Dated 02.03.2026

Dear Colleagues,

It gives me great pleasure to inform you that the Knowledge & Capacity Building (K&CB) Wing has launched the Department's Learning Management System (LMS), which is now live at:

<https://learning.cag.gov.in/>

The LMS has been designed as a comprehensive digital platform to support continuous professional development across all cadres. The portal hosts structured courses, curated learning pathways, training resources, and self-paced modules aimed at strengthening our competencies in auditing, governance, finance, technology, data analytics, and other emerging domains relevant to our mandate.

You may log in to the portal using your official credentials. The default password for first-time login is: Password#123\*. For security reasons, all users are required to change the password immediately upon first login.

The LMS is an important step towards fostering a culture of continuous learning and self-driven capacity enhancement within the Department. I urge all officers and officials to actively explore the courses available on the platform and make full and effective use of this resource to augment your knowledge and skills. Regular engagement with the LMS will not only enhance individual professional capabilities but also strengthen the institutional capacity of the Department as a whole.

All Heads of Offices and supervisory officers are also requested to encourage and facilitate active participation of their teams in the courses offered through the portal.

Since more courses and updates are planned shortly in the LMS, any constructive feedback/suggestions may also be shared to Dy. Director/CB at [jishnur@cag.gov.in](mailto:jishnur@cag.gov.in).

Let us collectively leverage this initiative to build a future-ready, agile, and knowledge-driven organization.

*Best Wishes.*

Director General  
Capacity Building
