

PREFACE

1. This report has been prepared for submission to the Government of Uttar Pradesh in accordance with the terms of Technical Guidance and Supervision (TGS) over the audit of accounts of Panchayati Raj Institutions (PRIs) by the Comptroller & Auditor General of India (C&AG) as envisaged by the 11th Finance Commission.
2. This report has two chapters. CHAPTER-I contains a brief introduction of the functioning of various levels of PRIs in the State and observations and comments on accounts. CHAPTER-II deals with audit comments based on inspection.
3. The cases mentioned in the report are those, which came to notice during the course of test audit/inspection of accounts during the year 2005-06 and earlier years. During the period from April 2005 to March 2006 accounting and other records of 41 Zila Panchayats, 105 Kshetra Panchayats and 1668 Gram Panchayats were test checked.

CHAPTER I

AN OVERVIEW OF THE PANCHAYATI RAJ INSTITUTIONS

1.1 Introduction

1.1.1 In keeping with the 73rd Constitutional amendment, Uttar Pradesh Kshetra Panchayat and Zila Panchayat Adhiniyam was enacted in 1994 to establish a three-tier Panchayat Raj Institution (PRI) system of elected bodies-Gram Panchayats (GPs) at village level, Kshetra Panchayats (KPs) at intermediate level and Zila Panchayats (ZPs) at the district level.

1.1.2 Besides paving way for decentralization of functions, functionaries and funds till then vested with Government, the (PRI) system aimed at increasing participation of people and effective implementation of rural development programmes. The overall supervision, co-ordination, planning and implementation of developmental schemes vested with the ZPs.

1.1.3 As of March 2005, there were 70 Zila Panchayats, 820 Kshetra Panchayats and 52002 Gram Panchayats in the state. The last election of PRI's were held in the year 2005.

1.1.4 The Act envisaged devolution of funds, functions and functionaries to PRIs. Of the twenty-nine functions listed in the 11th Schedule of the Constitution which were to be transferred to PRIs by the State Government, only twelve functions have been transferred till date (July 2007).

1.2 Organizational Setup

1.2.1 The Administrative control of the various units of PRIs is shown as below:

While the '*Adhyaksha*' heads the Zila Panchayats, '*Pramukh*' and '*Pradhan*' head the Kshetra Panchayats and Gram Panchayats respectively.

1.2.2 The organizational structure is as shown below :

1.3 Funding of Panchayat Raj Institutions

- 1.3.1 The State and Central Government release funds to the PRIs in the form of grant for general administration and development activities. The State Government releases block grant every quarter and every month in the last quarter. The Central Government also releases funds through District Rural Development Agencies to PRIs for development activities. The funding by the State Government is on the lines of accepted recommendations of the State Finance Commission including factors like population, literacy, irrigation, medical facilities, etc. Allocation to PRI's are made from 4% of net proceeds of the total tax revenue of the State Government under the recommendation of the State Finance Commission.
- 1.3.2 The ZPs deposit these grants as well as receipts from other sources, in Zila Nidhi maintained in treasury or in a nationalized bank. The ZPs also deposit sums received from Government of India and money received from externally aided projects in bank accounts, as stipulated in scheme guidelines.
- 1.3.3 The KPs conduct their financial transactions through KP's fund held in treasury or bank. The GPs carry out their financial operation through GP funds in any approved scheduled bank/co-operative bank.

1.4 Flow of Funds

The flow chart of funds to PRIs is shown as under:

Funding in PRIs – a schematic presentation

1.5 Release of grants

The State Government (Finance Department) releases grants to the established PRIs on the recommendations of EFC and SFC. The State Government releases funds directly to ZPs under intimation to the Deputy Director Zila Panchayat (Monitoring Cell). In respect of GPs, the State Government releases funds to the District Panchayati Raj, who, in turn, allocates them block-wise through allotment order under intimation to District Panchayat Raj Officers (DPROs). The DPRO further allocates the share of the GPs on the basis of total population, population of scheduled caste/scheduled tribes and area of a Gram Panchayat and issues advice to the Bank for crediting the amounts into the accounts of the respective GPs. The position of grant and food grains received during 2001-05 under Sampuran Gramin Rojgar Yojna (SGRY), Swaran Jayanti Gram Swarojgar Yojna (SGSY), Eleventh Finance Commission (EFC), and State Finance Commission (SFC), was as under:-

1.5.1 FINANCIAL POSITION OF SGRY ¹

(Rs. in crore and food grain in MT)

Year	Allotment		Expenditure		Balance	
	Funds	Food grains	Funds	Food grains	Funds	Food Grains
2001-02	488.85	153.85	333.67	80.63	155.18	73.22
2002-03	1306.21	933.122	928.45	735.477	377.76	197.645
2003-04	1235.06	720.455	1105.27	654.739	129.89	65.716
2004-05	1190.28	790.13	1064.68	712.497	125.60	77.633

1.5.2 FINANCIAL POSITION OF SGSY ¹

(Rs. in crore)

Year	Fund Available	Expenditure	Balance
2001-02	263.79	155.36	108.43
2002-03	225.50	147.21	78.29
2003-04	256.06	195.64	60.42
2004-05	315.24	276.30	38.94

1.5.3 ELEVENTH FINANCE COMMISSION ¹

(Rs. in crore)

Year	Fund Available	Expenditure	Balance
2000-01	233.42	191.35	42.07
2001-02	233.42	233.42	0.0
2002-03	233.42	233.31	0.11
2003-04	221.62	221.20	0.42
2004-05 Zila Panchayats only	93.35	54.29	39.06

Rs. 42.07 crore related to database development and computerization. This amount is lying in PLA for want of sanction from Government of India. Rs. 0.53 crore lapsed due to its non drawal in time.

1.5.4 STATE FINANCE COMMISSION

(Rs. in crore)

Year	Fund available	Expenditure	Balance
2000-01	362.76	359.65	3.11
2001-02	381.99	366.88	15.11
2002-03	382.10	372.45	9.65
2003-04	550.00	372.23	177.77
2004-05	778.44	710.22	68.22

1.5.5 Position of revenue realized from own resources during the year 2004-05 ²

(Rs. in crore)

Name of units	Opening balance	Demand for the current year	Total	Recovery	Outstanding recovery
ZP	47.92	63.44	111.36	58.28	53.08
KP/GP	Nil	Nil	Nil	Nil	Nil
Total	47.92	63.44	111.36	58.28	53.08

Amount shown under outstanding recovery includes Rs. 1.03 crore which was outstanding for more than 10 years. This was indicative of the fact that no sincere efforts were made by ZPs and monitoring cell to realize the old outstanding amounts.

¹ Source: These figures are based on the information given by Director, Panchayati Raj, Uttar Pradesh, Lucknow.

² Source: These figures are based on the information given by Dy. Director, Zila Panchayat Monitoring Cell Lucknow and not based on the report of Audit.

1.5.6 FINANCIAL POSITION OF ZPs,KPs and GPs Audited during the year 2005-06 (As appendix VI to VIII)

(Rs. in crore)

Year 2004-05						
Name of Unit	No. of Units	O.B.	Receipt	Total Receipt	Expenditure	Closing Balance
ZP	41	175.33	273.44	448.77	294.91	153.86
KP	105	26.21	88.92	115.13	79.69	35.44
GP	1668	10.43	43.47	53.90	43.38	10.52
Total	1814	211.97	405.83	617.80	417.98	199.82

Government did not frame rules and manuals for preparation of budget and accounts in PRIs in tune with the revised accounting formats. This contributed to the poor accounting and financial reporting by the PRIs.

1.6 Organisational structure and accountability

1.6.2 Different tiers of PRIs function under the overall direction of six committees for different works as detailed under:-

S.NO.	NAME OF THE COMMITTEE	WORK OF THE COMMITTEE	CHAIRMAN OF ZP/ KP/GP
1.	Planning and Development Committee	1.To prepare plan for development of ZP area. 2.Implementation of programmes related to Agricultural live stock and poverty eradication.	Adhyaksha/ Pramukh/ Pradhan
2.	Administrative Committee	All cases related to the establishment of ZP Staff. Cases related to the rationing shops.	Adhyaksha/ Pramukh/ Pradhan
3.	Education Committee	Elementary education, Adult and non formal education and implementation of programme of adult literacy.	Upadhyaksha/ Upapramukh/ Upaparadhan
4.	Works Committee	To carry all types of construction and maintenance work and to ensure its quality.	Any elected member of the Body
5.	Water Management Committee	Proper management and maintenance of Tube wells and plans of drinking water.	Upadhyaksha/ Upapramukh/ Upaparadhan
6.	Health & Welfare Committee	Medical, Health & Family Planning and Social Welfare, Specially Programmes related to Women and Child Welfare	Any elected member of the Body

1.7 Preparation of Annual Budget

Although there exists provision for preparation of an annual budget by each unit of PRIs under the existing accounting rules, none of the test checked KPs and GPs had prepared the annual budget.

1.8 Accounting Arrangement

Accounts are being maintained by Accountant/Account Clerk in Zila Panchayat and Kshetra Panchayat and by Chartered Accountant/Village Development Officer in Gram Panchayat. The Government of Uttar Pradesh accepted (March 2003) Budget and Accounts formats for PRI prescribed by the C&AG of India. But it had not been implemented in the first and second tier (Zila Panchayat and Kshetra Panchayats) whereas in third tier (Gram Panchayats) Chartered Accountants are maintaining the accounts in 52001 GPs. Accounts up to the year 2003-04 have been maintained by CAs in respect of 52001 Gram Panchayats. Accounts for the year 2004-05 and 2005-06 are in the process.

1.9 Audit Arrangement

The Chief Audit Officer (**CAO**), Cooperative Societies and Panchayats acts as Primary Auditor for all three tiers of PRIs through the District Audit Officer (**DAO**) at district level. Audit by C &AG of India flows out of the entrustment of Technical Guidance and Supervision under section 20(1) of the C&AG's (DPC) Act, 1971 as well as from section 14 of the DPC Act, wherever applicable.

1.10 **Audit Coverage**

Test audit of the accounts of 41 Zila Panchayats (**Appendix-I**), 105 Kshetra Panchayats (**Appendix-II**) and 1668 Gram Panchayats (**Appendix-III**) for the year 2004-05 was conducted during 2005-06. The important audit findings are summarized in the succeeding paragraphs and chapters.

1.11 **Comments on Accounts**

1.11.1 **Irregular transfer of Rs. 88.72 lakh.**

As per rule, grants received from the Government should be deposited in PLA account in treasury. Any withdrawal from PLA could be made for payment only. Scrutiny of records of ZP, Bagpat revealed that Rs. 40.00 lakh was drawn from PLA account and transferred to Punjab National Bank account. Similarly in ZP, Moradabad Rs. 47.65 lakh and Rs. 1.07 lakh was transferred from PLA to Zila Sahkari Bank and District Co-operative Bank respectively during August 2003 - March 2005 without prior approval of the State Government.

1.11.2 **Difference in Accounts**

The opening balance of the 5 Zila Panchayats on 1st April 2004 under Sampurna Gramin Rojagar Yojana (SGRY) on the basis of the utilization certificates made available to the directorate and as per records provided to audit were, as under:-

(Rs. in lakh)

Sl. No.	Name of Z.P.	Amount as per records provided to Audit	Amount as reported to Directorate	Difference
1	Ghaziabad	100.00	103.29	-3.25
2	Jaunpur	188.38	275.26	-86.88
3	Lucknow	63.20	100.14	-36.94
4	Mathura	66.10	103.83	-37.73
5	Sultanpur	44.90	98.63	-53.73
	Total	462.58	681.15	-218.53

Evidently, the inflated figures were reported to higher authorities to obtain higher amount of grant.

The matter was referred to the Deputy Director, Monitoring (Cell), Zila Panchayat, Uttar Pradesh Government (June 2006), reply was awaited.

1.11.3 Value of Food grains not taken in accounts.

Under SGRY, food grains were being received and distributed as part of wages along with minimum of 25% of the wages in cash. The position of food grains received and distributed in the test checked ZPs during 2004-05 was, as under:-

Sl.no.	Name of unit	Quantity Received from DRDA in Qntl	Money Value in Crores	Quantity Distributed in Qntl.	Money Value in Crores
1	Allahabad	53216.41	2.66	N.A	-
2	Balrampur	N.A	-	17674.00	0.88
3	Gorakhpur	3157.90	0.22	1850.00	0.13
4	Mahamaya Nagar	N.A	-	15102.36	0.76
5	Moradabad	18325.67	0.92	12176.00	0.61
6	Rampur	6538.00	0.33	5552.00	0.28
7	Shrawasti	12614.00	0.63	12605.54	0.63
8	Siddharth Nagar	5488.67	0.38	3334.41	0.23
9	Sultanpur	8791.22	0.44	4954.95	0.25
	Total	108131.87	5.58	73249.26	3.77

From the above table it would be seen that against the lifted quantity of 1081.32 MT of food grains, costing Rs. 5.58 crore, the ZPs could distribute only 732.49 MT of food grains costing Rs. 3.77 crore. Thus the shortfall in distribution was to the extent of 32percent It was also noticed that the cost of food grains as lifted and distributed was not incorporated in budget and accounts of ZPs, though the cost food grains was forming part of the wages. Due to this, the exact financial position could not be reflected in accounts.

1.12 Lack of Internal Control

The monitoring cell of PRIs is responsible for watching distribution and utilization of grant, collection of revenues from own resources, maintenance of accounts in the format prescribed by C&AG and settlement of objections raised by audit. The main objectives of sound internal control systems in an organization are:-

- ❖ Promoting orderly, economical, efficient, and effective operations and quality products and services consistent with the organization's missions;
- ❖ Safeguarding resources against loss due to waste, abuse, mismanagement, errors and fraud and irregularities;
- ❖ Adhering to laws, regulations, and management directives; and
- ❖ Developing and maintaining reliable financial and management data and fairly disclosing that data in timely reports.

During test audit of the accounts of PRIs for the year 2002-03 to 2004-05, numerous cases of poor financial management and financial irregularities resulting in infructuous and excess expenditures, and loss of revenue etc were noticed as detailed in Para which revealed that the accounting system and internal controls were extremely weak in PRIs.

1.13 Recommendations and Conclusions

Internal Control and monitoring mechanism at the level of the Panchayati Raj Department and Rural Development Department as well as at the level of individual PRIs relating to the following areas needs to be strengthened :-

- ❖ Implementation of Budget and Accounts formats prescribed by the C&AG.
- ❖ Proper and timely maintenance of Accounts. Un-reconciled differences should be adjusted/ rectified immediately.

CHAPTER II

RESULTS OF AUDIT

2.1 Loss of Rs. 1.58 crore on depositing the funds injudiciously in district co-operative bank.

According to rule 101 of Zila Panchayat (ZP) Act, 1961 all financial transactions by ZP would be done through Zila Nidhi in which all amounts including Government Grants would be deposited. Zila Nidhi shall be kept in the government treasury, sub treasury or in the bank to which the government business has been made over or with the previous sanction of State Government in one or more of the scheduled bank or co-operative bank specified by it in this behalf.

Scrutiny of records of ZP, Balrampur (February 2006) revealed that the ZP was operating its accounts (1998) in violation of rules in the District Cooperative Bank Ltd., Gonda Branch, Balrampur, a non scheduled bank. Since the functioning of the cooperative bank was found unreliable and doubtful, the Reserve Bank of India rejected (August 2002) the license application to carry on banking business. As a result, the banking transaction was ceased and the amount of Rs. 1.58* crore lying unutilized in the bank could not be utilized for the purposes for which funds were given.

Regarding opening of Bank account in non scheduled bank, the ZP could not produce any previous sanction of the State Government which was essential for the said purpose.

Matter was reported to the Government in May, 2006. The reply has not been received till date.

* Government Grant Rs. 128.74 lakh, Antyodaya Yojana Rs. 1.53 lakh, Grant from DRDA Rs. 12.20 lakh and Zila Nidhi (own revenue) Rs. 15.51 lakh.

2.2 Unfruitful expenditure of Rs. 79.25 lakh on construction of women's hostel.

In order to make education more effective in rural areas and to make available a permanent source of income of Zila Panchayat (ZP), the project of a hostel for accommodation of four hundred girl students in the premises of Normal school in Baraut was prepared at a cost of Rs.1.41 crore. Financial sanction for construction of Women's Hostel at Baraut, Bagpat district was accorded by Government (April 1995) and Rs. 89.36 lakh was sanctioned (74.36 lakh for construction of Hostel and Rs. 15.00 lakh for furnishing). Jal Nigam was nominated as implementing agency for the construction of the Hostel. The construction of the Hostel to the capacity of 100 girl students was completed and handed over to ZP in 1999-2000.

Scrutiny of records of ZP, Bagpat (February 2006) revealed that the construction of hostel was made without any assessment regarding number of girl students in rural areas. Efforts were made through news papers since January, 2000 to provide hostel facilities to girls but due to non availability of candidates the same could not succeed and as a result, the very purpose of construction of the hostel building was not served.

Further scrutiny revealed that upto March, 2006 a sum of Rs. 2.89 lakh was paid to a security agency. Even after expiry of five years the functioning of the Hostel could not be operationalised and expenditure of Rs. 79.25 lakh on its construction etc. remained unfruitful and the desired objectives remained unfulfilled. Due to lack of prior planning, evaluation and study before construction of hostel the expenditure on the project was unfruitful. The additional Chief Executive Officer (ZP) Bagpat stated (February 2006) that to protect the property of Zila Panchayat, it was essential to provide security to the hostel.

Matter was reported to the Government (June 2006). Reply was awaited.

2.3 Unauthorised Diversions of Rs. 1.72 crore

Two Zila Panchayats, one Kshetra Panchayat and seventeen Gram Panchayats diverted a total sum of Rs. 82.39 lakh unauthorisely from one scheme to another in violation of scheme guidelines, affecting implementation of scheme for which these funds were provided as per details given below:-

Sl. No.	Name of Unit	Year	Scheme from which diverted	Purpose for which diverted	Amount (Rs. In lakh)
1	Zila Panchayat Kushinagar	2003-04	Sampoorna Gramin Rozgar Yojna	Loan to Chief Development officer for Ambedakar Gram Nali, Kharanja works	60.00
2	-do-	1999-2000 to 2004-05	-do-	Administrative expenses	89.92
3	Zila Panchayat Hardoi	2002-03	-do-	Draught relief programme	14.38
4	Kshetra Panchayat Ekauna Srawasti	1990-91	Nirbal Varg Avas Yojna	Invested in saving accounts at Post office	3.30
5	17 Gram Panchayats (Appendix –IV)	2003-04 & 2004-05	Sampoorna Gramin Rozgar Yojna	Repair of Hand Pumps	4.71
				Total	172.31

The matter was referred to the Government (May 2006), reply awaited.

2.4 Unfruitful expenditure of Rs. 19.90 lakh on construction of RCC culvert

Administrative and financial approval for construction of RCC culvert in Vedupar to Virvat road via. Vintoli on old Basi river Kshetra Panchayat, Tamkuhi District Kushinagar was accorded (March 2001) for Rs. 20.84 lakh. The estimate of Rs. 20.84 lakh was sent to Government for technical approval by Zila Panchayat (13th Feb 2003). A sum of Rs. 18.34 lakh was released to Zila Panchayat by State Government out of Purvanchal Vikas Nidhi and Rs. 2.50 lakh out of Vidhayak Nidhi.

A scrutiny of records (March 2006) of Zila Panchayat, Kushinagar revealed the following:-

1. On the basis of the soil testing report of proposed site, at least 20 meter span culvert was needed, but ZP sent an estimate of 18 mtr. span R.C.C. culvert for technical sanction to the Government. Sanction was not communicated (March 2006).
2. Three tenders were shown as received (27 March 2002) and the lowest tender of Rs. 20.34 lakh was accepted. However the contractor had already started the work before receipt of the tender on 11 Feb 2002 and had executed the work costing Rs. 3.74 lakh to this date.
3. The contractor continued the work till March 2004 and further execution was stopped without completion work of inter media and filler material in gaps of expansion joints which were essential items of the work for the construction of culvert. The contractor had been paid Rs. 17.40 lakh for his executed work.
4. It was noticed that the expenditure of Rs. 2.50 lakh was incurred by department on execution (between March & September 2003) of earth work in embankment on muster roll basis from Vidhayak Nidhi through these items of work were part of the tender thereby extending undue benefit to the contractor.
5. Though the construction work was stopped by the contractor in March 2004 yet no action had been taken against him except for issuing notices between July 2004 and January 2006 and work was lying in abandoned condition till March 2006.

In reply, the ZP had accepted (March 2006) the facts. Thus Rs. 19.90 lakh spent on construction had remained unfruitful as yet.

Matter was referred to the government (March 2006). Reply was awaited.

2.5 Loss of Rs. 8.93 lakh due to irregularity in assessment of taxes.

According to Uttar Pradesh Zila Panchayat (Imposition, Assessment and Recovery of Estate and Property Tax) Rules, 1994 provision for assessment of the tax of current year has to be made on the basis of total taxable income of the previous financial year. Tax payers had a right to appeal under section 135 to 136 of the Act against the tax assessment and the prescribed authority was to give orders in writing in which reasons for the decision would be incorporated.

Scrutiny of records of Zila Panchayat Sant Kabir Nagar (March 2006) revealed that in 1998-99, the imposed tax was either reduced or exempted by the Tax Assessment Officer (T.A.O.) in appeal without any valid recorded reasons thus giving undue favour to selected assesses resulting in loss of Rs. 8.39 lakh.

Reduction in tax could be done only after obtaining of relevant valid documents from the tax payees. In reply the Additional Chief Executive Officer, ZP, Sant Kabir Nagar, while admitting the facts, stated (March 2006) that action was been taken against the concerned officials.

The matter was brought to the notice of the Government (May 2006). Reply was awaited.

2.6 Diversion of fund of Rs. 29 lakh and non crediting of Rs. 1.34 crore in Government account

Integrated Rural Development Scheme introduced in in the State in October 1980, inter alia covered the aims and objectives of the Local Development and Antodaya Scheme already running in the state. Government imposed (August 1981) a ban on utilization of available balance at the close of July 1981 out of grants sanctioned to Zila Panchayat (ZP) for Local Development Special Component Plan and Antodaya Schemes. It was directed by the Government that the residual amount of the schemes closed after launching of IRDP scheme would be deposited in receipt head (0515-Other Rural

Development Programme 800-Other Receipts - 02 Unused money of Local Development and Antyodaya).

Scrutiny of the records of four ZPs (as per appendix-V) revealed that a total amount of Rs. 5.22 crore was received under these schemes out of which only Rs. 4.50 crore was distributed upto to the beneficiaries leaving a balance of Rs. 72.30 lakh. Out of the balance, Rs. 63.93 lakh was deposited in July and August 1984 in the receipt head and the remaining balance Rs. 8.37 lakh along with recovered amount of loan and interest of Rs 125.32 lakh from beneficiaries under old scheme was invested in post office to boost the target of National saving in the concerned districts. Out of this invested amount of Rs. 1.34 crore, Rs. 29 lakh were diverted upto March 2006 towards establishment expenses. The remaining amount of Rs. 1.05 crore has not been deposited in Government account.

The ZPs in reply stated (March 2006) that after getting permission from the State Government the whole amount would be deposited in the treasury. Reply was not tenable because the residual and the recovered amount along with interest was to be credited to the Government account and therefore, no further permission for depositing the recovered amount was required.

The matter was referred to the Government (August 2006). Reply awaited.

2.7 Unauthorised expenditure of Rs. 10.79 lakh on work

Earth work on 2 km. link road from Mahadipur to Chakmahani and construction work of 5 mts. Span R.C.C. culvert at the cost of Rs. 10.80 lakh was sanctioned from Sansad Nidhi (MP LAD Fund) in the year 2002-03. Junior Engineer (JE) Rural Engineering Service (RES) was nominated (June 2003) work incharge by Block Development Officer (BDO) and was directed to do spot verification of the site before commencement of the work and also to ensure that during the last five years no similar work was executed by another agency. Transparency in the work was to be maintained and

the work incharge was to take technical advice from Assistant Engineer (RES). In between 13 Jun 2003 to 6 Feb 2004 Rs. 10.79* lakh were paid to the work in charge for this work.

Scrutiny of the records (Feb 2006) of Kshetra Panchayat Khalilabad Distt. Sant Kabeer Nagar revealed the following irregularities:-

(i) The work incharge (JE) neither made detailed survey report nor obtained NOC from other working agencies in that area i.e. Gram Sabha, Zila Panchayat and other Government department.

(ii) Technical approval was not obtained.

(iii) The details of Muster Roll number, MB No. & page number as well as the signature of the issuing officer was not found on the Muster Roll. Daily attendance of the labourers was not certified.

(iv)- Of the total payment of Rs. 10.79 lakh made against the work, the work incharge had shown the payment of Rs. 4.02 lakh on materials (Bricks, Cement, sand etc.) without its measurement and entry in the stock register, while payment of Rs. 2.35 lakh was made without measurement. Payment of Rs. 4.42 lakh was paid on wrong measurement, which also include the work got executed by the J.E. between 1st June and 10th June 2003 costing Rs. 1.16 lakh before the work order issued on 11th June 2003.

In the work completion certificate it was shown that the work started on 1 July 2003 and ended on 30 September, 2003. The executed work was not certified by AE.

Thus, payment of Rs. 10.79 lakh was made on execution of doubtful work.

On being pointed out the department accepted the objection and stated that the work incharge (JE) had been asked to clarify on the matter. As of July 2007 neither any report of departmental enquiry has been setup nor any action taken on the

* Rs. 2 lakh on 13 Jun 2003, 2,99,988 on 23 Jun 2003, 1,99,984 on 25 Jul 2003, 3,27,605 on 29 Aug 2003, 23,625 on 15 Sep 2003 and 27,840 on 6 Feb 2004.

serving JE. Thus, lack of proper monitoring by BDO led to unauthorized/doubtful expenditure of Rs. 10.79 lakh.

The matter was referred to the government (June 2006). Reply awaited till date.

2.8 Non-deduction of Trade Tax of Rs. 7.11 lakh

As per 8-D of U.P. Trade Tax-Act, Trade Tax @ 4% was to be deducted from the bills to be paid to the suppliers/contractors in lieu of work done or material supplied. Deductions made at source were to be deposited in the Government Account.

Scrutiny of records of following Kshetra Panchayats revealed that during the year 2003-04 and 2004-05 trade tax amounting to Rs.7.11 lakh had not been deducted from the bill of the contractors/suppliers as per details given below:-

(Rs. in lakh)				
Sl.No.	Name of Kshtra Panchyat	District	Amount of Payment	Amount of non deduction of Trade Tax
1	Joya	J.P. Nagar	12.36	0.49
2	Nawabganj	Bareilly	6.16	0.25
3	Gadwar	Ballia	72.95	2.92
4	Lalganj	Azamgarh	86.28	3.45
Total			177.75	7.11

This resulted in the revenue loss of Rs. 7.11 lakh. Responsibilities for the loss had not been fixed, though such lapses had been pointed out by audit earlier also.

2.9 Non deduction of Income Tax amounting Rs. 2.55 lakh and deducted amount Rs. 3.44 lakh was not deposited.

As per Income Tax Act,1961 (Article 194 C) Income tax @ 2.24 percent was to be deducted from the bills of the contractors/suppliers and the deducted amount should be deposited under the concerned head.

Scrutiny of records of 10 Kshetra Panchayats (KP) and 1 Zila Panchayat (ZP) revealed that during the period 2003-04 and 2004-05 (as per Appendix-VI) Income Tax amounting to Rs. 2.55 lakh was not deducted from the bills of the contractor/suppliers and

income tax amounting to Rs. 3.44 lakh though deducted from the bills were not deposited under the concerned receipt head. Responsibility for this lapse had not been fixed.

2.10 Unfruitful expenditure of Rs. 3.40 crore on incomplete works

According to para 5.2 & 5.4 (xiv) of the Sampurna Gramin Rojgar Yojna (SGRY) guidelines, the District Rural Development Agency (DRDA) was to release funds to Zila Panchayat (ZP) in two installments. The second installment was to be released on producing a certificate to the effect that works which started two years ago had been completed.

Scrutiny of records of ZP Allahabad (May 2005) and further information collected (July 2006) revealed that 195 works were sanctioned between 2000-05 at an estimated cost of Rs. 6.68 crore. In violation of guidelines, against the estimated cost of Rs. 6.68 crore for 195 works (Appendix-VII) whole of the amount of Rs. 6.68 crore was released by DRDA to ZP Allahabad between August 2001 to March 2005. The ZP Allahabad incurred an expenditure of Rs. 3.40 crore up to March 2005 and there after further execution was stopped due to disputes at site of these works. As per guidelines instead of releasing the whole amount in a singal installment, it should have been released in two installments and the amount of the second installment should have been made only after producing a certificate of completion of work against the amount release in first installment.

The year wise position of this work are detailed below:-

(Rs. in Crore)					
Years	No. of works	Eastimated cost	Amount released by DRDA	by	Expenditure by ZP
2000-01	4	0.15		0.15	0.07
2001-02	14	0.62		0.62	0.59
2002-03	43	1.27		1.27	0.75
2003-04	95	3.31		3.31	1.54
2004-05	39	1.33		1.33	0.45
TOTAL	195	6.68		6.68	3.40

Thus, by making a departure from the SGRY guidelines, the amount of Rs. 3.28 crore had remained blocked after March 2005 beside rendering the expenditure of Rs. 3.40 crore as unfruitful.

The matter was referred to the government (August 2006). Reply awaited.

2.11 Misappropriation of Rs. 6.34 lakh from M.P. LAD.

The construction of the 4.75 kms “link road from Tulsipur Itwa to Kather, (Pipra on Gaura Itwa road to Kather)” was decided to be made by the District Core Team of the road networks Balrampur and the work was approved (September 2002) by the Zila Panchayat (ZP) Balrampur under Pradhan Mantri Gramin Sadak Yojna (PMGSY). The Public Works Department was the Project Implementing Unit (PIU) in respect of PMGSY works in the district. The work commenced in September 2004 and was completed in July 2005. Meanwhile, District Rural Development Agency (DRDA) Balrampur sanctioned (Aug. 2003) Rs. 6.40 lakh to Kshetra Panchayat (KP) Gaisri for construction of an intervening portion³ of 1.00 km length the same link road and 2 culverts from Sansad Nidhi⁴.

Scrutiny of records of KP, Gainsari (Dec’ 05) and further information collected (Aug 2006) revealed that KP utilized Rs. 6.34 lakh during 2003-04 on laying of Kharanja and the construction of culverts on the said portion of road despite the fact that it was already

³ Pipara to Kather

⁴ Member of Parliament Local Area Development Fund (MPLADS)

sanctioned under PMGSY. Further, it was ascertained (August 2006) from PIU that no work was done by any other agency or under any other scheme on the said road before the commencement of work by it and work from zero point to coating stage was covered under PMGSY. The test-check of the records of KP further revealed the following serious irregularities.

i) While 3 masons were shown engaged on work for culvert construction on Muster Roll from 2 January 2004 to 11 January 2004, the procurement of material i.e. iron bars, cement was made on 14 & 18 Jan 2004 after the completion of the work.

ii) No stock register was maintained to indicate the dates of the receipt of the material including bricks to indicate the dates of their receipts from the suppliers and payments made to them against these supplies.

iii) Although JE reported that the bricks were uprooted from the pavement of the road by unknown persons (Oct 2004), no FIR was lodged for the stolen bricks.

Thus, contrary evidences as given above indicated that Rs 6.34 lakh was misappropriated by KP by submitting forged bills for construction of the link road.

2.12 IRREGULAR EXPENDITURE OF RS. 74.96 LAKH

As per guidelines issued⁵ by Government of India, Sampoorna Gramin Rojgar Yojana (SGRY) should primarily be labour oriented and labour and material component of expenditure to be maintained in the ratio of 80:20. The construction of metallic roads was to be avoided.

⁵ Para 6.5.2(f) of SGRY Guidelines

Scrutiny of records of Zila Panchayat (ZP), Allahabad (May 2005) and further information collected (July 2007) revealed that contrary to these guidelines, Rs. 74.96 lakh were spent on construction of the following metallic road :-

(Rs. in lakh)

SL. NO	Kchhetra Panchayat	Name Of The Work	Sanctioned Amount	Amount Of Expenditure	Material	Labour	Mandays generated
1.	Mauaima	Link road from Main road to village Mukimullah to Chhitemau	9.74	9.42	8.23	1.39	2058
2.	Soraon	From Allahabad Faizabad Road to Lal Khatoon link road	8.53	2.83	1.95	0.88	1520
3.	Kaudihar	From Asrauli village to Smt. Seema Devi member's house	3.64	0.38	0.38	0	0
4.	Dhanupur	From Kaudi Marg to Chaksaran link road	9.86	9.78	8.34	1.44	2486
5.	Bahadurpur	Link road situated at Jamunipur Maa Andri Dham	5.56	5.54	4.99	0.55	960
6.	Pratappur	At Bari Janghai Marg, From Champapur Chanethu to Mahuapur link road.	7.68	7.53	6.28	1.25	2155
7.	Saidabad	From G.T.Road to Village Member's place	5.75	5.70	4.88	0.82	1410
8.	Baharia	From Karnaipur Dadoopur road to Baghaura link road	3.89	3.79	3.04	0.75	1293
9.	Baharia	14.5 km. from Phoolpur branch to village Dhamroor	7.15	6.95	5.46	1.49	2576
10.	Baharia	From Chaimalpur Sikandra to PWD road	8.09	8.01	6.60	1.41	2420
11.	Baharia	From Gopalapur (Ambedkar Gram) to Chamroopur link road	5.42	5.33	4.23	1.10	1900
12.	Handia	From Handia G.T.road to Railway line Rigda (Village Upardaha)	9.84	9.70	7.53	2.17	3739
		TOTAL	85.15	74.96	61.91	13.25	22517

Thus, out of of Rs. 74.96 lakh expenditure of only Rs. 13.25 lakh was made towards labour as against Rs. 60.00 lakh resulting in reduction in generation of employment and loss of 78000 man days.

In reply, the department stated (May 2005) that the metallization of roads was approved by the ZP. However, ZP assured to avoid such incidence in future.

The matter was referred to the government (August 2006); reply was awaited.

2.13 PROCEDURAL LAPSES IN PAYMENT OF RS. 13.99 LAKH

According to para 5.16.2 of guidelines of Sampoorna Gramin Rojgar Yojna (SGRY), payment of wages to labourers should be made on a weekly basis in presence of the elected members of Panchayats .The category and identity of the labourer e.g. SC/ST/Women/Rojgar number. etc should invariably be recorded in the Muster Roll (MR) before making the payment. Further, MR should bear the serial number and signature of issuing authority. The details of payment regarding cash and food grains coupon number should also be made in the MR and after each payment, a remark 'paid and cancelled' should be given by the competent authority on the face of the MR.

Scrutiny of records of Zila Panchayat (ZP) Shahjahanpur (March 2006) and six Gram Panchayats (as per appendix-VIII) revealed that the expenditure of Rs 13.99 lakh was made towards wages incurred on the construction of five* link roads through the muster rolls.

Scrutiny of the muster rolls revealed that disbursement of wages to the labourers was shown to be made without acknowledging receipts from the labourers in token of payments made to them. Further, details and category of the labourers engaged on each of the works and number of coupon used for distribution of food grains to the labourers were not recorded in MR.

Thus, the expenditure of Rs. 13.99 lakh was incurred towards payment of wages without any proof and identity of the labourers.

The matter was referred to the Government (August 2006); reply was awaited.

* 1 Kumirakha TO Kabra – 1 Km.-Earth Work Rs. 1.24 lakh, 2 Himmatpur to Badiankalan-2 kms.-Earth work Rs. 2.31 lakh, 3 Balance work of Chauhanapur-2750 mts Rs. 2.89 lakh, 4 Dhaka Ghanshyampur to Jikrainia-3kms-Earth work Rs. 3.22 lakh, 5 Lakhuapur Road to Sauwaya Phagalpur-2.20 kms-Earth work Rs. 2.28 lakh **Total** 11.94 lakh.

2.14 Wrong reporting of achievements under Indira Awas Yojna.

Indira Awas Yojna launched in July, 1985, envisaged construction of small and cheap houses for SCs/STs and below poverty line population residing in rural areas. The unit cost of each house was fixed Rs. 20000 (Ist installment Rs. 10000, IInd installment Rs 7000) and IIIrd installment Rs. 3000 in the form of sanitary latrines and smokeless oven. For upgradation, the unit cost was Rs. 10000 per house. The completion report was to be sent to the DRDA only after receiving utilization certificate from the beneficiaries and physical verification of the site.

Scrutiny of records of Kshetra Panchayat Paraspur district Gonda revealed that Rs. 71.50 lakh was provided in the year 2003-04 by District Rural Development Agency Gonda for construction of 313 new houses and upgradation of 89 houses. Funds of Rs. 54.48 lakh were made available direct to the beneficiaries and Rs 4.85 lakh was advanced to Gram Panchayat Adhikari work incharge for construction of latrines while Rs 12.17 lakh were lying as unspent balance in bank account of Kshetra Panchayat Paraspur. It was noticed that the utilization certificate for whole amount of Rs 71.50 lakh was submitted by the Block Development Officer, Paraspur to the District Development Officer, Gonda despite the fact that Rs. 12.17 lakh were still lying with the BDO as of July 2006. Thus physical and financial achievements were wrongly reported to the higher authorities.

The matter was reported to the Government (June 2006), reply was awaited.

2.15 Loss of food grains worth Rs. 30.32 lakh.

Scrutiny of records of food grains under Sampoorna Gramin Rojgar Yojana (SGRY) and information collected from District Rural Development Agency, Rampur and Uttar Pradesh Food & Essential Commodities Corporation, Rampur (Transport Agency) revealed difference between quantity of food grains supplied to Nigam godown by

Transport Agency and quantity of food grains reported by DRDA in the year 2004-05 as given below:-

(Figures in Quintals and value Rs. in lakh)

Sl. No.	Name of the Nigam Godowns at Kshetra Panchayata	Quantity of food grains supplied by Transport Agency	Quantity of food grains shown as per DRDA report	Difference	Value of Food grains @ Rs. 830/qtl.(Economic cost)
1.	Chamrauwa	4474.90	3199.06	1275.84	10.59
2.	Milak	6200.54	4835.28	1365.26	11.33
3.	Saidnagar	5152.65	4463.77	688.88	5.72
4.	Bilaspur	5865.21	5631.35	233.82	1.94
5.	Shahabad	9688.46	9599.06	89.40	0.74
6.	Swar	8366.53	8366.33	0.20	0.00
TOTAL		39748.29	36094.85	3653.40	30.32

On being pointed out by audit, Chief Development Officer, Rampur stated (October 2006) that a committee had been constituted to enquire into the matter. The report of the committee was however awaited as of September 2007.

The matter was referred to the Government (May 2006). Reply was awaited.

PREFACE

1. This report has been prepared for submission to the Government of Uttar Pradesh in accordance with the terms of Technical Guidance and Supervision (TGS) of the audit of accounts of Urban Local bodies (ULBs) by the Comptroller & Auditor General of India as envisaged by the Eleventh Finance Commission.
2. This report has three chapters. CHAPTER-I contains a brief introduction of the functioning of various levels of the ULBs in the state with the observations on accounts, CHAPTER-II contains a Review on Sanitation and Solid Waste Management in the Nagar Nigams and CHAPTER-III deals with audit of transactions of these bodies.
3. The cases mentioned in the report are those, which came to notice in the course of test audit/inspection of accounts during the year 2005-06 and earlier year. During the period from April 2005 to March 2006, accounting and other records of 5 Nagar Nigams, 16 Nagar Palika Parisads and 32 Nagar Panchayats were inspected. Test audit of all the 5 Nagar Nigams and 16 Nagar Palika Parisad was conducted under section 20(1) of C&AG's DPC Act, 1971.

CHAPTER I

AN OVERVIEW OF THE URBAN LOCAL BODIES

1.1 Introduction

The 74th Constitutional Amendment paved the way for decentralization of powers, transfer and devolution of more functions and funds to the local bodies. Consequently, more diversified responsibilities were developed upon the three-tier structure; Nagar Nigams (NNs), Nagar Palika Parishads (NPPs) and Nagar Panchayats (NPs). To incorporate the provisions of 74th Constitutional Amendment, the legislature of Uttar Pradesh enacted the Uttar Pradesh Local Self Government Laws (Amendment) Act 1994. Nagar Nigams are governed by UP Nagar Nigam Act 1959 whereas both the Nagar Palika Parishads and Nagar Panchayats are governed by UP Nagar Palika Act 1916.

The Eleventh Finance Commission (EFC) recommended that the Comptroller and Auditor General of India shall be responsible for exercising control and supervision over the proper maintenance of the accounts and their audit for all three tiers/levels of Panchyati Raj Institutions and Urban Local Bodies (ULBs). Accordingly, the State Government has entrusted the work of exercising control and supervision over the proper maintenance of accounts of ULBs and their audit to C&AG under section 20(1) of the C&AG's (Duties, Powers and Conditions of Service) Act 1971.

1.2 Organizational Setup

Administrative organization of Urban Local Bodies

While the Mayor heads the Nagar Nigam, the President heads both Nagar Palika Parishads and Nagar Panchayats. The elected representative namely Mayor/President exercise their powers and discharge the duties through committee of elected members i.e. corporators, councilors and members of boards. Nagar Ayukt in case of Nagar Nigam and Executive Officers in case of Nagar Palika Parishads and Nagar Panchayats are administrative heads.

General information regarding ULBs in UP is as under:-

Name of Authority	No. of Unit	Area (Sq. Km.)	Population as per year 2001	Officers/Employees		
				Census	General	Safai Karmchari
N.N	12	1426.56	13149873	15381	21145	36526
N. P. P.	194	1971.33	13392824	13269	19093	32362
N. P	422	1762.28	6020378	3658	5272	8930
Total	628	5160.17	32563075	32308	45510	77818

1.3 Functioning of the ULBs

The ULBs execute their function through various committees viz. Planning and Development Committee, Education Committee, Water Management Committee, Works Committee, Health and Welfare Committee, Administrative Committee etc. They also identify the beneficiaries under various schemes e.g. housing, self-employment etc. based on the income criteria and social backwardness.

1.4 Audit Arrangements

Under section 142 (2) of UP Nagar Nigam Act 1959, *Mukhya Nagar Lekha Parikshak* is the Primary Auditor of the accounts of Nagar Nigam. There is no provision for primary auditors in UP Nagar Palika Act 1916 to conduct audit of Nagar Palika Parishads and Nagar Panchayats. The Director Local Funds Audit (*DLFA*) acts as statutory auditor of all three tiers of ULBs. The C& AG of India also conducts test audit under Section 20(1) of the C&AG (DPC) Act, 1971 and extends technical guidance and support to DLFA.

1.5 Audit Coverage

The test audit of 5 Nagar Nigams¹, 16 Nagar Palika Parishads² and 32 Nagar Panchayats³ was conducted during the year 2005-06. The audit covered

¹ Allahabad, Ghaziabad, Gorakhpur, Lucknow and Meerut.

transaction audit and financial audit, comprising comments on accounts. The important audit findings are cited in the succeeding paragraphs.

1.6 Allocation of Funds

The First State Finance Commission recommended allocation based on the criteria of 80 *per cent* according to population and 20 *per cent* according to area for devolution of 7 *per cent* of net proceeds of total tax revenue of the state government to ULBs and determined their inter-se-percentage share. Accordingly, 3.12 *per cent* of net proceeds are earmarked each for Nagar Nigams and Nagar Palika Parishads and 0.76 *per cent* for Nagar Panchayats. These grants are further allocated among the NNs, NPPs and NPs on the basis of percentage of total population, population of SC/ST, social backwardness and revenue earned from their own resources.

1.7 Sources of Funds

For execution of various developmental works, the Government of India and State Government provide funds in the form of grants. The funds of ULBs are availed from the following sources:-

- (i) Grants assigned under the recommendations of the Eleventh Finance Commission (EFC).
- (ii) Allocation of 7 *per cent* of net proceeds of total tax revenue of the State Government under the recommendations of the First State Finance Commission (FSFC).
- (iii) Funds remitted by the respective departments for functions transferred to the ULBs.
- (iv) Revenue earned by the ULBs out of their own resources i.e. taxes, rent, fees, issue of licenses, tehbazari, taxi stands etc.

1.8 Release of Funds

The State Government (Finance Department) release grants on the recommendations of EFC and SFC to the ULBs through allotment orders under intimation to the Director Local Bodies. Withdrawal of the grants from

² Achhnera, Admadpur, Samshabad, Mubarakpur, Ballia, Basti, Faizabad, Sandi, Sandila, Khalilabad, Golagokarnnath, Charkhari, Mau, Gopiganj, Sitapur and Sultanpur.

³ Dayalbagh, Shwamibagh, Handia, Lalgopalganj, Mauaima, Phoolpur, Sankargarh, Azamatgarh, Nizamabad, Jarwal, Risiya, Bisaratganj, Meerganj, Richchha, Shergarh, Gosainganj, Khaga, Fariha, Jasarana, Sadat, Saidpur, Khetasarai, Zafarabad, Gosainganj, Mahona, Kachhwa, Kemari, Shahabad, Gyanpur, Ikauna, Kadipur and Gangapur.

treasury depends upon the current liquidity status of the State. Besides, the funds for implementing centrally sponsored schemes and central sector schemes are released to the state administration, which in turn releases the same to various implementing agencies at the district level. The funds released under EFC and SFC during the last five years (2000-01 to 2004-05) and expenditure incurred there against are as follows:-

ELEVENTH FINANCE COMMISSION (ULB)

(Rs. in crore)

Year	Funds released	Expenditure
2000-01	67.62	66.73
2001-02	67.54	67.46

2002-03	674.17	674.17
2003-04	667.99	667.99
2004-05	604.48	604.48

State Finance Commission (ULB)

1.9 Internal Control

Audit observation on financial irregularities and deficiencies in initial account/records noticed during audit but could not be settled on spot are communicated to Head of Office and as well as departmental authorities through Inspection Reports (IRs). The serious and most important irregularities are reported to Government and a statement is also sent to Government showing the outstanding observations over 5 to 16 years old to expedite the same at department level.

Appropriate Internal Control Mechanism at Nagar Nigams to watch the settlement of A.G.'s Audit Paras and fix the accountability at different level were not available. Due to lack of such mechanism 640 Audit Paras (252 numbers of Part-II A and 388 numbers of Part -II B) were outstanding as on 31st March 2005.

Outstanding Para of Nagar Nigams upto 2004-05

	Total	252	388	100	127	51	114	51	83	23	35	27	29

Reminders were sent to ULBs but reply not received.

1.10 Financial Position (2004-05) of ULBs Audited

The financial position of ULBs as detailed in **Appendix I to III** during 2004-05 was as under:

Rs. in crore)

Local Body	Opening Balance	Received	Total	Expenditure	Closing Balance
NN	105.59	317.31	422.90	303.84	119.06
NPP	12.44	49.72	62.16	44.43	17.73
NP	6.97	14.12	21.09	11.81	9.28
Total	125.00	381.15	506.15	360.08	146.07

Expenditure thus did not keep pace with the available resources, indicating poor planning and financial resource management by ULBs.

1.11 Non-maintenance of Asset Register

Asset Register is an important part of annual statement of accounts to ascertain the position of assets. At the end of the financial year physical verification of assets as well as certification is got done so that correct position of the assets be verified. The amount of recovery in case of loss and theft etc. can not be

ascertained if the register has not been maintained. The Asset Register was however not maintained in all test checked 5 NNs, 16 NPPs and 32 NPs.

1.12 Certification of Accounts

With no specific provisions in the State Act/Rules, certification of Account by the Director Local Fund Audit (DLFA) was not in vogue in any of NNs, NPPs, and NPs test checked. In the absence of certification, the authenticity of the final accounts can not be vouchsafed and no opinion on the true and fair view of the accounts of these bodies could be given in audit.

1.13 Unpaid Liabilities of Rs. 3.99 crore

The loan for various schemes of Nagar Nigam Meerut viz Rs. 5.89 crore for improvement of road network, Rs. 3.47 crore for improvement of Drainage network, Rs. 2.72 crore for improvement of water supply system and Rs. 2.23 crore for Sewerage Re-habilitation was provided by National Capital Area Scheme Board Delhi between October 99 to August, 2001 with the condition that the loan would be refunded through the State Government in five installments along with the interest @ 12% p.a.. In case of the loan not being repaid in time, penal interest @ 2.75 % p.a. would also be charged. It was noticed that against the outstanding liabilities for Rs.6.95 core (Principal: Rs.5.82 crore and interest: Rs.1.13 crore), the State Government refunded to the Board Rs. 1.36 crore from Stamp Duty (March 2003) and Rs. 1.60 crore was got adjusted from the amount payable to Nigam from State Finance Commission Grants (March, 2001). The payment of the balance amount (principal: Rs. 2.86 crore and interest: Rs. 1.13 crore) was not made till March 2005.

1.14 Loss of Rs. 1.05 lakh

An amount of Rs. 1.05 lakh was irregularly deposited by Nagar Palika Parishad Shamshabad, Agra in District Co-operative Bank, a non scheduled bank, in the year 1977. Due to embezzlement in the bank, the amount could not be drawn (July 2005) resulting in loss to the Parishad.

1.15 Non reconciliation of Accounts

In two NNs (Gorakhpur and Ghaziabad) difference of Rs. 8.29 crore between the closing balance of the cash book as on 31-3-2005 and the balances shown in the pass books of Bank/treasury were not reconciled whereas in other 3

Nagar Nigams, (Allahabad, Lucknow and Meerut) and test checked 16 Nagar Palika Parishads and 32 Nagar Panchayats, bank reconciliation statements were not prepared. Un-reconciled balances reflect incorrect financial position of the local bodies and possibility of occurrence of fraud/embezzlement/misappropriation of fund can not be ruled out.

1.16 Blockage of fund Rs. 2.26 crore

Nagar Nigam, Allahabad received a grant of Rs. 15.98 crore (April 1999) from the State Finance Commission for liquidation of old liabilities of the State Electricity Board. Out of the grants so received, Rs. 2.26 crore was lying unutilized (Oct. 2006) in the Personal Ledger Account.

1.17 Conclusion :

- 1 No appropriate internal control mechanism existed in NNs to watch the settlement of outstanding paras.
- 2 The financial resource management of ULBs suffered due to poor planning.
- 3 Non maintenance of asset registers deprived the ULBs of detection of the cases of theft, loss and misappropriation of the assets created at the cost of public expenses.
- 4 Non reconciliation of balances of cash book with those of bank accounts periodically involved the risk of fraud and misappropriation of funds.
- 5 There was no internal control mechanism in NNs to review the IRs and the Audit Reports.

1.18 Recommendations

view of the above audit findings, following recommendations are made:

- Internal controls with reference to systems in connection with maintenance of accounts should be strengthened.
- Asset register should essentially be maintained.
- The financial resource management should be strengthened through the adequate planning.
- Reconciliation of balances of Cash Book with bank accounts and Personal Ledger Account should invariably be done on regular basis.

- Committee should be set up for monitoring and settlement of audit objections raised in the Audit Reports.

Chapter II

Sanitation and Solid Waste Management

Solid Waste Management is one of the most essential services and needs to be provided satisfactorily so that health and sanitation is maintained and the environment is well protected. This necessitates provision of minimum levels of service to ensure that all roads/streets and public places are cleaned daily and the waste generated in the city is handled properly giving due care to environmental aspects. Every municipal authority shall be responsible for collection, segregation, storage, transportation, processing and disposal of municipal solid waste in accordance with compliance criteria and procedure laid down in Schedule I to IV of the Municipal Solid Waste (Management & Handling) Rules, 2000 framed by Government of India (GOI). The review of the scheme for the period 2001-02 to 2005-06 revealed that the program suffered due to inadequacy of the control system, poor monitoring and slackness in its implementation. The salient points noticed were as under:

Highlights

Roads/ streets were not swept regularly and due to improper control over sweepers, cleaning of ordinary localities was inadequate.

Paragraph 2.6.2.1 (ii), (iii) & (iv)

Irregular expenditure to the tune of Rs 16.73 crore was incurred on deployment of sweepers on agreement.

Paragraph 2.6.2.2

None of the Nagar Nigams test checked had evolved adequate system for collection, segregation and disposal of solid waste.

Paragraph 2.6.3.1 & 2.6.3.1

NN Lucknow and Ghaziabad did not transport the full quantity of the Municipal Solid Waste generated despite having sufficient capacity for transportation.

Paragraph 2.6.3.3(i),(ii) & (iii)

Utilization of transportation capacity of the NN Ghaziabad was not optimal and the expenditure on diesel was doubtful.

Paragraph 2.6.3.3 (iv)

Treatment Plant locked out for want of 'assured MSW', which was to be supplied by NN Lucknow as per agreement.

Paragraph 2.6.3.5

7 Landfill site was not identified in any of the Nagar Nigams test checked. No objection certificate for landfill site obtained by NN Ghaziabad was irregular as intimation provided to UPPCB regarding availability and ownership of identified land was not based on facts.

Paragraph 2.6.3.7

8 Additional payment of Rs 15.16 lakh was incurred on account of custom duty due to inordinate delay in finalization of purchase/ procurement of carcass plant.

Paragraph 2.6.3.8

2.1 Introduction

Solid Waste Management (SWM) is an obligatory function of Urban Local Bodies (ULBs). To deal with waste management in all the ULBs, the Government of Uttar Pradesh (GOUP) adopted (March 2001) the provisions of Municipal Solid Waste (Management & Handling) Rules 2000 (MSW Rules) and Bio-medical Waste (Management & Handling) Rules 1998 (BMW Rules) and amendment thereof in 2000 enacted by the Government of India (GOI). The GOUP also accepted the recommendations of the committee constituted by The Hon'ble Supreme Court of India.

2.2 Audit objectives

The objectives of the review were to:

- evaluate the effectiveness of sanitation, deployment and management of the sweepers in NNs;
- evaluate the effective implementation of parameters of management of Municipal Solid Waste;
- ascertain the implementation of rules and procedure of MSW Rules 2000; and
- ascertain the implementation of rules and procedure of BMW Rules 1998.

2.3 Audit criteria

The criteria used to the review on 'Sanitation and Solid Waste Management' were:

- Municipal Solid Waste (Management & Handling) Rules, 2000
- Bio-medical Waste (Management & Handling) Rules, 1998
- Uttar Pradesh Nagar Nigam Act, 1959
- Health Manual of Uttar Pradesh Government
- Orders and guidelines issued by the State Government

2.4 Audit methodology and scope

The review of Sanitation and Solid Waste Management was conducted during August to October 2005 covering the period from 2001-06 and supplemented by information collected in March 2007 to evaluate the effectiveness of 'Sanitation and Solid Waste Management' measures taken by three out of 12 Nagar Nigams in the state. With a view to ascertain the efficacy of solid waste management, data and statistical details were collected from the records of Nagar Nigams Lucknow, Gorakhpur and Ghaziabad. Besides, records of State Department of Urban Development, Uttar Pradesh Pollution Control Board (UPPCB), Director, Local Bodies were also examined.

2.5 Funding pattern

The Nagar Nigams (NNs) allocate funds out of the grants received on the recommendations of State Finance Commission (SFC) and Eleventh Finance Commission (EFC) besides funds from their own sources. Fifty *per cent* of grant received on the recommendations of the Twelfth Finance Commission during 2005-06 was specially earmarked for solid waste management.

2.6 Audit findings

The audit findings are discussed in the succeeding paragraphs.

2.6.1 Financial outlay

During 2001-06, the budget provision and expenditure incurred there against by the three test checked NNs was as follows:-

(Rs in crore)

Name of NNs	2001-02		2002-03		2003-04		2004-05		2005-06	
	Budget Provision	Expenditure	Budget provision	Expenditure	Budget provision	Expenditure	Budget provision	Expenditure	Budget provision	Expenditure
Lucknow	32.47	31.92	33.51	32.01	34.56	34.44	36.36	35.82	47.81	36.81
Ghaziabad	15.50	13.20	16.45	12.99	17.59	15.60	19.91	16.13	21.33	17.46
Gorakhpur	Was not made available				9.63	8.76	10.22	9.53	12.62	11.45

(i) Though the allotment of funds and expenditure there against showed an increasing trend, the funds were allocated without formulation of project for implementation of MSW Rules. In spite of utilizing approximately 90 per cent

of the funds allocated for sanitation and SWM during 2001-06, none of the facilities required under the Rules were provided up to desired level. Thus, the unsatisfactory level of facilities envisaged in SWM could be attributed to non-formulation of projects.

(ii) Out of the budget provision for sanitation and waste management during 2004-05, NN Ghaziabad irregularly diverted and incurred expenditure of Rs 42.66 lakh on other items, thus defeating the objective of budget provision.

2.6.2 Sanitation

2.6.2.1 Roads/Streets sweeping

Laws governing ULBs make it obligatory to ensure daily cleaning/ sweeping of public roads / streets / other public places and disposal of waste collected through road sweeping and door-to-door collection. According to norms prescribed for cleaning of roads as envisaged in Health Manual, requirements and deployment of sweepers during 2004-05 were as follows:

Name of NNs	Population (as per 2001 Census)	Number of wards	Requirement of sweepers (28 sweepers per 10000 population)	Number of sweepers deployed				Shortage (-) Excess (+)
				Regular	Casual	Contract basis	Total	
Lucknow	2185927	110	6121	2875	450	1468	4793	-1328
Gorakhpur	349787	29	629*	---	---	629	629	---
	272914	31	764	660	303	---	963	+199
Ghaziabad	962938	60	2696	983	531	1281	2795	+99

Above statement and records of the test checked NNs revealed that:

(i) No effective mechanism was in force for monitoring the sanitation work. The sanitation work was being monitored by the Sanitary Inspectors of the concerned NNs whose activities were confined only to point out the deficiencies in the sweeping work. Moreover, neither there was any system in the NNs to deal with the complaints received from the residents of the area relating to the sanitation nor complaints registers were maintained for monitoring the position.

(ii) In NN Lucknow, against the requirement of 6121 only 4793 sweepers were deployed for sweeping the roads/ streets & public places. Due to shortage of sweepers, only some roads were swept daily while some of them

* Sweepers deployed in 29 wards by the contractors.

occasionally and some areas covered by launching special drives. Total sweepers deployed were reduced to 4680 (February 2007) which adversely affected the sweeping operations and resulted in unhygienic environmental condition.

(iii) In NN Gorakhpur, roads/streets of 29 out of 60 wards involving a population of 349787 were swept on contract basis during 2004-05. In remaining 31 wards (involving 272914 population), against the requirement of 764 regular/casual sweepers, 963 were deployed. Despite deployment of excess sweepers in these wards, 85 roads/streets and 72 roads/streets of five wards were swept only twice and thrice respectively in a week whereas most of the streets of the other eleven wards were swept weekly due to improper control over sweepers. Insanitation of these roads/streets led to unhygienic environmental condition.

(iv) In case of NN Ghaziabad, in 25 wards having posh localities, sweepers were deployed twice the number of their requirement. In remaining 35 wards, sweepers were deployed up to 78 per cent less than the requirement. Due to excess deployment of sweepers in posh localities, the NN could not provide effective cleanliness in 35 wards.

2.6.2.2 Irregular expenditure on deployment of individual sweepers on agreement

GOUP order^λ allowed that wherever necessary, work may be given on agreement basis but deployment of workers on agreement basis was forbidden. Contrary to the provisions of the Government order, NN Lucknow entered into an agreement (2004-05) on plain paper with individual sweepers on payment of Rs 57/- per day and deployed them in the required area / ward for sweeping. NN Ghaziabad also received applications from individuals for deployment as sweeper on agreement basis and engaged them in a group of 10-20 sweepers. One of the engaged sweepers was named as contractor. Wages of Rs 81.40 per sweeper per day was fixed and cheques on account of wages of sweepers were drawn in favour of Nagar Swasthya Adhikari and disbursed @ Rs 81/- per sweeper per day deducting Rs 0.40 as income tax and trade tax.

^λ वित्त संसाधन (केन्द्रीय सहायता) अनुभाग, उ०प्र० शासन, शासनादेश संख्या० 10/ दस-सं०वि०नि०-1-2001 दिनांक 9-1-2001

Thus, NN Lucknow and Ghaziabad incurred irregular expenditure to the tune of Rs 5.50 crore and Rs11.23 crore (**Appendix-IV**) respectively during 2001-05 on deployment of the sweepers on agreement basis. Deployment of individual workers or a group of workers on agreement basis was in violation of the Government orders.

2.6.2.3 Avoidable expenditure

NN Ghaziabad deployed 1281 sweepers without executing agreement during 2004-05 fixing their wages at Rs 74 and 10% of Rs 74 as contractor's profit per sweeper per day. The NN treated individual sweeper as a contractor and paid their wages @ Rs 81.40 per day after adding 10 per cent contractor's profit against the payable wages of Rs 74 per day. Thus, additional payment @ Rs 7.40 per sweeper per day as contractor profit rendered the avoidable expenditure of Rs 34.60 lakh during the year.

2.6.2.4 Unadjusted/un recovered advance

Out of advances made in NN Gorakhpur during 1995-2000 and NN Ghaziabad during 1998-2003 to staff/private parties for procurement/ supply of items pertaining to sanitation and solid waste management, a sum of Rs 1.41 crore and Rs 0.54 crore respectively were lying unadjusted/ un recovered till February 2007.

2.6.3 Solid Waste Management (SWM)

2.6.3.1 Improper collection and segregation of Municipal Solid Waste

(i) As per provisions laid down in MSW Rules-2000, house to house collection of MSW should be made on daily basis. No system was evolved in the test checked NNs for collection of solid waste resulting in littering in open spaces, road sides and drains treating it as receptacles of waste. NN Lucknow started house to house collection of MSW in 6 out of 110 wards during June 2003 but stopped the service from December 2004 due to lock out of treatment plant installed at Village Aurangabad Jagir on Lucknow – Bijanur Road. NN Gorakhpur also started (September 2005) house to house collection in 6 out of 60 wards. The house to house collection of MSW was however being done only (February 2007) in 10 colonies instead of being done ward wise. NN Ghaziabad had not evolved (February 2007) any system in this regard.

(ii) As prescribed, MSW was required to be segregated at source into biodegradable waste, recyclable waste and hazardous waste by using separate

coloured bins at household level and collection centers. No action was taken by any NN test checked in this regard. Mixed waste collected during street sweeping was being dumped at secondary collection sites. The littering by stray animals and rag pickers all over the places resulted in unhygienic conditions around the secondary collection centers.

2.6.3.2 Disposal of MSW in unauthorized colonies

NNs were responsible for implementation of provisions of MSW Rules within the territorial area of the municipality. Ghaziabad had 153 unauthorized colonies which lacked essential infrastructure facilities. No arrangement was made for disposal of MSW generated in these colonies. According to Government policies, these colonies could either be evicted or regularized by collecting the cost of land and development fees from the occupants and MSW Rules were to be complied. No action was taken in this regard by GDA. Thus, the inhabitants of these colonies continued to live in unhygienic conditions resulting in problems of environmental deterioration and health risk.

2.6.3.3 Transportation of MSW

To avoid littering of MSW the primary storage facilities should be attended daily for clearing of waste. Quantity of waste generated and transported per day by three NNs is given below

Name of NNs	MSW generated (Metric Ton)	MSW transported (Metric Ton)	Capacity of the vehicle used in transportation of MSW (Metric Ton) (Appendix-v)	MSW transported as per cent of capacity of the vehicles
Lucknow	1500	1100	1986	73.33
Gorakhpur	300	300	566	100
Ghaziabad	550	447.90	1132.50	81.44

Source: As per information provided by the NNs test checked.

Above statement and records of the NNs test checked revealed that:-

- (i) NN Lucknow and Ghaziabad could not transport the MSW generated in full despite having sufficient capacity for transportation which proved that the management could not ensure the optimum utilization of fleet of vehicles available. Besides, the accumulated waste left un- disposed of contributed to environmental pollution in addition to being a health hazard to human beings.

(ii) NN Lucknow used 45 vehicles, which were neither closed nor covered. Hence littering of MSW on roads, spreading of foul odour in the squatter areas and its visibility to public could not be prevented.

(iii) In NN Lucknow, actual consumption of diesel could not be ascertained in audit as un metered vehicles having capacity to transport 1986 MT were used for transporting 1100 MT per day. Thus, consumption of diesel in excess of the requirement could not be ruled out.

(iv) NN Ghaziabad transported 447.50 MT MSW per day through the vehicles having capacity to transport MSW 1132.50 MT. Records of 2004-05 revealed that while diesel consumption indicated utilization of full fleet of vehicles with capacity to transport 1132.50 metric ton per day, only 447.50 metric ton of MSW were transported which was far below the solid waste generated in NN Ghaziabad. Thus, utilization of vehicles to its capacity by the Nagar Nigam was not optimal and the expenditure on diesel was doubtful.

2.6.3.4 Solid waste storage centre

MSW Rules directed the Municipal authorities to establish and maintain storage facilities in such a manner that they do not create unhygienic and insanitary conditions. These were to be so designed that stored waste is not exposed to the open atmosphere. The position of secondary collection centers established up to February 2007 was as under:-

Name of NNs	Number of DP Bins		Number of RC Bins		Number of Parav Ghar [#]	
	Open	Closed	Open	Closed	Open	Closed
Lucknow	-	158	671	-	-	-
Gorakhpur	-	200	225	-	20	-
Ghaziabad	-	180	60	-	2	-

In NN Lucknow, Gorakhpur and Ghaziabad, 671, 245 and 62 secondary collection centers respectively were on open spaces due to shortage of dumper bins. As such, littering of MSW in open space by stray animals, rag pickers and spreading of foul odour could not be prevented and overflow and multiple handling of MSW could not be avoided.

[#] Permanent structure which is a secondary collection centre of MSW.

2.6.3.5 Treatment of MSW

- (i) With a view to utilize MSW for energy recovery under the National Pilot Programme launched by Government of India Ministry of Non-conventional Energy Sources (MNES), Lucknow Nagar Nigam (LNN) entered (February 1997) into an agreement with M/S Enkem Engineers Private Limited, Chennai (EEPL).

As per agreement, LNN transferred (March 1997) to M/S EEPL possession of 5 acres of land on lease rent at the rate of Rupee one per square meter for 30 years. Nagar Nigam Lucknow had to supply free of cost 300 metric ton assured MSW comprising of the prescribed characteristics of moisture contents, volatile and non volatile solid. M/S EEPL was to give organic residue to LNN for its own use for environmental up-gradation at its public places at the rate of five *per cent* of total production of organic residue. The firm was also to give one *per cent* of the sale value of net (after EEPL's plant consumption) proceeds of power sold to Uttar Pradesh State Electricity Board. In the mean time M/S EEPL, informed (November 1997) that they had formed a new company named 'Asia Bioenergy (India) Limited (ABIL)' to execute the plant. Consequently, an agreement between M/S ABIL and LNN was signed in April 2001 on the same terms and conditions as agreed between M/S EEPL and LNN.

M/S ABIL installed (June 2003) MSW plant (Rs 76 crore) comprising a 5 Mega Watt (MW) power generation and bio-fertilizer plant with the investment by promoters, loan from financial institutions and subsidy from MNES. Further, M/S ABIL locked out (December 2004) the plant for want of assured MSW and served legal notice to LNN claiming compensation. Due to lock out of the plant, the NN was dumping (February 2007) untreated MSW at the site of the plant in open area without taking adequate precautions to minimize pollution of air, water, etc.

LNN neither claimed the revenue due from sale of power nor received any organic residue from M/S ABIL during the period June 2003 to December 2004. In addition, lease rent amounting to Rs 156899/- was also not received for the period March 1997 to December 2004. Thus, failure of LNN in providing assured MSW to the firm, the untreated MSW had to be dumped in

open area thereby polluting air and water besides depriving of the benefit of additional energy and bio fertilizer.

(ii) NN Gorakhpur and Ghaziabad disposed off MSW on road side and low lying areas without any treatment causing environmental hazards. NN Gorakhpur entered (July 2005) into an agreement with a firm to set up a plant for conversion of MSW into organic manure compost, recycling the waste and other product from the compost and unwanted rejects on built, own & operate basis at the firm's own capital investment. But the same could not be materialized (February 2007) for want of no objection certificate from UPPCB and land from Gorakhpur Development Authority. NN Ghaziabad had not taken (February 2007) any action in this regard.

2.6.3.6 Non improvement of existing landfill sites

The existing landfill sites were to be developed according to the specification prescribed under scheduled-I of MSW Rules by 31 December 2001. The NNs test checked had no landfill site. The un-segregated and untreated MSW was dumped along the road and low-lying areas near habitations without compressing and covering the MSW with inert material. Contamination of ground water and environmental pollution could not therefore be ruled out.

2.6.3.7 Identification of landfill sites for future use

(i) According to the implementation schedule laid down in Schedule I of MSW Rules 2000, landfill sites for future use and making site(s) ready for operation was to be identified by 31-12-2002. GOUP, further, framed an implementation schedule on 17 January 2005. Accordingly, landfill sites were to be identified by 20 February 2005 and its development to be made by 20 August 2005 as per norms prescribed in schedule III of the MSW Rules 2000. Development Authorities were responsible for identifying the landfill sites based on examination of environmental issues that would be large enough to last for 20-25 years in order to be handed over to the concerned NN for its development, operation and maintenance. Development Authorities Lucknow, Gorakhpur and Ghaziabad had not handed over (February 2007) the sites to the concerned NNs.

(ii) NN or an operator of a facility on behalf of NN was required to obtain authorization from UPPCB for setting up waste processing and disposal facilities including landfill. None of the NN except Ghaziabad could get No

Objection Certificate (NOC) from UPPCB till February 2007 due to non-fulfilling the compliance criteria of different parameters of MSW Rules.

The Tenth Five Year Plan contemplated requirement of one acre of land for every 10000 population for landfill site in NNs. NN Ghaziabad identified 47 acres against the requirement of 96.29 acre land at village Dunda Heda adjoining at village Chipiyana for 20 years. The site was to be developed for providing facilities of processing and disposal of 400 m ton of MSW per day. However, out of 47 acres of land, ownership of 33 acres falling under jurisdiction of district Gautam Budha Nagar was not transferred (February 2007) to NN Ghaziabad. Despite the availability of only 14 acres of the land, NN misrepresented the facts to UPPCB regarding availability of 47 acres of land with ownership rights. As a result, the UPPCB issued (August 2004) NOC in favour of NN. Thus, NOC obtained by NN was irregular and illegal. Moreover, no developmental work at the site had been done except for construction of boundary wall as of February 2007.

(iii) Ministry of Urban Development, GOI approved (September 2005) a project costing Rs 13.52 crore for Solid Waste Management in NN Ghaziabad and released Rs 12.76 crore (September 2005 and July 2006) to GOUP. The state Government transferred Rs 9.26 crore (December 2005 to September 2006) to the executing agency Construction and Design Services UP Jal Nigam, Gautam Budh Nagar. The project was not implemented till February 2007 due to poor planning and non availability of the required landfill site.

2.6.3.8 Avoidable expenditure on carcass plant

GOI approved (March 1995) establishment of a modern carcass By-products utilization centre in Ghaziabad on priority basis at an estimated cost of Rs 2.70 crore to be shared between GOI (Rs 2.16 crore) and GOUP/ NN (Rs 0.54 crore). GOI released its share between March 1995 and March 1998. NN Ghaziabad invited tenders for establishment of the plant in 1996 and tenders received up to December 1996 were sent to Government of Uttar Pradesh Urban Development Department in December 1997 for acceptance. The committee set up by the department accepted the lowest tender quoted by M/s Food Processing Equipment Company (contractor) at Rs 1.67 crore in May, 1998 and directed NN to execute agreement within 15 days of the date of acceptance of tender. The agreement was executed in September, 1998

without any penalty clause for commissioning of the plant. Due to delay in import (December 1999) of plant and machinery by the firm, NN had to pay additional custom duty of Rs.15.16 lakh on account of custom duty hike. The installation and commissioning of plant was made at a cost of Rs.2.38 crore in May, 2000 after a delay of one year of its stipulated date (May, 1999). In the absence of any penalty clause in the agreement, no penalty could be imposed on the firm, besides payment of additional custom duty of Rs 15.16 lakh by the NN.

2.6.3.9 Functioning of illegal slaughter houses

Modernization of existing slaughter houses was also emphasized in the Rules. In NN Ghaziabad, illegal slaughterhouses were being run in open places. These open slaughterhouses were potent hazards for nearby Air Force station besides causing environmental pollution. No action was taken for modernization of existing slaughter houses in the NN till February 2007. Although the GOI approved (July 1998) a project amounting to Rs 8.96 crore for establishing a modern slaughterhouse at Ghaziabad on priority basis with assistance of GOI and GOUP/NN in the ratio of 50:50, it was yet to be established (February 2007 due to non approval of the project by NN's board. Even the existing slaughter house being run by the NN was situated in densely populated area and lacked basic facilities like electricity, waste disposal and over all hygiene/ sanitation condition was not following prescribed safety/ health norms.

2.6.4 Bio medical waste

2.6.4.1 Disposal of bio medical waste

(i) Bio medical waste comprises of infectious organic and pathological waste, needles and other sharp instruments, discarded medicines and cytotoxic drugs generated during diagnosis, treatment, immunization of human beings and animals or research activities in the production or testing of biological. Institutions generating biomedical waste include hospitals, nursing homes, veterinary institutions, animal houses, clinical laboratories, etc. As per information collected in June 2005 and March 2007 from UPPCB, total

biomedical waste generated and their treatment in 211 ULBs[#] of the State were as under:-

Year	Number of hospital/nursing homes	Bio medical waste generated per day (in metric ton)	Bio medical waste treated per day (in metric ton)	Untreated bio medical waste per day (in metric ton)	Untreated bio medical waste. (in percent)
2004-05	3045	32	7	25	78.13
2005-06	3320	33.76	8.9	24.86	73.64

Untreated biomedical waste was being mixed with MSW without proper treatment. Inadequate treatment and improper handling and management of biomedical waste cause health risk to health care personal, waste workers and inmates of the institutions and this also is a potential environmental hazard.

(ii) NN Lucknow installed (November 2000) an incinerator plant at a cost of Rs 24.36 lakh having capacity 75 Kg / hour for processing of biomedical waste. The plant was processing only 50 Kg / hour biomedical waste as its one burner was out of order since July 2003 which was repaired after long delay in March 2005. Out of 394 hospitals / nursing homes, 334 were registered with NN's incinerator plant. Incinerator charges of Rs 25.92 lakh was yet to be recovered by NN, Lucknow from 266 hospitals / nursing homes as of February 2007. Thirty hospitals/ nursing homes were not providing their biomedical wastes to NN for processing which was being disposed off by mixing with domestic waste. Besides, the incinerator plant installed by the NN was running without scrubber (pollution control device), causing environmental pollution as of June 2006. However, it was installed in July 2006.

(iii) In Gorakhpur, 308 hospitals/ nursing homes generated 1500 Kg biomedical waste per day. The city had no incinerator /suitable common disposal facility for the treatment of the biomedical waste. This hazardous waste was mixed with MSW and disposed off without its treatment in a scientific manner causing health problems and environmental pollution. However, the NN entered (May 2005) into an agreement with a firm to install an incinerator but progress could not be made till February 2007. NN Ghaziabad had no incinerator of its own. However, there were two incinerators installed by private parties in which bio medical wastes generated by 101 out of 142 hospitals/ nursing homes were being treated.

[#] ULBs having one lakh and above population.

As per information collected (February 2007) from UPPCB, 1253 out of 3320 hospitals/ nursing homes in 211 ULBs[#] of the State had neither their own treatment facilities nor were the members of Common Bio Medical Waste Treatment Facility (CBWTF). BMW generated by these hospitals/nursing homes were being disposed off without treatment.

2.7 Institutional strengthening

Environmental/ Public Health Engineers were required to be posted in cities having population more than one lakh for effective sanitation and waste management. GOUP agreed (January 2005) to create the post of Environmental Engineers in NNs to be filled on priority basis either by direct recruitment or on deputation. But no Environmental Engineers were posted till February 2007 in the test checked NNs.

2.8 Management information system

Municipal SWM department have to collect certain relevant information to have an overall idea of the prevalent situations regarding sanitation and SWM for taking corrective measures, proper planning for future and to assess performance of every one involved in SWM services. Computerization of such information helps management for day to day monitoring of MSW. Thus, management information system (MIS) plays an important role for effective management. However, MIS was not introduced in any one of the NNs test checked.

2.9 Monitoring

NNs were liable to implement the provisions including infrastructure development required for compliance of different parameters laid down in MSW Rules. Monitoring for enforcement of the provisions of the Rules in each NN of the state was to be carried out by GOUP. No effective and efficient monitoring was conducted by GOUP except issuance of instructions/ orders from time to time. Thus, this service was poorly performed and MSW Rules were still not implemented to the desired level by the NNs test checked, resulting in problem of health, sanitation and environmental degradation. Further, no provision was made for fixing accountability in case of non-adherence of instructions/ orders issued for its enforcement.

[#] ULBs having one lakh and above population.

2.10 Recommendations

The Nagar Nigams should:

- ❖ Deploy sweepers according to norms/ requirement for regular sweeping.
- ❖ Evolve adequate control over sweepers for efficient/ effective sweeping.
- ❖ Evolve adequate system for primary collection and clearance of waste daily.
- ❖ Provide coloured bins to ensure segregation of the MSW at source into bio- degradable, recyclable hazardous etc as well as secondary collection centers.
- ❖ Replace open storages by covered storages.
- ❖ Ensure optimum utilization of fleet of vehicles for transportation of MSW.
- ❖ Ensure development of landfill site identified by Development Authorities.
- ❖ Dispose off MSW after treatment as per MSW Rules.
- ❖ Take adequate measures for institutional strengthening.
- ❖ Introduce management information system for strict monitoring.

2.11 Response of Government

The above points were referred to the Government of Uttar Pradesh in January, 2006; reply was awaited (October 2007).

CHAPTER III

AUDIT OF TRANSACTIONS

3.1 Unauthorized possessions on Nagar Nigam's land valued at Rs. 408.01 crores.

(A) As per the laws of the Nagar Nigam, the land given by the Government or acquired through gift or purchase or by any other means will remain under the direction, control and management of the Nagar Nigam. Land given to the farmers on lease has to be physically verified after ensuring the renewals from time to time and reconciling the same with the Revenue records.

Scrutiny of the records of the Estate department of Nagar Nigam Allahabad (July 2005) revealed that on the agricultural land measuring 432 Bigha 10 Biswa situated at mauza Kareli, the name of Municipal Board (Nigam) was recorded as owner and the names of farmers were recorded as leasee in the Revenue records till the year 1359 FASLI (year 1952) but there after the name of Nigam was removed from revenue records. This happened due to improper maintenance of land register, non reconciliation with revenue records and absence of physical annual verification by the Nigam. On being pointed out by audit the name of Nagar Nigam was restored as owner in revenue records (March 2007) but the possession has not been obtained so far. The unauthorized possession of Nigam's land was as under:-

Sl. No.	Occupier's name in present Khatauni	Rakba (area)		Value* (Rs. in crores)
		Bigha	Biswa	
1.	Uttar Pradesh Awas Vikas Parishad	207	15	125.23
2.	Uttar Pradesh Government	17	17	12.80
3.	Other farmers	206	18	125.17
	Total	432	10	263.20

The unauthorised possession of Nigam's land valued at Rs. 263.20 crores as per the circle rate was allowed due to negligence of Nagar Nigam, Allahabad.

In reply it was stated (July 2007) that the matter for departmental action was under consideration.

(B) Scrutiny (August 2004) of records of Nagar Nigam (NN), Meerut revealed that 636738 square mt. of the NN's land valuing Rs. 144.81 crore was unauthorisedly occupied by Meerut Development Authority and Uttar

* @ Rs. 60.50 lakh per Bigha (Rs. 2000/- per sqr yard).

Pradesh Avas Vikas Parishad since 1987 (Appendix-VI). The unauthorized encroachments on NN land continued to remain undetected for more than fifteen years as neither the records relating to the assets owned by the NN were maintained nor verification were carried out from the revenue records periodically.

In reply to an audit query, the NN stated that the unauthorized possession of NN land came to notice only during September 2002 through Meerut Development Authority which intimated that the land in question was used for construction of housing colonies. It was established from the reply that there was no mechanism in the NN to take the care of its properties and save them from the encroachments and unauthorized occupation.

The matter was referred to the Government (July 2006), reply is awaited.

3.2 Unfruitful expenditure of Rs. 50.00 lakh on incomplete work.

State Government sanctioned interest free loan of Rs. 50.00 lakh from Revolving fund to Nagar Palika Parishad, Basti for water drainage from inundated area of Basti city (December 2001). The construction work was entrusted to the Irrigation Drainage Division, Basti (IDDB). The District Magistrate and Executive Officer was directed to ensure the quality and timely completion of work. The IDDB prepared the estimate (September 2002) of Rs. 36.70 lakh for Dakshin Darwaza to Bus Stop Basti (1.40km and 1 culvert) and Rs. 29.42 lakh for Shiva colony to District Hospital Basti (0.95km and one culvert). Both the drains were to be connected with the main drainage existing system. The IDDB was provided Rs. 50.00 lakh by the Parishad (September 2002) to execute the work.

Scrutiny of records revealed that the construction work was incomplete (May 2005) after incurring an expenditure of Rs. 31.57 lakh on construction of drainage from Dakshin Darwaza to Bus Stop, Basti (1.30km. drainage with one culvert) and Rs. 18.43 lakh on the construction of drainage from Shiva colony to Hospital Basti (0.81km with 2 culvert). The incomplete drainages could not be used for water extraction and the expenditure of Rs.50.00 lakh proved unfruitful.

The department stated in reply that the work could not be completed for want of fund and now it would be completed by the Parishad itself from its

own resources. The reply was not tenable as the Nagar Palika Parishad was well aware of the paucity of fund at the time of the commencement of works and thus responsible to arrange the extra funds to meet out the requirement during the construction period.

Thus failure of N.P.P. Basti in arranging the funds well in time had rendered the expenditure of Rs.50.00 lakh as unfruitful.

The matter was referred to the Government (May 2006), reply was awaited.

3.3 Outstanding liabilities of Rs. 22.47 crore due to non credit of Provident Fund, Pension Contribution and Gratuity.

Amount of subscription/recovery of provident fund and pension contribution of non-centralized employees made from the pay of the employees were to be credited into the concerned employees accounts and pension account every month and deposited in the scheduled bank.

Scrutiny of records revealed that Rs. 22.32 crore towards contribution of provident fund and pension contribution relating to the period from 1994 to 2005 were not credited to the concerned accounts. A sum of Rs. 0.15 crore as gratuity was also not paid to the retired/deceased employees. The details are as under:-

(Rs. in crore)

Name of Unit	Item	Amount	Period for which recovery of PF and pension contribution not credited in accounts	Interest upto March 2006
Nagar Nigam Kanpur	Provident Fund	16.42	Upto Mar 2004	2.73
Nagar Nigam Allahabad	Provident Fund	04.06	Upto Dec 2002	1.17
Nagar Palika Parishad Sitapur	Provident Fund	00.57	Upto Feb 2005	0.05
Nagar Panchayat Jasarana, Firozabad	Provident Fund	00.16	Upto Jan 1997	0.21
Nagar Panchayat Khaga, Fatehpur	Provident Fund	00.13	Upto Oct 2002	0.04
Nagar Palika Parishad Sitapur	Pension Contribution	00.98	November 1994 to January 1998	--
Nagar Palika Parishad Mau	Gratuity to retired/deceased employees	00.15	March 1984 to December 2003	--
Total		22.47		4.20

The concerned NN,NPP and NP stated that the amount could not be deposited in the account of the concerned employee due to paucity of funds. The reply was indicative of the fact that the recoveries made from salaries of the employees unauthorizedly diverted and spent elsewhere.

The matter was referred to the Government (May 2006), reply was awaited.

3.4. Loss of revenue Rs. 12.24 lakh due to non/short levy of stamp duty

As per the Indian Stamp Act 1899 (as amended), stamp duty should be levied @ 80/- per thousand on agreement of contracts.

In 6 Nagar Palika Parishad and 7 Nagar Panchayat test checked, though several contracts were awarded during 2001-05 for various purposes, agreement were not made on stamp paper of required amount resulting in the loss of revenue amounting to Rs. 12.24 lakh due to non/short levy of stamp duty (Appendix VII).

3.5. Non adjustment/recovery of advance amounting to Rs. 8.54 crore.

Temporary advances made to individuals were required to be adjusted by the end of each financial year in which they were made. The recovery of unadjusted advances with interest from the employees concerned should be made.

Work advance amounting to Rs. 8.54 crorer in 3 Nagar Nigam's and 4 Nagar Palika Parishad's remained unadjusted till date. The interest amount on these outstanding advances works out to Rs. 3.84 crore as under:-

(Rs. in lakh)

Name of Unit	1 to 5 (Years)	5 to 10 (Years)	10 to 15 (Years)	15 to 20 (Years)	More than 25 (Years)	Total	Interest @ 10% p.a.
N.N., Gorakhpur	285.19	52.16	56.64	91.78	7.20	492.97	301.67
N.N., Ghaziabad	285.97	4.66	0	0	0	290.63	58.53
N.N., Allahabad	33.76	10.88	2.50	0	0	47.14	10.83
N.P.P. Sitapur	3.26	2.00	0.49	0	0	5.75	3.22
N.P.P.Charkhari (Mahoba)	1.80	0.59	0.08	0	0.78	3.25	1.39
N.P.P. Sultanpur	6.61	0.15	0.18	1.87	0	8.81	5.96
N.P.P. Basti	4.84	0.96	0	0	0	5.80	2.42
Total	621.43	71.40	59.89	93.65	7.98	854.35	384.02

This indicates that the internal control in these ULBs were inadequate. The possibility of recovery of older advances is very remote as some officials might have retired/expired/transferred to other offices. Action to adjust/recover/write off the advances needs to be initiated and monitoring mechanism strengthened to ensure speedy adjustment/recovery. Irrecoverable amounts, if any, need to be written off by the State Government.

Matter was referred to the Government (June, 2006). Reply is awaited.

3.6. Unfruitful expenditure of Rs. 26.64 lakh.

On the basis of assessment report (January 1997 Projects worth Rs.1.09[♥] crore for three schemes* were approved (1999-2000) under centrally sponsored scheme of Integrated Development of Small and Medium Towns for development of Nagar Panchayat, Kemari District Rampur by Government of India. As per the assessment report, implementation of the proposed scheme was to meet the immediate requirement of the town in terms of commercial, transportation and civil problems besides being economically viable.

Scrutiny of records (Oct 2005) revealed that the estimate of Rs.65.38 lakhs was prepared under commercial schemes for construction of 83 shops and 2 Godowns without making an assessment of the viability of these projects and also detailed survey of the site. The first installment of Rs.26.66 lakh (Rs.16.00 lakh from Central Government and Rs.10.66 lakh State contribution) was released in April 2001. The second installment of Rs.53.33 lakh (Rs.32.00 lakh of Central Government and Rs.21.33 lakh of State Government) was released in March 2004. The Nagar Panchayat constructed (February 2003) 39 ground floor shops at a total cost of Rs 26.64 lakh on Milak Bilaspur road opposite Panchayat office. No work was taken up under the two other schemes. It was also noticed that against the 39 constructed shops, offers for only 10 shops were received. However these 10 shops could also not be allotted as these were constructed within the PWDs road width of Milak Bilaspur road. No shops could therefore be allotted and all were lying vacant resulting in a loss of rent Rs.3.60 lakh up to September 2005.

[♥] Financing Pattern was from Government of India Rs. 48.00 lakh, State Government Rs. 32.00 Lakh and Financial Institution Rs. 28.76 lakh.

* Commercial schemes, Traffic and Transportation schemes, Miscellaneous scheme.

Thus lack of proper planning, without assessing the economic viability of the scheme had resulted in the expenditure of Rs.26.64 lakh remaining as unfruitful, besides a rent loss of Rs.3.60 lakh.

The matter was referred to the Government (August 2006), reply was awaited.
