These accounts are presented in two volumes, Volume I contains the consolidated position of the state of finances and Volume – II depicts the accounts in detail. The Appropriation Accounts of the Government for the year for Grants and Charged Appropriations are presented in a separate compilation.

The Finance Accounts have been prepared under my supervision in accordance with the requirements of the Comptroller and Auditor General's (Duties, Powers and Conditions of Service) Act, 1971 and have been compiled from the vouchers, challans and initial and subsidiary accounts rendered by the treasuries, offices and departments responsible for the keeping of such accounts functioning under the control of the Government of Meghalaya and the statements received from the Reserve Bank of India. Statements (No. 8 and 9), explanatory notes to (Statement No. 11) and appendices (IV, V, IX and X) in this compilation have been prepared directly from the information received from the Government of Meghalaya/Corporations/ Companies/ Societies who are responsible to ensure the correctness of such information.

The treasuries, offices and/or departments functioning under the control of the Government of Meghalaya are primarily responsible for preparation and correctness of the initial and subsidiary accounts as well as ensuring the regularity of transactions in accordance with the applicable laws, standards, rules and regulations relating to such accounts and transactions. I am responsible for preparation and submission of Annual Accounts to the State Legislature. My responsibility for the preparation of accounts is discharged through the office of the Accountant General (A&E). The audit of these accounts is independently conducted through the office of the Principal Accountant General (Audit) in accordance with the requirements of Articles 149 and 151 of the Constitution of India and the Comptroller and Auditor General's (Duties, Powers and Conditions of Service) Act, 1971, for expressing an opinion on these Accounts based on the results of such audit. These offices are independent organizations with distinct cadres, separate reporting lines and management structure.

The audit was conducted in accordance with the Auditing Standards generally accepted in India. These Standards require that we plan and perform the audit to obtain reasonable assurance that the accounts are free from material misstatement. An audit includes examination, on a test basis, of evidence relevant to the amounts and disclosures in the financial statements.

On the basis of the information and explanations that my officers required and have obtained, and according to the best of my information as a result of test audit of the accounts and on consideration of explanations given, I certify that, to the best of my knowledge and belief, the Finance Accounts read with the explanatory 'Notes to Accounts' give a true and fair view of the financial position, and the receipts and disbursements of the Government of Meghalaya for the year 2010-2011.

Points of interest arising from study of these accounts as well as test audit conducted during the year or earlier years are contained in my Reports on the Government of Meghalaya being presented separately for the year ended 31st March 2011.

Guide to the Finance Accounts

A. Broad overview of the Structure of Government Accounts

1. The Accounts of the Government are kept in three parts:

Part I: The Consolidated Fund: All Receipts and Expenditure on Revenue and Capital Account, Public Debt and Loans & Advances forms the Consolidated Fund of the State

Part II: The Contingency Fund: Legislature may by law establish a Contingency Fund which is in the nature of an imprest. The Fund is placed at the disposal of the Governor to enable advances to be made for meeting unforeseen expenditure pending authorisation of such expenditure by the State Legislature. The fund is recouped by debiting the expenditure to the concerned functional major head in the Consolidated Fund of the State.

Part III: The Public Account: All other public moneys received by or on behalf of the Government are credited to the Public Account. The expenditure out of this account is not subject to the vote of the Legislature. In respect of the receipts into this account, the Government acts as a banker or trustee. Transactions relating to Debt (other than public debt in Part I), Deposits, Advances, Reserve Funds, Remittances and Suspense form the Public Account.

A.1.1 Pictorial representation of Structure of Government Accounts

2. DIVISIONS, SECTIONS, SECTORS etc

The two main divisions of the Accounts in the Consolidated fund are, as depicted in A.1.1 on previous page, 'Revenue and 'Capital, Public Debt, Loans etc.' which are divided into sections 'Receipts 'and 'Expenditure'. Within each of the Divisions and Sections of the Consolidated Fund the transactions on the expenditure side are grouped into Sectors such as, "General Services", "Social Services", "Economic Services", under which specific functions or services shall be grouped. The Sectors are sub-divided into sub sectors/Major heads of account. Major heads correspond to functions and are further divided into sub major heads (sub functions) and minor heads (programmes) which are depicted in volume 2 of the Finance Accounts. The classification below minor heads of account i.e. subheads (schemes) and detailed and object heads (objects of expenditure) are not depicted in the Finance Accounts (minor exceptions exist), though some details are included in the appendices.

B. WHAT DO THE STATEMENTS CONTAIN

EXPLANATORY NOTES

II. Daily Cash Balance: Under an agreement with the Reserve Bank of India, the State Government has to maintain a minimum cash balance of ₹ 21 lakhs with the Bank. If the balance falls below the agreed minimum on any day, the deficiency is made good by taking ordinary and special ways and means advances/overdrafts from time to time.

For arriving at the daily cash balance [*] for the purpose of grant of Ways and Means advances/Overdraft, the RBI evaluates the holdings of the 14 days treasury bills along with the transactions reported (at RBI counters, Inter-Government transactions and Treasury transactions reported by the agency banks) for the day. To the cash balance so arrived, the maturity of 14 days Treasury Bills if any, is added and excess balance, if any, after maintaining the minimum cash balance is reinvested in Treasury Bills. **If the net cash balance arrived at results in less than the minimum cash balance** or a credit balance and if there are no 14 days treasury bills maturing on that day, RBI rediscounts the holdings of the 14 days Treasury Bills and makes good the shortfall. If there is no holding of 14 days Treasury Bills on that day the State Government applies for Ways and Means Advances/Special Ways and Means Advances/ Over Draft.

III . The limit for ordinary ways and means advances to the State Government was ₹ 60.00 crores with effect from 1-04-2009 The Bank has also agreed to give special ways and means advances against the pledge of Government Securities. The limit of special ways and means advances revised by the Bank from time to time.

The extent to which the Government maintained the minimum cash balance with the Reserve Bank during 2010-2011 is given below:-

(iv) Number of days on which there was shortfall in minimum balance even after taking the above advances, but no overdraft was taken	...
