CERTIFICATE OF THE COMPTROLLER AND AUDITOR GENERAL OF INDIA

This compilation containing the Finance Accounts of the Government of Jharkhand for the year 2006-2007 presents the accounts of the receipts and outgoings of the Government for the year, together with the financial results disclosed by the revenue and capital accounts, the accounts of the public debt and the liabilities and assets as worked out from the balances recorded in the accounts. The Appropriation Accounts of the Government for the year for Grants and Charged Appropriations, presented separately, supplement this compilation.

These accounts have been prepared and examined under my direction in accordance with the requirements of the Comptroller and Auditor General's (Duties, Powers and Conditions of Service) Act, 1971 read with the provisions of the Bihar Re-organisation Act, 2000. According to the best of my information, as a result of audit of these accounts, the accounts now presented read with the observations in this compilation, are correct statements of receipts and outgoings of the Government of Jharkhand for the year 2006-2007. Points of interest arising out of the study of these accounts as well as test audit conducted during the year or earlier years are contained in my Report(s) being presented separately for the year 2006-2007, Government of Jharkhand.

NEW DELHI, The (Vijayendra N. Kaul) Comptroller and Auditor General of India

INTRODUCTORY

1. The accounts of Government are kept in three parts-

Part I-Consolidated Fund Part II-Contingency Fund Part III-Public Account

In Part I namely Consolidated Fund, there are two main divisioins, viz.-

- (1) Revenue-consisting of sections for 'Receipt Heads (Revenue Account)' and 'Expenditure Heads (Revenue Account)'.
- (2) Capital, Public Debt, Loans, etc.-consisting of sections for Receipt Heads (Capital Account), 'Expenditure Heads (Capital Account)' and 'Public Debt, Loans and Advances, etc'.

The Revenue division deals with the proceeds of taxation and other receipt classed as revenue and the expenditure met therefrom, the net result of which represents the revenue surplus or deficit for the year.

In Capital division, the section 'Receipt Heads (Capital Account)' deals with receipts of capital nature which cannot be applied as a set-off capital expenditure.

The section 'Expenditure Heads (Capital Account)' deals with expenditure met usually from borrowed funds with the object of increasing concrete assets of a material and permanent character. It also includes receipts of a capital nature intended to be applied as set-off against expenditure.

The section 'Public debt, Loans and advances, etc.', comprises loans raised and their repayments by Government such as 'Internal Debt' and 'Loans and advances' made (and their recoveries) by Government. This section also includes certain special types of heads for transactions relating to Appropriation to the 'Contingency Fund' and 'Inter-State Settlement'.

In Part II, namely Contingency Fund, of the accounts, the transactions connected with the Contingency Fund established under article 267 of the Constitution of India are recorded.

In Part III, namely Public Account, of the accounts, the transactions relating to 'Debt' (other than those included in Part I), 'Deposits', 'Advances', 'Remittances' and 'Suspense' are recorded. The transactions under 'Debt', 'Deposits' and 'Advances', in this part are those in respect of which Government incurs a liability to repay the money received or has a claim to recover the amounts paid, together with the repayments of the former ('Debt' and 'Deposits') and the recoveries of the latter ('Advances'). The transactions relating to 'Remittances' and 'Suspense' in this part embrace all merely adjusting heads under which appear such transactions as remittances of cash between treasuries and currency chests, transfers between different accounting circles, etc. The initial debits or credits to these heads will be cleared eventually by corresponding receipts or payments either within the same circle of account or in another account circle.

2. Sectors and Heads of Accounts

Within each of the sections in Part I mentioned above the transactions are grouped into sectors such as 'Tax Revenue', 'Non-Tax Revenue', and 'Grants-in-aid and contributions' for the receipts heads (revenue account) and 'General Services', 'Social Services', 'Economic Services', and 'Grant-in-aid and contribution' for expenditure heads. Specific function or services (such as Education, Sports, Art and Culture, Health and Family Welfare, Water Supply, Sanitation, Housing and Urban Development, etc., in respect of Social Services) are grouped in sectors for expenditure heads. In Part III (Public Account) also the transactions are grouped into sectors, such as 'Small Saving, Provident Funds, 'Reserve Funds', etc. The sectors are sub-divided into major heads of account. In some cases, the sectors, are in addition, sub-divided into sub-sectors before their division into major heads of account.

The major heads are divided into sub-major heads in some cases and minor heads, with a number of subordinate heads, generally known as sub-heads. The sub-heads are further divided into detailed heads. Under each of these heads, the expenditure is shown distributed between charged and voted. Sometimes major heads are also divided into sub-major heads before their further division into minor heads. Apart from the Sectoral and sub-sectoral classification the Major Heads, Sub-Major Heads, Minor Heads, Sub-Heads, Detailed Heads and Object Heads together constitute a six-tier arrangement of the classification structure of the Government Accounts. The major, minor and sub-heads prescribed for the classification of expenditure in the general accounts are not necessarily identical with the Grants, sub-heads and other units of allotment which are adopted by the Government for Demands for Grants presented to the Parliament or Legislature but in general a certain degree of correlation is maintained between the Demands for Grants and the Finance Accounts.

The major heads of accounts, falling within the sectors for expenditure heads, generally correspond to functions of Government, while the minor heads, subordinate to them, identify the programmes undertaken to achieve the objectives of the function represented by the major head. The sub-head represents the scheme, the detailed head the sub-scheme and object head the object level of classification.

3. Coding Pattern

Major Heads

From 1st April 1987 a four digit Code has been allotted to the major heads, the first digit indicating whether the major head is a Receipt head or Revenue Expenditure head or Capital Expenditure head or a Loan head.

The first digit of code for Revenue Receipt heads is either '0' or '1' Adding 2 to the first digit code of the Revenue Receipts head will give the number allotted to corresponding Revenue Expenditure head; adding another 2, the Capital Expenditure head; and another 2, the loan head of Account. For example, for Crop Husbandry code 0401 represents the Receipt head, 2401, the Revenue expenditure head 4401, Capital Outlay head and 6401, Loan head.

Such a pattern is, however, not relevant for those departments which are not operating Capital/Loan heads of accounts e.g. Department of Supply. In a few cases, where receipt and expenditure are not heavy, certain functions have been combined under a single major head, the functions themselves forming sub-major heads under that Major Head.

Sub-Major Heads

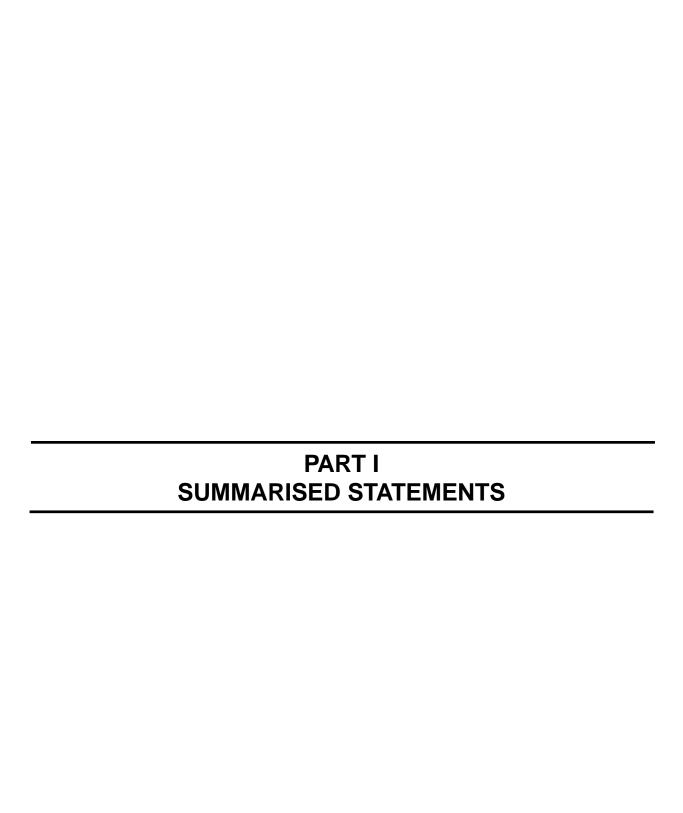

A two digit code has been allotted, the code starting from 01 under each major head. Where no sub-major head exists it is allotted a Code '00'. The nomenclature 'General'has been alloted Code '80' so that even after further sub-major heads are introduced' the Code for 'General' will continue to remain the last one.

Minor Heads

These have been allotted a three digit code, the codes starting from '001' under each sub-major/major head (where there is no sub-major head). Code from '001' to '100' and few codes '750' to '900' have been reserved for certain standard minor heads. The coding pattern for minor heads has been designed in such a way that in respect of certain minor heads having a common nomenclature under many major/sub-major heads, the same three digit code is adopted as far as possible.

Under this scheme of codification, the receipt major heads (Revenue Account) are assigned the block numbers from 0020 to 1606, expenditure major heads (Revenue Account) from 2011 to 3606, expenditure major heads (capital account) from 4046 to 5475, Major heads under 'Public Debt' from 6001 to 6004 and those under 'Loans and Advances', 'Inter-State Settlement' and 'Transfer to Contingency Fund' from 6075 to 7999. The code number 4000 has been assigned for capital receipt major head. The only major head 'Contingency Fund' in 'Part II-Contingency Fund' has been assigned the code number 8000. The major heads in the Public Account are assigned the code number from 8001 to 8999.

- 4. In terms of Bihar Reorganisation Act, 2000 (No. 30 of 2000), the State of Bihar was reorganised as a new State known as State of Jharkhand has been formed with effect from 15th November 2000 (i.e. appointed day). The apportionment of assets and liabilities of the composite State of Bihar immediately prior to the appointed day as also other financial adjustments are to be undertaken in each case with reference to the provisions of the Bihar Reorganisation Act, 2000 (No. 30 of 2000). Wherever such progressive expenditure and the closing balances have been allocated and transfers made, such amounts have been shown in these accounts. In other cases, the allocations and transfers and also readjustments will be made in the Finance Accounts of the subsequent years on receipt of further details/information from concerned institutions/ Government. Explanatory notes have been appropriately incorporated in these accounts to indicate the allocations and transfers of progressive expenditures and the closing balances to the extent possible. Care has been taken to reconcile the progressive expenditures and the closing balances with the authorities concerned.
- 5. The transactions included in these accounts represent mainly the actual cash receipts and disbursements during the financial year April to March as distinguished from amounts due to or from Government during the same period. The cash basis system is, however, not entirely suitable for recording the transactions and presenting the true state of affairs of Government Commercial undertakings run on commercial principles. The detailed accounts of this class of undertakings are, therefore, maintained outside the regular accounts in proper commercial form and are subjected to test-check by the Indian Audit and Accounts Department.
- 6. As per the Rules prescribed by the President of India, expenditure on "Grants-in-Aid" to Local Bodies has to be classified as Revenue and not as Capital expenditure. During the year 2006-2007, however, the State Government provided for and paid grants-in-aid of Rs. 63.37 crores to Local Bodies etc. under Capital Section of the Budget and the Accounts. This has had the effect of reducing the Revenue deficit to this extent. The expenditure thus classified, wherever noticed, has been suitably indicated by footnotes in the relevant statements. Similar situation prevailed in the Accounts for 2000-2001, 2001-2002, 2002-2003, 2003-2004, 2004-2005 and 2005-2006 also.

EXPLANATORY NOTES

- 1. The Cash balance represents the combined balances of the Consolidated Fund, the Contingency Fund and the Public Account. The balance against 'Deposits with Reserve Bank' represents the balance according to Government account after taking into account Inter-Government monetary settlement advised to the Reserve Bank upto 16th April 2007. There was a difference of Rs.2,98.74 lakh (net credit), between the figures of 'Deposits with Reserve Bank' reflected in the accounts (Rs. 1,35,95.98 lakh) (credit) and that intimated by the Reserve Bank of India (Rs. 1,32,97.24 lakh) (debit). The difference is under reconciliation.
 - (*) Closing balances under item (b)(1) & (2) of composite State of Bihar on 14th November 2000 have not been allocated between the successor Bihar State and Jharkhand State so far (August 2007).

STATEMENT NO. 7 concld.

2. Ways and Means advances and overdrafts from the Reserve Bank of India-Under an agreement with the Reserve Bank of India, the State Government has to maintain with the Bank a minimum balance of Rs. 45.00 lakh (with effect from 15th November 2000) on all days. If the balance falls below the agreed minimum, the Bank makes ordinary ways and means advances upto a maximum of Rs. 280 crore. (w.e.f. 1st April 2006). In addition, special ways and means advances not exceeding Rs. 4.34 crore (w.e.f. 1st April 2006), Rs. 0.03 crore (w.e.f. 12th May 2006), Rs. 4.18 crore (w.e.f. 2nd June 2006), Rs. 4.07 crore (w.e.f. 3rd July 2006), Rs. 4.17 crore (w.e.f. 3rd October 2006) and Rs. 4.18 crore (w.e.f. 2nd January 2007 to 31st March 2007) are made available against securities of the Government of India held by the State Government. If even after the maximum advances are given, there is a shortfall in the minimum cash balance, the shortfall is left uncovered. Overdrafts are allowed by the Bank if the State has a minus balance after availing of the maximum advance.

The extent to which the Government maintained the minimum balance with the Bank during 2006-2007 is given below:-

| (i) | Number of days on which minimum balance was maintained without obtaining any advance | 336 |
|-------|---|-----|
| (ii) | Number of days on which the minimum balance was maintained by taking ordinary and special ways and means advances | 29 |
| (iii) | Number of days on which there was shortfall from the minimum balance after taking the advances but no overdraft was taken | Nil |
| (iv) | Number of days on which overdraft was taken | Nil |

- 3. The investment of Rs. 9,66,97.02 lakh out of cash balance is in the Treasury Bills of the Government of India (Rs. 9,62,56.00 lakh) and Securities of Other State Government (Rs. 4,41.02 lakh). Interest realised during the year on investments held in the Cash Balance Investment Account was Rs. 36,19.93 lakh.
- 4. No investment was made by the State Government in its own Securities.
- 5. Details of investments out of earmarked funds are given in Statement no. 19.

EXPLANATORY NOTES

- 1. The significance of the head "Government Account" is explained in Note 3 below. The other headings in the summary take into account the balances under all account heads in Government books where Government has a liability to repay the money received or has a claim to recover the amounts paid and also heads of account opened in the books for adjustment of remittance transactions. It must be understood that these balances cannot be regarded as a complete record of the financial position of Government as it does not take into account all the physical assets of the State, such as lands, buildings, communications, etc., nor any accrued dues or outstanding liabilities which are not brought to account under the cash basis of accounting followed by Government.
- 2. A summary of receipts, disbursements and balances under the heads of account relating to Debt, Contingency Fund and Public Account is given in Statement no. 16.
 - In a number of cases, there are unreconciled differences in the closing balances as reported in Statement no. 16 and those shown in the separate registers or other records maintained in the Accounts Office/Departmental Offices for the purpose. Steps are being taken to settle the discrepancies as soon as possible. In many cases, full details and documents required for the purpose are awaited from the Departmental/Treasury Officers. The balances are communicated to the officers every year for verification and acceptance thereof. In a large number of cases such acceptances have not been received.
- 3. Government Account-Under the system of book keeping followed in Government Accounts, the amounts booked under revenue and capital heads and other transactions of Government, the balances of which are not carried forward from year to year in the accounts are closed to a single head called "Government Account". The balance under this head represents the cumulative result of all such transactions so that after adding thereto the balances under Public Debt, Loans and Advances, Suspense and Miscellaneous (Other than Miscellaneous Government Account), Remittances and Contingency Fund, the closing balance at the end of the year may be worked out and proved. The Government Account for 2006-2007 will show how the net amount at the end of the year has been arrived at:-
