Overview

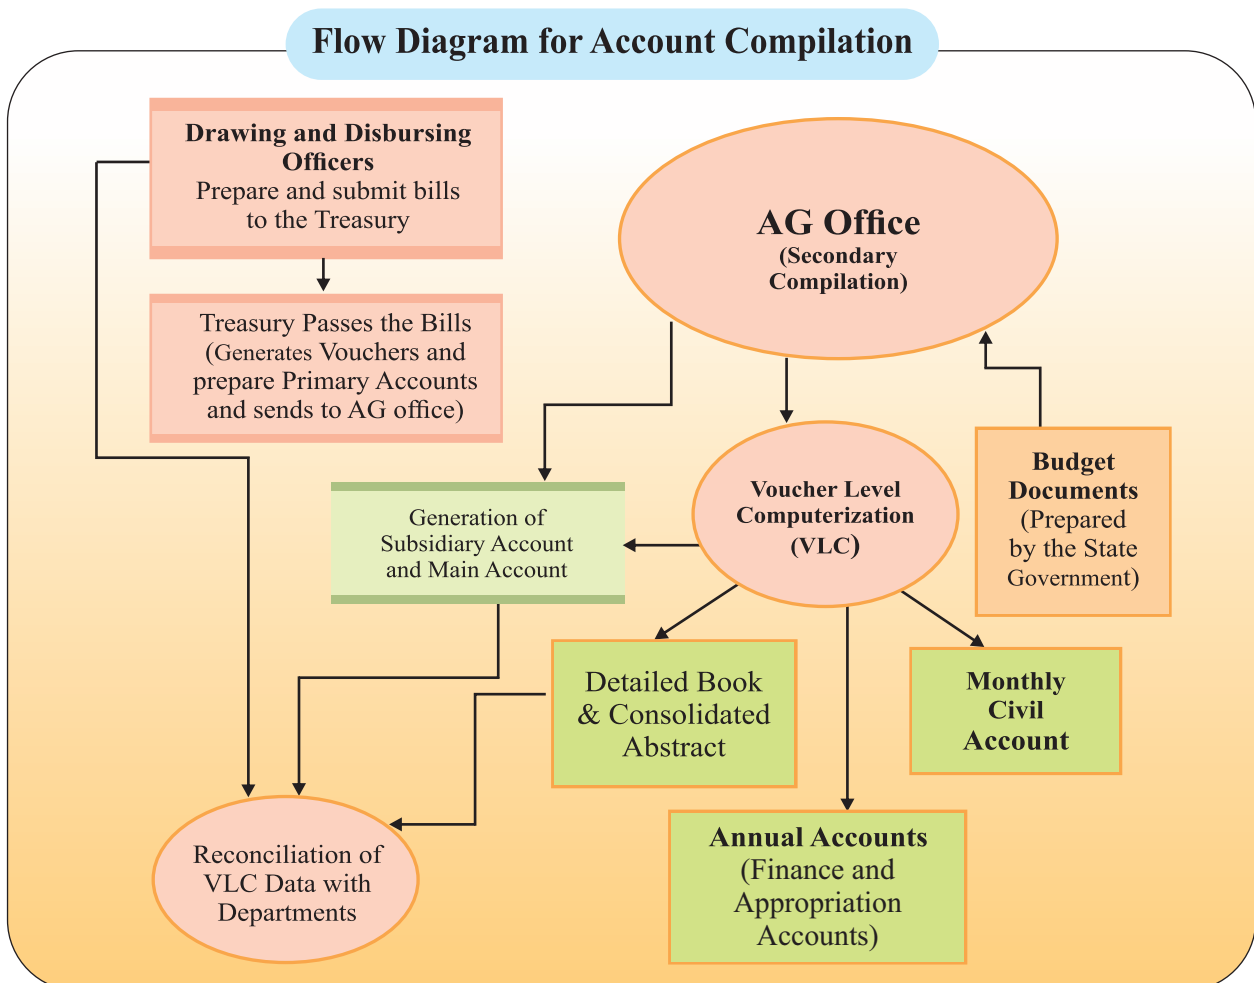

1.1 Introduction

Article 149 of the Constitution of India and Section 10 and 11 of Comptroller and Auditor General's DPC Act, 1971 mandates that the CAG is responsible for compiling the accounts of the State and preparation of their annual accounts from the accounts compiled.

Accordingly, the Accountant General (Accounts and Entitlements), Uttar Pradesh has been entrusted with the responsibility of preparation of the Annual Finance and Appropriation Accounts of the Government of Uttar Pradesh. These are prepared on the basis of monthly accounts compiled from the initial accounts rendered by the District Treasuries, Public Works and Forest Divisions, advices of the Reserve Bank of India and other additional information received from Government of India and other State Governments.

The Finance Accounts and Appropriation Accounts are placed before the State Legislature after audit by the Accountant General (Audit-II), UP and certification by the CAG of India.

1.2 Compilation of Accounts

1.3 Structure of Accounts

Government Accounts are maintained in three parts:

Expenditure from this Fund is recouped subsequently from the Consolidated Fund. The corpus of the State Contingency Fund is now ₹1,200 crore.
Part III PUBLIC ACCOUNT	All other public moneys received by or on behalf of the Government, where it acts as a banker or trustee, are credited to the Public Account. It comprises payables like Small Savings and Provident Funds, Reserve Funds, Deposits and Advances, and Suspense and Remittance heads (as transitory heads pending final booking).

2.1 What do the Deficit and Surplus indicate?

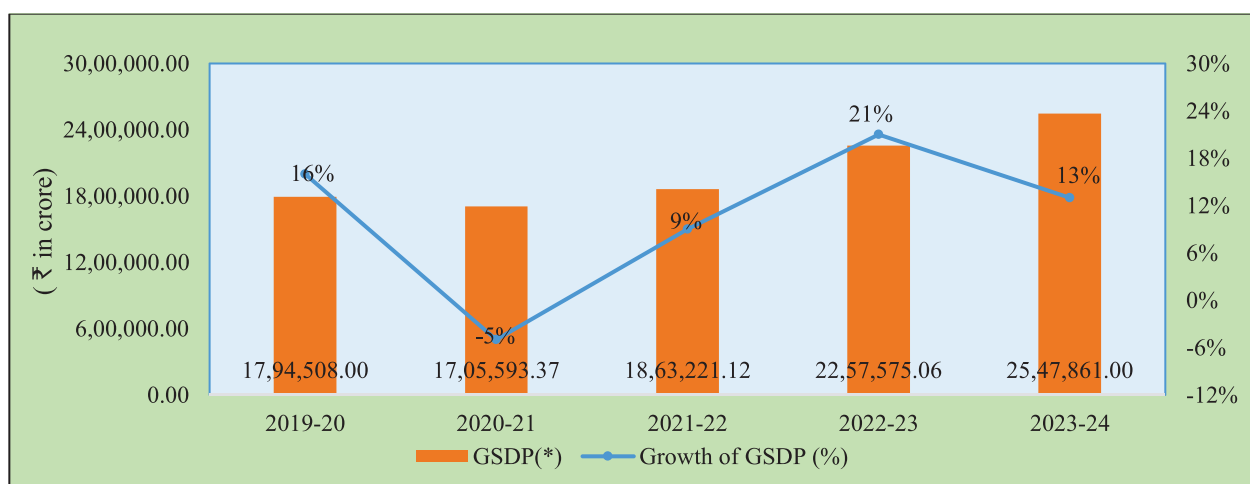

Deficit	Gap between revenue and expenditure.

Fiscal Deficit/Surplus	Gap between total receipts (excluding borrowings) and total expenditure. This gap, therefore, indicates the extent to which expenditure is financed by borrowings. Ideally, the borrowings should be invested in capital projects.

2.2 Gross State Domestic Product and the factors affecting it

Gross State Domestic Product (GSDP) is the value of final goods and services produced within the boundaries of the State during the year. The GSDP of Uttar Pradesh for the year 2023-24 was ₹25,47,861.00 crore with an increase of 13 per cent over the year 2022-23. GSDP growth was highest at 21 per cent in 2022-23 during the last five years. The growth is presented below:

Graph 2.1 - GSDP Growth

4.7 Expenditure under Scheduled Castes Sub Plan (SCSP)/Tribal Sub Plan (TSP)

Scheduled Caste Sub Plan (SCSP) for Scheduled Castes (SC) and Tribal Sub-Plan (TSP) for Scheduled tribes (ST) are intended to channelize the flow of resources towards development of SC and ST. The allocations under these components are provided for the purpose of creating productive assets, human resource development of Scheduled Castes and Scheduled Tribes through adequate education and health services. These allocations are made under the minor head “Special Component Plan for Scheduled Castes” (code 789) and Tribal Area Sub-Plan (code 796). The position of allocations under these plans made by the State Government, expenditure incurred and the percentage gap during the last five years is depicted as under:

Table 4.10- Trend of Expenditure under SCSP and TSP during 2019-20 to 2023-24

It is evident from the above data that the percentage gap in expenditure with respect to the budget provisions in respect of scheduled caste programs and scheduled tribe programs ranged between 21 to 37 *per cent* and 20 to 45 *per cent* respectively during the period from 2019-20 to 2023-24.

4.8 Loans and Advances by the State Government

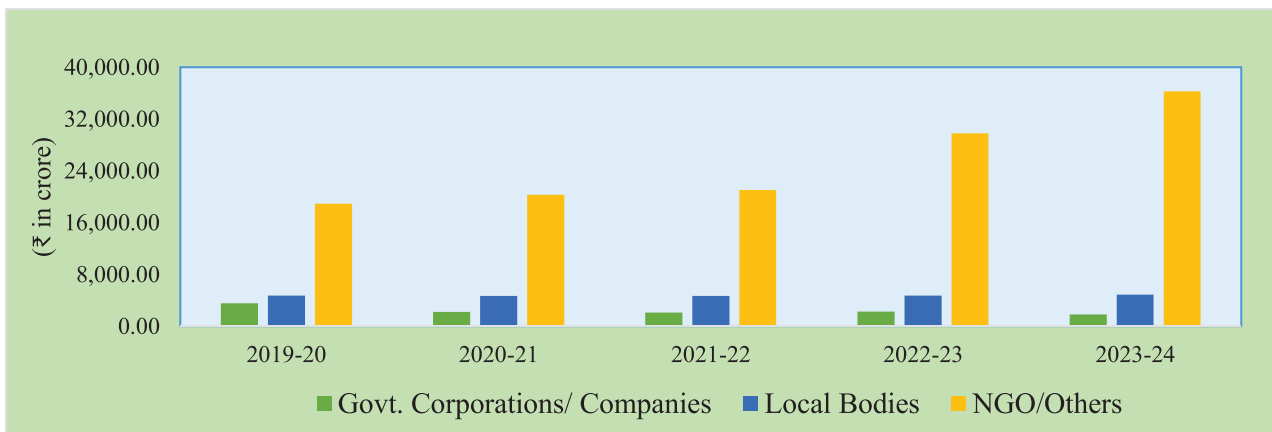

The State Government gives loans and advances to Government Corporations/ Companies, Local Bodies, Non-Government Institutions/Organisations etc. The Government advanced ₹8,014.96 crore to these institutions in 2023-24. The outstanding balance of loans and advances of these institutions was ₹42,932.63 crore as on 31 March 2024. Public Debt

5.1 Introduction

Article 293 of the Constitution of India empowers the State Government to borrow upon the security of the Consolidated Fund of the State within such limits, if any, as may be from time to time fixed by the State Legislature.

Borrowings are required to meet capital expenditure, repayment of debt, discharge of other liabilities that are not met from the receipts of the Government. Public debt comprises the borrowings from market, financial institutions like LIC, GIC, NABARD, NCDC, NSSF, Ways and Means Advances from RBI etc. (Internal Debt), and the loans and advances received from GoI.

There was an outstanding public debt of ₹6,67,106.03 crore as on 31 March 2024, which comprised of internal debt 92 *per cent* and GoI loans about 8 *per cent* thereof. During 2023-24, the State Government had borrowings of ₹1,20,653.96 crore from market/other institutions and the Government of India. Of this, ₹21,388.63 crore was expended for repayment of earlier Loans.

5.2 Public Debt

Public debt of the State Government increased from 23 *per cent* of GSDP in 2019-20 to 26 *per cent* in 2023-24 mainly due to increase in internal debt, especially increase in borrowings from market. The market borrowings constituted 72 *per cent* of the total internal debt in 2019-20, which increased to 87 *per cent* in 2023-24. Thus, increasing trend in market borrowings has led to growth in government liabilities over the years. The growth of public debt during the preceding five years is depicted as below:

Table 5.1- Growth of Public Debt

(₹ in crore)

Financial Year	Internal Debt (A) (market borrowings out of total Internal debt)	GoI loan (B)	Public Debt (A+B)	Per cent to GSDP

Note: Figures are progressive balance to end of the year.

5.3 Debt Service Ratio

Debt Service is the amount that is required to cover the repayment of principal and interest on a debt for a particular period.

Debt Service Ratio is defined as net income divided by total Debt Service. It is a measure of the cash flow available to pay current obligations. The Debt Service Ratio helps to determine the borrower's ability to make debt service payments.

During 2023-24, total debt service was about 3 *per cent* of GSDP. The position of debt servicing during the last five years has been depicted as below:

Table 5.2- Debt Servicing as Percentage of GSDP

(₹ in crore)

Financial Year	2019-20	2020-21	2021-22	2022-23	2023-24
Repayment of Debt	22,400.61 (1.25)	26,777.49 (1.57)	28,725.94 (1.54)	22,690.46 (1.01)	21,388.63 (0.84)

GSDP	17,94,508.00	17,05,593.37	18,63,221.12	22,57,575.06	25,47,861.00

(Figures in parenthesis are percentage to GSDP)

5.4 Debt Sustainability of the State

Public debt of the State Government increased substantially by 60 *per cent* in 2023-24 over the outstanding debt in 2019-20, whereas the economy in terms of GSDP grew by 42 *per cent*. The debt to GSDP ratio arose from 23 *per cent* in 2019-20 to 26 *per cent* in 2023-24. The debt repayment was 5 *per cent* of total tax revenue and 18 *per cent* of debt receipts during 2023-24.

The increasing trend of raising debt tends to increase the debt stock entailing debt distress on the state economy. This fiscal situation may result in augmentation of debt liabilities and reduction of capital expenditure i.e. development related spending.

Against which, the actual expenditure was ₹5,84,110.09 crore (77 per cent of the total provision). Of which, total charged expenditure was 12 per cent and voted 88 per cent. Summary of the Appropriation Accounts for the year 2023-24 is given below:

Table 6.1- Summary of Appropriation Accounts for 2023-24

6.2 Saving/Excess during the last five years

During the year 2023-24, there was saving of ₹1,78,373.98 crore. Saving/Excess under Revenue and Capital Expenditure heads, Public Debt and Loans and Advances over the last five years have been depicted as follows:

Table 6.2- Saving/Excess during 2019-20 to 2023-24

Thus, saving during the last five years was about 25 *per cent* (on an average), which shows non-achievement of about one-fourth commitments of the State Government made by the State Budget or non-observance of its authorisation by the State Legislature.

6.3 Persistent Savings

Persistent savings under a Grant indicate either slow or non-implementation of certain schemes/programmes. Some of the grants under which significant savings occurred are as follows:

7.2.2 Others Investment and Dividends

The Government invested ₹20,666.28 crore in equity shares of Statutory Corporations, Government Companies, Co-operative Societies and other institutions during 2023-24, which stood at total investment of ₹1,84,667.16 crore (7.25 per cent of GSDP) in these institutions (13,583) at the end of the year 2023-24. The dividends therefrom during the year were ₹49.66 crore (i.e. 0.03 per cent of total investment).

7.3 Liabilities

Government liabilities differ from the government debt to the extent that the government debt (or, public debt) comprises of Internal Debt of the State Government and Loans from GoI, whereas liabilities of the Government include Public Debt as well as other liabilities viz. Small

Savings, Reserve funds and other Deposits in the Public Accounts. These liabilities are 'Debt Stock of the State Government' which increased by ₹1,05,555.99 crore (16 per cent) in 2023-24 as against the previous year. Position of the debt stock during the last five years is as under:

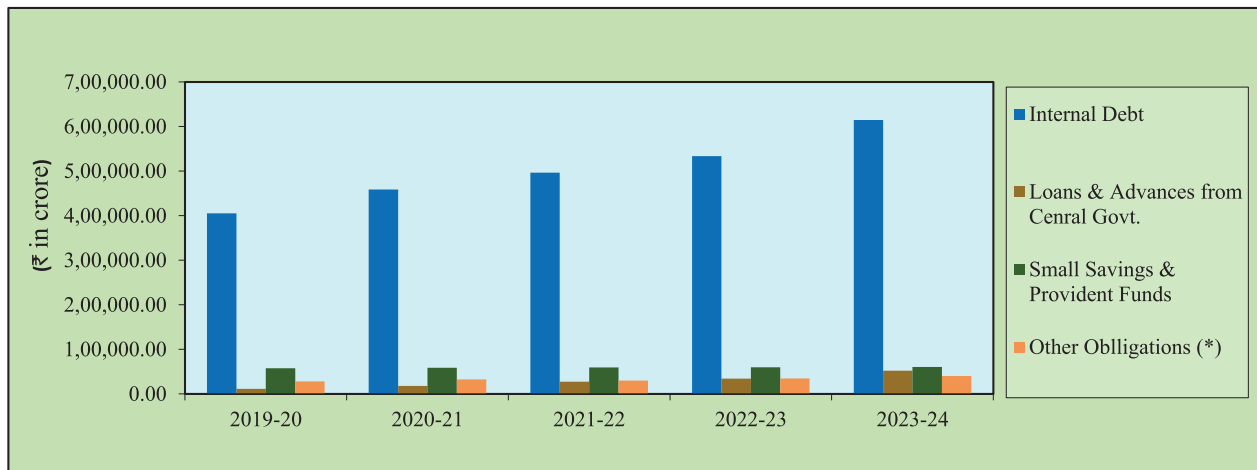

Table 7.3-Trend of State's Liabilities during the year 2019-20 to 2023-24

Note: Figures are progressive balance to end of the year.

Graph 7.1-Trends in Government Liabilities

(*) Interest not bearing obligations such as Deposits of Local Funds, other Earmarked Funds, etc.

The increasing trend in government liabilities is mainly due to the gradual increase in internal debt of the State Government during the period 2019-20 to 2023-24. However, the debt stock (i.e. total liabilities) of the State Government remained at 30 per cent of GSDP at the end of the year.

7.3.1 Increasing trend of outstanding liabilities of the State Government on account of Market Borrowings

As per the procedure adopted by the State Government for amortisation of the market borrowings, the State Government makes provisions for reduction or avoidance of debt under Major Head 2048 and appropriates it to Sinking Fund under Major Head 8222 by way of book transfer. During the year 2019-20, the State Government constituted a Consolidated Sinking Fund (CSF) in March 2020 for redeeming of the outstanding liabilities of the State (Internal debt and other liabilities under Public Accounts). During 2023-24, sum of ₹1,500.00 crore was contributed to this Fund. The Government invested the said amount in government securities. The position of state's outstanding liabilities due to market borrowings and amount appropriated to Consolidated Sinking Fund is as below:

Table 7.4- Trend of State's Outstanding Liabilities due to Market Borrowings

(₹ in crore)

Financial Year	Outstanding liabilities due to Market Borrowings	Amount appropriated to Consolidated Sinking Fund	Balance under Consolidated Sinking Fund (as on 31 March 2024)

(*) It has been invested in government securities during the year.

(**) It excludes interest earned on investment, as it did not appear in the state accounts.

Repayments against the market loans are made by budgetary provisions. These liabilities would be redeemed from CSF from the year 2025-26 onwards.

State's liabilities on this account escalated from ₹2,91,185.86 crore in 2019-20 to ₹5,37,117.50 crore in 2023-24 (about 84 *per cent* increase during foregoing five years i.e 16.8 *per cent* increase per year on average).

7.4 Guarantees- Contingent liabilities of the State

The State Government has given guarantees of ₹13,493.98 crore (0.53 *per cent* of GSDP) against repayment of loans and payment of interest thereon raised by four Statutory Corporations, Government Companies, Corporations, Authorities etc. during the year 2023-24. The position of total outstanding guarantees as on 31 March 2024 is as below:

Table 7.5- Position of Outstanding Guarantees during 2019-20 to 2023-24

(₹ in crore)

At the end of the year	Maximum Amount Guaranteed (Principal only)	Outstanding Guarantee at the end of year (Principal)	Guarantee Commission or Fee	
			Received	Receivable
2019-20	1,32,499.27	1,18,696.49	4.93	4.93
2020-21	1,75,469.24	1,50,554.00	0.00	0.00
2021-22	2,06,431.78	1,74,218.42	0.00	0.00
2022-23	1,93,244.82	1,70,780.52	0.00	4.41
2023-24	1,84,274.02	1,63,399.82	4.43	0.00

The Fiscal Responsibility and Budget Management Act 2003 (FRBM Act 2003) prescribed the limit of 0.5 *per cent* of GDP for giving guarantee by GoI in a year. In spite of the fact that the volume of Guaranties given is increasing over the years, the State Government has not fixed any limit for giving the guarantee in the financial year. The Government has created Guarantee Redemption Fund for redemption of guarantees on 29 January, 2021 but the Government has not contributed any amount in the fund so far.

Other Accounting Issues

8.1 Compliance of Indian Government Accounting Standards formulated by GASAB:

The Government Accounting Standard Advisory Board (GASAB) has formulated four Indian Government Accounting Standards (IGASs) viz. Guarantees given by Governments: Disclosure Requirements (IGAS-1), Accounting Classification of Grants-in-Aid (IGAS-2), Loans and Advances made by the Governments (IGAS-3), and Prior Period Adjustment (IGAS-4). These have been notified by Ministry of Finance, Government of India.

In adherence with these standards, disclosures about the guarantees given by the State Government to various institutions have been exhibited in the Statement 9 and 20 of the Finance Accounts of the Government of Uttar Pradesh. Under the extant provisions of FRBM Act 2003, additional guarantee should not be given in respect of any loan on security of Consolidated Fund of India in excess of one half *per cent* of GDP in a financial year. However, the State Government has not fixed any limit for giving the guarantee in the financial year. The State Government has created the Guarantee Redemption Fund for discharging the obligations arising out of guarantees executed. The State Government executed the guarantees of ₹13,493.98 crore (i.e. 0.53 *per cent* of GSDP) to 4 PSUs /institutions during 2023-24.

The information relating to Grants-in-Aid paid in cash and in kind have been disclosed in the Statement 10 and Appendix III of the Finance Accounts, and the grants have been classified in the state accounts in accordance with the stipulated principles except a few cases which were referred to the State Government. As regards Loans and Advances made by the State Government, the position relating to outstanding balances of loans, arrears of principal etc. is depicted in Statements 7, 18 and Appendix VII of the aforesaid accounts.

8.2 Implementation of Integrated Financial Management System (IFMS)- Mission Mode Project:

Under the National e-Governance Plan (July 2010), the State Treasury Computerisation as a Mission Mode Project was to be implemented by the State Governments with aim to provide greater accuracy and transparency in budgeting and accounting processes. The State Accountants General (A&E), as stakeholder, were required to work in line with the State Governments in designing the computer processes relating to capture of treasury data and compilation process and implementation of the project.

In due course of implementation of IFMS in the State of Uttar Pradesh, data (of receipts & expenditure) as well as schedule of House Building Advance/ Motor Car Advance is fetched from all the eighty-two treasuries electronically (through central server of the State Government) and uploaded in VLC server in the Accountant General's office. The Monthly Civil Accounts (MCA) are generated after compilation of the said treasury data and are submitted to the State Government every month.

8.3 Submission of Accounts by Treasuries/Departments

The initial accounts of one treasury received late from 16 to 30 days. However, no account was excluded at the end of the year.

8.4 Abstract Contingent (AC) Bills and Detailed Countersigned Contingent (DCC) Bills

In exceptional situations where money is required in advance or the Drawing and Disbursing Officers (DDOs) are not able to calculate the exact amounts required, they are permitted to draw money through AC bills without supporting documents. Such AC bills are required to be settled by submission of DCC bills to the Accountant General (A&E) within a month from the date of completion of the purpose for which the advance was drawn. As on 31 March 2024, 524 AC bills amounting to ₹3.11 crore were outstanding for want of DCC bills.

The major share of DCC bills (in number and percentage of total amount of the unadjusted bills) was awaited from the following Departments of the State Government:

1. Secretariat Administration Department	58 bills	₹1.15 crore	(36.98%)
2. Revenue Department (Relief on account of Natural Calamities)	5 bills	₹0.35 crore	(11.25%)
3. Information Department	85 bills	₹0.35 crore	(11.25%)
4. Election Department	33 bills	₹0.34 crore	(10.93%)

8.5 Utilisation Certificates Awaited

For grants sanctioned for specific purposes, the departmental officers concerned should obtain Utilization Certificate (UCs) from the grantee, which after verification should be forwarded to the Accountant General (A&E). Non-submission of UCs does not ensure that the funds released have been utilized for the intended purposes.

Utilisation Certificates (17,963 in number) of ₹11,872.95 crore as against the grants given upto September 2022 were awaited, as on 31 March 2024. The departments from which the major share of UCs were awaited are:

Table 8.1- Position of Major Share of UCs awaited

(₹ in crore)

Year	Urban Development Department	Social Welfare Department (SCP for SCs)	Agriculture and other Allied Departments (Panchayati Raj)	Agriculture and other Allied Departments (Animal Husbandry)

8.6 Reconciliation of Receipts and Expenditure

Accuracy and reliability of accounts depend, among other things, on timely reconciliation of the figures available with the departments and the figures appearing in the accounts compiled by the Accountant General (Accounts and Entitlements). This exercise is required to be conducted by respective Chief Controlling Officers (CCOs).

In 2023-24, nearly all the expenditure and receipts figures (97.33 and 99.60 *per cent* respectively) were reconciled. The status of reconciliation of the figures at the end of March 2024 is given below:

Table 8.2- Position of Reconciliation

Particulars	Total Nos. of CCOs	Nos. of CCOs who reconciled	Nos. of CCOs who didn't reconcile
Expenditure	180	178	2
Receipts	48	47	1

8.7 Non-closure and Reconciliation of Personal Deposit (PD) Accounts

During 2023-24, an amount of ₹2.34 crore was transferred from the Consolidated Fund of the State to these PD Accounts. This includes ₹0.16 crore transferred in March 2024 from the Consolidated Fund. This is 6.84 *per cent* of the total credit to PD account during the year, of which, no amount was transferred back on the last working day of March 2024.

Six Administrators (out of 12) of Personal Deposit Accounts reconciled and verified their balances with the treasury figures and 06 annual verification certificates were furnished by them to the Treasury Officer for onward submission to the Accountant General office.
