CERTIFICATE OF THE COMPTROLLER AND AUDITOR GENERAL OF INDIA

This compilation containing the Finance Accounts of the Government of Assam for the year 2007-2008 presents the accounts of the receipts and outgoings of the Government for the year, together with the financial results disclosed by the revenue and capital accounts, the accounts of the public debt and the liabilities and assets as worked out from the balances recorded in the accounts. The Appropriation Accounts of the Government for the year for Grants and Charged Appropriations, presented separately, supplement this compilation.

These accounts have been prepared and examined under my direction in accordance with the requirements of the Comptroller and Auditor General's (Duties, Powers and Conditions of Service) Act, 1971. According to the best of my information, as a result of audit of these accounts, the accounts now presented read with the observations in this compilation, are correct statements of receipts and outgoings of the Government of Assam for the year 2007-2008. Points of interest arising out of the study of these accounts as well as test audit conducted during the year or earlier years are contained in my Report(s) being presented separately for the year 2007-2008, Government of Assam.

New Delhi,
The

(VINOD RAI)
Comptroller and Auditor General of India

INTRODUCTORY

I. The accounts of Government are kept in three parts:-

- A. Part I - Consolidated Fund
- B. Part II - Contingency Fund
- C. Part III - Public Account

1. In Part I, namely Consolidated Fund, there are two main divisions, viz.:-

- a) **Revenue** - consisting of sections for 'Receipt Heads (Revenue Account), and 'Expenditure Heads (Revenue Account)'
- b) **Capital, Public Debt, Loans, etc.**- consisting of sections for 'Receipt Heads (Capital Account),' 'Expenditure Heads (Capital Account),' and 'Public Debt, Loans and Advances, etc.'

- (1) The revenue division deals with the proceeds of taxation and other receipts classed as revenue and the expenditure met therefrom, the result of which represents the revenue surplus or deficit for the year.
- (2) In Capital division, the section 'Receipt Heads (Capital Account)' deals with the receipt of Capital nature which cannot be applied as a set off to capital expenditure.
- (3) The section 'Expenditure Heads (Capital Account)' deals with expenditure met usually from borrowed funds with the object of increasing concrete assets of a material and permanent character. It also includes receipts of a Capital nature intended to be applied as a set-off against expenditure.
- (4) The section 'Public Debt,' 'Loans and Advances, etc.,' comprises loans raised and their repayments by Government such as 'Internal Debt' and 'Loans and Advances' made (and their recoveries) by Government. The section also includes certain special types of heads for transaction relating to 'Appropriation to the Contingency Fund' and 'Inter-State Settlement'.

2. In part II, namely Contingency Fund, of the accounts, the transactions connected with the Contingency Fund established under Art.267 of the Constitution of India are recorded.
3. In part III, namely Public Account, of the accounts, the transactions relating to `Debt' (Other than those included in Part I), `Deposits', `Advances', `Remittances' and `Suspense' are recorded. The transactions under `Debt', `Deposits' and `Advances', in this part are those in respect of which Government incurs a liability to repay the moneys received or has a claim to recover the amounts paid, together with the repayments of the former (`Debt' and `Deposits') and the recoveries of the latter (`Advances'). The transactions relating to `Remittances' and `Suspense' in this part embrace all merely adjusting heads under which appear such transactions as remittances of cash between treasuries and currency chests, transfers between different accounting circles, etc. The initial debits or credits to these heads will be cleared eventually by corresponding receipts or payments either within the same circle of account or in another account circle.

II. Sections and Heads of Accounts

- A. Within each of the sections in Part I mentioned above the transactions are grouped into sectors, such as `Tax-Revenue', `Non-Tax Revenue' and `Grants-in-aid and Contributions', for the receipt heads (revenue account), and `General Services', `Social Services' `Economic Services' and `Grants-in-aid and Contributions' for expenditure heads. Specific functions of services (such as Education, Sports, Art and Culture, Health and Family Welfare, Water Supply, Sanitation, Housing and Urban Development etc. in respect of Social Services) are grouped in Sectors for expenditure heads. In Part-III (Public Account) also, the transactions are grouped into sectors, such as `Small Savings', `Provident Funds', `Reserve Funds' etc. The sectors are sub-divided into major heads of account. In some cases the sectors are, in addition, sub-divided into sub-sectors before their divisions into major heads of account.
- B. The major heads are divided into sub-major heads in some cases and minor heads, with a number of subordinate heads, generally known as sub-heads. The sub-heads are further divided into detailed heads. Under each of these heads, the expenditure is shown distributed between charged and voted. Sometimes major heads are also divided into sub-major heads, before their further division into minor heads. Apart from the Sectoral and sub-sectoral classification the Major Heads, Sub-Major Heads, Minor Heads, Sub-Heads, Detailed Heads and Object-Heads together constitute a six-tier arrangement of the classification structure of the Government Accounts. The major, minor and sub-heads prescribed for the classification of expenditure in the general accounts are not necessarily identical with the Grants sub-

heads and other units of allotments which are adopted by the Governments for Demands for Grants presented to the Parliament or Legislatures but in general a certain degree of correlation is maintained between the Demands for Grants and the Finance Accounts.

- C. The major heads of accounts, falling within the sectors for expenditure heads, generally correspond to functions of Government, while the minor heads, subordinate to them, identify the programmes undertaken to achieve the objectives of the function represented by the major head. The sub-head represents the scheme, the detailed head the sub-scheme and object head the object level of classification.

1. **Coding Pattern**

a) **Major Heads**

From 1st April 1987 a four digit code has been allotted to the major head, the first digit indicating whether the major head is a Revenue Receipt head or Revenue Expenditure head or Capital Expenditure head or a Loan head.

The first digit of Code for Revenue Receipt head is either '0' or '1'. Adding 2 to the first digit code of the Revenue Receipt head will give the number allotted to corresponding Revenue Expenditure head; adding another 2, the Capital Expenditure head; and another 2, the Loan head of account. For example, for Crop Husbandry code 0401 represents the Receipts head, 2401, the Revenue Expenditure head, 4401, Capital Outlay head and 6401, Loan head.

Such a pattern is, however, not relevant for those departments which are not operating Capital/Loan heads of accounts e.g. Department of Supply. In a few cases, where receipt and expenditure are not heavy, certain functions have been combined under a single major head, the functions themselves forming sub-major heads under that Major head.

b) **Sub-Major Heads**

A two digit code has been allotted, the code starting from 01 under each Major Head . Where no sub-major head exists it is allotted a Code '00'. The nomenclature 'General' has been allotted Code '80' so that even after further sub-major heads are introduced the Code for 'General' will continue to remain the last one.

c) **Minor Heads**

These have been allotted a three digit code, the codes starting from '001' under each sub-major/major head (where there is no sub-major head). Codes from '001' to '100' and few codes '750' to '900' have been reserved for certain standard minor heads. The coding pattern for minor heads has been designed in such a way that in respect of certain minor heads having a common nomenclature under many major/sub-major heads, the same three digit code is adopted as far as possible.

Under this scheme of codification, the receipt major heads (Revenue Account) are assigned the block numbers from 0020 to 1606, expenditure major heads (Revenue Account) from 2011 to 3606, expenditure major heads (Capital Account) from 4046 to 5475, major heads, under 'Public Debt' from 6001 to 6004 and those under 'Loans and Advances', 'Inter-State Settlement' and 'Transfer to Contingency Fund' from 6075 to 7999. The code number 4000 has been assigned for Capital Receipt major head. The only major head 'Contingency Fund' in part II 'Contingency Fund' has been assigned the code number 8000. The major heads in the Public Account are assigned the code numbers from 8001 to 8999.

The transactions included in these accounts represent mainly the actual cash receipts and disbursements during the financial year April to March as distinguished from amounts due to or from Government during the same period. The cash basis system is, however, not entirely suitable for recording the transactions and presenting the true state of affairs of Government commercial undertakings run on commercial principles. The detailed accounts of this class of undertakings are, therefore, maintained outside the regular accounts in proper commercial form and are subject to test check by the Indian Audit and Accounts Department.

The figures of actuals shown in these accounts are net, after taking into account the recoveries, although the Demands presented to Legislature and the Appropriation Accounts are for gross expenditure and exclude credits and recoveries which are otherwise taken as reduction of expenditure.

EXPLANATORY NOTES

1. The general cash balance represents the combined balances of the Consolidated Fund, the Contingency Fund and the Public Account. The balance under "Deposits with Reserve Bank" on 31st March 2008 has been arrived at after taking into account inter Governmental monetary settlements (pertaining to the transactions of 2007-2008 advised to the Bank upto 25th April 2008).

2. Under an arrangement with the Reserve Bank of India, the Government of Assam has to maintain with the Bank a minimum balance of Rs. 108 lakh on all days. The Bank informs the Government by telegram of the daily balance at the close of each working day. If this balance falls on any day below the agreed minimum, the deficiency is made good either by taking ways and means advance from the Reserve Bank or by selling treasury bills. Government obtained during 2007-2008 Rs. Nil crore as such advance. Rs Nil crore was repaid during the year leaving no balance. Rs. Nil crore was paid as interest during 2007-2008 on the above ways and means advances.

EXPLANATORY NOTES

1. The significance of the head "Government Account" is explained in note 3 below. The other headings in the summary take into account the balances under all account heads in Government books where Government has a liability to repay the money received or has a claim to recover the amount paid and also heads of account opened in the books for adjustment of remittance transactions. It must be understood that these balances cannot be regarded as a complete record of the financial position of the Government as these do not take into account all the physical assets of the State, such as lands, buildings, communications, etc., nor any accrued dues or outstanding liabilities which are not brought to account under cash basis of accounting followed by Government

2. A summary of receipts, disbursements and balances under heads of account relating to Debt, Contingency Fund and Public Account is given in Statement No.16. In a number of cases there are unreconciled differences in the closing balance as shown in Statement No. 16 and those shown in the separate registers or other records maintained in the Accounts Office/Departmental offices for the purpose. Steps are being taken to settle the discrepancies as soon as possible. In many cases full details and documents required for the purpose are awaited from the departmental/treasury officers as detailed in Appendix II. In order to ascertain whether the balances outstanding in the books of the Accounts office under Loans and Advances and Deposits and Advances represent the position correctly, these are communicated at the end of each year to the appropriate authorities and to the debtors themselves (where the detailed accounts are kept by the Accounts Office) for verification and acceptance. In large number of cases such acceptances have not been received. Instances where verification and acceptance of balances

for large amounts have not been received are given below. (In many cases the delay extended even several years):-

	Number of Acceptances are awaited	Year from which acceptances are awaited	Amount outstanding on 31st March 2008

7615 Miscellaneous Loans	34	1969-70	73.62

3. Government Account-Under the system of book keeping followed in Government Accounts. The amounts booked under revenue, capital and other transactions of the Government, the balances of which are not carried forward from year to year in the accounts, are closed to a single head called "Government Account". The balances under this head represent the cumulative result of all such transactions so that after adding thereto the balance under Public Debt, Loans and Advances, Small Savings, Provident Funds etc. Reserve Funds, Deposits and Advances, Suspense and Miscellaneous (Other than Miscellaneous Government Accounts), Remittance and Contingency Fund, the closing cash balance at the end of the year may be worked out and proved. The Government Account for 2007-2008 given next page will show how the net amount at the end of year has been arrived at:-
