Explanatory Notes

- The abridged accounts in the foregoing statements have to be read with comments and explanations in the Finance Accounts.
- Government accounts being mainly on cash basis, the deficit on Government account indicates the position on cash basis, as opposed to accrual basis in commercial accounting. Consequently, items payable or receivable or items like depreciation or variation on stock figures etc. do not figure in the accounts.
- Suspense and Miscellaneous balances include cheques issued but not paid and payments made on behalf of the State and others pending settlement, etc.
- There was a difference of Rs. 0.83 lakh between the figures reflected in the accounts under cash in Banks and the figures conveyed by the Finance Department. The difference was under reconciliation (September 2004).
