Certificate of the Comptroller and Auditor General of India on Appropriation Accounts

This Compilation containing the Appropriation Accounts of the Government of Uttar Pradesh for the year ending 31 March 2018 presents the accounts of the sums expended in the year compared with the sums specified in the schedules appended to the Appropriation Acts passed under Articles 204 and 205 of the Constitution of India. The Finance Accounts of the Government for the year showing the financial position alongwith the accounts of the receipts and disbursements of the Government for the year are presented in a separate compilation.

The Appropriation Accounts have been prepared under my supervision in accordance with the requirements of the Comptroller & Auditor General's (Duties, Powers and Conditions of Service) Act, 1971 and have been compiled from the vouchers, challans and initial and subsidiary accounts rendered by the treasuries, offices and departments responsible for the keeping of such accounts functioning under the control of the Government of Uttar Pradesh and the statements received from the Reserve Bank of India.

The treasuries, offices, and/or departments functioning under the control of the Government of Uttar Pradesh are primarily responsible for preparation and correctness of the initial and subsidiary accounts as well as ensuring the regularity of transactions in accordance with the applicable laws, standards, rules and regulations relating to such accounts and transactions. I am responsible for preparation and submission of Annual Accounts to the State Legislature. My responsibility for the preparation of Accounts is discharged through the office of the Accountant General (A&E). The audit of these accounts is independently conducted through the office of the Principal Accountant General (Audit) in accordance with the requirements of Article 149 and 151 of the Constitution of India and the Comptroller & Auditor General's (Duties, Powers and Conditions of Service) Act, 1971, for expressing an opinion on these accounts based on the results of such audit. These offices are independent organizations with distinct cadres, separate reporting lines and management structure.

The audit was conducted in accordance with the Auditing Standards generally accepted in India. These Standards require that we plan and perform the audit to obtain reasonable assurance that the accounts are free from material misstatement. An audit includes examination, on a test basis, of evidence relevant to the amounts and disclosures in the financial statements.

On the basis of the information and explanations that my officers required and have obtained, and according to the best of my information as a result of test audit of the accounts and on consideration of explanations given, I certify that, to the best of my knowledge and belief, the Appropriation Accounts read with observations in this compilation give a true and fair view of the accounts of the sums expended in the year ended 31 March 2018 compared with the sums specified in the schedules appended to the Appropriation Act passed by the State Legislature under Articles 204 and 205 of the Constitution of India.

Points of interest arising from study of these accounts as well as test audit conducted during the year or earlier years are contained in my Financial, Compliance and Performance Audit Reports on the Government of Uttar Pradesh being presented separately for the year ended 31 March 2018.

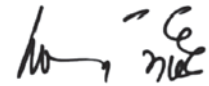

Emphasis of Matter

I want to draw attention to the following significant issues/concerns which are important from the point of view of accuracy, transparency and completeness of these accounts and maintaining legislative financial control over public finances:

There was an excess disbursement of ₹ 1,337.17 crore over the authorisation made by the State Legislature under two Grants and two Appropriations during the financial year 2017-18. Excess disbursements of ₹ 29,648.64 crore under 96 Grants and 40 Appropriations pertaining to the years 2005-06 to 2016-17 are yet to be regularised by the State Legislature. This is in violation of Articles 204 and 205 of the Constitution which provides that no money shall be withdrawn from the Consolidated Fund except under appropriation made by Law by the State Legislature. This vitiates the system of budgetary and financial control and encourages financial indiscipline in management of public resources.

The audit observations on above issues have been detailed in the State Finances Audit Report for the year ended 31 March 2018.

The minor head 'Suspense' is not a final head of account. It accommodates interim transactions where further payments or adjustments of value are necessary before the transactions can be considered completed and finally accounted for. Accordingly, the transactions under the head, if not adjusted to the final head of account, are carried forward from year to year. The Suspense head had three sub-divisions, viz. (1) Stock (2) Miscellaneous Works Advances and (3) Workshop Suspense.

The nature of suspense transactions and their accounting are explained below :-

(1) Stock :- This head is debited with the value of material received for stock purposes and not any particular work. It is credited with the value of material issued to works or sold or transferred to other divisions. This head will, therefore, show debit balance representing the book value of material held in stock plus unadjusted charges connected with the manufacture of materials, if any.

(2) Miscellaneous Works Advances:- This head comprises debit for the value of stores on credit, expenditure incurred on deposit works in excess of deposits received, loss of cash or stores not written off, sum recoverable from Government Servants, etc. The debit balances under this head, therefore, represents recoverable amounts.

(3) Workshop Suspense :- The charges for jobs executed or other operations in departmental workshops are debited to this head pending their recovery or adjustment.

An analysis of the transactions in the year 2017-2018 together with the opening and closing balances is given in Appendix-III.

(4) Pro-rata distribution of establishment and tools and plant charges of the Public Works Department:- From the gross charges of the Public Works Department the percentage recoveries towards establishment and tools and plants charges for work done for other Government Departments, Local Bodies etc. are deducted and the net charges are distributed among the appropriate major heads of account in proportion to actual work outlay under each head after excluding the outlay on works executed by special establishment, if any.

A review of direction and administration and machinery and equipment charges is given in Appendix-IV.
