## **Certificate of the Comptroller and Auditor General of India on Appropriation Accounts**

This compilation containing the Appropriation Accounts of the Government of West Bengal for the year ending 31 March 2020 presents the accounts of the sums expended in the year compared with the sums specified in the schedules appended to the Appropriation Acts passed under Articles 204 and 205 of the Constitution of India. The Finance Accounts of the Government for the year showing the financial position along with the accounts of the receipts and disbursements of the Government for the year are presented in a separate compilation.

The Appropriation Accounts have been prepared under my supervision in accordance with the requirements of the Comptroller and Auditor General's (Duties, Powers and Conditions of Service) Act, 1971 and have been compiled from the vouchers, challans and initial and subsidiary accounts rendered by the treasuries, offices, and departments responsible for the keeping of such accounts functioning under the control of the Government of West Bengal and the statements received from the Reserve Bank of India.

The treasuries, offices, and/or departments functioning under the control of the Government of West Bengal are primarily responsible for preparation and correctness of the initial and subsidiary accounts as well as ensuring the regularity of transactions in accordance with the applicable laws, standards, rules and regulations relating to such accounts and transactions. I am responsible for preparation and submission of Annual Accounts to the State Legislature. My responsibility for the preparation of accounts is discharged through the office of the Principal Accountant General (Accounts and Entitlement), West Bengal. The audit of these accounts is independently conducted through the office of the Principal Accountant General (Audit-I), West Bengal in accordance with the requirements of Articles 149 and 151 of the Constitution of India and the Comptroller and Auditor General's (Duties, Powers and Conditions of Service) Act, 1971, for expressing an opinion on these Accounts based on the results of such audit. These offices are independent organizations with distinct cadres, separate reporting lines and management structure.

The audit was conducted in accordance with the Auditing Standards generally accepted in India. These Standards require that we plan and perform the audit to obtain reasonable assurance that the accounts are free from material misstatement. An audit includes examination, on a test basis, of evidence relevant to the amounts and disclosures in the financial statements.

On the basis of the information and explanations that my officers required and have obtained, and according to the best of my information as a result of test audit of the accounts and on consideration of explanations given, I certify that, to the

best of my knowledge and belief, the Appropriation Accounts read with observations in this compilation give a true and fair view of the accounts of the sums expended in the year ended 31 March 2020 compared with the sums specified in the schedules appended to the Appropriation Act passed by the State Legislature under Articles 204 and 205 of the Constitution of India.

Points of interest arising from study of these accounts as well as test audit conducted during the year or earlier years are contained in my Financial, Compliance and Performance Audit Reports on the Government of West Bengal being presented separately for the year ended 31 March 2020.

### **Emphasis of Matter**

I want to draw attention to the following issue which is important from the point of view of accuracy, transparency and completeness of these accounts and maintaining legislative financial control over public finances :

There was an excess disbursement of ₹ 2,459.77 crore over the authorisation made by the State Legislature in respect of 9 grants during the financial year 2019-20. Excess disbursement of ₹ 36,464.49 crore in respect of 42 grants pertaining to the years 2009-10 to 2018-19 is yet to be regularised by the State Legislature. This is in violation of Article 204 of the Constitution which provides that no money shall be withdrawn from the Consolidated Fund except under appropriation made by law by the State Legislature. This vitiates the system of budgetary and financial control and encourages financial indiscipline in management of public resources.

## Grant No. 32 IRRIGATION & WATERWAYS

- (v) **Suspense:** The expenditure under Revenue (voted) section of the grant included ₹ (+) 0.00 lakh under the head “Suspense”. The minor head “Suspense” is not a final head of account. It accommodates interim transactions for which further operations (generally of payment or adjustment of value) are necessary before the transaction can be considered complete and finally accounted for. The operations in 2019-2020 under the minor head were under the sub-heads (1) Cash Settlement Suspense Account (2) Purchase (3) Stock and (4) Miscellaneous Works Advance.

The transactions under each of the heads are explained below:

- (1) **Cash Settlement Suspense Account:** The present Cash Settlement Suspense Account embraces debits for which advance payment has been made to Resources Division/Procuring Organisations for procurement of materials. This sub-head is cleared (credited) on receipt of the materials from the concerned Division/ organisation.
- (2) **Purchase:** When materials are received from a supplier or from another division or department either for a specific work or for stock, their value is credited to “Purchase”. The cost may per contra be included at once in the accounts of the works or stock when materials are transferred from Suspense “Purchase”. When payment is made, the head “Purchase” is debited. The head “Purchase”, therefore, shows a negative (credit) balance which indicates that the stores were received but the value thereof was not paid for.
- (3) **Stock:** This head is debited with all expenditures connected with acquisition of stock of materials and with manufacturing operations relating thereof. It is credited with the value of materials issued to works or sold or otherwise disposed of and the balance represents the book value of materials in stock plus the unadjusted charges, etc. connected with the manufacture.
- (4) **Miscellaneous Works Advances:** Accommodate (a) sales on credit, (b) expenditure incurred on deposit works in excess of deposit received (c) losses, retrenchment, errors etc. and (d) other items. The balance under this head is cleared by debit to the concerned functional major head.
