table 5.3: Public Account Liability in FY 2022-23 (₹ crore)**

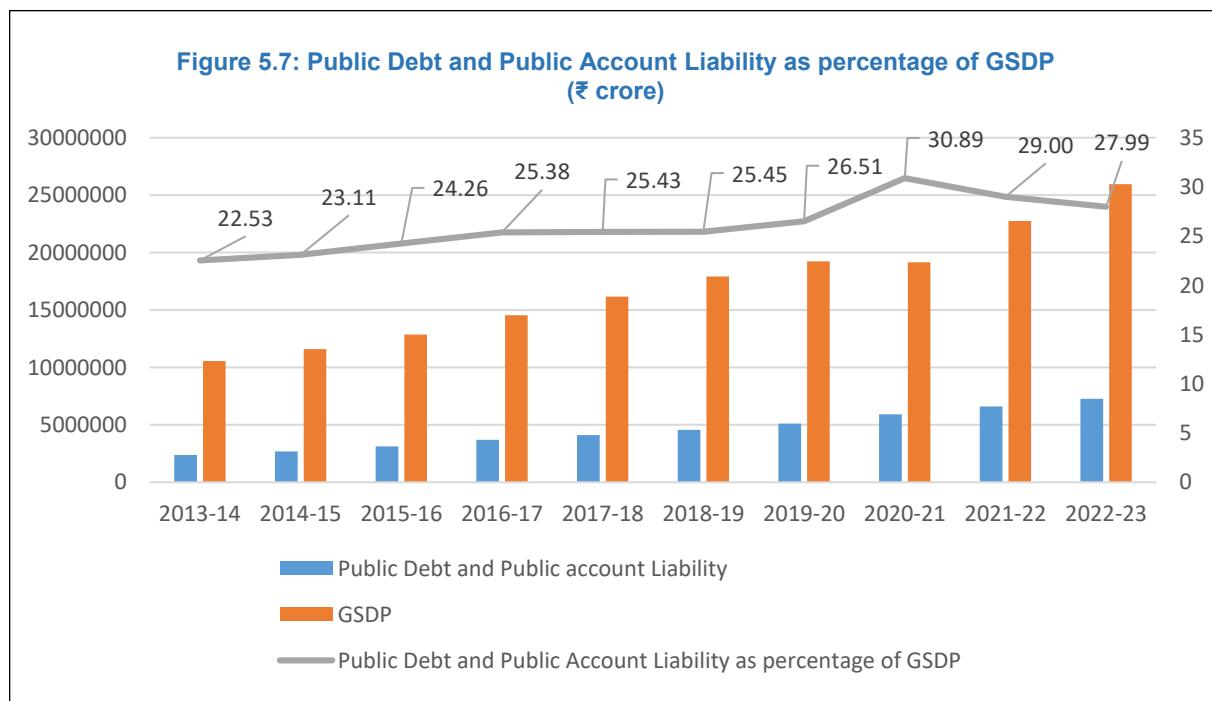

Components	2022-23	Percentage composition
Small Savings & State Provident Funds	5,99,745	45.94
Reserve Funds bearing Interest	77,469	5.93
Reserve Funds Not bearing Interest	66,272	5.08
Deposits bearing Interest*	1,46,333	11.21
Deposits Not bearing Interest*	4,15,804	31.84
<b>Total Public Account Liability</b>	<b>13,05,623</b>	<b>100</b>

\* ₹11,009 crore of Deposits bearing Interests and ₹ 15,538 crore of Deposits Not bearing Interest are yet to be apportioned between Andhra Pradesh and Telangana and between Uttar Pradesh and Uttarakhand.

Small Savings & State Provident Funds, comprising of provident funds and insurance funds of the State Government employees, constitute around 46 percent of the Public Account Liability. Reserve Funds constitute around 11 per cent of the Public Account Liability, created mostly from revenues for meeting expenditure on renewals and replacement of assets and mitigation/rehabilitation on disasters. Deposits constitute around 43 per cent of Public Account Liability, comprising of moneys deposited with the State Governments by companies, corporations, autonomous institutions, courts, security deposits, etc.

### States' Total Liability

**5.13** As on 31<sup>st</sup> March 2023, together the stock of liability of the States was ₹72,66,052 crore; Public Debt liability of ₹59,60,428 crore, constituting 82 percent and Public Account liability of ₹13,05,623 crore, constituting 18 percent. Public Debt liability was 22.96 percent of the combined GSDP and Public Account liability was 5.03 percent of the GSDP. Together, the total liability of the States was 28 percent of their GSDP in 2022-23. Annexure 11 brings out the State-wise trend of total liabilities during the 10 year period.

# Chapter 6

## Fiscal Responsibility Indicators of the States

# Fiscal Responsibility Indicators of the States

## Revenue and Fiscal Deficits

- 6.1** With the enactment of the States' Fiscal Responsibility Laws and notification of related Rules, the targets with reference to key macro fiscal parameters like revenue deficit, borrowings/ debt, stock of guarantees have been fixed by the State Governments. Odisha has made fiscal rules at disaggregated level also. For instance, the Odisha FRBM Act fixes limit on salary and interest payments; ceiling on salary payment is set at 80 percent of States' Own Revenue (SOTR) and interest payment at 15 percent of Revenue Receipts.
- 6.2** Successive Finance Commissions consider pre-devolution revenue deficit and post-devolution revenue deficit while recommending revenue deficit grant for the States. XV Finance Commission had recommended revenue deficit grant of ₹86,201 crore to the States in FY 2022-23. XV Finance Commission's fiscal consolidation path for the States is generally premised on the principle that with revenue deficit grant, the States shall glide into either revenue surplus or be at zero revenue deficit so that borrowing / fiscal deficit would only be for capital expenditure. XV Finance Commission indicated Revenue Surplus of 0.8 percent, Fiscal Deficit of 3.5 percent and Total Liabilities of 33.3 percent of the GSDP for the States for the FY 2022-23<sup>24</sup>. Generally, after the Finance Commission's report, the States make amendments in their FRBM Act to incorporate the fiscal consolidation path indicated by the Commission.

## Revenue Deficit/Revenue Surplus

- 6.3** This succeeding paragraph synoptically presents the status of fiscal parameters in the States and whether fiscal consolidation is visible. As can be seen from the Table 6.1, a total of 17 States targeted revenue surplus, five States targeted revenue deficit and six targeted zero revenue deficit in FY 2022-23. Out of 17 States that targeted revenue surplus, five States, viz. Assam, Bihar, Himachal Pradesh, Meghalaya and Rajasthan ended up in revenue deficit in FY 2022-23, and only 12 States achieved the target of revenue surplus. Five States targeted revenue deficits, viz. 3.30 percent in case of Andhra Pradesh, 0.98 percent Haryana, 0.78 percent Karnataka, 1.42 percent Maharashtra and 1.99 percent Punjab. Out of these, Karnataka turned to revenue surplus, Maharashtra remained within the target of 1.42 percent of GSDP and remaining three States breached the revenue deficit targets. Out of 12 States that were in revenue deficit in FY 2022-23, only nine States, namely, Andhra Pradesh, Assam, Himachal Pradesh, Kerala, Meghalaya, Punjab, Rajasthan, Tamil Nadu and West Bengal received Finance Commission revenue deficit grants in FY 2022-23.

<sup>24</sup> XV Finance Commission Report, 2021-26, Chapter 12, Table 12.4, page 373, Vol. I.

## Fiscal Deficit

**6.4** If the indicative fiscal deficit target of 3.5 percent of the GSDP fixed by the XV FC for FY 2022-23 for States fiscal consolidation path is considered, then in FY 2022-23, 12 States, Andhra Pradesh (-4.01 percent), Arunachal Pradesh (-4.95 percent), Assam (-6.30 percent), Bihar (-6.01 percent), Himachal Pradesh (-6.46 percent), Manipur (-4.37 percent), Meghalaya (-6.01 percent), Mizoram (-3.61 percent), Nagaland (-4.38 percent), Punjab (-4.95 percent), Rajasthan (-3.76 percent) and Sikkim (-4.46 percent) were above the 3.5 percent fiscal deficit level set out.

**Table 6.1: Liabilities and deficit Parameters of the States, 2022-23 (Percentage of respective GSDP)**

\*States in orange targeted revenue surplus in their budget but ended up in revenue deficit

#States in green exceeded 3.5 percent fiscal deficit to GSDP path set out by the XV FC

^States in blue exceeded 33.3 percent total liabilities to GSDP path set out by the XV FC

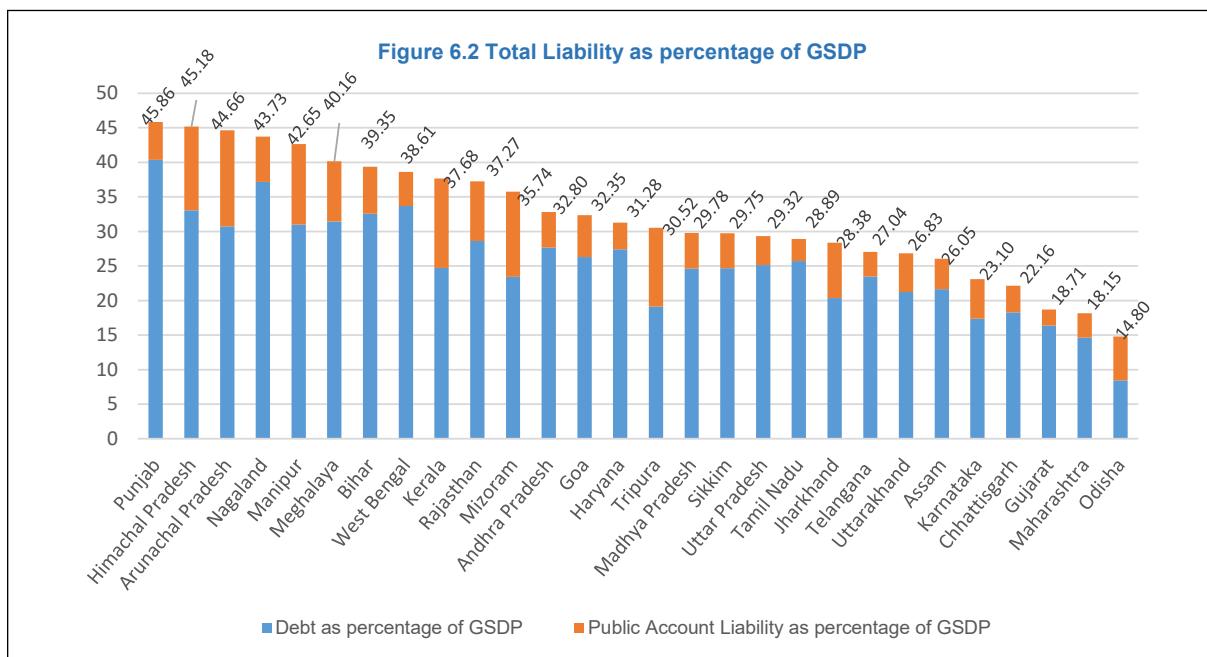

**6.5** As Figure 6.1 shows, States as a whole, during the period 2013-14 to 2022-23, remained in revenue and fiscal deficit. A substantial increase in revenue deficit took place in FY 2020-21, a year impacted by the COVID pandemic. There has been substantial increase in fiscal deficit in 2020-21, 2021-22 and 2022-23. If the aggregate of all the 12 revenue deficit States, without netting the revenue surplus States, is taken, it comes to ₹2,22,648 crore. Revenue Deficit grants of the XV FC of ₹86,201 crore in FY 2022-23 was 39 percent of the total Revenue Deficit of the 12 States in FY 2022-23. Revenue Deficit of the 12 States was 0.86 percent of the combined GSDP and FC Revenue Deficit Grant in FY 2022-23 was 0.34 percent of the GSDP. Annexure 12 brings out the State-wise trend with respect to the deficit indicators during the 10 year period.

## Total Liabilities

**6.6** For all the States combined, public debt was 22.96 percent and total liabilities inclusive of public debt were 27.99 percent of the combined GSDP in FY 2022-23. If the indicative target of 33.3 percent of total liabilities to GSDP, as worked out by the XV FC for FY 2022-23 for States' fiscal consolidation path, is considered with respect to debt ceiling,

11 States<sup>25</sup> had total liabilities more than this ceiling. In FY 2022-23, total liability of States varied from as low as 14.80 percent of its GSDP in case of Odisha to 45.86 percent of its GSDP in case of Punjab.

- 6.7** As can be seen from Table 6.2, as on 31<sup>st</sup> March 2023, eight States had public debt liability of more than 30 percent of their GSDP; six States had public debt liability of less than 20 percent of their GSDP and remaining 14 States had public debt liability between 20 to 30 percent of their respective GSDP in FY 2022-23.

**Table 6.2: Public Debt stock of the States as on 31<sup>st</sup> March 2023 (₹ crore)**

States	Debt as percentage of GSDP	Public Debt as on 31 <sup>st</sup> March 2023	GSDP 2022-23

## Guarantees

**6.8** Guarantees are given by the Government to public sector undertakings, special purpose vehicles, State parastatals, etc. for securing loans and borrowing from market and financial institutions. Guarantee is contingent liability because of the uncertainty of amount and uncertainty of timing in occurrence of the liability. However, guarantees once invoked, are liable to be paid thereagainst. The State Governments have varied limits on guarantees, in terms of both annual stock and as-on-date stock of guarantee. As on 31<sup>st</sup> March 2023, guarantees of all the States combined were ₹10,14,319 crore; 3.91 percent of the combined GSDP.

Figure 6.3: Guarantees as percentage of GSDP of the States as on 31<sup>st</sup> March 2023

- 6.9** Figure 6.3 brings out the State-wise incidence of Guarantees given at the end of FY 2022-23. The outstanding guarantees were over 10 percent of GSDP in Telangana (₹1,98,244 crore), Andhra Pradesh (₹1,38,875 crore) and Sikkim (₹4,786 crore). Arunachal Pradesh, Uttarakhand, Gujarat, Assam, Mizoram, and Goa had outstanding guarantees of less than 0.50 percent of their respective GSDP.
- 6.10** During the period, 2013-14 to 2022-23, outstanding guarantees as on 31<sup>st</sup> March of the year have varied from ₹ 3,76,919 crore as on 31<sup>st</sup> March 2014 (3.57 percent of the GSDP on 31<sup>st</sup> March 2014) to ₹ 10,14,319 crore as on 31<sup>st</sup> March 2023 (3.91 percent of the GSDP in 2022-23). Figure 6.4 brings out the position of outstanding guarantees as on 31<sup>st</sup> March of the year for all the 28 States.

- 6.11** In FY 2016-17, the decrease of 0.68 percent of GSDP was attributable to decrease in the outstanding guarantees mainly in the States of Haryana, Punjab and Tamil Nadu. From FY 2016-17 onwards, the outstanding guarantees increased gradually to the level of 3.99 percent of GSDP in FY 2021-22, on account of increased guarantees given by the States of Andhra Pradesh, Karnataka, Kerala, Maharashtra, Rajasthan, Telangana and Uttar Pradesh. *Annexure 12* brings out the State-wise position of outstanding guarantees over the 10 year period.
